ASC0066 Rachel Evans Escalated From :- Powys County Council	IF a Social Care provider(s) fail THEN the pressure on care homes, domiciliary care providers, supported living and other providers would become unsustainable.	Potential of care services becoming unviable and not sustainable, resulting in requirement to support residents to access different services/care homes etc. Potential of care staff not being paid. Potential of harm to residents in having to be moved or having care provider unavailability. Potential of financial implications to residents, Council and local economy. 		to the County from Climate change impact from overseas. -Inadequate planning for unforeseen events	<p>30/03/2023 Qtr 4 22/23. Review Summary: Action towards addressing the climate and nature emergency declarations of the council are taking shape with a climate and nature transformation programme being added to the existing portfolio, increased governance, working groups and stakeholder groups being established and closer engagement between members and officers to shape the councils response.</p> <p>Further work is required to fully embed climate and nature into the organisation aligned to the corporate plan and the greener priority objective and to refine and clearly articulate and prioritise our resources in areas where most impact can be achieved. Prioritisation will be driven by the carbon accounts and action plans which have now been developed by service areas but more work is needed. The Council can reduce the risk through mitigation, adaptation and reducing our carbon emission, however, more evidence will be required to reduce the risk further. As well as improve our environmental wellbeing, nature recovery and biodiversity enhancement this risk rating relates to mitigation and adaptation'. Action plans are being developed by service areas but more work is needed. As the Council improves its awareness of its carbon footprint and evidence base the action required as an organisation to meet our climate and nature emergency declarations will begin to inform targeted interventions which will reduce the residual risk impact.</p>

FIN0001 Jane Thomas Escalated From :- Powys County Council	<p>The Council may be unable to deliver a financially sustainable budget over the short and medium term. The continued impact of Covid coupled with the more recent events around rising inflation, energy costs and the situation in Ukraine impacting on supply chains and prices all increase the risk on the Council financial resilience.</p>	<p>- The Council is unable to fulfil its legal obligation in setting a balanced budget</p> <p>- The Council will not be financially resilient or sustainable</p> <p>- Council reputation damaged</p> <p>- Inability to fulfil our statutory obligations</p> <p>- Inability to deliver the Council objectives</p>	<p>04/07/2023</p> <p>Qtr 1 23/24 Review Summary: The final outturn 2022/23 reports a net underspend, after contributions to specific reserves, of £6.7 million against the £221.9 million budget a 3.0% variance (excluding Schools and the Housing Revenue Account). This position will release one off funding to support the increasing pressure already facing the 2023/24 revenue budget particularly that relating to teachers and staff pay as pay award negotiations create unfunded pressure in next financial year. This goes some way to de-risk the Councils financial position in the short term but does not reduce the ongoing base budget pressure that continues to create a gap in our budget plans for next year and future years. The Sustainable Powys programme will seek to identify the opportunities to reduce council spend in order to bridge the budget gap over the next few years.</p> <p>17/04/2023</p> <p>Qtr 4 22/23 Review Summary: The council approved a balanced budget for 2023/24 with the inclusion of a 5% increase in Council Tax. The budget recognises the impact of increasing inflation across all services which have in the main been funded, although significant cost reductions are required to delivered within budget. The financial year for 2022/23 has now closed and the accounts are being finalised, the latest forecast based on the position at the end of February projects a surplus budget albeit with the draw down of specific reserves, as set aside last year. 			<p>16/01/2023 Qtr 3 22/23 Review Summary: The development of the budget through the Autumn has seen Cabinet propose a balanced budget for 2023/24 which will be set out at Cabinet on the 17th January. Significant cost pressures across all services can be managed through the increased WG settlement, the delivery of costs reductions and an increase in Council Tax. The longer term 5 year strategy sees further significant shortfalls through to 2028. Work is now underway to reimagine the Council for the future delivered at a lower cost.</p> <p>02/11/2022 Qtr 2 22/23 Review Summary: A significant amount of work has been completed during September and October on the MTFS and the development of the budget plans. Assumptions have been revised and all services have completed their service FRM's setting out the budgetary pressures they face. An approach to allocate the estimated additional funding from RSG and CT has been implemented and Services have developed proposals as to how the remaining budget gap for each service can be managed. The SLT and Cabinet continue to progress this work. The Autumn statement expected on the 17th November will provide more clarity on the funding levels we can expect for next year.</p>

HTR0018 Matthew Perry Escalated From :- Powys County Council	Impact of nature emergency on our ability to deliver services	<ul style="list-style-type: none"> Reduced productivity of agriculture, forestry and fisheries impacting the livelihoods of residents and economic stability. Reduced food availability through declines in pollination, soil health and soil fertility. These will lead to decreased yields, a decrease in food and fodder production, and a decreased availability of wild foods. Ecosystems are more susceptible to invasion by pests and diseases. This will reduce the resilience of the natural environment and require investment in pest and disease prevention/control/eradication. Reduced capacity for land to sequester carbon and thus our ability to tackle the climate emergency – see climate risks (interlinked) Reduced capacity for land to perform other basic ecological functions such as water storage, water purification, nutrient cycling and air filtration. Deteriorating river and water quality. Reduced health and wellbeing of residents through increase of diseases, reduced protection against pollution, health effects associated with increased malnutrition and increased exposure to agricultural chemicals, 	30/06/2023 Qtr 1 23/24 Review Summary: Our Biodiversity officer has been in post now close to 6 months and much progress has been made around delivery of section 6 duties. A report reflecting on the actions taken in the period from December 2019 to December 2022 was presented to Cabinet in Spring 2023 and was approved. Publication of this report fulfils the Council's duty to report on its progress against section 6 duties every three years. Local Places for Nature funding has been confirmed for the period from April 2023-March 2025; this will allow for 'Nature on your doorstep' projects to be carried out on the Council estate around maintaining and enhancing biodiversity. This funding has a specific revenue element around section 6 duties, which will allow for the Nature Recovery officer (for which funding has been made available) to work with Council services to look at biodiversity opportunities and support Town and Community Councils in implementing their section 6 duties. Due to time constraints, it was not possible to commission a contractor to carry out a desktop review of progress against the Powys Nature Recovery Action Plan in spring 2023. However, a progress tracker has been developed at officer level to identify the projects and initiatives in which the Nature Partnership is involved and the actions in the Nature Recovery Action Plan against which each delivers. This will continue to be populated as projects develop and progress. Work is also under way through the Powys Nature Partnership to map the extent to which Powys is already contributing to the 30x30 target (which is a worldwide initiative for governments to designate 30% of Earth's land and ocean area as protected areas by 2030.) In combination, the progress tracker and 30x30 mapping will help to target future work to deliver against the Nature Recovery Action Plan. There are 15 Local Places for Nature projects under way this year to deliver against the Powys Nature Recovery Action Plan (PNRAP) and 5 of those are on Council land including schools, so will deliver against section 6 duties too. Interest from within and outside the Council is growing rapidly, with enquiries being made by other Services and community organisations around development of projects to be funded in the next year. We have now also been formally awarded SPF funding to appoint a Nature Recovery Officer for the next two years, which achieves one of the aims set out in the declaration of a Nature Emergency</p> <p>10/11/2022 Qtr 2 22/23 Review Summary: The control actions for this risk are under way, being delivery against the Powys Nature Recovery Action Plan and the Council's duties under section 6 of the Environment (Wales) Act 2016. Then this could lead to lost income revenues, increased service provision costs, some schools will have escalating deficits which will have a financial impact on the rest of the Council and the learners in their care. Other consequences could be: - increased service provision costs because of lost income/reduced budget - Reputational Damage - Lost in stakeholder confidence	20/07/2023 1st Qtr 23/24 Review Summary: On behalf of Service: Of the remaining 4 service areas fraud risk assessments that were outstanding by SWAP, 3 have been completed however the last one has not. The Councils team have shared their work plan to ensure there is no duplication of work, and an effort to try and make work around fraud risk, fraud investigation and error work, more joined up. Regarding the remaining fraud risk assessment, SWAP have advised the delay is because of time and capacity resource however are still planning on completing the final one (at the Councils request) but currently unable to give a time frame. 04/04/2023 Qtr 4 22/23 Review Summary: The fraud team are awaiting guidance from SWAP on which service areas they intend to do further fraud risk work with. Risk assessments are undertaken where compliance risks are identified and appropriate actions taken to manage risk to an acceptable level. Condition surveys are considered necessary to identify risks and enable an informed programme of works to be created. 30/03/2023 Qtr 4 22/23 The Council is continuing to tolerate (with controls in place) as the risk is in relation to insufficient level of revenue maintenance and major improvement capital funding. The Council has an ongoing assessment of all school properties to plan for essential works to maintain safe and operational premises. The Council has received confirmation from WG of additional capital/revenue maintenance grant and the associated terms and conditions for financial year 2023/24. This risk has been transferred from Educations risk register to Property, Planning and Public Protection risk register however remains cross linked with Education so both services have sight. The service is currently planning and commissioning project work for school property financial year 23/24. 07/11/2022 Qtr 3 22/23 Currently the Council is tolerating (with controls in place) as the risk is in relation to the possibility of insufficient level of revenue maintenance and major improvement capital funding. The Council has an ongoing assessment of all school properties to plan for essential works to maintain safe and operational premises. The Council is awaiting confirmation from WG about additional capital/revenue maintenance grant and the associated terms and conditions for financial year 2023/24. PPPP0031 Gwilym Davies Escalated From :- Powys County Council	IF the school building stock deteriorates due to the insufficient level of revenue and major improvement capital funding required to maintain them, then they could become un-safe and not fit for purpose.	Disruption to the operational continuity of the building which may either result in the partial or full closure of the school building to ensure the health and safety of all occupants.	21/07/2023 Qtr 1 23/24 Review Summary: Compliance Board and Education Working group have been set up to monitor compliance and manage risk. Risk assessments are undertaken where compliance risks are identified and appropriate actions taken to manage risk to an acceptable level. Condition surveys are considered necessary to identify risks and enable an informed programme of works to be created. 30/03/2023 Qtr 4 22/23 Review Summary: This risk although sits with PPPP is cross linked with Education so both services have sight. Meeting took place as a matter of urgency with all relevant service areas to review the risk and in particular the controls and actions in place during the last Qtr. School premises critical compliance assessment is being prepared for all school and non school buildings with a view to presenting 'work in progress' document to Corporate Compliance and Strategic Property Board. Also we are completing the major improvement capital programs 22/23 including other capital grant funded schemes and a planned maintenance program to maintain and upgrade school buildings, safeguarding, external infrastructure and school facilities. This is to maintain safe operational school facilities. 09/01/2023 Qtr 3 22/23 Review Summary: Risk reviewed in Schools SSMT. WO0021 Gemma Gabriel Escalated From :- Powys County Council	IF the Council is unable to recruit, retain and commission the workforce it requires, in the short term due to increased staff absences and a challenging UK labour market, and in the longer term due to an expected long term decrease in the local working age population	Then: *the Council will be unable to secure the services needed by the local population, including care and assessment provision, education, waste, highways, housing culture and support services. *services may not be able to respond to and fully meet increasing demand. *services also may not be able to deliver their normal / planned levels of service provision. Where this is acute or could lead to the inability of the Council to deliver statutorily required services, the Council may need to temporarily step-down elements of its non-business critical activities in order to deploy staff to business-critical work.	21/07/2023 1st Qtr 23/24 Review Summary: • Presentation given to Economy, Residents and Communities Scrutiny Committee, with positive feedback and contributions. • Successful recruitment campaign for housing trades roles resulting in an overwhelming response and significant numbers of offers made and vacancies filled. • Further success recruiting to vacancies in Children' s Residential services following recruitment events and leaflet drops to homes across Powys. • 6 apprentices appointed in Q1 with 3 starts and 3 due to start in Q2. • Review meetings in place to discuss system development with e-recruitment provider 17/04/2023 Qtr 4 22/23 Review Summary: This work continues. We are seeing some impact in key roles for example in social care and environmental health. Metrics are being developed which will used in future reports to review and measure risk.
