Meeting Venue Teams Live

Meeting Date Friday, 29 January 2021

Meeting Time 10.00 am

For further information please contact Lisa Richards

lisa.richards@powys.gov.uk

The use of Welsh by participants is welcomed. If you wish to use Welsh please inform us by noon, two working days before the meeting

## AGENDA

| 1. | APOLOGIES |
|----|-----------|
|----|-----------|

To receive apologies for absence.

#### 2. DECLARATIONS OF INTEREST

To receive declarations of interest from Members.

| 3. NOTES |  |
|----------|--|
|----------|--|

To receive the notes of the last meeting.

#### 4. DRAFT BUDGET 2021-22

To consider the draft budget. (Pages 3 - 676)

#### 5. DATE OF NEXT MEETING

The next meeting is scheduled to take place on 26 February 2021 at 10am.

County Hall Llandrindod Wells Powys LD1 5LG

21 January 2021

# Powys County Council's Medium Term Financial Strategy 2021 to 2026

-----

Yn agored a blaengar - Open and enterprising

## Foreword by the Leader

This Medium Term Financial Strategy (MTFS) sets out how the Council will develop its financial plans and manage its finances over the next few years and over the medium term.

None of us could have predicted the impact the Covid 19 pandemic was to have on the Council, our residents or businesses. Our plans for many years have been made in challenging and uncertain times, and this year we find ourselves doing so again with the added uncertainty created by the worldwide pandemic.

Powys has received a positive settlement from Welsh Government for a second year. This will again go some way to ease the pressure on Council services. However, the Council's budget remains under significant pressure as service demand, our costs and investment requirements continue to rise.

The Council has responded to the decade of austerity by reducing its spending by more than £100 million and has had to increased Council Tax year on year. Our focus has been on improving efficiency and as far as possible protecting crucial front line services from cuts whilst improving the quality of our social services for children and adults and Education across the county.

The combination of these factors, and continued uncertainty nationally around the path of the pandemic, the economy and public finance outlook, mean that we continue to face one of the most challenging periods in the history of Powys County Council. We must push ahead with our programmes of transformation across all our services while maintaining our focus on delivering high quality local services to our residents.

The Council has continued to make significant progress on its improvement journey during 2020 despite the Global pandemic. This has been recognised by regulators who were suitably assured of the progress made in both Adult and Childrens Services and the governance and ability of the Local Authority to continue this improvement without additional monitoring activity.

The case for transforming education provision across the County is now widely recognised. This year we approved an ambitious ten-year strategy that will transform education in Powys and reshape our education system so that it can provide lifelong learning opportunities for all our young people and equip them with the skills and knowledge they need to fulfil their potential.

This MTFS continues to see closer alignment between the policy framework and the way we plan to use our finances. This is supported by an approach which ensures that our limited resources are prioritised on securing outcomes that matter most to our residents. Our vision set out in our Corporate Improvement Plan Vision 2025 (<u>https://en.powys.gov.uk/vision2025</u>) is that by 2025 Powys will be widely recognised as a fantastic place in which to work, live and play.

The Cabinet has a bold and ambitious programme to see Powys play a significant role in the economy of Wales. The economy has to be at the heart of our thinking, without a strong vibrant, enterprising economy how will we provide quality jobs for our young people, create and nurture our local companies and attract leading companies to Powys. The Mid Wales Growth Deal has secured a £55 million investment from the UK Government to support economic projects across Powys and Ceredigion, and Welsh Government have committed to match this. It is essential that we see Powys retain its young people in new and innovative employment sectors whilst recognising that our traditional sectors of agriculture and tourism will also expand and flourish.

There is a close link to our funding settlement because if we can increase employment and the numbers living in our county we will attract more funding to deliver key services. This will help secure the County as a place that provides the right environment for communities and business to thrive.

Rosemarie Harris Leader of Powys County Council

#### Introduction

This document is the financial strategy for Powys County Council for the period 2021 to 2026. It has been developed as part of the overall strategic planning process alongside Vision 2025, the Council's Corporate Improvement Plan. The strategy captures the financial, regulatory and policy drivers affecting the council and sets the direction and approach. It also incorporates the plan for delivering a balanced budget for 2021/22, and indicative budgets for the following 4 years to March 2026. This means the Council has an ongoing financial plan to enable service transformation within the funding levels available.

This financial strategy includes all Council services activity funded by the revenue budget, the Housing Revenue Account and the Capital programme. This information is presented in a 5-year budget model and a 10 year Capital Programme.

The model sets out how a balanced budget will be developed for 2021/22.

The model identifies the estimated requirement for the Council to find ways to reduce its spending by around £57 million over the five-year period of this strategy. Given that local government does not yet have funding information from Welsh Government beyond 2021/22, this assessment is based on indicative figures focusing on how Local Government Settlements in Wales may be affected by central government's finances in the future. It is therefore based on best available information. However, forecasting for future years is difficult to predict with any great certainty and is subject to multiple internal and external influences.

#### **MTFS Principles**

As well as consideration of future income and expenditure scenarios, the MTFS provides a set of clear principles which will drive the Council's budget and spending decisions over 2020-25 and which Members and others can examine and judge the Council's financial performance against. The ten key principles are to ensure that:

- 1. The Council will continue to meet its statutory obligations and to demonstrate how its budget supports the priorities contained in Vision 2025.
- 2. The Council's financial control system will be sufficiently robust to support the delivery of financial plans and mitigate corporate risks.
- 3. All Council budgets will be reviewed annually to ensure resource allocations are delivering value money and continue to align to the delivery of priority outcomes in Vision 2025.
- 4. Financial plans will provide an optimum balance between income and expenditure for both capital and revenue.
- 5. Reserves will not be used to fund recurrent budget pressures or to keep down council tax rises.
- 6. The Council's General Fund reserve will be maintained at a minimum of 3% of Net Revenue Expenditure over the period of the MTFS.

- 7. Capital investment decisions will support the Council's corporate priorities and mitigate any statutory risks taking account of the return on investment and robust business cases.
- 8. Prudential borrowing will only be used to support the capital programme where it is affordable and sustainable within the Council's overall borrowing limits and the revenue budget over the long term.
- 9. Decisions on the treatment of surplus assets will be based on an assessment of the potential contribution to the revenue budget and the capital programme.
- 10. Budgets will be managed by members of SLT in accordance with the Council's Financial Procedure Rules.

#### Strategic Context

#### Economic and Fiscal Outlook

The Office for Budget Responsibility (OBR) published its report "Economic and fiscal outlook" in November 2020. The report provided an analysis and forecast of the UK's public finances.

The coronavirus pandemic has delivered the largest peacetime shock to the global economy on record. It has required the imposition of severe restrictions on economic and social life; driven unprecedented falls in national income; fuelled rises in public deficits and debt surpassed only in wartime; and created considerable uncertainty about the future. The UK economy has been hit relatively hard by the virus and the public health restrictions to control it.

Gross Domestic Product (GDP) in the UK is set to fall by 11 per cent for 2020.

The virus has taken a heavy toll on public finances, receipts are set to be £57 billion lower and spending £281 billion higher than last year. The combined impact of the virus on the economy and the Governments fiscal policy response has pushed the deficit this year to £394 billion, (19% of GDP) its highest since 1944-45.

The support to households and businesses has prevented an even more dramatic fall in output and eased the likely longer-term adverse effects of the pandemic, the furlough scheme, grants, loans, tax holidays and reliefs have helped businesses, but forecasts anticipate a significant rise in unemployment to 7.5% as support is withdrawn.

The economic outlook remains highly uncertain and depends on the future path of the virus, the restrictions put in place and the role out of the vaccine. It also depends on the outcome of the Brexit negotiations.

The OBR present 3 scenarios on the path of the virus, the best of which sees output returning to pre-virus forecasts with the worst case leaving output permanently

scarred by 6%. This is also based on an assumption of a smooth transition to a free trade agreement with the EU.

The scenarios suggest the deficit will peak at between £353 and £440 billion (17 to 22 % of GDP this year. Over the medium term the forecasts suggest that the deficit will settle at between 1.7 and 6.1% of GDP by 2025-26.

Unlike previous recessions the greater portion of the fiscal cost of the virus arises from Government's discretionary policy response rather than the hit to the economy caused by the virus.

Under the OBR's central forecast the pandemic leaves the public finances in a weaker position in the medium term and significantly adrift from any definition of balance in previous fiscal frameworks. Headline borrowing remains close at 4% of GDP and the current budget remains in deficit by 1% of GDP by the end of the forecast missing the Governments budget 2020 target to balance by 2023-24.

Halting the continued rise in public debt is likely to require some fiscal adjustment once the virus has ran its course, tax rises or spending cuts of between £21 billion and £46 billion (between 0.8 and 1.8% of GDP) would be required merely to stop debt rising relative to GDP.

#### UK Government's Spending Round : Implications for Wales

The Spending Review provided the Welsh Government (WG) with a core Resource Departmental Expenditure Limit (DEL) of £15,660 million excluding block grant adjustments, which was 4.6% higher than the 2020-21 baseline. In addition, WG received £242m for farm funding and £2m for fisheries which are outside Barnett. The Spending Review also announced additional funding for COVID19 next year, of which Wales will receive an extra £766m.

The Spending Review also included a reduction of £131m to the capital budget compared to the 2020-21 baseline.

The UK Spending Review only covered a single year, so provides little information about the prospects for the Wales budget beyond 2021-22. There will be a further Spending Review next year to provide plans for 2022-23 and beyond.

It is possible that the UK Budget on 3 March 2021 will also have a considerable bearing on the Welsh Government's finances for 2021-22, through further spending or new taxation measures.

#### Welsh Government's Draft Budget for 2021-22

Overall, the Welsh Government's Total Managed Expenditure will be just over £21bn in 2021-22. Within that definition is the Departmental Expenditure Limit (DEL) which is the element of the budget under direct Ministerial control.

The capital and revenue DEL has increased by £1.4bn (8.2%) to £18.9bn. Day-today spending will increase by £862m (5.5%) to £16.5bn and spending on capital will increase by £566m (30.8%) to £2.4bn. The capital increase is large as the Welsh Government has borrowed and drawn from its reserve, there is undoubted reprofiling in the baseline as well.

Welsh Government's priority is protecting health and public services, providing an additional £420m for health and social services supporting the NHS's growth and recovery post-pandemic, and a settlement for local government of £176m to support pressures on schools and social services.

Alongside this, specific, targeted allocations include a further £40m support for the Housing Support Grant, over £20m for sixth form and further education demographic pressures, £9.4m will support crucial community and school mental health services in addition to a range of investments that further bolster efforts to tackle inequality.

As part of the "building a greener future" investment in housing, combating climate change, and reinvesting in town centres has been prioritised. An additional £36.8m for social housing, and £5m more to develop the National Forest and invest in wider biodiversity. An extra £40m is invested in education infrastructure, including £5m for the net-zero carbon schools pilot. Funding is provided to continue decarbonising transport, boosting the funding for active travel by £20m, and providing a total investment of £274.7m in rail and metro.

Welsh Government are making use of their devolved tax powers to help Wales recover. With effect from 22 December 2020, the starting threshold of the land transaction tax paid on non-residential property purchases is lifted by 50 per cent, businesses will pay no tax on purchases costing up to £225,000. The higher residential rates of land transaction tax will rise by 1 percentage point to provide additional funding for the Welsh Government to invest in their housing priorities.

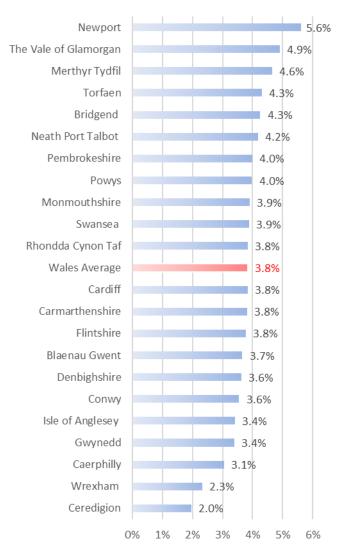

From April 2021, landfill disposals tax rates will increase in line with inflation to support the landfill disposals tax policy objective of reducing waste going to landfill in Wales. This is consistent with UK landfill tax rates for 2021-22 and thus will also act to protect against the risk of waste being transferred across Wales –England border to take advantage of lower rates. An additional £13.4m is provided to support children and young people, including £8.3m for curriculum reform.

Investment will also support the development of improved digital public services, reformed procurement for social value and new cultural projects promoting black history in Wales.

#### The Local Government Revenue Settlement

The Aggregate External Finance (AEF) will increase by £176 million a 3.8% increase. Authority's settlements range from the lowest increase in Ceredigion with 2% and the highest in Newport with an increase of 5.6%. the range largely reflects the movement in datasets including a change to use the mid-year population estimates.

Source Welsh Government Provisional LGF Settlement 2021-22

#### The impact of the Coronavirus Pandemic

The pandemic has already had a profound and immediate effect on public sector finances. The impact on public spending over such a short period of time is unprecedented in modern peace time.

The Council's financial position has been supported heavily by additional funding from the Welsh Government through 2020/21 and without this the Council would have had to draw heavily on its revenue reserves to balance the budget during the year.

It is likely that the financial impact of the pandemic will continue into 2021/22 and will almost certainly affect public sector finances for many years to come irrespective of the course of the pandemic.

The pandemic has affected our financial position both in terms of additional costs and loss of income. Additional costs are most significant within Social Services and Education as well as providing Free School Meals and funding the cost of Personal Protective Equipment. There is further pressure on the Council Tax Reduction Scheme as the number of claimants rose by 850 claimants at an estimated increase of £600k and it is likely to rise further through 2021. The loss of income has been suffered across many services, with significant losses from car parking, licencing and sampling, and trade waste. Council Tax collection is also reduced by 0.66%.

Planning over the medium term is difficult with heightened levels of uncertainty, not only in respect of settlement funding levels but also the continued impact on our own income streams for Council tax and fees and charges, will these recover to normal levels post pandemic or will the impact continue into future years. The economic impact of the pandemic is also likely to have wider repercussions for people's ability to pay for services.

Given the breadth and depth of the impact of the pandemic to date, alongside the uncertainty surrounding its future course, the Council will continue to face difficult choices for year to come.

To ensure our future sustainability robust medium term financial planning is crucial.

#### Local Context

Powys County Council has taken action to reduce its spending by more than £100 million over the last decade as a response to cuts in government funding and the need to meet inescapable additional costs in some areas.

The local context affecting our funding and demand for services is well recognised and heavily influenced by Powys being sparsely populated with a wide geographic area requiring services. Powys has a higher than average older population that is predicted to increase at a faster rate than the national average. This statistic can largely be attributed to people living longer as a result of better healthcare and improved lifestyles together with an inward migration of people above retirement age to the County. Conversely, the county's younger population is declining with a reducing birth rate and a sizeable outward migration of young people. Further and higher education and career opportunities are the main contributors to this trend.

These factors in combination present significant challenges to the Council. As evidenced in the Rural Cost Analysis (<u>https://en.powys.gov.uk/article/7842/Funding-changes-needed</u>) the provision of services to a dispersed and relatively small population is expensive as a result of greater transport costs and the demand for facilities to be delivered locally or within a commutable distance.

This Council understands its legal obligation to set and deliver a balanced budget each year and has a significant transformation programme underway to improve the quality of key services such as education, social care, highways, transport and recycling while also reducing our operating costs over the medium term.

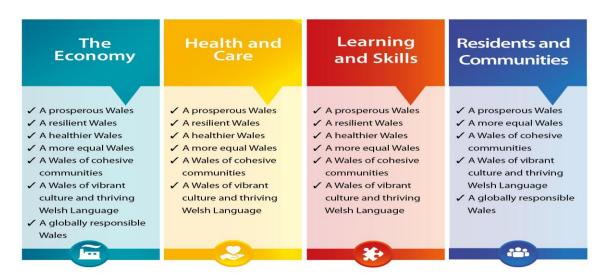

On the current modelling, to deliver a balanced annual budget between April 2022 and 2026 the Council will need to reduce its spending by more than £45 million and to increase council tax by 5% year on year. This will be achieved through

transformational change and cost efficiencies but reductions in some services offered will also be inevitable.

#### Vision 2025 – Our Corporate Improvement Plan

Vision 2025 was approved by full Council in April 2018 and it set out the long-term vision for the council.

The Vision and Corporate Improvement Plan have been reviewed and the priorities redefined as follows:

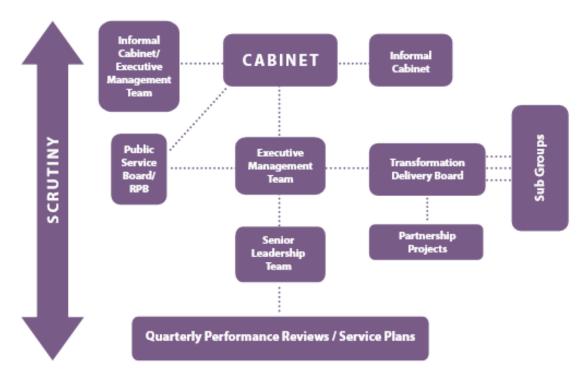

- The Economy We will develop a vibrant economy
- Health and Care We will lead the way in providing effective, integrated health and care in a rural environment
- Learning and Skills We will strengthen learning and skills
- **Residents and Communities -** We will support our residents and communities

The Corporate Improvement Plan is our road map for the next four years, setting out our top priorities and milestones, including those we are working on with our partners which are also articulated in the Powys Public Services Board Wellbeing Plan Towards 2040, and the Powys Regional Partnership Board Joint Area Plan A Healthy Caring Powys.

The revised Plan will be presented to full Council in February for approval.

#### **Delivering Vision 2025: Transforming the Council**

The Council continues with its ambitious Transformation Programme to help deliver Vision 2025, the governance of which is shown in the diagram below.

#### **Governance of Transformation**

The Vision 2025 Transformation Programme contains nine key programmes as shown in the diagram below.

The Programme is governed by a Transformation Delivery Board comprising the Cabinet and the Executive Management Team and progress of each programme is included in the Council's performance management reports which are presented to Cabinet each quarter. There are service transformation programmes also underway across the Council and progress on these also reported to the Board at regular intervals whilst some services: Social Services, Education, Housing and HTR report directly to Service Improvement Boards.

#### Medium Term Financial Planning

The Council's budget planning has traditionally been determined using an incremental budgeting approach and has tended to focus on one year with limited development over the longer term. This will not deliver a sustainable financial position for the Council going forward. The Council is therefore moving to an Outcome Based Budgeting approach, focused on the medium to long-term and aligned to service and workforce planning.

The strategy is based on an approach which brings together all elements of the Council activity to deliver Vision 2025, a programme of transformation, and one which encompasses service improvement and delivers appropriate levels of statutory service. It will better align revenue and capital to ensure that our limited resources are prioritised to achieve maximum effectiveness and based on securing outcomes that matter to our residents.

The strategy is supported by a detailed five year budget model. The budget model has been improved with scenario planning across Best, Most Likely and Worse case scenarios. Funding, pay and price pressures and changes in service demand have been modelled on this basis and the budget gap identified for each year of the plan. This provides the basis for the allocation of funding to each service.

The introduction of the Integrated Business Plan has been developed over the last couple of years and the process is now starting to embed across the Council.

Service Evaluation is key to the process, performance, cost analysis, benchmarking, regulatory recommendations, proposals for improvement and Service User / Resident Feedback all feature. The objectives for the services which align to the 5 ways of working and the 7 Well-being goals of The Well-being of Future Generations (Wales) Act 2015) and meet statutory requirements and legislative changes are defined.

In finding sustainable solutions for service delivery objectives should broadly align to any 1 of the following requirements:

- Objectives to redesign services to deliver them more efficiently, effectively or in an alternative manner.
- Objectives that identify key delivery partnerships or outsourcing opportunities

- Objectives that realise opportunities to stop delivering services because requirements or priorities have changed, allowing the planned release of resources.
- Objectives that realise opportunities to generate additional income.

Workforce implications are identified and inform the council's workforce development and training needs. Risks and impact are assessed and defined.

The service area budget is developed based on the allocation of resource to deliver each of the objectives. These individual Integrated Business Plans all feed into the overarching Corporate Plan and budget for the Council.

#### Funding Assumptions

The Welsh Government provides funding to the Council in the form of a Revenue Settlement Grant (RSG) and a share of the National Non-Domestic Rates Pool (NNDR). Together they constitute the Council's Aggregate External Finance (AEF), which represents approximately 68% of our funding.

The Provisional Settlement or Aggregate External Funding (AEF) figure was announced on 22nd December 2020 at a level of £191.897 million. Funding in Powys has increased in cash terms by £7.343m a 4% increase. This includes adjustments to the 2020/21 base figure with a transfer in for the Teachers Pay Grant, £160k, and data changes of £105k.

Powys has £1,449 of funding per capita, compared to the Wales average of £1,471 and the year on year change ranks 6th out of all the Unitary Authorities, but when adjusted for transfers the revised ranking is 8th in terms of its increase, the highest being Newport with 5.6% and the lowest Ceredigion with a 2% increase.

Welsh Government did not receive any additional funding through the Barnett formula to provide for public sector pay awards next year given the UK Government's decision to pause public sector pay rises. The settlement does not therefore provide for any increase in public sector pay, the implications of pay awards in 2021/22 will need to be accommodated within our budget plan.

The Finance Minister's statement is clear that Welsh Government recognise the need to continue to provide funding to support the response to the pandemic. This will be considered separately and does not form part of the settlement.

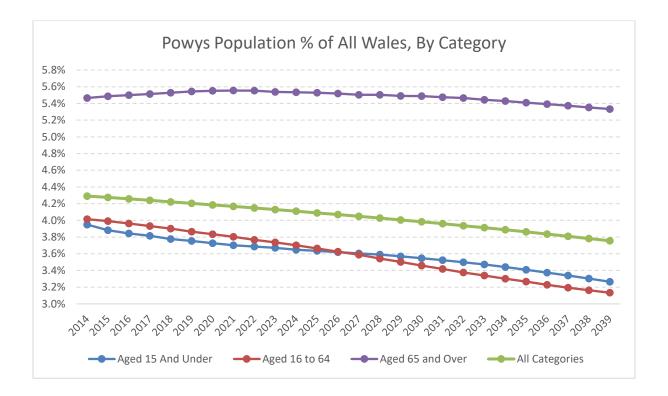

Powys collects NNDR (more commonly known as Business Rates) from businesses within the county. These funds are pooled at a national level and redistributed to Councils via a formula. Powys receives over £13m more than it collects.

Powys' Settlement also reflects movements in the factors included in the overall formula like population projections, pupil numbers and benefit claimant counts. The key indicators are shown in the table below.

#### Changes in Key Datasets

|   |                  | Pov                    | wys             |      |                  | All Wales              |                 |

| IS/JSA/PC/UC (not in employment) claimants - 18 to 64 | 1,480            | 1,782                  | 20.4%           | 3    | 79,026           | 90,136                 | 14.1%           |
| IS/JSA/PC claimants - 65+                             | 4,248            | 4,035                  | -5.0%           | 17   | 105,082          | 100,207                | -4.6%           |
| IS/JSA/PC/UC (not in employment) claimants - all ages | 5,740            | 5,837                  | 1.7%            | 16   | 184, 558         | 191,132                | 3.6%            |
| SDADLA/PIP claimants - 18 to 64                       | 4,502            | 4,502                  | 0.0%            | 15   | 142,023          | 142,657                | 0.4%            |

The total number of people living in Powys has declined over recent years but the table above shows a slight increase, this may however be due to the change in the data collected which is now based on the mid-year estimates. The population across Wales has increased and the change across other authorities has an impact on Powys and the distribution in funding. The population trend across Powys is shown in the table below with further decline expected.

Powys has seen a continued decline in pupil numbers over the last ten years and although numbers are stabilising, they are not projected to recover to their former levels. Even if maintained at their current levels, the increase in numbers elsewhere in Wales will potentially mean we have less funding in our future settlements.

Welsh Government have not provided any settlement figures for future years. The table below models the percentage change in AEF if a reduction were applied. A 1% reduction equates to £1.8 million.

| % change in AEF | 0.50% | 1.00% | 1.50% | 2.00% | 2.50% | 3.00% | 3.50% | 4.00% |
|-----------------|-------|-------|-------|-------|-------|-------|-------|-------|
| £'000           | 918   | 1,836 | 2,754 | 3,672 | 4,589 | 5,507 | 6,425 | 7,343 |

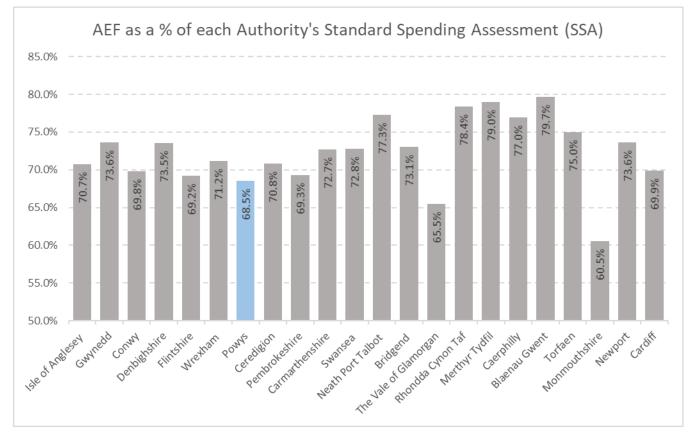

Due to the amount of funding delivered to the Council in this way, any change can be significant and in order to plan over a 5-year period we have modelled a number of funding scenarios ranging from plus 2% to minus 2%.

#### **Specific Grants**

In addition to the AEF, Councils also receive specific grants which are accompanied by specific terms and conditions as to how they can be used. We receive around £70m of grant funding each year. These grants can change year on year and where a grant has been reduced or withdrawn, the Council's policy is that the service funded by the grant also reduces or ceases.

#### **Council Tax**

Council Tax represents around 32% of the Council's Net Revenue Budget. Powys' Council Tax contribution is proportionally greater than other Authorities, an authorities' ability to raise Council Tax is calculated on the Council Tax base and Powys has a higher Council Tax base than most of the other authorities. The below graph shows the percentage of each Local Authority's Standard Spending Assessment covered by central funding (AEF).

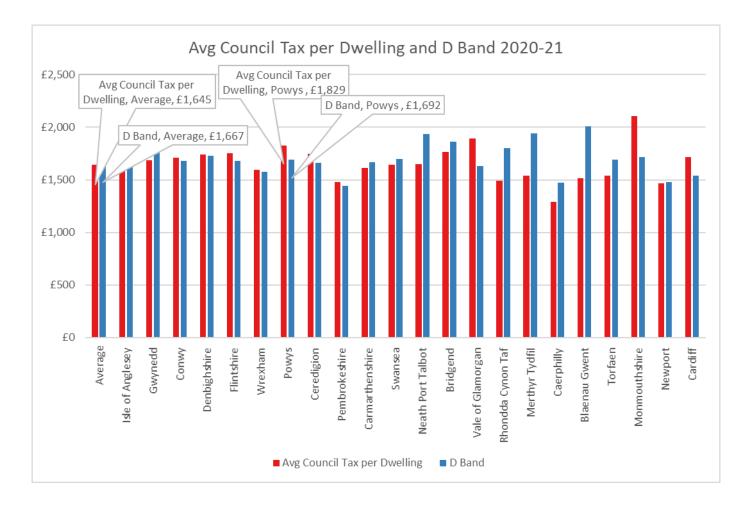

In our financial model (FRM), we are proposing an increase in Council Tax each year of 5% for future years.

The total Council Tax households will have to pay will be affected by decisions from public bodies, including Community Councils and the Police Authority. The following

table indicates the additional permanent funding that Council Tax increases ranging from 1% to 10% would produce.

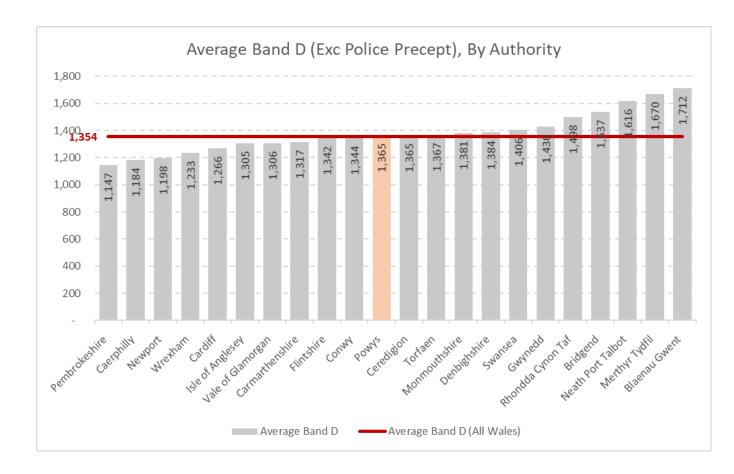

| % change in Council Tax | 1.00% | 2.00% | 3.00% | 4.00% | 5.00% | 7.00% | 10.00% |
|-------------------------|-------|-------|-------|-------|-------|-------|--------|
| £'000                   | 927   | 1,855 | 2,782 | 3,709 | 4,636 | 6,491 | 9,273  |

A balance needs to be struck between the ability to raise enough money to fund important services to the right level and the impact increasing taxation has on the residents of the County. Average council tax per dwelling in Powys for 2020/21 was the 3rd highest in Wales, this is particularly sensitive in a county with one of the lowest average wage levels in Wales. The graph below compares Powys against Welsh Local Authorities in terms of 2020/21 council tax average cost per dwelling and the Band D average (these figures include all precepts).

For 2020/21, the average annual Council tax bill for a Band D property in Powys was  $\pounds$ 1,692 (including community council and police precept). This was broadly in line with the Wales average for Band D properties of  $\pounds$ 1,667.

The table below shows the Band D Council Tax level for each of the local authorities in Wales (excluding all precepts).

Council Tax collection rate for 2019/20 was 97.2% (0.1% down on previous year) which compares with an average of 97.0% for all unitary authorities in Wales. The highest collection rate in Wales for 2019/20 was 98.0%

The pandemic has had an impact on Council tax collection across Wales, at the end of November 2020, an average reduction of 1.58% has been recorded. Powys has suffered the least impact with collections rates down by 0.66%. In setting the Council Tax base for 2021/22 the ongoing impact of the pandemic has been considered and the collection rate reduced by 0.1%. Future years will be assessed on an annual basis.

#### Revenue Budget

Our revenue budget indicates what we will spend on day to day services. It includes the cost of salaries for staff employed by the Council, contracts for services procured by the Council, other goods and services consumed by the Council and the cost of financing borrowing to support the capital programme. Our revenue spending priorities are determined according to the Council's statutory responsibilities and local priorities as set out in our corporate plan (Vision 2025).

Reductions in funding and increasing cost pressures place significant pressure on service delivery. Over the last decade we have made savings of more than £100m. Our financial strategy must identify and calculate the impact of pay, price and inflationary increases, changes in demand for service provision, changes in statutory and legislative obligations, and the funding of our local priorities.

Each Services Integrated Business Plan will inform the overall Councils Budget Plan, these will define all the objectives of the service. The plans capture the service's vision and highlights its key roles and responsibilities in supporting the Councils Vision 2025 Corporate Improvement Plan Outcomes, and statutory responsibilities along with the intended outcomes for service users and / or residents. In addition, the Programmes to deliver the Vision 2025 have been developed and are monitored through the Council's Transformation Delivery Board for inclusion in the annual budget cycle and 5-year plan.

It is expected that the Vision 2025 will be delivered within the existing Revenue Budget. Some investment may be required to support capital expenditure or transformational activity and funding identified to support our plans will be allocated on the basis of sound business cases.

A number of overarching assumptions are included in our planning, a summary of which together with a sensitivity analysis of the projections are as follows:

| Driver   | Comments  | Sensitivity:<br>+/- 1% (£m) | Best   | Most Likely | Worst  |
|--|---|-----------------------------|--------|-------------|--------|
| Revenue Support Grant &<br>Non-Domestic Rates<br>Funding | Welsh Government have not indicated<br>funding levels fof future years                              | £1.83m                      | 2.0%   | -           | (2.0%) |
| Council Tax  | Cabinet have set the current assumption<br>at 5% increase per annum 2022/23<br>onwards              | £0.92m                      | 5.0%   | 5.0%        | 5.0%   |
| Council Tax Reduction<br>Scheme                          | As Council Tax rates increase the cost of<br>the Council Tax reduction scheme will also<br>increase | £0.09m                      | £0.45m | £0.45m      | £0.45m |
| External Grants  | External revenue grants expected in 2021/22   | £0.70m                      | -      | -           | -      |
| Pay Awards: General                                      | Includes NI & Pensions; excludes Schools<br>Delegated   | £1.10m                      | 1.00%  | 1.00%       | 1.00%  |
| Other Inflation/ Price<br>Pressures                      |   | £0.74m                      | 2.00%  | 2.00%       | 2.00%  |

We set our budget within a statutory framework under the Local Government Act 2003 that requires a balanced budget for the forthcoming financial year. There is no requirement to set out a balanced position beyond the next year but the five-year strategy has been developed to enable longer term planning and transformation.

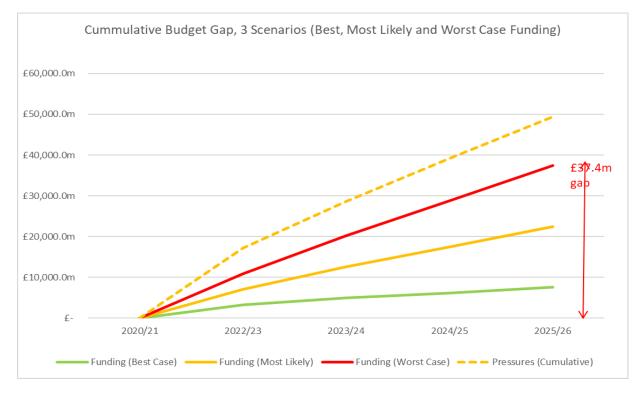

The Medium Term Financial Strategy:

- Identifies the cost of implementing our Vision;
- sets out future funding levels from Welsh Government;
- considers the level of Council Tax to be raised;
- identifies and estimates the cost pressures facing the Council;
- sets out the policy on Reserves;
- identifies the gap between our funding and expenditure.

#### How we will balance the budget

In order to deliver an ongoing balanced budget, the gap in our financial planning must be closed. Due to the uncertainty of the funding we will receive from Welsh Government we have modelled Best Case, Most Likely and Worse Case scenarios, these capture different levels of funding, Inflation and provision for Service Pressures as well as some service reductions that form part of services three year plans.

Assumptions set out throughout the strategy are based on the worst case funding scenario, the graph below shows the impact of the various funding possibilities against the increasing level of pressures.

The FRM highlights that over the next four years we estimate £49.3 million of pressures (including inflation, capital financing cost to support borrowing on the capital programme and service pressures). The worst case scenario provides additional funding of 5% council tax funding, there is a financial gap of £37.4m by 2025/26. This includes mitigation by Cost Reductions of £7.7 million.

| Summary of Gap - Scenarios £'0 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | Cumulative |
|--------------------------------|---------|---------|---------|---------|------------|
| Best Case +2%                  | 3,212   | 1,721   | 1,178   | 1,441   | 7,553      |
| Most Likely - Flat Cash        | 7,050   | 5,482   | 4,864   | 5,053   | 22,450     |
| Worst Case -2%                 | 10,888  | 9,243   | 8,550   | 8,666   | 37,347     |
| Includes - Cost Pressures      | 17,133  | 11,508  | 10,471  | 10,191  | 49,304     |
| Cost Reductions                | (5,645) | (1,361) | (714)   | 0       | (7,720)    |

# The current worst case FRM modelling is summarised below.

#### FINANCE RESOURCE MODEL 2021-2026

| FINANCE RESOURCE MODEL 2021-2026                 | 2024/22        | 2022/22      | 2022/21      | 2024/27      | 2027/20      |

The following strategies will be developed to close the gap:-

- The transformation of service provision;
- Improved efficiency and a "Right First Time" ethos;
- Identification of investment opportunities and income;
- Capital Programme reviewed, opportunity to invest;
- Cross Cutting Themes;
- Commerciality/income generation/fees and charges;
- Reconsider the levels of Council Tax increase;
- Some service reductions ceasing or reductions to levels of service;
- The use of the Spend to Save reserve to support transformation;
- The raising of capital receipts to support transformation.

#### Council Wide Operating Principles for Transformation

- Moving from an organisational focus (supporting our own internal requirements and functional silo's) to a focus that looks to meet our residents and communities' needs;
- Management ethos focuses on improving the outcomes for residents and communities by removing barriers.
- Moving from functional silos to services that effectively meets our residents and communities' demand.
- Decision making is based on a clear set of principles, experience, knowledge, robust evidence and is taken as close to the frontline as possible.
- Continuous improvement informed by timely data which will measure how well we are delivering outcomes for residents and communities.
- Accountable for activities and accepting responsibility, resulting in transparent delivery of effective outcomes.
- We challenge everything we do, and will realise the right outcomes using our transformation methodology.
- Partnerships are outcome focused, based on collaboration and strong relationships (working together, stronger together).

The transformation of services will require investment to implement. This is supported within our financial planning by using capital receipts to capitalise appropriate costs under the Welsh Government Capitalisation Directive. We will also bid for additional resources from Welsh Government to support our programme.

#### **Budget Principles**

The approach to budget setting is underpinned by the following Budget Principles approved by Cabinet:-

a. Flexible, Remote and Mobile working

This is already underway and should be aligned to downsizing corporate offices and increasing productivity. There is considerable cost tied up in the corporate estate and a savings target for accommodation savings will be explored. This must be based on a new approach to working arrangements.

#### b. <u>Improving Collaboration</u>

The Welsh Government's policies on local government collaboration mean we will continue to seek partnering arrangements. There may be scope to explore the various collaborative models including partnerships and shared services. We already collaborate but more can be done and the Local Health Board is a key partner under this theme.

#### c. <u>Customer Insight</u>

The Business Intelligence function has made progress since its creation. However, we are still richer in data than information. Improved decision making and performance through better customer insight may be an area where financial gains can be made.

#### d. <u>Business Process Improvements</u>

There is already good evidence that progress has been made in this area. However, this is patchy and the organisation needs to fully embrace business process improvement techniques. Technology can assist this area and the introduction of a new finance system will be a key element as well as integrating systems to make processes more efficient. Investment here can bring significant savings which may not impact directly on front-line service delivery and therefore should be politically easier to deliver.

#### e. <u>Productivity</u>

Access to information, better techniques and relevant training can increase productivity and more responsive services (this should be linked to business process improvements outlined above). Areas such as customer relationship management, workflow and case management can also be looked at under this theme.

#### f. Flexibility

It may be appropriate to support the workforce in work/life balance issues whilst remaining within Local Government terms and conditions. The council has already offered the workforce the options of a more flexible approach to leave arrangements that sees staff `buy` additional holiday by being able to take unpaid leave to external holidays. The benefit of a more flexible workforce, increases morale and productivity.

#### g. <u>Commercialisation</u>.

A more commercial approach is already evident with contracts being won, and services provided, to other public organisations. The Council has already set up "Powys Commercial Services" a local authority trading company and this provides a vehicle for additional trading opportunities. This will form a key part of our future planning. There is great scope to increase the income flows to the Council. The services will need to be run on a commercial basis and will have to compete locally as well as nationally. Property is another area where we can increase income from taking a more speculative approach to acquisitions, leases and development.

#### Income, Fees and Charges

Income generated through fees, charges and rentals plays an important part of our financial strategy. The Council raises approximately £70m of income annually. An *Income Policy* is in place together with a Fees and Charges register. It is important that fees are reviewed at least annually as part of the budget setting process and reviewed during the year, in line with the Council's income policy. This will ensure existing targets are being met, additional costs are being recovered through charging, and any further income potential is explored to maximise the Councils resources.

#### <u>The Wellbeing and Future Generation Act – Assessing the impact of our</u> <u>decisions</u>

The Wellbeing and Future Generation Act enshrines in legislation sound principles that mean the impact of decisions should be considered over a wide range of stakeholders over a longer period. The Council has a thorough impact assessment process in place to ensure that all decisions are properly considered. All budget decisions will continue to be assessed rigorously to ensure that the impact is understood and that prudent and sustainable budgets continue to be set.

#### <u>Capital</u>

The Capital Strategy is fundamental to the effective delivery of the Council priorities and our Vision 2025. It facilitates a seamless interface between business planning within the Council and the management of assets and capital resources. This will ensure that the provision of resources and future investment are prioritised. The provision of the right asset in the right place at the right time will ensure the effective and efficient delivery of a comprehensive range of quality services. It is aligned to the Asset Management Plan and the major investment plan for 21st Century Schools, jointly funded with Welsh Government.

The future capital requirements will align with the revenue budget, ensuring investment is linked to service development and commerciality. Ultimately, our aim is to use fewer resources, including our buildings, but use these far more efficiently.

The Capital Programme is closely aligned to the Treasury Management Strategy, in terms of identifying and undertaking necessary borrowing and when cash will be paid into the Council's bank to support cashflow.

The Council is required to make an annual charge against its revenue budget for the repayment of its debt liability in respect of capital expenditure funded by borrowing, for both the General Fund and Housing Revenue Account Debt. This is called the Minimum Revenue Provision (MRP). The Council revised the method of calculating MRP to a 2% straight line for the General Fund, for debt going forward.

A Welsh Government Directive has provided Authorities with the opportunity to utilise capital receipts from the sale of property and other assets to fund transformation costs. Powys has used this opportunity appropriately to capitalise such costs since April 2016 and will again use this to support transformation costs including staff severance costs.

A **Capital Receipts Policy** has been developed to support this approach which includes the projected level and use of receipts over the period for which the directive applies. The disposal of surplus property and assets will be assessed on an annual basis and the level of receipt projected and considered within the budget model.

The directive ends on the 31st March 2022 and our budget plan recognises this and builds in an ongoing revenue budget to support these costs into the future.

#### <u>Reserves</u>

The **Reserves Policy** establishes a framework within which decisions are made regarding the level of reserves held by the Council and the purposes for which they will be maintained and used. This is a key component of the MTFS as a sound reserves policy is essential in order to underpin the financial sustainability of the Council. It is for this reason that we have developed our approach to reserves through an effective policy.

The use of reserves and the levels at which they are maintained is determined on an annual basis as part of the Council's budget setting process following a risk based assessment. The approach is supported by the policy around the use of reserves. All reserves are corporate rather than service based.

The Council faces a continuing financial challenge and it is essential that a prudent reserve level is in place to ensure enough financial capacity is available. This cannot be stressed too highly given the level of cost reductions, the risk inherent in the budget and the significant challenge to balance the budget over the medium term.

The level and purpose of holding of reserves is a matter for each authority to determine as part of sound financial management.

The more reserves held by a council indicates that its financial position is more sustainable. As per the recent Audit Wales report "Financial Sustainability of Local Government as a result of the COVID-19 Pandemic" October 2020, Powys' useable reserves were 10% of the net cost of service. Nine other authorities were around this level, one was much lower at 5% whilst 12 others ranged from 18% to 33%.

Ring-fenced and Specific Reserves are identified and held for defined purposes, this includes a Spend to Save reserve which provides a source of funding for transformational activity across the Council.

#### Investments and Borrowing

The Council has a clear Treasury Management and Investment Strategy which is approved at Council each year and sets out the expected activities and appropriate strategies of the Treasury function in respect of borrowing and investments.

Cashflow management is essential to ensure we minimise our need to borrow. Strengthening the understanding and importance of this function could facilitate stronger working capital and the ability to invest balances at a rate of return level of around 0.5%. In recent years, minimal investment income has been achieved through

cashflow management, because of the uncertainty about the level of capital spending profile. A return could be achieved if we had confidence in capital obligations alongside corporate changes to creditor payments and debt collection.

The strategy confirms the need to borrow to support the capital programme and continue to be significantly under borrowed. The consequence of which is the reduced cost of borrowing and the revenue budget model and forecast are revised regularly to assist the budgets.

The Council's policy of avoiding new borrowing by running down spare cash balances has served well over the last few years. However, this needs to be carefully reviewed to avoid incurring higher borrowing costs in later times when the Authority will not be able to avoid new borrowing to finance capital expenditure and/or to refinance maturing debt. The coronavirus outbreak has done huge economic damage to the UK and economies around the world. The Bank of England took emergency action in March to cut Bank Rate to first 0.25%, and then to 0.10%. Current forecasts do not predict an increase in Bank Rate in the near-term, a little upward movement in PWLB rates over the next two years is however expected. Borrowing to cover the future capital programme costs will be considered against the cost of carry.

#### **Risks and Risk Management**

At a time when the Council is facing unprecedented challenges, the effective management of risk is needed more than ever. A risk-managed approach to decision making will help us to achieve the objectives of Vision 2025 and deliver services more efficiently, using innovative and cost-effective means.

A **Risk Management Framework** is in place to ensure that at all levels of the organisation we are able to identify risks which would prevent us from achieving our objectives (including failing to take advantage of opportunities). There is clear guidance on the terminology associated with risk management and the process itself, along with a set of practical tools and techniques to help us manage risks, deliver objectives, meet targets and maintain resilience.

We must not lose sight of the fact that risk is inextricably linked to opportunities and innovation. The Council cannot be risk adverse, and it needs to take full advantage of opportunities for improving services therefore we need to be proactive in the way that we identify and manage our risk.

Having a better understanding of the importance of, and fully implementing, risk management will make a huge contribution to the Council. Better identification of risks and their management will mean that better use of resources is achieved. If we use the resources available to us more efficiently and effectively then the service to our customers can only be improved.

#### Budget Risks

#### Change Delivery Capacity

A number of cost reductions are now categorised as 'transformational'. In other words, a proactive approach to change is required rather than the more traditional percentage budget cut. It is important the Council recognises that, at a time of change, investment may be needed to deliver change. In some cases, specialist skills will be required for short periods.

#### Cost Reductions

The level of cost reductions required in 2021/22 is significant at £11.8 million. Any unforeseen delays in implementation will impact on the achievement of the reductions required. Progress on the delivery of approved reductions will be reported to Cabinet on a monthly basis. Slippage on the delivery of proposals presents a risk to the budget plan and any resulting overspend would ultimately fall on the council's general fund reserve. However, the emphasis is placed on ensuring reductions are delivered. Plans within service areas need to be managed robustly, to limit any underachievement and monthly budget monitoring and savings delivery monitoring ensures Cabinet has visibility of financial performance and can take corrective action if necessary.

In March 2020 the Council approved cost reduction proposals of £10.79 million. In addition, undelivered cost reductions in 2019/20 of £1.60 million have been rolled forward for delivery in the current year. This increases the value of cost reductions required during 2020/21 to £12.394 million. 67% or £8.351 million have been delivered and a further 12% £1.432 million are assured of delivery by Heads of Service. £2.611 million, 21% are unachieved and are at risk of delivery.

|                       | Target | Delivered |     |
|-----------------------|--------|-----------|-----|
| <b>Financial Year</b> | £m     | £m        | %   |
| 2014/15               | 17.6   | 14.0      | 80% |
| 2015/16               | 12.8   | 9.7       | 76% |
| 2016/17               | 12.1   | 9.6       | 79% |
| 2017/18               | 11.8   | 8.3       | 70% |
| 2018/19               | 12.3   | 6.5       | 53% |
| 2019/20               | 21.7   | 15.8      | 73% |
| 2020/21 forecast      | 12.4   | 9.8       | 79% |
| Total                 | 100.7  | 73.7      | 73% |

The table below summarises the level of savings delivered over the last 7 years.

#### Income

The budget is supported by approximately £70m of generated income and therefore services need to constantly review their income levels and develop creative plans to ensure that they are sustained. This risk is being mitigated by an overall strategy for income and a move to full cost recovery wherever appropriate.

#### Treasury Management

The revenue budget and capital programme are supported by daily cash movement managed within our borrowing and investment strategies. The financial climate has a significant impact on these activities. We continue to monitor these on a daily basis. Any variation in the cost of borrowing is being mitigated by a proactive approach to refinancing our borrowing wherever possible. This ensures that, wherever possible, our long term borrowing for our capital projects takes advantage of the historically low level of debt interest.

#### Variations to Settlement Assumptions

The Council makes every effort to ensure that its assumptions about budget settlements for future years are based upon the best available evidence. However, future settlements cannot be predicted with absolute accuracy and can be influenced by political and economic policy changes. Scenario planning helps the Council mitigate this risk.

#### Political Approval of Budget

The Council is required under the Local Government Act 2003 to set a balanced budget for the forthcoming financial year, and this must be approved by Full Council.

#### Availability of Reserves

The Council may suffer other costs that may arise due to unexpected events such as: -

- Civil emergencies, Natural Disasters and Pandemics.
- Failure to deliver statutory duties failure to deliver, including safeguarding activity in relation to adults, children, health and safety or public health could result in possible negligence claims.
- Increased threat of legal litigation in respect of service delivery standards and regulations and multiple insurance claims. This risk is the likelihood of needing to replenish the insurance fund immediately from reserves as a result of several claims above our excess.
- Increase in energy cost prices.

If the actual position is different to the assumptions made in producing the budget, in-year adjustments would be needed.

#### Mitigation, Review and Monitoring

As part of the impact assessment process, the author of the assessment is asked to identify mitigation to any negative impacts that have been identified. The risks and the identified mitigation must be managed within the appropriate project risk register to ensure continual monitoring and management of the risks.

#### Stakeholder Communication & Engagement

The aim of our Communications and Engagement Strategy is to :-

- Provide clear and honest information about the budget position and future challenges
- To raise awareness of Vision 2025 and engage stakeholders to capture their views, to inform the Cabinet's and Full Council's decision-making process around budget setting
- To engage and consult, taking into account the Equalities Act 2010, and in accordance with the National Principles for Public Engagement in Wales e.g. timely, genuine, due regard etc.

#### Public Communication and Engagement

Over the past few years the Council has sought to engage residents in the decision making process around setting a balanced budget using an online budget simulator tool. The cost reduction targets subsequently agreed by the Cabinet and ratified by Full Council have then led to service managers needing to develop more detailed proposals which have, in the main, gone out for public consultation. This has created a further opportunity for affected residents to influence service delivery by attending drop-in engagement sessions, public meetings, organised workshops or completing online/paper surveys to have their say.

The views of residents have been sought and received in a number of ways including:

- The Powys Budget Simulator
- Specific service type Consultations
- Legislative consultations

Appropriate methods of engaging with our residents are considered and implemented on an annual basis.

For the current year we have taken a different approach that focuses on the impact the COVID-19 pandemic has had on the Council and how we have supported residents and businesses through it. "Future-proofing Powys" asks residents for their views on:-

- how the Council has responded to the pandemic
- what the Council should focus on now to support businesses and the economy which services are most important to our communities
- what can be learnt from the way we have worked this year and can these approaches be adopted in the future.

#### Member Seminars

Members of the Council are engaged in the budget planning process from the outset through a series of budget seminars. These seminars look at the development of the budget proposals and all members have an opportunity to consider, challenge and input into the process. Financial assumptions and settlement information is shared with members and the impact on the budget modelled and considered. Members are provided with the Impact Assessments for each of the proposals and the feedback from the consultation exercises carried out.

#### Finance Scrutiny Panel

The Finance Scrutiny Panel, comprising Group Leaders of non-Executive Groups together with representatives of the Audit Committee, continue to be engaged in the budget process and are regularly updated on the process and the proposals as they develop.

#### **Conclusion**

In developing this Medium Term Financial Strategy, the Council has a clear framework within which to develop its 5-year budget model and a 10-year Capital Strategy Programme. The model and the assumptions included within it will be reviewed and updated as more information becomes available. Specific budget proposals are being developed and these will be finalised and reported in detail as each annual budget is developed and submitted for approval.

This process will enable the Council to strategically prepare to deliver a Council which is affordable, sustainable and able to achieve its 2025 Vision.

|        | IA - ACS01 | Commissioning -<br>Adults & Children | e. Recommissioning/Decommissioning - We will continue to work in partnership with all service providers<br>to review the way services are delivered in Powys to ensure that such services are accessible, of the right<br>quality and at an affordable cost for all people who need to arrange their support. Alongside this, and to<br>generate further efficiencies we will continue to promote reablement and recovery throughout all services<br>to ensure that resulting support packages are appropriate to a people's needs. | 382 |
|        | IA - DS01  | Digital Services                     | Digital - reducing small systems needing support  | 53  |
| ğ      | IA - DS02  | Digital Services                     | Digital - using grant for core services   | 12  |
| ge     | IA - DS03  | Digital Services                     | Digital - staff reduced re FOI requests using Microsoft   | 13  |
| ယ<br>ဝ | IA - DS08  | Digital Services                     | The Digital Transformation Programme will deliver improved end-to-end digital processes for our customers; this will result in our customers accessing our services through digital channels.   | 16  |
|        | IA - DS05  | Digital Services                     | Introduction of Xerox for outbound mail   | 47  |
|        | IA - DS04  | Digital Services                     | Our Digital Transformation Programme will drive delivery of digital solutions whilst providing financial reductions. The programme has 7 key work streams.  | 400 |
|        | IA - DS07  | Digital Services                     | Since 2015 Powys County Council has been rationalising their ICT systems via the System rationalisation<br>Programme. This proposal continues the above work and it is estimated that the ICT budget funding many<br>of these corporate contracts can be reduced by £65k year on year for 3 years 20/21 21/22 22/23.  | 65  |
|        | IA - DS06  | Digital Services                     | Due to System Rationalisation, the council can reduce its contract costs by approx £50k. These reductions are cross cutting across the Council  | 75  |

| IA - ES01  | Education                            | Reduce contributions to catering management team. This reduction proposal consists of two elements:   | 39  |
|------------|--------------------------------------|---|-----|
|            |                                      | a). As a result of school modernisation, which has seen the closure of 8 schools, which were replaced by 4, the allocation against these schools will be adjusted accordingly, and therefore reduced by 50%, which equates to £10,000.  |     |
|            |                                      | b). Reduce the remaining contribution to the Catering Management Team and the cost of the setting out of tables and chairs by £14,250 for each, totalling £28,500.  |     |
| IA - ES02  | Education                            | Reduction in GDPR support for schools. As the initial work that was associated with the introduction of GDPR has been undertaken, the level of support can be adjusted to reflect this.   | 19  |
| IA - ES03  | Education                            | General reduction in spend including additional travel savings due to digital working. We have been able to reduce the amount of travel undertaken by Schools Service Officers, in line with the enhanced digital working methods that have been developed during the COVID-19 pandemic.  | 63  |
| IA - ES04  | Education                            | Costs picked up centrally to be delegated to schools. It is proposed that expenditure which is completely   | 260 |
| IA - FS01  | Finance                              | Savings from the SWAP internal audit fees   | 26  |
| IA - FS02  | Finance                              | Savings from switching card terminal merchant provider  | 54  |
| IA - FS03  | Finance                              | Finance savings generated by reviewing our pooling arrangments and borrowing  | 200 |
| IA - HTRO1 | Highways<br>Transport &<br>Recycling | This review will compare in-house service options (1 or 2 workshops), a combined in-house and external provision (1 workshop with external support for certain locations) or a fully external provision (single or multiple supplier). Continued in-house provision will require capital investment to maintain compliant facilities.<br>commissioning - Soft market testing will inform and gauge the level of interest from external suppliers. This will help the service evaluate the various options available.                              | 100 |
| IA - HTRO2 | Highways<br>Transport &<br>Recycling | At this point we cannot determine whether any savings will be realised through this process.<br>School transport is a statutory requirement, whereas Public Transport is a non-statutory provision. In such a sparse rural county such as Powys, commercially run routes are not viable and so for any service to continue there is a need for it to be heavily subsidised. An indicative percentage saving has been applied crudely at present to both budgets based on improved efficiencies, set against existing and future budget pressures. | 549 |

| IA - HTR03 | Highways<br>Transport &              | Extend the three weekly residual waste collection to four weekly, whilst retaining the 180L bin provision.<br>Recycling collections will remain a weekly service. Three weekly collections have been implemented since   | 50  |
|------------|--------------------------------------|--|-----|
|            | Recycling                            | 2015, and to date have seen an increase in recycling. Powys residents are familiar with the recycling programme, and continue to perform well, and we are confident that with this change and some further education, we will improve further.   |     |
|            |                                      | Powys was an early adopter of the three weekly collection, with most councils following suit. Conwy has recently moved to four weekly collections, albeit with 240L bins. The recycling rate continues to increase and the move to four weekly would help encourage even more recycling.   |     |
|            |                                      | Absorbent Hygiene Products (AHP) such as nappies and incontinence pads will be collected separately and on a more frequent basis. This will require further consideration in terms of vehicles and rounds.   |     |
|            |                                      | Four weekly collections would require a fundamental review of rounds with most people needing a change<br>in collection days. It is assumed these start up resource costs will be supported by MOC monies.<br>Dependencies would be other savings such as reducing waste vehicles and moving operations to North<br>Bulking and Cwrt y Plyffin.  |     |
| IA - HTRO4 | Highways<br>Transport &<br>Recycling | This review will be carried out in conjunction with the change on residual collection frequency, and whereas the budget reduction in the change in frequency is gained through increased recycling/reduced landfill costs, the gain from this element of the review will be from efficiencies made in the collection rounds. Alongside this there will be further consideration of working hours and practices.  | 114 |
|            |                                      | Dependencies are the moves to the North Bulking facility from Newtown and Welshpool existing sites, and<br>from Brecon to Cwrt y Plyffin.<br>There is a risk that any change in working hours requiring a collective agreement with staff may not be<br>achievable. Risks associated with working vehicles for longer hours, are that with a smaller fleet, overall<br>resilience will be weakened and any breakdowns etc will have an immediate and greater impact on<br>collections. |     |

| IA - HTR05 | Highways                             | To reduce highways maintenance to the lowermost level. This will bring a further reduction in staffing,  | (   |
|------------|--------------------------------------|--|-----|
|            | Transport &                          | along with a rationalisation of the number of highway depots. In order to reduce budgets whilst minimising   |     |
|            | Recycling                            | the risk of not fulfilling our highway authority duty, it is essential that some highways basic maintenance activities are re-prioritised.   |     |
|            |                                      | The proposed reduction in highway maintenance will be in areas considered a lower risk such as rural and urban sweeping, traffic signs and storm & flood. The verge maintenance budget will be maintained, to contribute to forecast pressures such as Ash Die Back (which will require a significant increase in funding over medium term). Budgets have been re-prioritised to focus remaining funding on the most fundamental service - safety repairs, drain cleansing and limited maintenance to structures. There will be an even greater reliance on capital funding to deliver a defendable reasonable level of essential works, in order to fulfil our statutory duty, and provide a defence against 3rd party claims. Total operational staff budgeted to work on County Highway revenue maintenance will reduce to just 47 staff. *NB - Savings from depot closure (or costs of relocation) have not been included in the savings |     |
| IA - HTR06 | Highways                             | calculations         Public Conveniences have been successfully transferred to Town & Community Councils and community   | 43  |
|            | Transport &<br>Recycling             | groups. Only two toilets now remain being maintained by PCC (Ystradgynlais and Brecon Bus Stations), and<br>the proposal is now to also transfer these assets. Transferring these assets will create a saving, however it<br>must be noted that if an operator cannot be found then they will need to be closed in order to make the<br>proposed saving.   |     |
| IA - HTR07 | Highways<br>Transport &<br>Recycling | Countryside access - Restructure and reduction in associated costs e.g. travel.  | 60  |
| IA - HTR08 | Highways<br>Transport &<br>Recycling | i - Outdoor recreation   | 40  |
| N/A        | Highways<br>Transport &<br>Recycling | HTR - Trawscymru travel to be funded by WG - This does not require an impact assessment as it replaces core budget with use of grant and likely to remain in place until 2024.   | 216 |
| IA - HTR06 | Highways<br>Transport &<br>Recycling | Transition funding removed for conveniences  | 24  |

# Introduction

- 1.1 The Capital and Treasury Management Strategies are fundamental to the effective delivery of the Council's priorities and Vision 2025. The provision of the right asset in the right place at the right time will ensure the effective and efficient delivery of a comprehensive range of quality services.
- 1.2 This strategy document provides a high-level long-term overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of services, an overview of how the associated risk is managed and the implications for future financial sustainability.
- 1.3 It sets out an integrated plan for the future management of the Council's assets and its capital programme. It is a key document running alongside the Vision 2025 and the Medium-Term Financial Strategy (MTFS) and will provide the framework to facilitate a seamless interface between business planning and the management of assets and capital resources. This will ensure that the provision of resources and future investment are prioritised and ensures the effective and affordable management of the Council's assets.
- 1.4 The CIPFA 2017 Prudential Code and Treasury Management Code of Practice, sets out the new requirements in relation to the setting of a Capital Strategy. The new requirement asks local authorities to consider the longer term as well as the short and medium term to:
  - Ensure that the capital expenditure plans of the council are affordable, prudent and sustainable.
  - Support transparent options appraisal.
  - Giving an outline of future commitments so that the affordability of both the long term plan and any new proposals can be properly understood.
  - Inform prioritisation and timing of projects to ensure that both financial and operational capacity is available for delivery.
  - Provide an overview of risk so that projects and proposals can be viewed in the overall risk context of capital and treasury investments.
  - Enable the ongoing capital and revenue implications of capital expenditure to be better understood and planned for in the Financial Resource Plan.
- 1.5 This Strategy document provides both the Capital Strategy and the Treasury Management Strategy as they are inherently linked through the activities they undertake. The document sets out the Capital Programme to 2030/31 and the funding approach through treasury management activities.

### 1.6 Capital Strategy

- 1.7 The key aims of the Capital Strategy are to:
  - Provide a clear context within which proposals for capital expenditure are evaluated to ensure all capital investment is targeted to deliver the Council's priorities.
  - Clarity about how the Council identifies and prioritises capital requirements and proposals arising from various strategies including the Vision 2025, Service Improvement Plans, and other corporate strategies, and how they will be managed within the limited capital resources available.
  - Challenge our current estate, continue with the programme of asset rationalisation, ensuring that assets retained are effective, efficient and economically sustainable to deliver services.
  - Identify and consider options available to fund capital expenditure that minimises the ongoing revenue implications of historic capital expenditure and of any new investments.
  - Use partnerships, both public and private, more effectively to support our overall strategy.
  - Establish effective arrangements for managing capital schemes including assessment of outcomes and achievement of value for money.
  - Ensure there is a full understanding of the overall long-term policy objectives and resulting capital strategy requirements, governance procedures and risk appetite

- 1.8 It is a requirement that the capital strategy demonstrates that the Local Authority takes both capital and investments decisions in line with service objectives. The capital strategy shows that the key drivers of the Council's Capital plans are captured through various plans across the authority. These include
  - Highways Asset Management Plan (HAMP)
  - Welsh Housing Quality Standard Plan (WHQS)
  - Strategic Asset Management Plan
  - Schools Transformation Plan
  - Health and Care Strategy
  - Service Plans

### 1.9 Treasury Management

1.10 The Treasury Management Strategy and Annual Investment Strategy report is a requirement of the CIPFA Code of Practice on Treasury Management and a requirement under the Local Government Act 2003. It has regard to the Guidance on Local Government Investments issued by the Welsh Government which requires the Treasury Management Strategy and Annual Investment Strategy to be approved by Full Council.

CIPFA defines treasury management as:

'The management of the local authority's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.'

- 1.11 The Council is required to operate a balanced budget, which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned, with cash being available when it is needed. Surplus monies are invested in low risk counterparties or instruments commensurate with the Council's low risk appetite, providing adequate liquidity initially before considering investment return.
- 1.12 A key function of the treasury management service is arranging the funding of the Council's capital plans. These capital plans provide a guide to the borrowing need of the Council, essentially the longer-term cash flow planning, to ensure that the Council can meet its capital spending obligations. This management of longer-term cash may involve arranging long or short-term loans or using longer-term cash flow surpluses. On occasion, when it is prudent and economic, any debt previously drawn may be restructured to meet Council risk or cost objectives.
- 1.13 The treasury operations will see a balance of the interest costs of debt and the investment income arising from cash deposits affecting the available budget. Since cash balances generally result from reserves and balances, it is paramount to ensure adequate security of the sums invested, as a loss of principal will in effect result in a loss to the General Fund Balance.
- 1.14 This authority has engaged in only minimal commercial investments and has no (or immaterial) nontreasury investments.

### 1.15 Treasury Management and Capital Reporting Arrangements

- 1.16 The Council is currently required to receive and approve at Cabinet, as a minimum, three main treasury/capital reports each year, which incorporate a variety of policies, estimates and actuals.
  - Prudential and treasury indicators and treasury and capital strategy (this report) The first, and most important report is forward looking and covers:
  - The capital plans, (including prudential indicators).

- A minimum revenue provision (MRP) policy, (how residual capital expenditure is charged to revenue over time).
- Capital strategy and capital programme
- The treasury management strategy, (how the investments and borrowings are to be organised), including treasury indicators; and
- An investment strategy, (the parameters on how investments are to be managed).
- A mid-year treasury management report This is primarily a progress report and will update members on the capital position, amending prudential indicators if necessary, and whether any policies require revision. In addition, this Council will receive further quarterly update reports.
- Monthly capital reports to Cabinet Providing an update on the capital spend, reprofiling and virement changes and funding that support delivery of the programme, with a year-end reflection of the actual against plan and reasons for the final month's changes from the forecast.
- An annual treasury report This is a backward looking review document and provides details of a selection of actual prudential and treasury indicators and actual treasury operations compared to the estimates within the strategy.
- The above Treasury reports are required to be adequately scrutinised before being recommended to the Cabinet and Council. This role is undertaken by the Audit Committee.

### 1.17 Treasury Management Strategy

The strategy for 2021/22 covers two main areas:

### a) Capital issues

- The capital programme and funding regime and the associated prudential indicators.
- The minimum revenue provision (MRP) policy.

### b) Treasury management issues

- The current treasury position.
- Treasury indicators which limit the treasury risk and activities of the Council.
- Prospects for interest rates.
- The borrowing strategy.
- Policy on borrowing in advance of need.
- Debt rescheduling.
- The investment strategy.
- Creditworthiness policy; and
- Policy on use of external service providers.
- 1.18 These elements cover the requirements of the Local Government Act 2003, the CIPFA Prudential Code, Welsh Government MRP Guidance, the CIPFA Treasury Management Code and Welsh Government Investment Guidance.

### 1.19 Training

- 1.20 The CIPFA Code requires the responsible officer to ensure that members with responsibility for treasury management receive adequate training in treasury management. This especially applies to members responsible for scrutiny. The Authority holds two briefing sessions per year for members and members must ensure that they attend at least one of these. The training needs of treasury management officers are periodically reviewed.
- 1.21 Financial training in managing the financial aspects of capital projects is available for those that manage projects and takes place regularly throughout the year.

### **1.22 Treasury Management Consultants**

1.23 The Council uses Link Asset Services, Treasury solutions as its external treasury management advisors. They also support on Capital advice. The Council recognises that responsibility for treasury management decisions remains with the organisation at all times and will ensure that undue reliance

is not placed upon the services of our external service providers. All decisions will be undertaken with regards to all available information, including, but not solely, our treasury advisers.

1.24 It also recognises that there is value in employing external providers of treasury management services in order to acquire access to specialist skills and resources. The Council will ensure that the terms of their appointment and the methods by which their value will be assessed are properly agreed and documented and subjected to regular review.

# **Capital Strategy**

## 2.1 Background

- 2.2 Part 1, Section 3 of the Local Government Finance Act 2003 requires that the Authority shall determine and keep under review how much it can afford to borrow. The Act is supported by the Prudential Framework for local authority capital investment and the CIPFA Prudential Code for Capital Finance in Local Authorities (the Code). The CIPFA Prudential Code was revised in December 2017. The revised Code introduced a new requirement that all authorities produce a capital strategy, which sets out the long-term context in which capital expenditure and investment decisions are made.
- 2.3 The Capital Strategy and Treasury Management Strategy (TMS) are closely linked, and both are revised annually. The Capital Strategy defines the Council's spending and the TMS sets out how it will be funded and its impact on the overall financial standing of the Council.

### 2.4 Aims, Priorities and Principles

- 2.5 The purpose of this strategy is to set out the objectives, principles and governance framework to ensure that the Authority takes capital expenditure and investment decisions in line with service objectives that underpin the delivery of the Corporate Improvement Plan through Vision 2025. The Council's Vision sets out the key priorities and objectives of the Council for the period to 31 March 2025.
- 2.6 Vision 2025 sets out the long-term vision for the council under four priority areas (aligned to the Wellbeing of Future Generations Act 2015 objectives).

### 2.7 Programme Overview

- 2.8 The Capital Programme is a key enabler to deliver the Councils ambition set out in Vision 2025. Broadly the programme covers three areas of expenditure:
  - a core programme of schemes that are regulatory / statutory in nature, and minimise legal challenge or revenue risk, these schemes are related to day to day activities that will ensure the Council meets its statutory requirements.
  - a retained asset programme to improve or enhance the life of existing assets, and

- an investment programme in schemes linked to the Council's strategic priorities, such as schemes to generate income and increase the diversification of the Council's property portfolio or reduce the revenue costs of running and maintaining the assets.
- 2.9 Vision 2025 will be delivered, in part, through its nine Transformation Programmes, as shown in the diagram below. The six Service Transformation programmes all require capital funding to deliver their transformation agenda.

### **Capital Investment across Services**

- 2.10 The Council has developed its capital strategy which sets out a ten year long-term plan and demonstrates that the capital / investments decisions are taken in line with priorities and gives consideration to both risk/reward and impact; as well as properly taking account of stewardship, value for money, prudence, sustainability and affordability.
- 2.11 The Council will continue to invest in services that underpin the priorities set out as part of Vision 2025, the key themes have clear service projects:

**Residents and the Community** - We will support our residents and communities.

Housing - The Council will continue to maintain for all the homes it owns the Welsh Housing Quality Standard (WHQS) with an ongoing capital programme in part funded through Welsh Government Funding and Supported Borrowing. The Housing Revenue Account Thirty Year Business Plan demonstrates an affordable capital strategy alongside delivering the day-to-day landlord service and has key objectives linked to the Local Housing Strategy. The Council has commenced the building of 100 new council dwellings as part of its commitment to complete 250 new homes by 2025. The Council will continue to fund a major programme of Disabled Facilities Grants enabled works and improvements to homes to improve the quality of life for people who need help to live as independently as possible. In addition, Housing Services will continue to support energy efficiency and bringing privately owned empty homes back into use through the SWAS (Safe Warm & Secure), Landlord Loans and the ZILF Co2i loan schemes.

- Leisure Centres Since 2019 the Council has approved a five-year programme which has already enabled significant, essential replacement of plant, fixtures, end-of-life equipment, structural materials, playing surfaces and decoration. The Capital commitment supports the Council's 'landlord' responsibilities as part of the leisure contract but also ensures that the buildings are fit for purpose, compliant, attractive and provide a positive customer experience. Leisure Services in Powys not only support the overall well-being of our 'residents and communities' but contribute to the 'health & care' agendas, providing interventions and prevention programmes to help reduce the burden on health services; 'learning & skills' as a collaborative partner to the School's Transformation Programme and for individuals to learn and develop though specific opportunities that the service provides or facilitates and the 'economy' by hosting and delivering local, regional and national events and competitions which draws significant numbers of visitors from across the UK to utilise the facilities we have in Powys.
- Waste Strategy Powys County Council faces a stringent WG statutory recycling target of 64% for 2019/20 through to 70% for 2024/25. There is also a non-statutory WG target to reduce landfill to 10% by 2019/20 reducing to 5% by 2024/25. This has required a step change in the way all local authorities approach waste and recycling. The continued capital investment in the Waste and Recycling service will ensure that the Council is able to meet the targets whilst obtaining maximum value from the service. A network of assets under the Council's control allows flexibility to adapt to any changing requirements within the industry and Government policy and legislation. Some of these schemes are linked to efficiency savings and service improvements in future years.
- > Health and Care We will lead the way in effective, integrated rural health and care.
- Social Care The capital programme focuses on supporting those who wish to remain in their own home rather than residential care and supports the integrated Health and Care Strategy for Powys. This strategy acknowledges that people in Powys live longer and healthier lives than elsewhere in Wales and that Powys is a place aspiring to help improve the wellbeing of all people. Capital funding mainly focus on accommodation options, including supporting the building and redevelopment of facilities to increase the stock of extra care housing, in collaboration with Powys Teaching Health Board and local Residential Social Landlords.
- Assistive Technology has a key role to play in the modernisation of health and social care. With ever increasing technological advances, it offers a range of possibilities for greater choice, not only of how people can access the support they need, but also where and when they access support. In doing so, assistive technology enables people to take greater control, and to live independently for longer by preventing hospital admissions and premature moves to residential care. Enabling access to better accommodation options is essential in order to support independent living and reduce demand for other types of care.

### Learning and Skills – We will strengthen learning and skills.

Schools Transformation - The Council has developed a new ten year Strategy to Transform Education in Powys 2020-30 with the implementation of a major capital investment programme that will ensure that schools in Powys have inspiring, environmentally sustainable buildings that can provide opportunities for wider community activity, including where possible childcare services, early years, ALN, multi-agency support and community and leisure facilities. This will also include developing a reliable, high quality digital infrastructure. The Council is investing £147m over the next ten years in its schools through the current Band A and Band B of the Welsh Government's Page 51

21st C Schools Programme. The 21st C Schools Programme has a 65% capital intervention rate for mainstream schools, 75% for special schools and it also offers a new and innovative funding route where the intervention rate is 85% the Mutual Investment Model. The Council will develop its strategies to ensure maximisation of the potential investment opportunities that may be available via WG funding.

However, to deliver the full Schools Transformation Programme significant funding sources above what is currently included in the following Capital Programme will be required.

Alongside this, capital funding through our major repairs programme will be focussed on where the need is greatest, as identified through the Schools Service's Asset Management Plan.

**The Economy** – We will develop a vibrant economy.

- Highways and Environment The Council has a statutory duty to maintain the adopted highway, maintained at public expense in a safe condition for the passage of the user. A strategic approach has been used to develop the HAMP in identifying and allocating resources for the management, operation, preservation and enhancement of the highway infrastructure to meet the needs of current and future customers. Current gross replacement cost of these assets is estimated at £4.4bn.
- Property The vision is to ensure that through the Corporate Landlord initiative, the Council's assets are appropriately managed to provide safe, efficient, sustainable properties in the right locations to support the delivery of services and the achievement of key priorities. The Strategic Asset Board and the Strategic Asset Management Plan are the mechanisms in place to help deliver these priorities, which will ensure close working and collaboration across all service areas and partner organisations such as NPTC / PTHB. The Property team will be supported in this crucial work with investment provided to procure a new Property Management database which will provide a single point of reference for all aspects of the Council's operational and investment estate. A provisional property disposals programme has been developed over the next 10 years.
- Regeneration, Property and Development The Council need to intervene where the private sector is not able to (for economic reasons) to create or facilitate investment in business units in order to keep and attract business to the County. The Abermule scheme is one such scheme that sees the Authority creating a business park on a former WG site which otherwise would not have been developed in the short to medium term. Capital investment will also form an important part of supporting the regeneration and viability of town centres. An initial annual allocation of £2 million starting in 2022-23 has been included as the Council's contribution towards the Mid Wales Growth Deal. As the plans for the deal develop the funding will be released to the relevant projects on completion of the relevant governance and approval processes.
- County Farms It is essential that the Council manages its agricultural estate prudently, efficiently, and professionally. Effective management of County Farms estate will enable the continued opportunities already enjoyed by current tenant farmers and maintain an income stream. The financial demands of the Estate need to be evaluated against the competing demands across the council whilst noting the estate produces an annual surplus in its trading account. The opportunity for capital receipts will continue to arise as reviews are undertaken at each tenant departure from the Estate. An Invest to Save initiative is being developed which will see investments made to the Farm Estate which should create opportunities for capital receipts and also reduced revenue expenditure, for example barn conversions and subsequent sales.
- Information Technology (IT) The service engages with change programmes so that investment and resource meets identified priorities. In respect of infrastructure, IT will seek to invest in up to date cloud based technologies including 'Azure' cloud technologies, improved telephony and mobile systems, WEB and share-point and improved wireless as well as further enabling our staff to work in an agile manner. In terms of applications, IT is looking to rationalise the number of systems through investment in replacement of legacy corporate systems and through modernisation of systems and applications to improve integration and provide an improved customer journey.

### **Investment in Commercial Activity**

- 2.12 The commercial activity undertaken in the council relates to holding properties that are utilised by tenants, these include livestock markets, caravan park, restaurant and office space.
- 2.13 Around £240,000 in rental income is received each year.
- 2.14 The council has a trading company that is likely to become the vehicle that supports greater commercial activity, but any investment must evidence the following criteria:
  - Support the strategic community objectives of the council.
  - Have a balanced investment approach.
  - Improve covenant strength.
  - Drive income generation and maintain yield.
- 2.15 To ensure that the council is able to benefit from the lower borrowing rates offered by the Public Works Loans Board (PWLB) the council will currently not consider investing in additional commercial property.

### Funding the Capital Strategy

- 2.16 The cost of funding the capital programme is closely monitored due to the impact on the budget and the ongoing funding constraints of the MTFS. The Council aims to minimise the cost of borrowing on the Financial Resource Model (FRM) and other sources need to be maximized such as grant funding. Funding capital from borrowing incurs extra costs from interest on the loan and the minimum revenue provision, repayment of the principal. Capital projects are prioritised where they can evidence a reduction in the cost of revenue, such as digital technologies or generate income such as building council dwellings.
- 2.17 The Housing Revenue Account (HRA) supports its own capital expenditure and provision for this is included in the HRA Business Plan. The surplus on the HRA account (excess of rental income over expenditure) is used to fund capital expenditure. This does not impact on the Council Fund. Although the HRA operates separately from the Council Fund, the Council does not borrow separately for Council Fund and HRA expenditure, all borrowing is combined, and the costs apportioned to the two funds based on the level of expenditure funded from borrowing for the two funds. The apportionment method is kept under review to ensure that it remains the most equitable method.

The Capital programme detailed at Appendix A, sets out how the programme is funded, the sources are explained below:

- **General Capital Grant** This is a sum of money which is provided by the Welsh Government as part of the annual settlement. The Council is free to use the capital grant on any capital project it wishes.
- **Supported Borrowing** The Council will borrow from establishments including the Public Works Loans Board (PWLB) to fund the expenditure. The revenue costs arising from the borrowing (Interest Costs and Minimum Revenue Provision) are funded by the Welsh Government through the annual revenue settlement, hence the term "Supported Borrowing".
- **Unsupported Borrowing** Again, the Council borrows the funding but is required to finance the revenue costs from its own resources. Projects funded by means of unsupported borrowing tend to be projects which deliver revenue savings, and these savings contribute to meet the additional revenue costs arising from the borrowing.
- Specific Capital Grants The Council will be awarded capital grants which partly or fully fund the cost of a project. Capital grants usually come with restrictions surrounding the expenditure which can be funded and by when the expenditure must be incurred. Page 53

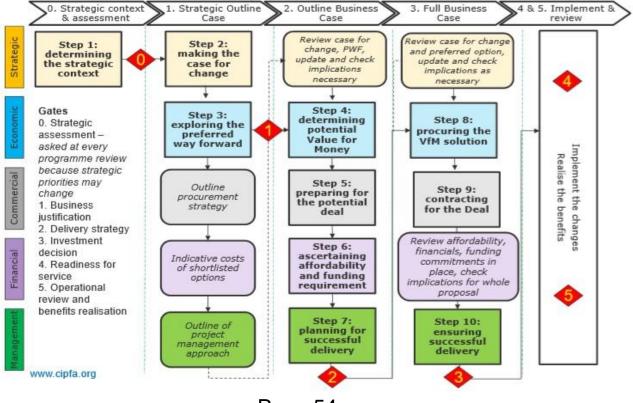

- **Revenue Contribution** Services can contribute from their revenue budgets to fund projects. These contributions tend to be as a match funding to a project which is mainly funded from a specific capital grant.
- Capital Receipts The funds generated from the sale of assets can be used to contribute to the funding of the capital programme. These are usually generated from the sale of surplus assets (normally land or buildings). The Councils' Capital Receipts Policy is set out in Appendix B.
- **Reserves** Funding held in reserve, e.g., unapplied capital receipts, can be used to support the capital programme. Specific reserves can also be built up and set aside for this purpose.

### **Capitalisation Direction and Transformation**

- 2.18 In December 2017 the Secretary of State announced the continuation of the capital receipt flexibility programme for a further three years up to financial year 2021/22. This is significant as it gives authorities the continued freedom to use capital receipts from the sale of their own assets (excluding Right to Buy receipts) to help fund the revenue costs of transformational work and the release of savings.
- 2.19 Realisable capital receipts will be used to fund the cost of the transformation projects for the next two years. The capital receipts policy is provided at Appendix B and forms a key element of the MTFS.

#### **Governance and Approval Approach**

2.20 Welsh Government have adopted the Better Business Case approach to building, reviewing, and agreeing business cases. These principles have been adopted in the Councils' Capital Governance Framework. This approach introduces a more formal regime to follow and ensures consistency and a robust approach to developing each project. The diagram below sets out the gates and steps necessary to develop a capital from proposal through to a successful delivery. There has been an urgency in adopting this new regime to evidence stronger governance based on robust business cases from services.

Page 54

- 2.21 The governance of this Capital Strategy follows the same process as the Revenue Budget Setting Process and is presented to the Cabinet as part of the MTFS which is then recommended to full Council for approval.
- 2.22 The three stages of the Governance Framework are:
- Stage 1 The Strategic Outline Case (SOC), these must be completed for the new bids and have necessary approval.
- Stage 2 Once the SOC is approved, managers will need to complete more detailed work, particularly on the economics of the case, finances (detailed costings) and submit the Outline Business Case (OBC) for approval through the Strategic Asset Board, who provide challenge and then make recommendation to EMT / Cabinet to approve.
- Stage 3 The Final Business Case (FBC) is the final gateway, and the project would move to the procurement stage. At this point the tender price for the project would be known and the risks quantified. Only when the FBC becomes a live project does the capital budget get allocated, which will improve our budget forecasting and profiling. Any revenue contributions including MRP costs would need to be built into the budget at stage 3.
  - For business cases between £75k and £1m a less formal business justification case will be adopted, being simpler and quicker to develop and proceed to project.
  - Each year there is a small bids programme funded by an allocation in the Capital
  - Programme for capital projects under £75k, these are dealt with through the Strategic Asset Board.
  - The Council is moving away from an annual capital cycle and using the new framework will have an ongoing process of projects in development through to approval through Cabinet and Council as needed with the necessary prudential indicators updated and presented.

### Capital Programme 2021-2031

- 2.23 The overall capital programme for the Council in 2021/22 is £101.53 million, which includes £27.90 million for the HRA. Appendix A provides a full list of all the schemes.
- 2.24 The General Fund includes schemes which have previously been approved or are in progress and expected to continue into future years. These total £73.63 million. The programme includes a list of schemes that have had their Strategic Outline Case approved and have been progressed to Outline Business case. Providing the economic and financial justification stacks up these schemes are likely to develop to Final Business Case stage and become live projects, totalling £9.00 million. Split over two years, £6.34 million in 2021/22 and £2.66 million in 2022/23. An initial annual allocation of £2.00 million starting in 2022-23 has been included as the Council's contribution towards the Mid Wales Growth Deal. As the plans for the deal develop, the funding will be released to the relevant projects on completion of the relevant governance and approval processes.
- 2.25 The need to maintain the highways infrastructure through the HAMP has been highlighted at strategic level as a critical area of the council's long-term strategy. The programme now includes £5.00 million per annum for the HAMP and an additional £1.00 million per annum for street lighting column upgrades until 2029/30.
- 2.26 Overall additional borrowing requirements are estimated at £52.65 million in 2021/22, but it is likely that this figure will be less based on previous years slippage on spend and grants received in year.

2.27 The capital programme remains within budget for 2021/22 however additional revenue funding will need to be identified to fund investment in future years. The impact of the capital programme is set out through the following prudential indicators:

### **Capital Prudential Indicators**

2.28 The Council's capital expenditure plans are the key driver of treasury management activity. The output of the capital expenditure plans is reflected in the prudential indicators, which are designed to assist members' overview and confirm capital expenditure plans.

### **Capital Expenditure**

2.29 This prudential indicator is a summary of the Council's capital expenditure plans, both those agreed previously, and those forming part of this budget cycle.

| £'m     | 2020/21 | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 |
|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| Non-HRA | 66.72   | 73.63   | 87.46   | 45.88   | 18.91   | 16.92   | 15.96   | 21.06   | 18.37   | 15.83   |
| HRA     | 28.99   | 27.90   | 29.80   | 31.63   | 28.19   | 21.07   | 20.36   | 20.69   | 23.41   | 15.65   |
| Total   | 95.71   | 101.53  | 117.26  | 77.51   | 47.10   | 38.00   | 36.32   | 41.75   | 41.78   | 31.48   |

- 2.30 **Other long-term liabilities** The financing need set out in the table above excludes other long-term liabilities, such as leasing arrangements that already include borrowing instruments.
- 2.31 The table below summarises the above capital expenditure plans and how these plans are being financed by capital or revenue resources. Any shortfall of resources results in a requirement to fund through borrowing, this figure is shown as the net financing need.

| £'m                                | 2020/21 | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 |

### The Council's Borrowing Need (the Capital Financing Requirement)

- 2.32 This is the Council's Capital Financing Requirement (CFR). The CFR is simply the total historic outstanding capital expenditure which has not yet been paid for from either revenue or capital resources. It is essentially a measure of the Council's indebtedness and so its underlying borrowing need. Any capital expenditure which has not immediately been paid for through a revenue or capital resource, will increase the CFR.
- 2.33 The CFR does not increase indefinitely, as the minimum revenue provision (MRP) is a statutory annual revenue charge which broadly reduces the indebtedness in line with each asset life, and so charges the economic consumption of capital assets as they are used.
- 2.34 The greater the CFR the larger the impact will be on the revenue budget, therefore in the long-term there will be a need to keep capital expenditure funded by borrowing at a level below the MRP budget in order to maintain the revenue budget at a sustainable level.

2.35 The Council is asked to approve the CFR projections below:

| £'m  | 2020/21    | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 |
|--|------------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| CFR – non HRA                              | 317.77     | 352.95  | 383.30  | 398.71  | 399.32  | 399.38  | 399.48  | 402.33  | 405.05  | 404.70  |

### **Minimum Revenue Provision Policy Statement**

- 2.36 MRP is an annual charge that Councils are required to pay for their debt liability in respect of capital expenditure funded by borrowing, for both the general fund and the Housing Revenue Account debt. This capital expenditure is set out as part of the CFR calculation and updated regularly to reflect borrowing need changes and the resultant costs; it is important to ensure that the debt is repaid over a period commensurate with that over which the capital expenditure provides benefit.
- 2.37 The debt repayment is a revenue charge, the minimum revenue provision (MRP), although additional voluntary payments are allowed if required voluntary revenue provision (VRP).
- 2.38 Welsh Government regulations have been issued which require the Council to approve the **MRP Statement** in advance of each year. A variety of options are provided to councils, so long as there is a prudent provision set out.

# 2.39 Recommendation - The Council is recommended to approve the following MRP Statement for the 2021/22 financial year:

- For capital expenditure incurred before 1 April 2008 or which in the future will be Supported Capital Expenditure, the MRP policy will be:
  - To continue to calculate the MRP on a 2% on a straight-line basis for borrowing Council Fund debt.
- From 1 April 2008 for all unsupported borrowing (including PFI and finance leases), the MRP policy is:
  - To charge MRP over the asset life on an annuity basis.
- Estimated life periods will be determined under delegated powers. Whatever type of expenditure is involved, it will be grouped together in a manner which reflects the nature of the components of expenditure and will only be divided up in cases where there are two or more major components with substantially different economic lives.

These options provide for a reduction in the borrowing need over approximately the asset's life.

There is a requirement on the HRA to make a minimum revenue provision of 2% of the reducing balance. The HRA MRP for prudential debt IS calculated using the asset life method.

Repayments included in annual PFI or finance leases are applied as MRP.

- In addition, the guidance allows for MRP to be deferred for assets under construction and this part of the guidance is adopted because the asset is not used by the authority until it is operational and therefore the MRP will match the life of the asset.
- 2.40 **MRP Overpayments** A change introduced by the revised Welsh Government MRP Guidance was the allowance that any charges made over the statutory minimum revenue provision (MRP), voluntary revenue provision or overpayments, can, if needed, be reclaimed in later years if deemed necessary or prudent. In order for these sums to be reclaimed for use in the budget, this policy must disclose the cumulative overpayment made each year. Up until the 31st March 2020 the total VRP utilised was £12.9m, with the expected total overpayments being £19.5m.

### **Risk Management**

- 2.41 All large capital projects are managed under the Council's Project Management Methodology, which incorporates risk identification and risk management. The Council also has a Risk Management Policy which is applied to all its projects and activities.
- 2.42 For all capital projects, project managers update financial forecasts on a monthly basis identifying any areas subject to risk of overspend, underspend or slippage.
- 2.43 There is also a degree of funding risk in the Capital Programme, reliant as it is on future capital receipts, and the ability to be able to afford borrowing if necessary. These risks need to be managed and monitored on a regular basis, and action taken where necessary.
- 2.44 Risk appetite in this context is the level of risk that the Council is prepared to accept to be exposed to at any point in time in relation to its activities. It involves knowing what risks the Council wishes to avoid, what risks it is willing to accept and what risks it is willing and able to manage (including by transferring them to a third party, e.g., through insurance).
- 2.45 The risks are regularly monitored and managed both financially and operationally in accordance with council processes.
- 2.46 The Council is willing to accept the risks set out in this Strategy for projects that have Council approval provided that the project management ensures the appropriate mitigations are put in place to bring the project within acceptable risks margins.

| Description of Risk  | Potential Impact   |
|--|--|
| The longer a project takes to come to fruition, the greater the risk that<br>the financial cost of the project will have increased, both due to the<br>additional staff time spent on the project and the inflationary impact<br>on the costs involved in bringing the asset into operation.   | on the other projects/ programmes  |
| There is a degree of correlation between the length of time a project<br>spends in the feasibility and development stage and an increased<br>risk of project failure or abandonment. Should a project fail for any<br>reason, the regulations require all capital costs to be returned to<br>revenue, which may create significant pressures, depending on the<br>level of spend at that point.  | May result in additional revenue pressures on delivery/services.                       |
| Project expenditure is higher than forecast estimates  | May result in increased financial pressures/ limitations on future investment options. |
| Once a project has been delivered successfully the cash expended<br>is then bound in the asset. In the case of the assets that are for<br>service delivery and do not generate a rental income stream, the<br>money invested in the asset is only recovered if and when the asset<br>is sold at a future date. This carries inherent financial risks in that the<br>asset may have decreased in value, depending on market conditions,<br>or may not have increased in value sufficiently to mitigate the effects<br>of inflation. | pressures/limitations on future investment options.                                    |

2.47 The key financial risks inherent in the Council's Capital Programme include:

# **Treasury Management Strategy**

# 3.1 Background

- 3.2 The Council is required to operate a balanced budget which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned with cash being available when it is needed.
- 3.3 The second main function of the treasury management service is the funding of the Council's capital plans. These plans provide a guide to the borrowing need of the Council, essentially the longer-term cash flow planning, to ensure that the Council can meet its capital spending obligations. This management of longer-term cash involves arranging short or long-term loans or using longer-term cash flow surpluses.
- 3.4 The contribution the treasury management function makes to the authority is critical as the balance of debt and investment operations ensure liquidity or the ability to meet spending commitments as they fall due, either on day-to-day revenue or for larger capital projects.
- 3.5 Whilst any commercial initiatives or loans to third parties will impact on the treasury function, these activities are generally classed as non-treasury activities as they usually arise from capital expenditure and are separate from the day-to-day treasury management activities. The IRFS 16 Leases accounting standard will from April 2022 require leases in, with the exception of low value and short term leases to be included on the balance sheet. These arrangements are not included in this report.

# **Borrowing Strategy**

- 3.6 The Council is currently maintaining an under-borrowed position. This means that the capital borrowing need (the Capital Financing Requirement), has not been fully funded with loan debt as cash supporting the Council's reserves, balances and cash flow has been used as a temporary measure. This strategy is prudent as investment returns are low and counterparty risk is still an issue that needs to be considered.
- 3.7 Against this background and the risks within the economic forecast, caution will be adopted with the 2021/22 treasury operations. The Head of Financial Services will monitor interest rates in financial markets and adopt a pragmatic approach to changing circumstances:
  - if it was felt that there was a significant risk of a sharp fall in borrowing rates, (e.g., due to a marked increase of risks around relapse into recession or of risks of deflation), then borrowing will be postponed.
  - if it was felt that there was a significant risk of a much sharper rise in borrowing rates than that currently forecast, perhaps arising from an acceleration in the rate of increase in central rates in the USA and UK, an increase in world economic activity, or a sudden increase in inflation risks, then the portfolio position will be re-appraised. Most likely, fixed rate funding will be drawn whilst interest rates are lower than they are projected to be in the next few years.
- 3.8 Any decisions will be reported to the appropriate decision making body at the next available opportunity.

### 3.9 Policy on Borrowing in Advance of Need

3.10 The Council will not borrow more than or in advance of its needs purely in order to profit from the investment of the extra sums borrowed. Any decision to borrow in advance will be within forward approved Capital Financing Requirement estimates and will be considered carefully to ensure that value for money can be demonstrated and that the Council can ensure the security of such funds.

3.11 Risks associated with any borrowing in advance activity will be subject to prior appraisal and subsequent reporting through the mid-year or annual reporting mechanism.

### 3.12 Debt rescheduling

3.13 Rescheduling of current borrowing in our debt portfolio is unlikely to occur as the 100 bps increase in PWLB rates only applied to new borrowing rates and not to premature debt repayment rates. If rescheduling was done, it will be reported to the Cabinet at the earliest meeting following its action.

### 3.14 New Financial Institutions as a source of Borrowing and / or types of Borrowing

Currently the PWLB Certainty Rate is set at gilts + 80 basis points for both HRA and non-HRA borrowing. However, consideration may still need to be given to sourcing funding from the following sources for the following reasons:

- Local authorities (primarily shorter dated maturities out to 3 years or so still cheaper than the Certainty Rate).
- Financial institutions (primarily insurance companies and pension funds but also some banks, out of forward dates where the objective is to avoid a "cost of carry" or to achieve refinancing certainty over the next few years)
- Municipal Bonds Agency (possibly still a viable alternative depending on market circumstances prevailing at the time).

Our advisors will keep us informed as to the relative merits of each of these alternative funding sources.

### 3.15 Approved Sources of Long and Short term Borrowing

| <b>On Balance Sheet</b><br>PWLB<br>Municipal bond agency<br>Local authorities<br>Banks<br>Pension funds<br>Insurance companies | Fixed<br>•<br>•<br>• | Variable<br>●<br>●<br>●<br>●<br>● |

# **Capital Prudential and Treasury Indicators**

3.16 The Council's capital expenditure plans are the key driver of treasury management activity. The output of the capital expenditure plans is reflected in the prudential indicators, which are designed to assist members' overview and confirm capital expenditure plans.

### Ratio of financing costs to net revenue stream

3.17 This indicator identifies the trend in the cost of capital, (borrowing and other long term obligation costs net of investment income), against the net revenue budget or HRA rental income (net revenue stream). The estimates of financing costs include current commitments and the proposals in this budget report. The future net revenue streams are estimated based on worst case scenarios.

| £'m                   | 2020/21 | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 |
|-----------------------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| Financing<br>Costs    | 10.02   | 13.59   | 16.55   | 17.61   | 17.71   | 17.54   | 16.67   | 17.13   | 17.45   | 17.51   |

|                       |         |         |         |         |         |         |         |         |         |         |
| Financing<br>Costs    | 5.27    | 5.75    | 6.35    | 6.98    | 7.59    | 8.02    | 7.79    | 7.96    | 8.07    | 8.39    |
| Net Revenue<br>Stream | 25.65   | 25.88   | 26.99   | 28.24   | 29.61   | 30.98   | 32.28   | 33.46   | 34.64   | 35.85   |
| HRA                   | 20.54%  | 22.22%  | 23.52%  | 24.72%  | 25.64%  | 25.89%  | 24.14%  | 23.80%  | 23.30%  | 23.41%  |

### Maturity structure of borrowing

- 3.18 These gross limits are set to reduce the Council's exposure to large, fixed rate sums falling due for refinancing and are required for upper and lower limits.
- 3.19 The Council is asked to approve the following treasury indicators and limits:

| Maturity structure of borrowing 2020/21 |       |       |  |  |  |  |
|---|-------|-------|--|--|--|--|
|   | Lower | Upper |  |  |  |  |
| Under 12 months                         | 0%    | 40%   |  |  |  |  |
| 12 months to 2 years                    | 0%    | 40%   |  |  |  |  |
| 2 years to 5 years                      | 0%    | 40%   |  |  |  |  |
| 5 years to 10 years                     | 0%    | 40%   |  |  |  |  |
| 10 years to 20 years                    | 0%    | 40%   |  |  |  |  |
| 20 years to 30 years                    | 0%    | 40%   |  |  |  |  |
| 30 years to 40 years                    | 0%    | 40%   |  |  |  |  |
| 40 years to 50 years                    | 0%    | 40%   |  |  |  |  |

3.20 Affordability prudential indicators

3.21 Prudential indicators are required to assess the affordability of the capital investment plans. These provide an indication of the impact of the capital investment plans on the Council's overall finances. The Council is asked to approve the following borrowing indicators:

# 3.22 Borrowing Indicators

- 3.23 The capital expenditure plans set out in the capital strategy provide details of the service activity of the Council. The treasury management function ensures that the Council's cash is organised in accordance with the relevant professional codes, so that sufficient cash is available to meet this service activity and the Council's capital strategy. This will involve both the organisation of the cash flow and, where capital plans require, the organisation of appropriate borrowing facilities. The strategy covers the relevant treasury / prudential indicators, the current and projected debt positions and the annual investment strategy.
- 3.24 The Council's forward projections for borrowing are summarised below. The table shows the actual external debt, against the underlying capital borrowing need, (the Capital Financing Requirement CFR), highlighting any over or under borrowing.

| £'m                                      | 2020/21                      | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 |
|--|------------------------------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| Council Fund - E                         | Council Fund - External Debt |         |         |         |         |         |         |         |         |         |
| Debt at 1st April                        | 253.70                       | 262.70  | 312.95  | 343.30  | 358.71  | 359.32  | 359.38  | 359.48  | 362.33  | 365.05  |
| Expected change in Debt                  | 9.00                         | 50.25   | 30.35   | 15.41   | 0.60    | 0.06    | 0.11    | 2.84    | 2.73    | -0.36   |
| Estimated Gross<br>Debt at 31st<br>March | 262.70                       | 312.95  | 343.30  | 358.71  | 359.32  | 359.38  | 359.48  | 362.33  | 365.05  | 364.70  |
| CFR                                      | 317.77                       | 352.95  | 383.30  | 398.71  | 399.32  | 399.38  | 399.48  | 402.33  | 405.05  | 404.70  |
| Under / (Over)<br>Borrowing              | 55.06                        | 40.00   | 40.00   | 40.00   | 40.00   | 40.00   | 40.00   | 40.00   | 40.00   | 40.00   |
|  |                              |         |         |         |         |         |         |         |         |         |

# Change in External Debt

| HRA - External D                         | ebt    |        |        |        |        |        |        |        |        |        |
|--|--------|--------|--------|--------|--------|--------|--------|--------|--------|--------|
| Debt at 1st April                        | 94.01  | 105.00 | 115.62 | 126.14 | 136.19 | 142.96 | 144.29 | 145.14 | 146.32 | 150.63 |
| Expected change in Debt                  | 10.99  | 10.62  | 10.52  | 10.04  | 6.78   | 1.32   | 0.85   | 1.18   | 4.31   | -1.03  |
| Estimated Gross<br>Debt at 31st<br>March | 105.00 | 115.62 | 126.14 | 136.19 | 142.96 | 144.29 | 145.14 | 146.32 | 150.63 | 149.60 |
| CFR                                      | 105.00 | 115.62 | 126.14 | 136.19 | 142.96 | 144.29 | 145.14 | 146.32 | 150.63 | 149.60 |

- 3.25 Within the range of prudential indicators there are a number of key indicators to ensure that the Council operates its activities within well-defined limits. One of these is that the Council needs to ensure that its gross debt does not, except in the short term, exceed the total of the CFR in the preceding year plus the estimates of any additional CFR for 2021/22 and the following two financial years. This allows some flexibility for limited early borrowing for future years but ensures that borrowing is not undertaken for revenue or speculative purposes.
- 3.26 The Head of Financial Services reports that the Council complied with this prudential indicator in the current year and does not envisage difficulties for the next few years. This view takes into account current commitments, existing plans, and the proposals in this budget report. The projected increase

in the CFR over the medium and longer term must be reviewed annually to ensure that the capital investment plans remain affordable, prudent and sustainable.

# 3.27 Treasury Indicators: limits to borrowing activity

### **Operational Boundary**

- 3.28 The Operational Boundary is the limit beyond which external debt is not normally expected to exceed. In most cases, this would be a similar figure to the CFR, but may be lower or higher depending on the levels of actual debt and the ability to fund under-borrowing by other cash resources.
- 3.29 The council has a long term liability of £19.50 million for a Section 106 obligation. This is not factored into any repayment plans at present, and borrowing is likely to be needed for this at some point in the future.

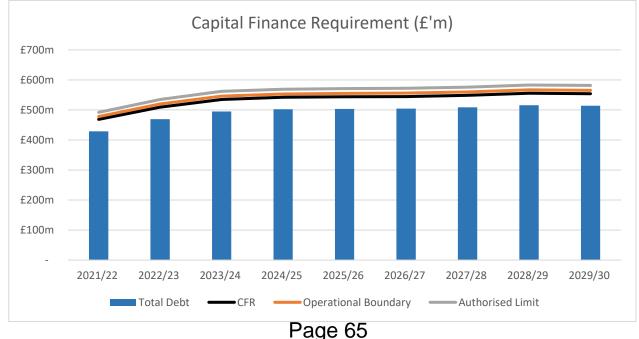

| £'m                     | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 | 2030/31 |
|-------------------------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| Operational<br>Boundary | 478.00  | 520.00  | 546.00  | 553.00  | 555.00  | 556.00  | 560.00  | 567.00  | 565.00  | 563.00  |

### **Authorised Limit**

- 3.30 This is a key prudential indicator and represents a control on the maximum level of borrowing. This represents a legal limit beyond which external debt is prohibited, and this limit needs to be set or revised by the full Council. It reflects the level of external debt which, while not desired, could be afforded in the short term, but is not sustainable in the longer term.
- 3.31 This is the statutory limit determined under section 3 (1) of the Local Government Act 2003. The Government retains an option to control either the total of all councils' plans, or those of a specific council, although this power has not yet been exercised.
- 3.32 The Council is asked to approve the following authorised limit.

| £'m              | 2021/22 | 2022/23 | 2023/24 | 2024/25 | 2025/26 | 2026/27 | 2027/28 | 2028/29 | 2029/30 | 2030/31 |
|------------------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| Authorised Limit | 492.00  | 535.00  | 562.00  | 569.00  | 571.00  | 572.00  | 576.00  | 583.00  | 582.00  | 581.00  |

3.33 The chart below shows the relationship between the Total Debt, the Capital Financing Requirement (CFR), the Operational Boundary and Authorised Limit.

### **Annual Investment Policy**

3.34 **Management of risk** - The Welsh Government and CIPFA have extended the meaning of 'investments' to include both financial and non-financial investments. This strategy deals solely with financial investments, (as managed by the treasury management team). Nonfinancial investments, essentially the purchase of income yielding assets, are covered in the Capital Strategy.

The Council's investment policy has regard to the following.

- Welsh Government's Guidance on Local Government Investments 2019 ("the Guidance")
- CIPFA Treasury Management in Public Services Code of Practice and Cross Sectoral Guidance Notes 2017 ("the Code")
- CIPFA Treasury Management Guidance Notes 2018
- The Council's investment priorities will be security first, portfolio liquidity second and then yield, (return).
- 3.35 The above guidance from the Welsh Government and CIPFA place a high priority on the management of risk. This authority has adopted a prudent approach to managing risk and defines its risk appetite by the following means:
  - Minimum acceptable credit criteria are applied in order to generate a list of highly creditworthy counterparties. This also enables diversification and thus avoidance of concentration risk. The key ratings used to monitor counterparties are the short term and long-term ratings.
  - Other information: ratings will not be the sole determinant of the quality of an institution; it is
    important to continually assess and monitor the financial sector on both a micro and macro basis
    and in relation to the economic and political environments in which institutions operate. The
    assessment will also take account of information that reflects the opinion of the markets. To
    achieve this consideration the Council will engage with its advisors to maintain a monitor on
    market pricing such as "credit default swaps" and overlay that information on top of the credit
    ratings.
  - Other information sources used will include the financial press, share price and other such information pertaining to the financial sector in order to establish the most robust scrutiny process on the suitability of potential investment counterparties.
  - This authority has defined the list of types of investment instruments that the treasury management team are authorised to use. There are categories of 'specified' and 'non-specified' investments.
  - Specified investments are those with a high level of credit quality and subject to a maturity limit of one year except deposits with local authorities which can be for any period.
  - Non-specified investments are those with less high credit quality, may be for periods in excess
    of one year, and/or are more complex instruments which require greater consideration by
    members and officers before being authorised for use. Once an investment is classed as nonspecified, it remains non-specified all the way through to maturity i.e., an 18 month deposit would
    still be non-specified even if it has only 11 months left until maturity.
  - Lending limits (amounts and maturity), for each counterparty will be set in conjunction with Link's matrices.
  - This authority will set a limit for the amount of its investments which are invested for longer than 365 days.
  - Investments will only be placed with counterparties from countries with a specified minimum sovereign rating.
  - All investments will be denominated in sterling.
- 3.36 As a result of the change in accounting standards for 2020/21 under IFRS 9, this authority will consider the implications of investment instruments which could result in an adverse movement in the value of the amount invested and resultant charges at the end of the year to the General Fund. The Welsh Government has passed a statutory override to allow Welsh local authorities time to

adjust their portfolio of all pooled investments by delaying implementation of IFRS 9 for five years until 31st March 2023.

3.37 The council will also pursue value for money in treasury management and will monitor the yield from investment income against appropriate benchmarks for investment performance.

### 3.38 Creditworthiness policy

- 3.39 This Council applies the creditworthiness service provided by Link Asset Services. This service employs a sophisticated modelling approach, utilising credit ratings from the three main credit rating agencies Fitch, Moody's and Standard & Poor's. The credit ratings of counterparties are supplemented with the following overlays:
  - "watches" and "outlooks" from credit rating agencies.
  - CDS spreads that may give early warning of likely changes in credit ratings.
  - sovereign ratings to select counterparties from only the most creditworthy countries.
- 3.40 This modelling approach combines credit ratings, and any assigned Watches and Outlooks in a weighted scoring system which is then combined with an overlay of CDS spreads. The end product of this is a series of colour coded bands which indicate the relative creditworthiness of counterparties. These colour codes are used by the Council to determine the suggested duration for investments. The Council will, therefore, use counterparties within the following durational bands:

| Yellow     | 5 years *  |
|------------|--|
| Dark pink  | 5 years for Ultra-Short Dated Bond Funds with a credit score of 1.25 |
| Light pink | 5 years for Ultra-Short Dated Bond Funds with a credit score of 1.5  |
| Purple     | 2 years  |
| Blue       | 1 year (only applies to nationalised or semi nationalised UK Banks)  |
| Orange     | 1 year   |
| Red        | 6 months   |
| Green      | 100 days   |
| No colour  | not to be used   |

Please note: the yellow colour category is for UK Government debt, or its equivalent, money market funds and collateralised deposits where the collateral is UK Government debt.

*Please note: "fund" ratings are different to individual counterparty ratings, coming under either specific "MMF" or "Bond Fund" rating criteria.* 

- 3.41 The Link Asset Services' creditworthiness service uses a wider array of information other than just primary ratings. Furthermore, by using a risk weighted scoring system, it does not give undue preponderance to just one agency's ratings.
- 3.42 Typically, the minimum credit ratings criteria the Council use will be a short term rating (Fitch or equivalents) of F1 and a long term rating of A-. There may be occasions when the counterparty ratings from one rating agency are marginally lower than these ratings but may still be used. In these instances, consideration will be given to the whole range of ratings available, or other topical market information, to support their use.
- 3.43 Credit ratings will be monitored daily through use of the Link Asset Services' creditworthiness service. If a downgrade results in the counterparty / investment scheme no longer meeting the Council's minimum criteria, its further use as a new investment will be withdrawn immediately. In

addition to the use of credit ratings the Council will be advised of information in movements in Credit Default Swap spreads against the iTraxx European Financials benchmark and other market data on a daily basis via its Passport website, provided exclusively to it by Link Asset Services. Extreme market movements may result in downgrade of an institution or removal from the Council's lending list.

- 3.44 Sole reliance will not be placed on the use of this external service. In addition, this Council will also use market data and market information, as well as information on any external support for banks to help support its decision making process.
- 3.45 UK banks
- 3.46 Although the credit rating agencies changed their outlook on many UK banks from Stable to Negative during the quarter ended 30.6.20 due to upcoming risks to banks' earnings and asset quality during the economic downturn caused by the pandemic, the majority of ratings were affirmed due to the continuing strong credit profiles of major financial institutions, including UK banks.
- 3.47 However, during Q1 and Q2 2020, banks made provisions for expected credit losses and the rating changes reflected these provisions. As we move into future quarters, more information will emerge on actual levels of credit losses. (Quarterly earnings reports are normally announced in the second half of the month following the end of the quarter.) This has the potential to cause rating agencies to revisit their initial rating adjustments earlier in the current year. These adjustments could be negative or positive, although it should also be borne in mind that banks went into this pandemic with strong balance sheets.
- 3.48 This is predominantly a result of regulatory changes imposed on banks following the Great Financial Crisis. Indeed, the Financial Policy Committee (FPC) report on 6th August revised down their expected credit losses for the UK banking sector to "somewhat less than £80bn". It stated that in its assessment, "banks have buffers of capital more than sufficient to absorb the losses that are likely to arise under the MPC's central projection". The FPC stated that for real stress in the sector, the economic output would need to be twice as bad as the MPC's projection, with unemployment rising to above 15%.
- 3.49 All three rating agencies have reviewed banks around the world with similar results in many countries of most banks being placed on Negative Outlook, but with a small number of actual downgrades.
- 3.50 Although bank CDS prices (these are market indicators of credit risk) spiked upwards at the end of March / early April 2020 due to the heightened market uncertainty and ensuing liquidity crisis that affected financial markets, they have returned to more average levels since then. Nevertheless, prices are still elevated compared to end-February 2020. Pricing is likely to remain volatile as uncertainty continues. However, sentiment can easily shift, so it will remain important to undertake continual monitoring of all aspects of risk and return in the current circumstances. Link monitor CDS prices as part of their creditworthiness service to local authorities and the Council has access to this information via its Link-provided Passport portal.

### 3.51 Country limits

- 3.52 Due care will be taken to consider the exposure of the Council's total investment portfolio to nonspecified investments, countries, groups and sectors.
- 3.53 The Council has determined that it will only use approved counterparties from the UK and from countries with a minimum sovereign credit rating of AA- from Fitch. The list of countries that qualify using this credit criteria as at the date of this report are shown in paragraph 3.83. This list will be added to, or deducted from, by officers should ratings change in accordance with this policy.

### 3.54 Investment strategy

- 3.55 **In-house funds** Investments will be made with reference to the core balance and cash flow requirements and the outlook for short-term interest rates (i.e., rates for investments up to 12 months). Greater returns are usually obtainable by investing for longer periods. While most cash balances are required in order to manage the ups and downs of cash flow, where cash sums can be identified that could be invested for longer periods, the value to be obtained from longer term investments will be carefully assessed.
- 3.56 If it is thought that Bank Rate is likely to rise significantly within the time horizon being considered, then consideration will be given to keeping most investments as being short term or variable.
- 3.57 Conversely, if it is thought that Bank Rate is likely to fall within that time period, consideration will be given to locking in higher rates currently obtainable, for longer periods.
- 3.58 **Investment returns expectations –** Bank Rate is unlikely to rise from 0.10% for a considerable period. It is very difficult to say when it may start rising so it may be best to assume that investment earnings from money market-related instruments will be sub 0.50% for the foreseeable future.
- 3.59 The suggested budgeted investment earnings rates for returns on investments placed or periods up to about three months during each financial year are as follows:

| 2020/21     | 0.10% |
|-------------|-------|
| 2021/22     | 0.10% |
| 2022/23     | 0.10% |
| 2023/24     | 0.10% |
| 2024/25     | 0.25% |
| Later years | 2.00% |

- 3.60 The overall balance of risks to economic growth in the UK is probably now skewed to the upside but is subject to major uncertainty due to the virus and how quickly successful vaccines may become available and widely administered to the population. It may also be affected by what, if any, deal the UK agrees as part of Brexit.
- 3.61 There is relatively little UK domestic risk of increases or decreases in Bank Rate and significant changes in shorter term PWLB rates. The Bank of England has effectively ruled out the use of negative interest rates in the near term and increases in Bank Rate are likely to be some years away given the underlying economic expectations. However, it is always possible that safe haven flows, due to unexpected domestic developments and those in other major economies, or a return of investor confidence in equities, could impact gilt yields, (and so PWLB rates), in the UK.

### 3.62 Negative investment rates

- 3.63 While the Bank of England said in August / September 2020 that it is unlikely to introduce a negative Bank Rate, at least in the next 6 -12 months, and in November omitted any mention of negative rates in the minutes of the meeting of the Monetary Policy Committee, some deposit accounts are already offering negative rates for shorter periods. As part of the response to the pandemic and lockdown, the Bank and the Government have provided financial markets and businesses with plentiful access to credit, either directly or through commercial banks. In addition, the Government has provided large sums of grants to local authorities to help deal with the COVID crisis; this has caused some local authorities to have sudden large increases in cash balances searching for an investment home, some of which was only very short term until those sums were able to be passed on.
- 3.64 As for money market funds (MMFs), yields have continued to drift lower. Some managers have already resorted to trimming fee levels to ensure that net yields for investors remain in positive territory where possible and practical. Investor cash flow uncertainty, and the need to maintain liquidity in these unprecedented times, has meant there is a surfeit of money swilling around at the

very short end of the market. This has seen a number of market operators, now including the DMADF, offer nil or negative rates for very short term maturities. This is not universal, and MMFs are still offering a marginally positive return, as are a number of financial institutions for investments at the very short end of the yield curve.

- 3.65 Inter- local authority lending and borrowing rates have also declined due to the surge in the levels of cash seeking a short-term home at a time when many local authorities are probably having difficulties over accurately forecasting when disbursements of funds received will occur or when further large receipts will be received from the Government.
- 3.66 Inter- local authority lending and borrowing rates have also declined due to the surge in the levels of cash seeking a short-term home at a time when many local authorities are probably having difficulties over accurately forecasting when disbursements of funds received will occur or when further large receipts will be received from the Government.

### Investment treasury indicator and limit

- 3.67 The Investment treasury indicator and limit total principal funds invested for greater than 365 days. These limits are set with regard to the Council's liquidity requirements and to reduce the need for early sale of an investment and are based on the availability of funds after each yearend.
- 3.68 The Council is asked to approve the following treasury indicator and limit:

| Upper limit for principal sums invested for longer than 365 days             |         |         |         |  |  |  |
|--|---------|---------|---------|--|--|--|
| £m   | 2020/21 | 2021/22 | 2022/23 |  |  |  |
| Principal sums invested for longer than 365 days                             | £10m    | £10m    | £10m    |  |  |  |
| Current investments as at 10.01.21 in excess of 1 year maturing in each year | Nil     | Nil     | Nil     |  |  |  |

- 3.69 For its cash flow generated balances, the Council will seek to utilise its business reserve instant access accounts, money market funds and short-dated deposits.
- 3.70 **Investment performance / risk benchmarking** The council will use an investment benchmark to assess the investment performance of its investment portfolio of 3 month LIBID uncompounded. The Council is appreciative that the provision of LIBOR and associated LIBID rates is expected to cease at the end of 2021. It will work with its advisors in determining suitable replacement investment benchmark(s) ahead of this cessation and will report back to members accordingly.
- 3.71 Interest Rate Forecasts Brexit. The interest rate forecasts provided by Link were predicated on an assumption of a reasonable agreement being reached on trade negotiations between the UK and the EU. There is therefore no need to revise these forecasts now that a trade deal has been agreed. Brexit may reduce the economy's potential growth rate in the long run. However, much of that drag is now likely to be offset by an acceleration of productivity growth triggered by the digital revolution brought about by the COVID crisis.
- 3.72 The balance of risks to the UK
- 3.73 The overall balance of risks to economic growth in the UK is probably now skewed to the upside, but is still subject to some uncertainty due to the virus and the effect of any mutations, and how quick vaccines are in enabling a relaxation of restrictions.
- 3.74 There is relatively little UK domestic risk of increases or decreases in Bank Rate and significant changes in shorter term PWLB rates. The Bank of England has effectively ruled out the use of Page 70

negative interest rates in the near term and increases in Bank Rate are likely to be some years away given the underlying economic expectations. However, it is always possible that safe haven flows, due to unexpected domestic developments and those in other major economies, could impact gilt yields, (and so PWLB rates), in the UK.

# 3.75 Downside risks to current forecasts for UK gilt yields and PWLB rates currently include:

- UK government takes too much action too quickly to raise taxation or introduce austerity measures that depress demand in the economy.
- UK Bank of England takes action too quickly, or too far, over the next three years to raise Bank Rate and causes UK economic growth, and increases in inflation, to be weaker than we currently anticipate.
- A resurgence of the Eurozone sovereign debt crisis. The ECB has taken monetary policy action to support the bonds of EU states, with the positive impact most likely for "weaker" countries. In addition, the EU agreed a €750bn fiscal support package. These actions will help shield weaker economic regions for the next two or three years. However, in the case of Italy, the cost of the virus crisis has added to its already huge debt mountain and its slow economic growth will leave it vulnerable to markets returning to taking the view that its level of debt is unsupportable. There remains a sharp divide between northern EU countries favouring low debt to GDP and annual balanced budgets and southern countries who want to see jointly issued Eurobonds to finance economic recovery. This divide could undermine the unity of the EU in time to come.
- Weak capitalisation of some European banks, which could be undermined further depending on extent of credit losses resultant of the pandemic.
- German minority government & general election in 2021. In the German general election of September 2017, Angela Merkel's CDU party was left in a vulnerable minority position dependent on the fractious support of the SPD party, as a result of the rise in popularity of the anti-immigration AfD party. The CDU has done badly in subsequent state elections but the SPD has done particularly badly. Angela Merkel has stepped down from being the CDU party leader but she will remain as Chancellor until the general election in 2021. This then leaves a major question mark over who will be the major guiding hand and driver of EU unity when she steps down.
- Other minority EU governments. Austria, Sweden, Spain, Portugal, Netherlands, Ireland and Belgium also have vulnerable minority governments dependent on coalitions which could prove fragile.
- Austria, the Czech Republic, Poland and Hungary now form a strongly anti-immigration bloc within the EU, and they had threatened to derail the 7 year EU budget until a compromise was thrashed out in late 2020. There has also been a rise in anti-immigration sentiment in Germany and France.
- Geopolitical risks, for example in China, Iran or North Korea, but also in Europe and other Middle Eastern countries, which could lead to increasing safe haven flows.

# 3.76 Upside risks to current forecasts for UK gilt yields and PWLB rates

- UK a significant rise in inflationary pressures e.g. caused by a stronger than currently expected recovery in the UK economy after effective vaccines are administered quickly to the UK population, leading to a rapid resumption of normal life and return to full economic activity across all sectors of the economy.
- The Bank of England is too slow in its pace and strength of increases in Bank Rate and, therefore, allows inflationary pressures to build up too strongly within the UK economy, which then necessitates a rapid series of increases in Bank Rate to stifle inflation.
- 3.77 Treasury Management Practice Credit and Counterparty Risk Management
- 3.78 Specified Investments All such investments will be sterling denominated with maturities up to maximum of 1 year (except for deposits with local authorities which can be for any period), meeting the minimum 'high' quality criteria where applicable. (If a deposit is made for say 2 years, it starts as

being a non-specified investment and remains as a non-specified investment even when it's time to maturity falls under 12 months). The criteria, time limits and monetary limits applying to institutions or investment vehicles are.

| Institution                | Maximum Investment per<br>Group/Institution | Maximum Length | Credit Rating/Other<br>Assessment of Risk |
|----------------------------|---|----------------|---|
| UK Banks                   | £30m  | Up to 364 days | As per Link's matrices                    |
| Foreign Banks              | £5m   | Up to 364 days | As per Link's matrices                    |
| Other Local<br>Authorities | £25m  | Up to 5 years  | N/A                                       |

3.79 **Non specified Investments** - These are any investments which do not meet the specified investment criteria. A variety of investment instruments will be used, subject to the credit quality of the institution, and depending on the type of investment made, it will fall into one of the above categories. The criteria, time limits and monetary limits applying to institutions or investment vehicles are:

| Institution   | <i>Maximum<br/>Investment per<br/>Group/Institution</i> | Maximum<br>Length | Credit Rating/Other<br>Assessment of Risk |  |  |  |  |
|---|---|-------------------|---|--|--|--|--|
| UK Banks  | £10m (£5m limit with any one institution)               | Up to 2 years     | As per Link's matrices                    |  |  |  |  |
| Foreign Banks   | £2m   | Up to 2 years     | As per Link's matrices                    |  |  |  |  |
| Money Market Funds<br>(max. of 5)   | £10m  | N/A               | All are AAA rated                         |  |  |  |  |
| Other Local Authorities   | £10m  | Up to 5 years     | N/A                                       |  |  |  |  |
| Note: Limits for Specified and Non-Specified are combined limits. The maximum limit will also |   |                   |   |  |  |  |  |

apply to a banking group as a whole.

3.80 In addition to treasury management investment activity, local authorities can utilise their powers to borrow in order to invest in other financial assets. Such activity includes loans supporting service outcomes, investment in or loans to subsidiaries, and investment property portfolios primarily for a financial return. Whilst these impact on treasury management activity, they are managed outside of this Treasury Management Strategy and approved separately as part of the Council's Capital expenditure plans arising from its Capital Strategy. Regulator concerns in relation to the extent of this activity have resulted in recent updates to CIPFA professional Codes of Practice including the Treasury Management Code. Whilst no national monetary, financial or other controls or limits are in place currently, regulations have been updated to ensure the risks and implications of such activities are clearly governed and understood over a long term period.

### 3.81 Approved Countries for Investments

3.82 This list is based on those countries which have sovereign ratings of AA- or higher, (we show the lowest rating from Fitch, Moody's, and S&P) and also, (except - at the time of writing - for Hong Kong, Norway and Luxembourg), have banks operating in sterling markets which have credit ratings of green or above in the Link Asset Services credit worthiness service.

## 3.83 Based on lowest available rating

## > AAA

| 1/1         |            |
|-------------|------------|
| Australia   | Denmark    |
| Germany     | Luxembourg |
| Netherlands | Norway     |
| Singapore   | Sweden     |
| Switzerland |            |
|             |            |
|             |            |

## > AA+

| Canada  | U.S.A. |
|---------|--------|
| Finland |        |

## > AA

| Abu Dhabi (UAE) | France    |
|-----------------|-----------|
| AA-             |           |
| Belgium         | Hong Kong |
| Qatar           | U.K.      |

3.84 **Prospect for Interest rates** - The Council has appointed Link Asset Services as its treasury advisor and part of their service is to assist the Council to formulate a view on interest rates, their latest update is provided at Appendix D.

## 3.85 Investment and Borrowing Rates

- 3.86 Investment returns are likely to remain exceptionally low during 2021/22 with little increase in the following two years.
- 3.87 On 25th November 2020, the Chancellor announced the conclusion to the review of margins over gilt yields for PWLB rates; the standard and certainty margins were reduced by 1% but a prohibition was introduced to deny access to borrowing from the PWLB for any local authority which had purchase of assets for yield in its three year capital programme. The new margins over gilt yields are as follows.
  - PWLB Standard Rate is gilt plus 100 basis points (G+100bps)
  - PWLB Certainty Rate is gilt plus 80 basis points (G+80bps)
  - PWLB HRA Standard Rate is gilt plus 100 basis points (G+100bps)
  - PWLB HRA Certainty Rate is gilt plus 80bps (G+80bps)
  - Local Infrastructure Rate is gilt plus 60bps (G+60bps)
- 3.88 Borrowing for capital expenditure. As Link's long-term forecast for Bank Rate is 2.00%, and all PWLB rates are under 2.00%, there is now value in borrowing from the PWLB for all types of capital expenditure for all maturity periods, especially as current rates are at historic lows. However, greater value can be obtained in borrowing for shorter maturity periods so the Council will assess its risk appetite in conjunction with budgetary pressures to reduce total interest costs. Longer-term borrowing could also be undertaken for the purpose of certainty, where that is desirable, or for flattening the profile of a heavily unbalanced maturity profile.
- 3.89 While this authority will not be able to avoid borrowing to finance new capital expenditure, to replace maturing debt and the rundown of reserves, there will be a cost of carry, (the difference between higher borrowing costs and lower investment returns), to any new short or medium term borrowing that causes a temporary increase in cash balances as this position will, most likely, incur a revenue cost.

## Treasury Management Scheme of Delegation

- 3.90 The governance of the key decisions are set out below:
- > Full Council
  - approval of annual strategy

## > Audit Committee

• reviewing the treasury management policy and procedures and making recommendations to the responsible body.

## Cabinet

- receiving and reviewing reports on treasury management policies, practices and activities
- approval of amendments to the Authority's adopted clauses, treasury management policy statement and treasury management practices
- budget consideration and approval
- approval of the division of responsibilities
- receiving and reviewing regular monitoring reports and acting on recommendations
- approving the selection of external service providers.

## The Treasury Management Role of the Section 151 Officer

- 3.91 The role of the section 151 officer is set out below:
  - recommending clauses, treasury management policy/practices for approval, reviewing the same regularly, and monitoring compliance
  - submitting regular treasury management policy reports
  - submitting budgets and budget variations
  - receiving and reviewing management information reports
  - reviewing the performance of the treasury management function
  - ensuring the adequacy of treasury management resources and skills, and the effective division of responsibilities within the treasury management function
  - ensuring the adequacy of internal audit, and liaising with external audit
  - recommending the appointment of external service providers.
- 3.92 The above list of specific responsibilities of the S151 officer in the 2017 Treasury Management Code has not changed. However, implicit in the changes in both codes, is a major extension of the functions of this role:
  - preparation of a capital strategy to include capital expenditure, capital financing, and treasury management, with a long term timeframe (say 20+ years to be determined in accordance with local priorities).
  - ensuring that the capital strategy is prudent, sustainable, affordable and prudent in the long term and provides value for money.
  - ensuring that due diligence has been carried out on all investments and is in accordance with the risk appetite of the authority.

# **Appendix B - Capital Receipt Policy**

## Introduction

•

This policy is introduced to provide guidance to Senior Managers on the rules governing the application of Capital Receipts in Powys County Council. This guidance has been drafted in line with the two codes of practice issued by the Chartered Institute of Public Finance and Accountancy (CIPFA). These publications are:

- The Prudential Code for Capital Finance in Local Authorities
- The Code of Practice on Local Authority Accounting

The two publications referred to above contain guidance on capital receipts and local authority accounting that complements guidance issued by the Welsh Government.

In England and Wales, capital receipts are defined by Section 9(1) of the Local Government Act 2003 to include all instances where property, plant or equipment is disposed of for cash (subject to a £10,000 de minimis). All references to Capital Receipts in this policy therefore refers to this definition.

## Application

This guidance should be read alongside the relevant direction issued by Welsh Ministers.

This guidance applies with effect from 1 April 2018 and for each subsequent financial year to which the use of capital receipts applies.

The direction makes it clear that local authorities cannot borrow to finance the revenue costs of service reform. Local authorities can only use capital receipts from the disposal of property plant and equipment assets received in the years in which this flexibility is offered. Officers must therefore not use stock of capital receipts to finance the revenue costs of qualifying projects.

## Costs of Disposal

The statutory arrangements for capital receipts in England and Wales permit costs of disposals to be financed from the receipts generated, although there is a cap of 4% of the Capital Receipt for costs incurred in relation to non-housing disposals.

## Qualifying Expenditure

The accounting process for disposals is complicated by the fact that proceeds from the sale of property, plant and equipment are generally subject to statutory restrictions over their use. Income that meets the definition of capital receipts is reserved for new capital investment or for the reduction of an authority's indebtedness. This definition has however been extended by a Capitalisation directive (April 2018) on the Flexible Use of Capital Receipt by the Welsh Cabinet

Secretary for Local Government and Public Services, in the exercise of his powers under section 16(2)(b) and 20 of the Local Government Act 2003), that the local authorities in Wales treat as capital expenditure, any expenditure which:

- a) Is incurred by the Authorities that is designed to generate ongoing revenue savings in the delivery of services and/or transform service delivery in a way that reduces cost or demand for services in future years for any of the public sector delivery partners; and
- b) Is properly incurred by the authorities for the financial years that begin on 1<sup>st</sup> April 2016, 1<sup>st</sup> April 2017, 1<sup>st</sup> April 2018, 1<sup>st</sup> April 2019, 1<sup>st</sup> April 2020 and 1<sup>st</sup> April 2021.

While this directive extends the scope of expenditure that qualify for the use of Capital Receipts, it also restricts the period during which the flexibility can be applied. Therefore, any decision to apply Capital Receipt, must meet the conditions of both the qualifying period and the qualifying expenditure.

The qualifying period during which flexibility can be applied is the financial years that begin from 1<sup>st</sup> April 2016 and end on 31<sup>st</sup> March 2022. This means that any Capital Expenditure received prior to 1<sup>st</sup> April 2016 or received after 31<sup>st</sup> March 2022 cannot be applied under the exemptions of the Capitalisation Directive. Capital Receipts received during the directive period can also not be applied with the same flexibility once the directive term has expired.

Qualifying expenditure is expenditure on any project that is designed to generate ongoing revenue savings in the delivery of public services and/or transform service delivery in a way that reduces costs or demand for services in future years for the Authority or any of the delivery partners. This includes investment which supports economic growth projects which are also designed to reduce revenue costs or pressures over the longer term. Within this definition, it is for individual local authorities to decide whether or not a project qualifies for the flexibility.

The set up and implementation costs of any new processes or arrangements can be classified as qualifying expenditure. The ongoing revenue costs of the new processes or arrangements cannot be classified as qualifying expenditure.

## Examples of qualifying expenditure

There are a wide range of projects that could generate qualifying expenditure and the list below is neither prescriptive nor exhaustive. Examples of projects include:

- Preparatory work necessary to support local authority mergers as part of the programme to reform local government in Wales.
- Sharing back-office and administrative services with one or more other council or public sector body.
- Investment in service reform feasibility work, e.g., setting up pilot schemes.
- Collaboration between local authorities and central government to free up land for economic use
- Funding the cost of service reconfiguration, restructuring or rationalisation (staff or non-staff), where this leads to ongoing efficiency savings or service transformation.
- Sharing Chief Executives, management teams or staffing structures.
- Driving a digital approach to the delivery of more efficient public services and how the public interacts with constituent authorities where possible.
- Aggregating procurement on common goods and services where possible, either as part of local arrangements or using the National Procurement Service, Crown Commercial Services or other central purchasing bodies which operate in accordance with the Wales Procurement Policy Statement.
- Improving systems and processes to tackle fraud and corruption in line with the Local Government Fraud and Corruption Strategy this could include an element of staff training.
- Setting up alternative delivery models to deliver services more efficiently and bring in revenue (for example, through selling services to others); and
- Integrating public facing services across two or more public sector bodies (for example children's social care, trading standards) to generate savings or to transform service delivery.
- Investment which supports economic growth projects which are also designed to reduce revenue costs or pressures over the longer term, across one or more local authorities and/or other public sector bodies.

## **Use of Capital Receipts**

The current policy for the use of Capital Receipts is contained in the Corporate Asset Policy.

- Capital Receipts will normally be credited to the Central Fund and will be used to progress the
- Council's principal objectives defined in the Corporate Improvement Plan. However, up to 4% of the capital receipt may be reclaimed by Property as permitted and approved costs of sale.
- Capital receipts from the sale of Farm or Agricultural land under the County Farm Estate and property vested in the HRA will be subject to the following apportionment:

This policy proposes the use of Capital Receipts to continue to be based on the following:

| Туре                    | Service Area | Corporate |
|-------------------------|--------------|-----------|
| Agricultural            | 0%           | 100%      |
| HRA Dwellings and Land  | 100%         |           |
| Home finder<br>Receipts | 100%         |           |
| Vehicles                | 100%         |           |

# Appendix C – Economic Background - 11<sup>th</sup> January 2021

**UK** The key quarterly meeting of the Bank of England Monetary Policy Committee kept Bank Rate unchanged on 5<sup>th</sup> November 2020. However, it revised its economic forecasts to take account of a second national lockdown from 5<sup>th</sup> November 2020 to 2<sup>nd</sup> December 2020 which is obviously going to put back economic recovery and do further damage to the economy. It therefore decided to do a further tranche of quantitative easing (QE) of £150bn, to start in January when the current programme of £300bn of QE, announced in March to June, runs out. It did this so that "announcing further asset purchases now should support the economy and help to ensure the unavoidable near-term slowdown in activity was not amplified by a tightening in monetary conditions that could slow the return of inflation to the target".

Its forecasts appeared, at the time, to be rather optimistic in terms of three areas:

- The economy would recover to reach its pre-pandemic level in Q1 2022
- The Bank also expects there to be excess demand in the economy by Q4 2022.
- CPI inflation is therefore projected to be a bit above its 2% target by the start of 2023 and the 'inflation risks were judged to be balanced'.

Significantly, there was no mention of **negative interest rates** in the minutes or Monetary Policy Report, suggesting that the MPC remains some way from being persuaded of the case for such a policy, at least for the next 6 -12 months. However, rather than saying that it "stands ready to adjust monetary policy", the MPC this time said that it will take "whatever additional action was necessary to achieve its remit". The latter seems stronger and wider and may indicate the Bank's willingness to embrace new tools.

One key addition to **the Bank's forward guidance in August** was a new phrase in the policy statement, namely that "it does not intend to tighten monetary policy until there is clear evidence that significant progress is being made in eliminating spare capacity and achieving the 2% target sustainably". That seems designed to say, in effect, that even if inflation rises to 2% in a couple of years' time, do not expect any action from the MPC to raise Bank Rate – until they can clearly see that level of inflation is going to be persistently above target if it takes no action to raise Bank Rate. Our Bank Rate forecast currently shows no increase, (or decrease), through to quarter 1 2024 but there could well be no increase during the next five years as it will take some years to eliminate spare capacity in the economy, and therefore for inflationary pressures to rise to cause the MPC concern. **Inflation** is expected to briefly peak at just over 2% towards the end of 2021, but this is a temporary short lived factor and so not a concern.

However, the minutes did contain several references to **downside risks**. The MPC reiterated that the "recovery would take time, and the risks around the GDP projection were judged to be skewed to the downside". It also said "the risk of a more persistent period of elevated unemployment remained material". Downside risks could well include severe restrictions remaining in place in some form during the rest of December and most of January too. **Upside risks** included the early roll out of effective vaccines.

**COVID-19 vaccines.** We had been waiting expectantly for news that various COVID-19 vaccines would be cleared as being safe and effective for administering to the general public. The Pfizer announcement on 9<sup>th</sup> November was very encouraging as its 90% effectiveness was much higher than the 50-60% rate of effectiveness of flu vaccines which might otherwise have been expected. However, this vaccine has demanding cold storage requirements of minus 70c that impairs the speed of application to the general population. It has therefore been particularly welcome that the Oxford University/AstraZeneca vaccine has now also been approved which is much cheaper and only requires fridge temperatures for storage. The Government has 60m doses on order and is aiming to vaccinate at a rate of 2m people per week starting in January, though this rate is currently restricted by a bottleneck on vaccine production; (a new UK production facility is due to be completed in June).

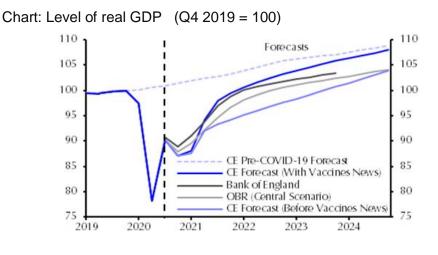

These announcements, plus expected further announcements that other vaccines could be approved soon, have enormously boosted confidence that **life could largely return to normal during the second half of 2021**, with activity in the still-depressed sectors like restaurants, travel and hotels returning to their pre-pandemic levels; this would help to bring the unemployment rate down. With the household saving rate having been exceptionally high since the first lockdown in March, there is plenty of pent-up demand and purchasing power stored up for these services. A comprehensive roll-out of vaccines might take into

late 2021 to fully complete; but if these vaccines prove to be highly effective, then there is a possibility that restrictions could start to be eased, beginning possibly in Q2 2021 once vulnerable people and front-line workers have been vaccinated. At that point, there would be less reason to fear that hospitals could become overwhelmed any more. Effective vaccines would radically improve the economic outlook once they have been widely administered; it may allow GDP to rise to its pre-virus level a year earlier than otherwise and mean that the unemployment rate peaks at 7% in 2021 instead of 9%.

**Public borrowing** was forecast in November by the Office for Budget Responsibility (the OBR) to reach £394bn in the current financial year, the highest ever peace time deficit and equivalent to 19% of GDP. In normal times, such an increase in total gilt issuance would lead to a rise in gilt yields, and so PWLB rates. However, the QE done by the Bank of England has depressed gilt yields to historic low levels, (as has similarly occurred with QE and debt issued in the US, the EU and Japan). This means that new UK debt being issued, and this is being done across the whole yield curve in all maturities, is locking in those historic low levels through until maturity. In addition, the UK has one of the longest average maturities for its entire debt portfolio, of any country in the world. Overall, this means that the total interest bill paid by the Government is manageable despite the huge increase in the total amount of debt. The OBR was also forecasting that the government will still be running a budget deficit of £102bn (3.9% of GDP) by 2025/26. However, initial impressions are that they have taken a pessimistic view of the impact that vaccines could make in the speed of economic recovery.

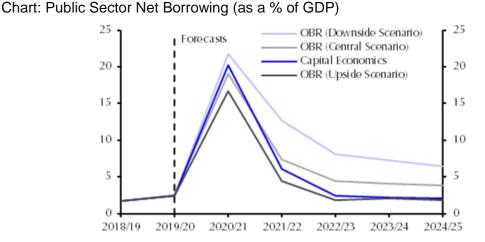

Overall, **the pace of recovery** was not expected to be in the form of a rapid V shape, but a more elongated and prolonged one. The initial recovery was sharp after quarter 1 saw growth at -3.0% followed by -18.8% in quarter 2 and then an upswing of +16.0% in quarter 3; this still left the economy 8.6% smaller than in Q4 2019. It is likely that the one month national lockdown that started on 5<sup>th</sup> November, will have caused a further contraction of 8% m/m in November so the economy may have then been 14% below its precrisis level.

**December 2020 / January 2021**. Since then, there has been rapid back-tracking on easing restrictions due to the spread of a new mutation of the virus, and severe restrictions were imposed across all four nations. These restrictions were changed on 5.1.21 to national lockdowns of various initial lengths in each of the four nations as the NHS was under extreme pressure. It is now likely that wide swathes of the UK will remain under these new restrictions for some months; this means that the near-term outlook for the economy is grim. However, the distribution of vaccines and the expected consequent removal of COVID-19 restrictions, should allow GDP to rebound rapidly in the second half of 2021 so that the economy could climb back to its pre-pandemic peak as soon as late in 2022. Provided that both monetary and fiscal policy are kept loose for a few years yet, then it is still possible that in the second half of this decade, the economy may be no smaller than it would have been if COVID-19 never happened. The significant caveat is if another mutation of COVID-19 appears that defeats the current batch of vaccines. However, now that science and technology have caught up with understanding this virus, new vaccines ought to be able to be developed more quickly to counter such a development and vaccine production facilities are being ramped up around the world.

Page 84

This recovery of growth which eliminates the effects of the pandemic by about the middle of the decade would have major repercussions for public finances as it would be consistent with the government deficit falling to around 2.5% of GDP without any tax increases. This would be in line with the OBR's most optimistic forecast in the graph below, rather than their current central scenario which predicts a 4% deficit due to assuming much slower growth. However, Capital Economics forecasts assumed that there is a reasonable Brexit deal and also that politicians do not raise taxes or embark on major austerity measures and so, (perversely!), depress economic growth and recovery.

There will still be some **painful longer term adjustments** as e.g. office space and travel by planes, trains and buses may not recover to their previous level of use for several years, or possibly ever, even if vaccines are fully successful in overcoming the current virus. There is also likely to be a reversal of globalisation as this crisis has exposed how vulnerable long-distance supply chains are. On the other hand, digital services are one area that has already seen huge growth.

**Brexit.** While the UK has been gripped by the long running saga of whether or not a deal would be made by 31.12.20, the final agreement on 24.12.20, followed by ratification by Parliament and all 27 EU countries in the following week, has eliminated a significant downside risk for the UK economy. The initial agreement only covers trade so there is further work to be done on the services sector where temporary equivalence has been granted in both directions between the UK and EU; that now needs to be formalised on a permanent basis. As the forecasts in this report were based on an assumption of a Brexit agreement being reached, there is no need to amend these forecasts.

**Monetary Policy Committee meeting of 17 December.** All nine Committee members voted to keep interest rates on hold at +0.10% and the Quantitative Easing (QE) target at £895bn. The MPC commented that the successful rollout of vaccines had reduced the downsides risks to the economy that it had highlighted in November. But this was caveated by it saying, "Although all members agreed that this would reduce downside risks, they placed different weights on the degree to which this was also expected to lead to stronger GDP growth in the central case." So, while the vaccine is a positive development, in the eyes of the MPC at least, the economy is far from out of the woods. As a result of these continued concerns, the MPC voted to extend the availability of the Term Funding Scheme, (cheap borrowing), with additional incentives for small and medium size enterprises for six months from 30.4.21 until 31.10.21. (The MPC had assumed that a Brexit deal would be agreed.)

**Fiscal policy.** In the same week as the MPC meeting, the Chancellor made a series of announcements to provide further support to the economy: -

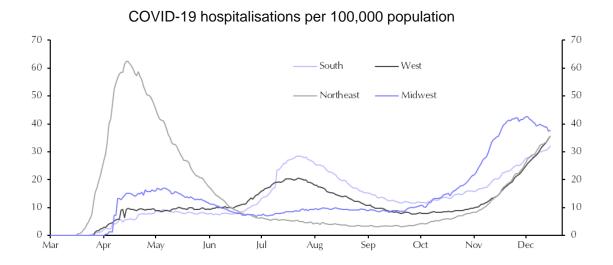

- An extension of the COVID-19 loan schemes from the end of January 2021 to the end of March.
- The furlough scheme was lengthened from the end of March to the end of April.

 The Budget on 3.3.21 will lay out the "next phase of the plan to tackle the virus and protect jobs". This does not sound like tax rises are imminent, (which could hold back the speed of economic recovery).

The **Financial Policy Committee** (FPC) report on 6.8.20 revised down their expected credit losses for the banking sector to "somewhat less than £80bn". It stated that in its assessment, "banks have buffers of capital more than sufficient to absorb the losses that are likely to arise under the MPC's central projection". The FPC stated that for real stress in the sector, the economic output would need to be twice as bad as the MPC's projection, with unemployment rising to above 15%.

**US.** The result of **the November elections** meant that while the Democrats gained the presidency and a majority in the House of Representatives, it looks as if the Republicans could retain their slim majority in the Senate provided they keep hold of two key seats in Georgia in elections in early January. If those two seats do swing to the Democrats, they will then control both Houses and President Biden will consequently have a free hand to determine policy and to implement his election manifesto.

**The economy** had been recovering quite strongly from its contraction in 2020 of 10.2% due to the pandemic with GDP only 3.5% below its pre-pandemic level and the unemployment rate dropping below 7%. However, the rise in new cases during quarter 4, to the highest level since mid-August, suggests that the US could be in the early stages of a fourth wave. While the first wave in March and April was concentrated in the Northeast, and the second wave in the South and West, the third wave in the Midwest looks as if it now abating. However, it also looks as if the virus is rising again in the rest of the country. The latest upturn poses a threat that the recovery in the economy could stall. This is **the single biggest downside risk** to the shorter term outlook – a more widespread and severe wave of infections over the winter months, which is compounded by the impact of the regular flu season and, as a consequence, threatens to overwhelm health care facilities. Under those circumstances, states might feel it necessary to return to more draconian lockdowns.

The restrictions imposed to control the spread of the virus are once again weighing on the economy with employment growth slowing sharply in November and retail sales dropping back. The economy is set for further weakness in December and into the spring. However, a \$900bn fiscal stimulus deal passed by Congress in late December will limit the downside through measures which included a second round of direct payments to households worth \$600 per person and a three-month extension of enhanced unemployment insurance (including a \$300 weekly top-up payment for all claimants). GDP growth is expected to rebound markedly from the second quarter of 2021 onwards as vaccines are rolled out on a widespread basis and restrictions are loosened.

After Chair Jerome Powell unveiled the **Fed's adoption of a flexible average inflation target** in his Jackson Hole speech in late August 2020, the mid-September meeting of the Fed agreed by a majority to

a toned down version of the new inflation target in his speech - that *"it would likely be appropriate to maintain the current target range until labour market conditions were judged to be consistent with the Committee's assessments of maximum employment and inflation had risen to 2% and was on track to moderately exceed 2% for some time."* This change was aimed to provide more stimulus for economic growth and higher levels of employment and to avoid the danger of getting caught in a deflationary "trap" like Japan. It is to be noted that inflation has actually been under-shooting the 2% target significantly for most of the last decade, (and this year), so financial markets took note that higher levels of inflation are likely to be in the pipeline; long-term bond yields duly rose after the meeting. The FOMC's updated economic and rate projections in mid-September showed that officials expect to leave the fed funds rate at near-zero until at least end-2023 and probably for another year or two beyond that. There is now some expectation that where the Fed has led in changing its inflation target, other major central banks will follow. The increase in tension over the last year between the US and China is likely to lead to a lack of momentum in progressing the initial positive moves to agree a phase one trade deal.

The Fed's meeting on **5 November** was unremarkable - but at a politically sensitive time around the elections. At its **16 December** meeting the Fed tweaked the guidance for its monthly asset quantitative easing purchases with the new language implying those purchases could continue for longer than previously believed. Nevertheless, with officials still projecting that inflation will only get back to 2.0% in 2023, the vast majority expect the fed funds rate to be still at near-zero until 2024 or later. Furthermore, officials think the balance of risks surrounding that median inflation forecast are firmly skewed to the downside. The key message is still that policy will remain unusually accommodative – with near-zero rates and asset purchases – continuing for several more years. This is likely to result in keeping Treasury yields low – which will also have an influence on gilt yields in this country.

**EU.** In early December, the figures for Q3 GDP confirmed that the economy staged a rapid rebound from the first lockdowns. This provides grounds for optimism about growth prospects for next year. In Q2, GDP was 15% below its pre-pandemic level. But in Q3 the economy grew by 12.5% q/q leaving GDP down by "only" 4.4%. That was much better than had been expected earlier in the year. However, growth is likely to stagnate during Q4 and in Q1 of 2021, as a second wave of the virus has affected many countries: it is likely to hit hardest those countries more dependent on tourism. The €750bn fiscal support package eventually agreed by the EU after prolonged disagreement between various countries, is unlikely to provide significant support, and quickly enough, to make an appreciable difference in the countries most affected by the first wave.

With inflation expected to be unlikely to get much above 1% over the next two years, **the ECB** has been struggling to get inflation up to its 2% target. It is currently unlikely that it will cut its central rate even further into negative territory from -0.5%, although the ECB has stated that it retains this as a possible tool to use. The ECB's December meeting added a further €500bn to the PEPP scheme, (purchase of government and other bonds), and extended the duration of the programme to March 2022 and re-investing maturities for an additional year until December 2023. Three additional tranches of TLTRO, (cheap loans to banks), were approved, indicating that support will last beyond the impact of the pandemic, implying indirect yield curve control for government bonds for some time ahead. The Bank's forecast for a return to pre-virus activity levels was pushed back to the end of 2021, but stronger growth is projected in 2022. The total PEPP scheme of €1,850bn of QE which started in March 2020 is providing protection to the sovereign bond yields of weaker countries like Italy. There is therefore unlikely to be a euro crisis while the ECB is able to maintain this level of support. However, as in the UK and the US, the advent of highly effective vaccines will be a game changer, although growth will struggle before later in quarter 2 of 2021.

**China.** After a concerted effort to get on top of the virus outbreak in Q1, economic recovery was strong in Q2 and then into Q3 and Q4; this has enabled China to recover all of the contraction in Q1. Policy makers have both quashed the virus and implemented a programme of monetary and fiscal support that has been particularly effective at stimulating short-term growth. At the same time, China's economy has benefited from the shift towards online spending by consumers in developed markets. These factors help to explain its comparative outperformance compared to western economies. However, this was achieved by major central government funding of yet more infrastructure spending. After years of growth having been focused on this same area, any further spending in this area is likely to lead to increasingly weaker economic

returns in the longer term. This could, therefore, lead to a further misallocation of resources which will weigh on growth in future years.

**Japan.** A third round of fiscal stimulus in early December took total fresh fiscal spending this year in response to the virus close to 12% of pre-virus GDP. That's huge by past standards, and one of the largest national fiscal responses. The budget deficit is now likely to reach 16% of GDP this year. Coupled with Japan's relative success in containing the virus without draconian measures so far, and the likelihood of effective vaccines being available in the coming months, the government's latest fiscal effort should help ensure a strong recovery and to get back to pre-virus levels by Q3 2021 – around the same time as the US and much sooner than the Eurozone.

**World growth.** World growth will have been in recession in 2020. Inflation is unlikely to be a problem for some years due to the creation of excess production capacity and depressed demand caused by the coronavirus crisis.

Until recent years, world growth has been boosted by increasing **globalisation** i.e. countries specialising in producing goods and commodities in which they have an economic advantage and which they then trade with the rest of the world. This has boosted worldwide productivity and growth, and, by lowering costs, has also depressed inflation. However, the rise of China as an economic superpower over the last thirty years, which now accounts for nearly 20% of total world GDP, has unbalanced the world economy. The Chinese government has targeted achieving major world positions in specific key sectors and products, especially high tech areas and production of rare earth minerals used in high tech products. It is achieving this by massive financial support, (i.e. subsidies), to state owned firms, government directions to other firms, technology theft, restrictions on market access by foreign firms and informal targets for the domestic market share of Chinese producers in the selected sectors. This is regarded as being unfair competition that is putting western firms at an unfair disadvantage or even putting some out of business. It is also regarded with suspicion on the political front as China is an authoritarian country that is not averse to using economic and military power for political advantage. The current trade war between the US and China therefore needs to be seen against that backdrop. It is, therefore, likely that we are heading into a period where there will be a reversal of world globalisation and a decoupling of western countries from dependence on China to supply products. This is likely to produce a backdrop in the coming years of weak global growth and so weak inflation.

## Summary

Central banks are, therefore, likely to support growth by maintaining loose monetary policy through keeping rates very low for longer. Governments could also help a quicker recovery by providing more fiscal support for their economies at a time when total debt is affordable due to the very low rates of interest. They will also need to avoid significant increases in taxation or austerity measures that depress demand in their economies.

If there is a huge surge in investor confidence as a result of successful vaccines which leads to a major switch out of government bonds into equities, which, in turn, causes government debt yields to rise, then there will be pressure on central banks to actively manage debt yields by further QE purchases of government debt; this would help to suppress the rise in debt yields and so keep the total interest bill on greatly expanded government debt portfolios within manageable parameters. It is also the main alternative to a programme of austerity.

# Appendix D – Interest Rate Forecasts – 11<sup>th</sup> January 2021

The Council has appointed Link Asset Services as its treasury advisor and part of their service is to assist the Council to formulate a view on interest rates. These are forecasts for certainty rates, gilt yields plus 80bps:

| Link Group Interest Rate | View       | 9.11.20   |            |            |            |           |           |        |        | -      | -      | -      |        |
|--------------------------|------------|-----------|------------|------------|------------|-----------|-----------|--------|--------|--------|--------|--------|--------|

The coronavirus outbreak has done huge economic damage to the UK and economies around the world. After the Bank of England took emergency action in March to cut Bank Rate to first 0.25%, and then to 0.10%, it left Bank Rate unchanged at its subsequent meetings to 16<sup>th</sup> December, although some forecasters had suggested that a cut into negative territory could happen. However, the Governor of the Bank of England has made it clear that he currently thinks that such a move would do more damage than good and that more quantitative easing is the favoured tool if further action becomes necessary. As shown in the forecast table above, no increase in Bank Rate is expected in the near-term as economic recovery is expected to be only gradual and, therefore, prolonged. These forecasts were based on an assumption that a Brexit trade deal would be agreed, as this has now occurred, these forecasts do not need to be revised.

## Gilt yields / PWLB rates

There was much speculation during the second half of 2019 that bond markets were in a bubble which was driving bond prices up and yields down to historically very low levels. The context for that was a heightened expectation that the US could have been heading for a recession in 2020. In addition, there were growing expectations of a downturn in world economic growth, especially due to fears around the impact of the trade war between the US and China, together with inflation generally at low levels in most countries and expected to remain subdued. Combined, these conditions were conducive to very low bond yields. While inflation targeting by the major central banks has been successful over the last thirty years in lowering inflation expectations, the real equilibrium rate for central rates has fallen considerably due to the high level of borrowing by consumers. This means that central banks do not need to raise rates as much now to have a major impact on consumer spending, inflation, etc. The consequence of this has been the gradual lowering of the overall level of interest rates and bond yields in financial markets over the last 30 years. Over the year prior to the coronavirus crisis, this has seen many bond yields up to 10 years turn negative in the Eurozone. In addition, there has, at times, been an inversion of bond yields in the US whereby 10 year yields have fallen below shorter term yields. In the past, this has been a precursor of a recession. The other side of this coin is that bond prices are elevated as investors would be expected to be moving out of riskier assets i.e. shares, in anticipation of a downturn in corporate earnings and so selling out of equities.

Gilt yields had therefore already been on a generally falling trend up until the coronavirus crisis hit western economies during March 2020. After gilt yields spiked up during the financial crisis in March, we have seen these yields fall sharply to unprecedented lows as investors panicked during Page 89

March in selling shares in anticipation of impending recessions in western economies, and moved cash into safe haven assets i.e. government bonds. However, major western central banks took rapid action to deal with excessive stress in financial markets during March, and started massive quantitative easing purchases of government bonds: this also acted to put downward pressure on government bond yields at a time when there has been a huge and quick expansion of government expenditure financed by issuing government bonds. Such unprecedented levels of issuance in "normal" times would have caused bond yields to rise sharply. Gilt yields and PWLB rates have been at remarkably low rates so far during 2020/21.

As the interest forecast table for PWLB certainty rates above shows, there is expected to be little upward movement in PWLB rates over the next two years as it will take economies, including the UK, a prolonged period to recover all the momentum they have lost in the sharp recession caused during the coronavirus shut down period. From time to time, gilt yields, and therefore PWLB rates, can be subject to exceptional levels of volatility due to geo-political, sovereign debt crisis, emerging market developments and sharp changes in investor sentiment, (as shown on 9th November when the first results of a successful COVID-19 vaccine trial were announced). Such volatility could occur at any time during the forecast period.

## **Powys County Council Reserves Policy**

## Introduction

This policy establishes a framework within which decisions will be made regarding the level of reserves held by the Council and the purposes for which they will be maintained and used.

The requirement for Financial Reserves is acknowledged in statute. Sections 32 and 43 of the Local Government Finance Act 1992 requires authorities to have regard to the level of reserves needed for meeting estimated future expenditure when calculating the budget requirement.

There are also a range of safeguards in place that help prevent local authorities over committing themselves financially. These include:

- The balanced budget requirement
- Chief finance officers' duty to report on the robustness of estimates and adequacy of reserves when the authority is considering its budget requirement (Section 25 of the Local Government Act 2003)
- The legislative requirement for each local authority to make arrangements for the proper administration of their if their financial affairs and that the chief finance officer has responsibility for the administration of those affairs as set out in Section 151 of the Local Government Act 1972.
- The requirements of the Prudential Code.

These requirements are reinforced by section 114 of the Local Government Finance Act 1988 which requires the chief financial officer to report to all the authority's councillors if there is or is likely to be unlawful expenditure or an unbalanced budget. This would include situations where reserves have become seriously depleted and it is forecast that the Authority will not have resources to meet its expenditure in a particular financial year.

## **Definitions**

Reserves are sums of money held by the Council to meet future expenditure.

## Types of Reserve

**General Fund Reserves** – to meet short term, unforeseeable expenditure arising from unexpected events or emergencies. To enable significant changes in resources or expenditure to be properly managed over the period of the Medium Term Financial Strategy.

**Earmarked and Specific Reserves** – to meet known or predicted requirements, or established by statute.

**Unusable reserves** – these arise out of the interaction of legislation and proper accounting practice either to store revaluation gains or as adjustment accounts to reconcile requirements driven by reporting standards to statutory requirements. These reserves are not backed by resources and cannot be used for any other purpose.

Reserves should not be held without a clear purpose.

## General Fund Reserves

In assessing the appropriate level of reserves the Authority will ensure that the reserves are not only adequate but also necessary and will be appropriate for the risk (both internal and externa) to which it is exposed.

In assessing its financial risk the Chartered Institute of Public Finance and Accountancy (CIPFA) has issued guidance on the factors that should be considered:

- Budget Assumption for inflation and interest rates
- Estimates of the level and timing of capital receipts
- The treatment of demand led pressures
- The Authorities track record in budget and financial management
- Treatment of planned efficiencies/savings
- The financial risk inherent in any significant new funding partnerships, major outsourcing and capital developments
- The likely level of Government support to deal with major unforeseen events
- The adequacy of the authority's Insurance arrangements
- The Authority's virement and end of year procedures in relation to budget under and over spends
- The general financial climate and future funding assumptions

The risk assessment will be reviewed annually.

The appropriate level of General Fund Reserves will be determined annually as part of the Budget Setting process and Medium Term Financial Strategy and will be subject to approval by the Cabinet and Full Council.

The Financial Strategy will set out the level of planned reserve balances including financial arrangements for any replenishing of reserves, it will also confirm acceptable thresholds above and below the balance. If the balance falls outside of these thresholds a plan will be agreed by Cabinet to restore balances to the appropriate level.

## Earmarked and Specific Reserves

These are required for specific purposes and are a means of building up funds to meet known or predicted liabilities. By nature these reserves balances do not have minimum and maximum thresholds. Creation of such reserves must be approved by the Strategic Director of Resources.

Balances should be reasonable for the purpose held and must be used for the item for which they have been set aside, if circumstances arise to which the reserve is no longer required for its original purpose they will transfer to the General Fund Reserve.

## **Ringfenced Reserves**

## Housing Revenue Account

The Housing Revenue Account is ringfenced this means that HRA resources may only be expended with the HRA. Councils are not allowed to transfer resources between the HRA and their general funds. The Balance on the HRA is held in a ringfenced reserve.

## Schools Reserves

Schools are able to carry forward surplus and deficit balances from one year to the next and utilise these balances for managing changes in pupil numbers and funding, or the funding of projects and future liabilities. The balances are held by individual schools, they are not for general Council use. Guidance on the level of balances held, and possible clawback of funds by the Authority is documented within section 4 of Powys' Scheme for the Financing of Schools.

## Reporting of Reserves

The balances and movement of all reserves is required to be reported within the Authorities Annual Statement of Accounts.

The balance held and projected movement of useable reserves is reported monthly as part of the Budget Monitoring Report to Cabinet, this includes the level of reserves held against the threshold set for the year. This page is intentionally left blank

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

## Source of Outline Evidence to support judgements

The Adult Services Delivery Plan has clear objective of effectively managing demand for people with long term care and support needs. <u>Research from the Institute of Public Care</u> makes clear that the purpose of a review is to focus on whether the help being offered has assisted people in helping them to gain, regain or retain their levels of independence.

10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)   | Cabinet Report Reference: |  |  |
|---|---------------------------|--|--|
| There is well established evidence that reviewing packages of care in a strengths-based way can result in the rightsizing of care packages. This can help to use our limited home-based |                           |  |  |
| care resource in a more targeted way and in the longer term, reduce our reliance on domiciliary care providers.   |                           |  |  |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Monitoring will take place through the domiciliary care project board.

#### Please state when this Impact Assessment will be reviewed.

Quarterly as part of the SIP process

#### 13. Sign Off

# FORM ENDS

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area         | Adult Services  | Head of Service       | Michael Gray | Director | Alison Bulman | Portfolio Holder | Myfanwy Alexander |
|----------------------|---|-----------------------|--------------|----------|---------------|------------------|-------------------|
| Proposal             |   | IBP Proposal 2- Direc | ct payments  |          |               |                  |                   |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)   | Cabinet Report Reference: |  |  |  |  |  |  |
|---|---------------------------|--|--|--|--|--|--|
| This proposal seeks to further embed our direct payments offer, by making direct payments easy to understand and use, through effective communications and engagement, and easy |                           |  |  |  |  |  |  |
|   |                           |  |  |  |  |  |  |

to use self service options. The risk to the community is low but a sustained and well planned communications and engagement will be needed to promote the benefits of direct payments to both residents and adult services staff. The proposal is in line with the Social Services and Wel-being Act Wales (2014) which promotes independence and flexibility and choice around care.

The integrated approach to support effective decision making

11. Is there additional evidence to support the Impact Assessment (IA)?

### What additional evidence and data has informed the development of your proposal?

Social Care Wales has a useful guide on direct payments, including <u>"myths and facts about direct payments."</u> Resources such as this will inform our communications and engagement.

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Supervision of Social Care staff, panel and budget holder accountability, Operational SMT through to ASC financial monitoring mechanisms.

#### Dease state when this Impact Assessment will be reviewed.

Quarterly as part of the SIP process

# FORM ENDS

The integrated approach to support effective decision making

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

The integrated approach to support effective decision making

### Source of Outline Evidence to support judgements

<u>Research</u> has shown that misconceptions regarding moving and handling, insufficient knowledge of specialist equipment, and an inflexible approach to care can lead to too much generalisation regarding the perceived need for two carers as opposed to one. There is evidence to suggest that a greater involvement of occupational therapists in the right-sizing of care packages through strengths based reviews can help to optimise peoples' independence, with a resulting saving in domiciliary care costs.

#### 6. How does your proposal impact on the Welsh Government's well-being goals?

| Well-being Goal  | How does proposal contribute to this goal? | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |

#### 10. Overall Summary and Judgement of this Impact Assessment?

**Outline Assessment (to be inserted in cabinet report)** 

**Cabinet Report Reference:** 

There is well established evidence that an investment in occupational therapy resource can deliver significant returns in terms of both cost savings, and cost avoidance, if OTs are used to review new and existing double handed care packages. The proposal has the added benefit of releasing care capacity. This extra capacity can then be used in a more targeted way, which will assist with our ongoing efforts of discharging people from hospital in a timely manner.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

The integrated approach to support effective decision making

#### 12. On-going monitoring arrangements?

#### What arrangements will be put in place to monitor the impact over time?

Robust project management approach involving both commissioning and operational staff.

#### Please state when this Impact Assessment will be reviewed.

Quarterly as part of the SIP process

The integrated approach to support effective decision making

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area           | Adult Services   | Head of Service   | Michael Gray     | Director | Alison Bulman | Portfolio Holder | Myfanwy Alexander |

### Source of Outline Evidence to support judgements

According to the Joint Commissioning Strategy for Adults with a Learning Disability 2015 – 2020:

'Powys has over 90 people in placements outside of the county and enabling the people who wish to return to the county is a key local ambition because they can be extremely expensive, hard to monitor as they are usually at a distance from the commissioning authority and can be of low quality.

Furthermore, it is felt that the greater the reliance on specialist services, the more likely it is that competency to manage behaviours that challenge within general learning disability services decreases and specialist services have to respond to an increasing volume of referrals.'

6. How does your proposal impact on the Welsh Government's well-being goals?

| Jnpaid Carers:<br>Insuring that unpaid carers views are<br>ought and taken into account |   | Neutral |                               | Choose an<br>item. |
|   | ording continues to be forefront of all decisions or ensure that people are safe within their own | Neutral |                               | Choose an<br>item. |
|   | ential that this proposal is being developed and ed with PCC operational colleagues.              | Neutral | Early inclusion of PCC staff. | Good               |

### 8. What is the impact of this proposal on our communities?

| Severity of Impact on Communities   | Scale of impact | Overall Impact |  |
|---|-----------------|----------------|--|
| Medium  | Low             | Low            |  |
| Mitigation  |                 |                |  |
| Ensure that any changes are effectively project managed, to include robust communication, engagement and ongoing support. |                 |                |  |

The integrated approach to support effective decision making

### 9. How likely are you to successfully implement the proposed change?

| Impact on Service / Council | Risk to delivery of the proposal | Inherent Risk |
|-----------------------------|----------------------------------|---------------|
| Medium                      | Medium                           | Medium        |
| Mitigation                  |                                  |               |
|                             |                                  |               |
|                             |                                  |               |

| a    | Risk Identified   |           | Inherent Risk Rating | Mitigation   |          | Residual Risk Rating |
|------|---|-----------|----------------------|--|----------|----------------------|
| ye 1 | Risk that service users do not embrace the approach         |           | Medium               | Work on public communication and cultural changes required to be delivered as above                        |          | Medium               |
| 42   | Risk to timescale of delivery                               |           | Medium               | Ensure that adequate commissioning and operational resource is allocated to deliver the necessary changes. |          | Medium               |
|      |   |           | Choose an item.      |  |          | Choose an item.      |
|      | Overall judgement (to be included in project risk register) |           |                      |  |          |                      |
|      | Very High Risk  | High Risk |                      | Medium Risk  | Low Risk |                      |
|      |   |           |                      | х  |          |                      |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference:                         |   |
|--|---|---|
| This proposal responds to the fact that there are approximately 120 adults with a learning of  | disability that reside in placement outside of th | e County. Enabling those who wish to return |
| to Powys is a key priority. This is because out of county placements can be expensive, and hard to monitor as they are usually at a distance from the commissioning authority. |   | e from the commissioning authority.         |

### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

σ

The integrated approach to support effective decision making

## Powys

### 12. On-going monitoring arrangements?

### What arrangements will be put in place to monitor the impact over time?

Robust project management approach involving both commissioning and operational staff.

### Please state when this Impact Assessment will be reviewed.

Quarterly as part of the SIP process

The integrated approach to support effective decision making

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| The objectives set out in our adult services delivery plan provides us with a clear strategy on managing demand through our care system in Powys. We need to ensure that we have the right numbers of suitably trained staff, in the right places to deliver timely and appropriate care to those residents that require our information, guidance and support. We also need to ensure that we have structures in place that enable timely decision making and clear progression routes, in line with the Council's wider workforce futures strategy. |                |                       |                        |          |               |                  |                   |

#### 1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| τ  | Version | Author       | Job Title              | Date       |
|----|---------|--------------|------------------------|------------|
| ag | 1       | Michael Gray | Head of Adult Services | 02/09/19   |

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

#### Source of Outline Evidence to support judgements

Our workforce strategy has a clear priority of ensuring that we have the right workforce which is stable and sustainable (priority 1, Adult Services Workforce Strategy). This means that we need the right people with the right skills in the right role, to effectively support adults in Powys who require our support.

Our business intelligence data allows us to better understand future demand for care in Powys and as a result, we need to design, remodel and implement any changes to adult social care structures to meet these demands.

#### 10. Overall Summary and Judgement of this Impact Assessment?

**Outline Assessment (to be inserted in cabinet report)** 

**Cabinet Report Reference:** 

Adult services, in line with our workforce strategy needs to ensure that we have the right mix of staff, with the right mix of skillsets, in the right places so that we can deliver effective care, underpinned by principles of strengths based working. By working alongside teams and HR to understand the real nature of demand into our services, we will make the necessary changes to ensure that our structures are fit for purpose.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

### Please state when this Impact Assessment will be reviewed.

Quarterly as part of the SIP process

|--|---|---|---|---|
| <b>Integration:</b> Taking an integrated<br>approach so that public bodies look at all<br>the well-being goals in deciding on their<br>well-being objectives.  | Permanent social workers will be able to develop<br>better working relationships with multi-agency<br>colleagues which will benefit children and young<br>people.   | Good  | N/A   | Choose an<br>item.  |
| Pourse County Council Workforce  | This will have a positive impact on the workforce and   |   |   |   |
| <b>Powys County Council Workforce:</b><br>What Impact will this change have on<br>the Workforce?   | This will have a positive impact on the workforce and<br>ensure a permanent skilled workforce delivering a<br>high quality service to the communities of Powys  | Very Good   | N/A   | Choose an<br>item.  |
| <b>Payroll</b> : How will this impact salary,<br>any overtime/enhanced payments<br>etc? Does this affect any particular<br>group of employees? E.g.<br>Male/Female dominated workforce.<br>Does this proposal comply with the<br>Councils Single Status Terms and<br>Conditions? | This will only impact on the agency social workers that<br>are not on payroll but paid on contracts through an<br>agency at a much inflated rate to permanent workers.<br>It will also mean that current permanent staff already<br>working in hard to recruit to frontline operational<br>teams will receive an additional one off retention<br>payment. | Good  | N/A   | Choose an<br>item.  |
| Welsh Language impact on staff   | N/A   | Choose an item.   | N/A   | Choose an item.   |
| Apprenticeships:<br>Has consideration been given to<br>whether this change impacts<br>negatively, or positively on<br>Apprenticeships within the service?  | N/A – this is only about qualified social workers   | Choose an item.   | N/A   | Choose an<br>item.  |

There will be no change to service delivery, this proposal is about reducing the current agency worker spend and stabilising the workforce.

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

8. What is the impact of this proposal on our communities?

| Communities              | How does the proposal impact on residents and community?  | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement  |
|--------------------------|---|--|---|---|--|
| All communities in Powys | It has a positive impact as permanent social<br>workers will be able to build relationships with<br>families, children and young people and multi<br>agency partners. | Moderate   | N/A   | Choose an item.   | Agency social workers<br>often leave at short<br>notice and are only a<br>temporary solution to<br>social worker vacancies |

9. What are the risks to service delivery or the council following implementation of this proposal?

| Description of risks   |  |   |  |  |  |  |  |
|--|--|---|--|--|--|--|--|
| Risk Identified  | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation  | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |  |  |  |  |
| Unable to recruit qualified social workers as there is a national shortage. This has also been impacted by the COVID-19 pandemic | High   | A range of recruitment campaigns are being continually developed by Children's Leadership Team and Corporate Communications | Medium   |  |  |  |  |
|  |  |   |  |  |  |  |  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)

**Cabinet Report Reference:** 

There is no negative impact to this proposal. A stable skilled workforce achieved by recruiting more permanent social workers will benefit the service, the council and the community.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

N/A

The integrated approach to support effective decision making

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The recruitment of social workers is continually reviewed by the Children's Leadership and is an action in our IBP.

#### Please state when this Impact Assessment will be reviewed.

It will be reviewed quartley by CLT when updating and reviewing our IBP

# FORM ENDS

The integrated approach to support effective decision making

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

The integrated approach to support effective decision making

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Children remaining in their<br>communities will give a better and<br>wider understanding of the issues of<br>child vulnerability and the best way to<br>support them. | Communities being able to offer support                  | Choose an<br>item.   | Family Network Meetings to include<br>community stakeholders will support<br>families better.               | Choose an<br>item.  |   |

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

9. What are the risks to service delivery or the council following implementation of this proposal?

| Description of risks  |  |  |  |
|---|--|--|--|
| Risk Identified   | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation   | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
| Don't get capital funding and time limited posts which are slow to recruit into lose their funding. | Medium   | Multiple bids to PCC and WG have been submitted  | Medium   |
| Can't recruit Staff   | High   | Extend the recruitment strategy to non social worker qualified children's workforce                            | Medium   |
| Can't recruit foster carers   | Medium   | Improved offer to foster carers, additional resources to foster service and reduction of children looked after | Medium   |

TD. Overall Summary and Judgement of this Impact Assessment?

| ac | Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference: |  |  |  |  |
|----|--|---------------------------|--|--|--|--|
| ЭС | The overall impact of these changes is positive, both to children using services, the workforce and the wider communities. |                           |  |  |  |  |
| ð  |  |                           |  |  |  |  |

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

N/A

Additional evidence will be providing through the cabinet reporting process as progress is made.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Progress will be reviewed by CLT

The number of children who remain in County, educated in County and become gainfully employed in County will give us a good indication of outcomes and impact.

Please state when this Impact Assessment will be reviewed.

Quarterly

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area  | Digital Services        | Head of Service         | Diane Reynolds         | Director              | Nigel Brinn          | Portfolio Holder           | Graham Breeze      |

Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)

**Cabinet Report Reference:** 

The overall judgement of this Impact assessment is 'neutral'. There is no impact to staff, customers or citizens as the proposal relates to the reallocation of funding.

The overall risk identified in this impact assessment is 'Low'. There is little risk in the reallocation of funding, as the funding source has already been confirmed.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

n/a

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The integrated approach to support effective decision making

 Monitoring of funding allocations will be ongoing.

 Please state when this Impact Assessment will be reviewed.

 Annually

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area         Economy and Digital Services         Head of Service         Diane Reynolds         Portfolio Holder         Cllr Breeze |   |                                 |                                |                              |                               |      |  |

|   | <b>Outline Summar</b>   | y / Description of Proposal     |                                |                              |                               |      |  |
|   | The Council receives over 1,000 information requests a year, these need to be logged, acknowledged, and tasked appropriately to enable the provision of information enabling a response to be issued, including the application of relevant exemptions to disclosure. The process of managing requests requires monitoring to ensure that the information is supplied to the Information Compliance team to enable the drafting of responses, and that requests are handled in line with the specific legislation, and within timescales. The proposal explores the feasibility of developing automated processes and workflows to record requests, manage the process, and enable relevant reporting |                                 |                                |                              |                               |      |  |

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit incorporates a range of legislative requirements that support effective decision-making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

The integrated approach to support effective decision making

The way we work and live today is evolving fast, with digital technology having an impact on all our lives. Our resident's lives are changing and many public service users now expect access 24/7 to our services and that number is increasing all the time. It is widely recognised that public services need to radically transform to keep pace with the digital evolution and customer expectations as well as finding new ways to add value.

There is a strong case for transformation in Powys County Council. Demographic trends, rurality, financial pressures, a need to improve performance in key service areas are key drivers for change and all can to some extent be mitigated through the effective use of digital tools and technologies.

With reduced funding over the next 3 years and greater demand for services, we need to be innovative in the solutions we design for the future, harnessing the power of the data revolution and digital technology. Our Digital Transformation Programme will drive delivery of digital solutions whilst providing much needed financial savings. The programme has 5 key work streams (Customer Centred Digital solutions; Digital Workforce; Digital Infrastructure and Systems; Information Excellence and **Digital Places**)

This Impact Assessment is an aide in the decision-making process to move forward with the Councils "Digital Powys" Programme – Embracing digital technologies to τ improve our customers' experience. The programme is supported by the Digital Powys Strategy and a full Business Case. The programme aims to deliver the following:-

- We want to ensure our processes and interactions are designed around our customers and what they need.
- We want to develop our capability and capacity, creating leaders that are digitally focussed and develop the digital capability in our workforce and communities.
- We want to provide a fit, robust and safe infrastructure to support digital capability and an agile workplace.
- We want to use digital capabilities in decision making to enable value-driven choices, working closer with our partners and making our information open and accessible wherever possible.
- We want to work with stakeholders to create location specific digital services across Powys to connect and support businesses, communities and individuals.
- We want to work with partners to maximise joint digital opportunities and improve date sharing capacity and capability for the benefit of our, businesses, communities and citizens.

Digital solutions will enhance our service offer alongside our traditional methods of access, which we will continue to offer, this will be important to many of our customers who perhaps do not have access to digital technology or would rather engage with us in person or over the phone.

Technology can enhance the lives of our residents, including the most vulnerable. As technology changes at pace we do not want to risk our residents becoming isolated and disadvantaged, we need to work with our communities to bridge this gap and ensure our residents and businesses are ready to maximise the potential of digital transformation.

The integrated approach to support effective decision making

The below statistics give an insight into digital trends.

#### National stats:

- 1. 90% of jobs nationally require digital skills to some degree
- 2. 65% of children entering primary school today will be working in roles that do not yet exist
- 3. 23% (12.6 million) of the UK population lacking basic digital skills. Of these, 49% are disabled, 63% are over 75 and 60% have no formal education qualifications
- 4. 58% of adults in Wales access the internet
- 5. Internet users in Wales spent an average of 21 hours online per week in 2016
- 6. 80.6% of Powys has superfast broadband coverage (lowest in Wales)
- 7. 28% of premises in Powys are unable to receive 10 mb/s (it would take an hour to download a HD quality movie)

#### **Powys CC stats:**

Page

- 1. Reach 13.2k followers on our Twitter account
- 2. Reach 10.9k followers on our facebook account (69% women / 30% men, 25 54 is most popular age group)
- 3. 55% people access our website using a mobile device or tablet
- 4. 92,010 views for bin collections, 59,233 checking for emergency school closures, 47,629 school term dates and 45,608 searching for jobs (18/10/2018 18/10/19)
- 5. 26% people have a My Powys account (18 and over)

Y Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| 4 | Version   | Author      | Job Title                 | Date       |
|---|-----------|-------------|---------------------------|------------|
|   | Draft 0.1 | Kelly Watts | Customer Services Manager | 30/10/2019 |
|   | Draft 0.2 | Kelly Watts | Customer Services Manager | 12/01/2021 |
|   |           |             |                           |            |

#### 2. Profile of savings delivery (if applicable)

| 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 | TOTAL  |
|---------|---------|---------|---------|---------|--------|
|         | £200k   | £ 400k  | £400k   | £ 400k  | £1.25m |

#### 3. Consultation requirements

|--|

|  | A stakeholder analysis and engagement plan has been completed.   |
|--|--|
| Public and Staff consultation required | As each of the work streams progresses into delivery, consultation will be considered for both internal staff and external stakeholders. |
|  | Feedback has been received from Scrutiny Board Members.  |
|  | Internally, any consultation will follow the Councils Management of Change process.  |
|  | A Communications plan has been completed.  |

 Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)

 PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

 The Digital Strategy and the supporting Business Case is a council wide document and will have potential implications all service areas.

 The programme has an EMT Senior Responsible Owner (SRO) who is the owner of the overall project.

 The project is chaired by the SRO and will include representatives from front-line and corporate services. The project will have a lead project manager. The project board will consist of officers only, with accountability to elected members through the Transformation Board, the scrutiny will be provided by this board and the council scrutiny arrangements.

 See above link to stakeholder and engagement plan.

#### Our Vision: DIGITAL POWYS – Embracing digital technologies to improve our customers' experience

Digital Powys is the Council's digital transformation programme, one of eight programmes within the Council's Vision 2025 Transformation Programme. The Programme is underpinned by the Council's Digital Powys strategy.

Like many councils, Powys County Council is facing significant challenges in meeting changing customer expectations, managing increasing demand for services and modernising working practices whilst delivering against an increasing financial constraint. In the face of these challenges the Council needs to transform the way it works to provide high quality services and digital technology has a significant role to play.

With reduced funding over the next 3 years and greater demand for services, we need to be innovative in the solutions we design for the future, harnessing the power of the data revolution and digital technology. Our Digital Transformation Programme will drive delivery of digital solutions whilst providing financial savings.

The programme has 5 key work streams (Customer Centred Digital solutions; Digital Workforce; Digital Infrastructure and Systems; Information Excellence and Digital Places) which will deliver our transformation aims of ensuring Powys is a place where people can connect, communicate and access public services they need and want quickly and efficiently. We will be working with our partners to support the more vulnerable in our society to use digital tools and technologies that can help them stay independent. Equality of access is important and for those unable to access digital technologies we will continue to provide the traditional methods of communication, as well as exploring other communication methods to support യ് our most vulnerable.

We will work with partners to improve connectivity across the county so that both local communities and businesses can thrive.

The programme will follow four key guiding principles for the project – customer centred, Digital first, safe and secure and working with our partners.

How does the proposal impact on the following areas:-

**Council priorities** 

age

N

The strategy supports and helps to deliver the councils Vision 2025 (Corporate Improvement Plan), which has four key themes – the economy, health and well-being, lifelong learning and residents and communities.

Welsh Government Well-Being Goals

The proposal overall will have a positive impact on the Well-Being goals.

The Council's key guiding principles

The proposal overall will have a positive impact on the Councils key guiding principles.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The Impact Assessment be reviewed and updated bi-monthly or sooner where significant impact on future service delivery.

Where, there is impact on external customers and/or internal customers then on-going monitoring arrangements will need to be in place.

Please state when this Impact Assessment will be reviewed.

The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| P | That due to legislation not all services will be able to utilise electronic mail/scanning facilities   | Medium               | Service Area will continue to have access to the councils print<br>and post room.   |          | Low                         |
|   | Not all correspondence can be sent electronically there will be<br>pockets of citizens that will still wish to receive paper mail due to<br>not having access to broadband | Medium               | The council will still need to continue to offer alternative methods of communication to those citizens that cannot access electronic mail. |          | Low                         |
|   | The culture of the organisation may not be ready for change  | Medium               | Challenge services that potentially do not want to change working practices.  |          | Low                         |
|   |  |                      |   |          |                             |
|   | Overall judgement (to be included in project risk register)  |                      |   |          |                             |
|   | Very High Risk High Risk   |                      | Medium Risk   | Low Risk |                             |
|   |  |                      |   | LOW      |                             |

10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference:  |
|--|--|
| To meet the budget savings outlined for 21-22 it will be necessary to reduce postage spend across the authority. |  |
|  |  |
| Work is already underway to move to digital solutions including utilising t                                      | the My Powys Account which should see an impact on reducing spend. |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

| C | Current Structure.           |  |
|---|------------------------------|--|
| C | Current Budgets.             |  |
| Ν | MTFP                         |  |
| E | Business Case from suppliers |  |
|   |                              |  |

### 12. On-going monitoring arrangements?

### What arrangements will be put in place to monitor the impact over time?

The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.

Where there is impact on external customers and/or internal customers then on-going monitoring arrangements will need to be in place.

Please state when this Impact Assessment will be reviewed.

The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.

# FORM ENDS

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

# FORM ENDS

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

Powys

4. Impact on Other Service Areas

### Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

Yes. The proposal to continue to reduce contract costs through the work within the System Rationalisation Programme does and will impact on other services areas (demonstrating a positive impact). The service areas that are utilising the systems that we are either rationalising or de-commissioning will be impacted, however before work commences, all effected services areas are consulted with and are engaged in the process.

### 5. How does your proposal impact on the council's strategic vision?

| Рад    | Council Priority  | How does the proposal impact on this priority?              | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |

# FORM ENDS

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Consultation Requirement C  |  | Consultation deadline/or justification for no consultation              |  |  |
|-----------------------------|--|---|--|--|
| Staff consultation required | Potential impact will be internal; therefore, no external consultation will be undertaken. |   |  |  |
|                             |  | The consultation will follow the Councils Management of Change process. |  |  |

The integrated approach to support effective decision making

## Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

The proposal has no impact on service areas.

The introduction of the outbound mail solution has already been completed. The service areas have provided some positive feedback and there are several staff and areas using he solution. In December 20 approximately 900 mail pieces were sent out using the new system.

### 5. How does your proposal impact on the council's strategic vision?

| Раде | Council Priority  | How does the proposal impact on this priority?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?               | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|------|---|---|---|--|--|
| C,   | The Economy<br>We will develop a vibrant economy  | Potentially there will be a loss of jobs and therefore impact on the local economy.   | Poor  | Re-deployment Opportunity  | Poor   |
|      | Health and Care<br>We will lead the way in effective,<br>integrated rural health and care | N/a   | Neutral   | N/a  | Neutral  |
|      | Learning and skills<br>We will strengthen learning and<br>skills                          | N/a   | Neutral   | N/a  | Neutral  |
|      | Residents and Communities<br>We will support our residents and<br>communities             | Customers will have the opportunity to receive mail<br>via outbound mail solution and longer term through<br>the Powys account. | Good  | A positive impact on customers – reduction in paper, carbon costs, quicker receipt of information. | Very Good  |

The integrated approach to support effective decision making

### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.

Where there is impact on external customers and/or internal customers then on-going monitoring arrangements will need to be in place.

### Please state when this Impact Assessment will be reviewed.

The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.

### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

## FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area   | Finance | Head of Service | Jane Thomas | Director |  | Portfolio Holder | Cllr Aled Davies |
|--|---------|-----------------|-------------|----------|--|------------------|------------------|
| Proposal   |         |                 |             |          |  |                  |                  |
|  |         |                 |             |          |  |                  |                  |
| Finance savings relating to transferring card terminal payments to new supplier - Adelante (who provide and run the card terminal service, have set up the MIDs with a new bank ready for when we upgrade and change merchant providers in the process and use a new portal which we will need access to for reports, transaction info, etc. |         |                 |             |          |  |                  |                  |

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| τ      | Version | Author        | Job Title              | Date     |
|--------|---------|---------------|------------------------|----------|
| 0E     | V1      | Anne Phillips | Deputy Head of Finance | 20/12/20 |

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

The integrated approach to support effective decision making

## FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

Arts & Culture Commissioning Officer

06 January 2021

| Service Area  | Arts & Culture,<br>Housing &<br>Community<br>Development | Head of Service  | Nina Davies           | Director  | Nigel Brinn  | Portfolio Holder   | Cllr Rachel Powell     |

#### 9. How likely are you to successfully implement the proposed change?

|   | Description of risks  |  |  |  |
|---|---|--|--|--|
|   | Risk Identified   | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation   | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
|   | Public opposition to reduction of funding to theatre, gallery & arts organisations resulting in possible closures / loss of facilities; damage to PCC reputation. | Medium / Low   | Support for and engagement with Arts organisations     | Low  |
| ğ | Loss of external match & partnership funding brought into county.   | Low  | As above   | Low  |
| G | Loss of cultural services to communities in Powys.  | Low  | As above   | Low  |
| Ī | Loss of skills, creative industry business and inward migration.  | Low  | As above   | Low  |
|   | Due to COVID – arts sector cannot sustain further financial losses.   | Medium / Low   | As above   | Low  |
|   | Arts Council of Wales investment may be re-considered in the light of reductions in local authority match funding support.  | Low  | Regular engagement with Arts Council of Wales officers | Low  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)Cabinet Report Reference:Reductions in funding support for performing arts venues and professional arts organisations in Powys may put under threat their ability to continue valued community arts and<br/>cultural provision, diminishing the breadth, quality, and benefits of cultural services available to the communities of Powys.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

Data development required.

The integrated approach to support effective decision making

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time? Continual monitoring, review, and reporting. Please state when this Impact Assessment will be reviewed. Annually

## FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area  | Housing & Community Development  | Head of Service   | Nina Davies                                      | Portfolio Holder  | Cllr Phyl Davies |  |  |  |  |  |

#### 9. What are the risks to service delivery or the council following implementation of this proposal?

| Description of risks   |  |   |  |  |
|--|--|---|--|--|
| Risk Identified  | Inherent Risk Rating<br>Impact X Likelihood<br>(See Risk Matrix in<br>guidance document) | Mitigation  | Residual Risk Rating<br>Impact X Likelihood<br>(See Risk Matrix in<br>guidance document) |  |
| Loss of jobs and employment opportunities                                | Medium   | Redeployment will be offered  | Low  |  |
| Reduction of cleaning by other services, may reduce cleaning frequencies | Medium   | Corporate Property Services need to be clear on the standards required/acceptable | Low  |  |
|  |  |   |  |  |

10. Overall Summary and Judgement of this Impact Assessment?

|--|

Throughout 2020 the Mobile Services Support teams have been extremely busy supporting housing and schools during the Covid-19 pandemic, this work continues in 2021. There has been significant additional work during the year providing additional income.

Proposal to deliver revenue savings from the Cleaning service for 2021-2023 by implementing the proposals below:

• Increasing income by expanding business opportunities: providing a handyman service for minor repairs and maintenance, communal garden clearance/maintenance for general public/housing service. Supporting schools with additional Covid cleaning staff and fogging (deep cleaning). This will either be work outside of the HOWPS contract or work subcontracted from HOWPS.

• Several internal services have requested reviews of current cleaning schedules to make efficiencies. Property services have asked to review cleaning in several corporate buildings to reduce their cleaning costs. Requests will be reviewed along with staffing.

• Introduce a service brand and use social media to expand communication to the residents and public we serve, with potential networking opportunities with greater income potential.

**U**. Is there additional evidence to support the Impact Assessment (IA)?

| C | ğ | What additional evidence and data has informed the development of your proposal? |  |  |  |  |  |  |
|---|---|--|--|--|--|--|--|--|
|   | Ð |  |  |  |  |  |  |  |

|   |   |  |  |  |  |  |  |  |

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Monthly management meetings to discuss progress and regular meetings with finance business partners to ensure targets are on track.

1 to 1 meetings with HoS.

Quarterly performance reviews with Portfolio Holder.

Please state when this Impact Assessment will be reviewed.

FORM ENDS

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

Ö

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)   | Cabinet Report Reference:                       |   |  |
|---|---|---|--|
| All changes have been carefully planned to have minimal detrimental impact on service users and the general public, and to offer good potential for improved outcomes through |   |   |  |
| partnership working, training, collaboration, and co-production. Proposals take into account  | t the statutory requirements of the Public Libr | aries and Museums Act 1964, administered in |  |
| Wales through the Welsh Public Library Standards frameworks.  |   |   |  |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Progress will be monitored through the Cultural Services Project Board.

#### Please state when this Impact Assessment will be reviewed.

Dec 2021

# FORM ENDS

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

•The Council has a corporate responsibility to maintain its records and record-keeping systems in compliance with the legislation and regulatory environment in which it operates.

•In 2017 the Council completed an accommodation project for Powys Archives and Information Management and officially opened the new public facilities in October 2017.

• Powys Archives collects and preserves records relating to Powys' cultural and historical past in accordance with legislation, and in turn provides access to them through a public search room. The service currently holds around 3000 linear metres of material dating from the fourteenth century to the present day.

• Information Management Service provides help and advice to all areas of the Council on information management issues including records management practices and procedures. The Service manages and stores around 250,000 files of semi-current and non-current records, which are retained for a certain period of time for legal, financial, administrative or operational regions.

#### Proposals 2021/22

• Powys Archives and Information Management has been tasked with identifying efficiencies of £18,000 in 2021/22. It is proposed that increased income offsets this target. Income to be generated from leasing storage space for records to external organisations.

#### Proposals 2022/23

• Powys Archives and Information Management has been tasked with identifying efficiencies of £15,000 in 2022/23. It is proposed that increased income offsets this target. Income to be generated from leasing storage space for records to external organisations

|--|---|---|--|--|
| Learning and<br>stars<br>We will<br>strengthen<br>learning and<br>skills | <ul> <li>Archive Services have proved to be 'safe' places in which people can learn<br/>and develop. This learning experience can come about either as a user or a<br/>volunteer. Researching archives requires individuals to develop a whole<br/>range of skills from specialist areas such as palaeography (the study of old<br/>handwriting) through to the ability to analyse large amounts of information,<br/>set goals and organise workloads. Allied to this is access to a unique<br/>information resource. The Archives hold records that for the most part<br/>cannot be found elsewhere such as Council records, maps and plans,<br/>personal papers and business records. 98% of visitors to Powys Archives<br/>agree that archives provide opportunities for learning.</li> <li>For volunteers the payback can be significant in terms of skills and<br/>employability. In a report by the National Council on Archives into<br/>volunteering in archives 32% of those questioned felt archive volunteering<br/>had helped with their sense of being part of a workplace, 28% felt it had<br/>helped them learn or improve their IT or other work-related skills, and 16%<br/>felt it had improved their confidence to look for work.</li> <li>Archives have always been a vital resource of educational attainment.<br/>Archives are well known as the source material for high qualifications such as<br/>PhDs and MAs. But they have been widely used to bring a wide range of<br/>school subjects to life such as history, geography, English and maths, and<br/>provide the stimulus for projects as such as art and drama productions. For<br/>example, the National Curriculum for history includes local history research<br/>using archives.</li> </ul> | Neutral   |  | Neutral  |

#### 9. What are the risks to service delivery or the council following implementation of this proposal?

| Description of risks   |  |                                |  |  |
|--|--|--------------------------------|--|--|
| Risk Identified  | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation                     | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |  |
| that income from leasing arrangements do not meet the required savings target.   | Medium   | Market the service effectively | Low  |  |
| Risk of the Council not being able to meet its Statutory<br>requirements in relation to Archives and records management,<br>facing significant risk of direct action from the Information<br>Commissioners Office, The National Archives, Welsh Government.      | Low  |                                | Low  |  |
| Risk of the National Archives removing the Council's Public Record<br>status through lack of staffing. In 2011 the Council responded to<br>this threat by developing new facilities for both Powys Archives<br>and Information Management at Unit 29 Ddole Road. | Low  |                                | Low  |  |

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report) Cabinet Report Reference:

It is proposed that increased income offsets budget savings. Income to be generated from leasing storage space for records to external organisations. Impact to be monitored.

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Income to be generated from leasing storage space for records to external organisations. Monitor to see if this income target is achievable.

Please state when this Impact Assessment will be reviewed. 2021

# FORM ENDS

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

The integrated approach to support effective decision making

#### 4. Impact on Other Service Areas Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety and Corporate Parenting?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY $\checkmark$ Adult Services Legal and Democratic Services Education ✓ Property, Planning and Public Protection Children's Services Finance Highways, Transportation and Recycling **Transformation and Communications** Commissioning $\checkmark$ ✓ **Digital Services** Housing and Community Development Workforce and OD **Data Protection Impact Assessment** Will the proposal involve processing the personal details of individuals? Yes $\Box$ No $\checkmark$ Is Powys County Council the data controller? Yes □ No ✓ U If you have answered yes to either of the above you will be required to complete, as a minimum, the screening questions on the data protection impact assessment. ag For further advice please contact the Data Compliance Team. ē

## 4

#### Geographical Locations What geographical area(s) will be impacted by the proposal? (Chose all those applicable) ✓ Llandrindod and Rhavader Machynlleth Powys Brecon Llanfair Caereinion Builth and Llanwrtyd Newtown Crickhowell Llanfyllin Welshpool and Montgomery North Llanidloes Ystradgynlais Mid Hay and Talgarth South **Knighton and Presteigne**

5. How does your proposal impact on Vision 2025?

|          | Council's Well-being Objective  | How does the proposal impact on this Well-being<br>Objective?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|----------|---|---|---|---|--|
| Page 435 | The Economy<br>We will develop a vibrant economy  | The service supports the economy by enabling and<br>encouraging participation, events, and opportunities<br>for involvement with healthy physical activities linked<br>to wider Powys initiatives and agendas. There is the<br>potential for less events, competitions, and activities<br>(local, regional & national) that bring people into<br>Powys to participate, visit, travel around and stay if<br>there is less budget available.                                  | Poor  | Collaborative working and communication with other<br>organisations, partners and services is key to ensure a<br>whole county approach.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.   | Good   |
|          | Health and Care<br>We will lead the way in providing<br>effective, integrated health and care<br>in a rural environment | The service will support the health & care agenda<br>through joint initiatives and schemes to encourage<br>people to be more physically active, working towards<br>mutual objectives and outcomes. The proposal could<br>have an impact through reduced officer capacity or<br>less resources.  | Poor  | Collaborative working and communication with other<br>organisations, partners and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Good   |
|          | Learning and skills<br>We will strengthen learning and<br>skills  | The service will help to enhance learning and skills<br>through schemes and opportunities to develop.<br>However, the numbers of people developing their<br>learning and skills, gaining qualifications, and<br>undertaking training may decrease as a result of the<br>savings required. Further impact could be a reduction<br>in sports coaches, instructors, and professional<br>persons to support healthy physical activity in Powys<br>as a result of reduced funds. | Poor  | Collaborative working and communication with other<br>organisations, partners and services will enable<br>understanding and identification of gaps and need.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.  | Good   |

| Council's Well-being Objective  | How does the proposal impact on this Well-being<br>Objective?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---|---|---|---|--|
| Residents and Communities<br>We will support our residents and<br>communities<br>ଅଧି<br>ଅଧି | The service will support, (in collaboration with other<br>partners and organisations), residents and<br>communities to increase their participation levels so<br>that healthy physical activity becomes part of a regular<br>routine, which in turn will have positive benefits and<br>impacts on many other areas of their lives.<br>However, as a result in a reduction of budget, the<br>numbers of people participating in healthy physical<br>activity may decrease. Residents and communities<br>may not have the range of opportunities that are<br>currently available. | Poor  | Collaborative working and communication with other<br>organisations, partners and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Good   |

Service knowledge and history including the benefits and impacts of sport and physical activity on a range of other agendas including statutory services such as education / schools, Adults and Children's Services.

6. How does your proposal impact on the Welsh Government's well-being goals?

|          | Well-being Goal  | How does proposal contribute to this goal?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|----------|--|---|---|---|--|
| Pagé 437 | A prosperous Wales:<br>An innovative, productive and low carbon<br>society which recognises the limits of the<br>global environment and therefore uses<br>resources efficiently and proportionately<br>(including acting on climate change); and<br>which develops a skilled and well-educated<br>population in an economy which generates<br>wealth and provides employment<br>opportunities, allowing people to take<br>advantage of the wealth generated through<br>securing decent work. | The service will support the economy by enabling and<br>encouraging participation, events, and opportunities<br>for involvement with healthy physical activities linked<br>to wider Powys initiatives – encouraging people to<br>acknowledge and understand the impact of carbon<br>footprints and to think and act more responsibly. The<br>proposal doesn't directly <i>contribute</i> to the goal but<br>will enable more focus where necessary. | Good  | Collaborative working and communication with other<br>organisations, partners and services is key to ensure a<br>whole county approach.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.   | Good   |
|          | A resilient Wales:<br>A nation which maintains and enhances a<br>biodiverse natural environment with healthy<br>functioning ecosystems that support social,<br>economic and ecological resilience and the<br>capacity to adapt to change (for example<br>climate change).  | The service will support the goal for a more resilient Wales where/if applicable. The proposal doesn't directly <i>contribute</i> to the goal but will enable more focus where necessary.   | Good  | Collaborative working and communication with other<br>organisations, partners and services is key to ensure a<br>whole county approach.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.   | Good   |
|          | A healthier Wales:<br>A society in which people's physical and<br>mental well-being is maximised and in which<br>choices and behaviours that benefit future<br>health are understood.<br>Public Health (Wales) Act, 2017:<br>Part 6 of the Act requires for public bodies to<br>undertake a health impact assessment to<br>assess the likely effect of a proposed action or<br>decision on the physical or mental health of<br>the people of Wales.  | Through our commitment to the Visions of Powys<br>County Council and Sports Wales and support to other<br>strategies & plans, we will fully support and contribute<br>to this goal. The proposal doesn't <i>contribute</i> to the<br>goal but will enable more focus where necessary.   | Very Good   | Collaborative working and communication with other<br>organisations, partners and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Very Good  |

|        | Well-being Goal  | How does proposal contribute to this goal?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|--------|--|--|---|---|--|
|        | <b>A Wales of cohesive communities:</b><br>Attractive, viable, safe and well-connected<br>Communities.   | Our contribution to the other goals will support and<br>enable cohesive communities. The proposal doesn't<br>directly <i>contribute</i> to the goal but will enable more<br>focus where necessary.   | Good  | Collaborative working and communication with other<br>organisations, partners and services is key to ensure a<br>whole county approach.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.   | Good   |
| age 43 | A globally responsible Wales:<br>A nation which, when doing anything to<br>improve the economic, social, environmental<br>and cultural well-being of Wales, takes account<br>of whether doing such a thing may make a<br>positive contribution to global well-being.<br>Human Rights - is about being<br>proactive (see guidance)<br>UN Convention on the Rights of the<br>Child:<br>The Convention gives rights to everyone under<br>the age of 18, which include the right to be<br>treated fairly and to be protected from<br>discrimination; that organisations act for the<br>best interest of the child; the right to life,<br>survival and development; and the right to be<br>heard. | The service will support the goal for a globally<br>responsible Wales as required in conjunction with the<br>Visions for Sport Wales and Powys County Council.<br>The proposal will still enable children and young<br>people to access resources and opportunities<br>throughout Powys. | Good  | Collaborative working and communication with other<br>organisations, partners and services is key to ensure a<br>whole county approach.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.   | Good   |
|        | -  | Welsh language: A society that promotes and protects culture, herita<br>guage (Wales) Measure 2011 and the Welsh Language Standards  | ge and the Welsh I  | anguage, and which encourages people to participate in the arts, and sports and r   | ecreation.   |
|        | Opportunities for persons to use the Welsh<br>language, and treating the Welsh language<br>no less favourable than the English language  | The service already has Welsh speaking officers and provides activities and information bilingually as required. The proposal should not have a significant impact.  | Unknown   | Collaborative working and communication with other<br>organisations, partners and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. |---|--|---|--|--|
| <b>Long Term:</b> Looking to the long term so<br>that we do not compromise the ability of<br>future generations to meet their own<br>needs.   | The proposal will continue to positively impact on this<br>principle, even with a reduced budget. It will support<br>future generations to meet their own needs by<br>engaging in more regular physical activity,<br>understanding the numerous benefits it will have on<br>other elements of their lives and improving their<br>overall health and wellbeing. | Good  | Collaborative working and communication with other<br>organisations, partners and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time.  | Good   |
| <b>Collaboration:</b> Working with others in a collaborative way to find shared sustainable solutions.  | The proposal encourages this principle, (although the<br>service has been working collaboratively for a number<br>of years) and will have a positive impact (even with a<br>reduced budget) as working with others to achieve<br>shared sustainable solutions will enable joint<br>objectives and outcomes to be realised .                                    | Good  | Further collaborative working, positive engagement and<br>communication with other organisations, partners and<br>services will enable a whole county approach.<br>Understanding areas of need, gaps, individuals, and<br>groups that may need specific intervention is key to agree<br>and achieve joint objectives and outcomes.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Good   |
| Involvement (including<br>Communication and Engagement):<br>Involving a diversity of the population in<br>the decisions that affect them including:<br>Unpaid Carers:<br>Ensuring that unpaid carers views are<br>sought and taken into account | The proposal does not impact on this principle as the<br>service will continue to work more specifically in some<br>areas to ensure engagement and involvement of as<br>many of our residents and members of our<br>communities as possible.   | Good  | Further collaborative working, positive engagement and<br>communication with other organisations, partners and<br>services will enable a whole county approach.<br>Understanding areas of need, gaps, individuals, and<br>groups that may need specific intervention is key to agree<br>and achieve joint objectives and outcomes.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Good   |

|       | Principle  | How does the proposal impact on this principle?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|-------|--|--|---|---|--|
| Page  | <b>Prevention:</b> Understanding the root<br>causes of issues to prevent them from<br>occurring including:<br><b>Safeguarding:</b><br>Preventing and responding to abuse<br>and neglect of children, young people<br>and adults with health and social care<br>needs who can't protect themselves. | The proposal will not impact on this principle as the<br>service will continue to work more specifically in some<br>areas to understand issues and developing initiatives<br>to address them – especially early intervention and<br>prevention agendas.  | Good  | Further collaborative working, positive engagement and<br>communication with residents, communities, other<br>organisations, partners, and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention or involvement is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Good   |
| e 442 | <b>Integration:</b> Taking an integrated<br>approach so that public bodies look at all<br>the well-being goals in deciding on their<br>well-being objectives.  | The proposal will not impact on this principle and the<br>service will continue to work collaboratively to agree<br>joint objectives and outcomes to be planned,<br>delivered, and realised.   | Good  | Further collaborative working, positive engagement and<br>communication with residents, communities, other<br>organisations, partners, and services will enable a whole<br>county approach. Understanding areas of need, gaps,<br>individuals, and groups that may need specific<br>intervention or involvement is key.<br>Alternative methods of delivery such as virtual and online<br>are being explored, developed, and delivered. This will<br>continue and be enhanced over time. | Very Good  |
| ,     | <b>Powys County Council Workforce:</b><br>What Impact will this change have on<br>the Workforce?   | This proposal should not have an impact on the<br>workforce but as a service we continuously review and<br>monitor the workforce, programmes, and outcomes to<br>ensure that the budgets and funding available are<br>maximised and put to best use. Reconfiguration of the<br>resources available, including staff will be undertaken<br>from time to time. | Neutral   | The service will continue to monitor and review the<br>workforce, providing training and development<br>opportunities where possible, or reconfiguring to<br>maximise budgets and funding available.  | Good   |

|---|---------------------------|--|
|---|---------------------------|--|

## Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

Although there may be a reduced core budget to the service over the next two years from Powys County Council, between the three funding streams (PCC, Sport Wales & Disability Sport Wales) there are sufficient budgets and funding available to provide and deliver an effective service. Due to the recent changes within the Council and Sport Wales, objectives and outcomes have been reconfigured which has enabled a different approach to be explored and proposed. Officers time and agreed programmes will need to be more streamlined based on identified needs and gaps which may mean that not all services and activities previously provided will be available. There is also the addition of increased and developing virtual / online offer which should engage a range of participants.

### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

N/A

### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Regular meetings with the officers, Head of Service, National Governing Bodies, other service, and service users

## Please state when this Impact Assessment will be reviewed.

February 2021

# FORM ENDS

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area  | Housing   | Head of Service           | Nina Davies            | Director               | Nigel Brinn        | Portfolio Holder | Cllr lain McIntosh |  |  |

2. Profile of savings delivery (if applicable) (excludes Budget Pressure Provision)

| Starting Budget | 2020-21 savings | 2021-22 | 2022-23 | 2023-2024 | TOTAL |
|-----------------|-----------------|---------|---------|-----------|-------|
| £633,066        | £25,000         | £25,000 | £       | £0        | £     |

## 3. Consultation requirements

| Consultation Requirement                                | Consultation deadline/or justification for no consultation  |
|---|---|
| No consultation required (please provide justification) | The provision of the temporary Gypsy & Traveller site for the annual Royal Welsh Show is<br>not a statutory requirement. The provision of the site was managed by a<br>multidisciplinary/agency working group and therefore consultation already undertaken<br>with Police, Royal Welsh Agricultural Society and Gypsy & Traveller Liaison. The non-<br>provision of the site will be publicised on social media and communicated to the Gypsy<br>and Traveller community. The site provision was cancelled due to the Covid-19 event in<br>2020. The impact of the pandemic on the 2021 RWAS is currently unknown. |

4. Impact on Other Service Areas

## 8. What is the impact of this proposal on our communities?

|          | Communities | How does the proposal impact on residents and community?   | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement  |
|----------|-------------|--|--|---|---|--|
| Page 457 |             | Some residents may support the non-<br>provision, however, unauthorised<br>encampments can cause disruption. | Minor  | The Gypsy and Traveller community<br>who normally attend the temporary<br>site will be advised that there will no<br>longer be a site provided and that any<br>unauthorised sites will be dealt with<br>in accordance with the Welsh<br>Government unauthorised site<br>guidance. They should therefore make<br>arrangements prior to arriving in the<br>area.<br>In the event of unofficial sites, the<br>Council will undertake an Initial<br>Encampment Assessment to assess<br>the impact on the residents or local<br>community. | Minor   | Gypsy and Traveller<br>Accommodation<br>Assessment and the<br>Ysgiog Gypsy and<br>Traveller Temporary<br>Stopping Place Project<br>Group |

9. What are the risks to service delivery or the council following implementation of this proposal?

The risk is around the removal of the temporary Ysgiog site for the Royal Welsh and the potential impacts of that on the Gypsy & Traveller community, and on local residents and communities.

| Description of risks  |   |  |  |
|---|---|--|--|
| Risk Identified   | Inherent Risk<br>Rating<br>Impact X Likelihood<br>(See Risk Matrix in<br>guidance document) | Mitigation   | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
| Removal of the temporary Gypsy & Traveller site at the annual RWAS may lead to the use of non-<br>official sites and unauthorised encampments, which may impact on local residents and communities. | Low   | The Gypsy and Traveller<br>community who normally<br>attend the temporary site will<br>be advised that there will no | Low  |

J

20. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)

**Cabinet Report Reference:** 

Removal of the temporary Ysgiog site for the Royal Welsh Show would impact Gypsy & Travellers, and may impact on local residents and communities. However, the impact has been rated as low. The provision and management of the site for the last few years has reduced the number of households attending.

## 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

Gypsy and Traveller Accommodation Assessment and the Ysgiog Gypsy and Traveller Temporary Stopping Place Project Group.

### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Annual monitoring at the time of the RWAS. The Council will manage unauthorised encampments in accordance with Welsh Government Guidance and report any unauthorised sites in accordance with the revised "Caravan Count" provisions.

Please state when this Impact Assessment will be reviewed.

December 2021

FORM ENDS

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area   | HTR                                     | Head of Service  | Matt Perry               | Portfolio Holder                    | Cllr Heulwen Hulme                     |  |

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

|          | Learning and skills<br>We will strengthen learning and<br>skills  | There may be an impact on a small number of pupils in<br>some schools due to the changes in the bus network<br>and some may end up having a longer journey or<br>changing buses. However, in line with the amended<br>school transport policy they would be provided with<br>transport to their nearest school<br>If parental choice is for a pupil to attend an English-<br>medium school that wasn't their nearest school, then<br>the parent/carer would need to make their own<br>arrangements for transport. | Neutral   | Will still be required to carry 5500 learners to school safely every day                              | Neutral  |
|          | Residents and Communities<br>We will support our residents and<br>communities   | Home to school transport will be provided for learners<br>who ordinarily reside in Powys to attend their nearest<br>suitable school or catchment school, therefore<br>supporting residents to access schools within their<br>communities. This enables community cohesion and a<br>social infrastructure to develop within these<br>communities   | Neutral   | Home to school transport is a statutory service.  | Neutral  |

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

#### Source of Outline Evidence to support judgements

We spend around £55k per school day with local suppliers. To make a £500k reduction will require the daily spend to reduce by £2,700 per day which is around a 5% reduction. Care will be taken to spread the cost reduction equally across the supplier base.

#### 6. How does your proposal impact on the Welsh Government's well-being goals?

|        | Well-being Goal  | How does proposal contribute to this goal?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |

9. What are the risks to service delivery or the council following implementation of this proposal?

| Т     | Description of risks  |  |  |  |  |  |  |
|-------|---|--|--|--|--|--|--|
| age 4 | Risk Identified   | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation   | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |  |  |  |
| 51    | If 'hit' too hard some bus operators may go out of business |  | Where possible, spread the reduction in provision across the supplier base |  |  |  |  |
|       |   |  |  |  |  |  |  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| 0 | Dutline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference: |  |  |  |  |  |
|---|--|---------------------------|--|--|--|--|--|
| ٦ | The outline assessment suggests that the negative impact of reducing capacity in the current provision is low, and that, overall, the impact is positive as we will still transport the same |                           |  |  |  |  |  |
| r | number of learners to school.  |                           |  |  |  |  |  |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal? N/A

#### 12. On-going monitoring arrangements?

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

# What arrangements will be put in place to monitor the impact over time? If the reduction in capacity is achieved, the impact will be monitored annually, and if the provision needs changing due to changes in other policies or the law, then the policy and provision will need to be revised to take account of these changes. Please state when this Impact Assessment will be reviewed. Quarterly

Experience gained from the three weekly collection and other authorities trialling four weekly collections.

#### 6. How does your proposal impact on the Welsh Government's well-being goals?

| Well-being Goal  | How does proposal contribute to this goal?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?                           | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|--|---|---|---|--|
| A prosperous Wales:<br>An innovative, productive and low cark<br>society which recognises the limits of t<br>global environment and therefore uses<br>resources efficiently and proportionate<br>(including acting on climate change); a<br>which develops a skilled and well-educ<br>population in an economy which gener<br>wealth and provides employment<br>opportunities, allowing people to take<br>advantage of the wealth generated thr<br>securing decent work. | As there is still a considerable amount of recyclable<br>material being disposed of via the residual waste<br>stream, increasing the recyclate collected will mean<br>that resources are used more efficiently. The<br>collection of more recyclate will also stimulate the<br>market for reprocessing and thus create wealth and<br>jobs | Good  | Good communications to boost awareness and<br>understanding of service and requirement for good<br>quality recyclate.           | Very Good  |
| A resilient Wales:<br>A nation which maintains and enhance<br>biodiverse natural environment with h<br>functioning ecosystems that support so<br>economic and ecological resilience and<br>capacity to adapt to change (for examp<br>climate change).  | ealthy encourage residents who may only recycle<br>sporadically to do so more regularly and increase our<br>the recycling rates to conserve natural resources, reduce   | Good  | As above, good communications to boost awareness and<br>understanding of service and requirement for good<br>quality recyclate. | Very Good  |

| Well-being Goal   | How does proposal contribute to this goal?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---|--|---|--|--|
| A healthier Wales:<br>A society in which people's physical and<br>mental well-being is maximised and in which<br>choices and behaviours that benefit future<br>health are understood.<br>Public Health (Wales) Act, 2017:<br>Part 6 of the Act requires for public bodies to<br>undertake a health impact assessment to<br>assess the likely effect of a proposed action or<br>decision on the physical or mental health of<br>the people of Wales.   | There is likely to be a concern about the health<br>impacts of moving to a four weekly service,<br>particularly as regards the potential attraction of<br>vermin. There are also concerns regarding keeping<br>non-infectious clinical waste (nappies, incontinence<br>pads, colostomy bags) for an extended period. | Poor  | If residents use the service correctly, maximising recycling<br>and securely bagging any potentially problematic waste,<br>this issue will be minimised. Where residents genuinely<br>require additional capacity, such as a medical issue or<br>larger families with children in nappies, this is already<br>taken into account. Awareness Advisors are available to<br>assist residents with any problems that they may have.<br>There is also an assisted collection scheme for residents<br>who struggle with the existing arrangements. | Neutral  |
| A Wales of cohesive communities:<br>Attractive, viable, safe and well-connected<br>Communities.   | Maximising recycling from the kerbside collection will<br>benefit all members of the community through the<br>positive impact on climate change and the reduction<br>on the cost of the service allowing Council funds to be<br>spent more effectively.  | Good  | All residents within the communities will need to be targeted effectively through communication, awareness and enforcement.  | Very Good  |
| A globally responsible Wales:<br>A nation which, when doing anything to<br>improve the economic, social, environmental<br>and cultural well-being of Wales, takes account<br>of whether doing such a thing may make a<br>positive contribution to global well-being.<br>Human Rights - is about being<br>proactive (see guidance)<br>UN Convention on the Rights of the<br>Child:<br>The Convention gives rights to everyone under<br>the age of 18, which include the right to be<br>treated fairly and to be protected from<br>discrimination; that organisations act for the<br>best interest of the child; the right to life,<br>survival and development; and the right to be<br>heard.<br>A Wales of vibrant culture and thriving | One of the key drivers of this change is the positive<br>impact on climate change through the increase in<br>recycling and reduction in landfill. It will also impact<br>positively on social and economic well-being as funds<br>can be diverted to be spent more effectively on<br>services for the public.        | Good  | All residents within the communities will need to be<br>targeted effectively through communication, awareness<br>and enforcement.  | Very Good  |

| Well-being Goal   | How does proposal contribute to this goal?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---|---|---|--|--|
| Opportunities for persons to use the Welsh<br>language, and treating the Welsh language<br>no less favourable than the English language | All residents within the communities will need to be<br>targeted effectively through communication,<br>awareness and enforcement. All promotional material<br>is produced in both languages.  | Good  | Welsh speakers are available if required for awareness events.   | Good   |
| Opportunities to promote the Welsh language   | All promotional material is produced in both languages.   | Good  | Welsh speakers are available if required for awareness events.   | Good   |
| People are encouraged to do sport, art and<br>recreation.   | Not applicable for this policy/service change.  | Neutral   | N/A  | Neutral  |
|   | s people to fulfil their potential no matter what their background or circu<br>ct 2010 (Statutory Duties) (Wales) Regulations 2011 and the Social Econo   |   | ing their socio economic background and circumstances).  |  |
| Incorporating requirements under the Equality A   | Powys households consist of a mix of ages and we are<br>aware that certain household types may need<br>additional help and support if the four weekly service<br>comes into effect. Families with children in nappies<br>and older people who generate non-infectious clinical<br>waste will be most affected by this change. | Poor  | Where residents genuinely require additional capacity,<br>such as a medical issue or larger families with children in<br>nappies, this can be considered. Awareness Advisors are<br>available to assist residents with any problems that they<br>may have. There is also an assisted collection scheme for<br>residents who struggle with the existing arrangements. | Neutral  |
| Disability  | Disabled residents or those with a medical condition<br>which requires them to dispose of large quantities of<br>incontinence waste may need additional support.  | Poor  | Residents with disabilities who have no other family<br>support may be eligible for an assisted collection and<br>those with large quantities of incontinence waste due to a<br>medical condition would be offered an additional bin or<br>bags to help them manage.   | Neutral  |
| Gender reassignment   | No impact - every household in Powys receives a kerbside collection of recycling and residual waste.  | Neutral   | N/A  | Neutral  |
| Marriage or civil partnership   | No impact - every household in Powys receives a kerbside collection of recycling and residual waste.  | Neutral   | N/A  | Neutral  |
| Race  | No impact - every household in Powys receives a kerbside collection of recycling and residual waste.  | Neutral   | Potential to communicate with key groups if there<br>appears to be limited recycling by a household, including<br>providing promotional material in alternative languages.   | Good   |
| Religion or belief  | No impact - every household in Powys receives a kerbside collection of recycling and residual waste.  | Neutral   | N/A  | Neutral  |

| Well-being Goal         | How does proposal contribute to this goal?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|-------------------------|---|---|--|--|
| Sex                     | No impact - every household in Powys receives a<br>kerbside collection of recycling and residual waste. | Neutral   | N/A  | Neutral  |
| Sexual Orientation      | No impact - every household in Powys receives a kerbside collection of recycling and residual waste.    | Neutral   | N/A  | Neutral  |
| Pregnancy and Maternity | The key impact here will be on the capacity to dispose of nappies with a four weekly collection.        | Poor  | Families with two or more children in nappies will be<br>offered support and additional capacity via an extra bin or<br>purple sacks following an assessment if requested. A<br>separate AHP collection service is being considered. | Neutral  |
| Socio-economic duty     | No impact - every household in Powys receives a kerbside collection of recycling and residual waste.    | Neutral   | N/A  | Neutral  |

#### Overall Summary and Judgement of this Impact Assessment?

#### Outline Assessment (to be inserted in cabinet report)

Cabinet Report Reference:

With effective communication, awareness and enforcement, the impact on communities will be minimal and there will be no adverse affects on any particular residents. In the longer term, the impact is positive in terms of contributing to the circular economy to benefit future generations.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The effect on materials collected will be monitored through the data that is routinely collected and reported on. Any adverse impacts such as increases in antisocial behaviours such as flytipping will also be recorded and monitored.

Please state when this Impact Assessment will be reviewed.

Six months after implementation.

|------------------------|---------|---------------|--|

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

#### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

8. What is the impact of this proposal on our communities?

| Communities                     | How does the proposal impact on residents and community? | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement |
|---------------------------------|--|--|---|---|---|
| All communities may be affected | Residents will have a change of collection day           | Minor  | Effective communications to keep residents informed of any changes  | Insignificant   | Previous route<br>optimisation exercises              |

9. What are the risks to service delivery or the council following implementation of this proposal?

| Т      | Description of risks  |  |   |  |  |  |  |
|--------|---|--|---|--|--|--|--|
| age of | Risk Identified   | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation                                    | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |  |  |  |
| с<br>С | Changes to operational base and procedures are not accepted | Medium   | Effective liaison with staff and trade unions | Low  |  |  |  |
|        |   |  |   |  |  |  |  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report) | Cabinet Report Reference: |  |
|---|---------------------------|--|
|   |                           |  |

This proposal will primarily impact on the workforce due to the inevitable changes to the operational base for some staff. The impact on the public will be limited to collection day changes which could occur with any service change.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Routes are continuously monitored to evaluate effectiveness and to accommodate ongoing changes such as additional properties.

#### Please state when this Impact Assessment will be reviewed.

After six months of operation

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

|   | Service Area  | HTR  | Head of Service              | Matt Perry                     | Portfolio Holder | Cllr Heulwen Hulme |  |  |  |  |
|---|---|--|------------------------------|--------------------------------|------------------|--------------------|--|--|--|--|
|   | Proposal  | R  | eduction in Highways Mainten | ance                           |                  |                    |  |  |  |  |
|   | Outline Summary / Description of Proposal   |  |                              |                                |                  |                    |  |  |  |  |
|   | To reduce highways maintenance to the lowermost level, bringing a reduction in staffing and rationalising the number of highway depots to 7no.; to reduce budgets whilst minimising risk, budgets will need to be re-prioritised.   |  |                              |                                |                  |                    |  |  |  |  |
|   | *NB - Savings fro   | NB - Savings from depot closure (& temporary costs of relocation) have not been included in the savings calculations |                              |                                |                  |                    |  |  |  |  |
| D | The proposed reduction in highway maintenance will be in areas considered a lower risk such as rural and urban sweeping, traffic signs and storm & flood. The verge maintenance budget has been frozen, to account for forecast pressures such as Ash Die Back (which will require significant funding over medium term). Budgets have been re-prioritised to focus funding on the most fundamental service. There will be even more reliance on capital funding to deliver a reasonable level of essential works to fulfil statutory duty. |  |                              |                                |                  |                    |  |  |  |  |
|   | Total operationa  | I staff working on County Hi   | ghway maintenance will red   | uce to <mark>47 staff</mark> . |                  |                    |  |  |  |  |

#### 1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area  | HTR                         | Head of Service | Matt Perry | Portfolio Holder | Cllr Heulwen Hulme |  |  |
|---|-----------------------------|-----------------|------------|------------------|--------------------|--|--|
| Proposal  |                             |                 |            |                  |                    |  |  |
| Outline Summar  | y / Description of Proposal |                 |            |                  |                    |  |  |
| To transfer the operation of the two remaining public conveniences (Brecon & Ystradgynlais Bus stations) to Town or Community Councils or local interest groups or where no transfer<br>can be completed to close the facilities. The aim is to ensure a sustainable future for the provision of public conveniences across Powys which takes into account the efficiencies<br>identified for the service in the Medium Term Financial Plan. Transfer of the two public conveniences will save £43k.<br>Previous transfers of public conveniences were accompanied with a transition payment over several years to ease the initial financial burden for the new operator while they seek<br>alternative support and to make the transfer a more attractive proposal. There is a budget amount identified to enable for this transition period and meet the £43k saving. An<br>additional saving (£24K) can be realised by not providing for transition payments; however this does increase the risk of assets not being transferred and increases the likelihood of<br>closure.<br>Failure to transfer the assets will result in closure and they will be declared surplus to requirements for disposal. Failure to dispose of the asset will require budget to make safe / |                             |                 |            |                  |                    |  |  |

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| The majority of the saving of £210,000 was made from core Countryside access budgets in 2020-21, through a restructure of the team; four posts were lost. The remaining £20,000 need to be achieved in 2021-22. It is not anticipated that any further posts will be lost; the saving will be achieved from core budgets for materials and contractors and reductions travel costs. |   |  |                       |                          |                           |                  | -                  |

#### 1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| Version          | Author | Job Title  | Date                           |  |
|------------------|--------|--|--------------------------------|--|
| VUI I Nan Barnes |        | Professional Lead, Countryside Access and Recreation | 17 <sup>th</sup> December 2020 |  |
|                  |        |  |                                |  |
|                  |        |  |                                |  |

#### 2. Profile of savings delivery (if applicable)

| 2020-21  | 2021-22 | 2022-23 | 2023-24 | 2024-2025 | TOTAL    |
|----------|---------|---------|---------|-----------|----------|
| £190,000 | £20,000 | £0      | £0      | £0        | £210,000 |

3. Consultation requirements

PCC: Impact Assessment Toolkit (March 2018)

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

| Consultation Requirement               | Consultation deadline/or justification for no consultation                                       |
|--|--|
| Public and Staff consultation required | January to March 2021 — i.e. development of Rights of Way Improvement Plan work plan for 2021-22 |

#### 4. Impact on Other Service Areas

'age

Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

**Corporate Health and Safety and Insurance teams** – Increased risk of the team being unable to meet health and safety responsibilities in a timely way e.g. collapsing footbridges, leading to increased risk of injury and associated claims;

Legal Services – Increased public dissatisfaction due to reduced capacity to resolve issues on public rights of way, leading to a greater number of informal and formal legal challenges and complaints. At the current time, less than 40% of the public rights of way network is assessed as being 'open and easy to use' and this is expected to fall with reduced resources.

Social Services and Powys Teaching Health Board - The service will be less able to assist in meeting the priorities of other Council services and Powys Teaching Health Board services. Access to public rights of way and open space, and involvement in volunteer activities to maintain them make an important contribution to preventive healthcare, by improving mental and physical wellbeing and physical activity levels. If a greater proportion of public paths are not open and easy to use, the potential to contribute to this will be significantly reduced.

Regeneration / Tourism - The tourism potential associated with public rights of way in Powys will be reduced, if less budget is available to ensure that paths are open and easy to use.

Finance - The team's capacity to generate income on a cost-recovery basis e.g. through processing public path Orders will be reduced, with less staff capacity.

**Data protection** – Increased risk of errors and information breaches occurring, due to individual staff being required to address higher volumes of casework and being under pressure to complete tasks too quickly.

5. How does your proposal impact on the council's strategic vision?

| Council Priority  | How does the proposal impact on this priority?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---|--|---|---|--|
| The Economy<br>We will develop a vibrant economy  | The tourism potential associated with public rights of<br>way in Powys will be reduced, if capital and grant<br>funding is not available to support work to ensure that<br>paths are open and easy to use. Tourism associated<br>with outdoor recreational activities forms a significant<br>contribution to the economy of Powys and particularly<br>so following COVID 19. Without grant or capital<br>funding, the service will be unable to employ local<br>contractors to carry out work on public rights of way. | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor   |
| Health and Care<br>We will lead the way in effective,<br>integrated rural health and care | Without grant or capital funding, less public paths will<br>be 'open and easy to use' which will impact on access<br>to greenspace and outdoor recreation. This will have a<br>particularly significant effect during COVID 19<br>restrictions when there are limited options for<br>exercise for mental and physical wellbeing.   | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor   |
| Learning and skills<br>We will strengthen learning and<br>skills                          | Outdoor recreation and access to open space<br>contributes to lifelong learning through play for<br>children and adults. Volunteering can assist in skills<br>development to support those seeking work. There<br>will be reduced budget and staff capacity to support<br>these activities and maintain paths in an open and<br>easy to use condition, which will have an adverse<br>effect these opportunities.   | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor   |
| Residents and Communities<br>We will support our residents and<br>communities             | Reliance on volunteer support and engagement will<br>increase, as budget to support use of contractors<br>decreases. This will increase community involvement,<br>but core funding is likely to be insufficient to allow for<br>community aspirations to be met.   | Poor  | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.   | Neutral  |

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

#### Source of Outline Evidence to support judgements

- Increased public reports of problems in 2020 during COVID 19, when no volunteer seasonal vegetation clearance could be carried out on public rights of way

- Significant increase in demand for countryside access in 2020 during COVID 19 outbreak for residents and visitors
- 5% condition survey carried out as part of review of Rights of Way Improvement Plan
- Feedback from public and stakeholders during review of Rights of Way Improvement Plan

- Powys Wellbeing Information Bank

- Towards 2040 – The Powys Wellbeing Plan

- Experience gained from Arwain and Natural Resources Wales funded projects to develop community volunteer groups and improve local path networks

#### 6. How does your proposal impact on the Welsh Government's well-being goals?

| τ       | Well-being Goal  | How does proposal contribute to this goal?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---------|--|--|---|---|--|
| age 529 | A prosperous Wales:<br>An innovative, productive and low carbon<br>society which recognises the limits of the<br>global environment and therefore uses<br>resources efficiently and proportionately<br>(including acting on climate change); and<br>which develops a skilled and well-educated<br>population in an economy which generates<br>wealth and provides employment<br>opportunities, allowing people to take<br>advantage of the wealth generated through<br>securing decent work. | The proposal will have a negative impact on this goal.<br>Tourism forms a major contribution to the economy of<br>Powys and the natural environment is one of the<br>county's biggest assets. Reduced budgets to maintain<br>public paths in a condition that is open and easy to use<br>will impact adversely on achieving the potential of the<br>rights of way network and access land for tourism.<br>Without capital and grant funding, the service will be<br>unable to employ local contractors to carry out work<br>on public rights of way. | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor   |
|         | A resilient Wales:<br>A nation which maintains and enhances a<br>biodiverse natural environment with healthy<br>functioning ecosystems that support social,<br>economic and ecological resilience and the<br>capacity to adapt to change (for example<br>climate change).  | The proposal will have a negative impact on this goal.<br>One of the team's statutory duties is in respect of<br>biodiversity; without grant funding, the team will have<br>very little staff capacity to contribute to meeting<br>biodiversity duties.  | Poor  | A part time staff member will be employed on a fixed<br>term contract for from January 2021 to March 2022, using<br>Welsh Government ENRaW grant funding through the all<br>Wales Biodiversity project. The impact after that is<br>unknown.  | Neutral  |

|          | A healthier Wales:<br>A society in which people's physical and<br>mental well-being is maximised and in which<br>choices and behaviours that benefit future<br>health are understood.<br>Public Health (Wales) Act, 2017:<br>Part 6 of the Act requires for public bodies to<br>undertake a health impact assessment to<br>assess the likely effect of a proposed action or<br>decision on the physical or mental health of<br>the people of Wales.  | There will be an adverse impact on this goal. Outdoor<br>recreation makes a significant contribution to mental<br>and physical wellbeing and physical activity levels. The<br>need for this is high given the impacts of COVID 19.<br>Reduced core funding will adversely impact on the<br>number of public paths that are open and easy to use,<br>which will adversely impact on the opportunities for<br>outdoor recreation and access to greenspace. | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor    |
|----------|--|--|-----------|---|---------|
| Page 530 | <b>A Wales of cohesive communities:</b><br>Attractive, viable, safe and well-connected<br>Communities.   | Without capital funds, the service will be less able to<br>respond to health and safety hazards on public paths<br>e.g. collapsing bridges or unsafe surfaces. Path<br>condition is likely to deteriorate with reduced budgets,<br>which will have an adverse impact on the<br>attractiveness of paths for communities and the<br>potential for tourism, reducing community viability  | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor    |
|          | A globally responsible Wales:<br>A nation which, when doing anything to<br>improve the economic, social, environmental<br>and cultural well-being of Wales, takes account<br>of whether doing such a thing may make a<br>positive contribution to global well-being.<br>Human Rights - is about being<br>proactive (see guidance)<br>UN Convention on the Rights of the<br>Child:<br>The Convention gives rights to everyone under<br>the age of 18, which include the right to be<br>treated fairly and to be protected from<br>discrimination; that organisations act for the<br>best interest of the child; the right to life,<br>survival and development; and the right to be<br>heard. | There will be an adverse impact on this goal. Public<br>rights of way and open space form an important part<br>of low carbon travel and tourism; many paths in or<br>close to settlements already are, or could form<br>valuable parts of the Active Travel network. Without<br>capital or grant funding, that potential will be<br>adversely impacted.  | Poor      | Work with the Council's Travel officer and other<br>organisations including the Brecon Beacons National Park<br>Authority to seek Active Travel and related travel /<br>transport funding to carry out improvement work on<br>routes with potential for active travel.  | Neutral |

| A Wales of vibrant culture and thriving   | The impact on this goal will be neutral. The team is  |           |   |                    |
|---|---|-----------|---|--------------------|
| Opportunities for persons to use the Welsh<br>language, and treating the Welsh language<br>no less favourable than the English language   | already required to ensure that an equal level of<br>service is available in Welsh and English. Formal<br>publications, consultations and statutory notices are<br>produced bilingually and correspondence is referred<br>to the Translation Unit as required.                | Neutral   |   | Choose ai<br>item. |
| Opportunities to promote the Welsh language   | There will be an adverse impact on this goal. With<br>reduced core funding, the team will be less able to<br>produce interpretation signage and leaflets that would<br>help to promote aspects of Welsh Language and<br>culture in relation to promoted and community trails. | Poor      | Work with Tourism and Regeneration teams to access grant funding for promotional / interpretation materials.  | Neutra<br>Choose a |
| Welsh Language impact on staff  |   | Unknown   |   | item.              |
| People are encouraged to do sport, art and recreation.  | There will be an adverse impact on this goal. Without<br>capital or grant funding, the condition of public paths<br>will deteriorate. That will reduce the ease with which<br>people can be involved in outdoor recreation and will<br>discourage them from doing so.         | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor               |
| A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances). |   |           |   |                    |
| Age   | There will be an adverse impact on this goal, as<br>reduced core funding will impact on the type and<br>quality of path furniture and surfacing on paths. This<br>will make it less easy for older people to remain active.   | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor               |
| Disability  | Reduced core funding will impact on the type and<br>quality of path furniture and surfacing on paths. This<br>will make it less easy for those with a disability to use<br>public rights of way.  | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor               |
| Gender reassignment   |   | Unknown   |   | Choose<br>item.    |
| Marriage or civil partnership   |   | Unknown   |   | Choose             |

|          | Race  |   | Unknown   |   | Choose an item. |  |
|----------|---|---|-----------|---|-----------------|--|
|          | Religion or belief  |   | Unknown   |   | Choose an item. |  |
|          | Sex   |   | Unknown   |   | Choose an item. |  |
|          | Sexual Orientation  |   | Unknown   |   | Choose an item. |  |
| Page 532 |   | The proposals would have an adverse impact on the<br>service's ability to provide accessible path surfaces<br>and structures e.g. gates that can reasonably be used<br>by those with small children and / or pushchairs. This<br>would make it more difficult for parents and guardians<br>of young children to take their family for a walk. | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor            |  |
|          | Source of Outline Evidence to support judgements  |   |           |   |                 |  |
|          | <ul> <li>Increased public reports of problems in 2020 during COVID 19, when no volunteer seasonal vegetation clearance could be carried out on public rights of way</li> <li>Significant increase in demand for countryside access in 2020 during COVID 19 outbreak for residents and visitors</li> <li>5% condition survey carried out as part of review of Rights of Way Improvement Plan</li> <li>Feedback from public and stakeholders during review of Rights of Way Improvement Plan</li> <li>Powys Wellbeing Information Bank</li> <li>Towards 2040 – The Powys Wellbeing Plan</li> <li>Experience gained from Arwain and Natural Resources Wales funded projects to develop community volunteer groups and improve local path networks</li> </ul> |   |           |   |                 |  |

#### 7. How does your proposal impact on the council's other key guiding principles?

| Principle   | How does the proposal impact on this principle?  | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---|--|---|---|--|
| Sustainable Development Principle (5  | ways of working)   |   |   |  |
| <b>Long Term:</b> Looking to the long term so<br>that we do not compromise the ability of<br>future generations to meet their own<br>needs.                   | The proposals would have an adverse impact on this<br>goal. Failure to maintain a viable and safe public rights<br>of way network will impact on the economic viability<br>and attractiveness of Powys as a place to live. This will<br>have an adverse impact on the number of working age<br>people in the county.   | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Choose an<br>item.   |
| <b>Collaboration:</b> Working with others in a collaborative way to find shared sustainable solutions.  | The proposals would have an adverse impact on the service's staff capacity to engage in collaboration.<br>However, the need and requirement for collaboration would be greater, so the overall impact is neutral.  | Neutral   |   | Choose an<br>item.   |
| Involvement (including<br>Communication and Engagement):<br>Involving a diversity of the population in<br>the decisions that affect them.                     | The proposals would have an adverse impact on the service's staff capacity to engage with communities.<br>However, the need for engagement and volunteer involvement would be greater, so the overall impact is neutral.   | Neutral   |   | Choose an<br>item.   |
| <b>Prevention:</b> Understanding the root causes of issues to prevent them from occurring.  | The proposals would have an adverse impact on<br>prevention of mental and physical health problems, as<br>public paths would be less easy to use. There would<br>also be an adverse impact on prevention of poverty;<br>deterioration of the public rights of way network<br>would impact on tourism and job opportunities in the<br>county so increasing the risk of poverty. | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor   |
| <b>Integration:</b> Taking an integrated<br>approach so that public bodies look at all<br>the well-being goals in deciding on their<br>well-being objectives. | The proposals would adversely impact on taking an<br>integrated approach. Reduced quality and availability<br>of public rights of way would impact adversely on<br>access to the countryside as an opportunity for<br>wellbeing.   | Very Poor   | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor   |

| <b>Preventing Poverty:</b><br>Prevention, including helping people<br>into work and mitigating the impact<br>of poverty.   | The proposals would have an adverse impact on the<br>tourism potential of the public rights of way for<br>tourism in the county. Tourism is a major part of the<br>local economy; with reduced tourism, there will be<br>less work opportunities available in the county.     | Very Poor | Seek grants and other external funding to carry out<br>improvement projects on public rights of way and access<br>land, but dependent on availability of grants and staff<br>capacity to seek and manage the funding.<br>Work with volunteers and communities to carry out<br>practical maintenance work on public paths. | Poor               |  |
|--|---|-----------|---|--------------------|--|
| Unpaid Carers:<br>Ensuring that unpaid carers views are<br>sought and taken into account   |   | Unknown   |   | Choose an<br>item. |  |
| Safeguarding:<br>Preventing and responding to abuse<br>and neglect of children, young people<br>and adults with health and social care<br>needs who can't protect themselves.  |   | Unknown   |   | Choose an<br>item. |  |
| D Ineeds who can't protect themselves.   | There will be an adverse impact on the service<br>workforce, as the proposals will result in a reduced<br>number of staff. Individual workloads will be higher<br>and staff are more likely to encounter dissatisfaction<br>from the public, with impacts on their wellbeing. | Very Poor | Set realistic priorities for work, using the framework set<br>out in the Rights of Way Improvement Plan. Managers in<br>the Service will need to be robust in ensuring that staff<br>are able to adhere to plans and not be required to attend<br>to other, lower priority work.  | Poor               |  |
| Source of Outline Evidence to support judgements - Increased public reports of problems in 2020 during COVID 19, when no volunteer seasonal vegetation clearance could be carried out on public rights of way - Significant increase in demand for countryside access in 2020 during COVID 19 outbreak for residents and visitors - 5% condition survey carried out as part of review of Rights of Way Improvement Plan - Feedback from public and stakeholders during review of Rights of Way Improvement Plan - Powys Wellbeing Information Bank - Towards 2040 – The Powys Wellbeing Plan - Experience gained from Arwain and Natural Resources Wales funded projects to develop community volunteer groups and improve local path networks |   |           |   |                    |  |

### **Cyngor Sir Powys County Council** Impact Assessment (IA)

The integrated approach to support effective decision making

#### 8. What is the impact of this proposal on our communities?

| Severity of Impact on Communities   | Scale of impact | Overall Impact |  |  |  |  |
|---|-----------------|----------------|--|--|--|--|
| Medium  | High            | Medium         |  |  |  |  |
| Mitigation  | Mitigation      |                |  |  |  |  |
| Working with communities and volunteer groups to agree community aspirations and priorities for the public rights of way network, then seeking grants or external funding to work with them to achieve those priorities. Involvement of community volunteer groups to carry out light maintenance of paths once reopened e.g. seasonal vegetation clearance to ensure long term sustainability. |                 |                |  |  |  |  |

#### 9. How likely are you to successfully implement the proposed change?

| Impact on Service / Council | Risk to delivery of the proposal | Inherent Risk |
|-----------------------------|----------------------------------|---------------|
| Medium                      | High                             | Medium        |
| Mitigation                  |                                  |               |

Good communication with stakeholders and staff is essential to achieving the savings. Staff need to be fully informed and able to contribute constructively to the process. Stakeholders need to be able to make constructive suggestions as to how they can be involved e.g. in collaborative grant funded projects to avoid frustration leading to legal challenges.

| 5  | Risk Identified   | Inherent Risk Rating | Mitigation   | Residual Risk Rating |
|----|---|----------------------|--|----------------------|
| 35 | Deterioration in condition of public rights of way network will result in legal challenges from members of the public, with cost outweighing savings achieved                   | Very High            | Seek grants and external funding to mitigate against impact,<br>although can only be used for non-statutory improvements.<br>Good communication and regular liaison with stakeholders. | High                 |
|    | Lack of availability of community volunteers to support work,<br>leading to paths not being maintained in long term. This may lead<br>to dissatisfaction and legal challenges   | High                 | Setting realistic goals with volunteer groups that allow for<br>fluctuations in volunteering over time. Review and monitor as<br>time progresses to assess whether risk has increased. | Medium               |
|    | Inability to address high health and safety risks due to reduced staff and budget, leading to serious accidents and injury claims that may outweigh savings achieved.           | High                 | Allocate highest priority for staff time to addressing these risks.<br>Apply for capital funds if appropriate or remove hazard.  | Medium               |
|    | Reduced staff capacity to seek external grant funding, to mitigate against the impacts of reduced core budget.  | High                 | Work with Council's regeneration team and allocate staff time as a priority to seeking funding, although will impact on other work.  | Medium               |
|    | The team's capacity to generate income on a cost-recovery basis will be reduced, with less staff capacity. This will reduce ability to mitigate against core budget reductions. | High                 | Seek alternative ways of working to reduce staff input to chargeable activities, to release their time for core statutory work.  | Medium               |

|                          | The Brecon Beacons National Park Authority r<br>terminate the service level agreement if reduce<br>legal responsibility for maintenance of public<br>National Park within Powys would revert to Part<br>The team would be unable to the meet high level<br>that has become established in the National P<br>asset to the county, so the risk of challenge and<br>damage is high and may outweigh the savings | ctions are made. All<br>rights of way in the<br>owys County Council.<br>evel of expectation<br>Park, being a tourism<br>nd reputational | High        | Work with the National Park Authority on c<br>to seek alternative funding sources. | ollaborative projects | Medium |

P0. Overall Summary and Judgement of this Impact Assessment?

 Outline Assessment (to be inserted in cabinet report)
 Cabinet Report Reference:

 The proposals will have a high adverse impact, both for staff and for the public. Unless grant or capital funds can be secured, the proposals will result in significant deterioration of the public rights of way network, presenting an increased risk of injury claims and legal challenges. The proposals will significantly reduce the potential for physical activity and outdoor tourism in the county, with impacts on the economy and on physical and mental wellbeing. Mitigation is entirely dependent on the availability and goodwill of community volunteers and availability of grants or external funding, so it must be recognised that mitigation may not be successful and that other risks will be realised as a result.

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

Recent successful legal challenges against the Council in relation to lack of maintenance on byways; the legal action itself was very expensive and has resulted in maintenance costs from capital budgets that outweigh the savings proposed. Positive impact of 2020-21 Welsh Government grant funding, but it has been difficult to maximise the opportunities that this presents due to increased staff workloads following restructure.

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Quarterly reporting against the Service Improvement Plan will indicate the length of the public rights of way network that has received maintenance or improvement work. Risks will be highlighted as they arise, through weekly team meetings and also via quarterly reporting against the Corporate Improvement Plan.

Please state when this Impact Assessment will be reviewed.

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area  | Countryside Access<br>and Recreation | Head of Service     | Matt Perry            | Director                | Nigel Brinn             | Portfolio Holder  | Cllr Rachel Powell |
|---|--------------------------------------|---------------------|-----------------------|-------------------------|-------------------------|-------------------|--------------------|

| <b>Outline Summary</b>  | / Description of Proposal            |                     |                       |                         |                         |                   |                    |
| Outdoor Recreation has a required savings target of £76,000 over the period from 2021-24. The service delivers the following activities, which are statutory due to the he safety implications: |                                      |                     |                       |                         |                         | to the health and |                    |
| - Provision, inspec   | ction and maintenance of p           | ay equipment, on Co | uncil owned land and  | l inspection of equipme | nt on land owned by oth | ers;              |                    |
| - Provision, inspec<br>- Tree manageme  |                                      |                     |                       |                         |                         |                   |                    |

#### 1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| Version | Author      | Job Title  | Date                           |
|---------|-------------|--|--------------------------------|
| V01     | Sian Barnes | Professional Lead, Countryside Access and Recreation | 17 <sup>th</sup> December 2020 |
| V02     | Sian Barnes | Professional Lead, Countryside Access and Recreation | 11 <sup>th</sup> January 2021  |
|         |             |  |                                |

#### 2. Profile of savings delivery (if applicable)

| 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-2025 | TOTAL   |
|---------|---------|---------|---------|-----------|---------|
| £N/A    | £40,000 | £36,000 | £0      | £0        | £76,000 |

#### 3. Consultation requirements

| Consultation Requirement               | Consultation deadline/or justification for no consultation |
|--|--|
| Public and Staff consultation required | To be confirmed – autumn 2021                              |

#### 4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

**Corporate Health and Safety and Insurance teams** – Increased risk of the team being unable to meet health and safety responsibilities in a timely way in relation to hazardous trees, buildings and play equipment, leading to increased risk of injury and associated claims;

Legal Services – Increased public dissatisfaction due to reduced quality and availability of play provision, reduced grass cutting, removal of trees or loss of access to areas of open space due to hazards and reduction in attractiveness of area, leading to a greater number of informal and formal legal challenges and complaints.

Social Services and Powys Teaching Health Board - The service will be less able to assist in meeting the priorities of other Council services and Powys Teaching Health Board services. Access to parks and open spaces, and involvement in volunteer activities to maintain them make an important contribution to preventive healthcare, by improving mental and physical wellbeing and physical activity levels. If there is a reduced availability and quality of greenspace in the county, the potential to contribute to this will be significantly reduced.

Regeneration / Tourism - The tourism potential associated with high quality parks and open spaces in Powys will be reduced, if less budget is available to maintain them.

Education and Sports Development – Play forms an important part of lifelong learning and encouraging physical activity, for children and adults. Sports pitches provide important opportunities for physical activity. Reduced access or levels of maintenance on sports pitches, play areas and greenspace will have an adverse impact on learning opportunities and physical activity levels.

Finance - The team's capacity to generate income on a cost-recovery basis e.g. through drone surveys will be reduced, with less staff capacity.

5. How does your proposal impact on the council's strategic vision?

|         | Council Priority  | How does the proposal impact on this priority?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---------|---|--|---|--|--|
| т       | The Economy<br>We will develop a vibrant economy  | The proposals will have an adverse effect on the local<br>economy, as the service employs local contractors to<br>carry out work on trees and play equipment.<br>Reductions in core funding will result in the service<br>being able to employ local contractors less often.   | Very Poor   | Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability.   | Poor   |
| age 540 | Health and Care<br>We will lead the way in effective,<br>integrated rural health and care | Access to parks, open spaces, play areas and sports<br>facilities is important in increasing physical activity<br>levels and in promoting physical and mental wellbeing.<br>This has been particularly notable during COVID 19.<br>The proposals would adversely impact on these<br>opportunities for preventive healthcare. | Very Poor   | Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor   |
|         | Learning and skills<br>We will strengthen learning and<br>skills                          | Play forms an important part of lifelong learning, for<br>children and adults. The proposals would adversely<br>impact on these opportunities and therefore on<br>learning.  | Very Poor   | Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor   |
|         | Residents and Communities<br>We will support our residents and<br>communities             | Parks, open spaces and play areas are a focus of<br>community activity for play, social and sporting<br>events. The proposals would adversely impact on this.  | Very Poor   | Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor   |

#### 6. How does your proposal impact on the Welsh Government's well-being goals?

| P       | Well-being Goal  | How does proposal contribute to this goal?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---------|--|--|---|--|--|
| age 541 | A prosperous Wales:<br>An innovative, productive and low carbon<br>society which recognises the limits of the<br>global environment and therefore uses<br>resources efficiently and proportionately<br>(including acting on climate change); and<br>which develops a skilled and well-educated<br>population in an economy which generates<br>wealth and provides employment<br>opportunities, allowing people to take<br>advantage of the wealth generated through<br>securing decent work. | The proposals would have an adverse impact on the<br>local economy, as the service would be able to employ<br>local contractors to carry out work on trees and play<br>equipment to a much lesser extent with reduced<br>budgets.  | Very Poor   | Seek section 106 or grant funding where available for<br>greenspace biodiversity enhancements. Transfer<br>remaining assets to communities where possible to<br>ensure ongoing sustainability.   | Poor   |
|         | A resilient Wales:<br>A nation which maintains and enhances a<br>biodiverse natural environment with healthy<br>functioning ecosystems that support social,<br>economic and ecological resilience and the<br>capacity to adapt to change (for example<br>climate change).  | The proposals would have an adverse impact on the<br>biodiversity, as reduced core budgets may mean that<br>hazardous trees need to be removed altogether and<br>not replaced. There will be insufficient core budget to<br>implement environmental enhancements in parks and<br>open spaces. This is particularly the case with ash<br>dieback. | Very Poor   | Seek section 106 or grant funding where available for<br>greenspace biodiversity enhancements. Transfer<br>remaining assets to communities where possible to<br>ensure ongoing sustainability and work with volunteers<br>where appropriate for maintenance of greenspace. | Poor   |

| A healthier Wales:<br>A society in which people's physical and<br>mental well-being is maximised and in which<br>choices and behaviours that benefit future<br>health are understood.<br>Public Health (Wales) Act, 2017:<br>Part 6 of the Act requires for public bodies to<br>undertake a health impact assessment to<br>assess the likely effect of a proposed action or<br>decision on the physical or mental health of<br>the people of Wales.  | The proposals would have an adverse impact on<br>opportunities for physical and mental wellbeing.<br>Deterioration of play equipment (leading to removal)<br>and in the quality of greenspace and sports pitches<br>will discourage use of these areas for play and sport,<br>reducing opportunities for physical activity.   | Very Poor          | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor            |
|--|---|--------------------|---|-----------------|
| A Wales of cohesive communities:<br>Attractive, viable, safe and well-connected<br>Communities.  | Greenspace, parks, sports pitches and open space<br>make an important contribution to the attractiveness<br>and viability of communities. Those with children are<br>less likely to move to or remain in an area with poor<br>quality play and sports provision, which will adversely<br>impact on the viability of communities. Play areas and<br>sports pitches are often the focus of community<br>activities and events, so reductions in availability and<br>quality of these areas would adversely impact on<br>community cohesion. | Very Poor          | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor            |
| A globally responsible Wales:<br>A nation which, when doing anything to<br>improve the economic, social, environmental<br>and cultural well-being of Wales, takes account<br>of whether doing such a thing may make a<br>positive contribution to global well-being.<br>Human Rights - is about being<br>proactive (see guidance)<br>UN Convention on the Rights of the<br>Child:<br>The Convention gives rights to everyone under<br>the age of 18, which include the right to be<br>treated fairly and to be protected from<br>discrimination; that organisations act for the<br>best interest of the child; the right to life,<br>survival and development; and the right to be<br>heard. | The proposals would have an adverse impact on this<br>priority. The reductions in core budget would<br>adversely impact on opportunities for sports and play,<br>impacting on quality of life for children. If parks and<br>open spaces are not maintained to a sufficient degree,<br>people will be discouraged from using them, which<br>will have an adverse impact locally and therefore<br>globally on wellbeing.  | Very Poor          | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor            |
|  | Welsh language: A society that promotes and protects culture, heritage  | ge and the Welsh l | anguage, and which encourages people to participate in the arts, and sports and r   | ecreation.      |
| Opportunities for persons to use the Welsh<br>language, and treating the Welsh language<br>no less favourable than the English language<br>PCC: Impact Assessment Toolkit (March 2018)   |   | Neutral            |   | Choose an item. |

|      | Opportunities to promote the Welsh language            | Sharing and learning of Welsh language is likely to<br>occur when children who are first language Welsh<br>speakers play alongside children who are not Welsh<br>speakers. By reducing these opportunities, the<br>proposals will have an adverse impact on<br>opportunities to promote the Welsh language. | Very Poor         | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Choose an<br>item. |
|------|--|---|-------------------|---|--------------------|
|      | Welsh Language impact on staff                         |   | Neutral           |   | Choose an item.    |
| Page | People are encouraged to do sport, art and recreation. | The proposals will adversely impact on this priority. If<br>play areas, parks and open spaces are not maintained<br>adequately and become difficult to use or completely<br>unavailable, this will discourage people from taking<br>part in outdoor recreation including sport.                             | Very Poor         | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor               |
| U    | A more equal Wales: A society that enables             | s people to fulfil their potential no matter what their background or circu   | imstances (includ |   |                    |
| 543  | Age  | Opportunities for young people to play and take part<br>in sport will be adversely impacted by these proposals.   | Very Poor         | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor               |
|      | Disability   | Reduced core budget will adversely impact on the<br>service's ability to maintain high quality play areas and<br>sports pitches with equipment and surfacing that is<br>accessible to all.  | Very Poor         | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. 7. How does your proposal impact on the council's other key guiding principles?

| Principle   | How does the proposal impact on this principle?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts?  | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|---|---|---|---|--|
| Sustainable Development Principle (5  | ways of working)  |   |   |  |
| <b>Long Term:</b> Looking to the long term so<br>that we do not compromise the ability of<br>future generations to meet their own<br>needs. | The proposals would have an adverse impact on the<br>wellbeing of the community in the longer term, as<br>they would reduce the availability of high quality<br>greenspace, play and sports provision in, or close to<br>settlements. People may need to travel further to<br>access these opportunities. | Very Poor   | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor   |
| <b>Collaboration:</b> Working with others in a collaborative way to find shared sustainable solutions.                                      | The service is already working closely with community councils to seek sustainable solutions and will continue to do so.  | Neutral   |   | Choose an<br>item.   |
| Involvement (including<br>Communication and Engagement):<br>Involving a diversity of the population in<br>the decisions that affect them.   | The service is already working closely with community<br>councils and community volunteers to seek long term<br>solutions and to achieve sustainable maintenance of<br>greenspaces and will continue to do so.  | Neutral   |   | Choose an<br>item.   |
| <b>Prevention:</b> Understanding the root causes of issues to prevent them from occurring.  | The proposals would have an adverse impact on the opportunities for prevention of poor physical and mental health. Opportunities for physical activity and access to greenspace near settlements would be reduced.  | Very Poor   | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor   |

|     | <b>Integration:</b> Taking an integrated<br>approach so that public bodies look at all<br>the well-being goals in deciding on their<br>well-being objectives.                 | The proposals would adversely impact on taking an<br>integrated approach. Reduced quality and availability<br>of play areas, parks, sports facilities and open space<br>would impact adversely on these as opportunities for<br>wellbeing.                                       | Very Poor | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor               |
|-----|---|--|-----------|---|--------------------|
| age |   | High quality play provision and access to parks and<br>other greenspace close to settlements provides low<br>cost recreation that can enhance the quality of life of<br>all residents, including those living in poverty. The<br>proposals would have an adverse impact on this. | Very Poor | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor               |
| 540 | <b>Unpaid Carers:</b><br>Ensuring that unpaid carers views are<br>sought and taken into account   | High quality play provision and access to parks and<br>other greenspace close to settlements provides low<br>cost recreation that can enhance the quality of life of<br>all residents, including unpaid carers. The proposals<br>would have an adverse impact on this.           | Very Poor | Work with Council's Housing service to maintain high<br>quality play areas in areas owned by Housing.<br>Seek section 106, grant or capital funding where available<br>for managing greenspace, play equipment and<br>maintenance of buildings. Transfer remaining assets to<br>communities where possible to ensure ongoing<br>sustainability and work with volunteers where<br>appropriate for maintenance of greenspace. | Poor               |
|     | Safeguarding:<br>Preventing and responding to abuse<br>and neglect of children, young people<br>and adults with health and social care<br>needs who can't protect themselves. |  | Unknown   |   | Choose an<br>item. |
|     | Impact on Powys County Council<br>Workforce   | There will be an adverse impact on the service<br>workforce, as the proposals will result in a reduced<br>number of staff. Individual workloads will be higher<br>and staff are more likely to encounter dissatisfaction<br>from the public, with impacts on their wellbeing.    | Very Poor | Set realistic priorities for work, focussed on health and<br>safety and effective use of external funding opportunities.<br>Managers in the Service will need to be robust in ensuring<br>that staff are able to adhere to plans and not be required<br>to attend to other, lower priority work.  | Poor               |

|  | )   | (                    |   |                                      |                             |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference:  |  |  |  |  |
|--|--|--|--|--|--|
| The proposals will have an adverse impact on the opportunities for sports, play and outdoor recreation in the county. This will reduce the attractiveness and viability of communities |  |  |  |  |  |
| and adversely impact on opportunities for residents to take part in low cost physical  | l activity, to improve physical and mental wellbeing. Reductions in budgets for maintaining trees,     |  |  |  |  |
| buildings and sports pitches are associated with a high health and safety risk; buildin  | ngs, play areas and trees, in particular, require pro-active survey and management by a specialist, sc |  |  |  |  |
| opportunities to deliver this in another way are extremely limited. The cost of a singl  | gle injury claim could outweigh the savings delivered; for sites that are not owned by Housing         |  |  |  |  |
| Services, mitigation is entirely dependent on the availability of external funding and   | l willingness of the community to take on these liabilities, so mitigation may not be achieved. For    |  |  |  |  |
| sites owned by Housing Services, mitigation is dependent on the ongoing availability   | y of budget and external grant funding; there is some risk that this mitigation may not continue to    |  |  |  |  |
| be achieved.   |  |  |  |  |  |

The integrated approach to support effective decision making

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

- Tree surveys to assess the extent of ash dieback indicating that significant numbers of trees in the county are affected

- Knowledge and experience of staff involved in day-to-day running of the service for information about costs required e.g. for tree work and inherent risks.

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Monitoring of play provision will be achieved through future play sufficiency assessments. Risks will be highlighted as they arise, through weekly team meetings and also via quarterly reporting against the Corporate Improvement Plan.

Please state when this Impact Assessment will be reviewed.

Ongoing

# FORM ENDS

This Impact Assessment (IA) toolkit, incorporating Welsh Language, Equalities, Well-being of Future Generations Act, Sustainable Development Principles, Communication and Engagement, Safeguarding, Corporate Parenting, Community Cohesion and Risk Management, supporting effective decision making and ensuring compliance with respective legislation. Please read the accompanying guidance before completing the form.

Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

|    | Service Area   | РРРР                      | Head of Service | Gwilym Davies | Portfolio Holder | Cllr McIntosh |  |  |  |
|----|--|---------------------------|-----------------|---------------|------------------|---------------|--|--|--|
|    | Proposal   |                           |                 |               |                  |               |  |  |  |
|    | Outline Summary  | / Description of Proposal |                 |               |                  |               |  |  |  |
|    | It is proposed to increase the annual income target set for Planning Services by £150K. The proposal is possible because the Welsh Government increased planning application fees in 2020. |                           |                 |               |                  |               |  |  |  |

| Communities       | How does the proposal impact on residents and community? | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts? | IMPACT<br><u>AFTER</u><br><u>MITIGATION</u><br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement |
|-------------------|--|--|---|---|---|
| Powys communities | Negligible impact.                                       | Insignificant  | No mitigation proposed.   | Insignificant   | Officer assessment.                                   |

What are the risks to service delivery or the council following implementation of this proposal?

| Description of risks              | Description of risks   |   |  |  |  |  |  |  |
|-----------------------------------|--|---|--|--|--|--|--|--|
| C Risk Identified                 | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation                                      | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |  |  |  |  |  |
| Failure to achieve income target. | 4  | Appropriate reporting of financial information. | 4  |  |  |  |  |  |
|                                   |  |   |  |  |  |  |  |  |

10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference: |  |  |  |  |  |
|--|---------------------------|--|--|--|--|--|
| The savings proposal has negligible impacts with the exception of the risk to the council's finances of any failure to achieve the identified income targets. The overall risk is judged to be |                           |  |  |  |  |  |
| low.   |                           |  |  |  |  |  |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

None.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

• Quarterly finance reviews.

#### Please state when this Impact Assessment will be reviewed.

Between 12 and 24 months of implementation.

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

|      | Service Area  | РРРР                      | Head of Service | Gwilym Davies | Portfolio Holder | Cllr Breeze |  |  |  |
|------|---|---------------------------|-----------------|---------------|------------------|-------------|--|--|--|
|      | Proposal  |                           |                 |               |                  |             |  |  |  |

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| Version   |  |  | ion Author Job Title |  | Date |
|-----------|--|--|----------------------|--|------|
| Version 1 |  |  | 05/01/2021           |  |      |
|           |  |  |                      |  |      |
|           |  |  |                      |  |      |

#### 2. Profile of savings delivery (if applicable)

| 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 | TOTAL |
|---------|---------|---------|---------|---------|-------|
| £       | £       | £       | £98K    | £       | £98K  |

#### 3. Consultation requirements

| Consultation Requirement | Consultation deadline/or justification for no consultation  |
|--------------------------|---|
|                          | As a result of the Councils financial situation all PPPP staff were offered the opportunity to put themselves forward for voluntary redundancy or reduced hours. No further consultation is therefore considered necessary. |

The integrated approach to support effective decision making

4. Impact on Other Service Areas

| Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety and Corporate Parenting?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY |  |  |  |  |  |  |  |
|---|--|--|--|--|--|--|--|
| Adult Services  |  | Education                              |  | Legal and Democratic Services            |  |  |  |
| Children's Services   |  | Finance                                |  | Property, Planning and Public Protection |  |  |  |
| Commissioning   |  | Highways, Transportation and Recycling |  | Transformation and Communications        |  |  |  |
| Digital Services  |  | Housing and Community Development      |  | Workforce and OD                         |  |  |  |

The proposal will reduce the capacity of the Trading Standards service area. This may result in non-statutory work referred to the Trading Standards team by other service areas being undertaken in an alternative manner, i.e., the service area being referred to other relevant bodies or sources of information.

### Data Protection Impact Assessment

Will the proposal involve processing the personal details of individuals? NA Is Powys County Council the data controller? NA

If you have answered yes to either of the above you will be required to complete, as a minimum, the screening questions on the data protection impact assessment. For further advice please contact the Data Compliance Team.

#### 4a Geographical Locations

| What geograph | What geographical area(s) will be impacted by the proposal? (Chose all those applicable) |                         |  |                          |  |                          |  |  |  |  |
|---------------|--|-------------------------|--|--------------------------|--|--------------------------|--|--|--|--|

|      | Principle  | How does the proposal impact on this principle?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|------|--|---|---|---|--|
|      | Sustainable Development Principle (5   | ways of working)  |   |   |  |
| гаде | <b>Long Term:</b> Looking to the long term so<br>that we do not compromise the ability of<br>future generations to meet their own<br>needs.  | Reduction in staff resource has the potential to impact<br>on long term investment in the economy.                                | Poor  | No mitigation proposed.   | Poor   |
| 577  | <b>Collaboration:</b> Working with others in a collaborative way to find shared sustainable solutions.   | Reduction in staff has the potential to reduce the ability for the service area to collaborate with existing and future partners. | Poor  | No mitigation proposed.   | Poor   |
|      | Involvement (including<br>Communication and Engagement):<br>Involving a diversity of the population in<br>the decisions that affect them including:<br>Unpaid Carers:<br>Ensuring that unpaid carers views are<br>sought and taken into account  | Reduction in staff resource has the potential to reduce<br>the service areas ability to engage with communities.                  | Poor  | No mitigation proposed.   | Poor   |
|      | <b>Prevention:</b> Understanding the root<br>causes of issues to prevent them from<br>occurring including:<br><b>Safeguarding:</b><br>Preventing and responding to abuse<br>and neglect of children, young people<br>and adults with health and social care<br>needs who can't protect themselves. | Reduction in staff resource has the potential to reduce<br>the service areas ability to engage in the prevention<br>agenda.       | Poor  | No mitigation proposed.   | Poor   |

| Principle  | How does the proposal impact on this principle?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to a more positive impact or to mitigate any negative impacts?   | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|--|---|---|---|--|
| <b>Integration:</b> Taking an integrated<br>approach so that public bodies look at all<br>the well-being goals in deciding on their<br>well-being objectives.  | Negligible impact.  | Neutral   | No mitigation proposed.   | Neutral  |
| <b>Powys County Council Workforce:</b><br>What Impact will this change have on<br>the Workforce?   | There will be a reduction in the Trading Standards<br>workforce. This has the potential to have a negative<br>impact on staff morale. | Poor  | The delivery of the service areas workload will need to be<br>reviewed considering the proposal. The consideration of<br>alternative working arrangements provide staff with the<br>opportunity to embrace new ideas and be creative<br>regarding service delivery. | Poor   |
| <b>Payroll</b> : How will this impact salary,<br>any overtime/enhanced payments<br>etc? Does this affect any particular<br>group of employees? E.g.<br>Male/Female dominated workforce.<br>Does this proposal comply with the<br>Councils Single Status Terms and<br>Conditions? | Negligible impact.  | Neutral   | No mitigation proposed.   | Neutral  |
| Welsh Language impact on staff   | Negligible impact.  | Neutral   | No mitigation proposed.   | Neutral  |
| Apprenticeships:<br>Has consideration been given to<br>whether this change impacts<br>negatively, or positively on<br>Apprenticeships within the service?  | Negligible impact.  | Neutral   | No mitigation proposed.   | Neutral  |

Officer assessment.

8. What is the impact of this proposal on our communities?

| Communities       | How does the proposal impact on residents and community?  | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts?               | IMPACT<br><u>AFTER</u><br><u>MITIGATION</u><br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement |
|-------------------|---|--|---|---|---|
| Powys communities | Reduction in staff resource has the potential<br>to reduce the service areas ability to engage<br>with communities. | Minor  | The opportunity for further<br>collaborate has the potential to offset<br>some of the negative impact of the<br>proposal. | Minor   | Officer assessment.                                   |

What are the risks to service delivery or the council following implementation of this proposal?

| age | Description of risks   |  |  |  |
|-----|--|--|--|--|
| 619 | Risk Identified  | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation   | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
|     | Ability to appropriately undertake trading standards workload. | 9  | Promotion of further collaboration with Environmental Health Services. | 9  |
|     |  |  |  |  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report) | Cabinet Report Reference: |  |
|---|---------------------------|--|
|   |                           |  |

The savings proposal has the potential to have an adverse social and economic impact because of the reduction in staff resource. The overall risk is judged to be medium.

### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

None.

# Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

- Quarterly performance reviews.
- Annual and 6 monthly employee reviews.

Please state when this Impact Assessment will be reviewed.

Between 12 and 24 months of implementation.

# Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

8. What is the impact of this proposal on our communities?

| Communities       | How does the proposal impact on residents and community? | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts? | IMPACT<br><u>AFTER</u><br><u>MITIGATION</u><br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement |
|-------------------|--|--|---|---|---|
| Powys communities | Negligible impact.                                       | Insignificant  | No mitigation proposed.   | Insignificant   | Officer assessment.                                   |

9. What are the risks to service delivery or the council following implementation of this proposal?

| Description of risks   |  |                         |  |
|--|--|-------------------------|--|
| 0<br>CD<br>Risk Identified   | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation              | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
| Reduction in staff resource available for contaminated land duties | 4  | No mitigation proposed. | 4  |
|  |  |                         |  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference:  |  |
|--|--|--|
| The only impact identified is the opportunity cost of not using the currently vacant staff res | ource (£9K) for contaminated land duties. This impact is judged to be low. |  |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

None.

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

• Annual performance reviews with the Contaminated Land team.

#### Please state when this Impact Assessment will be reviewed.

Between 12 and 24 months of implementation.

#### 13. Sign Off

The integrated approach to support effective decision making

# Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

8. What is the impact of this proposal on our communities?

| Communities       | How does the proposal impact on residents and community?  | IMPACT<br>See impact<br>definitions in<br>guidance<br>document | What will be done to better<br>contribute to a more positive impact<br>or to mitigate any negative impacts? | IMPACT<br><u>AFTER</u><br><u>MITIGATION</u><br>See impact<br>definitions in<br>guidance<br>document | Source of Outline<br>Evidence to support<br>judgement |
|-------------------|---|--|---|---|---|
| Powys communities | The requirement to sample and risk assess<br>ommunities private water supplies is to ensure that these<br>supplies are wholesome and do not present a<br>risk to the health of the residents. |  | No mitigation proposed.   | Insignificant   | Officer assessment.                                   |

9. What are the risks to service delivery or the council following implementation of this proposal?

| τ     | Description of risks              |  |   |  |
|-------|-----------------------------------|--|---|--|
| age o | Risk Identified                   | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation                                      | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
|       | Failure to achieve income target. | 4  | Appropriate reporting of financial information. | 4  |
|       |                                   |  |   |  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference: |  |  |  |  |  |
|--|---------------------------|--|--|--|--|--|
| The savings proposal has negligible impacts with the exception of the risk to the council's finances of any failure to achieve the identified income targets. The overall risk is judged to be |                           |  |  |  |  |  |
| low.   |                           |  |  |  |  |  |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

None.

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

• Quarterly finance reviews.

#### Please state when this Impact Assessment will be reviewed.

Between 12 and 24 months of implementation.

#### 13. Sign Off

# FORM ENDS

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area           | РРРР   | Head of Service | Gwilym Davies | Portfolio Holder | Cllr Phyl Davies |  |  |  |  |

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

The Transformation and Communications Team shares the financial challenges faces by Powys County Council and the proposal aims to manage this in a measured way. There are two areas identified for making savings: 1) Strategic Planning, Policy and Performance and 2) Communications and Welsh Translation.

Reasons identified below:

1)

Page 632

During 2019-20, the council has adopted a new quarterly performance reporting system, which uses sharepoint to record data and power BI to generate automated reports. This has reduced the need for manual production of key performance statistics and analysis. Automation of the council's Integrated Business Planning also started during summer 2020, which will allow services to take greater ownership of inputting and updating their own objectives, measures and targets, which will automatically update the quarterly reporting information

The continued evolution of the team creates opportunities for strengthening and aligning roles to ensure that the team are fully equipped to provide a more holistic support service. It is being proposed, that rather than having separate Strategic Planning and Risk officers, and Performance Improvement Officers, that this role should be combined to provide a more end to end support for services, and to provide a more streamlined process.

Strategic Planning and Performance Management go hand in hand, and therefore it makes sense that the roles are combined and that the team structures itself in such a way, so as to have enough capacity to support the strategic planning and corporate performance reporting of the Council's 5 Outcomes/Well-being Objectives. The proposed restructure will ensure that the council is able to operate effectively and remain compliant with the policy demands of Welsh and UK Governments.

#### **The Potential Benefits**

On developing this proposal, the council has attempted to preserve and strengthen the knowledge and capacity within the unit. The following summarises the benefits of the proposed approach. The list is by no means exhaustive:

- Transformation and Communication shares the financial challenge faced by Powys County Council in a measured way
- The cost reductions are proportionate and reflect the changing demands of the business
- The knowledge base across the team is strengthened
- Elements of the service retain the potential for commercialisation.

#### 2)

'age 633

The aim of the revised structure is to better align the council's communication resources with the council's priorities as identified in Vision 2025 and generate potential savings.

We will ensure the reputation of the council is protected and enhanced by proactively providing positive professional communication, engagement and Welsh Language information in support of the council's Vision 2025 and transformational projects.

It is envisaged that the savings will be found through a combination of continued use of service specific and external grant funding, increased income and staff reduction (vacant posts).

The new structure (in relation to Communications and Engagement roles) aims to achieve clear alignment and support to corporate priorities, a greater focus on outcome-based budgets while generating overall budget savings through key changes:

- Introduction of a new operating model, clearly defining areas of responsibility for the Communications Team and services funded from the council's base budget
- Establish a flexible set of core communications skills that all Communications Team staff will be expected to perform in their roles
- Retain service specific and external grant support with the introduction of agreed service level agreements
- Increase external funding through introduction of service level agreements.

#### The Possible Dis-Benefits of both proposals

Several dis-benefits can be identified because of this proposed re-structure. Again, the list is not exhaustive:

- There will be fewer people working within the team because of the restructure
- The capacity for strategic planning, policy and performance and Welsh Translation is reduced
- The capacity to work with services on how they use performance data would be limited and may become an issue for the council
- The turn around time for Welsh Translation may be greater than experienced currently.

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

| Version   | Author                      | Job Title  | Date       |
|-----------|-----------------------------|--|------------|
| Version 1 | Emma Palmer/Catherine James | Head of Transformation and<br>Communications/Deputy Head of<br>Transformation and Communications | 10/12/2020 |
|           |                             |  |            |
|           |                             |  |            |

#### 2. Profile of savings delivery (if applicable)

| 2018-19 | 2019-20 | 2020-21  | 2021-22 | 2022-23 | TOTAL |
|---------|---------|----------|---------|---------|-------|
| £       | £       | £116,000 | £45,800 | £       | £     |

#### D Q Q. Consultation requirements

| O Consultation Requirement  | Consultation deadline/or justification for no consultation                         |
|-----------------------------|--|
| Staff consultation required | Staff will be consulted in line with the Management of Change policy requirements. |

|             | Potential delay in translation of<br>Communications      | Minor  | Resource will be focussed on priority campaigns with an external focus.                                     | Insignificant   |   |

9. What are the risks to service delivery or the council following implementation of this proposal?

#### **Description of risks**

### Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

| Risk Identified                          | Inherent Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) | Mitigation   | Residual Risk Rating<br>Impact X Likelihood (See<br>Risk Matrix in guidance<br>document) |
|--|--|--|--|
| Staff do not accept the proposed changes | Likelihood = Possible<br>Impact = Moderate<br>Score = 9                                  | Clear and effective consultation and engagement with all staff affected. | Likelihood = Unlikely<br>Impact = Minor<br>Score = 4                                     |

#### 10. Overall Summary and Judgement of this Impact Assessment?

|    | Outline Assessment (to be inserted in cabinet report)  | Cabinet Report Reference:                       |  |  |  |  |  |
|----|--|---|--|--|--|--|--|
|    | • The proposed changes aim to consolidate and strengthen the roles within the SPPP Team and C&WT Team, ensuring the service is fit for purpose to support and drive the council in pursuit of Vision 2025. Overall the assessment indicates that the proposal would have no significant negative impact on the community/public, but would strengthen and enhance the way the team are able to work and develop. |   |  |  |  |  |  |
|    | • On the whole, the proposal will continue to give good support for the council's priorities as detailed in Vision 2025 although the impact on the 7 national well-being goals is by and large neutral   |   |  |  |  |  |  |
| טט | • The proposal demonstrates reasonable consideration of the 5 working principles of the V  | /ell-being of Future generations (Wales) Act 20 | 015                                      |  |  |  |  |
|    | . Is there additional evidence to support the Impact Assessment (IA)?  |   |  |  |  |  |  |
| )  | What additional evidence and data has informed the development of your proposal?   |   |  |  |  |  |  |
| 2  | Evidence from the following documents has informed the development of the proposal; Ma<br>Plan 2020-2024, Digital Strategy (Information Excellence Workstream).  | inagement of change proposal, Transformation    | n and Communications Integrated Business |  |  |  |  |

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The impact of the proposed changes will be continually monitored by the Head of Transformation and Communications together with Senior Leadership Team colleagues and Cabinet.

#### Please state when this Impact Assessment will be reviewed.

n/a

The integrated approach to support effective decision making

#### Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

|       | Principle   | How does the proposal impact on this principle?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|-------|---|---|---|--|--|
|       | <b>Integration:</b> Taking an integrated<br>approach so that public bodies look at all<br>the well-being goals in deciding on their<br>well-being objectives.                 |   | Choose an<br>item.  |  | Choose an<br>item.   |
| гаg   | <b>Preventing Poverty:</b><br>Prevention, including helping people<br>into work and mitigating the impact<br>of poverty.  | Developing the leadership and management<br>apprenticeship programme will encourage people to<br>develop in the workplace and help with succession<br>planning and 'growing our own' which will help<br>mitigate the impact of poverty  | Good  |  | Choose an<br>item.   |
| le pp | Unpaid Carers:<br>Ensuring that unpaid carers views are<br>sought and taken into account  |   | Choose an<br>item.  |  | Choose an<br>item.   |
| Ž     | Safeguarding:<br>Preventing and responding to abuse<br>and neglect of children, young people<br>and adults with health and social care<br>needs who can't protect themselves. |   | Choose an<br>item.  |  | Choose an<br>item.   |
|       | <b>Powys County Council Workforce:</b><br>What Impact will this change have on<br>the Workforce?  | Workforce planning will help ensure that the<br>workforce is suitable for the current and future needs<br>of the council. Each service area will be challenged to<br>consider their development needs and identify<br>training requirements that will protect from flight risks<br>and support succession planning – Leadership and<br>Management development is part of this process | Good  |  | Choose an<br>item.   |

| Principle How does tl  | he proposal impact on this principle?   | IMPACT<br>Please select<br>from drop<br>down box<br>below | What will be done to better contribute to positive or mitigate any negative impacts? | IMPACT<br>AFTER<br>MITIGATION<br>Please select<br>from drop<br>down box<br>below |
|--|---|---|--|--|
| Payroll: How will this impact salary,<br>any overtime/enhanced payments<br>etc? Does this affect any particular<br>group of employees? E.g.<br>Male/Female dominated workforce.<br>Does this proposal comply with the<br>Councils Single Status Terms and<br>Conditions? |   | Good  |  | Choose an<br>item.   |
| Welsh Language impact on staff   |   | Choose an item.   |  | Choose an item.  |
| Apprenticeships:<br>Has consideration been given to<br>whether this change impacts<br>negatively, or positively on   | adership and management apprenticeship<br>will ensure we continue to deliver a range<br>nes from level 2 to level 7 which will<br>tively on apprenticeships and will also<br>to spend less on developing leadership and<br>at skills. | Very Good   |  | Choose an<br>item.   |

## 8. What is the impact of this proposal on our communities?

| Severity of Impact on Communities | Scale of impact | Overall Impact |  |
|-----------------------------------|-----------------|----------------|--|
| Low                               | Low             | Low            |  |
| Mitigation                        |                 |                |  |

## 9. How likely are you to successfully implement the proposed change?

| Impact on Service / Council | Risk to delivery of the proposal | Inherent Risk |
|-----------------------------|----------------------------------|---------------|
| High                        | High                             | Low           |
| Mitigation                  |                                  |               |
|                             |                                  |               |
|                             |                                  |               |
| <u>ל</u>                    |                                  |               |

## What are the risks to service delivery or the council following implementation of this proposal? (To be included within project risk register)

| Ð           | Risk Identified   | Inherent Risk Rating | Mitigation   | Residual Risk Rating |
|-------------|---|----------------------|--|----------------------|
| 0<br>5<br>4 | )<br>I Welsh Government Change Apprenticeship Framework | Medium               | Develop similar internal qualifications that will develop leadership and management skills | Low                  |
|             | Required management skills not developed                | Medium               | Further ODD activity to support  | Low                  |

#### 10. Overall Summary and Judgement of this Impact Assessment?

| Outline Assessment (to be inserted in cabinet report) | Cabinet Report Reference: |
|---|---------------------------|
|   |                           |
|   |                           |
| Overall Risk Judgement:                               | Low                       |

#### 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

## 12. On-going monitoring arrangements?

## Cyngor Sir Powys County Council Impact Assessment (IA)

The integrated approach to support effective decision making

## What arrangements will be put in place to monitor the impact over time?

Quarterly reporting and senior team meetings will be spent assessing the impact and analyse whether on track or not

## Please state when this Impact Assessment will be reviewed.

annually

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)

**Cabinet Report Reference:** 

The overall judgement of this Impact assessment is <u>'neutral'</u>. There is unlikely to be an impact to staff, customers or citizens as the proposal relates to an external funding bid.

The overall risk identified in this impact assessment is 'Low'. There is little risk as the principle of the funding has been confirmed by WEFO.

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

n/a

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Monitoring of funding through project governance arrangements and board once approved

## Please state when this Impact Assessment will be reviewed.

Annually

# FORM ENDS

The integrated approach to support effective decision making

## Please read the accompanying guidance before completing the form.

This Impact Assessment (IA) toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.

| Service Area   | Children's Services | Head of Service               | Jan Coles   | Portfolio Holder | Councillor Rachel Powell |  |  |  |
|--|---------------------|-------------------------------|---|------------------|--------------------------|--|--|--|
| Proposal   |                     | Saving of £240,000 from Golwg | Saving of £240,000 from Golwg y Bannau / Golwg y Camlas |                  |                          |  |  |  |
| Outline Summary / Description of Proposal  |                     |                               |   |                  |                          |  |  |  |
| An Options Appraisal is currently being drafted on the future use of Golwg y Bannau/Camlas. There are five options and Children's Leadership Team will be considering Options<br>Appraisal and completing scoring matrix by end of January, 2021, in order to agree preferred option and inform Cabinet Report.                                |                     |                               |   |                  |                          |  |  |  |
| The implications of the options vary widely and these are being considered as part of the options appraisal.<br>An efficiency saving of £240,000 has been aligned to Golwg y Bannau/Camlas. The impact of the savings will be fully considered and this draft impact assessment updated and completed following agreement of preferred option. |                     |                               |   |                  |                          |  |  |  |

| Outline Assessment (to be inserted in cabinet report)   | Cabinet Report Reference: |            |  |
|---|---------------------------|------------|--|
| A budget reduction of $\pm 240,000$ will impact on children/young people and their families curor short breaks provision at Golwg y Bannau/Camlas. The level of impact is not yet known |                           | <b>.</b> . |  |

## 11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

A multi-Agency Project Team was established on the future use of Golwg y Bannau and Camlas. Commissioning activity included previous and current activity at Golwg y Bannau and Camlas, needs and cost analysis of Integrated Disability Services including forecast residential placement and short-break provision requirements, exploration of five potential options and options comparison, including pros, cons, costing and risks. A scoring matrix will be completed by Children's Leadership team and oreferred recommendation agreed.

The integrated approach to support effective decision making

#### 12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The initial impact of the savings will be monitored via Bannau/Camlas Multi-Agency Project as part of project delivery. Following completion of the project, the impact on children/ young people and their families will be monitored via Bannau/Camlas Management Team, IDS Team and CLT.

Please state when this Impact Assessment will be reviewed.

This impact assessment will be reviewed, revised and completed following agreement of preferred option for future use of Golwg y Bannau and Camlas when impact of savings and decision is known.
