5.	SAFEGUARDING CHILDREN: QUARTERLY UPDATE
-----------	--

In presenting the safeguarding report the Portfolio Holder stressed that the period it covered was October to December 2017 and that it was not the current position of the service which continued to show signs of improvement. The actions taken following the CSSIW inspection making Children’s Services a corporate priority with the support of the Improvement Board, Welsh Government and the Inspectorate had helped stabilise the service and now the focus needed to be on improvement. A follow up inspection in December had highlighted concerns about operational practice which were being addressed in the latest iteration of the Improvement Plan.

The Portfolio Holder gave the latest staffing figures for the service: there were 360 posts, of which 53% were permanent, 25% fixed term and the rest casual or agency staff. 43 agency staff had been brought in following the inspection report and the aim was now to reduce the number of agency staff and recruit full time staff and continue to stabilise the service. She noted that sickness levels which had been high during the period covered in the report had fallen considerably with only 15 staff taking sick leave in February.

The Portfolio Holder, Interim Director of Social Services and Interim Head of Children’s Services acknowledged that there was a considerable amount of work still to be done in areas such as the supervision of frontline staff. Roadshows were being held with staff dashboard of indicators was being developed for each team, to help them focus on and monitor their own performance in respect of assessments, visits to children, care planning and reviews and staff supervision. The Acting Chief Executive also noted that the appointment of a permanent Director of Social Services due to take up post in April would further help to stabilise the service.

RESOLVED	Reason for Decision
That Cabinet accepts the safeguarding update in line with its safeguarding responsibilities.	Safeguarding is everyone’s business and this report provides assurance to Cabinet of work that is underway both locally and regionally on

6.	SCHOOLS POLICY - PLANS FOR POWYS SCHOOLS AND FORWARD TRANSFORMATION WORK PROGRAMME
-----------	---

County Councillor James Evans left the meeting whilst this item was being considered having declared a prejudicial interest.

Cabinet considered feedback received during the recent consultation on the Plans for Powys Schools Policy, and an updated version, renamed the 'School Organisation Policy', and an associated Delivery Plan which outlined the Council's priorities for the period 2018-2021. The new policy would replace the current Schools Organisation Policy 2015, and would become effective from the 1st April 2018.

County Councillor David Jones presented the report of the Scrutiny Group which had looked at the policy and highlighted three areas of concern: issues raised by Wales Audit Office on need to increase the pace and scale of change, post 16 provision and the reducing number of pupils and courses in the face of competition from cross border sixth form colleges, and issues of governance and a lack of clarity of where decisions would be taken.

The Portfolio Holder for Education explained that the need to increase the pace of change was one of the main reasons for the revised School Organisation Policy. She acknowledged the competition from sixth form colleges noting that it showed that pupils were prepared to travel to access courses. Pastoral care and access to the Welsh baccalaureate compensated for some of the social pressures to go to sixth form colleges in larger towns. It was confirmed that all decisions would be taken by the Cabinet.

Members noted that not every pupil wanted to go on to take A Levels and that there had to be a range of options open to them as shown by the recent very successful careers fair. Members also discussed the review of ALN currently being undertaken and the configuration of special schools in the county noting the preference of many parents for their children to be educated close to their communities.

RESOLVED	Reason for Decision:
1. To approve the post-consultation version of the School Organisation Policy.	To enable the Council to move towards a more efficient network of schools
2. To approve the Delivery Plan for 2018-20.	

County Councillor James Evans returned to the meeting.
