Leisure Services – Energy Cost Increase Mitigation Proposals 2022-23

13/12/2022

Reference: 7630-9067-4541-8207

Impact Assessments (IA) are a process of assessing how our proposals and decisions might impact upon different types of people and communities and developing proposals in line with relevant legislation.

This is a legal requirement, and ensures the Council considers key legislation, including Equalities, Welsh language, Future Generations, Socio-economic Duty and Risk when developing proposals.

It will also help the Council make the best possible decisions for the people of Powys.

1. Proposal Information

Author name	Jenny Ashton, Interim Head of Community Services
Head of service	Nina Davies, Head of Housing and Community Development
Portfolio holder	David Selby, portfolio holder for Cabinet Member for a More Prosperous Powys
Proposal title	Leisure Services – Energy Cost Increase Mitigation Proposals 2022-23
Description of proposal	<p>The current energy crisis and associated price increases are creating a catastrophic impact across the UK leisure industry. After a very challenging two years for the sector, Freedom Leisure (who are a not-for-profit trust and manage and deliver leisure services on behalf of the authority through a long-term contract in Powys) has not been able to fully recover its trading position. This of course affects the wider leisure sector and is not just a Powys issue. Having similar challenges to the authority, energy price inflation is causing an extreme financial challenge. This is compounded by the impact on wages inflation and the increased cost of supplies, equipment, goods and services.</p> <p>Emergency measures are required to mitigate the predicted budget deficit position of £287k for the financial year 2022-23.</p> <p>a) To temporarily close the leisure centre buildings to the public in Llanfair Caereinion, Llanfyllin & Presteigne from 23rd December 2022 – 31st March 2023 (high schools to access to 'dry side' facilities only)</p> <p>b) To temporarily close the swimming pools in Llanidloes, Rhayader & Builth Wells from 23rd December 2022 – 31st March 2023 (to the public and schools)</p> <p>c) All other leisure centres/pools (not listed above) to close over Christmas from 23rd December 2022 – 3rd January 2023</p> <p>d) To implement an increase to fees & charges (in line with CPI) from January 2023</p>

2. Savings and Consultation requirements

Profile of savings delivery

Consultation requirements

Consultation required?	No
Justification	The proposals are short-term and temporary so consultation is not required. A Comms Plan has been prepared and news release shared with stakeholders (public, media, schools, others) prior to the Cabinet report being published. Freedom Leisure informed their staff through meetings on Monday 12 December and Tuesday 13 December p.m. Freedom Leisure have informed the Unions of the proposals. The Portfolio Holder will contact local members to discuss proposals. Further comms will follow Cabinet.
