

**CYNGOR SIR POWYS COUNTY COUNCIL**

**HIGHWAYS AND LOCAL SERVICES**

**BRECKNOCKSHIRE**

**21<sup>st</sup> September 2015**

**REPORT BY: Road Safety and Traffic Systems Manager**

**SUBJECT: Traffic Management – Brecon Parking Review – St Mary’s and St David’s within Ward**

---

**REPORT FOR: Decision**

---

**Background**

Further to the report presented to Committee in July for additional restrictions in St John’s Ward, St Mary’s and St David’s within Wards have now also been reviewed

**Brecon Town Review Phase 2 St Mary’s Ward**

The majority of complaints within St Marys ward were for Cerrigcochion Road. The northbound side had extensive restrictions introduced during the initial review, which caused the parking to migrate to the southbound side. This has created access problems for the hospital, and causes congestion for southbound traffic at peak times. Additionally vehicles parked adjacent to the junctions on the side streets are also an issue. There have also been complaints received regarding parking at the junction in Camden Road and Little Free Street, and of inconsiderate parking adjacent to Eyrie Oakes. The review carried out with the Ward member, considered the complaints, and it was agreed that additional restrictions were appropriate. These are indicated on the enclosed plans.

**Brecon Town Review Phase 2 St David Within Wards**

Following the July Committee, concerns were raised regarding parking on the approach to Duckhams Yard Car Park. Vehicles are being parked all day causing visibility issues at the junction of Silver Street, and access issues to the properties fronting Orchard Street. A review was carried out with the Ward Member and it was considered appropriate to introduce restrictions its length with a small additional section on Silver Street. These are indicated on the enclosed plans

The review for all three Wards with Brecon have now been completed and they will be ranked and added to the list.

<b>Recommendation:</b>	<b>Reason for Recommendation:</b>
<p><b>Committee is asked to resolve:</b></p> <p>1) that the proposals for parking restrictions in St Marys ward and St Davids within ward be approved, and that the proposals for Brecon be ranked and added to the list.</p> <p>2) That when Brecon reaches the top of the list, initiate the TRO consultation procedure and if no substantive objections are received the proposal for Brecon be implemented</p>	<p>1) To improve road safety and alleviate congestion on the road network in Brecon, and to decide on the priority for the identified proposals for Brecon.</p> <p>2) To progress the implementation of the proposals subject to the legal procedure governing TROs</p>
