Background

Given the unprecedented year and the global pandemic of Covid-19 we have to deliver things very differently and ask residents to support us in Future-proofing Powys and getting the county on the road to recovery. Previous budget consultations have focused on specific service provisions, but this year, with the aim of future-proofing Powys, we wanted to engage residents on a longer-term vision for Powys County Council to deliver sustainable and effective services for the next five to 10 years.

During the pandemic, Powys County Council has been focussing its resources on providing essential services and protecting vulnerable residents. Emergency funding has been needed to care for older and vulnerable people while at the same time income has been lost from trade waste services, car parks, planning applications and many other areas. The estimated cost of responding to the Covid-19 pandemic in additional spend and lost income during the first six months of the financial year will be close to £10m.

The additional costs incurred during the pandemic included procuring Personal Protective Equipment (PPE) to support the ongoing delivery of council services as well as the wider care sector. We have also provided emergency accommodation for around 112 homeless people, provided over 560 food parcels, made over 18,000 welfare calls and supported local businesses.

There is still a lot of uncertainty around the longer-term financial impact of the pandemic and the financial costs incurred as a result of Covid-19. Times are challenging and, with the Covid-19 pandemic the situation, has changed significantly since we last consulted on our budget. However, we are still required by law to set a balanced budget and council tax levels.

The Covid-19 pandemic has created uncertainty around funding and the UK was officially declared in a recession on 12 August 2020. This coupled with the impact of Brexit following the end of the transition period in 2021 and adapting to the 'new normal' means there are a lot of challenges ahead. As an open and enterprising council, we have embraced new ways of working and delivering services and we are working with communities, residents, businesses, and partner organisations to future-proof Powys.

The Future-proofing Powys survey covered the following areas:

1. Responding to the Covid-19 pandemic
2. Business and the economy
3. Health and wellbeing
4. Council offices
5. Digitalisation
6. Council Tax
7. The future
8. About you
9. Equalities monitoring
10. The Welsh language

The consultation

The engagement period began on 10 December 2020 and closed at midnight on 20 January 2021. Respondents were invited to complete the survey online or by post.

There were 205 responses to the online survey, including one through the medium of Welsh. The Welsh response is incorporated in the below results for ease of analysis. There were no responses received by post at the time of writing this report (Thursday 21 January 2021). *Please note, not all questions were answered by all respondents. Total number of answers is listed on each question.*

1. Responding to the Covid-19 pandemic

How do you consider Powys County Council has performed during the Covid-19 pandemic within the following areas?

Customer services (maintaining the telephone service remotely for residents and providing online services)

There were 196 responses to this part of the question.

Option	Total	Percent
Very Well	36	18%
Well	80	41%
Neutral	60	31%
Badly	13	7%
Very badly	7	3%

Communications (for example, updating our website and social media channels)

There were 198 responses to this part of the question.

Option	Total	Percent
Very Well	42	21%
Well	82	41%
Neutral	57	29%
Badly	12	6%
Very badly	5	3%

Supporting vulnerable residents (for example, delivering food parcels)

There were 196 responses to this part of the question.

Option	Total	Percent
Very Well	40	20%
Well	57	29%
Neutral	84	43%
Badly	13	7%
Very badly	2	1%

Support for businesses (for example, processing grants)

There were 193 responses to this part of the question.

Option	Total	Percent
Very Well	33	17%
Well	57	30%
Neutral	82	42%
Badly	16	8%
Very badly	5	3%

Supporting town centres (for example, introducing barriers and street markings to help ensure people can maintain social distancing)

There were 200 responses to this part of the question.

Option	Total	Percent
Very Well	19	9.5%
Well	62	31%
Neutral	66	33%
Badly	39	19.5%
Very badly	14	7%

Supporting communities (for example, continue to collect recycling and waste, and repairs to highways)

There were 199 responses to this part of the question.

Option	Total	Percent
Very Well	87	44%
Well	67	34%
Neutral	30	15%
Badly	10	5%
Very badly	5	2%

A large number of services have been impacted by COVID 19 restrictions. What services have you missed during lockdown? Please tick all that apply.

There were 186 respondents to this question, giving a total of 679 answers.

Option	Total	Percent
Register office	12	2%
Rights of way	32	5%
Face to face customer service at council offices	38	6%
Schools	47	7%
Day services buildings	28	4%
Children's play areas	59	9%
Garden waste service	19	3%
Visiting care homes/children's homes	36	5%
Community recycling centres	110	16%
Parks and playing fields	64	9%
Facilities for adults with disabilities, including learning disabilities	35	5%
Libraries	92	13%
Cemeteries	5	1%
Gyms and/or swimming pools	102	15%

Other, please specify:

There were 24 responses to this part of the question. Some reiterated options from the question above, e.g. swimming pools and libraries. Other services mentioned included:

- Children's services - specifically mentioned were "Neurodevelopmental assessment for children" and "Support groups for Carers and children with additional needs"
- Museums
- Roadside drains being cleared before winter
- Planning enforcement
- Community centres/village halls.

As many council services as possible are being maintained throughout the Covid-19 pandemic, although some may be being delivered differently i.e. remotely or online.

Of the following services being maintained, which services do you think should be a priority in Future-proofing Powys? Please tick all that apply.

There were 198 responses to this question, giving a total of 1339 responses.

Option	Total	Percent
General waste and recycling collection services	167	13%
Adult and children's social services	157	12%
Street lighting, including responding to street lighting faults	53	4%
Highways and maintenance	121	9%
Green spaces and rights of way paths	94	7%
Housing applications and homelessness services	126	9%
Support for learners with additional needs	101	8%
Customer services	58	4%
Family support services	112	8%
Development of online services	79	6%
Virtual and webcast council meetings	60	4%
Library services	83	6%
Domestic abuse support	128	10%

Other, please specify:

There were 27 responses to this part of the question. Top themes included:

- Schools
- Gyms/leisure centres
- Tackling climate change
- Regenerating towns
- Environmental health/public protection

Maintaining services relied on council staff adapting to home working. The restrictions relating to social distancing means that most of our staff are not able to return to their offices and are continuing to work from home as per government guidelines.

Do you think council staff working from home should be developed and adopted as an approach for the future?

There were 203 responses to this question.

Option	Total	Percent
Yes	140	69%
No	34	17%
Unsure	29	14%

Please give reasons for your response, including any benefits or disadvantages.

There were 141 responses to this part of the question, with including the following top themes:

- Case by case basis/a mix of home and office working
- Saves on travel and office expenses
- Better work/life balance for staff
- Better for the environment and will help towards a carbon neutral Powys
- Powys needs better broadband for long-term home-working
- Should go back to 'normal' face to face meetings, customer service, etc.

Are there any other services that you think should be prioritised when decisions are being made for and in the future?

There were 111 responses to this question, top themes included:

- Education and wellbeing in schools
- Services for older people to combat loneliness, adaptations, etc.
- Climate change
- Green spaces
- Children's and Adult's Services
- Leisure facilities
- Help and support for small businesses/self-employed
- Regenerating town centres/supporting local economy
- Improved public transport

2. Business and the economy

Supporting local businesses and the economy will be a priority for the future. What do you think are the most important factors the council should focus on?

Support for local businesses both in terms of financial support and preparation for when lockdown restrictions have been eased.

There were 202 responses to this part of the question.

Option	Total	Percent
Very important	108	53%
Important	69	34%
Neutral	22	11%
Not very important	3	2%
Not important at all	0	0%

Promote town centres as a place to visit.

There were 200 responses to this part of the question.

Option	Total	Percent
Very important	93	46.5%
Important	65	32.5%
Neutral	32	16%
Not very important	9	4.5%
Not important at all	1	0.5%

Support the visitor economy activities and services in our tourist attraction areas.

There were 200 responses to this part of the question.

Option	Total	Percent
Very important	92	46%
Important	73	36.5%
Neutral	27	13.5%
Not very important	6	3%
Not important at all	2	1%

Sustainability of culture and leisure venues – pubs and clubs and restaurants.

There were 200 responses to this part of the question.

Option	Total	Percent
Very important	84	42%
Important	78	39%
Neutral	30	15%
Not very important	7	3.5%
Not important at all	1	0.5%

Labour market opportunities (and our role in stimulus) e.g. additional apprentices.

There were 200 responses to this part of the question.

Option	Total	Percent
Very important	100	50%
Important	72	36%
Neutral	24	12%
Not very important	4	2%
Not important at all	0	0%

Business start-up support.

There were 199 responses to this part of the question.

Option	Total	Percent
Very important	68	34%
Important	94	47%
Neutral	27	14%
Not very important	9	4.5%
Not important at all	1	0.5%

Do you have any other ideas on how the council could support local businesses and the economy?

There were 102 responses to this question, top themes included:

- Pop-up spaces, hotdesking or rentable office space for small businesses/self-employed
- Provide incentives for business to come to/stay in Powys.
- Encourage and support small start-ups over large chains, signpost to grants, information and networking
- Free parking in town centres
- Improve mobile signal/broadband speeds
- Develop safe outdoor spaces, e.g. for exercise, community gardening, etc.
- Reduce rates/offer rate holidays
- Improve transport links
- Encourage a green economy, e.g. local power generation, recycling, support green jobs, promote sustainable growth, develop more 'farm shops'/encourage local food for local people.

3. Health and wellbeing

The following services were created during the pandemic to help our most vulnerable residents.

Which services, if any, do you think are most important for us to focus on as we recover from the pandemic?

Provide safeguarding support to children and adults in Powys during the pandemic

There were 203 responses to this part of the question.

Option	Total	Percent
Very important	125	62%
Important	61	30%
Neutral	15	7%
Not very important	2	1%
Not important at all	0	0%

Continuing support for all social care service users (children and their families and adults) during the pandemic, either via socially distanced Covid-secure meetings or remotely

There were 202 responses to this part of the question.

Option	Total	Percent
Very important	112	55%
Important	71	35%
Neutral	16	8%
Not very important	3	2%
Not important at all	0	0%

Providing support and advice to the independent care sector (i.e. care homes and domiciliary care providers) throughout the pandemic

There were 203 responses to this part of the question.

Option	Total	Percent
Very important	80	40%
Important	88	43%
Neutral	31	15%
Not very important	4	2%
Not important at all	0	0%

Supporting our social care workforce – and those in the independent sector – with the supply of Personal Protective Equipment (PPE)

There were 202 responses to this part of the question.

Option	Total	Percent
Very important	113	56%
Important	63	31%
Neutral	20	10%
Not very important	5	2%
Not important at all	1	1%

Continue to develop innovative ways of working which will ensure long term sustainability of support

There were 202 responses to this part of the question.

Option	Total	Percent
Very important	103	51%
Important	71	35%
Neutral	24	12%
Not very important	3	1.5%
Not important at all	1	0.5%

More services have been delivered remotely or online (for example services such as domestic abuse support, flying start, youth justice and youth services were adapted to online or remote delivery).

Do you think this is an approach we should develop and adopt for the future?

There were 201 responses to this question.

Option	Total	Percent
Yes	95	47%
No	41	20%
Unsure	65	33%

Do you have any other examples of services you think could be delivered remotely?

There were 55 responses to this question, top themes included:

- There should be a mix of remote and face to face services as appropriate
- Should depend on the service user preference
- Social services should not be delivered remotely

Some responses veered away from health and wellbeing in this question and included answers such as:

- Planning
- Customer Services
- Public protection
- Most office-based services

Protecting the most vulnerable in our communities has involved working closely with partners from the third sector. A Community Sector Emergency Response Team was established which quickly enabled PAVO, supported by Powys County Council, Health Board, and Third Sector partners, to coordinate and help the informal and formal voluntary sector response.

This involved establishing 13 community connector local support networks who through, more than 100 community groups registered and managed over 400 formal COVID-19 Health and Care volunteers for PCC & PTHB.

Volunteers have helped individuals in countless ways by giving their skills, time and kindness to help others in the shape of practical support such as shopping and prescription delivery, to emotional support through befriending and connecting with those isolating, and much more.

During the Coronavirus (Covid-19) outbreak, how important do you think it was to have support from community organisations in Powys?

There were 203 responses to this question.

Option	Total	Percent
Very important	131	65%
Important	51	25%
Neutral	15	8%
Not important	3	1%
Not very important at all	3	1%

Do you have any other comments on how Powys County Council should work with third sector organisations in the future?

There were 67 responses to this question, top themes included:

- Carry on good work, keep up collaborative working
- Improve information/signposting – make it easier to find services from one place
- Encourage/empower communities and maintain community spirit
- Look after mental health/wellbeing of volunteers
- Do not rely on voluntary organisations and services

4. Council Offices

How have you accessed services while council offices were closed? Please select all that apply.

There were 187 responses to this question, giving 358 answers.

Option	Total	Percent
Telephone	76	21%
Website	140	39%
Email	76	21%
Chatbot	5	2%
Council social media: Facebook, twitter, Instagram etc....	61	17%

Other, please specify:

There were 4 responses to this part of the question, quoted verbatim below:

- Forever holding on the phone line!
- Requests are generally ignored regardless of the media used to communicate.
- None
- Order and collect at the library

Have you contacted customer services since the council offices closed?

There were 203 responses to this question.

Option	Total	Percent
Yes	80	39%
No	123	61%

Have you, or someone you know, accessed any of the following services during the pandemic? Please select all that apply.

There were 163 responses to this question, giving 494 answers.

Option	Total	Percent
Council tax	44	9%
Blue badge	19	4%
Highways	29	6%
Childcare for keyworkers	21	4%
Recycling and waste	111	23%
School opening/registration	32	7%
Adult social care	30	6%
Housing	27	6%
School meals/packed lunch or delivery of food parcels	13	3%
Childrens social care	13	3%
Homelessness support	8	2%
Complaints	12	2%
Business support/grants	37	7%
Environmental health	12	2%
Advice because you or someone you know was shielding	17	3%
Roads, transport and parking	26	5%
Covid-19 related advice	26	5%
Benefits and support	17	3%

Other, please specify:

There were 23 responses to this part of the question, the main services accessed included:

- Libraries
- Planning
- Licensing
- Trading Standards
- Countryside Services

5. Digitalisation

More people are now accessing services online as a result of the Covid-19 pandemic. Have you, or has someone on your behalf, accessed council services online?

There were 200 responses to this question.

Option	Total	Percent
Yes I have accessed services online	145	72.5%
Someone has accessed services online on my behalf	4	2%
No, I have not accessed services online	51	25.5%

What support would help you, or someone you know, to access more services online? Please select all that apply.

There were 182 responses to this question, giving a total of 271 answers.

Option	Total	Percent
Bookable sessions in your local library	47	17%
Support in your local community from a volunteer	46	17%
Videos on Powys Council's website	39	14%
Printable 'how to' guides	43	16%
I don't need any help accessing services online	96	36%

Other, please specify:

There were 21 responses to this part of the question, theme included:

- Easy Read and sign language accessibility options
- Would like choice of digital and face to face services
- Help with and access to computers/laptops
- Improved services in Welsh

6. Council Tax

Which of the statements below best represents your views on setting the Council Tax for 2021/22?

There were 200 responses to this question.

Option	Total	Percent
Keep Council Tax at the same level, which would result in a reduction in the level of services provided (because costs and demand are rising)	68	34%
Increase Council Tax a bit to help protect the most important services where possible (a rise of 5 per cent would represent £1.31 per week on a band D property)	68	34%
Increase Council Tax more significantly to protect more services (a rise of 6 per cent would represent £1.57 per week on a band D property)	48	24%
Increase Council Tax by as much as is needed to maintain all council services at existing levels (a rise of 16 per cent would represent £4.20 per week on a band D property)	16	8%

7. The future

Given the changing nature of how services are delivered, what do you think our long-term priorities should be for the future? Please choose up to three services.

There were 196 responses to this question, selecting 487 answers.

Option	Total	Percent
Encourage residents to take more responsibility for their local environment i.e. litter, graffiti etc.	142	29%
Develop and promote more online services.	116	24%
Charge residents for more services instead of losing them completely.	61	12%
Reduce all levels of service.	8	2%
Only focus on services that support the most vulnerable in communities.	43	9%
Focus on services that benefit everyone in the county.	117	24%

What service areas should the council prioritize while recovering from the pandemic? Please choose up to three services.

There were 198 responses to this question, selecting a total of 735 answers.

Option	Total	Percent
Recycling and waste	80	11%
Schools: primary, including nursery provision, secondary, special needs	111	15%
Care of older people (including residential care, care at home and daytime support)	101	14%
Services for disabled people (including services for people with physical and learning disabilities and those requiring mental health support)	82	11%
Educational support services (including support for pupils with additional learning needs, home to school transport and catering services)	59	8%
Children's social services	82	11%
Adult social services	60	8%
Libraries, art centres and theatres	46	7%
Sport and recreational services (including parks, leisure centres and open spaces)	53	7%
Highways and infrastructure improvements	61	8%

Are there any other services you think the council should prioritize for the future?

There were 66 responses to this question, top themes not already included in the previous question included:

- Hard/impossible to choose just three
- Safeguarding/supporting the most vulnerable
- Parks and open spaces
- All services
- Transport for those who can't/don't drive
- The environment

What lessons from the Covid-19 Coronavirus pandemic do you think we should consider when setting our medium and long-term funding priorities?

There were 103 responses to this part of the question with top themes including:

- Services can be completed online/remotely
- The importance of community/voluntary services
- Consideration of mental and physical wellbeing of all ages
- Have emergency plan for possible future pandemics
- Importance of local – food, shops, hospitality
- Take into consideration lack of/reduced income of residents
- Potential of smaller/less council offices

Do you have any other comments to future-proof Powys and help get the county on the road to recovery?

There were 89 responses to this question, with top themes including:

- Provide support and guidance for communities to rebuild
- Encourage local spending – Powys pound
- Listen to communities/residents
- Consider climate change and environment
- Promote and fund local groups and initiatives
- Consider number and costs of council staff/councillors
- Support local small businesses and farmers

8. About you

How did you hear about this survey? Please select all that apply.

There were 195 responses to this question, giving 220 answers:

Option	Total	Percent
Council website	43	19%
Non-council website (if selected, where)	8	4%
Council social media accounts	22	10%
Non-council social media accounts (if selected, where)	2	1%
Facebook	50	23%
Twitter	11	5%
LinkedIn	6	3%
Instagram	0	0%
Newspaper/magazines (if selected, where)	12	5%
Word of mouth	15	7%
Local town, community or county borough Councillor	6	3%
Direct email/letter/Powys People's Panel	19	8%
Through the council's consultation hub	2	1%
I work for PCC	24	11%

Other/where, please specify:

There were 16 responses to this part of the question, including:

- County Times
- WalesOnline
- Powys Teaching Health Board Announcements/Website
- My Welshpool
- BBC
- Brecon and Radnor

How old are you?

There were 201 responses to this question.

Option	Total	Percent
Under 16	0	0%
16-24	3	2%
25-34	14	7%
35-44	34	17%
45-54	51	25%

Prefer not to say	7	3%

If you chose 'Other' please state (if you wish to)

There were 14 responses to this part of the question, including:

- Unpaid Carer
- Self employed
- Disabled
- long term disabled
- Freelance/Contract worker

Are you happy to answer a few more questions about yourself?

There were 203 responses to this part of the question.

Option	Total	Percent
Yes	145	71%
No	58	29%

Those who responded 'yes' to the above question were directed to the 'Equalities monitoring' section. Everyone else were directed straight to the 'Before you go' section which asked details about preferred language and the Welsh language in particular.

9. Equalities monitoring

Do you consider yourself to be disabled?

There were 143 responses to this question.

Option	Total	Percent
Yes	16	11%
No	124	87%
Prefer not to say	3	2%

What is your religion or belief?

There were 138 responses to this question.

Option	Total	Percent
No religion	73	53%
Christian	60	43%
Buddhist	1	1%
Hindu	0	0%
Jewish	0	0%
Muslim	0	0%
Sikh	0	0%
Prefer not to say	4	3%

Other, please specify:

There were 9 responses to this part of the question, including:

- Quaker
- Unitarian
- Atheist
- I am not religious; I identify as being spiritual.
- Post-humanist
- Panentheist
- Humanist

What is your gender?

There were 144 responses to this question.

Option	Total	Percent
Male	52	36%
Female	90	63%
Transgender	0	0%
Gender neutral	0	0%
Prefer not to say	2	1%

What is your sexual orientation?

There were 143 responses to this question.

Option	Total	Percent
Heterosexual/straight	122	86%
Gay man	2	1%
Gay woman/lesbian	6	4%
Bisexual	3	2%
Other	3	2%
Prefer not to say	7	5%

What is your relationship status?

There were 145 responses to this question.

Option	Total	Percent
Single	17	12%
Partnered	28	19%
Married	87	60%
Civil partnered	0	0%
Divorced	7	5%
Widowed	3	2%
Prefer not to say	3	2%

10. The Welsh Language

What is your preferred language?

There were 145 responses to this question.

Option	Total	Percent
Welsh	5	3%
English	139	96%
BSL - British Sign Language	0	0%
Other	1	1%
Prefer not to say	0	0%

If you chose 'Other' please state (if you wish to)

There were 3 responses to this part of the question:

- Keen but possibly not good Welsh learner
- I love the Welsh language but am not a natural speaker
- Welsh learner

Can you...?

Understand spoken Welsh

There were 197 responses to this part of the question.

Do you have any concerns or evidence to suggest that the council is treating/using the Welsh language less favourably than English?

There were 198 responses to this part of the question.

Option	Total	Percent
Yes	6	3%
No	164	83%
I don't know	28	14%

If yes, please give details:

There were 14 responses to this part of the question, including:

- The council are not compliant across all service areas
- Both languages should be treated equally
- Stop sending out duplicate bilingual letters – ask preference and send in one language
- We live in a borders area where little Welsh is spoken. This means Welsh identity cannot always be tied into language.

What changes could be made so as to have a more positive effect on the Welsh language?

There were 65 responses to this part of the question, including top themes such as:

- Provide Welsh lessons/make it easier to learn – free/online/group classes
- Identify people who wish to speak/communicate in Welsh
- Stop printing bilingual documents/let people choose – print and post preferred language to reduce costs
- Promote its cultural value
- Ensure use of Welsh place names and words

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Council Wide	Head of Service	Jane Thomas	Director		Portfolio Holder	Cllr Aled Davies
Proposal	Powys County Council 2021-22 Draft Budget						

BACKGROUND

By law the Council has to agree a balanced budget annually. This impact assessment concentrates on the net revenue budget for 2021-22.

The 2021-22 Final Budget has been developed, refined and will be challenged by a robust process involving Heads of Service, Executive Management Team, Cabinet and Scrutiny Committees. The full timetable set out at Appendix A shows the governance approach and challenge meetings that have taken place since July 2020 and include the formal meetings to agree draft and final budgets in March 2021.

The Draft Budget will be approved by Cabinet on 26th January 2021 and then be considered by the three Subject Scrutiny Committees and the Finance Panel in January 2021. The Final Budget will be presented to Council for agreement on 26th February 2021.

Individual impact assessments have been completed for each cost reduction, this assessment assesses the cumulative impact of the budget on Powys residents, in respect of the funding allocated, the council tax proposed and the cost reductions proposed.

The Final Budget includes a 3.9% increase in the Council Tax in 2021-22, and then 5% for the following 4 years (£1.02 a week for a band D property). The Council Tax Resolution will be presented to Council on 4th March 2021.

REVENUE BUDGET

2021-22 will be another financially challenging year for the Council despite a 4% settlement increase from the Welsh Government. The Council has developed its 2021-26 MTFS and 2021-22 revenue budget by seeking to focus resources on delivery of Vision 2025, service improvements and the Council's statutory obligations using an Integrated Business Planning approach. The proposed budget starts to move away from salami slicing, ensuring that individual services have the budget they need to deliver the outcomes and obligations required.

Inescapable Cost Pressures

The 2021-22 budget includes £23 million to meet inescapable cost pressures, including pay and price inflation as well as service specific pressures, such as Teachers Pay, contract Inflationary pressures, care placement costs and the increased cost of insurance. These must be recognised in the budget as the Council is required by law to set a viable and balanced budget.

Powys residents will benefit from investment in these pressures as they will ensure that services can be improved or maintained at current levels and the Council's statutory obligations can be delivered. However, the value of the pressures included in the budget exceed the funding settlement the Council has received from the Welsh Government in 2020-21 creating a budget gap of £15.4 million.

Cost Reductions

To bridge the budget gap in 2021/22 all services were asked to identify possible cost reductions that could be made to reduce the Council's spending requirement. £11.8 million of cost reductions have been identified which are deemed to be achievable within an acceptable level of risk. This leaves a residual budget gap of £3.6 million which it is proposed is found by increasing Council Tax by 3.9% in 2021-22. If Council Tax was to be increased by less than 3.9% the Council would need to make further cost reductions, in addition to the £11.8 million already proposed and deemed to be deliverable. In looking for additional cost reductions the Council would need to consider whether the impact on residents from any cost reduction would be greater than the impact on households of an additional £53.23 per annum in Council Tax. Work to develop the Draft Budget suggests that every element of the budget has been explored so the scope for additional cost reductions in the short term is very limited.

Council Tax

The Council's net revenue budget is funded from Welsh Government grant known as Aggregate External Finance (AEF) and Council Tax. AEF is the total level of support that the Government provides to local authorities, comprising Revenue Support Grant and the amount distributed from business rates and is distributed using a needs-based formula. Over the last decade the Council's finances have suffered, as the Council has received the lowest AEF settlements compared to the other 21 counties in Wales primarily due to the costs of rurality not being adequately reflected in the formula. This is evidenced in the Council's [Rural Cost Analysis](#). One of the consequences of poor settlements is that by AEF only funded 68% of the Council's net revenue budget requirement, which is the third lowest in Wales (only Monmouthshire and The Vale are lower). This in turn means that the Council has to fund the balance of its net requirement from Council Tax, which is therefore funding 32% of the net revenue budget.

Council Tax income comes from residents but not all residents pay full Council Tax. Many residents benefit from the Council Tax Reduction Scheme (CTRS) which was introduced and initially funded by Welsh Government in a specific grant. However, some years ago the grant was transferred into the settlement and no longer keeps pace with payment levels so our annual expenditure exceeds the level of grant included in the settlement by £1.8 million. Any increase in Council Tax in 2021-22 will increase the CTRS shortfall and an allocation of £351,000 is included in the budget to cover a 3.9% increase in Council Tax. The number of eligible claimants under the CTRS has increased during 2020-21 due to the impact of the pandemic and an additional £600,000 has been included in the budget to cover these costs as they are expected to continue into 2021-22.

In setting the Council Tax level each year the Council must strike an appropriate balance, the need to ensure the Council has sufficient funds to provide crucial often statutory services to local residents within a balanced budget (a legal requirement) with the ability of Powys taxpayers to afford to pay the level set.

A consequence of the Covid 19 pandemic is the large increase in those eligible for the CTRS of over 850 cases, suggesting 10,050 taxpayers are eligible for a Council Tax reduction and in some cases do not pay Council Tax at all; a further 21,900 (33.8%) of Powys households were eligible for a 25% Single Person Discount. 2,200 properties (3.4%) receive a 100% exemption, 130 properties received a 50% discount, 600 properties (0.9%) received a

disabled band reduction, with 2,100 properties (3.2%) paying a 50% Council Tax premium as they were either long-term empty (over 12 months) or a second/holiday home. This leaves around 47.7% of households paying full Council Tax and this is set to continue.

Understanding the affordability of any Council Tax increase requires consideration of the cost of the increase in relation to household income. Council Tax can be measured in 'Band D' or in 'per dwelling' terms. Band D has historically been used as the standard for comparing Council Tax levels between and across local authorities. This measure is not affected by the varying distribution of properties in bands that can be found across authorities. The 'per dwelling' calculation uses chargeable dwelling figures which gives an indication of the average amount of Council tax that is actually paid per household. In 2020-21 the Band D Council Tax charge in Powys is £1,692, just above the average Band D Council Tax for Wales for 2020-21 which is £1,667. These figures include Community Council and Police authority precepts. Council Tax can also be measured as average Council Tax per dwelling. In Powys the average Council Tax per dwelling for 2019/20 is £1,829, £184 a year (£3.53 a week) above the £1,645 average for Wales.

National statistics¹ show the average gross weekly earnings (full-time equivalent employees on adult rates) in Powys in 2020 to be £540.20 compared to an average for Wales of £537.80, placing Powys 10th of 22 council areas in Wales. Brexit uncertainty and the cost of living may change, whilst longer term interest and inflation rates may rise.

The most recent unemployment rate - for August to October - was 4.9%, according to the Office for National Statistics (ONS). Which is an increase of 0.7% over the previous three months, and means that 1.69 million people were unemployed. The ONS also gathers weekly figures, which show unemployment rising in October, as coronavirus restrictions were tightened around the country. This suggests the official unemployment rate is likely to be higher in coming months. There were many redundancies across the UK when the Furlough scheme was cut in August, with employers being asked to contribute more into the scheme, this encouraged employers to make employees redundant rather than keep them on the scheme. The Furlough scheme has been extended for a further five months until April 2021 to help reduce levels of unemployment. December saw the start of a vaccination programme which is aimed at bringing the Covid pandemic to an end. That would enable many businesses to start reopening and allow millions to go back to work. The average amount people earn had been falling sharply during the crisis, but it rose 2.8% in the latest figures (excluding bonuses). The annual growth in both total pay (2.7%) and regular pay (2.8%) in August to October 2020 was above the rate of inflation (CPI was 0.6% in November 2020). Growth in both total pay and regular pay was higher than inflation; in real terms, average pay was 1.9% (total pay) and 2.1% (regular pay) higher than a year ago. Inflation is likely to remain low until the end of 2024 when it is estimated to be at 2%. In 2021 average earnings are expected to rebound as the economy starts to recover from the virus infected weakness in 2020 and moderates in 2022.

Taking account of the above information the groups of people most likely to be impacted by an increase in Council Tax are families with children especially those headed by a working lone parent and people who rent their home (social or a private landlord). Those people less likely to be impacted by an increase in Council Tax are people on higher incomes and people wholly reliant on means tested benefits.

A 3.9% increase in Council Tax in 2021-22 for a Band D dwelling would be an increase of £53.23 for the year, equivalent to £1.02 per week (before Community Council and Police precept), the price of half a dozen eggs or a box of breakfast cereal.

¹ <https://gov.wales/sites/default/files/statistics-and-research/2019-03/council-tax-levels-in-wales-april-2019-march-2020-651.pdf>

Based on 2020-21 figures it would be reasonable to assume that only around 48% of Powys' 65,000 households would pay the full increase, while just over 52% would receive partial or total exemption from payment.

The pandemic has impacted on the level of Council Tax being collected. Powys has been less impacted than other Council in Wales as collections rates have been largely maintained at 96.8%, 0.7% down on last year.

Public engagement

The Council conducted a residents survey through December and January. In total 205 responses were received. The questions were aimed at understanding the impact of Covid-19 on service delivery, the views of the Councils response to the pandemic alongside a number of budget questions. 34% of the responses thought that council tax should not increase whilst accepting that services would need to be reduced, 34% were prepared to see an increase in council tax up to 5% to help protect the most important services, and a further 32% felt that a higher increase in Council Tax was acceptable to protect more services with 8% of these responding that council tax should increase by as much as is needed to maintain existing levels of service. A full report on the budget consultation is provided with this impact assessment.

Conclusion

The Council's financial position and outlook continue to be challenging. Because the Council has received much lower than average funding settlements in recent years, due to austerity, the funding available to the Council has been and continues to be much less than the Council needs to meet pay and price inflation and specific service pressures. As the net budget is only financed by the settlement and Council Tax the only other way the Council can balance its budget is by making cost reductions.

The Council has made more than £100 million cost reductions in the last decade making it harder each year to find more. A further £11.8 million of cost reductions are proposed for 2021-22, leaving £3.6 million budget gap which it is proposed should be met by a 3.9% increase in Council Tax.

Although any increase in Council Tax is likely to impact to some extent on many residents, not all pay Council Tax as there are a number of discounts and exemptions in place which means that only 48% pay full Council Tax.

Despite the average Band D Council Tax Bill in Powys being £25 per annum higher than the Wales average and the average Council Tax per dwelling is £184 above the average, these figures need to be considered against the fact that in Powys only 68% of the net budget is funded from AEF which means 32% of the net budget has to come from Council Tax which is higher than all but two other council in Wales.

In terms of affordability a 3.9% increase in Council Tax for a Band D property would be £1.02 per week and while average gross earnings are above the average for Wales they are not the highest and £1.02 represents only 0.19% of the average weekly wage and in view of the means tested reductions, discounts and exemptions that are available to residents this is considered to be in the realms of affordability for residents.

6. How does your proposal impact on the Welsh Government's well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>The budget contains growth for schools' budgets and education remains a priority for the Council and the public (delegated schools having a minimal level of funding cut). Delegated schools have to deliver £39,000 of service reductions and have had all their pressures funded. The central schools budget is proposing to deliver than £380,000 cost reductions but have had pressures of £772,000 funded. With a limited impact on pupils.</p> <p>The capital programme recognises the Mid Wales Growth Deal and the Vision 2025 Update includes a number of actions around economic growth, the Growth Deal and actions to increase the Powys pound.</p> <p>There are a small number of reductions to the headcount being proposed, alongside this is a proposal to develop an apprenticeship scheme so vacancies are filled with this resource where possible</p>	<p>Neutral</p>	<p>Delivery of the proposed reductions will be monitored.</p> <p>The capital programme continues to focus on 21st Century Schools and the building and modernisation of schools linked to a newly updated transformation strategy that could see an additional £350 million spent on schools over the next ten years.</p> <p>It is likely that the capital programme will bring up to £200million capital funding to the regime over the next 15 years for economic growth and tourism</p> <p>This allows on the job training, and deliver savings, whilst filling vacancies</p>	<p>Neutral</p>
<p>A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>A cost reduction of £80,000 is expected from Countryside access and outdoor recreation. This will be partly from reducing core budgets like travel and third party spend negated in part by more reliance on the use of volunteers and grants or Section 106 funding</p>	<p>Poor</p>	<p>£330,000 has been identified to support the management of Ash die back. The service will receive £290,000 to fund waste vehicles and continue to improve on the recycling performance targets.</p> <p>The capital strategy continues to fund an additional £1 million for street lighting and £5 million for the HAMP annually until 2030, and further capital bids will be considered to support this area.</p>	<p>Neutral</p>

<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p>	<p>Social Care budgets are the main deliverer of this goal, alongside leisure and public protection. Both Adults and Children's Services have cost reductions to deliver but mainly linked to new models of delivery linked to early intervention and prevention and providing new facilities closer to home:</p> <ul style="list-style-type: none"> • Strength based reviews/assessments to maintain independence with the right sized level of care, using technology, direct payments and maintaining life in own homes • Using health funding where available to support service user need through continuing healthcare • TEC - To deploy (TEC) Technology Enabled Care in order to cost avoid in 2021/22. TEC includes lifelines emergency phones/alarms and sensors which support people to live independently in their own homes. These systems enable people to live at home for longer and for next of kin / informal carers to be assured of the individual's wellbeing. • Multi skilling staff linked to the workforce futures strategy • Bringing services closer to home, which may involve building facilities in county • Recommissioning and decommissioning - We will continue to work in partnership with all service providers to review the way services are delivered in Powys to ensure that such services are accessible, of the right quality and at an affordable cost for all people who need to arrange their support. Alongside this, and to generate further efficiencies we will continue to promote reablement and recovery throughout all services to ensure that resulting support packages are appropriate to a people's needs. 	<p>Neutral</p>	<p>Full review of care home and home care fees to support the market demand post Covid-19 and after the welsh government hardship fund has stopped supporting care organisations. The likely increase is included as part of the Councils pressures</p>	<p>Neutral</p>
<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>Housing in the main is ring fenced through the Housing Revenue Account (HRA). Annual rent increases are set independently of the general fund budget process. The HRA business plan includes the cost of borrowing to enable an additional 250 dwellings to be built and increase the overall stock of social housing.</p>	<p>Neutral</p>	<p>The Council has implemented the Housing Loan Fund (Capital Monies) to allow RSLs to access a loan facility to support the delivery of social housing in Powys. It is hoped that this facility will mean projects can commence in a timely manner,</p>	<p>Neutral</p>

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
	<p>Digital transformation is expected to address how residents want to engage with the council, whether that be face to face, by telephone or by 24/7 digital access.</p> <p>The Housing General Fund has an additional £150,000 to support homelessness presentations which are expected due to the current pandemic, and this funding will help ensure homelessness is minimised.</p> <p>Planning, environmental health and trading standards services will see a budget reduction of £367,000 mitigated by £87,850 funding for pressures.</p>		especially the extra care facilities supporting the “healthier Wales” goal.	
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p>	<p>Overall the budget proposed makes a positive impact on the well-being of our residents across all the services. Despite there being some reductions to budgets, most are to be achieved through service redesign. There are plans to address any negative impacts arising through working proactively with partners and the public to develop new ways of working using new commissioning models and digital technology.</p>	Neutral		Neutral
<p>A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.</p>

Unpaid Carers: Ensuring that unpaid carers views are sought and taken into account	The Adults and Children's Service is engaging unpaid carers in the design and delivery of new service models.	Good		Choose an item.
Safeguarding: Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can't protect themselves.	The Children's and Adult Services transformation plans which underpin their budgets are design to strengthen our arrangements for safeguarding vulnerable children and adults	Good		Choose an item.
Impact on Powys County Council Workforce	There will be some work force reductions as a consequence of staff restructures that will deliver greater efficiency, resilience and agile working	Neutral	The Council is also implementing an Apprenticeship programme to encourage all entrant level posts being filled this way	Neutral

Source of Outline Evidence to support judgements

The Local Government Act 2003 requires the Chief Finance Officer, Section 151 Officer (the Head of Financial Services), to make a report to the Council when it is considering its budget and Council Tax. The report must provide assurance on the robustness of the estimates, highlighting the risks associated with its deliverability and the adequacy of the reserves allowed for in the budget proposals, and fundamentally a balanced budget must be set each year. Council can propose and consider alternative budget suggestions, these would have to be fully costed with identified funding to maintain a balanced budget, this is likely to mean other service reductions and changes to Council Tax.

Council Tax is agreed at Council, and is a political decision based on an assessment, not only between balancing council tax and service reductions, but also making spending choices that meet the immediate needs with those that meet future generation's needs.

Appendix A – Budget Timetable 2021/22

Date	Meeting/Responsibility	SLT and Cabinet Activities
4th Sept	HoS	Complete IBP Section 7a for July month end
w/c 7th Sept	EMT	Update on July forecast for EMT / Cabinet
14th Sept	Council	Council budget seminar
15th Sept	Cabinet/EMT	update on budget for current year
18th Sept	HoS	Complete first draft IBP Section 7b forecast pressures and savings to shape FRMs
18th Sept	HoS	Agree the capital proposals identified through the IBP for inclusion in capital strategy
22th Sept	Cabinet/EMT	Updated FRM and Service Proposals - scenario on council tax level, settlement and agree savings target allocation
23rd Sept	SLT	Update on FRM and savings allocation
October	Finance	Prepare communications plan
5th Oct	Council	Council budget seminar
12th Oct	Cabinet/EMT	Budget Workshop
October	SLT	Update on budgets if needed
30th Oct	HoS	Final service IBPs submitted
4th Nov	Cabinet/EMT	Budget Workshop
9th Nov	Council	Council budget seminar
November	SLT	Update on budgets if needed
16th Nov	EMT	Budget Workshop - review additional Heads savings
18th Nov	SLT	Feedback and next steps inc completing impact assessments for the £11m savings agreed
24th Nov	Cabinet	Approve council tax base and update the FRM
24th Nov	Cabinet / EMT	Set out draft budget approach
27th Nov	Finance Panel	Finance panel and scrutiny of budget proposals - agree what they will review
7th Dec	Council	Council budget seminar
9th Dec	Cabinet/EMT	Budget Workshop - draft budget based on draft settlement

Page 43

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

10th Dec	Audit Committee	Update if needed on agenda
December	Finance	Prepare draft capital & TM strategy inc PIs and MRP
22nd Dec	Welsh Gov	Provisional Settlement
December	HoS	Equality Impact assessments for year 1 savings completed
2021		
January	S151 / Cabinet	Approve updated MTFS and Reserves Policy
January	Head of Finance	Business rates & CT consultation meeting or other comms
January	Finance	Community council precepts finalised
20th Jan	Finance	Circulate draft budget papers - Cabinet and Scrutiny
25th Jan	scrutiny	Learning scrutiny of draft budget
26th Jan	Cabinet/EMT	Approve draft budget (MTFS & FRM), reserve policy, capital strategy and Fees & Charges Register (income and charging schedule)
28th Jan	scrutiny	Economy scrutiny of draft budget
28th Jan	scrutiny	Health scrutiny of draft budget
29th Jan	Finance Panel	Finance panel and scrutiny of budget proposals
Jan / Feb	Political Groups	S151 and political groups - updates on budgets
8th Feb	Finance	Circulate draft budget papers - Cabinet and Scrutiny
16th Feb	Cabinet/EMT	Informal budget post scrutiny feedback and planning for Council
25th Feb	Council	Approve final budget (MTFS & FRM) and capital strategy, reserve policy and Fees & Charging Register (income & charging schedule).
2nd March	WG	Final settlement
2nd March	Cabinet	Poss settlement update
4th March	Council	Consider Impact of Final Settlement on the Budget and any changes required
4th March	Council	Council approve council tax
Mid March	Finance	Full budget included in the finance system
Mid March	Finance	Full budget set out in the budget book available on the website

Appendix B - Economic Summary – Provided by Treasury Management Advisors

The key quarterly meeting of the Bank of England Monetary Policy Committee kept Bank Rate unchanged on 5.11.20. However, it revised its economic forecasts to take account of a second national lockdown from 5.11.20 to 2.12.20 which is obviously going to put back economic recovery and do further damage to the economy. It therefore decided to do a further tranche of quantitative easing (QE) of £150bn, to start in January when the current programme of £300bn of QE, announced in March to June, runs out. It did this so that “announcing further asset purchases now should support the economy and help to ensure the unavoidable near-term slowdown in activity was not amplified by a tightening in monetary conditions that could slow the return of inflation to the target”.

Its forecasts appeared, at that time, to be rather optimistic in terms of three areas:

- The economy would recover to reach its pre-pandemic level in Q1 2022
- The Bank also expected there to be excess demand in the economy by Q4 2022.
- CPI inflation was therefore projected to be a bit above its 2% target by the start of 2023 and the “inflation risks were judged to be balanced”.

Significantly, there was no mention of negative interest rates in the minutes or Monetary Policy Report, suggesting that the MPC remains some way from being persuaded of the case for such a policy, at least for the next 6 -12 months. However, rather than saying that it “stands ready to adjust monetary policy”, the MPC this time said that it will take “whatever additional action was necessary to achieve its remit”. The latter seems stronger and wider and may indicate the Bank’s willingness to embrace new tools.

One key addition to the Bank’s forward guidance in August was a new phrase in the policy statement, namely that “it does not intend to tighten monetary policy until there is clear evidence that significant progress is being made in eliminating spare capacity and achieving the 2% target sustainably”. That seems designed to say, in effect, that even if inflation rises to 2% in a couple of years’ time, do not expect any action from the MPC to raise Bank Rate – until they can clearly see that level of inflation is going to be persistently above target if it takes no action to raise Bank Rate. Our Bank Rate forecast currently shows no increase, (or decrease), through to quarter 1 2024 but there could well be no increase during the next five years as it will take some years to eliminate spare capacity in the economy, and therefore for inflationary pressures to rise to cause the MPC concern. Inflation is expected to briefly peak at just over 2% towards the end of 2021, but this is a temporary short lived factor and so not a concern.

However, the minutes did contain several references to downside risks. The MPC reiterated that the “recovery would take time, and the risks around the GDP projection were judged to be skewed to the downside”. It also said “the risk of a more persistent period of elevated unemployment remained material”. Downside risks could well include severe restrictions remaining in place in some form during the rest of December and most of January too. Upside risks included the early roll out of effective vaccines.

COVID-19 vaccines. We had been waiting expectantly for news that various COVID-19 vaccines would be cleared as being safe and effective for administering to the general public. The Pfizer announcement on 9th November was very encouraging as its 90% effectiveness was much higher than the 50-60% rate of effectiveness of flu vaccines which might otherwise have been expected. However, this vaccine has demanding cold storage requirements of minus 70c that impairs the speed of application to the general population. It has therefore been particularly welcome that the Oxford University/AstraZeneca

vaccine has now also been approved which is much cheaper and only requires fridge temperatures for storage. The Government has 60m doses on order and is aiming to vaccinate at a rate of 2m people per week starting in January, though this rate is currently restricted by a bottleneck on vaccine production; (a new UK production facility is due to be completed in June).

These announcements, plus expected further announcements that other vaccines could be approved soon, have enormously boosted confidence that life could largely return to normal during the second half of 2021, with activity in the still-depressed sectors like restaurants, travel and hotels returning to their pre-pandemic levels; this would help to bring the unemployment rate down. With the household saving rate having been exceptionally high since the first lockdown in March, there is plenty of pent-up demand and purchasing power stored up for these services. A comprehensive roll-out of vaccines might take into late 2021 to fully complete; but if these vaccines prove to be highly effective, then there is a possibility that restrictions could start to be eased, beginning possibly in Q2 2021 once vulnerable people and front-line workers have been vaccinated. At that point, there would be less reason to fear that hospitals could become overwhelmed any more. Effective vaccines would radically improve the economic outlook once they have been widely administered; it may allow GDP to rise to its pre-virus level a year earlier than otherwise and mean that the unemployment rate peaks at 7% in 2021 instead of 9%.

Public borrowing was forecast in November by the Office for Budget Responsibility (the OBR) to reach £394bn in the current financial year, the highest ever peace time deficit and equivalent to 19% of GDP. In normal times, such an increase in total gilt issuance would lead to a rise in gilt yields, and so PWLB rates. However, the QE done by the Bank of England has depressed gilt yields to historic low levels, (as has similarly occurred with QE and debt issued in the US, the EU and Japan). This means that new UK debt being issued, and this is being done across the whole yield curve in all maturities, is locking in those historic low levels through until maturity. In addition, the UK has one of the longest average maturities for its entire debt portfolio, of any country in the world. Overall, this means that the total interest bill paid by the Government is manageable despite the huge increase in the total amount of debt. The OBR was also forecasting that the government will still be running a budget deficit of £102bn (3.9% of GDP) by 2025/26. However, initial impressions are that they have taken a pessimistic view of the impact that vaccines could make in the speed of economic recovery.

The pace of recovery was not expected to be in the form of a rapid V shape, but a more elongated and prolonged one. The initial recovery was sharp after quarter 1 saw growth at -3.0% followed by -18.8% in quarter 2 and then an upswing of +16.0% in quarter 3; this still left the economy 8.6% smaller than in Q4 2019. It is likely that the one month national lockdown that started on 5th November, will have caused a further contraction of 8% m/m in November so the economy may have then been 14% below its pre-crisis level.

December 2020 / January 2021. Since then, there has been rapid back-tracking on easing restrictions due to the spread of a new mutation of the virus, and severe restrictions were imposed across all four nations. These restrictions were changed on 5.1.21 to national lockdowns of various initial lengths in each of the four nations as the NHS was under extreme pressure. It is now likely that wide swathes of the UK will remain under these new restrictions for some months; this means that the near-term outlook for the economy is grim. However, the distribution of vaccines and the expected consequent removal of COVID-19 restrictions, should allow GDP to rebound rapidly in the second half of 2021 so that the economy could climb back to its pre-pandemic peak as soon as late in 2022. Provided that both monetary and fiscal policy are kept loose for a few years yet, then it is still possible that in the second half of this decade, the economy may be no smaller than it would have been if COVID-19 never happened. The significant caveat is if another mutation of COVID-19 appears that defeats the current batch of vaccines. However, now that science and technology have caught up with understanding this virus, new vaccines ought to be able to be developed more quickly to counter such a development and vaccine production facilities are being ramped up around the world.

(if unable to print in colour..... the key describing each line in the above graph is in sequential order from top to bottom in parallel with the lines in the graph.)

This recovery of growth which eliminates the effects of the pandemic by about the middle of the decade would have major repercussions for public finances as it would be consistent with the government deficit falling to around 2.5% of GDP without any tax increases. This would be in line with the OBR's most optimistic forecast in the graph below, rather than their current central scenario which predicts a 4% deficit due to assuming much slower growth. However, Capital Economics forecasts assumed that there is a reasonable Brexit deal and also that politicians do not raise taxes or embark on major austerity measures and so, (perverse!), depress economic growth and recovery.

(if unable to print in colour..... the key describing each line in the above graph is in sequential order from top to bottom in parallel with the lines in the graph.

There will still be some **painful longer term adjustments** as e.g. office space and travel by planes, trains and buses may not recover to their previous level of use for several years, or possibly ever, even if vaccines are fully successful in overcoming the current virus. There is also likely to be a reversal of globalisation as this crisis has exposed how vulnerable long-distance supply chains are. On the other hand, digital services are one area that has already seen huge growth.

Brexit. While the UK has been gripped by the long running saga of whether or not a deal would be made by 31.12.20, the final agreement on 24.12.20, followed by ratification by Parliament and all 27 EU countries in the following week, has eliminated a significant downside risk for the UK economy. The initial agreement only covers trade so there is further work to be done on the services sector where temporary equivalence has been granted in both directions between the UK and EU; that now needs to be formalised on a permanent basis. As the forecasts in this report were based on an assumption of a Brexit agreement being reached, there is no need to amend these forecasts.

Monetary Policy Committee meeting of 17 December. All nine Committee members voted to keep interest rates on hold at +0.10% and the Quantitative Easing (QE) target at £895bn. The MPC commented that the successful rollout of vaccines had reduced the downsides risks to the economy that it had highlighted in November. But this was caveated by it saying, “Although all members agreed that this would reduce downside risks, they placed different weights on the degree to which this was also expected to lead to stronger GDP growth in the central case.” So, while the vaccine is a positive development, in the eyes of the MPC at least, the economy is far from out of the woods. As a result of these continued concerns, the MPC voted to extend the availability of the Term Funding Scheme, (cheap borrowing), with additional incentives for small and medium size enterprises for six months from 30.4.21 until 31.10.21. (The MPC had assumed that a Brexit deal would be agreed.)

Fiscal policy. In the same week as the MPC meeting, the Chancellor made a series of announcements to provide further support to the economy: -

- An extension of the COVID-19 loan schemes from the end of January 2021 to the end of March.
- The furlough scheme was lengthened from the end of March to the end of April.
- The Budget will lay out the “next phase of the plan to tackle the virus and protect jobs”. This does not sound like tax rises are imminent, (which could hold back the speed of economic recovery).

The **Financial Policy Committee (FPC)** report on 6.8.20 revised down their expected credit losses for the banking sector to “somewhat less than £80bn”. It stated that in its assessment, “banks have buffers of capital more than sufficient to absorb the losses that are likely to arise under the MPC’s central projection”. The FPC stated that for real stress in the sector, the economic output would need to be twice as bad as the MPC’s projection, with unemployment rising to above 15%.
