QUESTIONS AT ANY TIME TO CABINET PORTFOLIO HOLDERS

Question From:	County Councillor Pete Roberts
Subject:	Control of Japanese Knotweed
Question To:	County Councillor Heulwen Hulme Portfolio Holder for Environment

Question:

I have now started to receive notification of Japanese Knotweed regrowth within my ward. Given the highly invasive nature of this plant and the often repeated intervention needed on a site over a number of years can you reassure me that Covid-19 will not be allowed to get in the way of our responsibilities in the respect of this and other notifiable species and can you also confirm the most effective method for Councillors and members of the public to notify occurrences and the level of service response they should expect this year?
