

CYNGOR SIR POWYS COUNTY COUNCIL

**HIGHWAYS AND LOCAL SERVICES
BRECKNOCKSHIRE**

21st September 2015

REPORT BY: Derek Price – Principal Engineer

SUBJECT: Road Safety and Traffic Management Schemes

REPORT FOR: Decision

1. B4601 Cambrian Way Roundabout, Brecon

- 1.1.** At a meeting involving the Local Member, BBNP, Dyfed Powys Police & PCC concerns were expressed regarding west bound traffic failing to give way at the above location.
- 1.2.** It was therefore resolved that the roundabout should be redesigned to introduce an increased deflection for the eastern entry of the roundabout to increase awareness and reduce entry speeds..
- 1.3.** The proposal, as shown in **Appendix A**, realigns the eastern approach moving the roundabout entry approximately 2m northwards.
- 1.4.** There has been 4 recorded injury accidents at the location, all of which occurred prior to the construction of the roundabout, but there have been a number of reported damage only and near misses reported since.
- 1.5.** The proposed scheme, which is estimated to cost £25000, has been assessed and ranked in accordance with current approved guidelines, and warrants inclusion in the Capital Programme for Road Safety, Small & Traffic Schemes. See scheme ranking form **Appendix B**.

Recommendation:	Reason for Recommendation:
Committee is asked to resolve that the scheme be approved and included in the County “Road Safety and Traffic Management Schemes” Capital Programme for construction.	To improve road safety
