

Place Scrutiny Committee

2 October 2015

ICT Review

Purpose of Report: Progress Report

At the last meeting of the Committee, Councillors D Price and S Williams were appointed to join the Corporate Matters Working Group of the People Committee to review ICT.

A piece of work was being commissioned by the Strategic Director Resources which, it had been suggested, the Group should review in due course. The results of this study have only recently been received by the Authority and are currently being validated.

Therefore, the Group has not met and it is now proposed that the findings of the review be presented to the joint Working Group at a later date.
