QUESTIONS AT ANY TIME TO CABINET PORTFOLIO HOLDERS

Question From:	County Councillor Gareth Ratcliffe
Subject:	Household Waste Recycling Centres
Question To:	County Councillor Heulwen Hulme Portfolio Holder for Environment

Question:

Following on from the UK government announcement that they are looking to reopen recycling centres in England can you confirm the council's position and any details on the plan to reopen with social distancing measures?

With fly tipping increases across the county and within the National Parks it seems more important to assist residents as soon as safe to do so to help with handling recycling that can not be collected by the curb side method. Since the lock down the council have asked residents to store any excess and with the proposals of opening DIY stores and other similar business thus will possibly increase the need for this service.

I look forward to your response.
