## **QUESTIONS AT ANY TIME TO CABINET PORTFOLIO HOLDERS**

Response by the Portfolio Holder:

The Council and the Welsh Government have Animal Health Disease Contingency Plans in place for dealing with an outbreak of avian influenza. The Council's Plan integrates with the Welsh Government's plan which can be found at: [Welsh Government plan](#)

In addition to the above, a press release has been issued advising poultry keepers of the situation, providing signposting to essential guidance and asking them to ensure that their biosecurity measures are maintained or strengthened, as required.
