Public Document Pack

Cabinet

Meeting Venue
Council Chamber - County Hall,
Llandrindod Wells, Powys

Meeting date

Tuesday, 20 February 2018

Meeting time **10.30 am**

For further information please contact **Stephen Boyd** 01597 826374 steve.boyd@powys.gov.uk

County Hall Llandrindod Wells Powys LD1 5LG

14 February 2018

The use of Welsh by participants is welcomed. If you wish to use Welsh please inform us by noon, two working days before the meeting

AGENDA

1. APOLOGIES

To receive apologies for absence.

2. MINUTES

To authorise the Chair to sign the minutes of the last meeting held as a correct record.

(Pages 5 - 14)

3. DECLARATIONS OF INTEREST

To receive any declarations of interest from Members relating to items to be considered on the agenda.

4. GWERNYFED HIGH SCHOOL 21ST C SCHOOLS CAPITAL PROGRAMME

To consider a report by County Councillor Myfanwy Alexander, Portfolio Holder for Education.

(Pages 15 - 36)

5. SCHOOLS FUNDING FORMULA REVIEW

To consider a report by County Councillor M Alexander, Portfolio Holder for Education County Councillor A Davies, Portfolio Holder for Finance. (Pages 37 - 58)

6. INCREASE IN CHARGES FOR COMMUNITY BASED SERVICES

To consider a report by County Councillor Stephen Hayes, Portfolio Holder for Adult Services.

(Pages 59 - 70)

7. CORRESPONDENCE

To receive such correspondence as in the opinion of the Leader is of such urgency as to warrant consideration.

8. DELEGATED DECISIONS TAKEN SINCE THE LAST MEETING

To note the delegated decisions taken since the last meeting. (Pages 71 - 72)

9. FORWARD WORK PROGRAMME

To consider the Cabinet forward work programme. (Pages 73 - 78)

10. EXEMPT ITEMS

The Monitoring Officer has determined that category 3 of the Access to Information Procedure Rules applies to the following items. His view on the public interest test (having taken account of the provisions of Rule 14.8 of the Council's Access to Information Rules) was that to make this information public would disclose information relating to the financial or business affairs of any particular person (including the authority holding that information).

These factors in his view outweigh the public interest in disclosing this information. Members are asked to consider these factors when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.

11. SALE OF HOUSING DEVELOPMENT SITES AT OAK VIEW, SARN AND FIR HOUSE, CHURCHSTOKE

To consider a report by County Councillor Jonathan Wilkinson Portfolio Holder for Housing & Countryside Services and County Councillor Phyl Davies Portfolio Holder Property & Waste.

(Pages 79 - 86)

MINUTES OF A MEETING OF THE CABINET HELD AT COUNCIL CHAMBER -COUNTY HALL, LLANDRINDOD WELLS, POWYS ON TUESDAY, 30 JANUARY 2018

PRESENT

County Councillor M R Harris (Chair)

County Councillors A W Davies, MC Alexander, P Davies, J Evans, L Fitzpatrick, S M Hayes, R Powell and M Weale

In attendance for part of the meeting: County Councillors J Jones, J Morris, G Price, K Roberts-Jones, D Selby and G Williams.

1. APOLOGIES

Apologies for absence were received from County Councillor Jonathan Wilkinson.

2. MINUTES

The Leader was authorised to sign the minutes of the meetings held on 9th and 16th January 2018 as correct records.

3. DECLARATIONS OF INTEREST

There were no declarations of interest reported.

4. BUDGET FOR 2018-19, MEDIUM TERM FINANCIAL STRATEGY 2018 AND CAPITAL PROGRAMME FOR 2018-2023

Cabinet considered the budget for 2018 - 2019, the medium term financial strategy for 2018 - 2023 and the capital programme for 2018 - 2023 (copy filed with the signed minutes).

The Portfolio Holder for Finance advised that the proposal provided a balanced budget for 2018/19 and included further reductions in expenditure through efficiencies and some changes to service provision. He advised that there was a 0.4% decrease in the financial settlement from the Welsh Government from last year meaning a reduction in funding of £0.679m. Service and other pressures of £22.350m, together with the need for investment in Children's and Adult Services had added to the financial challenge the Council faced. As a result, in addition to the significant savings originally identified within the existing MTFS, other sources of funding had been drawn upon to limit the impact on services in the short term. Some reserves would also be used and the Section 151 Officer advised that reserves were being kept at an appropriate level.

The second year of the plan represented a significant challenge for the Council. It was clear that the Council in its current form was no longer affordable and

significant transformational change was required to deliver a council which could operate within the funding available to it. A fundamental review of how the Council delivered its services and what it could continue to deliver was underway and would be developed over the next six months in order to maintain a balanced budget for the remaining years of the plan. The Acting Chief Executive confirmed that Management Team had already started this work.

Cabinet welcomed the independent assessment of the proposed budget and the level of reserves carried out by CIPFA that had concluded there were appropriate procedures in place to set a robust budget and adequate reserves.

RECOMMENDED to Council:	Reason for Recommendation:
1. That the Medium Term Financial Strategy for 2018 to 2023 as set out in Appendix 1 to the report be agreed in principle.	To aid business planning and development of the budget over a three year period
2. That the proposed Revenue Budget for 2018/19 shown in the Financial Resource Model in Appendix 2 is accepted and recommended to full Council on the 22 nd February 2018.	Statutory Requirement
3. That the Fees and Charges proposed within the Fees and Charges Register are accepted and recommended to Full Council on the 22 nd February 2018. (Appendix 4 and 5)	To comply with Powys County Council Income Policy
4. The proposed Capital Strategy for 2018/19 shown in Appendix 6 is accepted and recommended to Full Council on 22 nd February 2018.	Statutory Requirement
5. That a Council Tax increase of 5% is included in the budget that goes to full council on the 22 th February 2018.	There is a Statutory Requirement to set Council Tax but the level is a matter for local determination.
6. The authorised borrowing limit for 2018/19 as required under section 3(1) of the Local Government Act 2003 be approved at £400.0m as set out in section 10 of the report.	Statutory Requirement
7. The Prudential Indicators for 2018/19 are approved as set out in section 10 of the report and Appendix 7.	Statutory Requirement
8. That revised Medium Term	To ensure the Council operates

Financial S	Strategy i	s brought	within	its	means	in	future
forward by the end of May 2018.		years.					

5. | FINANCIAL OVERVIEW AND FORECAST AS AT 31ST DECEMBER 2017

Cabinet considered the financial outturn for the period ended 31 December 2017. The report included a business case for the draw-down of £321k in 2017/18 and £253k in 2018/19 from the Adult Social Care Reserve. The Portfolio Holder for Finance noted that there had been little change in the amount of savings delivered since the last report.

RESOLVED	Reason for Decision:
1. The contents of this report are noted	To monitor the council's financial
by Cabinet; and	performance and ensure that spending remains within
2. Cabinet supports appropriate action by services to curtail or reduce the reported forecasted service deficits.	approved limits and that the 3% minimum general fund reserve is maintained.
3. To approve the virements detailed in para 6.1.2	
To approve use of the ASC reserve as requested at 12.3 and further explained in Appendix D	

6. CAPITAL PROGRAMME UPDATE FOR THE PERIOD TO 31ST DECEMBER 2017

Cabinet considered the Capital Programme update for the period ended 31 December 2017 and requests for budget virements in respect of:

Schools and Inclusion - The procurement of the new School at Ysgol Bro Hyddgen has been delayed, which will impact on the delivery timescales for the overall project of the replacement Primary and Secondary School for Ysgol Bro Dyfi. This virement rolls forward £1.091m from 2017/18 to 2018/19.

Regeneration, Property & Commissioning - The refurbishment of Ladywell House is to take place in 2018/19. This virement is to roll £1m into 2018/19.

RESOLVED	Reason for Decision:
 The contents of this report are noted by Cabinet; and The Capital virements set out above be approved, and those over £500k be submitted to full council for approval. 	To outline the capital budget position as at 31st December. To ensure appropriate virements are carried out.

7. CODE OF PRACTICE ON ETHICAL PROCUREMENT IN THE SUPPLY CHAIN

Cabinet considered a proposal for the Council to sign up to the Welsh Government Code of Practice on Ethical Employment in Supply Chains (CPEESC). The code was designed to ensure that workers in public sector supply chains are employed ethically and in compliance with both the letter and spirit of UK, EU, and international laws and covered issues such as

- Modern Slavery and human rights abuses;
- Blacklisting;
- False self-employment;
- Unfair use of umbrella schemes and zero hours contracts; and
- Paying the Living Wage.

It was confirmed that local businesses contracting with the Council would be required to sign up to the code. Officers would work with Business Wales to make the paperwork as simple as possible.

RESOLVED	Reason for Decision:
The Council adopts and implements the Welsh Government's Code of Practice on Ethical Employment in Supply Chains (CPEESC) as set out in Appendix 1 to the report	A voluntary requirement from Welsh Government requires all organisation in receipt of public

8. TREASURY MANAGEMENT QTR 3 REPORT

Cabinet considered the Treasury Management report for the 3rd quarter. The Portfolio Holder for Finance advised that as at 31 December 2017 the Council had no cash invested as it was instead used to support the capital programme.

RESOLVED	Reason for Decision:	
That the Treasury Management Quarterly Report be received.		

County Councillor Aled Davies left the meeting at 11.37.

9. SETTING OF COUNCIL HOUSE RENTS

Cabinet considered Council Housing Rents, Garage Rents and all property and tenancy related service charges. The proposal was that with effect from April 2018 the rent increase for the majority of HRA tenancies (2,119 properties) was 4.5%, that for a further 991 homes the increase was greater than 4.5% but less

than 4.5% + £2.00 per week and that for a further 2,232 homes the increase would be 4.5% plus £2.00 a week (6.4%). Members asked for a review of the level of garage and garage plots rents to be undertaken to compare levels with the commercial sector. Members also asked about support for tenants in arrears and were advised that a significant proportion of officer time was spent assisting tenants in arrears. The Head of Housing confirmed that the homelessness strategy was being reviewed and would be brought to Cabinet for consideration in the autumn.

RESOLVED

- 1. The rent increase for 2018-19, as set out in paragraph 2.6 of the report is agreed.
- 2. The proposed service charge regime for 2018-19, as set out in Table 2 of the report is agreed.
- 3. The proposed HRA garage rent and garage plot rents for 2018-19, as set out in Table 3, is agreed, however an urgent review should be undertaken to assess levels of garage rental within the context of rental costs of equivalent space in the commercial sector.
- 4. The proposed weekly occupancy charge and service charge for a plot on council run Gypsy & Traveller sites for 2018-19, as set out in Table 4 is agreed.
- 5. The weekly occupancy charge for temporary homelessness accommodation remains at its current level, until the conclusion of the Homelessness Review.
- 6. Other housing related charges are increased by 4.5% for 2018/19.

Reason for Decision:

To maintain a viable Housing Service and Business Plan and remain compliant with legislation (Part IV Housing (Wales) Act 2014)

10. Q2 ADULT SERVICES SAFEGUARDING REPORT

Cabinet considered the safeguarding report for Adult Services for the 2nd quarter. The Portfolio Holder for Adult Services advised that he expected the way in which safeguarding was reported would change in light of the CIW inspection. He welcomed the letter from the Office of the Public Guardian advising that an assurance visit to inspect the Council's management of its deputyship cases had found the service provided by the deputyship team to be excellent and that the team was well managed, effective and competent.

RESOLVED	Reason for Dec	ision:	
In accordance with its safeguarding	Safeguarding	is	everyone's

respor	nsibilities,	that	Cabinet	business and this report provides
accept	ts the safegu	ıarding ι	update.	assurance to Cabinet that effective
				work on important safeguarding
				matters is underway both locally
				and regionally.

11. PUTTING IN PLACE A CORPORATE SAFEGUARDING POLICY AND A CORPORATE SAFEGUARDING GROUP

Cabinet considered proposals to establish a Corporate Safeguarding Group and its terms of reference. It was emphasised that safeguarding was a whole Council issue and that the remit of the group would be wider than Children's and Adult Social Care. In view of this it was suggested that the Portfolio Holder for HR, ICT and Communications should be added to the membership. The Acting Chief Executive would chair for the first six months and then it would be chaired by the Director of Social Services.

RESOLVED	Reason for Decision:
1. That the Council adopts the	1. To outline the steps that the
draft Corporate Safeguarding Policy and Procedure.	Council will take to protect and safeguard children and adults at risk; and to provide guidance for all councillors, employees, volunteers and contracted service providers on what to do if they suspect a child or adult may be experiencing harm or is at risk of harm.
2. That the Council agrees to establish a Corporate Safeguarding Group, as set out in the draft terms of reference subject to the Portfolio Holder for HR, ICT and Communications being added to the membership.	2. To ensure effective corporate arrangements for safeguarding and protecting children and adults at risk across all Council services.
3. That relevant Scrutiny Committees and the Cabinet receive six-monthly reports from the Corporate Safeguarding Group.	3. To enable elected Members to exercise effective oversight of this critical area of work.

12. RESPONSE TO THE JOINT AUDIT - EDUCATION SCRUTINY WORKING GROUP REPORT

Cabinet considered the response to the Joint Audit/Education Scrutiny Working Group report into the financial viability of schools.

The Portfolio Holder for Education welcomed the Scrutiny report. She advised that a clear understanding of the schools funding formula and the cost of delivering the curriculum was urgently needed and that work to develop the funding formula was underway. She told Cabinet that 15 schools had unlicensed deficits. Officers were supporting these schools to remove all 15 deficits as a matter of urgency. Cabinet had recognised the pressures on schools and were recommending an additional £1m in the budget plus £250k for dual stream schools. The Portfolio Holder thanked those governing bodies who had developed their curriculums to keep within budget. Two secondary schools that had yet to submit recovery plans and further intervention measures were being progressed.

The Director of Education advised Cabinet that every school would be expected to meet the 1 May deadline for submitting a budget plan or action would be taken.

The Chair of Audit Committee said that he would take the report back to the working group and report back to Cabinet if necessary.

RESOLVED:	Reason for Decision
•	To comply with the Authority's scheme for the financing of schools

13. CORPORATE LEADERSHIP GOVERNANCE IMPROVEMENT PLAN

Cabinet considered the Corporate Leadership Governance Improvement Plan which had been developed to address the observations made by CSSIW regarding Powys Children's Services, on the Council's approach to leadership and governance. It aligned with the Council's Vision 2025 and contained a significant programme to ensure that the Council is a well-run, aspirational and high-performing organisation.

County Councillor David Selby presented the observations of the Scrutiny group explaining that observations had to be submitted by email due to a Council budget seminar being called when the group had been due to meet. He regretted that there had not been enough time to scrutinise such an important document. Whilst appreciating that the plan had been produced in response to the CSSIW inspection of Children's Services, Scrutiny members felt that the plan focused too much on Children's Services and not the Council as a whole. It was not clear to

the Scrutiny members how they would be involved in monitoring progress and they doubted that all of the target dates could be met. They also felt that the document contained too many acronyms and that it would have benefited from the inclusion of a glossary.

The Director of Education acknowledged the points made by Scrutiny and advised that some of their comments had already been incorporated in the latest draft of the plan. He explained that the Plan was a living document that would go through many iterations and that it would be subject to further scrutiny.

RESOLVED	Reason for Decision:
To approve the Corporate	To continue to address the
Leadership and Governance Plan	recommendations of CSSIW and to
as a living document subject to	contribute to the making it Happen
further scrutiny.	Programme: Vision 2025.

14. UPDATE FROM THE ANTI-POVERTY CHAMPION

County Councillor Joy Jones, the Council's Anti-Poverty Champion and the Business Continuity and Risk Management Officer gave a presentation on the work of the cross party anti-poverty group. The Group had visited Machynlleth and Knighton and had been impressed by the way community groups stepped in to provide essential support to people in need.

The Leader thanked Councillor Jones and the group for their work and suggested that it should be shared more widely with members, perhaps on a member development day.

15. DRAFT TRACC BOARD MINUTES

Cabinet received the draft minutes of the TraCC Board meeting held on 23 November 2017.

16. | CORRESPONDENCE

There were no items of correspondence reported.

17. DELEGATED DECISIONS TAKEN SINCE THE LAST MEETING

Cabinet received details of delegated decisions taken since the last meeting.

18. FORWARD WORK PROGRAMME

Cabinet received details of the forward work programme. The Portfolio Holder advised that there would be a report on the reconfiguration of primary education in Dyffryn Banw coming to Cabinet on 13 March.

County Councillor M R Harris (Chair)

CYNGOR SIR POWYS COUNTY COUNCIL

CABINET EXECUTIVE 20 February 2018

REPORT AUTHOR: County Councillor Myfanwy Alexander

Portfolio Holder for Education and Welsh Language

SUBJECT: Gwernyfed High School 21st C Schools Capital

Programme

REPORT FOR: Decision

1. Summary

1.1 The purpose of this report is to seek approval to increase the capital budget for Gwernyfed High School's 21st c Schools project by £500k, to a maximum of £7.2m and to take forward the remodelling of the school based on the specification laid out in Option B in this report.

Appendix 1 – cost estimate

2. Background

- 2.1 The authority is currently implementing a significant school capital investment programme as part of the Welsh Government's 21st C Schools Programme. The aim of the Programme is the:
 - reduction of poor condition school buildings;
 - provision of the right number of places in the right places to serve local pupil demand by reducing surplus capacity, and addressing specific Welsh medium and Faith based provision needs;
 - reduction of running costs so as to maximise resources available to target improvements to learner outcomes;
 - promotion of sustainability through reducing recurrent costs, energy consumption and carbon emissions.
- 2.2 On 27th September 2015, Cabinet considered a report relating to proposals for the closure of Gwernyfed and Brecon High Schools and the establishment of a new secondary school on a new build campus to replace both schools, to be located in Brecon. However, having considered the consultation report that outlined the views of a significant number of stakeholders, Cabinet agreed to abandon the proposals for closure, and also agreed the following:

'To submit a revised Outline Business Case to Welsh Government's 21st C Schools Programme for capital investment in both campuses and to increase the budget for the Project by £8m financed by a Welsh Government capital grant and Prudential Borrowing. This will include a new

build 11 – 18 campus in Brecon and improvements to the Gwernyfed campus.'

2.3. In November 2016, Welsh Government approved the OBC and therefore agreed, in principle, to match fund the project to the value of £6.7m. Since then, officers have been working with the school to explore options for these improvements. As Gwernyfed High School is an additional project in Band A of the 21st Schools Programme, and was not part of the original costed Programme, the budget has been limited to £6.7m and only options for remodelling have been considered. The focus therefore, during the development of design options, was on identifying options that could provide the best value for Gwernyfed High School within the funding available, with the priority being to provide high quality teaching and learning spaces.

3. Issues with the condition of Gwernyfed High School

- 3.1 Gwernyfed High School is a secondary school with 440 pupils located at Three Cocks, Brecon. The main school building is a large Grade 2* listed Victorian Mansion House which was built in 1880 and has been used as a school since 1950. The building has 3 storeys, a basement and provides the school's administration facilities, 6th form provision, extensive storage areas and some of the teaching areas.
- 3.2 A sports hall building, comprising a 3-court hall with stage area, old changing rooms and storage, adjoins the Mansion House, built since 1970s. Additionally, a number of separate modern buildings are located on the site, providing the remainder of the teaching areas, drama/music rooms and dining facilities. The majority of the general classrooms and science laboratories are located in Teaching Block B. The school sits in extensive grounds including a formal listed garden, a ha-ha, multi-surface sport courts and playing fields.
- 3.3 Currently, some of the school buildings and facilities have a variety of issues which would require work in order to make them fit for purpose in the long term for a 21st century school:-

Mansion House -	has many issues including fabric failures, M&E work requirements, internal refurbishment requirements and the fact that the rooms within the building mostly do not provide the space standards which a 21st century school requires.
Teaching Block B -	has issues including fabric failures, M&E work requirements and internal refurbishment requirements.
The Sports Hall -	has issues including M&E work requirements, internal refurbishment requirements and the fact that the hall does not provide the space standards which a 21st century school requires.
Car park area -	there is limited car parking area due to bus/coach parking and turning requirements, unmarked parking bays and access requirements by adjacent properties.

3.4 The schools building condition is poor, and has been classed as follows:

	Condition	Suitability	Sustainability
Gwernyfed HS	С	B/C	С

4. Options Considered

4.1 A working group was established, which included the following membership:

Headteacher – Gwernyfed High School Chair of Governors – Gwernyfed High School Vice Chair of Governors – Gwernyfed High School Business Manager – Gwernyfed High School Project Manager – Schools Service Project Manager – HOWPS

- 4.2 The main options considered were:
 - Option A: Refurbishment only;
 - · Option B: Refurbishment and new build; and
 - Option C: Wholescale school reconfiguration
- 4.3 A number of initial outline designs were developed within these three options, and a summary of the advantages, disadvantages and estimated costs can be seen below:

Option A – Refurbishment only

Total cost of Option A as investigated further = £6.5M

This option would see extensive refurbishment to teaching block B, general refurbishment of the existing sports hall and the mansion house buildings. The majority of the budget would be used for upgrading the fabric of the buildings.

In the mansion house, the external repair and refurbishment would be substantial. This would include repairs to the roof, repair or replacement of guttering and windows, brickwork and stonework repairs, chimney works, works to railings and some external decoration. A new entrance would be constructed with sliding doors.

-

Grade	Description
Grade A	Good. Performing as intended and operating efficiently
Grade B	Satisfactory. Performing as intended but exhibiting minor deterioration
Grade C	Poor. Exhibiting major defects and / or not operating as intended
Grade D	Bad. Life expired and / or serious risk of imminent failure

¹ Building condition descriptors

Teaching block B would have extensive refurbishment both internally and externally, and the sports hall would also be refurbished.

No works are proposed to be carried out to the drama/music block, or the dining hall, as these are newer buildings and in good condition. Furthermore, the existing car parking will remain in use and would have minimal upgrading works.

This is the preferred option within the available budget, and is supported by the governing body of Gwernyfed High School. The Beacons Project Board requested a detailed cost estimate for this option.

Advantages

- Significantly improves condition of teaching block (B) and the mansion house
- Provides a new reception area for the school
- Improves condition of some areas of the mansion house
- Affordable within the available budget
- Supported by the governing body
- Achievable within timescales

Disadvantages

- Value for money is questionable, as a significant proportion of the funding will be spent on improving a grade 2 listed building;
- Even with this investment, the condition of the school will remain as condition C because the mansion house is retained. This does not meet Welsh Government's criteria for 21st C Schools and therefore presents a risk that it may not be supported by Welsh Government;
- Whilst the option will significantly improve facilities in teaching block B and the sports hall, these will be below the requirements expected for 21st C Schools;
- Maintenance costs will continue to be high due to the need to maintain the mansion house;
- Significant risk of unknown costs with the mansion house, that may impact on the budget or may require additional funding to ensure that the work is completed. A contingency of 10% has been included within the cost estimate advice from property colleagues indicate that this is far too low and that a contingency of 25% is usually applied to refurbishment of old buildings such as this.
- Applying a 25% contingency to this option means that it is over the available budget.

Option B - Refurbishment and new build

Total cost of Option B = £7.2 million

The preferred design within this option has an estimated cost of £7.2m – detailed costs are included in Appendix 1.

The main features include reorganising and upgrading the existing teaching block B and the construction of a new teaching block, to 21st C Schools

standards, and the relocation and construction of a new sports hall. There would also be work to upgrade access and car parking.

The design does not include any spend on the mansion house, which would enable the school to reduce its usage of the building and/or to consider removing it completely from school use.

Teaching block B would be extensively refurbished internally and externally.

A brand new high quality teaching block would also be constructed to replace general classrooms from teaching block B and other teaching areas that are found in the mansion house.

Advantages

- Provides a value for money solution by delivering 21st C Schools facilities, with the funding invested in improvements to teaching and learning environments;
- Provides a high quality teaching block which will complement the current teaching block (B),
- Provides a significant improvement to sports facilities
- Improves access and car parking, and safeguarding issues are addressed:
- The school would become a condition B school, therefore meeting the Welsh Government's criteria for 21st C Schools, and therefore meeting the requirements of match-funding;
- The school could reduce its use of the mansion house, thereby reducing maintenance costs
- Mansion house could potentially be utilised for other uses e.g. by the community, or could be a capital receipt for the authority to be reinvested in the schools capital programme;
- There is less risk to the funding, both in terms of Welsh Government support, and also by reducing the unknown risks associated with Option A.
- The option is achievable within timescales;
- Even though the options within this category are over budget, it would be possible to increase the budget by re-prioritising spend within Band A (2014 – 2019) of the 21st C Schools Programme, or by partially funding it from Band B of the 21st C Schools Programme, which begins in April 2019 until 2024.

Disadvantages

- The mansion house is considered to be a unique feature of Gwernyfed High School and there are strong community links with the building and site, and it may be unacceptable to the school/community to lose the mansion house from school use;
- If the authority want to dispose of the mansion house in order to maximise its value for sale, there would be additional capital costs required for associated work e.g. car parking. These costs would need to be funded from the Council's capital programme and are estimated to be approximately £1.2m;

- The cost of maintaining a grade 2 listed building could affect future use of the building, and may not be attractive to any potential users/buyers;
- The location of the mansion house may also not be attractive to any potential users/buyers as it will be next door to a secondary school, therefore confining potential usage in future;
- The options within this category are over-budget by £500k and additional funding must be found.

Option C – Wholescale school reconfiguration

Total cost of Option = £9.9 million

This option would see the complete reorganisation of school facilities by removal of the mansion house and sports hall from school use, the construction of a new teaching block and sports hall, the upgrading of the existing teaching block and the construction of new bus and car parking areas.

Advantages

- Provides a value for money solution by delivering 21st C Schools facilities, with the funding invested in improvements to teaching and learning environments;
- Provides a high quality teaching block which will complement the current teaching block (B),
- Provides new sports facilities
- Improves access and car parking, and safeguarding issues are addressed;
- The school would become a condition B school, therefore meeting the Welsh Government's criteria for 21st C Schools, and therefore meeting the requirements of match-funding;
- The school could reduce its use of the mansion house, thereby reducing maintenance costs
- Mansion house could potentially be utilised for other uses e.g. by the community, or could be a capital receipt for the authority to be reinvested in the schools capital programme;
- There is less risk to the funding, both in terms of Welsh Government support, and also by reducing the unknown risks associated with Option A.

Disadvantages

- The mansion house is considered to be a unique feature of Gwernyfed High School and there are strong community links with the building and site, and it may be unacceptable to the school/community to lose the mansion house from school use;
- If the authority want to dispose of the mansion house in order to maximise its value for sale, there may be additional capital costs required for associated work e.g. car parking. These costs would need to be funded from the Council's capital programme;

- The cost of maintaining a grade 2 listed building could affect future use of the building, and may not be attractive to any potential users/buyers;
- The location of the mansion house may also not be attractive to any potential users/buyers as it will be next door to a secondary school, therefore confining potential usage in future.
- The option is over budget, and would need to be funded from Band B of the 21st C Schools Programme, which starts from April 2019 2024, therefore reducing the amount available for those projects/schools already prioritised for this funding in Band B;
- Timescales would be affected as this project would need to be rescheduled within the Band B programme schedule;

5. The proposal

- 5.1 It is recommended that the budget for this project is increased by £500k to £7.2m in order to deliver a refurbishment and new build option that will
 - Improve the current teaching and learning facilities;
 - Provide new high quality, 21st C schools standard, teaching and learning facilities
 - Improve accessibility and safeguarding at the school;
 - Improve the sports hall, which is utilised significantly by the school and local community groups.

6. Reasons for the proposal

- 6.1 Option A carries the most risk to the authority and the project in terms of securing match-funding from Welsh Government and from the unknown costs of refurbishing a grade 2 listed building. However, this option is achievable within the agreed budget, but any increase to the contingency level will take this option over budget.
- 6.2 Option C provides the best overall solution, but would require a significantly increased budget, which could only come from Band B of the 21st C Schools Programme. This will affect timescales, and impact on the priority projects already identified in Band B.
- 6.3 Option B, therefore, provides the best value for money solution and will deliver 21st C Schools facilities. Additional funding will be required in order to implement any of the designs within Option B, but the additional funding required is £500k, and can be funded either from Band A or B of the 21st C Schools Programme, therefore not affecting timescales. There is also potential for school use of the mansion house to cease which would lead to a capital receipt for the Authority to reinvest in schools and other public services.

7. <u>Impact Assessment</u>

- 7.1 Is an impact assessment required? No
- 7.2 If yes is it attached?
- 8. Corporate Improvement Plan
- 8.1 Plans for Powys Schools Vision 2025
- 9. Local Member(s)
- 9.1 All local members

10. Other Front Line Services

Does the recommendation impact on other services run by the Council or on behalf of the Council? Yes

In order to take forward the refurbishment of Gwernyfed High School, it is necessary to seek support from a number of services, including schools service, HR, finance, legal, governor support, property, ICT and communications. Dependent on the nature of the change proposed, it may be necessary to seek additional support within these service areas from time to time – a resource plan has been developed.

11. Communications

Have Communications seen a copy of this report? Yes

Communications comment:

12. <u>Support Services (Legal, Finance, Corporate Property, HR, ICT, Business Services)</u>

- 12.1 Legal: The recommendations can be supported from a legal point of view
- 12.2 Finance Finance The Interim Professional Lead for Finance confirms that this scheme is part of the 21st century schools Band A programme totalling £89m, of which Welsh Government are funding £43.2m. There is some flexibility on the project because of the delays and possible redefining to other schemes, so the original budget of £6.7m can be increased by £500k and still managed within the existing financial envelope. The extra £500k is funded 50/50 between the council and Welsh Government.

Revenue costs from this proposal are unlikely to rise because of the improved energy efficiency for the new buildings. The change in floor area may impact on the delegated funding provided to the school and the continuing costs associated with the Mansion House will need to be considered, once identified these factors will be incorporated into the relevant service Financial Resource Model (FRM)

12.3 Corporate Property (if appropriate)

The Professional Lead for Strategic Property- supports this proposal as it provides the best value for money and does not include the risk of dealing with listed building

- 12.4 HR (if appropriate)
- 12.5 ICT (if appropriate)

13. Scrutiny

Has this report been scrutinised?

No

If Yes what version or date of report has been scrutinised?

14. <u>Statutory Officers</u>

The Head of Financial Services (Acting Section 151 Officer) notes the comments made by Finance.

The Solicitor to the Council (Monitoring Officer) has commented as follows: "I note the legal comment and have nothing to add to the report".

15. <u>Members' Interests</u>

The Monitoring Officer is not aware of any specific interests that may arise in relation to this report. If Members have an interest they should declare it at the start of the meeting and complete the relevant notification form.

Recommendation:	Reason for Recommendation:
To increase the budget for Gwernyfed	To provide a value-for-money solution
High School's capital project by £500k to	that is focused on improving teaching
£7.2m and take forward the remodelling	and learning and will deliver 21st C
of the school based on the specification	Schools facilities.
laid out in Option B in this report.	
	This will also ensure that the project can
	go forward within the funding timescales.

CYNGOR SIR POWYS COUNTY COUNCIL.

Cabinet 20th February 2018

REPORT AUTHOR: County Councillor M Alexander, Portfolio Holder for

Education

County Councillor A Davies, Portfolio Holder for

Finance

SUBJECT: Schools Funding Formula Review

REPORT FOR: Information

1. <u>Summary</u>

1.1 The schools fair funding formula is the method used to allocate the schools delegated budget to individual schools and is required by regulation.

1.2 In February 2017 Cabinet requested a fundamental review of the Schools funding formula due to concerns about the level of deficit occurring in some schools and the need to ensure all schools are able to deliver a minimum curriculum.

2. Background - Function of the Review

- 2.1 The aim of the review is to create a formula that funds schools in a clear, transparent, objective and measurable way. Schools have a perception that the formula is complicated and will have an input into reviewing the model so there is a full understanding of how the revised formula operates.
- 2.2 Reviewing the formula does not change the financial envelope that will be available, the allocation of the funding across schools and sectors may change. There will need to be a plan to manage expectation and potentially identify a growth requirement to meet the cost of the minimum curriculum.
- 2.3 Regulation states that 'it is desirable that the formula is simple, objective, measureable, predictable in effect and clearly expressed'.
- 2.4 This review builds on the work already started during the 2017/18 financial year, and utilise the externalise expertise to lead on the first stage of the review, utilising education and finance officers, with updates to the formula review group. This includes gathering information from other Local Authorities to provide challenge and explore concepts. An ERW finance group has been established to compare formula's methodologies and delegation rates across other authorities.
- 2.6 **Membership -** Membership of the group covers the key stakeholders, and the necessary people will be invited to monthly meetings:
 - Schools Finance Manager Lead
 - 6 Secondary School Headteachers Representatives
 - 6 Primary School Headteachers Representatives
 - Special School Headteachers Representatives
 - Schools Service Officers
 - School Forum Representatives

- Financial Services Officers
- 2.7 Reporting -Regular updates on the progress of the review will be provided to Schools Forum, Schools Service Management Team and relevant Portfolio Holders by the Schools Finance Manager and will be tracked as part of the Schools Service Accountability Framework, in line with the attached project plan. Meetings and communication with other stakeholder forums including the Youth Forum will form part of the review processes.
- 2.8 **Outcomes and Decision Making -** A report for cabinet will be prepared for early autumn that details;
 - The findings from the review
 - The proposed changes to the formula
 - The cost and impact of the changes that are being proposed
 - The proposed consultation to be undertaken in line with the scheme

3. Progress to date

- 3.1 The group have met on 3 occasions during the late summer early autumn, once as a group across all sectors and once each as sector specific groups.
- 3.2 The work undertaken involved:-
 - Discussing the principles that underpin the formula,
 - The key cost drivers,
 - Issues identified around the current elements of the formula,
 - Limiting the formula to more lump sum elements,
 - Identifying alternative ways of funding
 - Further modelling of proposals to be taken forward.
- 3.3 The review group were keen to establish base levels of curriculum provision as the basis of the formula, this basis would then underpin the funding model.
- 3.4 The review group felt that once the basis of the formula was agreed and costed, then comparisons should be made to the funding envelope and decisions taken of how to balance to the funding available.
- 3.5 The review group require a clear and transparent formula that is accessible and understandable for all.
- 3.6 External expertise has been commissioned to work one to two days per week to lead on the first stage of this review, through until April 2018. She will, in part cover off the role of the Finance Manager, because this post is now vacant. Attached as Appendix C are slides that show the project outline, and have been circulated to key stakeholders.

4. External Expertise

- 4.1 The Council has drawn on some external expertise to assist us with our work. She has over twenty years' experience of local authority school finance leadership as well as work with the DfE and individual schools, provided us with a day of support on the 6th September. She has now agreed to support the formula review through until April 2018 when the first milestone concludes.
- 4.2 The visit in September was arranged to include the following key areas of interest:

- An external perspective of the formula review work, drawing on experience at a local and national level;
- Consideration of the data available to inform this work and ways to secure additional evidence;
- Specifically, exploration of the scope for development of a curriculum referenced funding model, particularly for secondary schools to provide both a reasonableness test for the formula and a tool for working with secondary schools to resolve budget shortfalls.
- 4.3 The Expert's observations and recommendations from the initial one day visit are set out in Appendix A

5. Proposal

- 5.1 The timetable attached in Appendix B is noted as the timetabled plan for undertaking the fundamental review of the formula for funding schools. The review should be completed, consulted upon in readiness for implementation of the agreed changes in allocating budgets to schools in 2019.
- 5.2 A more detailed plan listing weekly meetings through until April 2018 is being prepared.

6. Resources

- Both Schools and Financial services will need to review their available resource requirements to identify leads who will undertake this piece of work through 2018.
- 6.2 Finance have brought in expertise to support the process through to April 2018.

7. Options Considered / Available

7.1 N/A

8. Preferred Choice and Reasons

8.1 To complete the fundamental review of the fair funding formula in line with cabinet's request in early 2017.

9. Impact Assessment

- 9.1 The approach taken through the review and subsequent consultation will result in an impact assessment being completed as part of the final stage of the review that is submitted to Cabinet in the autumn term 2018.
- 9.2 If yes is it attached? No

10. Local Member(s)

10.1 All local members are affected

11. Other Front Line Services

11.1 Does the recommendation impact on other services run by the Council or on behalf of the Council? Yes the review will include the review of traded services with schools and the provision of amended SLA's and services agreements from the start of the 2019-20 financial year.

12. Communications

12.1 Have Communications seen a copy of this report? Yes/No

Have they made a comment? If Yes insert here.

13. <u>Support Services (Legal, Finance, Corporate Property, HR, ICT, Business Services)</u>

- 13.1 Finance This review is essential to ensure there is full sign up to the formula distribution methodology in the long term. The financial envelope will not change, so everyone must be aware that there will be winners and losers from the review.
- 13.1 Legal: The recommendation can be supported from a legal point of view

14. Scrutiny

Has this report been scrutinised? Yes / No

15. Statutory Officers

- 15.1 The Acting S151 Officer supports this review and approved the use of Finance budgets to cover the cost of an interim expert to ensure the initial milestone is completed to deadline in April.
- 15.2 The Solicitor to the Council (Monitoring Officer) has commented as follows: "I note the legal comment and have nothing to add to the report".

16. Members' Interests

The Monitoring Officer is not aware of any specific interests that may arise in relation to this report. If Members have an interest they should declare it at the start of the meeting and complete the relevant notification form.

Appendix A - Expert Observations

A fundamental review requires a significant amount of time and timing is tight. The more fundamental the review, the more time will be needed to refine options and explain proposals and it may be that this year could be positioned as the first stage of a two or three year process.

The main bulk of the funding hinges on a set of calculations about the number of teachers a school needs – a basic calculation, with adjustments for management and leadership, Welsh medium and small school/class size protection. This is much more sophisticated than a simplistic lump sum and per pupil formula and it provides for a meaningful conversation with both politicians and school leaders over the extent to which the formula adequately funds educational provision.

However, there is also an opportunity to review the model against the LAs minimum expectations of a school and the affordability of current levels of protection.

She recommends a dialogue with Members and school leaders about minimum requirements, about the nature of the affordable educational offer in Powys (including subject offer in secondary) and about the extent to which heads and governors want a guide to the affordable number of teachers or whether they would prefer less direction.

Overall, on formula review she recommends:

- Consider the desirable simple/sophisticated balance that works for schools and the LA. A sophisticated formula can target funding really effectively if well designed and linked to policy objectives. A simple formula, with a heavy emphasis on funding per pupil ignores the fact that most costs are driven by the number of classes and some costs are fixed. The later approach works well for large schools with economies of scale and sufficient senior management and finance capacity.
- Formularise as much as possible of the small school/class size protection arrangements as possible, giving schools predictability, encouraging forward planning and reducing LA workload.
- Take steps to improve FSM numbers with less onerous registration arrangements, if Possible Remove elements of the formula with out of date descriptions, values or burdensome data collection and replace with a simple allocation which provides for local discretion.
- Ensure phase differences are justifiable.

The review of the formula requires a discussion about what can realistically be afforded, in small schools in Powys in the current climate of austerity is an important for active engagement of heads, governors and councillors.

Once clear about the key educational parameters (class size, contact ratio or PTR, subject choices, balance of the timetable between core and options (KS4), mixed year groups or not, etc.), and armed with a small number of key data points (average teacher salary,

proportion of spend on teachers, uplift in teacher numbers for deprivation), a high level curriculum led funding model could be built with relative ease.

Schools Funding Formula Review

Phase 1

Research, analysis and design

Context and ambition

- All schools should be resourced sufficiently to deliver the expected curriculum, without building up a deficit
- The review will consider the current schools fair funding formula and design a new methodology for implementation from April 2019, with reasonable transitional arrangements and appropriate phasing
- The formula should be:
 - Clear and transparent
 - Objective and measureable
 - Predictable in effect
 - Without perverse incentives
 - Affordable, within the available funding envelope
 - Sustainable educationally and financially
- Scope funding for primary, secondary and special schools, including post 16 and ALN in mainstream, and the balance between delegated and central retained budgets

So far:

- Meetings of the Formula Review Group (combined and phase specific) to consider formula development – scope to build on feedback to date
- Information gathering from other local authorities
- Engagement with an ERW finance group to compare methodologies and output
- External review by a school finance specialist

All concluded that the process should be:

Establish base/minimum level of curriculum provision and link to ALN review – the Powys educational offer

Understand the cost drivers and the available data and develop a funding model

Consult, compare to funding envelope and agree transitional and implementation arrangements

A balancing act?

- Simple (efficient to calculate, easy to understand with maximum scope for delegated budget setting) vs sophisticated (reflecting the variations between schools and their unavoidable circumstances and providing a framework for school budget decisions)
- Protecting small schools (and/or provision in isolated areas) vs encouraging growth
- Prioritising early education or the final stage
- Effective targeting of resource for those pupils who need more vs the risk of underfunding core provision
- A weighted formula (divide the funding pot by the data) or an absolute formula (data and policy driven funding envelop)

Once consultation includes figures the outcome is broadly predictable..... So lets start by talking about teaching and learning and our ambition for children.

Fixed points? Clear policy? Regulation?

- 2025 Vision Learning and Skills Programme and the Medium Term Financial Strategy
- Schools Transformation Policy
- Foundation Phase class size limitations through regulations plus movement towards require Adult:Pupil ratios
- Primary, secondary and special schools planning assumptions around class sizes
- Teacher workload considerations
- Educational outcomes and gaps in achievement for specific groups of pupils
- Clear links to Post 16 Review
- ALN Reform Act and the Powys ALN Review
- 21st Century Schools and impact on premises related expenditure, capital and revenue
- Levels of delegation and policy on free/traded services
- Current funding envelope guided by Pupil Teacher Ratio (currently Primary 28.1, Secondary 26.5)
- New Welsh curriculum and the Welsh Baccalaureate
- Welsh language requirements and expectations
- Health and Wellbeing expectations and the support for vulnerable children and their families

The key players

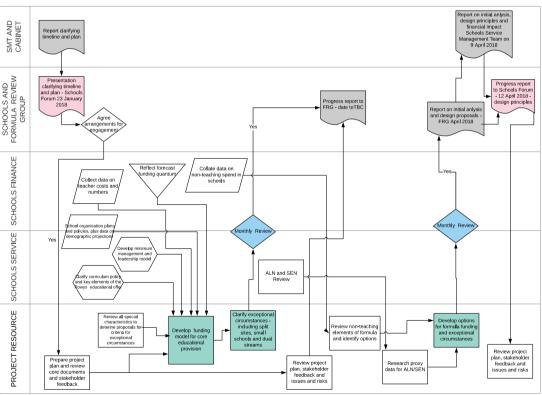

- Parents and pupils and the wider community, represented through the Youth Forum, parent representatives on Scrutiny and by Councillors, with important input on educational expectations
- Schools headteachers, finance and business managers, staff and governors
- The Schools Service, with the links to the design of educational provision (and the role of schools in the community) in Powys schools and the nature of support for pupils with additional learning needs
- The Finance Service, ensuring that schools can manage within the budget allocated and that the methodology for funding distribution is efficient and manageable, to avoid mistakes and delays in notification of budgets

Engagement in the debate should be on the basis of meeting the needs of **all** Powys pupils.

FORMULA REVIEW PROJECT OUTLINE - PHASE 1 - ANALYSIS AND DESIGN

Susan Fielden | January 18, 2018

Just enough project management to keep time, budget, quality, risk and engagement in balance

The basic building blocks

Core educational delivery and basic running costs

Additional educational need and social deprivation

School funding formula

Costs relating to the site, facilities and establishment

Other factors and adjustments

The factors available

Factors relating to core educational delivery and basic running costs

Number of pupils, (can be weighted by age, SEN and/or education in Welsh)

Curriculum-related transport (actual or estimated)

School meals or milk

Salaries (actual or estimated) in accordance with an LA scale

Salary safeguarding and social priority allowances

Additional costs of meeting infant class size regulations

Additional costs relating to limits to junior class sizes

A single/lump sum, subject to conditions but regardless of size

Factors relating to the site, facilities and establishment

Relative size and condition of buildings and grounds

Rates (actual or estimated)

Water and sewerage (actual or estimated)

Energy

Rent of premises or facilities (actual or estimated)

Cleaning

Insurance

Contracts let by the LA (actual or estimated)

Number of pupils, (can be weighted by age)

A single/lump sum, subject to conditions but regardless of size

Factors relating to additional need Social deprivation

SEN factor, based on LA assessment of need

Incidence of pupils for whom English/Welsh is not first language

Turnover outside normal admissions

Incidence of pupils from ethnic minorities with below average levels of achievement

Incidence of places reserves for children with SEN

Prior attainment

School funding formula

Other factors and adjustments

A single/lump sum, subject to conditions but regardless of size

Cost of admissions met from LA budget

Private Finance Initiative

Split site and special facilities

Discontinuation adjustment

Contracts let by the LA (actual or estimated)

Payroll costs (based on number of staff)

Any other factor, no more than 1% of LA budget

Effect of taxation on schools

Incidence of NQTs

Housing development or armed forces movements affecting school roll > 20%

In contrast, the factors available in England (as an example of a simplified system):

Core educational delivery and basic running costs Per pupil funding - primary, KS3 and KS4 Primary and secondary phase fixed lump sum Ever6FSM - entitled during last six years IDACI score - six bands

School funding formula

Other factors and adjustments

High levels of pupil mobility

• Low prior attainment

• English as an additional language

Pupil growth

Costs relating to the site, facilities and establishment

- Rates
- Sparsity funding for small and isolated schools
- PFI adjustment
- Split sites
- Exceptional premises circumstances

Spring 2019

Powys

The vision

The aim is to develop a fair funding formula for schools that adequately resources the agreed educational offer, that provides for the extra support that disadvantaged and vulnerable pupils need, that reasonably reflects the extra unavoidable costs faced by schools that are, in one way or another, special and different, within the budget available, and then to work towards it in a manageable way.

CYNGOR SIR POWYS COUNTY COUNCIL

CABINET EXECUTIVE 20 February 2018

REPORT AUTHOR: County Councillor Stephen Hayes

Portfolio Holder for Adult Social Care

SUBJECT: Increase in charges for Community Based Services

REPORT FOR: Decision

1. **Summary**

The maximum charge for Community Based Social Care Services is set by the Welsh Government. It is currently £70 per week, and has been since April 2017.

The maximum charge will increase to £100 per week by the end of the current Assembly Government in 2021. This increase is part of the Taking Wales Forward Commitment.

There is likely to be an incremental increase each financial year. Welsh Government plan to announce the increase prior to April annually in readiness for the start of each financial year.

This report proposes a process to agreeing the increase maximum charge in Powys annually.

2. Proposal

This report recommends that any increase to the maximum weekly charge for Community Based Social Care Services, in line with the set maximum charge set by the Welsh Government each financial year, will be at the discretion of the Cabinet Members with responsibility for Adult Social Care and Finance, in consultation with the Director of Social Services. This will be undertaken by provision of a Portfolio Holder's Decision Report. This will allow the Cabinet Members the ability to increase the charge to the maximum set by Welsh Government without the need for a report to Cabinet.

3. Options Considered / Available

Option 1

That the Cabinet Members with responsibility for Adult Social Care and Finance, in consultation with the Director of Social Services are given the discretion to set the maximum charge up to the maximum charge for Community Based Services as set by Welsh Government each financial year. This will be undertaken by provision of a Portfolio Holder's Decision Report.

Increases around unit costs for Community Based Services will still need to be agreed by Cabinet. A report will be need to be considered by Cabinet for any such increases including the full impacts.

Option 2

That a report is submitted to Cabinet prior to the start of each financial year and after Welsh Government has announced the maximum charge for Community Based Services. Cabinet will then either agree or disagree to increase the maximum charge for Community Based Services payable by the citizens of Powys

4. Preferred Choice and Reasons

The recommended option is Option 1.

In previous years, Welsh Government have made announcements regarding changes very close to the start of the financial year. This has meant Cabinet reports being prepared without adequate time for decision making.

It is likely that Cabinet Members with responsibility for Adult Social Care and Finance, in consultation with the Director of Social Services, will choose to increase the maximum charge in line with the maximum amount set by the Welsh Government. This has been the case since 2011 when the maximum charge was introduced. Allowing the Cabinet Members with responsibility for Adult Social Care and Finance, in consultation with the Director of Social Services, to implement the increase without a referral to Cabinet will streamline this process and will provide more time for service users and carers to prepare to meet the increased charges.

5. <u>Impact Assessment</u>

- 5.1 Is an impact assessment required? Yes
- 5.2 If yes is it attached? Yes

6. Corporate Improvement Plan

6.1 This proposal will streamline decision making within the Council and will maximise income generation in line with national policy.

7. Local Member(s)

7.1 This proposal will have the same impact across the whole County of Powys.

8. Other Front Line Services

8.1 Does the recommendation impact on other services run by the Council or on behalf of the Council? Yes

If so please provide their comments

8.2 There will be an impact on the work of the Income and Awards section which has been involved in preparing this report.

9. Communications

- 9.1 Have Communications seen a copy of this report? Yes
- 9.2 Have they made a comment? The report is of public interest and requires use of news release and appropriate social media to publicise the decision. It will be of interest a potential 42% increase in fees.

10. <u>Support Services (Legal, Finance, Corporate Property, HR, ICT, Business Services)</u>

- 10.1 Legal; The recommendation can be supported from a legal point of view
- 10.2 Finance The Finance Business Partner notes the content of the report and supports the recommendation. It is essential that income is maximised but the impact is unknown until revised financial assessments are undertaken for all service users.

11. Scrutiny

11.1 Has this report been scrutinised?

It will be scrutinised prior to Cabinet consideration.

12. Statutory Officers

- 12.1 The Acting Section 151 Officer agrees that Option 1 will ensure uplifts to charging is actioned promptly after the annual announcement from Welsh Government to allow time to get assessments and revised bills updated, thus maximising income to the authority.
- 12.2 The Solicitor to the Council (Monitoring Officer) has commented as follows: "I note the legal comment and have nothing to add to the report".

13. Members' Interests

The Monitoring Officer is not aware of any specific interests that may arise in relation to this report. If Members have an interest they should declare it at the start of the meeting and complete the relevant notification form.

5. Achievability of Policy / Change Objective / Budget Saving?

Impact on Service / Council	Deliverability of Policy / Change Objective / Budget Saving	Inherent Risk
High	High	Low

6. What are the risks to service delivery or the council following implementation of this Policy / Change Objective / Budget Saving?

Description of risks

Individuals decline service provision resulting in their wellbeing being compromised. The impact of this will vary dependent upon individuals' circumstances.

Judgement (to be included in service risk register)

Very High Risk	High Risk	Medium Risk	Low Risk
			J

Mitigating Actions Residual Risk

As appropriate, reviews to be undertaken of the individuals affected to consider alternative solutions, which could include telecare and maximising financial entitlements. Options of telecare via individual reviews could lead to 24/7 ongoing monitoring and support, mitigating risks.

Does the Policy / Change Objective / Budget Saving have potential to impact on another service area?

Income and Awards

7. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)

Cabinet Report Reference:

Low

The impact of this proposed change should enable positive decisions for the service, with varied impact upon residents who receive domiciliary care support and/or attend day care. The amount the Council can charge is capped and the proposal is to enable decisions to base this on the amount allowed by the Welsh Government Guidance.

8. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

No

9. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Routine social care reviews will be undertaken in line with current policy.

Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

Please state when this Impact Assessment will be reviewed.

12 months.
