CYNGOR SIR POWYS COUNTY COUNCIL.

CABINET EXECUTIVE Date 21st November 2017

REPORT AUTHOR: County Councillor Aled Davies

Portfolio Holder for Finance

SUBJECT: Council Tax Base for 2018-2019

REPORT FOR: Decision

1. INTRODUCTION

- 1.1 Section 33 of the Local Government Finance Act, 1992 requires each Billing Authority to calculate the basic amount of its Council Tax by applying a formula which includes calculating the Council's Council Tax Base.
- 1.2 This report is to formally set the Council Tax Base for the financial year 2018-19 for tax setting purposes. Setting the Council Tax base is an annual statutory requirement and is an integral part of the setting of the Council's council tax level (at band D) in accordance with specified formulae, reflecting its budget requirements for the relevant financial year.
- 1.3 The Council Tax Base is the adjusted number of chargeable dwellings in the Council's area belonging to each valuation band modified to take account of a number of assumptions and factors including the proportion applying to dwellings in each Council Tax Band together with the number of discounts, exemptions, disablement reductions and premiums. An estimate for losses on collection is also made.
- 1.4 The Council made a determination to introduce a 50% Premium from April 2017, for Tax on long term empty homes (unoccupied and unfurnished) and periodically occupied dwellings (second homes/holiday homes) that are furnished and not someone's main residence). Notwithstanding that many properties will be subject to an exception from the Premium for a further period of 12 months, the Council Tax Base now also includes a projection of those properties that may be subject to the Council Tax Premium in 2018-19.
- 1.5 This calculation is made in accordance with the "Local Authorities (Calculation of Council Tax Base) (Wales) (Amendment) Regulations 2016.
- 1.6 The Council Tax Base calculation for 2018-19 is based on the list prepared by the Valuation Office Agency, as at 31st October for the financial year.

- 1.7 The gross Council Tax Base calculation is supplied to Welsh Government and is used as part of the distribution of Revenue Support Grant in the annual provisional and final local Government Revenue Settlement
- 1.8 The Council is not only required to calculate the Council Tax Base for the County Council as a whole, but also make separate calculations for areas that have their own Town or Community Council.
- 1.9 The net Council Tax Base is used by the Police & Crime Commissioner and Town/Community Council's to set their Council Tax precepts for 2018-19, which will be included in the annual demands sent to every Council Tax payer in March 2018.

2. THE CALCULATION

- 2.1 Appendix A sets out, in a standard format, the calculation of the 2018-19 Council Tax Base.
- 2.2 The estimated collection rate on non-military dwellings is **98.5**%. This is the same estimated collection rate as used in 2017-18.
- 2.3 For military dwellings the Regulations require Authorities to assume a 100% collection rate on dwellings.
- 2.4 The breakdown of the Council Tax Base for each Community is set out in paragraph 3.2 below.

3. RECOMMENDATION

It is recommended:

- 3.1 That the report on the calculation of the Council Tax Base for the whole and parts of its area for the year 2018-19 be approved.
- 3.2 That, pursuant to the report and in accordance with the Local Authorities (Calculation of Council Tax Base) (Wales) (Amendment) Regulations 2016, the amount calculated by Powys County Council as its Council Tax Base for the whole of its area for the year 2018-19 shall be **61,768:85** and for the parts of the area listed below for the year 2018-19 shall be for the:

4. SUPPORT SERVICES (Legal, Finance, HR, ICT, BPU)

- 4.1 The Reporting and Data Integrity Accountant confirmed that the 4.56 increase in the band d equivalent properties would raise additional council tax. Because the authority is subject to a top up it is not expected that this increase will cause any change in the overall AEF, which is a decrease of 1% in the provisional settlement, however the amount of the top up may change in the final settlement
- 4.2 The Professional Lead-Legal notes that the calculations mentioned in this report are based on statute and fall in line with the WAG guidance accordingly the recommendation in this report is supported on a legal basis."

5. STATUTORY OFFICERS

5.1 The Strategic Director Resources (S151 Officer) confirms that the setting of the Council tax base is a significant part of the overall budget setting

process and is a statutory requirement. Setting the Band D Council Tax level takes account of the requirement of specified formulae, reflecting its budget requirements for the relevant financial year. The collection rate of 98.5% is reasonable and prudent, being based on current and historic collection rates.

5.2 The Solicitor to the Council (Monitoring Officer) has commented as follows: "I note the legal comment and have nothing to add to the report".

6. MEMBERS' INTERESTS

6.1 The Monitoring Officer is not aware of any specific interests that may arise in relation to this report. If Members have an interest they should declare it at the start of the meeting and complete the relevant notification form.
