20-01-2021

Mae croeso i chi siarad yn Gymraeg neu yn Saesneg yn y cyfarfod.
Rhowch wybod pa iaith rydych am ei defnyddio erbyn hanner dydd, ddau ddiwrnod
gwaith cyn y cyfarfod.
You are welcome to speak Welsh or English in the meeting.
Please inform us of which language you wish to use by noon, two working days
before the meeting.

AGENDA

1.	APOLOGIES
-----------	------------------

To receive apologies for absence.

2.	MINUTES
-----------	----------------

To authorise the Leader to sign the minutes of the last meeting held on 12th January 2021 as a correct record.

(Pages 3 - 6)

3.	DECLARATIONS OF INTEREST
-----------	---------------------------------

To receive any declarations of interest from Members relating to items to be considered on the agenda.

4.	DRAFT MEDIUM-TERM FINANCIAL STRATEGY 2021-2026 AND DRAFT 2021-22 BUDGET AND CAPITAL PROGRAMME FOR 2021-2031
-----------	--

To consider a report by County Councillor Aled Davies, Portfolio Holder for Finance and Transport.

(Pages 7 - 702)

5.	YSGOL DYFFRYN TRANNON - PROPOSAL PAPER
-----------	---

To consider a report by County Councillor Phyl Davies, Portfolio Holder for Education and Property.

(Pages 703 - 758)

6.	MOUNT STREET INFANT SCHOOL, MOUNT STREET JUNIOR SCHOOL AND CRADOC CP SCHOOL
-----------	--

To consider a report by County Councillor Phyl Davies, Portfolio Holder for Education and Property.

(To Follow)

7.	LOCAL GOVERNMENT AND ELECTIONS (WALES) BILL. - CONSULTATION RESPONSE TO PERFORMANCE AND GOVERNANCE
-----------	---

To consider a report by County Councillor Graham Breeze, Portfolio Holder for Corporate Governance, Engagement and Regulator Services.

(Pages 759 - 776)

8.	BUS EMERGENCY SCHEME
-----------	-----------------------------

To consider a report by County Councillor Aled Davies, Portfolio Holder for Finance and Transport.

(To Follow)

9.	TRANSFER OF NEUADD MALDWYN
-----------	-----------------------------------

To consider a report by County Councillor Myfanwy Alexander, Portfolio Holder for Adult Social Care and County Councillor Iain McIntosh, Portfolio Holder for Housing, Planning and Economic Regeneration.

(Pages 777 - 788)

**MINUTES OF A MEETING OF THE CABINET HELD AT BY TEAMS ON TUESDAY,
12 JANUARY 2021**

PRESENT

County Councillor M R Harris (Chair)

County Councillors MC Alexander, G Breeze, A W Davies, P Davies, H Hulme,
R Powell and I McIntosh

In attendance: County Councillors G Jones and P Roberts

The Leader expressed condolences to the family of John Bevan, the Professional Lead for HR and a much respected member of staff who had passed away.

1.	APOLOGIES
-----------	------------------

Apologies for absence were received from the Corporate Director (Children's and Adults).

2.	MINUTES
-----------	----------------

The Leader was authorised to sign the minutes of the meetings held on 15th and 23rd December as correct records.

3.	DECLARATIONS OF INTEREST
-----------	---------------------------------

There were no declarations of interest reported.

4.	21ST CENTURY SCHOOLS PROGRAMME - YSGOL GYMRAEG Y TRALLWNG
-----------	--

Cabinet considered a request to increase the Council's funding allocation for the Ysgol Gymraeg y Trallwng building project by £1,358,514 to reflect the additional costs incurred due to the re-design of the scheme following collapse of Dawnus Construction Ltd and the Cadw listing of the old Ysgol Maesydre building and to submit the revised project cost information to Welsh Government's 21st Century Schools Programme. This would enable the project to proceed to construction stage.

County Councillor Pete Roberts, Chair of the Learning and Skills Scrutiny Committee, referred to the email sent by the Chair and Vice Chair of the Audit Committee and himself to the Cabinet highlighting the costs per pupil of the project relative to other projects. He argued that there was insufficient detail in the report on how the additional costs had arisen and suggested that SWAP be asked to look into the project.

Cabinet was advised that the project had changed considerably since the collapse of Dawnus and the listing of the old Ysgol Maesydre building. There had been a robust tendering process and the contract had been awarded to the

contractor offering the best value for money and quality. Cabinet welcomed project which would secure the future of Welsh-medium education in Welshpool.

RESOLVED

1. **To increase the Council's funding allocation for the Ysgol Gymraeg y Trallwng building project by £1,358,514 to reflect the additional costs incurred due to the re-design of the scheme following collapse of Dawnus Construction Ltd and the Cadw listing of the old Ysgol Maesydre building.**

2. **To submit the revised project cost information to Welsh Government's 21st Century Schools Programme.**

5.	LLANFAIR CAEREINION C.P. SCHOOL AND CAEREINION HIGH SCHOOL
-----------	---

Cabinet considered the responses to the consultation on the proposal to close Llanfair Caereinion C.P. School and Caereinion High School and establish a new bilingual all-age school for pupils aged 4-18 on the current sites of Llanfair Caereinion C.P. School and Caereinion High School to open on 1st September 2022. Based on the findings of the consultation, the advice of officers was that the Council should proceed with the proposal to amalgamate Llanfair Caereinion C.P. School and Caereinion High School to establish a new all-age school by publishing a Statutory Notice. Officers confirmed that as a named rural school, additional steps had to be taken following the consultation to reassess the options as well as alternative proposals that had been put forward during the consultation. Having undertaken that exercise that the recommendation remained as before.

County Councillor Gareth Jones, the local Member, welcomed the proposal and confirmed that the governing bodies were very willing to engage to explore ways to develop and enhance the Welsh-medium provision in Llanfair Caereinion.

RESOLVED

1. **To receive the Consultation Report in respect of establishing an all-age school in Llanfair Caereinion.**

2. **To approve the publication of a statutory notice to close both Llanfair Caereinion C.P. School and Caereinion High School from the 31st August 2022, and open a new dual stream all-age school for pupils aged 4-18 on the sites currently occupied by Llanfair Caereinion C.P. School and Caereinion High School from the 1st September 2022.**

3. **To accelerate the dialogue with representatives of the two schools and the community to explore ways to develop and enhance the Welsh-medium provision in Llanfair Caereinion, and to include all feeder schools in this dialogue.**

County Councillor M R Harris (Chair)

CYNGOR SIR POWYS COUNTY COUNCIL.

CABINET EXECUTIVE
Date: 26th January 2021REPORT AUTHOR: County Councillor Aled Davies
Portfolio Holder for FinanceSUBJECT: Draft Medium-Term Financial Strategy 2021-2026 and Draft
2021-22 Budget and Capital Programme for 2021-2031

REPORT FOR: Decision

1. Purpose

- 1.1 To seek Cabinet's approval of the draft Medium-Term Financial Strategy for 2021-26, which includes a Financial Resource Model for 2021-26, a draft revenue budget for 2021-22 and a draft capital programme for 2021-22 to 2030-31.
- 1.2 The Council is required under the Local Government Act 2003 to set a balanced budget for the forthcoming financial year, the MTFS reports a balanced budget for 2021/22. There is no requirement to set out a balanced position beyond the next year but the five year strategy has been developed to enable longer term planning and transformation.

2. Background

- 2.1 Local Government funding in Wales has been under significant pressure for over a decade, in response councils have relied on a combination of significant savings, delivering efficiencies, transforming services and ceasing the delivery of some services to reduce costs. Like other councils across Wales, Powys County Council continues to face significant challenges arising from demographic changes, increase service demands, citizen expectations and rising costs. But in addition to what was already a challenging environment we have also had to contend with a global pandemic.
- 2.2 The Coronavirus pandemic has delivered the largest peacetime shock to the global economy on record, the measures imposed by the UK and Welsh Governments have severely restricted economic and social life, driven unprecedented falls in national income, increased public spending and pushed public debt to its highest level since 1944-45, and created considerable uncertainty about the future.
- 2.3 It is clear that the virus and the ongoing measures imposed continue to have an unprecedented detrimental financial impact on the Council and this is likely to continue through 2021-22 and into future years. The additional financial support provided by Welsh Government during 2020-21 has been significant and has been instrumental in sustaining our financial position. Further support is expected to be available into 2021-22 but at what level and for how long is yet to be confirmed so significant risk remains.

- 2.4 Against this background, the Cabinet and Executive Management Team (EMT) have reviewed and updated the Council's Medium Term Financial Strategy. The Council has in recent years placed a greater focus on longer term financial, service and workforce planning to help provide sustainable solutions to the challenges we continue to face. The progress we made last year had identified considerable costs reductions for 2021-22 which now form a significant part of the budget proposal. The impact of dealing with the pandemic has out of necessity seen us return to single year planning for the development of the draft budget for 2021-22, and to date little work has been undertaken across the subsequent years of the plan. We need to quickly turn our attention to this as it is fundamental in supporting our financial resilience over the Medium and Longer Term and our ability to approve and deliver balanced budgets.
- 2.5 We cannot underestimate the significant challenge facing the Council in balancing the financial position over many years to come, there will be difficult choices to make, and the clear prioritisation of resources that deliver realistic outcomes is the key to our success.
- 2.6 Vision 2025, the Council's Corporate Improvement Plan and the Medium-Term Financial Strategy (MTFS) identify the Council's service and resource priorities for the next five financial years, with a focus on 2021-22.
- 2.7 The Vision 2025 Plan is reviewed annually to ensure that it continues to reflect the Council's operating environment and priorities and the 2021-25 Plan will be presented to Council for approval at the same time as the final MTFS and 2021-22 is presented on 28 February. This will ensure the Corporate Plan and MTFS are aligned, enabling the reader to make explicit links between the Council's priorities and the resources directed to support them.
- 2.8 The Council's MTFS is set within the context of UK economic and public expenditure plans, Welsh Government priorities and legislative programme. It articulates how the Council plans to use its resources (revenue and capital) to support the achievement of its corporate priorities as well as the management of its statutory and core duties, known pressures and risks. The MTFS helps the Council to work more effectively with partners in other sectors and provides a strategy for the use of reserves to meet changes in resources, risks or unforeseen demands from year to year without impacting unduly on services or council taxpayers.
- 2.9 The draft MTFS includes the:
- principles that will govern the strategy and a five-year Financial Resource Model (FRM), comprising detailed proposals for 2021-22 and outline proposals for 2022-23 to 2025-26.
 - Capital Financing Strategy and the Treasury Management Strategy; and
 - Capital Programme for 2021-22 to 2030-31.
- 2.10 The Cabinet and EMT have developed the draft MTFS to guide the development of the proposed 2021-22 draft budget, the Financial Resource Model and the draft Capital Programme. At the same time as updating the MTFS, the Council is legally required under the Local Government Act 2003 to set a balanced budget for the forthcoming financial year by 11 March each year.

2.11 Production of the draft budget for the forthcoming year is dependent on receipt of the provisional local government settlement from the Welsh Government which for 2021-22 was late to be published on 22 December 2020. This report provides a draft Budget for 2021-22 for Cabinet's approval, subject to which it will be considered by the Council's Overview and Scrutiny Committees before a final budget is presented to full Council for approval on 25 February 2021. The Welsh Government is due to publish the final local government settlement on 2 March 2021 so if there are any late changes these would need to be made and presented to Council at the meeting on the 4 March 2021 for further approval.

3. Advice

Welsh Government Provisional Local Government Settlement

3.1 The Local Government Revenue Settlement comprises Revenue Support Grant (RSG) and redistributed National Non-Domestic Rates (NNDR) revenues and is known as Aggregated External Finance (AEF). The settlement for 2021-22 provides Welsh local authorities with a total increase of £179 million (3.8%) compared to 2020-21.

3.2 The 2021-22 provisional settlement gave Powys Council a cash increase of £7.343 million (4%) on 2020-21, this includes adjustments to the 2020-21 base figure with a transfer in for the Teachers Pay Grant, £160k, and data changes of £105k.

3.3 Welsh Government funding is allocated to unitary authorities using a formula driven by a number of 'indicators' (e.g. population projections, pupil numbers, primary free school meals and income support, job seekers allowance or pension credits claimants). The movement in these indicators, relative to the movement in the indicator for Wales as a whole, affects Powys' share of the overall funding available. The changes to the key indicators and our comparative position across Wales are shown in Table 1 below.

Table 1

Changes in Key Datasets	Powys				All Wales		
	2020-21	2021/22	%	Rank	2020-21	2021/22	%
	Final	Provisional	Difference		Final	Provisional	Difference
Population ²	132,084	132,475	0.3%	17	3,136,749	3,163,125	0.8%
Pupil Numbers - Nursery and Primary	9,746	9,577	-1.7%	20	263,655	261,664	-0.8%
Pupil Numbers - Secondary in year groups 7-11	6,306	6,452	2.3%	9	161,806	165,357	2.2%
IS/JSA/PC/UC (not in employment) claimants - 18 to 64	1,480	1,782	20.4%	3	79,026	90,136	14.1%
IS/JSA/PC claimants - 65+	4,248	4,035	-5.0%	17	105,082	100,207	-4.6%
IS/JSA/PC/UC (not in employment) claimants - all ages	5,740	5,837	1.7%	16	184,558	191,132	3.6%
SDADLA/PIP claimants - 18 to 64	4,502	4,502	0.0%	15	142,023	142,657	0.4%

3.4 Overall Powys is ranked 8th of 22 councils in terms of its increase, the highest being Newport with 5.6% and the lowest Ceredigion with a 2% increase. This position represents a significant improvement for Powys compared to previous years.

3.5 Based on the provisional settlement Powys will receive £1,449 of funding per capita, compared to the Wales average of £1,471.

- 3.6 The Finance Minister's statement is clear that Welsh Government recognise the need to continue to provide funding to support the response to the pandemic. This will be considered separately and does not form part of the settlement.
- 3.7 While the un-hypothecated (non-earmarked) settlement is the largest single source of funding available to authorities, it is not the only one. The Council also funds its expenditure by generating income from grants, fees and charges and council tax. In setting the budget and council tax levels for next year, Welsh Government expects every authority to take account of all the available funding streams and to consider how to secure best value for Welsh taxpayers through effective and efficient service provision.

Revenue Settlement Implications for 2022-26

- 3.8 The Welsh Government has given no indication of the future allocations for 2022-23 onwards, but in view of current economic and fiscal projections and in the absence of other information the MTFS sets out a worst likely scenario predicated on an assumption that AEF will reduce by -2% from 2022-23, onwards. Based on these assumptions the total recurrent reductions required from 2022-23 to 2025-26 amount to around £37 million.

Provisional Local Government Capital Settlement

- 3.9 General capital funding for 2021-22 in Wales will continue to be set at £198 million. Included within this amount is £20 million for the continuation of the public highways refurbishment grant, including support for active travel; £54 million of historic baselined general capital grant; and the continuation of an additional £35 million of general capital grant, which was announced as part of the 2019-20 and 2020-21 budgets. This additional £35 million will enable Authorities to begin to respond to the joint priority of decarbonisation, including for housing and economic recovery following Covid-19.
- 3.10 The Welsh Government settlement includes a non-hypothecated general capital funding settlement, also calculated using a formula. The funding for 2021-22 remains at £177.837 million. Powys will receive a modest uplift of £76k. The split is:
- Supported borrowing £38k - total £4.586 million
 - General Capital Grant £38k – total £4.598 million

Final Local Government Settlement

- 3.11 Welsh Government is due to publish its Final Budget and Final Local Government Settlement for 2021-22 on 2 March 2021. The Welsh Government has included the Council Tax base and other data changes in the provisional settlement and therefore it is unlikely that the settlement for Powys will change significantly, however, more information on 2021-22 specific grants will be provided at that time. Further confirmation of Welsh Government funding to support the costs arising from the ongoing pandemic in 2021-22 is also expected.

Current Year (2020-21) Financial Performance

- 3.12 The pandemic has had a considerable impact on the Councils budget this year, financial projections early in the year predicted a deficit in excess of £12 million but

this was before the full scale of support from Welsh Government was known. The Council is now drawing down this support and has assurances about it being maintained until the end of the year. Budget holders have also taken corrective action to reduce costs in order to limit the financial impact on the budget.

The in-year financial position as at 31 December 2020 is shown in Table 2 below. As part of the forecast additional assumptions on the financial position are made regarding expected support from Welsh Government and changes to cost reductions, if these materialise over the last quarter the forecast will reduce to a £0.57 million deficit (excluding the Housing Revenue Account and Delegated Schools). At this point in the financial year £2.6 million of budget reduction proposals have been deemed to be unachievable in the current financial year.

Table 2

Service Area	Working Budget	Forecast Spend	Variance (Over) / Under Spend	Variance (Over) / Under Spend %
Adult Services	63,379	65,257	(1,878)	(3.0)
Childrens Services	26,013	27,395	(1,382)	(5.3)
Commissioning	3,193	3,112	81	2.5
Education	8,720	8,548	172	2.0

Covid 19 Tracing	0	1,595	(1,595)	
Total	187,676	189,908	(2,232)	(1.2)
Housing Revenue Account (HRA)	0	(1,394)	1,394	
Schools Delegated	81,763	81,522	241	0.3

- 3.13 The course of the pandemic and further measures or restrictions imposed through the remainder of the year, particularly as we move through the winter months, will continue to impact on our budget and careful monitoring of the position is critical to ensure that we take appropriate action to manage our financial position.

Financial Impact of responding to the pandemic

- 3.14 The pandemic has already had a significant impact on our financial position and without the support from the Welsh Government Hardship fund we would be facing a significant deficit which would inevitably deplete our reserves and place the council at significant financial risk.

- 3.15 It is likely that the financial impact of the pandemic will continue into 2021/22 and will almost certainly affect public sector finances for many years to come irrespective of the course of the pandemic. We have to clearly understand how the pandemic could continue to impact on our services, our costs and our levels of income into the new financial year.
- 3.16 Welsh Government have confirmed that additional funding will be provided to support the ongoing pandemic outside of that provided through the settlement, but we do not have confirmation of what will be available beyond 31 March 2021.
- 3.17 We have to be clear about the significant risk this places on our financial position and it is vital that we assess how this will potentially impact on the Councils budget into next financial year and consider this within our plan.
- 3.18 The Council's response to the pandemic included the implementation of the Business Continuity Plan, this saw the Council move away from business as usual in order to focus on Business-critical activities and the implementation of specific plans in response to the emerging situation.
- 3.19 The situation has impacted on all service areas, increased demands on some, with the suspension and the parring back of others. Staff have been withdrawn from their usual duties and many are being redeployed as we react to demand and needs of the organisation. As a result additional costs have been incurred, levels of generated income have declined.
- 3.20 Elsewhere across the organisation reduced levels of activity and the suspension of some services have resulted in some budgets not being spent. We have also seen slippage in our capital schemes which has reduced the impact on the Capital Charges and borrowing budgets as projects are delayed.
- 3.21 The WG Hardship fund makes available £500 million to support Local Authorities in 2020/21 and we have drawn down £9.2 million of support for additional costs incurred and £2 million for lost income to date.
- 3.22 Council Tax collection rates have fallen. A rise in the number of claimants eligible for the Council Tax reduction Scheme has seen a considerable pressure on that budget.
- 3.23 A log of the potential financial risks has been drawn together which identifies potential costs and income loss of £12.1 million. This log will sit alongside our budget plan.
- 3.24 Opportunities have also shown themselves during the last 10 months and some services have been delivered differently and at lower cost and we have to embrace these changes in our longer-term plans.
- 3.25 The impact is also falling heavily on residents, communities and businesses in our County. The Council has administered many Welsh Government schemes, awarding grants and rate relief to businesses, the £500 payment for care workers, the Statutory Sick Pay enhancement and self-isolation payments. Providing our residents and businesses in excess of £70 million in support to date.

Council's Improvement Journey

- 3.26 The Council has continued to make significant progress on its improvement journey during 2020 despite the global pandemic. In February 2020, Sean Harris undertook a further review of the governance and running of the Council. This subsequently led to inspections of both Adult Social Care and Children's Services and an improvement conference for both services. The result of these events was the CIW, as regulators, were suitably assured of the progress made in both services and the governance and ability of the LA to continue this improvements without additional monitoring activity.
- 3.27 Good progress has also been made in Education. Over the last 18 months, Estyn has continued to engage with the council and regular contact was supplemented by an Improvement Conference in November. It is pleasing that Estyn concluded from that conference that Powys is making 'sound progress' in its improvement journey. Additionally, the education transformation programme continues to progress to secure an effective learner entitlement across Powys that also resolves long-standing challenges in very early years, secondary, Welsh medium and sixth form provision.
- 3.28 The WG appointed Improvement and Assurance board has also been stood down and replaced with service improvement boards and an over-arching corporate improvement board.
- 3.29 Good progress has been made on delivering the Mid Wales Growth Deal and a Heads of Terms was signed between the UK Government, Welsh Government and both Local Authorities in December 2020. Work is underway to deliver the all important detailed agreement as soon as possible in 2021. Implementation plans are now being drawn up to ensure the earliest conclusion of the detailed agreement and commencement of the important investment.

Draft MTFs 2021-26

- 3.30 The draft MTFs for the next five years is attached at Appendix A, based on the latest information available from the Welsh Government. It does not include fixed funding, expenditure or activity projections, but sets best, worst and most likely scenarios for the resources that will be available. The MTFs is reviewed regularly and will be amended as additional information becomes available, with the detail for future years being developed over the period of the strategy.
- 3.31 Implementation of the MTFs will continue to be led by Cabinet and Senior Leadership Team (SLT)¹, supported by robust financial and performance data. The Council will seek to ensure that it is widely understood by internal stakeholders (Members, employees and Unions) and external stakeholders (citizens, businesses and partners). As well as linking explicitly to the Council's corporate priorities, the MTFs also links to other internal resource strategies such as the Workforce Plan, the Digital Powys Strategy, the Treasury Management Strategy, Asset Management Plans and the Council's Transformation Programme.

Engagement, Scrutiny and Challenge

- 3.32 Over the past few years the Council has sought to engage Powys citizens, local councillors, partners and the workforce in the budget development process. This

¹ SLT comprises the Chief Executive Officer, two Corporate Directors and 12 Heads of Service)

included providing more information to the public, undertaking specific consultation on proposals and an interactive online budget simulator consultation exercise.

These have created the opportunity for residents to influence service delivery and the helped define the priorities for the Council.

This year a different approach has been taken that focuses on the impact the COVID-19 pandemic has had on the Council and how we have supported residents and businesses through it. On online survey "Future-proofing Powys" asks residents for their views on:-

- how the Council has responded to the pandemic
- what the Council should focus on now to support businesses and the economy which services are most important to our communities
- what can be learnt from the way we have worked this year and can these approaches be adopted in the future.

3.33 Members of the Council have engaged in the budget planning process through a series of member budget seminars which have given Councillors the opportunity to review and challenge the process. The Finance Scrutiny Panel (comprising Group Leaders of Non-Executive Groups and Audit Committee representatives) have also been engaged during the process and financial assumptions and settlement information have been shared with members and the impact on the budget modelled and considered.

3.34 This report presents the detailed draft budget for 2021-22 and each of the Council's Overview and Scrutiny Committees will have the opportunity to consider the implications of the draft budget for the service areas within their remit over the next few weeks. The Committees will then be able to provide feedback to the Cabinet for consideration before the final MTFs and 2021-22 budget and 2021-31 capital programme are presented to full Council for approval on the 25 February 2021.

MTFS Principles

3.35 The draft MTFs provides a set of clear principles which will drive the Council's budget and spending decisions over 2021-26 and which Members and others can examine and judge the Council's financial performance against. The ten key principles are to ensure that:

1. The Council will continue to meet its statutory obligations and to demonstrate how its budget supports the priorities contained in Vision 2025.
2. The Council's financial control system will be sufficiently robust to support the delivery of financial plans and mitigate corporate risks.
3. All Council budgets will be reviewed annually to ensure resource allocations are delivering value money and continue to align to the delivery of priority outcomes in Vision 2025.
4. Financial plans will provide an optimum balance between income and expenditure for both capital and revenue.

5. Reserves will not be used to fund recurrent budget pressures or to keep down council tax rises.
6. The Council's General Fund reserve will be maintained at a minimum of 3% of Net Revenue Expenditure over the period of the MTFS.
7. Capital investment decisions will support the Council's corporate priorities and mitigate any statutory risks taking account of the return on investment and robust business cases.
8. Prudential borrowing will only be used to support the capital programme where it is affordable and sustainable within the Council's overall borrowing limits and the revenue budget over the long term.
9. Decisions on the treatment of surplus assets will be based on an assessment of the potential contribution to the revenue budget and the capital programme.
10. Budgets will be managed by members of SLT in accordance with the Council's Financial Procedure Rules.

Financial Resource Model

- 3.36 The MTFS includes a Finance Resource Model (FRM) which provides a financial forecast for the forthcoming five financial years. This is provided at Appendix B. The MTFS sets out a best case, most likely case and worst case scenarios for the Council's future years' budgets by making a number of assumptions about the level of funding that will be received from Welsh Government and cost drivers such as pay and price inflation and demographic change. All the scenarios include an annual council tax increase of 5%. The FRM is based on the worst-case scenario.
- 3.37 Table 3 sets out the gap between the Council's net budget requirement and the possible funding available until 2025/26 based on each of the scenarios in the MTFS.

Table 3

Summary of Gap - Scenarios	£'000	2022/23	2023/24	2024/25	2025/26	Cumulative
Best Case +2%		3,212	1,721	1,178	1,441	7,553
Most Likely - Flat Cash		7,050	5,482	4,864	5,053	22,450
Worst Case -2%		10,888	9,243	8,550	8,666	37,347
Includes - Cost Pressures		17,133	11,508	10,471	10,191	49,304
Cost Reductions		(5,645)	(1,361)	(714)	0	(7,720)

- 3.38 Table 3 shows that the Council will need to find recurrent cost reductions of between £7.5 million and £37 million in addition to the £7.7 million already identified, and/or increase council tax by more than 5% per annum over 2022 to 2026 to balance future years' budgets.

Draft Revenue Budget 2021-22

- 3.39 Taking account of advice from the Audit Wales and CIPFA on the Council's financial planning arrangements, the Cabinet and the Senior Leadership Team adopted a new Integrated Business Planning approach to developing the budget last year. This approach has involved all council services:
- Reviewing comparative performance data
 - Identifying any inescapable cost pressures
 - Identifying cost reduction opportunities
 - Planning service changes to secure delivery of the priority outcomes in the Council's Corporate Improvement Plan Vision 2025 and statutory obligations
 - Identifying any workforce implications of service changes
- 3.40 The further development of the programme has been severely limited by the pandemic with resources focused on business-critical activity, nonetheless progress had been achieved with the IBP process now embedded into the Council's planning framework and ways of working.
- 3.41 The impact and response to the pandemic disrupted our planning cycle and a revised timetable was put in place to ensure our plans could be brought back on track.
- 3.42 Cabinet and SLT began the budget planning process for 2021-21 using the worst-case scenario in the approved MTFs (i.e. a budget gap of £4.5 million on the 2020-21 working budget, assuming a 5% increase in Council Tax). However during the autumn it became clear that the assumption around the level of inescapable pressure on services was not high enough and there was a need to recognise that some 2020-21 savings were undeliverable. Despite identifying more than £12 million of cost reduction proposals a significant budget gap remained before the provisional local government settlement was received in December 2020.
- 3.43 Our plans this year have out of necessity focused on the 2021/22 financial year and to date little work has been undertaken across the subsequent years of the plan. We need to quickly turn our attention to this as it is fundamental in supporting our financial resilience over the Medium and Longer Term and our ability to approve and deliver balanced budgets.

2021-22 Net Budget Requirement

- 3.44 The net budget requirement is the amount of budget the Council requires to fulfil its functions. It is calculated using the previous year's budget as the baseline, adding any inescapable budget pressures and subtracting any budget reduction proposals.
- 3.45 Table 4 below sets out the proposed draft net budget for 2021-22 (£280.664 million including the Delegated Schools' Budget).

Table 4: 2021-22 Draft Revenue Budget

£'000	Base Budget	Inflation	Demography	Pressures	Savings	2020/21 Undelivered Savings	Capital Pressures	Budget 2021/22	%
Delegated	75,749	109	701	787	-39	0		77,306	2.1%
Education	14,711	206		772	-381	0		15,308	4.1%
HTR	27,852	402		780	-1,196	60		27,898	0.2%
H&CD	4,032	71		134	-265	75		4,046	0.3%
PPPP	6,347	236		528	-521	0		6,591	3.8%
ASC Commission/Director	3,175	38		33	0	0		3,246	2.2%
ASC	63,344	209	700	7,354	-5,091	699		67,215	6.1%
Children	26,016	176	187	2,297	-3,184	572		26,065	0.2%
Director/regen	793	35		0	-25	0		803	1.3%
Finance	5,691	117		0	-80	150		5,878	3.3%
Transf/Comm	1,531	21		38	-57	0		1,533	0.1%
WOD	1,847	56		126	-10	26		2,045	10.7%
Digital	3,905	87		225	-681	0		3,536	-9.5%
Legal	3,061	41		27	-99	52		3,081	0.7%
Corp	31,386	104		2,056	-200	0	2,767	36,113	15.1%
Total	269,440	1,907	1,588	15,157	-11,828	1,634	2,767	280,664	4.2%

3.46 Table 4 shows the Council's 2020-21 working budget and proposed changes across each service to provide a base budget for 2021-22, including:

Additional funding as follows:

- £1.9 million for general pay and price inflation. Welsh Government did not receive any additional funding through the Barnett formula to provide for public sector pay awards next year given the UK Government's decision to pause public sector pay rises. The settlement does not therefore provide for any increase in public sector pay, the implications of potential pay awards in 2021/22 will need to be accommodated within our budget plan. These are therefore included at 1%.
- £1.634 million for 2020-21 savings which have now proven to be undeliverable.
- £19.5 million of inescapable budget pressures including:
 - £635,000 to meet the 0.75% of the pay award for 2020/21 which exceeded the 2% accommodated within service budgets.
 - £178,000 to meet the 2.43% increase in the Mid and West Wales Fire and Rescue Authority annual levy.
 - £951,000 for the Council Tax Reduction Scheme (CTRS). An increase in the number of claimants has been seen during 2020/21. This is expected to continue and potentially rise into 2021/22 as the impact of the pandemic falls on businesses and residents. In addition, a proposed council tax increase level of 3.9%, will also need to be considered to meet the increased levels eligible under the scheme.
 - £2.26 million for the Education Service (including the Delegated Schools' Budget): supporting education improvement, the new ALN strategy, and pressures falling on Schools delegated budgets with an additional £1.5 million provided directly to schools, an increase of 2.4%.
 - £2.5 million to realign the Children's Service base budget to meet existing placements (an additional 45 placements have been made during the period of the pandemic although 8 of these have left the system after short term support), contractual obligations of providers and agency staff costs. Many of which are costs already impacting on the service and reflected in the Services spend in 2020-21 of £1.4 million overspend.

- £8.0 million to meet inescapable demand and cost pressures in Adult Social Care. £3.3 million of this investment will ensure the sustainability and quality in Care through our payments to providers of residential and domiciliary care.
- £2.76 million is provided to meet the revenue implications of the capital programme, as the Minimum Revenue Provision adjustment is fully utilised.
- £780,000 for Highways Transport and Recycling - to meet contract inflation across the service, additional costs in waste services and some support to deal with Ash Die Back along the county's highway.
- £528,000 for Property, Planning and Public Protection to support Compliance work and Trading Standards.

Reductions in funding as follows:

- £11.828 million of cost reduction proposals, the detail of which is provided at Appendix C, with Impact Assessments on each of the proposals attached at Appendix I.

3.47 Delivery of these cost reductions will be essential to deliver a balanced 2021-22 budget. Assurance must be provided to Council that the budget is robust and that the reductions included in it are deliverable. This will also enable the Council and the Statutory Chief Finance Officer (S151) to sign off the budget with confidence. For the proposed budget, sessions have been held with officers to challenge and test both the service pressures being submitted and the deliverability of each proposal presented. SLT has provided assurance to Cabinet that they can deliver the cost reductions within the required timescales, whilst also reflecting on any risks.

Financing the Draft Net Budget for 2021-22

3.48 The Council's gross budget reflects the totality of the Council's costs including salaries and wages, the purchase of goods and services, premises costs and the revenue cost of financing our capital programme. The gross budget is financed by all the Council's income sources including AEF, council tax, fees and charges, specific grants and contributions from other bodies.

3.49 Income from fees and charges makes a significant contribution (£60 million+ per annum) to the Council's budget and the Council's approach to income generation is included in the MTFs. The Income and Cost Improvement Policy forms the framework within which income is reviewed annually.

3.50 The budget proposed for 2021-22 includes increasing of fees and charges in line with inflation, where permitted, and where appropriate, the principle of full cost recovery has been applied. The Fees and Charges register has been updated and it, together with an explanatory note, is attached as Appendix D and E.

3.51 The financing of the net budget comes from the Welsh Government settlement and Council Tax income. Table 5 summarises the 2021-22 budget requirement and how it will be financed and shows that Council funds 32% of the councils' net budget.

Table 5

£m	2020/21	2021/22	Change
AEF (RSG & NNDR Allocation)	184.289	191.897	7.608
Council Tax	85.151	88.767	3.616
Total Net Revenue Funding	269.440	280.664	11.224

- 3.52 As can be seen the balancing of the Council's 2021-22 budget is dependent upon a 3.9% increase in the Council Tax in 2021-22, generating £3.33 million and £285,000 delivered through changes to the tax base. In proposing this increase, consideration has been given to the impact of the pandemic and affordability for Powys residents together with the ongoing need to meet increasing demand and inescapable cost pressures on vital local services.
- 3.53 The setting of Council Tax is not subject to approval as part of this report, as this is a matter for full council determination. However, the report recommends the level of Council Tax to be included in the budget that goes to full Council on 25th February 2020. On 4th March full Council meets to set the Council Tax in line with the final budget. This meeting does not reopen the budget but ensures the Council sets Council Tax for billing purposes.

Draft Capital Programme 2021-31

- 3.54 The Capital and Treasury Management Strategies are fundamental to the effective delivery of the Council's priorities and Vision 2025. The provision of the right assets in the right place at the right time will ensure the effective and efficient delivery of a comprehensive range of quality services.
- 3.55 The draft strategy document at Appendix F provides a high-level, long-term overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of services, whilst considering the risks how these will be managed and the implications for future financial sustainability.
- 3.56 Maintaining the capital programme has a significant regeneration impact for the economy of Powys alongside the direct effect of better infrastructure to deliver services. Capital investment also has a significant input into the delivery of revenue cost reductions, and it is essential that both budget strategies are developed in tandem.
- 3.57 Broadly the programme covers three areas of expenditure. These are:
- a core programme of schemes that are regulatory / statutory in nature, and minimise legal challenge or revenue risk, these schemes are related to day to day activities that will ensure the Council meets its statutory requirements
 - a retained asset programme to improve or enhance the life of existing assets, and
 - an investment programme in schemes linked to the Council's strategic priorities.
- 3.58 The key aims of the Capital Strategy are to:

- Provide a clear context within which proposals for capital expenditure are evaluated to ensure all capital investment is targeted to deliver the Council's priorities.
- Clarity about how the Council identifies and prioritises capital requirements and proposals arising from various strategies including the Vision 2025, Service Improvement Plans, and other corporate strategies, and how they will be managed within the limited capital resources available.
- Challenge our current estate, continue with the programme of asset rationalisation, ensuring that assets retained are effective, efficient and economically sustainable to deliver services.
- Identify and consider options available to fund capital expenditure that minimises the ongoing revenue implications of historic capital expenditure and of any new investments.
- Use partnerships, both public and private, more effectively to support our overall strategy.
- Establish effective arrangements for managing capital schemes including assessment of outcomes and achievement of value for money.
- The aim of this capital strategy is to ensure that all elected members fully understand the overall long-term policy objectives and resulting capital strategy requirements, governance procedures and risk appetite.

3.59 A Governance Framework is in place for the development of the Capital Programme, based on the Welsh Government Better Business Case approach, each project is developed through a series of gateways ensuring that the business case is robust and fully considers the benefits and costs of the individual project and that they align with Vision 2025. This enables the council to prioritise its capital investment whilst ensuring affordability.

3.60 The Council is moving away from an annual capital cycle and using the new framework will have an ongoing process of projects in development through to approval through Cabinet and Council as needed.

3.61 The Capital Strategy is attached as Appendix F. The strategy sets out the priorities for the next 10 years with the provisional Capital Programme totalling £559 million (including the Housing Revenue Account (HRA)). This is a significant commitment. The Capital Programme is included in Appendix F as part of the Capital Strategy.

3.62 The Council continues to invest in services that underpin the priorities set out as part of Vision 2025 as follows:

We will support our residents and communities:

- Housing - £230 million: The Council will continue to maintain the Welsh Housing Quality Standard achieved in 2018, and over the lifetime of the HRA business plan the service will look to invest in 250 new council dwellings.

- Housing and Community Development - £37 million: Including investment in our sports and Leisure centres. The colocation of libraries with other services continues and self-service technology enables our customers to make increased use of the resources. The Council will continue to fund a major programme of Disabled Facilities Grants enabled works and improvements to homes to improve the quality of life for people who need help to live as independently as possible. In addition, we will continue to support energy efficiency and bringing privately owned empty homes back into use through the SWAS (Safe Warm & Secure), Landlord Loans and the ZILF Co2i loan schemes.
- Highways, Transport and Recycling - £114 million: The Council has a statutory duty to maintain the adopted highway, maintained at public expense in a safe condition for the passage of the user. The strategy will see £29.5 million invested in our Highway network over the next 5 years. Powys County Council faces stringent Welsh Government (WG) statutory recycling targets. These are 64% for 2019-20 and 70% for 2024-25. In addition to this there is a target to reduce landfill to 10% by 2019-20 and 5% by 2024-25. This has required a step change in the way all local authorities approach waste and recycling. The continued capital investment in the Waste and Recycling service will ensure that the Council is able to meet the targets whilst obtaining maximum value from the service.

We will lead the way in effective, integrated rural health and care:

- Social Care - £1.6 million: The capital programme focuses on supporting those who wish to remain in their own home rather than residential care and supports the integrated Health and Care Strategy for Powys. The schemes focus on accommodation options and the use of assistive technology, which has a key role to play in the modernisation of health and social care and offers greater choice to our residents and supports independent living

We will strengthen learning and skills:

- Schools - £158 million: to provide learning environments that meet the aspirations of the WG's 21st Century Schools programme. Alongside this, capital funding through our major repairs programme will be focussed on where the need is greatest, as identified through the Schools Service's Asset Management Plan. Further investment will be required as the Transforming Education Strategy is implemented and the Capital Programme will be updated as these plans are developed and proposed.

We will develop a vibrant economy:

- Regeneration, Property and Development - £4.9 million: The Council needs to intervene where the private sector is not able to (for economic reasons) to create or facilitate investment in business units in order to keep and attract business to the County.
- County Farms - £600,000: Effective management of County Farms estate will enable us to continue to provide the opportunities already enjoyed by current

tenant farmers and maintain an income stream. The financial demands of the Estate need to be evaluated against the competing demands across the council whilst noting the estate produces an annual surplus and has made a considerable contribution in capital receipts.

Information Technology:

- The service engages with change programmes so that investment and resource meets identified priorities. In respect of infrastructure, Digital Services will invest in up to date cloud-based technologies, improved telephony and mobile systems, WEB and share-point and improved wireless. In terms of applications Digital Services is looking to rationalise the number of systems through investment in replacement of legacy corporate systems and improved integration between systems notably the WEB and Intranet.

3.63 The Capital Programme also identifies £14 million over the next ten years of unallocated investment which has been set aside to meet the costs of current pipeline projects and programmes currently being progressed through the Outline Business Case gateway. Also included is initial estimated funding for the Mid Wales Growth Deal.

Draft Treasury Management Strategy

3.64 A draft Treasury Management Strategy which is included within the attached Appendix F sets out how the Council will ensure that it has enough funding available to fund its revenue and capital requirements and an appropriate strategy for borrowing and investing for the financial year 2021-22 and details the expected activities of the Treasury function.

3.65 The Treasury Management Strategy and Annual Investment Strategy is recommended to Full Council for approval in February.

Prudential Indicators

3.66 The objectives of the Prudential Code are to ensure, within a clear framework, that the capital investment plans of the local authority are affordable, prudent and sustainable. The statutory Prudential Indicators are shown in full within the Capital and Treasury Management Strategy Appendix F. The tables include the revised estimate for 2020-21, as well as the indicators through to 2029-30.

3.67 The key indicator of affordability is the estimate of the ratio of financing costs to net revenue stream, in section 3.17 of Appendix F. The ratio of financing costs for the council fund is 3.72% in 2020-21 rising to 5.95% in 2029-30. The amount of HRA income required to pay for financing increases is 20.54% in 2020-21 rising to 23.41% in 2029-30.

3.68 The capital financing requirement (CFR) is shown at section 2.35 of the Appendix and is the measure of the authority's underlying need to borrow for a capital purpose. It is the amount of capital expenditure that has not yet been financed by capital receipts, capital grants or contributions from revenue. The CFR is £318 million in 2020-21 and will rise to £405 million by the end of 2029-30, and £105 million increasing to £150 million for HRA debt.

- 3.69 The operational boundary, in section 3.29 and authorised limits for external debt in section 3.32 both reflect the Treasury Management policy and are set at a level to be affordable and prudent.
- 3.70 The authorised limit for 2021-22 will be the statutory limit under Section 3(1) of the Local Government Act 2003. It is recommended that the level for the authorised limit is set at £492 million and the Operational Boundary is set at £478 million.
- 3.71 The Minimum Revenue Provision (MRP) Policy Statement is included at Section 2.39.
- 3.72 MRP is an annual charge that Councils are required to pay for their debt liability in respect of capital expenditure funded by borrowing, for both the general fund and the Housing Revenue Account debt. This capital expenditure is set out as part of the CFR calculation and updated regularly to reflect borrowing need changes and the resultant costs, it is important to ensure that the debt is repaid over a period commensurate with that over which the capital expenditure provides benefit.
- 3.73 MRP Overpayments - A change introduced by the revised Welsh Government MRP Guidance was the allowance that any charges made over the statutory MRP, voluntary revenue provision (VRP) or overpayments, can, if needed, be reclaimed in later years if deemed necessary or prudent. In order for these sums to be reclaimed for use in the budget, this policy must disclose the cumulative overpayment made each year. Up until the 31st March 2020 the total VRP utilised was £12.9m, with the expected total overpayments being £19.5m.

Reserves

- 3.74 The Council's reserves are key to our financial planning; maintaining these at an appropriate level is central to our financial resilience and sustainability. They provide a safeguard against risk, unusual events and future financial pressures.
- 3.75 In assessing the appropriate level of reserves, the Authority will ensure that the reserves are not only adequate, but also necessary and will be appropriate for the risk (both internal and external) to which it is exposed.
- 3.76 The Reserves Policy (Appendix G) establishes a framework within which decisions are made regarding the level of reserves held by the Council and the purposes for which they will be maintained and used.
- 3.77 The use of reserves and the levels at which they are maintained is determined on an annual basis as part of the Council's Budget setting process.
- 3.78 The levels of reserve we hold are not excessive but are nearer the minimum level of acceptability, we must not plan our budget on the basis of utilising our reserves, they must remain at a level that provides a reasonable level of financial resilience in an ever challenging environment.
- 3.79 The level of reserves held and their forecast use in 2020-21 is reported to Cabinet as part of the budget monitoring report and Table 6 below reports the opening and

projected balance of the reserves at year end. This is based on the position as at 31st December 2020.

Table 6

Summary - £'000	Opening Balance (1st April 20)	Forecast Addition / (Use) of	Forecast (Over) / Under Spend	Projected Balance (31st March 21)
General Fund	9,472	(70)	0	9,402
Budget Management Reserve	3,584	0	0	3,584
Specific Reserves	7,523	(1,400)	98	6,221
Transport & Equipment Funding Reserve	9,266	(5,516)	0	3,750
Total Usable Reserves	29,845	(6,986)	98	22,957
Schools Delegated Reserves	(910)	(1,036)	248	(1,698)
School Loans & Other Items	(350)	7	0	(364)
Housing Revenue Account	3,918	(1,379)	1,394	3,933
Total Specific Reserves	2,658	(2,408)	1,642	1,871
Total Reserves	32,503	(9,394)	1,740	24,828

3.80 MTFs Principle 6 is to maintain a minimum general reserve provision of 3% of net revenue expenditure over the period of 2021-26. The projected balance as at 31st March 2021 will be 4.8% in line with this principle.

3.81 The level of reserves held has been assessed alongside the overall budget proposal. This year the ongoing impact of the coronavirus pandemic has been a key part of the assessment.

In order to strengthen our financial position the council put in place an ongoing revenue risk budget as part of the overall revenue budget, and this has been maintained, this budget will be drawn upon in the first instance to support any unfunded pressures arising during the year.

Reserves held in the Transport and Equipment Fund, previously set aside to support the Capital Programme, will continue to be used in 2021-22.

3.82 The current and projected financial position of our Schools continues to be a challenge, the additional funding provided for 2020-21 has assisted in stabilising school budgets, the further funding provided in this year budget proposal will continue to assist schools in meeting the pressures they face, but it is essential that all Governing Bodies take action to provide a curriculum that can be delivered within the funding provided to them and ensure the implementation of deficit recovery plans. The school reserves are ring fenced but ultimately represent a potential council risk. It is essential that compliance work continues to be undertaken to ensure that school budgets are managed in accordance with regulations by Governing Bodies.

3.83 The use of these reserves will continually be reviewed particularly in light of the continued uncertainty arising from the pandemic and the funding made available to support it. The reserves position will be monitored carefully on a monthly basis as the financial year progresses. Under Section 26 of the 2003 Local Government Act,

an appropriate person (S151 Officer) must determine the minimum amount of General Fund Reserve.

Impact Assessment

- 3.84 There are Impact assessments for each of the service cost reduction proposals, attached at Appendix I. An impact Assessment for the whole 2021-22 budget has also been completed and will be scrutinised as part of the budget process.

4. Resource Implications and Section 151 Officer Opinion

- 4.1 The Local Government Act 2003 requires an authority's Section 151 officer to give a formal opinion as to the robustness of the budget estimates and the level of reserves held by the Council. This section of the report provides the Section 151 Officer's formal opinion.
- 4.2 Under Section 26 of the 2003 Act it is not considered appropriate for the balance of the Council's General Fund Reserves to be less than the maximum amount determined by an appropriate person, in this case, the Head of Finance and Section 151 Officer.
- 4.3 The draft budget has been produced within the framework of the draft MTFS. The introduction of scenario planning has ensured that the budget is developed in a prudent and flexible way, highlighting the risk faced by the Council as a result of changes in funding and increasing financial pressures, and offering some choice in how our resources are prioritised and the risk mitigated.
- 4.4 The process has been strengthened further with the continued development of Integrated Business Plans for each service, these plans capture the services' objectives and highlight their roles and responsibilities in supporting the Council's Vision 2025 Corporate Improvement Plan, along with the intended outcomes for service users and / or residents.
- 4.5 The Integrated Business Plans ensure that all elements of delivering the service are considered in a holistic way. Statutory obligations pay and price pressures, income streams, demographic changes and the impact on service demand, new responsibilities and changes in regulation are all thought through. Services assess options for service delivery, workforce and capital requirements, and calculate the budget requirement and the cost reductions that can be achieved whilst assessing the impact and risk associated with them.
- 4.6 The Council's MTFS guides the development of these plans and the 2021-22 implications are set out in the draft budget and draft 2021-2031 capital programme. A process of challenge and review undertaken with each Head of Service and the Executive Management Team provides assurance on the completeness and robustness of the estimates, whilst highlighting the risks associated with its deliverability.
- 4.7 This strategic approach to allocating resources ensures that the budget plan fully considers the delivery of Vision 2025, the transformation programmes we need to deliver and ensures that service improvement and appropriate levels of statutory provision are all included. Revenue and capital budgets are aligned and ensure that

our limited resources are prioritised to achieve maximum effectiveness in securing outcomes.

- 4.8 The level of cost reduction required in 2021-22 is again a significant challenge. When this is coupled with the ongoing need for improvement and the identification of further potential pressure in some services a prudent approach must continue to be adopted to support financial stability. Against that background, the draft budget includes a risk management allocation and the removal of prior years' unachievable savings from the 2020-21 budget adds resilience and robustness to our budget plan.
- 4.9 A series of documents and policies constitute the budget framework including the Reserve Policy. The need to hold an appropriate level of reserves has been brought to the fore as a result of the pandemic, the additional funding provided by Welsh Government has largely mitigated the financial impact of the pandemic on the Council, however, should the impact of the pandemic continue into future years the council may need to draw on its reserves to meet additional costs or supplement income losses. The level of revenue reserves held is appropriate to deal with this and unknown risks but and is consistent with the levels held by other councils. Even so, the position going forward will require reserves to be maintained at a prudent level. It is evident that, given the continued potential financial impact of the pandemic, future pressure and the need to deliver savings, the levels proposed in the budget and MTFS should not be reduced.
- 4.10 The current and projected financial position of our Schools continues to be a challenge. The additional funding provided for schools last year has helped stabilise school budgets this year and further funding provided within the budget proposal for 2021/22 will assist schools in meeting the inescapable pressures they face, but it is essential that all Governing Bodies take action to provide a curriculum that can be delivered within the funding provided to them and where appropriate implement their deficit recovery plans. The school reserves are ring fenced but, ultimately, represent a potential council risk. It is essential that compliance work is undertaken to ensure that school budgets are managed in accordance with regulations by Governing Bodies.
- 4.11 The Council has well established budget monitoring and internal control arrangements and these act as an effective early warning system in identifying potential problems and for managing potential areas of risk. This ongoing regular review highlights problems and risks early so that corrective action can be put in place and this is supported by a clear virement process which provides some flexibility to adapt expenditure patterns to meet changing needs and objectives.
- 4.12 The Local Government Revenue Settlement for 2021-22 again provides Powys with an increased level of funding. But there is no indication that this level of funding will continue beyond this year, the level of uncertainty surrounding the pandemic and its impact on the UK economy and public finances will be felt for many years to come.
- 4.13 The Council's budget is being set within this uncertainty. We continue to face significant pressures to manage the increasing demand for services whilst driving improvement across Social Care and Education. The proposed increase in council tax will help mitigate the position but the Council must seek other opportunities to identify alternative sources of funding.

4.14 Taking all the above into account, the Section 151 Officer concludes the estimates used in the budget proposal for 2021-22 are adequately robust but significant risk remains. Based on the assessment of reserves the overall level is adequate but remains at the lower end of acceptability given the scale of savings required, the ongoing impact of the pandemic and the financial uncertainty facing the Council over the medium term.

5. Legal Implications

5.1 The Solicitor to the Council (Monitoring Officer) has commented as follows:

5.2 The Report has been prepared in accordance with the requirements of the Local Government Act 2003 and the Local Government Finance Act 1992. In accordance with Section 25 of the 2003 Act, the Council must have regard to the advice of the Head of Finance (Section 151 Officer), as the Chief Finance Officer, regarding the robustness of the budget estimates and the adequacy of the financial reserves. This advice must be taken into account when considering the proposals in the Report and the recommendations from the Cabinet regarding the budget and the Council tax rate. In accordance with the Functions and Responsibility Regulations, agreeing the budget and setting the Council Tax rate under the 1992 Act is a matter for full Council. In accordance with Section 30 of the 1992 Act, the Council is required to set the Council tax for the next financial year on or before 11th March.

6. Members' Interests

6.1 The Monitoring Officer is not aware of any specific interests that may arise in relation to this report. If Members have an interest, they should declare it at the start of the meeting and complete the relevant notification form.

Powys County Council's Medium Term Financial Strategy 2021 to 2026

Yn agored a blaengar - Open and enterprising

Foreword by the Leader

This Medium Term Financial Strategy (MTFS) sets out how the Council will develop its financial plans and manage its finances over the next few years and over the medium term.

None of us could have predicted the impact the Covid 19 pandemic was to have on the Council, our residents or businesses. Our plans for many years have been made in challenging and uncertain times, and this year we find ourselves doing so again with the added uncertainty created by the worldwide pandemic.

Powys has received a positive settlement from Welsh Government for a second year. This will again go some way to ease the pressure on Council services. However, the Council's budget remains under significant pressure as service demand, our costs and investment requirements continue to rise.

The Council has responded to the decade of austerity by reducing its spending by more than £100 million and has had to increase Council Tax year on year. Our focus has been on improving efficiency and as far as possible protecting crucial front line services from cuts whilst improving the quality of our social services for children and adults and Education across the county.

The combination of these factors, and continued uncertainty nationally around the path of the pandemic, the economy and public finance outlook, mean that we continue to face one of the most challenging periods in the history of Powys County Council. We must push ahead with our programmes of transformation across all our services while maintaining our focus on delivering high quality local services to our residents.

The Council has continued to make significant progress on its improvement journey during 2020 despite the Global pandemic. This has been recognised by regulators who were suitably assured of the progress made in both Adult and Childrens Services and the governance and ability of the Local Authority to continue this improvement without additional monitoring activity.

The case for transforming education provision across the County is now widely recognised. This year we approved an ambitious ten-year strategy that will transform education in Powys and reshape our education system so that it can provide lifelong learning opportunities for all our young people and equip them with the skills and knowledge they need to fulfil their potential.

This MTFS continues to see closer alignment between the policy framework and the way we plan to use our finances. This is supported by an approach which ensures that our limited resources are prioritised on securing outcomes that matter most to our residents. Our vision set out in our Corporate Improvement Plan Vision 2025 (<https://en.powys.gov.uk/vision2025>) is that by 2025 Powys will be widely recognised as a fantastic place in which to work, live and play.

The Cabinet has a bold and ambitious programme to see Powys play a significant role in the economy of Wales. The economy has to be at the heart of our thinking, without a strong vibrant, enterprising economy how will we provide quality jobs for our young

people, create and nurture our local companies and attract leading companies to Powys. The Mid Wales Growth Deal has secured a £55 million investment from the UK Government to support economic projects across Powys and Ceredigion, and Welsh Government have committed to match this. It is essential that we see Powys retain its young people in new and innovative employment sectors whilst recognising that our traditional sectors of agriculture and tourism will also expand and flourish.

There is a close link to our funding settlement because if we can increase employment and the numbers living in our county we will attract more funding to deliver key services. This will help secure the County as a place that provides the right environment for communities and business to thrive.

Rosemarie Harris
Leader of Powys County Council

Introduction

This document is the financial strategy for Powys County Council for the period 2021 to 2026. It has been developed as part of the overall strategic planning process alongside Vision 2025, the Council's Corporate Improvement Plan. The strategy captures the financial, regulatory and policy drivers affecting the council and sets the direction and approach. It also incorporates the plan for delivering a balanced budget for 2021/22, and indicative budgets for the following 4 years to March 2026. This means the Council has an ongoing financial plan to enable service transformation within the funding levels available.

This financial strategy includes all Council services activity funded by the revenue budget, the Housing Revenue Account and the Capital programme. This information is presented in a 5-year budget model and a 10 year Capital Programme.

The model sets out how a balanced budget will be developed for 2021/22.

The model identifies the estimated requirement for the Council to find ways to reduce its spending by around £57 million over the five-year period of this strategy. Given that local government does not yet have funding information from Welsh Government beyond 2021/22, this assessment is based on indicative figures focusing on how Local Government Settlements in Wales may be affected by central government's finances in the future. It is therefore based on best available information. However, forecasting for future years is difficult to predict with any great certainty and is subject to multiple internal and external influences.

MTFS Principles

As well as consideration of future income and expenditure scenarios, the MTFS provides a set of clear principles which will drive the Council's budget and spending decisions over 2020-25 and which Members and others can examine and judge the Council's financial performance against. The ten key principles are to ensure that:

1. The Council will continue to meet its statutory obligations and to demonstrate how its budget supports the priorities contained in Vision 2025.
2. The Council's financial control system will be sufficiently robust to support the delivery of financial plans and mitigate corporate risks.
3. All Council budgets will be reviewed annually to ensure resource allocations are delivering value money and continue to align to the delivery of priority outcomes in Vision 2025.
4. Financial plans will provide an optimum balance between income and expenditure for both capital and revenue.
5. Reserves will not be used to fund recurrent budget pressures or to keep down council tax rises.
6. The Council's General Fund reserve will be maintained at a minimum of 3% of Net Revenue Expenditure over the period of the MTFS.

7. Capital investment decisions will support the Council's corporate priorities and mitigate any statutory risks taking account of the return on investment and robust business cases.
8. Prudential borrowing will only be used to support the capital programme where it is affordable and sustainable within the Council's overall borrowing limits and the revenue budget over the long term.
9. Decisions on the treatment of surplus assets will be based on an assessment of the potential contribution to the revenue budget and the capital programme.
10. Budgets will be managed by members of SLT in accordance with the Council's Financial Procedure Rules.

Strategic Context

Economic and Fiscal Outlook

The Office for Budget Responsibility (OBR) published its report "Economic and fiscal outlook" in November 2020. The report provided an analysis and forecast of the UK's public finances.

The coronavirus pandemic has delivered the largest peacetime shock to the global economy on record. It has required the imposition of severe restrictions on economic and social life; driven unprecedented falls in national income; fuelled rises in public deficits and debt surpassed only in wartime; and created considerable uncertainty about the future. The UK economy has been hit relatively hard by the virus and the public health restrictions to control it.

Gross Domestic Product (GDP) in the UK is set to fall by 11 per cent for 2020.

The virus has taken a heavy toll on public finances, receipts are set to be £57 billion lower and spending £281 billion higher than last year. The combined impact of the virus on the economy and the Government's fiscal policy response has pushed the deficit this year to £394 billion, (19% of GDP) its highest since 1944-45.

The support to households and businesses has prevented an even more dramatic fall in output and eased the likely longer-term adverse effects of the pandemic, the furlough scheme, grants, loans, tax holidays and reliefs have helped businesses, but forecasts anticipate a significant rise in unemployment to 7.5% as support is withdrawn.

The economic outlook remains highly uncertain and depends on the future path of the virus, the restrictions put in place and the role out of the vaccine. It also depends on the outcome of the Brexit negotiations.

The OBR present 3 scenarios on the path of the virus, the best of which sees output returning to pre-virus forecasts with the worst case leaving output permanently

scarred by 6%. This is also based on an assumption of a smooth transition to a free trade agreement with the EU.

The scenarios suggest the deficit will peak at between £353 and £440 billion (17 to 22 % of GDP this year. Over the medium term the forecasts suggest that the deficit will settle at between 1.7 and 6.1% of GDP by 2025-26.

Unlike previous recessions the greater portion of the fiscal cost of the virus arises from Government's discretionary policy response rather than the hit to the economy caused by the virus.

Under the OBR's central forecast the pandemic leaves the public finances in a weaker position in the medium term and significantly adrift from any definition of balance in previous fiscal frameworks. Headline borrowing remains close at 4% of GDP and the current budget remains in deficit by 1% of GDP by the end of the forecast missing the Government's budget 2020 target to balance by 2023-24.

Halting the continued rise in public debt is likely to require some fiscal adjustment once the virus has ran its course, tax rises or spending cuts of between £21 billion and £46 billion (between 0.8 and 1.8% of GDP) would be required merely to stop debt rising relative to GDP.

UK Government's Spending Round : Implications for Wales

The Spending Review provided the Welsh Government (WG) with a core Resource Departmental Expenditure Limit (DEL) of £15,660 million excluding block grant adjustments, which was 4.6% higher than the 2020-21 baseline. In addition, WG received £242m for farm funding and £2m for fisheries which are outside Barnett. The Spending Review also announced additional funding for COVID19 next year, of which Wales will receive an extra £766m.

The Spending Review also included a reduction of £131m to the capital budget compared to the 2020-21 baseline.

The UK Spending Review only covered a single year, so provides little information about the prospects for the Wales budget beyond 2021-22. There will be a further Spending Review next year to provide plans for 2022-23 and beyond.

It is possible that the UK Budget on 3 March 2021 will also have a considerable bearing on the Welsh Government's finances for 2021-22, through further spending or new taxation measures.

Welsh Government's Draft Budget for 2021-22

Overall, the Welsh Government's Total Managed Expenditure will be just over £21bn in 2021-22. Within that definition is the Departmental Expenditure Limit (DEL) which is the element of the budget under direct Ministerial control.

The capital and revenue DEL has increased by £1.4bn (8.2%) to £18.9bn. Day-to-day spending will increase by £862m (5.5%) to £16.5bn and spending on capital will increase by £566m (30.8%) to £2.4bn. The capital increase is large as the Welsh

Government has borrowed and drawn from its reserve, there is undoubted reprofiling in the baseline as well.

Welsh Government's priority is protecting health and public services, providing an additional £420m for health and social services supporting the NHS's growth and recovery post-pandemic, and a settlement for local government of £176m to support pressures on schools and social services.

Alongside this, specific, targeted allocations include a further £40m support for the Housing Support Grant, over £20m for sixth form and further education demographic pressures, £9.4m will support crucial community and school mental health services in addition to a range of investments that further bolster efforts to tackle inequality.

As part of the "building a greener future" investment in housing, combating climate change, and reinvesting in town centres has been prioritised. An additional £36.8m for social housing, and £5m more to develop the National Forest and invest in wider biodiversity. An extra £40m is invested in education infrastructure, including £5m for the net-zero carbon schools pilot. Funding is provided to continue decarbonising transport, boosting the funding for active travel by £20m, and providing a total investment of £274.7m in rail and metro.

Welsh Government are making use of their devolved tax powers to help Wales recover. With effect from 22 December 2020, the starting threshold of the land transaction tax paid on non-residential property purchases is lifted by 50 per cent, businesses will pay no tax on purchases costing up to £225,000. The higher residential rates of land transaction tax will rise by 1 percentage point to provide additional funding for the Welsh Government to invest in their housing priorities.

From April 2021, landfill disposals tax rates will increase in line with inflation to support the landfill disposals tax policy objective of reducing waste going to landfill in Wales. This is consistent with UK landfill tax rates for 2021-22 and thus will also act to protect against the risk of waste being transferred across Wales –England border to take advantage of lower rates. An additional £13.4m is provided to support children and young people, including £8.3m for curriculum reform.

Investment will also support the development of improved digital public services, reformed procurement for social value and new cultural projects promoting black history in Wales.

The Local Government Revenue Settlement

The Aggregate External Finance (AEF) will increase by £176 million a 3.8% increase. Authority's settlements range from the lowest increase in Ceredigion with 2% and the highest in Newport with an increase of 5.6%. the range largely reflects the movement in datasets including a change to use the mid-year population estimates.

Figure 1: Changes to AEF, 2020-21 to 2021-22 by local authority

Source Welsh Government Provisional LGF Settlement 2021-22

The impact of the Coronavirus Pandemic

The pandemic has already had a profound and immediate effect on public sector finances. The impact on public spending over such a short period of time is unprecedented in modern peace time.

The Council's financial position has been supported heavily by additional funding from the Welsh Government through 2020/21 and without this the Council would have had to draw heavily on its revenue reserves to balance the budget during the year.

It is likely that the financial impact of the pandemic will continue into 2021/22 and will almost certainly affect public sector finances for many years to come irrespective of the course of the pandemic.

The pandemic has affected our financial position both in terms of additional costs and loss of income. Additional costs are most significant within Social Services and Education as well as providing Free School Meals and funding the cost of Personal

Protective Equipment. There is further pressure on the Council Tax Reduction Scheme as the number of claimants rose by 850 claimants at an estimated increase of £600k and it is likely to rise further through 2021. The loss of income has been suffered across many services, with significant losses from car parking, licencing and sampling, and trade waste. Council Tax collection is also reduced by 0.66%.

Planning over the medium term is difficult with heightened levels of uncertainty, not only in respect of settlement funding levels but also the continued impact on our own income streams for Council tax and fees and charges, will these recover to normal levels post pandemic or will the impact continue into future years. The economic impact of the pandemic is also likely to have wider repercussions for people's ability to pay for services.

Given the breadth and depth of the impact of the pandemic to date, alongside the uncertainty surrounding its future course, the Council will continue to face difficult choices for year to come.

To ensure our future sustainability robust medium term financial planning is crucial.

Local Context

Powys County Council has taken action to reduce its spending by more than £100 million over the last decade as a response to cuts in government funding and the need to meet inescapable additional costs in some areas.

The local context affecting our funding and demand for services is well recognised and heavily influenced by Powys being sparsely populated with a wide geographic area requiring services. Powys has a higher than average older population that is predicted to increase at a faster rate than the national average. This statistic can largely be attributed to people living longer as a result of better healthcare and improved lifestyles together with an inward migration of people above retirement age to the County. Conversely, the county's younger population is declining with a reducing birth rate and a sizeable outward migration of young people. Further and higher education and career opportunities are the main contributors to this trend.

These factors in combination present significant challenges to the Council. As evidenced in the Rural Cost Analysis (<https://en.powys.gov.uk/article/7842/Funding-changes-needed>) the provision of services to a dispersed and relatively small population is expensive as a result of greater transport costs and the demand for facilities to be delivered locally or within a commutable distance.

This Council understands its legal obligation to set and deliver a balanced budget each year and has a significant transformation programme underway to improve the quality of key services such as education, social care, highways, transport and recycling while also reducing our operating costs over the medium term.

On the current modelling, to deliver a balanced annual budget between April 2022 and 2026 the Council will need to reduce its spending by more than £45 million and to increase council tax by 5% year on year. This will be achieved through

transformational change and cost efficiencies but reductions in some services offered will also be inevitable.

Vision 2025 – Our Corporate Improvement Plan

Vision 2025 was approved by full Council in April 2018 and it set out the long-term vision for the council.

The Vision and Corporate Improvement Plan have been reviewed and the priorities redefined as follows:

- **The Economy** - We will develop a vibrant economy
- **Health and Care** - We will lead the way in providing effective, integrated health and care in a rural environment
- **Learning and Skills** - We will strengthen learning and skills
- **Residents and Communities** - We will support our residents and communities

The Corporate Improvement Plan is our road map for the next four years, setting out our top priorities and milestones, including those we are working on with our partners which are also articulated in the Powys Public Services Board Wellbeing Plan Towards 2040, and the Powys Regional Partnership Board Joint Area Plan A Healthy Caring Powys.

The revised Plan will be presented to full Council in February for approval.

Delivering Vision 2025: Transforming the Council

The Council continues with its ambitious Transformation Programme to help deliver Vision 2025, the governance of which is shown in the diagram below.

Governance of Transformation

The Vision 2025 Transformation Programme contains nine key programmes as shown in the diagram below.

DELIVERING VISION 2025

TRANSFORMING OUR COUNCIL - HOW WE WILL DO THIS

Transformation Delivery Board
 Chair: Powys County Council Leader
 Cllr Rosemarie Harris

TRANSFORMING EDUCATION

Senior Responsible Officer:
Dr Caroline Turner

Lead Officer:
Emma Palmer

Affordable Housing

Senior Responsible Officer:
Nigel Brinn

Lead Officer:
Nina Davies

Extra Care

Senior Responsible Officer:
Ail Bulman

Lead Officer:
Dylan Owen

Tyfu Cwmorth Llymu Growing Mid Wales

Senior Responsible Officer:
Nigel Brinn

Lead Officer:
Nina Davies

NORTH POWYS Wellbeing

Senior Responsible Officer:
Ail Bulman

Lead Officer:
Dylan Owen

DIGITAL POWYS

Senior Responsible Officer
Nigel Brinn

Lead Officer: Diane Reynolds

INTEGRATED BUSINESS PLANNING

Senior Responsible Officer
Dr Caroline Turner

Lead Officer: Jane Thomas

WORKFORCE FUTURES

Senior Responsible Officer
Alison Bulman

Lead Officer: Paul Bradshaw

Portfolio Holders:

- ▶ Transforming Education – Cllr Phyl Davies
- ▶ Affordable Housing – Councillor Iain McIntosh
- ▶ Extra Care – Cllr Myfanwy Alexander
- ▶ Growing Mid Wales – Cllr Rosemarie Harris
- ▶ North Powys Wellbeing – Cllr Myfanwy Alexander
- ▶ Digital Powys – Cllr Graham Breeze
- ▶ Integrated BP – Cllr Aled Davies
- ▶ Workforce Futures – Cllr Graham Breeze

The Programme is governed by a Transformation Delivery Board comprising the Cabinet and the Executive Management Team and progress of each programme is included in the Council's performance management reports which are presented to Cabinet each quarter. There are service transformation programmes also underway across the Council and progress on these also reported to the Board at regular intervals whilst some services: Social Services, Education, Housing and HTR report directly to Service Improvement Boards.

Medium Term Financial Planning

The Council's budget planning has traditionally been determined using an incremental budgeting approach and has tended to focus on one year with limited development over the longer term. This will not deliver a sustainable financial position for the Council going forward. The Council is therefore moving to an Outcome Based Budgeting approach, focused on the medium to long-term and aligned to service and workforce planning.

The strategy is based on an approach which brings together all elements of the Council activity to deliver Vision 2025, a programme of transformation, and one which encompasses service improvement and delivers appropriate levels of statutory service. It will better align revenue and capital to ensure that our limited resources are prioritised to achieve maximum effectiveness and based on securing outcomes that matter to our residents.

The strategy is supported by a detailed five year budget model. The budget model has been improved with scenario planning across Best, Most Likely and Worse case scenarios. Funding, pay and price pressures and changes in service demand have been modelled on this basis and the budget gap identified for each year of the plan. This provides the basis for the allocation of funding to each service.

The introduction of the Integrated Business Plan has been developed over the last couple of years and the process is now starting to embed across the Council.

Service Evaluation is key to the process, performance, cost analysis, benchmarking, regulatory recommendations, proposals for improvement and Service User / Resident Feedback all feature. The objectives for the services which align to the 5 ways of working and the 7 Well-being goals of The Well-being of Future Generations (Wales) Act 2015) and meet statutory requirements and legislative changes are defined.

In finding sustainable solutions for service delivery objectives should broadly align to any 1 of the following requirements:

- Objectives to redesign services to deliver them more efficiently, effectively or in an alternative manner.
- Objectives that identify key delivery partnerships or outsourcing opportunities

- Objectives that realise opportunities to stop delivering services because requirements or priorities have changed, allowing the planned release of resources.
- Objectives that realise opportunities to generate additional income.

Workforce implications are identified and inform the council's workforce development and training needs. Risks and impact are assessed and defined.

The service area budget is developed based on the allocation of resource to deliver each of the objectives. These individual Integrated Business Plans all feed into the overarching Corporate Plan and budget for the Council.

Funding Assumptions

The Welsh Government provides funding to the Council in the form of a Revenue Settlement Grant (RSG) and a share of the National Non-Domestic Rates Pool (NNDR). Together they constitute the Council's Aggregate External Finance (AEF), which represents approximately 68% of our funding.

The Provisional Settlement or Aggregate External Funding (AEF) figure was announced on 22nd December 2020 at a level of £191.897 million. Funding in Powys has increased in cash terms by £7.343m a 4% increase. This includes adjustments to the 2020/21 base figure with a transfer in for the Teachers Pay Grant, £160k, and data changes of £105k.

Powys has £1,449 of funding per capita, compared to the Wales average of £1,471 and the year on year change ranks 6th out of all the Unitary Authorities, but when adjusted for transfers the revised ranking is 8th in terms of its increase, the highest being Newport with 5.6% and the lowest Ceredigion with a 2% increase.

Welsh Government did not receive any additional funding through the Barnett formula to provide for public sector pay awards next year given the UK Government's decision to pause public sector pay rises. The settlement does not therefore provide for any increase in public sector pay, the implications of pay awards in 2021/22 will need to be accommodated within our budget plan.

The Finance Minister's statement is clear that Welsh Government recognise the need to continue to provide funding to support the response to the pandemic. This will be considered separately and does not form part of the settlement.

Powys collects NNDR (more commonly known as Business Rates) from businesses within the county. These funds are pooled at a national level and redistributed to Councils via a formula. Powys receives over £13m more than it collects.

Powys' Settlement also reflects movements in the factors included in the overall formula like population projections, pupil numbers and benefit claimant counts. The key indicators are shown in the table below.

Changes in Key Datasets

Dataset ¹	Powys				All Wales		
	2020-21 Final	2021/22 Provisional	% Difference	Rank	2020-21 Final	2021/22 Provisional	% Difference
Population ²	132,084	132,475	0.3%	17	3,136,749	3,163,125	0.8%
Pupil Numbers - Nursery and Primary	9,746	9,577	-1.7%	20	263,655	261,664	-0.8%
Pupil Numbers - Secondary in year groups 7-11	6,306	6,452	2.3%	9	161,806	165,357	2.2%
IS/JSA/PC/UC (not in employment) claimants - 18 to 64	1,480	1,782	20.4%	3	79,026	90,136	14.1%
IS/JSA/PC claimants - 65+	4,248	4,035	-5.0%	17	105,082	100,207	-4.6%
IS/JSA/PC/UC (not in employment) claimants - all ages	5,740	5,837	1.7%	16	184,558	191,132	3.6%
SDAD/LA/PIP claimants - 18 to 64	4,502	4,502	0.0%	15	142,023	142,657	0.4%

The total number of people living in Powys has declined over recent years but the table above shows a slight increase, this may however be due to the change in the data collected which is now based on the mid-year estimates. The population across Wales has increased and the change across other authorities has an impact on Powys and the distribution in funding. The population trend across Powys is shown in the table below with further decline expected.

Powys has seen a continued decline in pupil numbers over the last ten years and although numbers are stabilising, they are not projected to recover to their former levels. Even if maintained at their current levels, the increase in numbers elsewhere in Wales will potentially mean we have less funding in our future settlements.

Welsh Government have not provided any settlement figures for future years. The table below models the percentage change in AEF if a reduction were applied. A 1% reduction equates to £1.8 million.

% change in AEF	0.50%	1.00%	1.50%	2.00%	2.50%	3.00%	3.50%	4.00%
£'000	918	1,836	2,754	3,672	4,589	5,507	6,425	7,343

Due to the amount of funding delivered to the Council in this way, any change can be significant and in order to plan over a 5-year period we have modelled a number of funding scenarios ranging from plus 2% to minus 2%.

Specific Grants

In addition to the AEF, Councils also receive specific grants which are accompanied by specific terms and conditions as to how they can be used. We receive around £70m of grant funding each year. These grants can change year on year and where a grant has been reduced or withdrawn, the Council's policy is that the service funded by the grant also reduces or ceases.

Council Tax

Council Tax represents around 32% of the Council's Net Revenue Budget. Powys' Council Tax contribution is proportionally greater than other Authorities, an authorities' ability to raise Council Tax is calculated on the Council Tax base and Powys has a higher Council Tax base than most of the other authorities. The below graph shows the percentage of each Local Authority's Standard Spending Assessment covered by central funding (AEF).

In our financial model (FRM), we are proposing an increase in Council Tax each year of 5% for future years.

The total Council Tax households will have to pay will be affected by decisions from public bodies, including Community Councils and the Police Authority. The following

table indicates the additional permanent funding that Council Tax increases ranging from 1% to 10% would produce.

% change in Council Tax	1.00%	2.00%	3.00%	4.00%	5.00%	7.00%	10.00%
£'000	927	1,855	2,782	3,709	4,636	6,491	9,273

A balance needs to be struck between the ability to raise enough money to fund important services to the right level and the impact increasing taxation has on the residents of the County. Average council tax per dwelling in Powys for 2020/21 was the 3rd highest in Wales, this is particularly sensitive in a county with one of the lowest average wage levels in Wales. The graph below compares Powys against Welsh Local Authorities in terms of 2020/21 council tax average cost per dwelling and the Band D average (these figures include all precepts).

For 2020/21, the average annual Council tax bill for a Band D property in Powys was £1,692 (including community council and police precept). This was broadly in line with the Wales average for Band D properties of £1,667.

The table below shows the Band D Council Tax level for each of the local authorities in Wales (excluding all precepts).

Council Tax collection rate for 2019/20 was 97.2% (0.1% down on previous year) which compares with an average of 97.0% for all unitary authorities in Wales. The highest collection rate in Wales for 2019/20 was 98.0%

The pandemic has had an impact on Council tax collection across Wales, at the end of November 2020, an average reduction of 1.58% has been recorded. Powys has suffered the least impact with collections rates down by 0.66%. In setting the Council Tax base for 2021/22 the ongoing impact of the pandemic has been considered and the collection rate reduced by 0.1%. Future years will be assessed on an annual basis.

Revenue Budget

Our revenue budget indicates what we will spend on day to day services. It includes the cost of salaries for staff employed by the Council, contracts for services procured by the Council, other goods and services consumed by the Council and the cost of financing borrowing to support the capital programme. Our revenue spending priorities are determined according to the Council's statutory responsibilities and local priorities as set out in our corporate plan (Vision 2025).

Reductions in funding and increasing cost pressures place significant pressure on service delivery. Over the last decade we have made savings of more than £100m. Our financial strategy must identify and calculate the impact of pay, price and inflationary increases, changes in demand for service provision, changes in statutory and legislative obligations, and the funding of our local priorities.

Each Services Integrated Business Plan will inform the overall Councils Budget Plan, these will define all the objectives of the service. The plans capture the service's vision and highlights its key roles and responsibilities in supporting the Councils Vision 2025 Corporate Improvement Plan Outcomes, and statutory responsibilities along with the intended outcomes for service users and / or residents. In addition, the Programmes to deliver the Vision 2025 have been developed and are monitored through the Council's Transformation Delivery Board for inclusion in the annual budget cycle and 5-year plan.

It is expected that the Vision 2025 will be delivered within the existing Revenue Budget. Some investment may be required to support capital expenditure or transformational activity and funding identified to support our plans will be allocated on the basis of sound business cases.

A number of overarching assumptions are included in our planning, a summary of which together with a sensitivity analysis of the projections are as follows:

Driver	Comments	Sensitivity: +/- 1% (£m)	Best	Most Likely	Worst
Revenue Support Grant & Non-Domestic Rates Funding	Welsh Government have not indicated funding levels for future years	£1.83m	2.0%	-	(2.0%)
Council Tax	Cabinet have set the current assumption at 5% increase per annum 2022/23 onwards	£0.92m	5.0%	5.0%	5.0%
Council Tax Reduction Scheme	As Council Tax rates increase the cost of the Council Tax reduction scheme will also increase	£0.09m	£0.45m	£0.45m	£0.45m
External Grants	External revenue grants expected in 2021/22	£0.70m	-	-	-
Pay Awards: General	Includes NI & Pensions; excludes Schools Delegated	£1.10m	1.00%	1.00%	1.00%
Other Inflation/ Price Pressures		£0.74m	2.00%	2.00%	2.00%

We set our budget within a statutory framework under the Local Government Act 2003 that requires a balanced budget for the forthcoming financial year. There is no requirement to set out a balanced position beyond the next year but the five-year strategy has been developed to enable longer term planning and transformation.

The Medium Term Financial Strategy:

- Identifies the cost of implementing our Vision;
- sets out future funding levels from Welsh Government;
- considers the level of Council Tax to be raised;
- identifies and estimates the cost pressures facing the Council;
- sets out the policy on Reserves;
- identifies the gap between our funding and expenditure.

How we will balance the budget

In order to deliver an ongoing balanced budget, the gap in our financial planning must be closed. Due to the uncertainty of the funding we will receive from Welsh Government we have modelled Best Case, Most Likely and Worst Case scenarios, these capture different levels of funding, Inflation and provision for Service Pressures as well as some service reductions that form part of services three year plans.

Assumptions set out throughout the strategy are based on the worst case funding scenario, the graph below shows the impact of the various funding possibilities against the increasing level of pressures.

The FRM highlights that over the next four years we estimate £49.3 million of pressures (including inflation, capital financing cost to support borrowing on the capital programme and service pressures). The worst case scenario provides additional funding of 5% council tax funding, there is a financial gap of £37.4m by 2025/26. This includes mitigation by Cost Reductions of £7.7 million.

Summary of Gap - Scenarios	£'000	2022/23	2023/24	2024/25	2025/26	Cumulative
Best Case +2%		3,212	1,721	1,178	1,441	7,553
Most Likely - Flat Cash		7,050	5,482	4,864	5,053	22,450
Worst Case -2%		10,888	9,243	8,550	8,666	37,347
Includes - Cost Pressures		17,133	11,508	10,471	10,191	49,304
Cost Reductions		(5,645)	(1,361)	(714)	0	(7,720)

The current worst case FRM modelling is summarised below.

FINANCE RESOURCE MODEL 2021-2026

The following strategies will be developed to close the gap:-

- The transformation of service provision;
- Improved efficiency and a “Right First Time” ethos;
- Identification of investment opportunities and income;
- Capital Programme – reviewed, opportunity to invest;
- Cross Cutting Themes;
- Commerciality/income generation/fees and charges;
- Reconsider the levels of Council Tax increase;
- Some service reductions – ceasing or reductions to levels of service;
- The use of the Spend to Save reserve to support transformation;
- The raising of capital receipts to support transformation.

Council Wide Operating Principles for Transformation

- Moving from an organisational focus (supporting our own internal requirements and functional silo’s) to a focus that looks to meet our residents and communities’ needs;
- Management ethos focuses on improving the outcomes for residents and communities by removing barriers.
- Moving from functional silos to services that effectively meets our residents and communities’ demand.
- Decision making is based on a clear set of principles, experience, knowledge, robust evidence and is taken as close to the frontline as possible.
- Continuous improvement informed by timely data which will measure how well we are delivering outcomes for residents and communities.
- Accountable for activities and accepting responsibility, resulting in transparent delivery of effective outcomes.
- We challenge everything we do, and will realise the right outcomes using our transformation methodology.
- Partnerships are outcome focused, based on collaboration and strong relationships (working together, stronger together).

The transformation of services will require investment to implement. This is supported within our financial planning by using capital receipts to capitalise appropriate costs under the Welsh Government Capitalisation Directive. We will also bid for additional resources from Welsh Government to support our programme.

Budget Principles

The approach to budget setting is underpinned by the following Budget Principles approved by Cabinet:-

- a. Flexible, Remote and Mobile working
This is already underway and should be aligned to downsizing corporate offices and increasing productivity. There is considerable cost tied up in the corporate estate and a savings target for accommodation savings will be explored. This must be based on a new approach to working arrangements.

- b. Improving Collaboration
The Welsh Government's policies on local government collaboration mean we will continue to seek partnering arrangements. There may be scope to explore the various collaborative models including partnerships and shared services. We already collaborate but more can be done and the Local Health Board is a key partner under this theme.
- c. Customer Insight
The Business Intelligence function has made progress since its creation. However, we are still richer in data than information. Improved decision making and performance through better customer insight may be an area where financial gains can be made.
- d. Business Process Improvements
There is already good evidence that progress has been made in this area. However, this is patchy and the organisation needs to fully embrace business process improvement techniques. Technology can assist this area and the introduction of a new finance system will be a key element as well as integrating systems to make processes more efficient. Investment here can bring significant savings which may not impact directly on front-line service delivery and therefore should be politically easier to deliver.
- e. Productivity
Access to information, better techniques and relevant training can increase productivity and more responsive services (this should be linked to business process improvements outlined above). Areas such as customer relationship management, workflow and case management can also be looked at under this theme.
- f. Flexibility
It may be appropriate to support the workforce in work/life balance issues whilst remaining within Local Government terms and conditions. The council has already offered the workforce the options of a more flexible approach to leave arrangements that sees staff `buy` additional holiday by being able to take unpaid leave to external holidays. The benefit of a more flexible workforce, increases morale and productivity.
- g. Commercialisation.
A more commercial approach is already evident with contracts being won, and services provided, to other public organisations. The Council has already set up "Powys Commercial Services" a local authority trading company and this provides a vehicle for additional trading opportunities. This will form a key part of our future planning. There is great scope to increase the income flows to the Council. The services will need to be run on a commercial basis and will have to compete locally as well as nationally. Property is another area where we can increase income from taking a more speculative approach to acquisitions, leases and development.

Income, Fees and Charges

Income generated through fees, charges and rentals plays an important part of our financial strategy. The Council raises approximately £70m of income annually. An **Income Policy** is in place together with a Fees and Charges register. It is important that fees are reviewed at least annually as part of the budget setting process and reviewed during the year, in line with the Council's income policy. This will ensure existing targets are being met, additional costs are being recovered through charging, and any further income potential is explored to maximise the Council's resources.

The Wellbeing and Future Generation Act – Assessing the impact of our decisions

The Wellbeing and Future Generation Act enshrines in legislation sound principles that mean the impact of decisions should be considered over a wide range of stakeholders over a longer period. The Council has a thorough impact assessment process in place to ensure that all decisions are properly considered. All budget decisions will continue to be assessed rigorously to ensure that the impact is understood and that prudent and sustainable budgets continue to be set.

Capital

The Capital Strategy is fundamental to the effective delivery of the Council priorities and our Vision 2025. It facilitates a seamless interface between business planning within the Council and the management of assets and capital resources. This will ensure that the provision of resources and future investment are prioritised. The provision of the right asset in the right place at the right time will ensure the effective and efficient delivery of a comprehensive range of quality services. It is aligned to the Asset Management Plan and the major investment plan for 21st Century Schools, jointly funded with Welsh Government.

The future capital requirements will align with the revenue budget, ensuring investment is linked to service development and commerciality. Ultimately, our aim is to use fewer resources, including our buildings, but use these far more efficiently.

The Capital Programme is closely aligned to the Treasury Management Strategy, in terms of identifying and undertaking necessary borrowing and when cash will be paid into the Council's bank to support cashflow.

The Council is required to make an annual charge against its revenue budget for the repayment of its debt liability in respect of capital expenditure funded by borrowing, for both the General Fund and Housing Revenue Account Debt. This is called the Minimum Revenue Provision (MRP). The Council revised the method of calculating MRP to a 2% straight line for the General Fund, for debt going forward.

A Welsh Government Directive has provided Authorities with the opportunity to utilise capital receipts from the sale of property and other assets to fund transformation costs. Powys has used this opportunity appropriately to capitalise such costs since April 2016 and will again use this to support transformation costs including staff severance costs.

A **Capital Receipts Policy** has been developed to support this approach which includes the projected level and use of receipts over the period for which the directive applies. The disposal of surplus property and assets will be assessed on an annual basis and the level of receipt projected and considered within the budget model.

The directive ends on the 31st March 2022 and our budget plan recognises this and builds in an ongoing revenue budget to support these costs into the future.

Reserves

The **Reserves Policy** establishes a framework within which decisions are made regarding the level of reserves held by the Council and the purposes for which they will be maintained and used. This is a key component of the MTFS as a sound reserves policy is essential in order to underpin the financial sustainability of the Council. It is for this reason that we have developed our approach to reserves through an effective policy.

The use of reserves and the levels at which they are maintained is determined on an annual basis as part of the Council's budget setting process following a risk based assessment. The approach is supported by the policy around the use of reserves. All reserves are corporate rather than service based.

The Council faces a continuing financial challenge and it is essential that a prudent reserve level is in place to ensure enough financial capacity is available. This cannot be stressed too highly given the level of cost reductions, the risk inherent in the budget and the significant challenge to balance the budget over the medium term.

The level and purpose of holding of reserves is a matter for each authority to determine as part of sound financial management.

The more reserves held by a council indicates that its financial position is more sustainable. As per the recent Audit Wales report "Financial Sustainability of Local Government as a result of the COVID-19 Pandemic" October 2020, Powys' useable reserves were 10% of the net cost of service. Nine other authorities were around this level, one was much lower at 5% whilst 12 others ranged from 18% to 33%.

Ring-fenced and Specific Reserves are identified and held for defined purposes, this includes a Spend to Save reserve which provides a source of funding for transformational activity across the Council.

Investments and Borrowing

The Council has a clear Treasury Management and Investment Strategy which is approved at Council each year and sets out the expected activities and appropriate strategies of the Treasury function in respect of borrowing and investments.

Cashflow management is essential to ensure we minimise our need to borrow. Strengthening the understanding and importance of this function could facilitate stronger working capital and the ability to invest balances at a rate of return level of around 0.5%. In recent years, minimal investment income has been achieved through

cashflow management, because of the uncertainty about the level of capital spending profile. A return could be achieved if we had confidence in capital obligations alongside corporate changes to creditor payments and debt collection.

The strategy confirms the need to borrow to support the capital programme and continue to be significantly under borrowed. The consequence of which is the reduced cost of borrowing and the revenue budget model and forecast are revised regularly to assist the budgets.

The Council's policy of avoiding new borrowing by running down spare cash balances has served well over the last few years. However, this needs to be carefully reviewed to avoid incurring higher borrowing costs in later times when the Authority will not be able to avoid new borrowing to finance capital expenditure and/or to refinance maturing debt. The coronavirus outbreak has done huge economic damage to the UK and economies around the world. The Bank of England took emergency action in March to cut Bank Rate to first 0.25%, and then to 0.10%. Current forecasts do not predict an increase in Bank Rate in the near-term, a little upward movement in PWLB rates over the next two years is however expected. Borrowing to cover the future capital programme costs will be considered against the cost of carry.

Risks and Risk Management

At a time when the Council is facing unprecedented challenges, the effective management of risk is needed more than ever. A risk-managed approach to decision making will help us to achieve the objectives of Vision 2025 and deliver services more efficiently, using innovative and cost-effective means.

A ***Risk Management Framework*** is in place to ensure that at all levels of the organisation we are able to identify risks which would prevent us from achieving our objectives (including failing to take advantage of opportunities). There is clear guidance on the terminology associated with risk management and the process itself, along with a set of practical tools and techniques to help us manage risks, deliver objectives, meet targets and maintain resilience.

We must not lose sight of the fact that risk is inextricably linked to opportunities and innovation. The Council cannot be risk adverse, and it needs to take full advantage of opportunities for improving services therefore we need to be proactive in the way that we identify and manage our risk.

Having a better understanding of the importance of, and fully implementing, risk management will make a huge contribution to the Council. Better identification of risks and their management will mean that better use of resources is achieved. If we use the resources available to us more efficiently and effectively then the service to our customers can only be improved.

Budget Risks

Change Delivery Capacity

A number of cost reductions are now categorised as ‘transformational’. In other words, a proactive approach to change is required rather than the more traditional percentage budget cut. It is important the Council recognises that, at a time of change, investment may be needed to deliver change. In some cases, specialist skills will be required for short periods.

Cost Reductions

The level of cost reductions required in 2021/22 is significant at £11.8 million. Any unforeseen delays in implementation will impact on the achievement of the reductions required. Progress on the delivery of approved reductions will be reported to Cabinet on a monthly basis. Slippage on the delivery of proposals presents a risk to the budget plan and any resulting overspend would ultimately fall on the council’s general fund reserve. However, the emphasis is placed on ensuring reductions are delivered. Plans within service areas need to be managed robustly, to limit any underachievement and monthly budget monitoring and savings delivery monitoring ensures Cabinet has visibility of financial performance and can take corrective action if necessary.

In March 2020 the Council approved cost reduction proposals of £10.79 million. In addition, undelivered cost reductions in 2019/20 of £1.60 million have been rolled forward for delivery in the current year. This increases the value of cost reductions required during 2020/21 to £12.394 million. 67% or £8.351 million have been delivered and a further 12% £1.432 million are assured of delivery by Heads of Service. £2.611 million, 21% are unachieved and are at risk of delivery.

The table below summarises the level of savings delivered over the last 7 years.

Financial Year	Target £m	Delivered £m	%
2014/15	17.6	14.0	80%
2015/16	12.8	9.7	76%
2016/17	12.1	9.6	79%
2017/18	11.8	8.3	70%
2018/19	12.3	6.5	53%
2019/20	21.7	15.8	73%
2020/21 forecast	12.4	9.8	79%
Total	100.7	73.7	73%

Income

The budget is supported by approximately £70m of generated income and therefore services need to constantly review their income levels and develop creative plans to ensure that they are sustained. This risk is being mitigated by an overall strategy for income and a move to full cost recovery wherever appropriate.

Treasury Management

The revenue budget and capital programme are supported by daily cash movement managed within our borrowing and investment strategies. The financial climate has a significant impact on these activities. We continue to monitor these on a daily basis. Any variation in the cost of borrowing is being mitigated by a proactive approach to refinancing our borrowing wherever possible. This ensures that, wherever possible, our long term borrowing for our capital projects takes advantage of the historically low level of debt interest.

Variations to Settlement Assumptions

The Council makes every effort to ensure that its assumptions about budget settlements for future years are based upon the best available evidence. However, future settlements cannot be predicted with absolute accuracy and can be influenced by political and economic policy changes. Scenario planning helps the Council mitigate this risk.

Political Approval of Budget

The Council is required under the Local Government Act 2003 to set a balanced budget for the forthcoming financial year, and this must be approved by Full Council.

Availability of Reserves

The Council may suffer other costs that may arise due to unexpected events such as: -

- Civil emergencies, Natural Disasters and Pandemics.
- Failure to deliver statutory duties – failure to deliver, including safeguarding activity in relation to adults, children, health and safety or public health could result in possible negligence claims.
- Increased threat of legal litigation in respect of service delivery standards and regulations and multiple insurance claims. This risk is the likelihood of needing to replenish the insurance fund immediately from reserves as a result of several claims above our excess.
- Increase in energy cost prices.

If the actual position is different to the assumptions made in producing the budget, in-year adjustments would be needed.

Mitigation, Review and Monitoring

As part of the impact assessment process, the author of the assessment is asked to identify mitigation to any negative impacts that have been identified. The risks and the identified mitigation must be managed within the appropriate project risk register to ensure continual monitoring and management of the risks.

Stakeholder Communication & Engagement

The aim of our Communications and Engagement Strategy is to :-

- Provide clear and honest information about the budget position and future challenges
- To raise awareness of Vision 2025 and engage stakeholders to capture their views, to inform the Cabinet's and Full Council's decision-making process around budget setting
- To engage and consult, taking into account the Equalities Act 2010, and in accordance with the National Principles for Public Engagement in Wales e.g. timely, genuine, due regard etc.

Public Communication and Engagement

Over the past few years the Council has sought to engage residents in the decision making process around setting a balanced budget using an online budget simulator tool. The cost reduction targets subsequently agreed by the Cabinet and ratified by Full Council have then led to service managers needing to develop more detailed proposals which have, in the main, gone out for public consultation. This has created a further opportunity for affected residents to influence service delivery by attending drop-in engagement sessions, public meetings, organised workshops or completing online/paper surveys to have their say.

The views of residents have been sought and received in a number of ways including:

- The Powys Budget Simulator
- Specific service type Consultations
- Legislative consultations

Appropriate methods of engaging with our residents are considered and implemented on an annual basis.

For the current year we have taken a different approach that focuses on the impact the COVID-19 pandemic has had on the Council and how we have supported residents and businesses through it. "Future-proofing Powys" asks residents for their views on:-

- how the Council has responded to the pandemic
- what the Council should focus on now to support businesses and the economy which services are most important to our communities
- what can be learnt from the way we have worked this year and can these approaches be adopted in the future.

Member Seminars

Members of the Council are engaged in the budget planning process from the outset through a series of budget seminars. These seminars look at the development of the budget proposals and all members have an opportunity to consider, challenge and input into the process. Financial assumptions and settlement information is shared

with members and the impact on the budget modelled and considered. Members are provided with the Impact Assessments for each of the proposals and the feedback from the consultation exercises carried out.

Finance Scrutiny Panel

The Finance Scrutiny Panel, comprising Group Leaders of non-Executive Groups together with representatives of the Audit Committee, continue to be engaged in the budget process and are regularly updated on the process and the proposals as they develop.

Conclusion

In developing this Medium Term Financial Strategy, the Council has a clear framework within which to develop its 5-year budget model and a 10-year Capital Strategy Programme. The model and the assumptions included within it will be reviewed and updated as more information becomes available. Specific budget proposals are being developed and these will be finalised and reported in detail as each annual budget is developed and submitted for approval.

This process will enable the Council to strategically prepare to deliver a Council which is affordable, sustainable and able to achieve its 2025 Vision.

IA - AS03	Adult Services	c. Direct Payments - Continuation of our promotion of direct payments as a strengths based and personalised solution to meeting care and support needs.	300
IA - AS04	Adult Services	d. Double to single handed care - Continuation of our investment in the "moving with dignity" approach whereby occupational therapists work alongside teams in adult social care and commissioning to review and right sight size new and existing care packages. There is well established evidence that such investment would deliver significant returns in terms of both cost reductions, and cost avoidance, as well as releasing	400
IA - AS05	Adult Services	f. Where people live - Continuation of our approach to supporting people to live within their own community, or as close to their community as possible. This means a reduction in the number of people who live in care homes and specialist homes outside of Powys and to support people to return to their	720
IA - AS06	Adult Services	care and support of Powys residents.	1,070
IA - AS07	Adult Services	i. Staffing - We will ensure that new innovative staffing models will be based on "multi-skilled and generic roles ensuring a shift to prevention and early intervention."	100
IA - AS08	Adult Services	h. TEC - To deploy (TEC) Technology Enabled Care in order to cost avoid £345k to adult social services in 2021/22. TEC includes lifelines emergency phones/alarms and sensors which support people to live independently in their own homes. These systems enable people to live at home for longer and for next of kin / informal carers to be assured of the individual's wellbeing.	45
N/A	Adult Services	Review of community support and day services - relates to the reprovision of day services following the decision by Welshpool Town Council to cease delivering day centre provision. This was not a decision taken by ourselves and so we were unable to provide an impact assessment. Residents will however be offered	70
IA - TAC01	Adult Services	Use of grant to fund comms team working in ASC - See Transformation and Communication Impact	59
IA - CS04	Childrens Services	a - 20/21 bfwd Shared costs with PTHB for CLA (as per 20/21 Savings remaining to achieve)	380
IA - CS03	Childrens Services	b - 20/21 bfwd Placement Savings (as per 20/21 Savings remaining to achieve)	381
IA - CS03	Childrens Services	c - Full Year Effect of Part Year effect of 20/21 CHC savings + placements	416

IA - CS02	Childrens Services	d - 20/21 bfwd Change in service provision of CLA	328
IA - CS03	Childrens Services	e - Change in leaving care Provision (16 plus supported Accommodation)	951
IA - CS01	Childrens Services	f - Agency no longer required following award of Market Supplement (Growth received re Market supplement in 20/21), as difficult to recruit posts will remain no longer vacant	408
IA - CS02	Childrens Services	h - Bfwd 20/21 Change in service Pump Priming (as per 20/21 Savings remaining to achieve)	70
IA - CS05	Childrens Services	and short breaks above)	240
IA - CS03	Childrens Services	l - Reduction in staffing expenses/family time expenses due to "closer to home" say	10
IA - ACS01	Commissioning - Adults & Children	e. Recommissioning/Decommissioning - We will continue to work in partnership with all service providers to review the way services are delivered in Powys to ensure that such services are accessible, of the right quality and at an affordable cost for all people who need to arrange their support. Alongside this, and to generate further efficiencies we will continue to promote reablement and recovery throughout all services to ensure that resulting support packages are appropriate to a people's needs.	382
IA - DS01	Digital Services	Digital - reducing small systems needing support	53
IA - DS02	Digital Services	Digital - using grant for core services	12
IA - DS03	Digital Services	Digital - staff reduced re FOI requests using Microsoft	13
IA - DS08	Digital Services	The Digital Transformation Programme will deliver improved end-to-end digital processes for our customers; this will result in our customers accessing our services through digital channels.	16
IA - DS05	Digital Services	Introduction of Xerox for outbound mail	47
IA - DS04	Digital Services	Our Digital Transformation Programme will drive delivery of digital solutions whilst providing financial reductions. The programme has 7 key work streams.	400
IA - DS07	Digital Services	Since 2015 Powys County Council has been rationalising their ICT systems via the System rationalisation Programme. This proposal continues the above work and it is estimated that the ICT budget funding many of these corporate contracts can be reduced by £65k year on year for 3 years 20/21 21/22 22/23.	65
IA - DS06	Digital Services	Due to System Rationalisation, the council can reduce its contract costs by approx £50k. These reductions are cross cutting across the Council	75

IA - ES01	Education	Reduce contributions to catering management team. This reduction proposal consists of two elements: a). As a result of school modernisation, which has seen the closure of 8 schools, which were replaced by 4, the allocation against these schools will be adjusted accordingly, and therefore reduced by 50%, which equates to £10,000. b). Reduce the remaining contribution to the Catering Management Team and the cost of the setting out of tables and chairs by £14,250 for each, totalling £28,500.	39
IA - ES02	Education	Reduction in GDPR support for schools. As the initial work that was associated with the introduction of GDPR has been undertaken, the level of support can be adjusted to reflect this.	19
IA - ES03	Education	General reduction in spend including additional travel savings due to digital working. We have been able to reduce the amount of travel undertaken by Schools Service Officers, in line with the enhanced digital working methods that have been developed during the COVID-19 pandemic.	63
IA - ES04	Education	Costs picked up centrally to be delegated to schools. It is proposed that expenditure which is completely	260
IA - FS01	Finance	Savings from the SWAP internal audit fees	26
IA - FS02	Finance	Savings from switching card terminal merchant provider	54
IA - FS03	Finance	Finance savings generated by reviewing our pooling arrangements and borrowing	200
IA - HTR01	Highways Transport & Recycling	This review will compare in-house service options (1 or 2 workshops), a combined in-house and external provision (1 workshop with external support for certain locations) or a fully external provision (single or multiple supplier). Continued in-house provision will require capital investment to maintain compliant facilities. commissioning - Soft market testing will inform and gauge the level of interest from external suppliers. This will help the service evaluate the various options available. At this point we cannot determine whether any savings will be realised through this process.	100
IA - HTR02	Highways Transport & Recycling	School transport is a statutory requirement, whereas Public Transport is a non-statutory provision. In such a sparse rural county such as Powys, commercially run routes are not viable and so for any service to continue there is a need for it to be heavily subsidised. An indicative percentage saving has been applied crudely at present to both budgets based on improved efficiencies, set against existing and future budget pressures.	549

IA - HTR03	Highways Transport & Recycling	<p>Extend the three weekly residual waste collection to four weekly, whilst retaining the 180L bin provision. Recycling collections will remain a weekly service. Three weekly collections have been implemented since 2015, and to date have seen an increase in recycling. Powys residents are familiar with the recycling programme, and continue to perform well, and we are confident that with this change and some further education, we will improve further.</p> <p>Powys was an early adopter of the three weekly collection, with most councils following suit. Conwy has recently moved to four weekly collections, albeit with 240L bins. The recycling rate continues to increase and the move to four weekly would help encourage even more recycling.</p> <p>Absorbent Hygiene Products (AHP) such as nappies and incontinence pads will be collected separately and on a more frequent basis. This will require further consideration in terms of vehicles and rounds.</p> <p>Four weekly collections would require a fundamental review of rounds with most people needing a change in collection days. It is assumed these start up resource costs will be supported by MOC monies. Dependencies would be other savings such as reducing waste vehicles and moving operations to North Bulking and Cwrt y Plyffin.</p>	50
IA - HTR04	Highways Transport & Recycling	<p>This review will be carried out in conjunction with the change on residual collection frequency, and whereas the budget reduction in the change in frequency is gained through increased recycling/reduced landfill costs, the gain from this element of the review will be from efficiencies made in the collection rounds. Alongside this there will be further consideration of working hours and practices.</p> <p>Dependencies are the moves to the North Bulking facility from Newtown and Welshpool existing sites, and from Brecon to Cwrt y Plyffin.</p> <p>There is a risk that any change in working hours requiring a collective agreement with staff may not be achievable. Risks associated with working vehicles for longer hours, are that with a smaller fleet, overall resilience will be weakened and any breakdowns etc will have an immediate and greater impact on collections.</p>	114

IA - HTR05	Highways Transport & Recycling	<p>To reduce highways maintenance to the lowermost level. This will bring a further reduction in staffing, along with a rationalisation of the number of highway depots. In order to reduce budgets whilst minimising the risk of not fulfilling our highway authority duty, it is essential that some highways basic maintenance activities are re-prioritised.</p> <p>The proposed reduction in highway maintenance will be in areas considered a lower risk such as rural and urban sweeping, traffic signs and storm & flood. The verge maintenance budget will be maintained, to contribute to forecast pressures such as Ash Die Back (which will require a significant increase in funding over medium term). Budgets have been re-prioritised to focus remaining funding on the most fundamental service - safety repairs, drain cleansing and limited maintenance to structures. There will be an even greater reliance on capital funding to deliver a defensible reasonable level of essential works, in order to fulfil our statutory duty, and provide a defence against 3rd party claims.</p> <p>Total operational staff budgeted to work on County Highway revenue maintenance will reduce to just 47 staff. *NB - Savings from depot closure (or costs of relocation) have not been included in the savings calculations</p>	0
IA - HTR06	Highways Transport & Recycling	Public Conveniences have been successfully transferred to Town & Community Councils and community groups. Only two toilets now remain being maintained by PCC (Ystradgynlais and Brecon Bus Stations), and the proposal is now to also transfer these assets. Transferring these assets will create a saving, however it must be noted that if an operator cannot be found then they will need to be closed in order to make the proposed saving.	43
IA - HTR07	Highways Transport & Recycling	Countryside access - Restructure and reduction in associated costs e.g. travel.	60
IA - HTR08	Highways Transport & Recycling	j - Outdoor recreation	40
N/A	Highways Transport & Recycling	HTR - Trawscymru travel to be funded by WG - This does not require an impact assessment as it replaces core budget with use of grant and likely to remain in place until 2024.	216
IA - HTR06	Highways Transport & Recycling	Transition funding removed for conveniences	24

IA - HCD01	Housing & Community	Reduce revenue funding for commissioned Arts Services	63
IA - HCD02	Housing & Community	Housing General Fund - Removal of provision for the temporary Gypsy & Traveller site during the annual Royal Welsh Show	25
IA - HCD03	Housing & Community Development	Library service - development of community hubs and outreach housebound delivery model	150
IA - HCD04	Housing & Community	Archives and Information Management - increase income from leasing storage space for records to external organisations	18
IA - HCD05	Housing & Community	Reduce the Sport Powys core budget	9
IA - HCD06	Housing & Community	Cleaning Service - develop business and income generating opportunities	45
IA - R01	Regeneration	Bid for Priority 5 funding Mid Wales Growth Deal	25
IA - LS01	Legal & Democratic Services	Review of Registration Service	31
IA - LS01	Legal & Democratic Services	Reduce Members Travel Budget	28
IA - LS01	Legal & Democratic Services	Implement webcasting delayed - this is one year funding	40
IA - PPPP01	Property, Planning & Public Protection	Reduce business rates costs	183
IA - PPPP02	Property, Planning & Public Protection	Increase in planning service income (WG increase)	75

IA - PPPP03	Property, Planning & Public Protection	Operational efficiencies - Trading Standards service	98
IA - PPPP04	Property, Planning & Public Protection	Efficiencies - Environmental Health (Environmental Protection) service	120
N/A	Schools Delegated	Full year effect Ladywell / Hafren merger - savings already banked - no impact assessment needed	39
IA - TAC01	Transformation and	Review future service requirements, restructure and introduce a new operating model	57
IA - WOD01	Workforce & OD	Moving forwards we will be able to deliver a large part of our leadership and management development through apprenticeship programmes funded from the apprenticeship levy we pay to Welsh Government. This will significantly reduce the cost of delivering our leadership training programme.	10

Introduction

- 1.1 The Capital and Treasury Management Strategies are fundamental to the effective delivery of the Council's priorities and Vision 2025. The provision of the right asset in the right place at the right time will ensure the effective and efficient delivery of a comprehensive range of quality services.
- 1.2 This strategy document provides a high-level long-term overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of services, an overview of how the associated risk is managed and the implications for future financial sustainability.
- 1.3 It sets out an integrated plan for the future management of the Council's assets and its capital programme. It is a key document running alongside the Vision 2025 and the Medium-Term Financial Strategy (MTFS) and will provide the framework to facilitate a seamless interface between business planning and the management of assets and capital resources. This will ensure that the provision of resources and future investment are prioritised and ensures the effective and affordable management of the Council's assets.
- 1.4 The CIPFA 2017 Prudential Code and Treasury Management Code of Practice, sets out the new requirements in relation to the setting of a Capital Strategy. The new requirement asks local authorities to consider the longer term as well as the short and medium term to:
 - Ensure that the capital expenditure plans of the council are affordable, prudent and sustainable.
 - Support transparent options appraisal.
 - Giving an outline of future commitments so that the affordability of both the long term plan and any new proposals can be properly understood.
 - Inform prioritisation and timing of projects to ensure that both financial and operational capacity is available for delivery.
 - Provide an overview of risk so that projects and proposals can be viewed in the overall risk context of capital and treasury investments.
 - Enable the ongoing capital and revenue implications of capital expenditure to be better understood and planned for in the Financial Resource Plan.
- 1.5 This Strategy document provides both the Capital Strategy and the Treasury Management Strategy as they are inherently linked through the activities they undertake. The document sets out the Capital Programme to 2030/31 and the funding approach through treasury management activities.
- 1.6 **Capital Strategy**
- 1.7 The key aims of the Capital Strategy are to:
 - Provide a clear context within which proposals for capital expenditure are evaluated to ensure all capital investment is targeted to deliver the Council's priorities.
 - Clarity about how the Council identifies and prioritises capital requirements and proposals arising from various strategies including the Vision 2025, Service Improvement Plans, and other corporate strategies, and how they will be managed within the limited capital resources available.
 - Challenge our current estate, continue with the programme of asset rationalisation, ensuring that assets retained are effective, efficient and economically sustainable to deliver services.
 - Identify and consider options available to fund capital expenditure that minimises the ongoing revenue implications of historic capital expenditure and of any new investments.
 - Use partnerships, both public and private, more effectively to support our overall strategy.
 - Establish effective arrangements for managing capital schemes including assessment of outcomes and achievement of value for money.
 - Ensure there is a full understanding of the overall long-term policy objectives and resulting capital strategy requirements, governance procedures and risk appetite

1.8 It is a requirement that the capital strategy demonstrates that the Local Authority takes both capital and investments decisions in line with service objectives. The capital strategy shows that the key drivers of the Council's Capital plans are captured through various plans across the authority. These include

- Highways Asset Management Plan (HAMP)
- Welsh Housing Quality Standard Plan (WHQS)
- Strategic Asset Management Plan
- Schools Transformation Plan
- Health and Care Strategy
- Service Plans

1.9 Treasury Management

1.10 The Treasury Management Strategy and Annual Investment Strategy report is a requirement of the CIPFA Code of Practice on Treasury Management and a requirement under the Local Government Act 2003. It has regard to the Guidance on Local Government Investments issued by the Welsh Government which requires the Treasury Management Strategy and Annual Investment Strategy to be approved by Full Council.

CIPFA defines treasury management as:

'The management of the local authority's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.'

1.11 The Council is required to operate a balanced budget, which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned, with cash being available when it is needed. Surplus monies are invested in low risk counterparties or instruments commensurate with the Council's low risk appetite, providing adequate liquidity initially before considering investment return.

1.12 A key function of the treasury management service is arranging the funding of the Council's capital plans. These capital plans provide a guide to the borrowing need of the Council, essentially the longer-term cash flow planning, to ensure that the Council can meet its capital spending obligations. This management of longer-term cash may involve arranging long or short-term loans or using longer-term cash flow surpluses. On occasion, when it is prudent and economic, any debt previously drawn may be restructured to meet Council risk or cost objectives.

1.13 The treasury operations will see a balance of the interest costs of debt and the investment income arising from cash deposits affecting the available budget. Since cash balances generally result from reserves and balances, it is paramount to ensure adequate security of the sums invested, as a loss of principal will in effect result in a loss to the General Fund Balance.

1.14 This authority has engaged in only minimal commercial investments and has no (or immaterial) non-treasury investments.

1.15 Treasury Management and Capital Reporting Arrangements

1.16 The Council is currently required to receive and approve at Cabinet, as a minimum, three main treasury/capital reports each year, which incorporate a variety of policies, estimates and actuals.

- Prudential and treasury indicators and treasury and capital strategy (this report) - The first, and most important report is forward looking and covers:
- The capital plans, (including prudential indicators).

- A minimum revenue provision (MRP) policy, (how residual capital expenditure is charged to revenue over time).
- Capital strategy and capital programme
- The treasury management strategy, (how the investments and borrowings are to be organised), including treasury indicators; and
- An investment strategy, (the parameters on how investments are to be managed).
- A mid-year treasury management report – This is primarily a progress report and will update members on the capital position, amending prudential indicators if necessary, and whether any policies require revision. In addition, this Council will receive further quarterly update reports.
- Monthly capital reports to Cabinet – Providing an update on the capital spend, reprofiling and virement changes and funding that support delivery of the programme, with a year-end reflection of the actual against plan and reasons for the final month's changes from the forecast.
- An annual treasury report – This is a backward looking review document and provides details of a selection of actual prudential and treasury indicators and actual treasury operations compared to the estimates within the strategy.
- The above Treasury reports are required to be adequately scrutinised before being recommended to the Cabinet and Council. This role is undertaken by the Audit Committee.

1.17 Treasury Management Strategy

The strategy for 2021/22 covers two main areas:

a) Capital issues

- The capital programme and funding regime and the associated prudential indicators.
- The minimum revenue provision (MRP) policy.

b) Treasury management issues

- The current treasury position.
- Treasury indicators which limit the treasury risk and activities of the Council.
- Prospects for interest rates.
- The borrowing strategy.
- Policy on borrowing in advance of need.
- Debt rescheduling.
- The investment strategy.
- Creditworthiness policy; and
- Policy on use of external service providers.

1.18 These elements cover the requirements of the Local Government Act 2003, the CIPFA Prudential Code, Welsh Government MRP Guidance, the CIPFA Treasury Management Code and Welsh Government Investment Guidance.

1.19 Training

1.20 The CIPFA Code requires the responsible officer to ensure that members with responsibility for treasury management receive adequate training in treasury management. This especially applies to members responsible for scrutiny. The Authority holds two briefing sessions per year for members and members must ensure that they attend at least one of these. The training needs of treasury management officers are periodically reviewed.

1.21 Financial training in managing the financial aspects of capital projects is available for those that manage projects and takes place regularly throughout the year.

1.22 Treasury Management Consultants

1.23 The Council uses Link Asset Services, Treasury solutions as its external treasury management advisors. They also support on Capital advice. The Council recognises that responsibility for treasury management decisions remains with the organisation at all times and will ensure that undue reliance

is not placed upon the services of our external service providers. All decisions will be undertaken with regards to all available information, including, but not solely, our treasury advisers.

- 1.24 It also recognises that there is value in employing external providers of treasury management services in order to acquire access to specialist skills and resources. The Council will ensure that the terms of their appointment and the methods by which their value will be assessed are properly agreed and documented and subjected to regular review.

Capital Strategy

2.1 Background

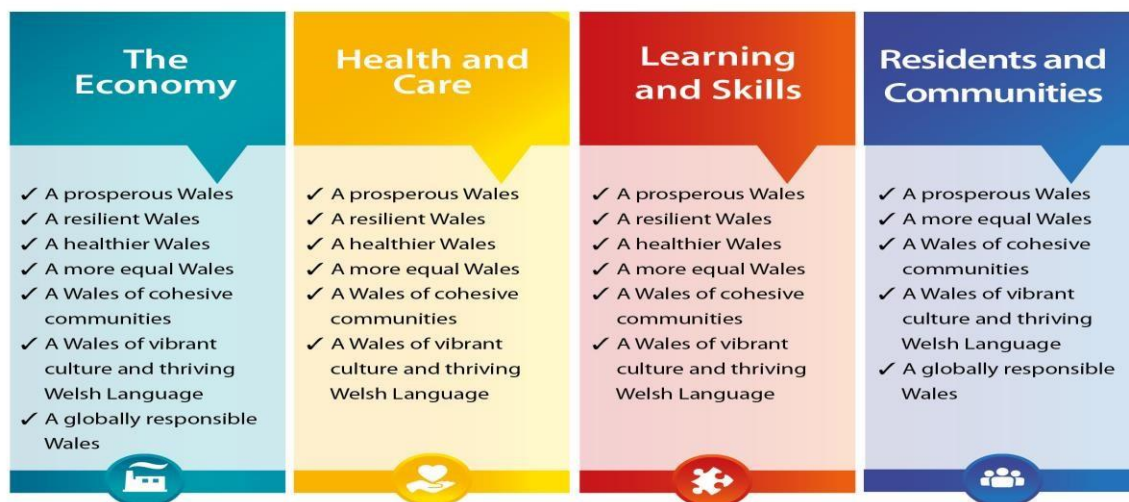

2.2 Part 1, Section 3 of the Local Government Finance Act 2003 requires that the Authority shall determine and keep under review how much it can afford to borrow. The Act is supported by the Prudential Framework for local authority capital investment and the CIPFA Prudential Code for Capital Finance in Local Authorities (the Code). The CIPFA Prudential Code was revised in December 2017. The revised Code introduced a new requirement that all authorities produce a capital strategy, which sets out the long-term context in which capital expenditure and investment decisions are made.

2.3 The Capital Strategy and Treasury Management Strategy (TMS) are closely linked, and both are revised annually. The Capital Strategy defines the Council's spending and the TMS sets out how it will be funded and its impact on the overall financial standing of the Council.

2.4 Aims, Priorities and Principles

2.5 The purpose of this strategy is to set out the objectives, principles and governance framework to ensure that the Authority takes capital expenditure and investment decisions in line with service objectives that underpin the delivery of the Corporate Improvement Plan through Vision 2025. The Council's Vision sets out the key priorities and objectives of the Council for the period to 31 March 2025.

2.6 Vision 2025 sets out the long-term vision for the council under four priority areas (aligned to the Wellbeing of Future Generations Act 2015 objectives).

2.7 Programme Overview

2.8 The Capital Programme is a key enabler to deliver the Council's ambition set out in Vision 2025. Broadly the programme covers three areas of expenditure:

- a core programme of schemes that are regulatory / statutory in nature, and minimise legal challenge or revenue risk, these schemes are related to day to day activities that will ensure the Council meets its statutory requirements.
- a retained asset programme to improve or enhance the life of existing assets, and

- an investment programme in schemes linked to the Council's strategic priorities, such as schemes to generate income and increase the diversification of the Council's property portfolio or reduce the revenue costs of running and maintaining the assets.

2.9 Vision 2025 will be delivered, in part, through its nine Transformation Programmes, as shown in the diagram below. The six Service Transformation programmes all require capital funding to deliver their transformation agenda.

Capital Investment across Services

2.10 The Council has developed its capital strategy which sets out a ten year long-term plan and demonstrates that the capital / investments decisions are taken in line with priorities and gives consideration to both risk/reward and impact; as well as properly taking account of stewardship, value for money, prudence, sustainability and affordability.

2.11 The Council will continue to invest in services that underpin the priorities set out as part of Vision 2025, the key themes have clear service projects:

Residents and the Community - We will support our residents and communities.

- **Housing** - The Council will continue to maintain for all the homes it owns the Welsh Housing Quality Standard (WHQS) with an ongoing capital programme in part funded through Welsh Government Funding and Supported Borrowing. The Housing Revenue Account Thirty Year Business Plan demonstrates an affordable capital strategy alongside delivering the day-to-day landlord service and has key objectives linked to the Local Housing Strategy. The Council has commenced the building of 100 new council dwellings as part of its commitment to complete 250

new homes by 2025. The Council will continue to fund a major programme of Disabled Facilities Grants enabled works and improvements to homes to improve the quality of life for people who need help to live as independently as possible. In addition, Housing Services will continue to support energy efficiency and bringing privately owned empty homes back into use through the SWAS (Safe Warm & Secure), Landlord Loans and the ZILF Co2i loan schemes.

- **Leisure Centres** - Since 2019 the Council has approved a five-year programme which has already enabled significant, essential replacement of plant, fixtures, end-of-life equipment, structural materials, playing surfaces and decoration. The Capital commitment supports the Council's 'landlord' responsibilities as part of the leisure contract but also ensures that the buildings are fit for purpose, compliant, attractive and provide a positive customer experience. Leisure Services in Powys not only support the overall well-being of our 'residents and communities' but contribute to the 'health & care' agendas, providing interventions and prevention programmes to help reduce the burden on health services; 'learning & skills' – as a collaborative partner to the School's Transformation Programme and for individuals to learn and develop through specific opportunities that the service provides or facilitates and the 'economy' by hosting and delivering local, regional and national events and competitions which draws significant numbers of visitors from across the UK to utilise the facilities we have in Powys.
- **Waste Strategy** - Powys County Council faces a stringent WG statutory recycling target of 64% for 2019/20 through to 70% for 2024/25. There is also a non-statutory WG target to reduce landfill to 10% by 2019/20 reducing to 5% by 2024/25. This has required a step change in the way all local authorities approach waste and recycling. The continued capital investment in the Waste and Recycling service will ensure that the Council is able to meet the targets whilst obtaining maximum value from the service. A network of assets under the Council's control allows flexibility to adapt to any changing requirements within the industry and Government policy and legislation. Some of these schemes are linked to efficiency savings and service improvements in future years.
- **Health and Care** – We will lead the way in effective, integrated rural health and care.
- **Social Care** - The capital programme focuses on supporting those who wish to remain in their own home rather than residential care and supports the integrated Health and Care Strategy for Powys. This strategy acknowledges that people in Powys live longer and healthier lives than elsewhere in Wales and that Powys is a place aspiring to help improve the wellbeing of all people. Capital funding mainly focus on accommodation options, including supporting the building and redevelopment of facilities to increase the stock of extra care housing, in collaboration with Powys Teaching Health Board and local Residential Social Landlords.
- **Assistive Technology** - has a key role to play in the modernisation of health and social care. With ever increasing technological advances, it offers a range of possibilities for greater choice, not only of how people can access the support they need, but also where and when they access support. In doing so, assistive technology enables people to take greater control, and to live independently for longer by preventing hospital admissions and premature moves to residential care. Enabling access to better accommodation options is essential in order to support independent living and reduce demand for other types of care.

Learning and Skills – We will strengthen learning and skills.

- **Schools Transformation** - The Council has developed a new ten year Strategy to Transform Education in Powys 2020-30 with the implementation of a major capital investment programme that will ensure that schools in Powys have inspiring, environmentally sustainable buildings that can provide opportunities for wider community activity, including where possible childcare services, early years, ALN, multi-agency support and community and leisure facilities. This will also include developing a reliable, high quality digital infrastructure. The Council is investing £147m over the next ten years in its schools through the current Band A and Band B of the Welsh Government's

21st C Schools Programme. The 21st C Schools Programme has a 65% capital intervention rate for mainstream schools, 75% for special schools and it also offers a new and innovative funding route where the intervention rate is 85% the Mutual Investment Model. The Council will develop its strategies to ensure maximisation of the potential investment opportunities that may be available via WG funding.

However, to deliver the full Schools Transformation Programme significant funding sources above what is currently included in the following Capital Programme will be required.

Alongside this, capital funding through our major repairs programme will be focussed on where the need is greatest, as identified through the Schools Service's Asset Management Plan.

The Economy – We will develop a vibrant economy.

- **Highways and Environment** - The Council has a statutory duty to maintain the adopted highway, maintained at public expense in a safe condition for the passage of the user. A strategic approach has been used to develop the HAMP in identifying and allocating resources for the management, operation, preservation and enhancement of the highway infrastructure to meet the needs of current and future customers. Current gross replacement cost of these assets is estimated at £4.4bn.
- **Property** - The vision is to ensure that through the Corporate Landlord initiative, the Council's assets are appropriately managed to provide safe, efficient, sustainable properties in the right locations to support the delivery of services and the achievement of key priorities. The Strategic Asset Board and the Strategic Asset Management Plan are the mechanisms in place to help deliver these priorities, which will ensure close working and collaboration across all service areas and partner organisations such as NPTC / PTHB. The Property team will be supported in this crucial work with investment provided to procure a new Property Management database which will provide a single point of reference for all aspects of the Council's operational and investment estate. A provisional property disposals programme has been developed over the next 10 years.
- **Regeneration, Property and Development** - The Council need to intervene where the private sector is not able to (for economic reasons) to create or facilitate investment in business units in order to keep and attract business to the County. The Abermule scheme is one such scheme that sees the Authority creating a business park on a former WG site which otherwise would not have been developed in the short to medium term. Capital investment will also form an important part of supporting the regeneration and viability of town centres. An initial annual allocation of £2 million starting in 2022-23 has been included as the Council's contribution towards the Mid Wales Growth Deal. As the plans for the deal develop the funding will be released to the relevant projects on completion of the relevant governance and approval processes.
- **County Farms** - It is essential that the Council manages its agricultural estate prudently, efficiently, and professionally. Effective management of County Farms estate will enable the continued opportunities already enjoyed by current tenant farmers and maintain an income stream. The financial demands of the Estate need to be evaluated against the competing demands across the council whilst noting the estate produces an annual surplus in its trading account. The opportunity for capital receipts will continue to arise as reviews are undertaken at each tenant departure from the Estate. An Invest to Save initiative is being developed which will see investments made to the Farm Estate which should create opportunities for capital receipts and also reduced revenue expenditure, for example barn conversions and subsequent sales.
- **Information Technology (IT)** - The service engages with change programmes so that investment and resource meets identified priorities. In respect of infrastructure, IT will seek to invest in up to date cloud based technologies including 'Azure' cloud technologies, improved telephony and mobile systems, WEB and share-point and improved wireless as well as further enabling our staff to work in an agile manner. In terms of applications, IT is looking to rationalise the number of systems through investment in replacement of legacy corporate systems and through modernisation of systems and applications to improve integration and provide an improved customer journey.

Investment in Commercial Activity

- 2.12 The commercial activity undertaken in the council relates to holding properties that are utilised by tenants, these include livestock markets, caravan park, restaurant and office space.
- 2.13 Around £240,000 in rental income is received each year.
- 2.14 The council has a trading company that is likely to become the vehicle that supports greater commercial activity, but any investment must evidence the following criteria:
- Support the strategic community objectives of the council.
 - Have a balanced investment approach.
 - Improve covenant strength.
 - Drive income generation and maintain yield.
- 2.15 To ensure that the council is able to benefit from the lower borrowing rates offered by the Public Works Loans Board (PWLB) the council will currently not consider investing in additional commercial property.

Funding the Capital Strategy

- 2.16 The cost of funding the capital programme is closely monitored due to the impact on the budget and the ongoing funding constraints of the MTFS. The Council aims to minimise the cost of borrowing on the Financial Resource Model (FRM) and other sources need to be maximized such as grant funding. Funding capital from borrowing incurs extra costs from interest on the loan and the minimum revenue provision, repayment of the principal. Capital projects are prioritised where they can evidence a reduction in the cost of revenue, such as digital technologies or generate income such as building council dwellings.
- 2.17 The Housing Revenue Account (HRA) supports its own capital expenditure and provision for this is included in the HRA Business Plan. The surplus on the HRA account (excess of rental income over expenditure) is used to fund capital expenditure. This does not impact on the Council Fund. Although the HRA operates separately from the Council Fund, the Council does not borrow separately for Council Fund and HRA expenditure, all borrowing is combined, and the costs apportioned to the two funds based on the level of expenditure funded from borrowing for the two funds. The apportionment method is kept under review to ensure that it remains the most equitable method.

The Capital programme detailed at Appendix A, sets out how the programme is funded, the sources are explained below:

- **General Capital Grant** – This is a sum of money which is provided by the Welsh Government as part of the annual settlement. The Council is free to use the capital grant on any capital project it wishes.
- **Supported Borrowing** – The Council will borrow from establishments including the Public Works Loans Board (PWLB) to fund the expenditure. The revenue costs arising from the borrowing (Interest Costs and Minimum Revenue Provision) are funded by the Welsh Government through the annual revenue settlement, hence the term “Supported Borrowing”.
- **Unsupported Borrowing** – Again, the Council borrows the funding but is required to finance the revenue costs from its own resources. Projects funded by means of unsupported borrowing tend to be projects which deliver revenue savings, and these savings contribute to meet the additional revenue costs arising from the borrowing.
- **Specific Capital Grants** – The Council will be awarded capital grants which partly or fully fund the cost of a project. Capital grants usually come with restrictions surrounding the expenditure which can be funded and by when the expenditure must be incurred.

- **Revenue Contribution** – Services can contribute from their revenue budgets to fund projects. These contributions tend to be as a match funding to a project which is mainly funded from a specific capital grant.
- **Capital Receipts** – The funds generated from the sale of assets can be used to contribute to the funding of the capital programme. These are usually generated from the sale of surplus assets (normally land or buildings). The Councils' Capital Receipts Policy is set out in Appendix B.
- **Reserves** – Funding held in reserve, e.g., unapplied capital receipts, can be used to support the capital programme. Specific reserves can also be built up and set aside for this purpose.

Capitalisation Direction and Transformation

2.18 In December 2017 the Secretary of State announced the continuation of the capital receipt flexibility programme for a further three years up to financial year 2021/22. This is significant as it gives authorities the continued freedom to use capital receipts from the sale of their own assets (excluding Right to Buy receipts) to help fund the revenue costs of transformational work and the release of savings.

2.19 Realisable capital receipts will be used to fund the cost of the transformation projects for the next two years. The capital receipts policy is provided at Appendix B and forms a key element of the MTFS.

Governance and Approval Approach

2.20 Welsh Government have adopted the Better Business Case approach to building, reviewing, and agreeing business cases. These principles have been adopted in the Councils' Capital Governance Framework. This approach introduces a more formal regime to follow and ensures consistency and a robust approach to developing each project. The diagram below sets out the gates and steps necessary to develop a capital from proposal through to a successful delivery. There has been an urgency in adopting this new regime to evidence stronger governance based on robust business cases from services.

- 2.21 The governance of this Capital Strategy follows the same process as the Revenue Budget Setting Process and is presented to the Cabinet as part of the MTFS which is then recommended to full Council for approval.
- 2.22 The three stages of the Governance Framework are:
- **Stage 1 - The Strategic Outline Case (SOC)**, these must be completed for the new bids and have necessary approval.
 - **Stage 2** - Once the SOC is approved, managers will need to complete more detailed work, particularly on the economics of the case, finances (detailed costings) and submit the **Outline Business Case (OBC)** for approval through the Strategic Asset Board, who provide challenge and then make recommendation to EMT / Cabinet to approve.
 - **Stage 3 - The Final Business Case (FBC)** is the final gateway, and the project would move to the procurement stage. At this point the tender price for the project would be known and the risks quantified. Only when the FBC becomes a live project does the capital budget get allocated, which will improve our budget forecasting and profiling. Any revenue contributions including MRP costs would need to be built into the budget at stage 3.
 - For business cases between £75k and £1m a less formal business justification case will be adopted, being simpler and quicker to develop and proceed to project.
 - Each year there is a small bids programme funded by an allocation in the Capital
 - Programme for capital projects under £75k, these are dealt with through the Strategic Asset Board.
 - The Council is moving away from an annual capital cycle and using the new framework will have an ongoing process of projects in development through to approval through Cabinet and Council as needed with the necessary prudential indicators updated and presented.

Capital Programme 2021-2031

- 2.23 The overall capital programme for the Council in 2021/22 is £101.53 million, which includes £27.90 million for the HRA. Appendix A provides a full list of all the schemes.
- 2.24 The General Fund includes schemes which have previously been approved or are in progress and expected to continue into future years. These total £73.63 million. The programme includes a list of schemes that have had their Strategic Outline Case approved and have been progressed to Outline Business case. Providing the economic and financial justification stacks up these schemes are likely to develop to Final Business Case stage and become live projects, totalling £9.00 million. Split over two years, £6.34 million in 2021/22 and £2.66 million in 2022/23. An initial annual allocation of £2.00 million starting in 2022-23 has been included as the Council's contribution towards the Mid Wales Growth Deal. As the plans for the deal develop, the funding will be released to the relevant projects on completion of the relevant governance and approval processes.
- 2.25 The need to maintain the highways infrastructure through the HAMP has been highlighted at strategic level as a critical area of the council's long-term strategy. The programme now includes £5.00 million per annum for the HAMP and an additional £1.00 million per annum for street lighting column upgrades until 2029/30.
- 2.26 Overall additional borrowing requirements are estimated at £52.65 million in 2021/22, but it is likely that this figure will be less based on previous years slippage on spend and grants received in year.

2.27 The capital programme remains within budget for 2021/22 however additional revenue funding will need to be identified to fund investment in future years. The impact of the capital programme is set out through the following prudential indicators:

Capital Prudential Indicators

2.28 The Council's capital expenditure plans are the key driver of treasury management activity. The output of the capital expenditure plans is reflected in the prudential indicators, which are designed to assist members' overview and confirm capital expenditure plans.

Capital Expenditure

2.29 This prudential indicator is a summary of the Council's capital expenditure plans, both those agreed previously, and those forming part of this budget cycle.

£'m	2020/21	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30
Non-HRA	66.72	73.63	87.46	45.88	18.91	16.92	15.96	21.06	18.37	15.83
HRA	28.99	27.90	29.80	31.63	28.19	21.07	20.36	20.69	23.41	15.65
Total	95.71	101.53	117.26	77.51	47.10	38.00	36.32	41.75	41.78	31.48

2.30 **Other long-term liabilities** - The financing need set out in the table above excludes other long-term liabilities, such as leasing arrangements that already include borrowing instruments.

2.31 The table below summarises the above capital expenditure plans and how these plans are being financed by capital or revenue resources. Any shortfall of resources results in a requirement to fund through borrowing, this figure is shown as the net financing need.

£'m	2020/21	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30

Capital grants	32.47	35.10	58.36	32.46	15.49	13.57	13.25	13.23	12.76	10.17
Revenue/Reserves	13.37	9.93	8.09	8.44	12.38	10.89	9.83	12.13	9.44	9.89
Net financing need for the year	46.07	52.65	50.57	36.37	18.98	13.29	12.99	16.14	19.33	11.16

The Council's Borrowing Need (the Capital Financing Requirement)

2.32 This is the Council's Capital Financing Requirement (CFR). The CFR is simply the total historic outstanding capital expenditure which has not yet been paid for from either revenue or capital resources. It is essentially a measure of the Council's indebtedness and so its underlying borrowing need. Any capital expenditure which has not immediately been paid for through a revenue or capital resource, will increase the CFR.

2.33 The CFR does not increase indefinitely, as the minimum revenue provision (MRP) is a statutory annual revenue charge which broadly reduces the indebtedness in line with each asset life, and so charges the economic consumption of capital assets as they are used.

2.34 The greater the CFR the larger the impact will be on the revenue budget, therefore in the long-term there will be a need to keep capital expenditure funded by borrowing at a level below the MRP budget in order to maintain the revenue budget at a sustainable level.

2.35 The Council is asked to approve the CFR projections below:

£'m	2020/21	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30
CFR – non HRA	317.77	352.95	383.30	398.71	399.32	399.38	399.48	402.33	405.05	404.70
CFR – HRA	105.00	115.62	126.14	136.19	142.96	144.29	145.14	146.32	150.63	149.60

Movement in CFR	42.60	45.81	40.87	25.45	7.38	1.38	0.96	4.02	7.03	-1.38

Minimum Revenue Provision Policy Statement

2.36 MRP is an annual charge that Councils are required to pay for their debt liability in respect of capital expenditure funded by borrowing, for both the general fund and the Housing Revenue Account debt. This capital expenditure is set out as part of the CFR calculation and updated regularly to reflect borrowing need changes and the resultant costs; it is important to ensure that the debt is repaid over a period commensurate with that over which the capital expenditure provides benefit.

2.37 The debt repayment is a revenue charge, the minimum revenue provision (MRP), although additional voluntary payments are allowed if required voluntary revenue provision (VRP).

2.38 Welsh Government regulations have been issued which require the Council to approve the **MRP Statement** in advance of each year. A variety of options are provided to councils, so long as there is a prudent provision set out.

2.39 Recommendation - The Council is recommended to approve the following MRP Statement for the 2021/22 financial year:

➤ For capital expenditure incurred before 1 April 2008 or which in the future will be Supported Capital Expenditure, the MRP policy will be:

- To continue to calculate the MRP on a 2% on a straight-line basis for borrowing Council Fund debt.

➤ From 1 April 2008 for all unsupported borrowing (including PFI and finance leases), the MRP policy is:

- To charge MRP over the asset life on an annuity basis.

➤ Estimated life periods will be determined under delegated powers. Whatever type of expenditure is involved, it will be grouped together in a manner which reflects the nature of the components of expenditure and will only be divided up in cases where there are two or more major components with substantially different economic lives.

These options provide for a reduction in the borrowing need over approximately the asset's life.

➤ There is a requirement on the HRA to make a minimum revenue provision of 2% of the reducing balance. The HRA MRP for prudential debt IS calculated using the asset life method.

Repayments included in annual PFI or finance leases are applied as MRP.

➤ In addition, the guidance allows for MRP to be deferred for assets under construction and this part of the guidance is adopted because the asset is not used by the authority until it is operational and therefore the MRP will match the life of the asset.

2.40 **MRP Overpayments** - A change introduced by the revised Welsh Government MRP Guidance was the allowance that any charges made over the statutory minimum revenue provision (MRP), voluntary revenue provision or overpayments, can, if needed, be reclaimed in later years if deemed necessary or prudent. In order for these sums to be reclaimed for use in the budget, this policy must disclose the cumulative overpayment made each year. Up until the 31st March 2020 the total VRP utilised was £12.9m, with the expected total overpayments being £19.5m.

Risk Management

- 2.41 All large capital projects are managed under the Council's Project Management Methodology, which incorporates risk identification and risk management. The Council also has a Risk Management Policy which is applied to all its projects and activities.
- 2.42 For all capital projects, project managers update financial forecasts on a monthly basis identifying any areas subject to risk of overspend, underspend or slippage.
- 2.43 There is also a degree of funding risk in the Capital Programme, reliant as it is on future capital receipts, and the ability to be able to afford borrowing if necessary. These risks need to be managed and monitored on a regular basis, and action taken where necessary.
- 2.44 Risk appetite in this context is the level of risk that the Council is prepared to accept to be exposed to at any point in time in relation to its activities. It involves knowing what risks the Council wishes to avoid, what risks it is willing to accept and what risks it is willing and able to manage (including by transferring them to a third party, e.g., through insurance).
- 2.45 The risks are regularly monitored and managed both financially and operationally in accordance with council processes.
- 2.46 The Council is willing to accept the risks set out in this Strategy for projects that have Council approval provided that the project management ensures the appropriate mitigations are put in place to bring the project within acceptable risks margins.
- 2.47 The key financial risks inherent in the Council's Capital Programme include:

Description of Risk	Potential Impact
The longer a project takes to come to fruition, the greater the risk that the financial cost of the project will have increased, both due to the additional staff time spent on the project and the inflationary impact on the costs involved in bringing the asset into operation.	May result in financial pressures on the other projects/ programmes and service delivery.
There is a degree of correlation between the length of time a project spends in the feasibility and development stage and an increased risk of project failure or abandonment. Should a project fail for any reason, the regulations require all capital costs to be returned to revenue, which may create significant pressures, depending on the level of spend at that point.	May result in additional revenue pressures on delivery/services.
Project expenditure is higher than forecast estimates	May result in increased financial pressures/ limitations on future investment options.
Once a project has been delivered successfully the cash expended is then bound in the asset. In the case of the assets that are for service delivery and do not generate a rental income stream, the money invested in the asset is only recovered if and when the asset is sold at a future date. This carries inherent financial risks in that the asset may have decreased in value, depending on market conditions, or may not have increased in value sufficiently to mitigate the effects of inflation.	May result in increased financial pressures/limitations on future investment options.

Treasury Management Strategy

3.1 Background

- 3.2 The Council is required to operate a balanced budget which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned with cash being available when it is needed.
- 3.3 The second main function of the treasury management service is the funding of the Council's capital plans. These plans provide a guide to the borrowing need of the Council, essentially the longer-term cash flow planning, to ensure that the Council can meet its capital spending obligations. This management of longer-term cash involves arranging short or long-term loans or using longer-term cash flow surpluses.
- 3.4 The contribution the treasury management function makes to the authority is critical as the balance of debt and investment operations ensure liquidity or the ability to meet spending commitments as they fall due, either on day-to-day revenue or for larger capital projects.
- 3.5 Whilst any commercial initiatives or loans to third parties will impact on the treasury function, these activities are generally classed as non-treasury activities as they usually arise from capital expenditure and are separate from the day-to-day treasury management activities. The IRFS 16 Leases accounting standard will from April 2022 require leases in, with the exception of low value and short term leases to be included on the balance sheet. These arrangements are not included in this report.

Borrowing Strategy

- 3.6 The Council is currently maintaining an under-borrowed position. This means that the capital borrowing need (the Capital Financing Requirement), has not been fully funded with loan debt as cash supporting the Council's reserves, balances and cash flow has been used as a temporary measure. This strategy is prudent as investment returns are low and counterparty risk is still an issue that needs to be considered.
- 3.7 Against this background and the risks within the economic forecast, caution will be adopted with the 2021/22 treasury operations. The Head of Financial Services will monitor interest rates in financial markets and adopt a pragmatic approach to changing circumstances:
- if it was felt that there was a significant risk of a sharp fall in borrowing rates, (e.g., due to a marked increase of risks around relapse into recession or of risks of deflation), then borrowing will be postponed.
 - if it was felt that there was a significant risk of a much sharper rise in borrowing rates than that currently forecast, perhaps arising from an acceleration in the rate of increase in central rates in the USA and UK, an increase in world economic activity, or a sudden increase in inflation risks, then the portfolio position will be re-appraised. Most likely, fixed rate funding will be drawn whilst interest rates are lower than they are projected to be in the next few years.
- 3.8 Any decisions will be reported to the appropriate decision making body at the next available opportunity.
- ## 3.9 Policy on Borrowing in Advance of Need
- 3.10 The Council will not borrow more than or in advance of its needs purely in order to profit from the investment of the extra sums borrowed. Any decision to borrow in advance will be within forward approved Capital Financing Requirement estimates and will be considered carefully to ensure that value for money can be demonstrated and that the Council can ensure the security of such funds.

3.11 Risks associated with any borrowing in advance activity will be subject to prior appraisal and subsequent reporting through the mid-year or annual reporting mechanism.

3.12 Debt rescheduling

3.13 Rescheduling of current borrowing in our debt portfolio is unlikely to occur as the 100 bps increase in PWLB rates only applied to new borrowing rates and not to premature debt repayment rates. If rescheduling was done, it will be reported to the Cabinet at the earliest meeting following its action.

3.14 New Financial Institutions as a source of Borrowing and / or types of Borrowing

Currently the PWLB Certainty Rate is set at gilts + 80 basis points for both HRA and non-HRA borrowing. However, consideration may still need to be given to sourcing funding from the following sources for the following reasons:

- Local authorities (primarily shorter dated maturities out to 3 years or so – still cheaper than the Certainty Rate).
- Financial institutions (primarily insurance companies and pension funds but also some banks, out of forward dates where the objective is to avoid a “cost of carry” or to achieve refinancing certainty over the next few years)
- Municipal Bonds Agency (possibly still a viable alternative depending on market circumstances prevailing at the time).

Our advisors will keep us informed as to the relative merits of each of these alternative funding sources.

3.15 Approved Sources of Long and Short term Borrowing

On Balance Sheet	Fixed	Variable
PWLB	●	●
Municipal bond agency	●	●
Local authorities	●	●
Banks	●	●
Pension funds	●	●
Insurance companies	●	●

Overdraft	●	●
Negotiable Bonds	●	●
Internal (capital receipts & revenue balances)	●	●
Commercial Paper	●	●
Medium Term Notes	●	●
Finance leases	●	●

Capital Prudential and Treasury Indicators

3.16 The Council's capital expenditure plans are the key driver of treasury management activity. The output of the capital expenditure plans is reflected in the prudential indicators, which are designed to assist members' overview and confirm capital expenditure plans.

Ratio of financing costs to net revenue stream

3.17 This indicator identifies the trend in the cost of capital, (borrowing and other long term obligation costs net of investment income), against the net revenue budget or HRA rental income (net revenue stream). The estimates of financing costs include current commitments and the proposals in this budget report. The future net revenue streams are estimated based on worst case scenarios.

£'m	2020/21	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30
Financing Costs	10.02	13.59	16.55	17.61	17.71	17.54	16.67	17.13	17.45	17.51
Net Revenue Stream	269.60	280.66	281.26	282.17	283.38	284.90	286.74	288.91	291.39	294.18
Council Fund	3.72%	4.84%	5.88%	6.24%	6.25%	6.16%	5.81%	5.93%	5.99%	5.95%
Financing Costs	5.27	5.75	6.35	6.98	7.59	8.02	7.79	7.96	8.07	8.39
Net Revenue Stream	25.65	25.88	26.99	28.24	29.61	30.98	32.28	33.46	34.64	35.85
HRA	20.54%	22.22%	23.52%	24.72%	25.64%	25.89%	24.14%	23.80%	23.30%	23.41%

Maturity structure of borrowing

3.18 These gross limits are set to reduce the Council's exposure to large, fixed rate sums falling due for refinancing and are required for upper and lower limits.

3.19 The Council is asked to approve the following treasury indicators and limits:

Maturity structure of borrowing 2020/21		
	Lower	Upper
Under 12 months	0%	40%
12 months to 2 years	0%	40%
2 years to 5 years	0%	40%
5 years to 10 years	0%	40%
10 years to 20 years	0%	40%
20 years to 30 years	0%	40%
30 years to 40 years	0%	40%
40 years to 50 years	0%	40%

3.20 Affordability prudential indicators

3.21 Prudential indicators are required to assess the affordability of the capital investment plans. These provide an indication of the impact of the capital investment plans on the Council's overall finances. The Council is asked to approve the following borrowing indicators:

3.22 Borrowing Indicators

3.23 The capital expenditure plans set out in the capital strategy provide details of the service activity of the Council. The treasury management function ensures that the Council's cash is organised in accordance with the relevant professional codes, so that sufficient cash is available to meet this service activity and the Council's capital strategy. This will involve both the organisation of the cash flow and, where capital plans require, the organisation of appropriate borrowing facilities. The strategy covers the relevant treasury / prudential indicators, the current and projected debt positions and the annual investment strategy.

3.24 The Council's forward projections for borrowing are summarised below. The table shows the actual external debt, against the underlying capital borrowing need, (the Capital Financing Requirement - CFR), highlighting any over or under borrowing.

Change in External Debt

Estimated Gross Debt at 31st March	105.00	115.62	126.14	136.19	142.96	144.29	145.14	146.32	150.63	149.60
CFR	105.00	115.62	126.14	136.19	142.96	144.29	145.14	146.32	150.63	149.60

3.25 Within the range of prudential indicators there are a number of key indicators to ensure that the Council operates its activities within well-defined limits. One of these is that the Council needs to ensure that its gross debt does not, except in the short term, exceed the total of the CFR in the preceding year plus the estimates of any additional CFR for 2021/22 and the following two financial years. This allows some flexibility for limited early borrowing for future years but ensures that borrowing is not undertaken for revenue or speculative purposes.

3.26 The Head of Financial Services reports that the Council complied with this prudential indicator in the current year and does not envisage difficulties for the next few years. This view takes into account current commitments, existing plans, and the proposals in this budget report. The projected increase

in the CFR over the medium and longer term must be reviewed annually to ensure that the capital investment plans remain affordable, prudent and sustainable.

3.27 Treasury Indicators: limits to borrowing activity

Operational Boundary

3.28 The Operational Boundary is the limit beyond which external debt is not normally expected to exceed. In most cases, this would be a similar figure to the CFR, but may be lower or higher depending on the levels of actual debt and the ability to fund under-borrowing by other cash resources.

3.29 The council has a long term liability of £19.50 million for a Section 106 obligation. This is not factored into any repayment plans at present, and borrowing is likely to be needed for this at some point in the future.

£'m	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31
Operational Boundary	478.00	520.00	546.00	553.00	555.00	556.00	560.00	567.00	565.00	563.00

Authorised Limit

3.30 This is a key prudential indicator and represents a control on the maximum level of borrowing. This represents a legal limit beyond which external debt is prohibited, and this limit needs to be set or revised by the full Council. It reflects the level of external debt which, while not desired, could be afforded in the short term, but is not sustainable in the longer term.

3.31 This is the statutory limit determined under section 3 (1) of the Local Government Act 2003. The Government retains an option to control either the total of all councils' plans, or those of a specific council, although this power has not yet been exercised.

3.32 The Council is asked to approve the following authorised limit.

£'m	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30	2030/31
Authorised Limit	492.00	535.00	562.00	569.00	571.00	572.00	576.00	583.00	582.00	581.00

3.33 The chart below shows the relationship between the Total Debt, the Capital Financing Requirement (CFR), the Operational Boundary and Authorised Limit.

Annual Investment Policy

- 3.34 **Management of risk** - The Welsh Government and CIPFA have extended the meaning of 'investments' to include both financial and non-financial investments. This strategy deals solely with financial investments, (as managed by the treasury management team). Nonfinancial investments, essentially the purchase of income yielding assets, are covered in the Capital Strategy.

The Council's investment policy has regard to the following.

- Welsh Government's Guidance on Local Government Investments 2019 ("the Guidance")
 - CIPFA Treasury Management in Public Services Code of Practice and Cross Sectoral Guidance Notes 2017 ("the Code")
 - CIPFA Treasury Management Guidance Notes 2018
 - The Council's investment priorities will be security first, portfolio liquidity second and then yield, (return).
- 3.35 The above guidance from the Welsh Government and CIPFA place a high priority on the management of risk. This authority has adopted a prudent approach to managing risk and defines its risk appetite by the following means:
- Minimum acceptable credit criteria are applied in order to generate a list of highly creditworthy counterparties. This also enables diversification and thus avoidance of concentration risk. The key ratings used to monitor counterparties are the short term and long-term ratings.
 - Other information: ratings will not be the sole determinant of the quality of an institution; it is important to continually assess and monitor the financial sector on both a micro and macro basis and in relation to the economic and political environments in which institutions operate. The assessment will also take account of information that reflects the opinion of the markets. To achieve this consideration the Council will engage with its advisors to maintain a monitor on market pricing such as "credit default swaps" and overlay that information on top of the credit ratings.
 - Other information sources used will include the financial press, share price and other such information pertaining to the financial sector in order to establish the most robust scrutiny process on the suitability of potential investment counterparties.
 - This authority has defined the list of types of investment instruments that the treasury management team are authorised to use. There are categories of 'specified' and 'non-specified' investments.
 - Specified investments are those with a high level of credit quality and subject to a maturity limit of one year except deposits with local authorities which can be for any period.
 - Non-specified investments are those with less high credit quality, may be for periods in excess of one year, and/or are more complex instruments which require greater consideration by members and officers before being authorised for use. Once an investment is classed as non-specified, it remains non-specified all the way through to maturity i.e., an 18 month deposit would still be non-specified even if it has only 11 months left until maturity.
 - Lending limits (amounts and maturity), for each counterparty will be set in conjunction with Link's matrices.
 - This authority will set a limit for the amount of its investments which are invested for longer than 365 days.
 - Investments will only be placed with counterparties from countries with a specified minimum sovereign rating.
 - All investments will be denominated in sterling.
- 3.36 As a result of the change in accounting standards for 2020/21 under IFRS 9, this authority will consider the implications of investment instruments which could result in an adverse movement in the value of the amount invested and resultant charges at the end of the year to the General Fund. The Welsh Government has passed a statutory override to allow Welsh local authorities time to

adjust their portfolio of all pooled investments by delaying implementation of IFRS 9 for five years until 31st March 2023.

3.37 The council will also pursue value for money in treasury management and will monitor the yield from investment income against appropriate benchmarks for investment performance.

3.38 Creditworthiness policy

3.39 This Council applies the creditworthiness service provided by Link Asset Services. This service employs a sophisticated modelling approach, utilising credit ratings from the three main credit rating agencies - Fitch, Moody's and Standard & Poor's. The credit ratings of counterparties are supplemented with the following overlays:

- "watches" and "outlooks" from credit rating agencies.
- CDS spreads that may give early warning of likely changes in credit ratings.
- sovereign ratings to select counterparties from only the most creditworthy countries.

3.40 This modelling approach combines credit ratings, and any assigned Watches and Outlooks in a weighted scoring system which is then combined with an overlay of CDS spreads. The end product of this is a series of colour coded bands which indicate the relative creditworthiness of counterparties. These colour codes are used by the Council to determine the suggested duration for investments. The Council will, therefore, use counterparties within the following durational bands:

Yellow	5 years *
Dark pink	5 years for Ultra-Short Dated Bond Funds with a credit score of 1.25
Light pink	5 years for Ultra-Short Dated Bond Funds with a credit score of 1.5
Purple	2 years
Blue	1 year (only applies to nationalised or semi nationalised UK Banks)
Orange	1 year
Red	6 months
Green	100 days
No colour	not to be used

Please note: the yellow colour category is for UK Government debt, or its equivalent, money market funds and collateralised deposits where the collateral is UK Government debt.

Please note: "fund" ratings are different to individual counterparty ratings, coming under either specific "MMF" or "Bond Fund" rating criteria.

3.41 The Link Asset Services' creditworthiness service uses a wider array of information other than just primary ratings. Furthermore, by using a risk weighted scoring system, it does not give undue preponderance to just one agency's ratings.

3.42 Typically, the minimum credit ratings criteria the Council use will be a short term rating (Fitch or equivalents) of F1 and a long term rating of A-. There may be occasions when the counterparty ratings from one rating agency are marginally lower than these ratings but may still be used. In these instances, consideration will be given to the whole range of ratings available, or other topical market information, to support their use.

3.43 Credit ratings will be monitored daily through use of the Link Asset Services' creditworthiness service. If a downgrade results in the counterparty / investment scheme no longer meeting the Council's minimum criteria, its further use as a new investment will be withdrawn immediately. In

addition to the use of credit ratings the Council will be advised of information in movements in Credit Default Swap spreads against the iTraxx European Financials benchmark and other market data on a daily basis via its Passport website, provided exclusively to it by Link Asset Services. Extreme market movements may result in downgrade of an institution or removal from the Council's lending list.

3.44 Sole reliance will not be placed on the use of this external service. In addition, this Council will also use market data and market information, as well as information on any external support for banks to help support its decision making process.

3.45 UK banks

3.46 Although the credit rating agencies changed their outlook on many UK banks from Stable to Negative during the quarter ended 30.6.20 due to upcoming risks to banks' earnings and asset quality during the economic downturn caused by the pandemic, the majority of ratings were affirmed due to the continuing strong credit profiles of major financial institutions, including UK banks.

3.47 However, during Q1 and Q2 2020, banks made provisions for expected credit losses and the rating changes reflected these provisions. As we move into future quarters, more information will emerge on actual levels of credit losses. (Quarterly earnings reports are normally announced in the second half of the month following the end of the quarter.) This has the potential to cause rating agencies to revisit their initial rating adjustments earlier in the current year. These adjustments could be negative or positive, although it should also be borne in mind that banks went into this pandemic with strong balance sheets.

3.48 This is predominantly a result of regulatory changes imposed on banks following the Great Financial Crisis. Indeed, the Financial Policy Committee (FPC) report on 6th August revised down their expected credit losses for the UK banking sector to "somewhat less than £80bn". It stated that in its assessment, "banks have buffers of capital more than sufficient to absorb the losses that are likely to arise under the MPC's central projection". The FPC stated that for real stress in the sector, the economic output would need to be twice as bad as the MPC's projection, with unemployment rising to above 15%.

3.49 All three rating agencies have reviewed banks around the world with similar results in many countries of most banks being placed on Negative Outlook, but with a small number of actual downgrades.

3.50 Although bank CDS prices (these are market indicators of credit risk) spiked upwards at the end of March / early April 2020 due to the heightened market uncertainty and ensuing liquidity crisis that affected financial markets, they have returned to more average levels since then. Nevertheless, prices are still elevated compared to end-February 2020. Pricing is likely to remain volatile as uncertainty continues. However, sentiment can easily shift, so it will remain important to undertake continual monitoring of all aspects of risk and return in the current circumstances. Link monitor CDS prices as part of their creditworthiness service to local authorities and the Council has access to this information via its Link-provided Passport portal.

3.51 Country limits

3.52 Due care will be taken to consider the exposure of the Council's total investment portfolio to non-specified investments, countries, groups and sectors.

3.53 The Council has determined that it will only use approved counterparties from the UK and from countries with a minimum sovereign credit rating of AA- from Fitch. The list of countries that qualify using this credit criteria as at the date of this report are shown in paragraph 3.83. This list will be added to, or deducted from, by officers should ratings change in accordance with this policy.

3.54 Investment strategy

- 3.55 **In-house funds** - Investments will be made with reference to the core balance and cash flow requirements and the outlook for short-term interest rates (i.e., rates for investments up to 12 months). Greater returns are usually obtainable by investing for longer periods. While most cash balances are required in order to manage the ups and downs of cash flow, where cash sums can be identified that could be invested for longer periods, the value to be obtained from longer term investments will be carefully assessed.
- 3.56 If it is thought that Bank Rate is likely to rise significantly within the time horizon being considered, then consideration will be given to keeping most investments as being short term or variable.
- 3.57 Conversely, if it is thought that Bank Rate is likely to fall within that time period, consideration will be given to locking in higher rates currently obtainable, for longer periods.
- 3.58 **Investment returns expectations** – Bank Rate is unlikely to rise from 0.10% for a considerable period. It is very difficult to say when it may start rising so it may be best to assume that investment earnings from money market-related instruments will be sub 0.50% for the foreseeable future.
- 3.59 The suggested budgeted investment earnings rates for returns on investments placed or periods up to about three months during each financial year are as follows:

2020/21	0.10%
2021/22	0.10%
2022/23	0.10%
2023/24	0.10%
2024/25	0.25%
Later years	2.00%

- 3.60 The overall balance of risks to economic growth in the UK is probably now skewed to the upside but is subject to major uncertainty due to the virus and how quickly successful vaccines may become available and widely administered to the population. It may also be affected by what, if any, deal the UK agrees as part of Brexit.
- 3.61 There is relatively little UK domestic risk of increases or decreases in Bank Rate and significant changes in shorter term PWLB rates. The Bank of England has effectively ruled out the use of negative interest rates in the near term and increases in Bank Rate are likely to be some years away given the underlying economic expectations. However, it is always possible that safe haven flows, due to unexpected domestic developments and those in other major economies, or a return of investor confidence in equities, could impact gilt yields, (and so PWLB rates), in the UK.

3.62 **Negative investment rates**

- 3.63 While the Bank of England said in August / September 2020 that it is unlikely to introduce a negative Bank Rate, at least in the next 6 -12 months, and in November omitted any mention of negative rates in the minutes of the meeting of the Monetary Policy Committee, some deposit accounts are already offering negative rates for shorter periods. As part of the response to the pandemic and lockdown, the Bank and the Government have provided financial markets and businesses with plentiful access to credit, either directly or through commercial banks. In addition, the Government has provided large sums of grants to local authorities to help deal with the COVID crisis; this has caused some local authorities to have sudden large increases in cash balances searching for an investment home, some of which was only very short term until those sums were able to be passed on.
- 3.64 As for money market funds (MMFs), yields have continued to drift lower. Some managers have already resorted to trimming fee levels to ensure that net yields for investors remain in positive territory where possible and practical. Investor cash flow uncertainty, and the need to maintain liquidity in these unprecedented times, has meant there is a surfeit of money swilling around at the

very short end of the market. This has seen a number of market operators, now including the DMADF, offer nil or negative rates for very short term maturities. This is not universal, and MMFs are still offering a marginally positive return, as are a number of financial institutions for investments at the very short end of the yield curve.

- 3.65 Inter- local authority lending and borrowing rates have also declined due to the surge in the levels of cash seeking a short-term home at a time when many local authorities are probably having difficulties over accurately forecasting when disbursements of funds received will occur or when further large receipts will be received from the Government.
- 3.66 Inter- local authority lending and borrowing rates have also declined due to the surge in the levels of cash seeking a short-term home at a time when many local authorities are probably having difficulties over accurately forecasting when disbursements of funds received will occur or when further large receipts will be received from the Government.

Investment treasury indicator and limit

- 3.67 The Investment treasury indicator and limit - total principal funds invested for greater than 365 days. These limits are set with regard to the Council’s liquidity requirements and to reduce the need for early sale of an investment and are based on the availability of funds after each yearend.
- 3.68 The Council is asked to approve the following treasury indicator and limit:

Upper limit for principal sums invested for longer than 365 days			
£m	2020/21	2021/22	2022/23
Principal sums invested for longer than 365 days	£10m	£10m	£10m
Current investments as at 10.01.21 in excess of 1 year maturing in each year	Nil	Nil	Nil

- 3.69 For its cash flow generated balances, the Council will seek to utilise its business reserve instant access accounts, money market funds and short-dated deposits.
- 3.70 **Investment performance / risk benchmarking** – The council will use an investment benchmark to assess the investment performance of its investment portfolio of 3 month LIBID uncompounded. The Council is appreciative that the provision of LIBOR and associated LIBID rates is expected to cease at the end of 2021. It will work with its advisors in determining suitable replacement investment benchmark(s) ahead of this cessation and will report back to members accordingly.
- 3.71 Interest Rate Forecasts - Brexit. The interest rate forecasts provided by Link were predicated on an assumption of a reasonable agreement being reached on trade negotiations between the UK and the EU. There is therefore no need to revise these forecasts now that a trade deal has been agreed. Brexit may reduce the economy’s potential growth rate in the long run. However, much of that drag is now likely to be offset by an acceleration of productivity growth triggered by the digital revolution brought about by the COVID crisis.
- 3.72 The balance of risks to the UK
- 3.73 The overall balance of risks to economic growth in the UK is probably now skewed to the upside, but is still subject to some uncertainty due to the virus and the effect of any mutations, and how quick vaccines are in enabling a relaxation of restrictions.
- 3.74 There is relatively little UK domestic risk of increases or decreases in Bank Rate and significant changes in shorter term PWLB rates. The Bank of England has effectively ruled out the use of

negative interest rates in the near term and increases in Bank Rate are likely to be some years away given the underlying economic expectations. However, it is always possible that safe haven flows, due to unexpected domestic developments and those in other major economies, could impact gilt yields, (and so PWLB rates), in the UK.

3.75 Downside risks to current forecasts for UK gilt yields and PWLB rates currently include:

- UK government takes too much action too quickly to raise taxation or introduce austerity measures that depress demand in the economy.
- UK - Bank of England takes action too quickly, or too far, over the next three years to raise Bank Rate and causes UK economic growth, and increases in inflation, to be weaker than we currently anticipate.
- A resurgence of the Eurozone sovereign debt crisis. The ECB has taken monetary policy action to support the bonds of EU states, with the positive impact most likely for “weaker” countries. In addition, the EU agreed a €750bn fiscal support package. These actions will help shield weaker economic regions for the next two or three years. However, in the case of Italy, the cost of the virus crisis has added to its already huge debt mountain and its slow economic growth will leave it vulnerable to markets returning to taking the view that its level of debt is unsupportable. There remains a sharp divide between northern EU countries favouring low debt to GDP and annual balanced budgets and southern countries who want to see jointly issued Eurobonds to finance economic recovery. This divide could undermine the unity of the EU in time to come.
- Weak capitalisation of some European banks, which could be undermined further depending on extent of credit losses resultant of the pandemic.
- German minority government & general election in 2021. In the German general election of September 2017, Angela Merkel’s CDU party was left in a vulnerable minority position dependent on the fractious support of the SPD party, as a result of the rise in popularity of the anti-immigration AfD party. The CDU has done badly in subsequent state elections but the SPD has done particularly badly. Angela Merkel has stepped down from being the CDU party leader but she will remain as Chancellor until the general election in 2021. This then leaves a major question mark over who will be the major guiding hand and driver of EU unity when she steps down.
- Other minority EU governments. Austria, Sweden, Spain, Portugal, Netherlands, Ireland and Belgium also have vulnerable minority governments dependent on coalitions which could prove fragile.
- Austria, the Czech Republic, Poland and Hungary now form a strongly anti-immigration bloc within the EU, and they had threatened to derail the 7 year EU budget until a compromise was thrashed out in late 2020. There has also been a rise in anti-immigration sentiment in Germany and France.
- Geopolitical risks, for example in China, Iran or North Korea, but also in Europe and other Middle Eastern countries, which could lead to increasing safe haven flows.

3.76 Upside risks to current forecasts for UK gilt yields and PWLB rates

- UK - a significant rise in inflationary pressures e.g. caused by a stronger than currently expected recovery in the UK economy after effective vaccines are administered quickly to the UK population, leading to a rapid resumption of normal life and return to full economic activity across all sectors of the economy.
- The Bank of England is too slow in its pace and strength of increases in Bank Rate and, therefore, allows inflationary pressures to build up too strongly within the UK economy, which then necessitates a rapid series of increases in Bank Rate to stifle inflation.

3.77 Treasury Management Practice – Credit and Counterparty Risk Management

3.78 Specified Investments - All such investments will be sterling denominated with maturities up to maximum of 1 year (except for deposits with local authorities which can be for any period), meeting the minimum ‘high’ quality criteria where applicable. (If a deposit is made for say 2 years, it starts as

being a non-specified investment and remains as a non-specified investment even when it's time to maturity falls under 12 months). The criteria, time limits and monetary limits applying to institutions or investment vehicles are.

Institution	Maximum Investment per Group/Institution	Maximum Length	Credit Rating/Other Assessment of Risk
UK Banks	£30m	Up to 364 days	As per Link's matrices
Foreign Banks	£5m	Up to 364 days	As per Link's matrices
Other Local Authorities	£25m	Up to 5 years	N/A

3.79 **Non specified Investments** - These are any investments which do not meet the specified investment criteria. A variety of investment instruments will be used, subject to the credit quality of the institution, and depending on the type of investment made, it will fall into one of the above categories. The criteria, time limits and monetary limits applying to institutions or investment vehicles are:

Institution	Maximum Investment per Group/Institution	Maximum Length	Credit Rating/Other Assessment of Risk
UK Banks	£10m (£5m limit with any one institution)	Up to 2 years	As per Link's matrices
Foreign Banks	£2m	Up to 2 years	As per Link's matrices
Money Market Funds (max. of 5)	£10m	N/A	All are AAA rated
Other Local Authorities	£10m	Up to 5 years	N/A
<i>Note: Limits for Specified and Non-Specified are combined limits. The maximum limit will also apply to a banking group as a whole.</i>			

3.80 In addition to treasury management investment activity, local authorities can utilise their powers to borrow in order to invest in other financial assets. Such activity includes loans supporting service outcomes, investment in or loans to subsidiaries, and investment property portfolios primarily for a financial return. Whilst these impact on treasury management activity, they are managed outside of this Treasury Management Strategy and approved separately as part of the Council's Capital expenditure plans arising from its Capital Strategy. Regulator concerns in relation to the extent of this activity have resulted in recent updates to CIPFA professional Codes of Practice including the Treasury Management Code. Whilst no national monetary, financial or other controls or limits are in place currently, regulations have been updated to ensure the risks and implications of such activities are clearly governed and understood over a long term period.

3.81 **Approved Countries for Investments**

3.82 This list is based on those countries which have sovereign ratings of AA- or higher, (we show the lowest rating from Fitch, Moody's, and S&P) and also, (except - at the time of writing - for Hong Kong, Norway and Luxembourg), have banks operating in sterling markets which have credit ratings of green or above in the Link Asset Services credit worthiness service.

3.83 Based on lowest available rating

- **AAA**

Australia	Denmark
Germany	Luxembourg
Netherlands	Norway
Singapore	Sweden
Switzerland	

- **AA+**

Canada	U.S.A.
Finland	

- **AA**

Abu Dhabi (UAE)	France
-----------------	--------

- **AA-**

Belgium	Hong Kong
Qatar	U.K.

3.84 **Prospect for Interest rates** - The Council has appointed Link Asset Services as its treasury advisor and part of their service is to assist the Council to formulate a view on interest rates, their latest update is provided at Appendix D.

3.85 Investment and Borrowing Rates

3.86 Investment returns are likely to remain exceptionally low during 2021/22 with little increase in the following two years.

3.87 On 25th November 2020, the Chancellor announced the conclusion to the review of margins over gilt yields for PWLB rates; the standard and certainty margins were reduced by 1% but a prohibition was introduced to deny access to borrowing from the PWLB for any local authority which had purchase of assets for yield in its three year capital programme. The new margins over gilt yields are as follows.

- PWLB Standard Rate is gilt plus 100 basis points (G+100bps)
- PWLB Certainty Rate is gilt plus 80 basis points (G+80bps)
- PWLB HRA Standard Rate is gilt plus 100 basis points (G+100bps)
- PWLB HRA Certainty Rate is gilt plus 80bps (G+80bps)
- Local Infrastructure Rate is gilt plus 60bps (G+60bps)

3.88 Borrowing for capital expenditure. As Link's long-term forecast for Bank Rate is 2.00%, and all PWLB rates are under 2.00%, there is now value in borrowing from the PWLB for all types of capital expenditure for all maturity periods, especially as current rates are at historic lows. However, greater value can be obtained in borrowing for shorter maturity periods so the Council will assess its risk appetite in conjunction with budgetary pressures to reduce total interest costs. Longer-term borrowing could also be undertaken for the purpose of certainty, where that is desirable, or for flattening the profile of a heavily unbalanced maturity profile.

3.89 While this authority will not be able to avoid borrowing to finance new capital expenditure, to replace maturing debt and the rundown of reserves, there will be a cost of carry, (the difference between higher borrowing costs and lower investment returns), to any new short or medium term borrowing that causes a temporary increase in cash balances as this position will, most likely, incur a revenue cost.

Treasury Management Scheme of Delegation

3.90 The governance of the key decisions are set out below:

➤ **Full Council**

- approval of annual strategy

➤ **Audit Committee**

- reviewing the treasury management policy and procedures and making recommendations to the responsible body.

➤ **Cabinet**

- receiving and reviewing reports on treasury management policies, practices and activities
- approval of amendments to the Authority's adopted clauses, treasury management policy statement and treasury management practices
- budget consideration and approval
- approval of the division of responsibilities
- receiving and reviewing regular monitoring reports and acting on recommendations
- approving the selection of external service providers.

The Treasury Management Role of the Section 151 Officer

3.91 The role of the section 151 officer is set out below:

- recommending clauses, treasury management policy/practices for approval, reviewing the same regularly, and monitoring compliance
- submitting regular treasury management policy reports
- submitting budgets and budget variations
- receiving and reviewing management information reports
- reviewing the performance of the treasury management function
- ensuring the adequacy of treasury management resources and skills, and the effective division of responsibilities within the treasury management function
- ensuring the adequacy of internal audit, and liaising with external audit
- recommending the appointment of external service providers.

3.92 The above list of specific responsibilities of the S151 officer in the 2017 Treasury Management Code has not changed. However, implicit in the changes in both codes, is a major extension of the functions of this role:

- preparation of a capital strategy to include capital expenditure, capital financing, and treasury management, with a long term timeframe (say 20+ years – to be determined in accordance with local priorities).
- ensuring that the capital strategy is prudent, sustainable, affordable and prudent in the long term and provides value for money.
- ensuring that due diligence has been carried out on all investments and is in accordance with the risk appetite of the authority.

Appendix B - Capital Receipt Policy

Introduction

This policy is introduced to provide guidance to Senior Managers on the rules governing the application of Capital Receipts in Powys County Council. This guidance has been drafted in line with the two codes of practice issued by the Chartered Institute of Public Finance and Accountancy (CIPFA). These publications are:

- The Prudential Code for Capital Finance in Local Authorities
- The Code of Practice on Local Authority Accounting

The two publications referred to above contain guidance on capital receipts and local authority accounting that complements guidance issued by the Welsh Government.

In England and Wales, capital receipts are defined by Section 9(1) of the Local Government Act 2003 to include all instances where property, plant or equipment is disposed of for cash (subject to a £10,000 de minimis). All references to Capital Receipts in this policy therefore refers to this definition.

Application

This guidance should be read alongside the relevant direction issued by Welsh Ministers.

This guidance applies with effect from 1 April 2018 and for each subsequent financial year to which the use of capital receipts applies.

The direction makes it clear that local authorities cannot borrow to finance the revenue costs of service reform. Local authorities can only use capital receipts from the disposal of property plant and equipment assets received in the years in which this flexibility is offered. Officers must therefore not use stock of capital receipts to finance the revenue costs of qualifying projects.

Costs of Disposal

The statutory arrangements for capital receipts in England and Wales permit costs of disposals to be financed from the receipts generated, although there is a cap of 4% of the Capital Receipt for costs incurred in relation to non-housing disposals.

Qualifying Expenditure

The accounting process for disposals is complicated by the fact that proceeds from the sale of property, plant and equipment are generally subject to statutory restrictions over their use. Income that meets the definition of capital receipts is reserved for new capital investment or for the reduction of an authority's indebtedness. This definition has however been extended by a Capitalisation directive (April 2018) on the Flexible Use of Capital Receipt by the Welsh Cabinet

Secretary for Local Government and Public Services, in the exercise of his powers under section 16(2)(b) and 20 of the Local Government Act 2003), that the local authorities in Wales treat as capital expenditure, any expenditure which:

- a) Is incurred by the Authorities that is designed to generate ongoing revenue savings in the delivery of services and/or transform service delivery in a way that reduces cost or demand for services in future years for any of the public sector delivery partners; and
- b) Is properly incurred by the authorities for the financial years that begin on 1st April 2016, 1st April 2017, 1st April 2018, 1st April 2019, 1st April 2020 and 1st April 2021.

While this directive extends the scope of expenditure that qualify for the use of Capital Receipts, it also restricts the period during which the flexibility can be applied. Therefore, any decision to apply Capital Receipt, must meet the conditions of both the qualifying period and the qualifying expenditure.

The qualifying period during which flexibility can be applied is the financial years that begin from 1st April 2016 and end on 31st March 2022. This means that any Capital Expenditure received prior to 1st April 2016 or received after 31st March 2022 cannot be applied under the exemptions of the Capitalisation Directive. Capital Receipts received during the directive period can also not be applied with the same flexibility once the directive term has expired.

Qualifying expenditure is expenditure on any project that is designed to generate ongoing revenue savings in the delivery of public services and/or transform service delivery in a way that reduces costs or demand for services in future years for the Authority or any of the delivery partners. This includes investment which supports economic growth projects which are also designed to reduce revenue costs or pressures over the longer term. Within this definition, it is for individual local authorities to decide whether or not a project qualifies for the flexibility.

The set up and implementation costs of any new processes or arrangements can be classified as qualifying expenditure. The ongoing revenue costs of the new processes or arrangements cannot be classified as qualifying expenditure.

Examples of qualifying expenditure

There are a wide range of projects that could generate qualifying expenditure and the list below is neither prescriptive nor exhaustive. Examples of projects include:

- Preparatory work necessary to support local authority mergers as part of the programme to reform local government in Wales.
- Sharing back-office and administrative services with one or more other council or public sector body.
- Investment in service reform feasibility work, e.g., setting up pilot schemes.
- Collaboration between local authorities and central government to free up land for economic use
- Funding the cost of service reconfiguration, restructuring or rationalisation (staff or non-staff), where this leads to ongoing efficiency savings or service transformation.
- Sharing Chief Executives, management teams or staffing structures.
- Driving a digital approach to the delivery of more efficient public services and how the public interacts with constituent authorities where possible.
- Aggregating procurement on common goods and services where possible, either as part of local arrangements or using the National Procurement Service, Crown Commercial Services or other central purchasing bodies which operate in accordance with the Wales Procurement Policy Statement.
- Improving systems and processes to tackle fraud and corruption in line with the Local Government Fraud and Corruption Strategy – this could include an element of staff training.
- Setting up alternative delivery models to deliver services more efficiently and bring in revenue (for example, through selling services to others); and
- Integrating public facing services across two or more public sector bodies (for example children’s social care, trading standards) to generate savings or to transform service delivery.
- Investment which supports economic growth projects which are also designed to reduce revenue costs or pressures over the longer term, across one or more local authorities and/or other public sector bodies.

Use of Capital Receipts

The current policy for the use of Capital Receipts is contained in the Corporate Asset Policy.

- Capital Receipts will normally be credited to the Central Fund and will be used to progress the
- Council’s principal objectives defined in the Corporate Improvement Plan. However, up to 4% of the capital receipt may be reclaimed by Property as permitted and approved costs of sale.
- Capital receipts from the sale of Farm or Agricultural land under the County Farm Estate and property vested in the HRA will be subject to the following apportionment:

This policy proposes the use of Capital Receipts to continue to be based on the following:

Type	Service Area	Corporate
Agricultural	0%	100%
HRA Dwellings and Land	100%	
Home finder Receipts	100%	
Vehicles	100%	

Appendix C – Economic Background - 11th January 2021

UK The key quarterly meeting of the Bank of England Monetary Policy Committee kept Bank Rate unchanged on 5th November 2020. However, it revised its economic forecasts to take account of a second national lockdown from 5th November 2020 to 2nd December 2020 which is obviously going to put back economic recovery and do further damage to the economy. It therefore decided to do a further tranche of quantitative easing (QE) of £150bn, to start in January when the current programme of £300bn of QE, announced in March to June, runs out. It did this so that “announcing further asset purchases now should support the economy and help to ensure the unavoidable near-term slowdown in activity was not amplified by a tightening in monetary conditions that could slow the return of inflation to the target”.

Its forecasts appeared, at the time, to be rather optimistic in terms of three areas:

- The economy would recover to reach its pre-pandemic level in Q1 2022
- The Bank also expects there to be excess demand in the economy by Q4 2022.
- CPI inflation is therefore projected to be a bit above its 2% target by the start of 2023 and the ‘inflation risks were judged to be balanced’.

Significantly, there was no mention of **negative interest rates** in the minutes or Monetary Policy Report, suggesting that the MPC remains some way from being persuaded of the case for such a policy, at least for the next 6 -12 months. However, rather than saying that it “stands ready to adjust monetary policy”, the MPC this time said that it will take “whatever additional action was necessary to achieve its remit”. The latter seems stronger and wider and may indicate the Bank’s willingness to embrace new tools.

One key addition to **the Bank’s forward guidance in August** was a new phrase in the policy statement, namely that “it does not intend to tighten monetary policy until there is clear evidence that significant progress is being made in eliminating spare capacity and achieving the 2% target sustainably”. That seems designed to say, in effect, that even if inflation rises to 2% in a couple of years’ time, do not expect any action from the MPC to raise Bank Rate – until they can clearly see that level of inflation is going to be persistently above target if it takes no action to raise Bank Rate. Our Bank Rate forecast currently shows no increase, (or decrease), through to quarter 1 2024 but there could well be no increase during the next five years as it will take some years to eliminate spare capacity in the economy, and therefore for inflationary pressures to rise to cause the MPC concern. **Inflation** is expected to briefly peak at just over 2% towards the end of 2021, but this is a temporary short lived factor and so not a concern.

However, the minutes did contain several references to **downside risks**. The MPC reiterated that the “recovery would take time, and the risks around the GDP projection were judged to be skewed to the downside”. It also said “the risk of a more persistent period of elevated unemployment remained material”. Downside risks could well include severe restrictions remaining in place in some form during the rest of December and most of January too. **Upside risks** included the early roll out of effective vaccines.

COVID-19 vaccines. We had been waiting expectantly for news that various COVID-19 vaccines would be cleared as being safe and effective for administering to the general public. The Pfizer announcement on 9th November was very encouraging as its 90% effectiveness was much higher than the 50-60% rate of effectiveness of flu vaccines which might otherwise have been expected. However, this vaccine has demanding cold storage requirements of minus 70c that impairs the speed of application to the general population. It has therefore been particularly welcome that the Oxford University/AstraZeneca vaccine has now also been approved which is much cheaper and only requires fridge temperatures for storage. The Government has 60m doses on order and is aiming to vaccinate at a rate of 2m people per week starting in January, though this rate is currently restricted by a bottleneck on vaccine production; (a new UK production facility is due to be completed in June).

These announcements, plus expected further announcements that other vaccines could be approved soon, have enormously boosted confidence that **life could largely return to normal during the second half of 2021**, with activity in the still-depressed sectors like restaurants, travel and hotels returning to their pre-pandemic levels; this would help to bring the unemployment rate down. With the household saving rate having been exceptionally high since the first lockdown in March, there is plenty of pent-up demand and purchasing power stored up for these services. A comprehensive roll-out of vaccines might take into

late 2021 to fully complete; but if these vaccines prove to be highly effective, then there is a possibility that restrictions could start to be eased, beginning possibly in Q2 2021 once vulnerable people and front-line workers have been vaccinated. At that point, there would be less reason to fear that hospitals could become overwhelmed any more. Effective vaccines would radically improve the economic outlook once they have been widely administered; it may allow GDP to rise to its pre-virus level a year earlier than otherwise and mean that the unemployment rate peaks at 7% in 2021 instead of 9%.

Public borrowing was forecast in November by the Office for Budget Responsibility (the OBR) to reach £394bn in the current financial year, the highest ever peace time deficit and equivalent to 19% of GDP. In normal times, such an increase in total gilt issuance would lead to a rise in gilt yields, and so PWLB rates. However, the QE done by the Bank of England has depressed gilt yields to historic low levels, (as has similarly occurred with QE and debt issued in the US, the EU and Japan). This means that new UK debt being issued, and this is being done across the whole yield curve in all maturities, is locking in those historic low levels through until maturity. In addition, the UK has one of the longest average maturities for its entire debt portfolio, of any country in the world. Overall, this means that the total interest bill paid by the Government is manageable despite the huge increase in the total amount of debt. The OBR was also forecasting that the government will still be running a budget deficit of £102bn (3.9% of GDP) by 2025/26. However, initial impressions are that they have taken a pessimistic view of the impact that vaccines could make in the speed of economic recovery.

Overall, **the pace of recovery** was not expected to be in the form of a rapid V shape, but a more elongated and prolonged one. The initial recovery was sharp after quarter 1 saw growth at -3.0% followed by -18.8% in quarter 2 and then an upswing of +16.0% in quarter 3; this still left the economy 8.6% smaller than in Q4 2019. It is likely that the one month national lockdown that started on 5th November, will have caused a further contraction of 8% m/m in November so the economy may have then been 14% below its pre-crisis level.

December 2020 / January 2021. Since then, there has been rapid back-tracking on easing restrictions due to the spread of a new mutation of the virus, and severe restrictions were imposed across all four nations. These restrictions were changed on 5.1.21 to national lockdowns of various initial lengths in each of the four nations as the NHS was under extreme pressure. It is now likely that wide swathes of the UK will remain under these new restrictions for some months; this means that the near-term outlook for the economy is grim. However, the distribution of vaccines and the expected consequent removal of COVID-19 restrictions, should allow GDP to rebound rapidly in the second half of 2021 so that the economy could climb back to its pre-pandemic peak as soon as late in 2022. Provided that both monetary and fiscal policy are kept loose for a few years yet, then it is still possible that in the second half of this decade, the economy may be no smaller than it would have been if COVID-19 never happened. The significant caveat is if another mutation of COVID-19 appears that defeats the current batch of vaccines. However, now that science and technology have caught up with understanding this virus, new vaccines ought to be able to be developed more quickly to counter such a development and vaccine production facilities are being ramped up around the world.

Chart: Level of real GDP (Q4 2019 = 100)

This recovery of growth which eliminates the effects of the pandemic by about the middle of the decade would have major repercussions for public finances as it would be consistent with the government deficit falling to around 2.5% of GDP without any tax increases. This would be in line with the OBR's most optimistic forecast in the graph below, rather than their current central scenario which predicts a 4% deficit due to assuming much slower growth. However, Capital Economics forecasts assumed that there is a reasonable Brexit deal and also that politicians do not raise taxes or embark on major austerity measures and so, (perversely!), depress economic growth and recovery.

Chart: Public Sector Net Borrowing (as a % of GDP)

There will still be some **painful longer term adjustments** as e.g. office space and travel by planes, trains and buses may not recover to their previous level of use for several years, or possibly ever, even if vaccines are fully successful in overcoming the current virus. There is also likely to be a reversal of globalisation as this crisis has exposed how vulnerable long-distance supply chains are. On the other hand, digital services are one area that has already seen huge growth.

Brexit. While the UK has been gripped by the long running saga of whether or not a deal would be made by 31.12.20, the final agreement on 24.12.20, followed by ratification by Parliament and all 27 EU countries in the following week, has eliminated a significant downside risk for the UK economy. The initial agreement only covers trade so there is further work to be done on the services sector where temporary equivalence has been granted in both directions between the UK and EU; that now needs to be formalised on a permanent basis. As the forecasts in this report were based on an assumption of a Brexit agreement being reached, there is no need to amend these forecasts.

Monetary Policy Committee meeting of 17 December. All nine Committee members voted to keep interest rates on hold at +0.10% and the Quantitative Easing (QE) target at £895bn. The MPC commented that the successful rollout of vaccines had reduced the downsides risks to the economy that it had highlighted in November. But this was caveated by it saying, "Although all members agreed that this would reduce downside risks, they placed different weights on the degree to which this was also expected to lead to stronger GDP growth in the central case." So, while the vaccine is a positive development, in the eyes of the MPC at least, the economy is far from out of the woods. As a result of these continued concerns, the MPC voted to extend the availability of the Term Funding Scheme, (cheap borrowing), with additional incentives for small and medium size enterprises for six months from 30.4.21 until 31.10.21. (The MPC had assumed that a Brexit deal would be agreed.)

Fiscal policy. In the same week as the MPC meeting, the Chancellor made a series of announcements to provide further support to the economy: -

- An extension of the COVID-19 loan schemes from the end of January 2021 to the end of March.
- The furlough scheme was lengthened from the end of March to the end of April.

- The Budget on 3.3.21 will lay out the “next phase of the plan to tackle the virus and protect jobs”. This does not sound like tax rises are imminent, (which could hold back the speed of economic recovery).

The **Financial Policy Committee** (FPC) report on 6.8.20 revised down their expected credit losses for the banking sector to “somewhat less than £80bn”. It stated that in its assessment, “banks have buffers of capital more than sufficient to absorb the losses that are likely to arise under the MPC’s central projection”. The FPC stated that for real stress in the sector, the economic output would need to be twice as bad as the MPC’s projection, with unemployment rising to above 15%.

US. The result of the **November elections** meant that while the Democrats gained the presidency and a majority in the House of Representatives, it looks as if the Republicans could retain their slim majority in the Senate provided they keep hold of two key seats in Georgia in elections in early January. If those two seats do swing to the Democrats, they will then control both Houses and President Biden will consequently have a free hand to determine policy and to implement his election manifesto.

The **economy** had been recovering quite strongly from its contraction in 2020 of 10.2% due to the pandemic with GDP only 3.5% below its pre-pandemic level and the unemployment rate dropping below 7%. However, the rise in new cases during quarter 4, to the highest level since mid-August, suggests that the US could be in the early stages of a fourth wave. While the first wave in March and April was concentrated in the Northeast, and the second wave in the South and West, the third wave in the Midwest looks as if it now abating. However, it also looks as if the virus is rising again in the rest of the country. The latest upturn poses a threat that the recovery in the economy could stall. This is **the single biggest downside risk** to the shorter term outlook – a more widespread and severe wave of infections over the winter months, which is compounded by the impact of the regular flu season and, as a consequence, threatens to overwhelm health care facilities. Under those circumstances, states might feel it necessary to return to more draconian lockdowns.

The restrictions imposed to control the spread of the virus are once again weighing on the economy with employment growth slowing sharply in November and retail sales dropping back. The economy is set for further weakness in December and into the spring. However, a \$900bn fiscal stimulus deal passed by Congress in late December will limit the downside through measures which included a second round of direct payments to households worth \$600 per person and a three-month extension of enhanced unemployment insurance (including a \$300 weekly top-up payment for all claimants). GDP growth is expected to rebound markedly from the second quarter of 2021 onwards as vaccines are rolled out on a widespread basis and restrictions are loosened.

After Chair Jerome Powell unveiled the **Fed's adoption of a flexible average inflation target** in his Jackson Hole speech in late August 2020, the mid-September meeting of the Fed agreed by a majority to

a toned down version of the new inflation target in his speech - that *"it would likely be appropriate to maintain the current target range until labour market conditions were judged to be consistent with the Committee's assessments of maximum employment and inflation had risen to 2% and was on track to moderately exceed 2% for some time."* This change was aimed to provide more stimulus for economic growth and higher levels of employment and to avoid the danger of getting caught in a deflationary "trap" like Japan. It is to be noted that inflation has actually been under-shooting the 2% target significantly for most of the last decade, (and this year), so financial markets took note that higher levels of inflation are likely to be in the pipeline; long-term bond yields duly rose after the meeting. The FOMC's updated economic and rate projections in mid-September showed that officials expect to leave the fed funds rate at near-zero until at least end-2023 and probably for another year or two beyond that. There is now some expectation that where the Fed has led in changing its inflation target, other major central banks will follow. The increase in tension over the last year between the US and China is likely to lead to a lack of momentum in progressing the initial positive moves to agree a phase one trade deal.

The Fed's meeting on **5 November** was unremarkable - but at a politically sensitive time around the elections. At its **16 December** meeting the Fed tweaked the guidance for its monthly asset quantitative easing purchases with the new language implying those purchases could continue for longer than previously believed. Nevertheless, with officials still projecting that inflation will only get back to 2.0% in 2023, the vast majority expect the fed funds rate to be still at near-zero until 2024 or later. Furthermore, officials think the balance of risks surrounding that median inflation forecast are firmly skewed to the downside. The key message is still that policy will remain unusually accommodative – with near-zero rates and asset purchases – continuing for several more years. This is likely to result in keeping Treasury yields low – which will also have an influence on gilt yields in this country.

EU. In early December, the figures for Q3 GDP confirmed that the economy staged a rapid rebound from the first lockdowns. This provides grounds for optimism about growth prospects for next year. In Q2, GDP was 15% below its pre-pandemic level. But in Q3 the economy grew by 12.5% q/q leaving GDP down by "only" 4.4%. That was much better than had been expected earlier in the year. However, growth is likely to stagnate during Q4 and in Q1 of 2021, as a second wave of the virus has affected many countries: it is likely to hit hardest those countries more dependent on tourism. The €750bn fiscal support package eventually agreed by the EU after prolonged disagreement between various countries, is unlikely to provide significant support, and quickly enough, to make an appreciable difference in the countries most affected by the first wave.

With inflation expected to be unlikely to get much above 1% over the next two years, **the ECB** has been struggling to get inflation up to its 2% target. It is currently unlikely that it will cut its central rate even further into negative territory from -0.5%, although the ECB has stated that it retains this as a possible tool to use. The ECB's December meeting added a further €500bn to the PEPP scheme, (purchase of government and other bonds), and extended the duration of the programme to March 2022 and re-investing maturities for an additional year until December 2023. Three additional tranches of TLTRO, (cheap loans to banks), were approved, indicating that support will last beyond the impact of the pandemic, implying indirect yield curve control for government bonds for some time ahead. The Bank's forecast for a return to pre-virus activity levels was pushed back to the end of 2021, but stronger growth is projected in 2022. The total PEPP scheme of €1,850bn of QE which started in March 2020 is providing protection to the sovereign bond yields of weaker countries like Italy. There is therefore unlikely to be a euro crisis while the ECB is able to maintain this level of support. However, as in the UK and the US, the advent of highly effective vaccines will be a game changer, although growth will struggle before later in quarter 2 of 2021.

China. After a concerted effort to get on top of the virus outbreak in Q1, economic recovery was strong in Q2 and then into Q3 and Q4; this has enabled China to recover all of the contraction in Q1. Policy makers have both quashed the virus and implemented a programme of monetary and fiscal support that has been particularly effective at stimulating short-term growth. At the same time, China's economy has benefited from the shift towards online spending by consumers in developed markets. These factors help to explain its comparative outperformance compared to western economies. However, this was achieved by major central government funding of yet more infrastructure spending. After years of growth having been focused on this same area, any further spending in this area is likely to lead to increasingly weaker economic

returns in the longer term. This could, therefore, lead to a further misallocation of resources which will weigh on growth in future years.

Japan. A third round of fiscal stimulus in early December took total fresh fiscal spending this year in response to the virus close to 12% of pre-virus GDP. That's huge by past standards, and one of the largest national fiscal responses. The budget deficit is now likely to reach 16% of GDP this year. Coupled with Japan's relative success in containing the virus without draconian measures so far, and the likelihood of effective vaccines being available in the coming months, the government's latest fiscal effort should help ensure a strong recovery and to get back to pre-virus levels by Q3 2021 – around the same time as the US and much sooner than the Eurozone.

World growth. World growth will have been in recession in 2020. Inflation is unlikely to be a problem for some years due to the creation of excess production capacity and depressed demand caused by the coronavirus crisis.

Until recent years, world growth has been boosted by increasing **globalisation** i.e. countries specialising in producing goods and commodities in which they have an economic advantage and which they then trade with the rest of the world. This has boosted worldwide productivity and growth, and, by lowering costs, has also depressed inflation. However, the rise of China as an economic superpower over the last thirty years, which now accounts for nearly 20% of total world GDP, has unbalanced the world economy. The Chinese government has targeted achieving major world positions in specific key sectors and products, especially high tech areas and production of rare earth minerals used in high tech products. It is achieving this by massive financial support, (i.e. subsidies), to state owned firms, government directions to other firms, technology theft, restrictions on market access by foreign firms and informal targets for the domestic market share of Chinese producers in the selected sectors. This is regarded as being unfair competition that is putting western firms at an unfair disadvantage or even putting some out of business. It is also regarded with suspicion on the political front as China is an authoritarian country that is not averse to using economic and military power for political advantage. The current trade war between the US and China therefore needs to be seen against that backdrop. It is, therefore, likely that we are heading into a period where there will be a **reversal of world globalisation and a decoupling of western countries** from dependence on China to supply products. This is likely to produce a backdrop in the coming years of weak global growth and so weak inflation.

Summary

Central banks are, therefore, likely to support growth by maintaining loose monetary policy through keeping rates very low for longer. Governments could also help a quicker recovery by providing more fiscal support for their economies at a time when total debt is affordable due to the very low rates of interest. They will also need to avoid significant increases in taxation or austerity measures that depress demand in their economies.

If there is a huge surge in investor confidence as a result of successful vaccines which leads to a major switch out of government bonds into equities, which, in turn, causes government debt yields to rise, then there will be pressure on central banks to actively manage debt yields by further QE purchases of government debt; this would help to suppress the rise in debt yields and so keep the total interest bill on greatly expanded government debt portfolios within manageable parameters. It is also the main alternative to a programme of austerity.

Appendix D – Interest Rate Forecasts – 11th January 2021

The Council has appointed Link Asset Services as its treasury advisor and part of their service is to assist the Council to formulate a view on interest rates. These are forecasts for certainty rates, gilt yields plus 80bps:

Link Group Interest Rate View		9.11.20											
These Link forecasts have been amended for the reduction in PWLB margins by 1.0% from 26.11.20

The coronavirus outbreak has done huge economic damage to the UK and economies around the world. After the Bank of England took emergency action in March to cut Bank Rate to first 0.25%, and then to 0.10%, it left Bank Rate unchanged at its subsequent meetings to 16th December, although some forecasters had suggested that a cut into negative territory could happen. However, the Governor of the Bank of England has made it clear that he currently thinks that such a move would do more damage than good and that more quantitative easing is the favoured tool if further action becomes necessary. As shown in the forecast table above, no increase in Bank Rate is expected in the near-term as economic recovery is expected to be only gradual and, therefore, prolonged. These forecasts were based on an assumption that a Brexit trade deal would be agreed, as this has now occurred, these forecasts do not need to be revised.

Gilt yields / PWLB rates

There was much speculation during the second half of 2019 that bond markets were in a bubble which was driving bond prices up and yields down to historically very low levels. The context for that was a heightened expectation that the US could have been heading for a recession in 2020. In addition, there were growing expectations of a downturn in world economic growth, especially due to fears around the impact of the trade war between the US and China, together with inflation generally at low levels in most countries and expected to remain subdued. Combined, these conditions were conducive to very low bond yields. While inflation targeting by the major central banks has been successful over the last thirty years in lowering inflation expectations, the real equilibrium rate for central rates has fallen considerably due to the high level of borrowing by consumers. This means that central banks do not need to raise rates as much now to have a major impact on consumer spending, inflation, etc. The consequence of this has been the gradual lowering of the overall level of interest rates and bond yields in financial markets over the last 30 years. Over the year prior to the coronavirus crisis, this has seen many bond yields up to 10 years turn negative in the Eurozone. In addition, there has, at times, been an inversion of bond yields in the US whereby 10 year yields have fallen below shorter term yields. In the past, this has been a precursor of a recession. The other side of this coin is that bond prices are elevated as investors would be expected to be moving out of riskier assets i.e. shares, in anticipation of a downturn in corporate earnings and so selling out of equities.

Gilt yields had therefore already been on a generally falling trend up until the coronavirus crisis hit western economies during March 2020. After gilt yields spiked up during the financial crisis in March, we have seen these yields fall sharply to unprecedented lows as investors panicked during

March in selling shares in anticipation of impending recessions in western economies, and moved cash into safe haven assets i.e. government bonds. However, major western central banks took rapid action to deal with excessive stress in financial markets during March, and started massive quantitative easing purchases of government bonds: this also acted to put downward pressure on government bond yields at a time when there has been a huge and quick expansion of government expenditure financed by issuing government bonds. Such unprecedented levels of issuance in “normal” times would have caused bond yields to rise sharply. Gilt yields and PWLB rates have been at remarkably low rates so far during 2020/21.

As the interest forecast table for PWLB certainty rates above shows, there is expected to be little upward movement in PWLB rates over the next two years as it will take economies, including the UK, a prolonged period to recover all the momentum they have lost in the sharp recession caused during the coronavirus shut down period. From time to time, gilt yields, and therefore PWLB rates, can be subject to exceptional levels of volatility due to geo-political, sovereign debt crisis, emerging market developments and sharp changes in investor sentiment, (as shown on 9th November when the first results of a successful COVID-19 vaccine trial were announced). Such volatility could occur at any time during the forecast period.

Powys County Council Reserves Policy

Introduction

This policy establishes a framework within which decisions will be made regarding the level of reserves held by the Council and the purposes for which they will be maintained and used.

The requirement for Financial Reserves is acknowledged in statute. Sections 32 and 43 of the Local Government Finance Act 1992 requires authorities to have regard to the level of reserves needed for meeting estimated future expenditure when calculating the budget requirement.

There are also a range of safeguards in place that help prevent local authorities over committing themselves financially. These include:

- The balanced budget requirement
- Chief finance officers' duty to report on the robustness of estimates and adequacy of reserves when the authority is considering its budget requirement (Section 25 of the Local Government Act 2003)
- The legislative requirement for each local authority to make arrangements for the proper administration of their financial affairs and that the chief finance officer has responsibility for the administration of those affairs as set out in Section 151 of the Local Government Act 1972.
- The requirements of the Prudential Code.

These requirements are reinforced by section 114 of the Local Government Finance Act 1988 which requires the chief financial officer to report to all the authority's councillors if there is or is likely to be unlawful expenditure or an unbalanced budget. This would include situations where reserves have become seriously depleted and it is forecast that the Authority will not have resources to meet its expenditure in a particular financial year.

Definitions

Reserves are sums of money held by the Council to meet future expenditure.

Types of Reserve

General Fund Reserves – to meet short term, unforeseeable expenditure arising from unexpected events or emergencies. To enable significant changes in resources or expenditure to be properly managed over the period of the Medium Term Financial Strategy.

Earmarked and Specific Reserves – to meet known or predicted requirements, or established by statute.

Unusable reserves – these arise out of the interaction of legislation and proper accounting practice either to store revaluation gains or as adjustment accounts to reconcile requirements driven by reporting standards to statutory requirements. These reserves are not backed by resources and cannot be used for any other purpose.

Reserves should not be held without a clear purpose.

General Fund Reserves

In assessing the appropriate level of reserves the Authority will ensure that the reserves are not only adequate but also necessary and will be appropriate for the risk (both internal and external) to which it is exposed.

In assessing its financial risk the Chartered Institute of Public Finance and Accountancy (CIPFA) has issued guidance on the factors that should be considered:

- Budget Assumption for inflation and interest rates
- Estimates of the level and timing of capital receipts
- The treatment of demand led pressures
- The Authorities track record in budget and financial management
- Treatment of planned efficiencies/savings
- The financial risk inherent in any significant new funding partnerships, major outsourcing and capital developments
- The likely level of Government support to deal with major unforeseen events
- The adequacy of the authority's Insurance arrangements
- The Authority's virement and end of year procedures in relation to budget under and over spends
- The general financial climate and future funding assumptions

The risk assessment will be reviewed annually.

The appropriate level of General Fund Reserves will be determined annually as part of the Budget Setting process and Medium Term Financial Strategy and will be subject to approval by the Cabinet and Full Council.

The Financial Strategy will set out the level of planned reserve balances including financial arrangements for any replenishing of reserves, it will also confirm acceptable thresholds above and below the balance. If the balance falls outside of these thresholds a plan will be agreed by Cabinet to restore balances to the appropriate level.

Earmarked and Specific Reserves

These are required for specific purposes and are a means of building up funds to meet known or predicted liabilities. By nature these reserves balances do not have minimum and maximum thresholds. Creation of such reserves must be approved by the Strategic Director of Resources.

Balances should be reasonable for the purpose held and must be used for the item for which they have been set aside, if circumstances arise to which the reserve is no longer required for its original purpose they will transfer to the General Fund Reserve.

Ringfenced Reserves

Housing Revenue Account

The Housing Revenue Account is ringfenced this means that HRA resources may only be expended with the HRA. Councils are not allowed to transfer resources between the HRA and their general funds. The Balance on the HRA is held in a ringfenced reserve.

Schools Reserves

Schools are able to carry forward surplus and deficit balances from one year to the next and utilise these balances for managing changes in pupil numbers and funding, or the funding of projects and future liabilities. The balances are held by individual schools, they are not for general Council use. Guidance on the level of balances held, and possible clawback of funds by the Authority is documented within section 4 of Powys' Scheme for the Financing of Schools.

Reporting of Reserves

The balances and movement of all reserves is required to be reported within the Authorities Annual Statement of Accounts.

The balance held and projected movement of useable reserves is reported monthly as part of the Budget Monitoring Report to Cabinet, this includes the level of reserves held against the threshold set for the year.

Outline Summary / Description of Proposal

In line with the Social Services and Wellbeing Act (2014), it makes clear that care and support plans should promote wellbeing, so that people are able to maintain an appropriate level of autonomy with the appropriate level of care and support that is consistent with their wellbeing.

Page 121

The Adult Services Delivery Plan has clear objective of effectively managing demand for people with long term care and support needs. [Research from the Institute of Public Care](#) makes clear that the purpose of a review is to focus on whether the help being offered has assisted people in helping them to gain, regain or retain their levels of independence.

Well-being Goal	How does proposal contribute to this goal?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.		Neutral		Choose an item.
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).		Neutral		Choose an item.
A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood. Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.	The proposal will help ensure that we do what matters for individuals quicker within the community, which will help guard against unnecessary referrals into longer term care teams.	Good		Good
A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.		Neutral		Choose an item.

5. How does your proposal impact on the council's strategic vision?

Page 132

Council Priority	How does the proposal impact on this priority?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
The Economy We will develop a vibrant economy	There will be a greater use of community/third sector and independent providers of care.	Good	In addition, an e-market place solution will need to be procured to ensure that service users can access solutions.	Good
Health and Care We will lead the way in effective, integrated rural health and care	Promoting the use of direct payments and ensuring that the offer is attractive will help contribute to a greater mixed economy of provision within the County. Direct payments will provide greater choice and flexibility for those that need care and support.	Good	Considerable change management project to be developed with all stakeholders including communication about the positive aspects of change to this model.	Good
Learning and skills We will strengthen learning and skills		Neutral		Neutral
Residents and Communities We will support our residents and communities	The approach will enable communities to access more personalised support and as a result, will have more of a role in the design and delivery of services that they need.	Neutral		Neutral

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	This objective will satisfy the direction of travel for people who prefer to stay in a setting familiar to them eg their own homes and become more resilient by being supported to regain or maintain independence through short term time limited support.	Good		Choose an item.
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	Collaborative working with care managers and other stakeholders including Third Sector partners will be key to the delivery of this, through integration and better working with providers and other third sector partners.	Good		Choose an item.
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them.</i>	Collaborative working with care managers and other stakeholders including Third Sector partners will be key to the delivery of this, through integration and better working with providers and other third sector partners.	Good		Choose an item.
Prevention: <i>Understanding the root causes of issues to prevent them from occurring.</i>	This contributes to Early Intervention and Prevention work which seeks to enable people to remain independent for longer and minimise the need for more intensive supports.	Good		Choose an item.
Integration: <i>Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.</i>	The proposed new approach will be developed and delivered with the inclusion of PTHB and Third Sector partners.	Good		Choose an item.

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
<p>This proposal seeks to further embed our direct payments offer, by making direct payments easy to understand and use, through effective communications and engagement, and easy to use self service options. The risk to the community is low but a sustained and well planned communications and engagement will be needed to promote the benefits of direct payments to both residents and adult services staff. The proposal is in line with the Social Services and Wel-being Act Wales (2014) which promotes independence and flexibility and choice around care.</p>	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

Social Care Wales has a useful guide on direct payments, including [“myths and facts about direct payments.”](#) Resources such as this will inform our communications and engagement.

VW Plus
Overview.pptx

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Supervision of Social Care staff, panel and budget holder accountability, Operational SMT through to ASC financial monitoring mechanisms.

Please state when this Impact Assessment will be reviewed.

Quarterly as part of the SIP process

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Adult Services	Head of Service	Michael Gray	Director	Alison Bulman	Portfolio Holder	Myfanwy Alexander
Proposal	IBP Proposal 5- Double to single handed care						
Outline Summary / Description of Proposal							
To invest in additional occupational therapy capacity to review and right size existing care packages. There is well established evidence that such investment would deliver significant returns in terms of both cost savings, and cost avoidance, as well as releasing care capacity and achieving better outcomes for service users.							

Page 141

The Economy We will develop a vibrant economy		Neutral		Neutral
Health and Care We will lead the way in effective, integrated rural health and care	The proposal will help ensure that care packages are right-sized and that the independence of people who use our services is maximised.	Good		Good
Learning and skills We will strengthen learning and skills		Neutral		Neutral
Residents and Communities We will support our residents and communities		Neutral		Neutral

Source of Outline Evidence to support judgements

[Research](#) has shown that misconceptions regarding moving and handling, insufficient knowledge of specialist equipment, and an inflexible approach to care can lead to too much generalisation regarding the perceived need for two carers as opposed to one. There is evidence to suggest that a greater involvement of occupational therapists in the right-sizing of care packages through strengths based reviews can help to optimise peoples' independence, with a resulting saving in domiciliary care costs.

6. How does your proposal impact on the Welsh Government's well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work. 		X	

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
There is well established evidence that an investment in occupational therapy resource can deliver significant returns in terms of both cost savings, and cost avoidance, if OTs are used to review new and existing double handed care packages. The proposal has the added benefit of releasing care capacity. This extra capacity can then be used in a more targeted way, which will assist with our ongoing efforts of discharging people from hospital in a timely manner.

Proposal	IBP Proposal 9- Recommissioning and decommissioning						
-----------------	---	--	--	--	--	--	--

Outline Summary / Description of Proposal

Working in partnership with service providers to review the way services are delivered in Powys to ensure that such services are accessible, of the right quality and at an affordable cost for all people who need to arrange their support. Alongside this, and to generate further efficiencies we will continue to promote reablement and recovery throughout all services to ensure that resulting support packages are appropriate. Our commissioning will be underpinned by a set of clear principles that support the health and care priorities within our Vision 2025:

- Most cost effective means of achieving outcomes
- Utilising the most appropriate resource to meet needs
- Ensuring that our commissioned services promote wellbeing as set out by Welsh Government to tangible effect
- Stimulating a diverse range of appropriate services and organisations (including social enterprises) to ensure that the market for care in Powys remains vibrant and sustainable.

The Economy We will develop a vibrant economy	There will be a greater use of community/third sector and independent providers of care.	Neutral		Neutral
Health and Care We will lead the way in effective, integrated rural health and care	By focussing on the progression of individuals, we will help to ensure that housing and related support enables people to maximise their independence	Good		Good
Learning and skills We will strengthen learning and skills		Neutral		Neutral
Residents and Communities We will support our residents and communities	People with have access to housing and support that promotes, wherever possible their independence and progression	Good		Good

Source of Outline Evidence to support judgements

According to the Joint Commissioning Strategy for Adults with a Learning Disability 2015 – 2020:

‘Powys has over 90 people in placements outside of the county and enabling the people who wish to return to the county is a key local ambition because they can be extremely expensive, hard to monitor as they are usually at a distance from the commissioning authority and can be of low quality.

‘Furthermore, it is felt that the greater the reliance on specialist services, the more likely it is that competency to manage behaviours that challenge within general learning disability services decreases and specialist services have to respond to an increasing volume of referrals.’

6. How does your proposal impact on the Welsh Government’s well-being goals?

Page 163

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.		Neutral		Choose an item.
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).		Neutral		Choose an item.

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
This proposal responds to the fact that there are approximately 120 adults with a learning disability that reside in placement outside of the County. Enabling those who wish to return to Powys is a key priority. This is because out of county placements can be expensive, and hard to monitor as they are usually at a distance from the commissioning authority.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

---------------------	----------------	------------------------	--------------	-----------------	---------------	-------------------------	-------------------

Proposal	IBP Proposal 7- Funding body review						
-----------------	-------------------------------------	--	--	--	--	--	--

Outline Summary / Description of Proposal

In line with guidance from Welsh Government regarding funding responsibilities and the need to ensure timely and fair decision making, adult services, alongside our partners will undertake a review of a number of decisions. These will relate to previous decisions, current funding cases still in discussion, all with a view to having shared clarity and cohesion on future decision making.

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Adult Services	Head of Service	Michael Gray	Director	Alison Bulman	Portfolio Holder	Myfanwy Alexander
Proposal	IBP Proposal 10- Strengths based workforce						
Outline Summary / Description of Proposal							
The objectives set out in our adult services delivery plan provides us with a clear strategy on managing demand through our care system in Powys. We need to ensure that we have the right numbers of suitably trained staff, in the right places to deliver timely and appropriate care to those residents that require our information, guidance and support. We also need to ensure that we have structures in place that enable timely decision making and clear progression routes, in line with the Council's wider workforce futures strategy.							

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
1	Michael Gray	Head of Adult Services	02/09/19
2	Michael Gray	Head of Adult Services	30/12/2020

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
£	£	£227,000	£100,000	£	£

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
Staff consultation required	It is likely that when the outcomes of a workforce review will necessitate changes in job descriptions and team structures. Staff consultation will therefore be required in line with our management of change policy.

4. Impact on Other Service Areas

**Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY**

5. How does your proposal impact on the council's strategic vision?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy		Neutral		Neutral
Health and Care We will lead the way in effective, integrated rural health and care	The proposal will ensure that we have the right structure in place to promote effective and efficient strengths-based working across our health and care system.	Good	Ensure strong engagement with HR and staff throughout any change process. Ensure that any changes are informed by the true nature of demand, and not based on assumptions.	Good
Learning and skills We will strengthen learning and skills		Neutral		Neutral
Residents and Communities We will support our residents and communities		Neutral		Neutral

Page 190

Source of Outline Evidence to support judgements

Our workforce strategy has a clear priority of ensuring that we have the right workforce which is stable and sustainable (priority 1, Adult Services Workforce Strategy). This means that we need the right people with the right skills in the right role, to effectively support adults in Powys who require our support.

Our business intelligence data allows us to better understand future demand for care in Powys and as a result, we need to design, remodel and implement any changes to adult social care structures to meet these demands.

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Unable to recruit qualified social workers as there is a national shortage. This has also been impacted by the COVID-19 pandemic	High	A range of recruitment campaigns are being continually developed by Children's Leadership Team and Corporate Communications	Medium

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
There is no negative impact to this proposal. A stable skilled workforce achieved by recruiting more permanent social workers will benefit the service, the council and the community.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
N/A

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
The recruitment of social workers is continually reviewed by the Children’s Leadership and is an action in our IBP.
Please state when this Impact Assessment will be reviewed.
It will be reviewed quartley by CLT when updating and reviewing our IBP

Source of Outline Evidence to support judgements

Children placed out of county have poorer outcomes.
 The work of the First Minister’s Task Group has provided this evidence around children being placed out of county against children placed in their own communities.

7. How does your proposal impact on the council’s other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.	Maintaining children in their family’s limits disruptions and promotes stability throughout their lives.	Good	N/A	Choose an item.
Collaboration: Working with others in a collaborative way to find shared sustainable solutions.	Working with multi agency partners and families to meet the needs of children	Good	N/A	Choose an item.
Involvement (including Communication and Engagement): Involving a diversity of the population in the decisions that affect them including: Unpaid Carers: Ensuring that unpaid carers views are sought and taken into account	Multi-disciplinary plans to maintain children within their communities	Good	N/A	Choose an item.
Prevention: Understanding the root causes of issues to prevent them from occurring including: Safeguarding: Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can’t protect themselves.	Providing safe placements for children Children kept closer to home can be kept safer using local resources Particularly aware of issues around Child Exploitation and the vulnerability of CLA and Care Leavers.	Good	N/A	Choose an item.

Principle	How does the proposal impact on this principle?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
-----------	---	---	--	--

Children placed out of county have poorer outcomes. This has been evidenced in the following:
 The work of the First Minister’s Task Group has provided this evidence around children being placed out of county against children placed in their own communities.
 A recent Childrens Commissioner for Wales paper on children placed out of County.
 The Waterhouse report – Lost in Care

Page 232 What is the impact of this proposal on our communities?

Communities	How does the proposal impact on residents and community?	<u>IMPACT</u> See impact definitions in guidance document	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> See impact definitions in guidance document	Source of Outline Evidence to support judgement
<i>Children remaining in their communities will give a better and wider understanding of the issues of child vulnerability and the best way to support them.</i>	<i>Communities being able to offer support</i>	Choose an item.	Family Network Meetings to include community stakeholders will support families better.	Choose an item.	

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Don't get capital funding and time limited posts which are slow to recruit into lose their funding.	Medium	Multiple bids to PCC and WG have been submitted	Medium
Can't recruit Staff	High	Extend the recruitment strategy to non social worker qualified children's workforce	Medium
Can't recruit foster carers	Medium	Improved offer to foster carers, additional resources to foster service and reduction of children looked after	Medium

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
The overall impact of these changes is positive, both to children using services, the workforce and the wider communities.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
N/A Additional evidence will be providing through the cabinet reporting process as progress is made.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
Progress will be reviewed by CLT
The number of children who remain in County, educated in County and become gainfully employed in County will give us a good indication of outcomes and impact.
Please state when this Impact Assessment will be reviewed.
Quarterly

Service Area	Economy and Digital Services	Head of Service	Diane Reynolds	Portfolio Holder	Clr Breeze
Proposal	Reducing small systems needing support				
Outline Summary / Description of Proposal					
Through the ICT system rationalisation/modernisation programme we will continue to decommission and/or negotiate the councils system contracts resulting in a reduction of system costs. This proposal will look to increase the current programme of work in order to make the additional savings required. This will require additional resource and re-prioritisation of ICT's existing work plan.

8. What is the impact of this proposal on our communities?

Communities	How does the proposal impact on residents and community?	IMPACT See impact definitions in guidance document	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION See impact definitions in guidance document	Source of Outline Evidence to support judgement
	<i>proposal has insignificant impact on residents</i>	Insignificant	<i>proposal has insignificant impact on residents</i>	Insignificant	<i>Judgements concluded through cross referencing the detail within the System Rationalisation Programme against potential impact on residents</i>

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
ICT Resource to implement change (systems to rationalise/decommission)	6	Monitor resource requirements through effective Project plans, highlight changes in pace of change to the organisation	3
Lack of dedicated service area resource to support the change to their system	6	Awareness raising of the benefit of the work will be key	3
Lack of engagement and appetite of service areas to review current systems and support change	6	Ensure all those service areas affected are communicated/engaged with to support the change	3
Other planned 'digital/ICT work' will need to be postponed to focus on this additional work- this may have an impact on other service areas savings.	6	Re-prioritisation of current ICT work plan to effectively identify activity that can be re-prioritised with the least impact	3

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:	
<p>The overall judgement of this Impact assessment is 'positive' in contributing to the following:</p> <ul style="list-style-type: none"> • Reduction in Cost, support & maintenance requirement • Improved Integration between remaining systems • Maximise investment • Streamline IT portfolio and regain flexibility and adaptability • Better use of information (data library) • Service Improvement- Ensuring we have fit for purpose systems. <p>The overall risk identified in this impact assessment is 'Medium'. The need for adequate resource and the engagement and capacity of service areas is key to ensure the work is progressed.</p>		

Page 254

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
<ul style="list-style-type: none"> • System Rationalisation Business Case • Project plans • Project closure reports • Evidence of reduction in contract costs

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
Monitor Programmes progress. Continue to review contracts through the ICT Governance process.
Please state when this Impact Assessment will be reviewed.
Annually

Service Area	Economy and Digital Services	Head of Service	Diane Reynolds	Portfolio Holder	CLlr Breeze
Proposal	Creating efficiencies by automating the management of Freedom of Information requests				
Outline Summary / Description of Proposal					
The Council receives over 1,000 information requests a year, these need to be logged, acknowledged, and tasked appropriately to enable the provision of information enabling a response to be issued, including the application of relevant exemptions to disclosure. The process of managing requests requires monitoring to ensure that the information is supplied to the Information Compliance team to enable the drafting of responses, and that requests are handled in line with the specific legislation, and within timescales.					
The proposal explores the feasibility of developing automated processes and workflows to record requests, manage the process, and enable relevant reporting

	<i>The proposal has insignificant impact on residents</i>	Insignificant	<i>The proposal has insignificant impact on residents</i>	Insignificant	<i>Responses to requests for information will be developed and issued in the same way</i>

9. What are the risks to service delivery or the council following implementation of this proposal?

Page 273

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
That the automation will not deliver the efficiencies required	3	The Information Compliance team will be involved in the development of the automation	2
That requests for information get lost within the automation processes	4	Checks and testing of automation be carried out	2

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
The overall judgement of this Impact assessment is 'neutral'.	
The main conclusion of this proposal is that there is a low risk that the efficiencies expected are not realised and that requests become lost within the automated process	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

Cyngor Sir Powys County Council
Impact Assessment (IA)

The integrated approach to support effective decision making

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
The impact / risks will be monitored throughout the development of the automation
Please state when this Impact Assessment will be reviewed.
Upon completion of the development and testing

FORM ENDS

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit incorporates a range of legislative requirements that support effective decision-making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Vision 2025 - Transformation Programme Digital Powys Programme	Head of Service	Diane Reynolds	Director	Nigel Brinn	Portfolio Holder	Cllr Graham Breeze
Proposal	To deliver against the outcomes in the Digital Powys Strategy and Business Case.						
Outline Summary / Description of Proposal							

The way we work and live today is evolving fast, with digital technology having an impact on all our lives. Our resident's lives are changing and many public service users now expect access 24/7 to our services and that number is increasing all the time. It is widely recognised that public services need to radically transform to keep pace with the digital evolution and customer expectations as well as finding new ways to add value.

There is a strong case for transformation in Powys County Council. Demographic trends, rurality, financial pressures, a need to improve performance in key service areas are key drivers for change and all can to some extent be mitigated through the effective use of digital tools and technologies.

With reduced funding over the next 3 years and greater demand for services, we need to be innovative in the solutions we design for the future, harnessing the power of the data revolution and digital technology. Our Digital Transformation Programme will drive delivery of digital solutions whilst providing much needed financial savings. The programme has 5 key work streams (Customer Centred Digital solutions; Digital Workforce; Digital Infrastructure and Systems; Information Excellence and Digital Places)

This Impact Assessment is an aide in the decision-making process to move forward with the Councils "Digital Powys" Programme – Embracing digital technologies to improve our customers' experience. The programme is supported by the Digital Powys Strategy and a full Business Case. The programme aims to deliver the following:-

- We want to ensure our processes and interactions are designed around our customers and what they need.
- We want to develop our capability and capacity, creating leaders that are digitally focussed and develop the digital capability in our workforce and communities.
- We want to provide a fit, robust and safe infrastructure to support digital capability and an agile workplace.
- We want to use digital capabilities in decision making to enable value-driven choices, working closer with our partners and making our information open and accessible wherever possible.
- We want to work with stakeholders to create location – specific digital services across Powys to connect and support businesses, communities and individuals.
- We want to work with partners to maximise joint digital opportunities and improve data sharing capacity and capability for the benefit of our, businesses, communities and citizens.

Digital solutions will enhance our service offer alongside our traditional methods of access, which we will continue to offer, this will be important to many of our customers who perhaps do not have access to digital technology or would rather engage with us in person or over the phone.

Technology can enhance the lives of our residents, including the most vulnerable. As technology changes at pace we do not want to risk our residents becoming isolated and disadvantaged, we need to work with our communities to bridge this gap and ensure our residents and businesses are ready to maximise the potential of digital transformation.

The below statistics give an insight into digital trends.

National stats:

1. 90% of jobs nationally require digital skills to some degree
2. 65% of children entering primary school today will be working in roles that do not yet exist
3. 23% (12.6 million) of the UK population lacking basic digital skills. Of these, 49% are disabled, 63% are over 75 and 60% have no formal education qualifications
4. 58% of adults in Wales access the internet
5. Internet users in Wales spent an average of 21 hours online per week in 2016
6. 80.6% of Powys has superfast broadband coverage (lowest in Wales)
7. 28% of premises in Powys are unable to receive 10 mb/s (it would take an hour to download a HD quality movie)

Powys CC stats:

1. Reach 13.2k followers on our Twitter account
2. Reach 10.9k followers on our facebook account (69% women / 30% men, 25 – 54 is most popular age group)
3. 55% people access our website using a mobile device or tablet
4. 92,010 views for bin collections, 59,233 checking for emergency school closures, 47,629 school term dates and 45,608 searching for jobs (18/10/2018 - 18/10/19)
5. 26% people have a My Powys account (18 and over)

Page 277

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
Draft 0.1	Kelly Watts	Customer Services Manager	30/10/2019
Draft 0.2	Kelly Watts	Customer Services Manager	12/01/2021

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
	£200k	£ 400k	£400k	£ 400k	£1.25m

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation

<p>Public and Staff consultation required</p>	<p>A stakeholder analysis and engagement plan has been completed.</p> <p>As each of the work streams progresses into delivery, consultation will be considered for both internal staff and external stakeholders.</p> <p>Feedback has been received from Scrutiny Board Members.</p> <p>Internally, any consultation will follow the Councils Management of Change process.</p> <p>A Communications plan has been completed.</p>
---	--

DRAFT

4. Impact on Other Service Areas

**Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY**

The Digital Strategy and the supporting Business Case is a council wide document and will have potential implications all service areas.

The programme has an EMT Senior Responsible Owner (SRO) who is the owner of the overall project.

The project is chaired by the SRO and will include representatives from front-line and corporate services. The project will have a lead project manager. The project board will consist of officers only, with accountability to elected members through the Transformation Board, the scrutiny will be provided by this board and the council scrutiny arrangements.

See above link to stakeholder and engagement plan.

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	The proposal supports future generations to meet their own needs through providing digital solutions to help them to remain independent for longer. Customers are able to access services from home.	Very Good		Very Good
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	The proposal has the potential to work in partnership with others e.g. PTHB	Neutral	Where necessary and dependant on the process working with others will be considered.	Good
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them.</i>	End to end process re-design utilising transformation methodology and principles puts customers at the heart of everything we do, providing our customers with much improved customer journeys. Customers are asked for feedback on their experiences and as required changes will be made to ensure the best possible service.	Very Good		Very Good

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Prevention: <i>Understanding the root causes of issues to prevent them from occurring.</i>	By designing our processes to be intuitive and keep customers updated throughout their journey it will be less likely that customers will contact the council time and time again. By understanding customer requirements early and joining up customer information we will be able to have a holistic view of our customers and provide targeted prevention rather than wait until the customer reaches crisis point.	Very Good		Very Good
Integration: <i>Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.</i>	Where necessary integration with partners will need to be considered.	Neutral	Where necessary integration with partners will be considered.	Good
Preventing Poverty: Prevention, including helping people into work and mitigating the impact of poverty.	Our Digital places work stream will create opportunities for business start ups and ensuring individuals have the skills required to work in the digital sector, ensuring employment opportunities. Supporting businesses with to develop digital technologies that support our customers and can help build tourism, providing more jobs and opportunities for development.	Very Good		Very Good
Unpaid Carers: Ensuring that unpaid carers views are sought and taken into account	Will need to take into consideration.	Neutral	It may be necessary to consult	Good

DRAFT

Our Vision: DIGITAL POWYS – Embracing digital technologies to improve our customers’ experience

Digital Powys is the Council’s digital transformation programme, one of eight programmes within the Council’s Vision 2025 Transformation Programme. The Programme is underpinned by the Council’s Digital Powys strategy.

Like many councils, Powys County Council is facing significant challenges in meeting changing customer expectations, managing increasing demand for services and modernising working practices whilst delivering against an increasing financial constraint. In the face of these challenges the Council needs to transform the way it works to provide high quality services and digital technology has a significant role to play.

With reduced funding over the next 3 years and greater demand for services, we need to be innovative in the solutions we design for the future, harnessing the power of the data revolution and digital technology. Our Digital Transformation Programme will drive delivery of digital solutions whilst providing financial savings.

The programme has 5 key work streams (Customer Centred Digital solutions; Digital Workforce; Digital Infrastructure and Systems; Information Excellence and Digital Places) which will deliver our transformation aims of ensuring Powys is a place where people can connect, communicate and access public services they need and want quickly and efficiently. We will be working with our partners to support the more vulnerable in our society to use digital tools and technologies that can help them stay independent. Equality of access is important and for those unable to access digital technologies we will continue to provide the traditional methods of communication, as well as exploring other communication methods to support our most vulnerable.

We will work with partners to improve connectivity across the county so that both local communities and businesses can thrive.

The programme will follow four key guiding principles for the project – customer centred, Digital first, safe and secure and working with our partners.

How does the proposal impact on the following areas:-

Council priorities

The strategy supports and helps to deliver the councils Vision 2025 (Corporate Improvement Plan), which has four key themes – the economy, health and well-being, lifelong learning and residents and communities.

Welsh Government Well-Being Goals

The proposal overall will have a positive impact on the Well-Being goals.

The Council’s key guiding principles

The proposal overall will have a positive impact on the Councils key guiding principles.

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The Impact Assessment be reviewed and updated bi-monthly or sooner where significant impact on future service delivery.

Where, there is impact on external customers and/or internal customers then on-going monitoring arrangements will need to be in place.

Please state when this Impact Assessment will be reviewed.

The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.

DRAFT

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Customer Services	Head of Service	Diane Reynolds	Director	Nigel Brinn	Portfolio Holder	Cllr Graham Breeze
Proposal	Cross cutting - Reduction of postage costs.						
Outline Summary / Description of Proposal							
A review of current printing, postage and scanning within the authority, has meant a move to an outbound mail solution to realise savings, through efficiencies in process, postage and stationary costs whilst ensuring compliance to data handling and reducing data breaches.							
Reduction in sending out hard copy post will have an impact across the authority and potential reductions in budgets has been identified.							

Page 307

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
Draft 0.1	Kelly Watts	Customer Services Manager	12/01/21

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
	£	£47K	£47k	£	£

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
Staff consultation required	There will be no staff consultation required.

4. Impact on Other Service Areas

**Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)
 PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY**

The proposal has the potential to impact on all services areas that send out mail.

Service areas will be involved in early discussions to reduce budgets for postage costs.

5. How does your proposal impact on the council's strategic vision?

Page 308

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	N/a	Neutral		Neutral
Health and Care We will lead the way in effective, integrated rural health and care	N/a	Neutral	N/a	Neutral
Learning and skills We will strengthen learning and skills	N/a	Neutral	N/a	Neutral
Residents and Communities We will support our residents and communities	Customers will have the opportunity to still receive hard copy mail however as more digital solutions are explored this could be delivered in different ways including through My Powys account.	Good	Positive impact on customers – reduction in paper, carbon costs, quicker receipt of information.	Very Good

Service Area	Economy and Digital Services	Head of Service	Diane Reynolds	Portfolio Holder	Clr Breeze
Proposal	Cross Cutting Organisation Systems Rationalisation - Reducing small systems needing support				
Outline Summary / Description of Proposal					
Through the ICT system rationalisation/modernisation programme we will continue to decommission and/or negotiate the councils system contracts resulting in a reduction of system costs. This proposal will look to increase the current programme of work in order to make the additional savings required. This will require additional resource and re-prioritisation of ICT's existing work plan.

Page 324

What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
ICT Resource to implement change (systems to rationalise/decommission)	6	Monitor resource requirements through effective Project plans, highlight changes in pace of change to the organisation	3
Lack of dedicated service area resource to support the change to their system	9	No mitigation identified- Awareness raising of the benefit of the work will be key	6
Lack of engagement and appetite of service areas to review current systems and support change	9	Ensure all those service areas affected are communicated/engaged with to support the change	6
Other planned 'digital/ICT work' will need to be postponed to focus on this additional work- this may have an impact on other service areas savings.	6	Re-prioritisation of current ICT work plan to effectively identify activity that can be re-prioritised with the least impact	3

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:	
<p>The overall judgement of this Impact assessment is 'positive' in contributing to the following:</p> <ul style="list-style-type: none"> • Reduction in Cost, support & maintenance requirement • Improved Integration between remaining systems • Maximise investment • Streamline IT portfolio and regain flexibility and adaptability • Better use of information (data library) • Service Improvement- Ensuring we have fit for purpose systems. <p>The overall risk identified in this impact assessment is 'Medium'. The need for adequate resource and the engagement and capacity of service areas is key to ensure the work is progressed.</p>		

Page 325

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
<ul style="list-style-type: none"> • System Rationalisation Business Case • Project plans • Project closure reports • Evidence of reduction in contract costs

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
Monitor Programmes progress. Continue to review contracts through the ICT Governance process.
Please state when this Impact Assessment will be reviewed.

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Digital Services	Head of Service		Director	Ness young	Portfolio Holder	James Evans
Proposal	Reduction in Contract costs (System Rationalisation Programme) 75k						
Outline Summary / Description of Proposal							
Reduction in Contract costs (System Rationalisation Programme)							
<p>Since 2015 Powys County Council has been rationalising their ICT systems via the System rationalisation Programme. This programme has, to date led to the decommissioning of over 60 systems, along with a reduction of a number of contract costs delivering savings to the organisation.</p> <p>Alongside System Rationalisation ICT have concentrated heavily on Contract Negotiation to remove costs where possible.</p> <p>This proposal continues the above work and it is estimated that the ICT budget funding many of these corporate contracts can be reduced by £75k year for 21/22.</p>							

Page 327

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
1	Ellen Sullivan	Professional Lead- ICT	02/09/19
2	Ellen Sullivan	Professional Lead- ICT	11/01/21

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
		65k	65k	tbc	£130k

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation

No consultation required (please provide justification)

Changes are to systems not services. Internal communication with service areas regarding the systems that they utilise take place within any system rationalisation/decommission.

DRAFT

4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

Yes. The proposal to continue to reduce contract costs through the work within the System Rationalisation Programme does and will impact on other services areas (demonstrating a positive impact). The service areas that are utilising the systems that we are either rationalising or de-commissioning will be impacted, however before work commences, all effected services areas are consulted with and are engaged in the process.

5. How does your proposal impact on the council's strategic vision?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	<i>proposal neither undermines or contributes to this Priority</i>	Neutral		Choose an item.
Health and Care We will lead the way in effective, integrated rural health and care	<i>proposal neither undermines or contributes to this Priority</i>	Neutral		Choose an item.
Learning and skills We will strengthen learning and skills	<i>proposal neither undermines or contributes to this Priority</i>	Neutral		Choose an item.
Residents and Communities We will support our residents and communities	<i>proposal neither undermines or contributes to this Priority</i>	Neutral		Choose an item.

Page 329

8. What is the impact of this proposal on our communities?

PCC: Impact Assessment Toolkit (March 2018)

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Severity of Impact on Communities	Scale of impact	Overall Impact
Low	Low	Low
Mitigation		
No mitigation required. Digital mail solutions will have an impact on our customers in a positive way, it will enable them to receive mail from us via another method rather than paper.		

9. How likely are you to successfully implement the proposed change?

Impact on Service / Council	Risk to delivery of the proposal	Inherent Risk
Low	Low	Low
Mitigation		
No mitigation required.		

Page 345

Risk Identified	Inherent Risk Rating	Mitigation	Residual Risk Rating
That staff must go through change management process to support the proposal	Medium	That staff are fully engaged in the proposal and a solution is agreed to provide the best outcome.	Low
That staff reductions may mean that in times of sickness and leave the post room is unable to be covered	Medium	Both staff members are trained on all elements of work within the service. Management are aware and trained in working practices.	Low
That due to legislation not all services will be able to utilise electronic outbound mail solutions	Medium	Service Areas will still have the facility to use the post room for sending out mail.	Low
Not all correspondence can be sent electronically there will be pockets of citizens that will still wish to receive paper mail due to not having access to broadband	Medium	Service Areas will still have the facility to use the post room for sending out mail.	Low
The culture of the organisation may not be ready for change	Medium	Challenge services that potentially do not want to change working practices.	Low

Overall judgement (to be included in project risk register)			
Very High Risk	High Risk	Medium Risk	Low Risk
			LOW

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:	
<p>To meet the budget savings outlined for 21-22 it has been necessary to review current working practices (for in-coming, out-going mail and reprographics). This has identified a potential staff saving equating to £16k this post will be removed from the structure.</p>		

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
<p>Current Structure. Current Budget. MTFP Literature from suppliers Service working practices</p>

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
<p>The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.</p> <p>Where there is impact on external customers and/or internal customers then on-going monitoring arrangements will need to be in place.</p>
Please state when this Impact Assessment will be reviewed.
<p>The Impact Assessment will continue to be reviewed and updated bi-monthly or sooner where significant impact on future service delivery is identified.</p>

Service Area	Schools and Inclusion / Education	Head of Service	Lynette Lovell	Strategic lead	Geraint Rees	Portfolio Holder	Cllr. Phyl Davies
Proposal	Reduction in the GDPR support for schools.						
Outline Summary / Description of Proposal							
<i>The proposal is to reduce the GDPR support in schools, as the current level of support was introduced to support the initial work that was associated with the introduction of GDPR, however, this work has been undertaken, therefore the level of support provided by the Information Compliance team can be adjusted to reflect this.</i>							

Page 348

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
V1	Lynette Lovell	Interim Chief Education Officer	27-11-20
V1.1	Lynette Lovell	Interim Chief Education Officer	18/12/20
V1.2	Lynette Lovell	Interim Chief Education Officer	14/01/21

2. Profile of savings delivery (if applicable)

2021-22	2022-23	2023-24	2024-25	2025-26	TOTAL
£19,000	£0	£0	£0	£0	£19,000

3. Consultation requirements

Impact Assessment (IA)

The integrated approach to support effective decision making

4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Including implication for Health & Safety and Corporate Parenting)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

This has an impact on the Information Compliance Team as this is a reduction from £100,000 to £81,000.

5. How does your proposal impact on the council's strategic vision?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	N/A	Neutral		Choose an item.
Health and Care We will lead the way in effective, integrated rural health and care	N/A	Neutral		Choose an item.
Learning and skills We will strengthen learning and skills	N/A	Neutral		Choose an item.
Residents and Communities We will support our residents and communities	Risk of personal information released to the public.	Poor	Ensure schools are fully aware of data protection requirements by providing online training that can be accessed by all.	Good

Page 349

Source of Outline Evidence to support judgements

Schools will experience a reduction in the support they receive from the Information Compliance Team. Initially schools needed a high level of support when GDPR was introduced.

6. How does your proposal impact on the Welsh Government’s well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	N/A	Neutral		Choose an item.
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	N/A	Neutral		Choose an item.
A healthier Wales: A society in which people’s physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.	N/A	Neutral		Choose an item.
A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.	N/A	Neutral		Choose an item.

Proposal	Reduction in Schools Service contribution to Catering Management Team						
Outline Summary / Description of Proposal							
<p><i>This reduction proposal consists of two elements:</i></p> <p>a). <i>As a result of school modernisation, which has seen the closure of 8 schools, which were replaced by 4, the allocation against these schools will be adjusted accordingly, and therefore reduced by 50%, which equates to £10,000.</i></p> <p>b). <i>Reduce the remaining contribution to the Catering Management Team and the cost of the setting out of tables and chairs by £14,250 for each, totalling £28,500.</i></p>

Proposal	Allocation of Compliance and Systems Spend to Schools Delegated Budget
-----------------	--

Outline Summary / Description of Proposal

It is proposed that expenditure which is completely related to services for schools be reallocated to the delegated budget:

- Copyright Licences
- EVOLVE Support
- Schools Management Information Systems Costs
- Exam Fees (CATS)
- GDPR Support

Total amount = £260,000 (max)

Page 374

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
V1	Lynette Lovell	Interim Chief Education Officer	11.01.2021

2. Profile of savings delivery (if applicable)

2021 -22	2022 - 23	2023-24	2024 -25	2025-26	TOTAL
£260,000	£	£		£	£260,000

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation

Choose an item.	Consultation required with Schools Budget Forum
-----------------	---

4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Including implication for Health & Safety and Corporate Parenting)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

5. How does your proposal impact on the council's strategic vision?

Page 376

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	N/A	Choose an item.		Choose an item.
Health and Care We will lead the way in effective, integrated rural health and care	N/A	Choose an item.		Choose an item.
Learning and skills We will strengthen learning and skills	Additional expenditure would be allocated against the schools delegated budget increasing their costs.	Poor	Work proactively with schools to ensure a cohesive approach to compliance and schools management information systems and mitigate any budget pressures as far as we are able.	Neutral
Residents and Communities We will support our residents and communities	N/A	Choose an item.		Choose an item.

5. How does your proposal impact on Vision 2025?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	Financial – reduced funding may place currently supported arts organisations at risk of being unsustainable resulting in job losses, reduced local procurement of goods and services, tourism offer and sales / income generation.	Poor	Maximise opportunities for securing additional external funding in support of arts service delivery in partnership with arts sector partners. Optimise the leverage potential of arts commissioning budget in successfully accessing external funding for strategic arts initiatives delivered in partnership with key arts organisations – aiding their financial and operational viability.	Unknown
Health and Care We will lead the way in effective, integrated rural health and care	Re-modelling of arts services allows for reviewing strategic priorities with arts partners in commissioning process.	Neutral	Heighten focus on the contribution of the arts and culture in supporting effectiveness of rural health and care services – arts in health. Partnership working with Powys Teaching Health Board in developing Powys Creative Arts, Health and Wellbeing Strategy.	Good
Learning and skills We will strengthen learning and skills	Potentially weakened arts sector as a consequence of reduced public investment; less able to support learning and skills opportunities for staff, volunteers, freelance practitioners, participants, and audiences. Educational programmes, outreach, skills development, and training offers may be reduced. Arts event and participatory programming may respond to need for a greater commercial focus leading to less accessible, inclusive, and affordable content.	Poor	Explore new blended programming incorporating a digital offer. Research opportunities for partnership working with Schools Service, educational charities, and establishments. Maintain focus on learning & skills as a priority in arts service delivery and commissioning.	Unknown

Page 408

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Residents and Communities We will support our residents and communities	Potential reduction in services or loss of community arts venues as hubs supporting a wide range of community groups, activities, classes, events etc.	Poor	Maximise opportunities for securing additional external funding in support of arts service delivery in partnership with community focused arts sector partners.	Unknown

6. How does your proposal impact on the Welsh Government's well-being goals?

Page 409

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive, and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	Potential for less educational and employment opportunities locally in the creative industry sector, thereby weakening an already sparse cultural infrastructure. Potential migration of young people out of county seeking further education, work experience, apprenticeships, and employment in more culturally thriving urban centres. Reduction in the cultural tourism offer in Powys.	Poor	Maximise opportunities for securing additional external funding in support of arts service delivery in partnership with arts sector partners.	Unknown
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic, and ecological resilience and the capacity to adapt to change (for example climate change).	Reduction in locally provided services may require people to travel longer distances to access equivalent provision. Potential for increased digital provision resulting in reduced travel.	Unknown	Use of the arts in highlighting issues of climate change; collaborating with Natural Resources Wales on Arts Council of Wales funded heARTscape project (themes: - arts; climate change; wellbeing; digital)	Unknown

Page 410

Well-being Goal	How does proposal contribute to this goal?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p> <p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>Opportunities to participate in and attend arts events and activities may be diminished by reducing funding, limiting social interaction at cultural events, and maintaining mental and physical well-being by being actively socially engaged.</p>	<p>Poor</p>	<p>Partnership working with Powys Teaching Health Board in developing Powys Creative Arts, Health and Wellbeing Strategy and associated Action Plan</p>	<p>Good</p>
<p>A Wales of cohesive communities: Attractive, viable, safe, and well-connected Communities.</p>	<p>Professional and community arts venues capacity to deliver cultural programmes and events may be reduced, leading to reduced vibrancy, cultural identity and connected communities.</p>	<p>Poor</p>	<p>Provide organisational development, business planning/funding advice, support and information to Powys arts and cultural sector organisations, practitioners, creative enterprises, and businesses. Continue support for and promotion of Night Out Scheme (rural performing arts touring programme).</p>	<p>Neutral</p>
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental, and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival, and development; and the right to be heard.</p>	<p>If arts venues are not sustainable and cannot keep pace with larger urban based theatres and arts provider organisations in meeting customer's needs, then closure may be a consequence. This may mean longer travel distances for people to access cultural services with a reliance on car travel due to limited public transport availability, particularly in evenings. Accessibility would be very limited for lower income families.</p>	<p>Poor</p>	<p>Advocate local provision, local procurement of goods and services and sustainability within priority aims and objectives when planning, commissioning, and delivering arts services.</p>	<p>Neutral</p>

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage, and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.				
<i>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</i>	Potential for reduced cultural provision for communities, including performing arts events in the Welsh language reducing opportunities for people to socialise, perform and attend activities through the Welsh language and loss of provision for learners to develop skills in learning environments.	Poor	Ensure the Welsh language is used and promoted in arts programming and commissioning.	Neutral
<i>Opportunities to promote the Welsh language</i>	As above.	Poor		Neutral
<i>Welsh Language impact on staff</i>	As above.	Neutral		Neutral
<i>People are encouraged to do sport, art, and recreation.</i>	As above.	Poor	Continue promotion and advocacy of arts participatory opportunities within communities.	Neutral
A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio-economic background and circumstances).				
<i>Age</i>	Children and young people (0 – 25yrs) may be particularly affected by any reduced access to high quality arts & cultural provision. Older people, whose social interactions are often through participation in cultural activities and events and at arts venues – may be less engaged; less mentally stimulated; less physically active.	Poor	To encourage accessible digital provision targeted at a range of age groups.	Unknown
<i>Disability</i>	Access to cultural & social events at accessible venues may be reduced locally. Alternative options may be inaccessible due to travel times, cost, mobility, and other constraints.	Poor	Ensure that accessibility, inclusivity, and equality is at the forefront of planning and promotion in arts programming and commissioning.	Unknown
<i>Gender reassignment</i>		Unknown		Unknown
<i>Marriage or civil partnership</i>		Unknown		Unknown
<i>Race</i>		Unknown		Unknown
<i>Religion or belief</i>		Unknown		Unknown

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	Potential for reduced, or loss of, access to arts & cultural facilities, services, activities inc. training, learning & skills development, career pathways and creative expression / talent development.	Poor	Research and promote opportunities for young people to engage in learning, skills development and confidence building through the arts. Deliver Criw Celf throughout Powys for MAT (More Able & Talented) young people. Ensure all delivered and commissioned arts activity provides opportunities for young people to gain experience and learning through participation in creative endeavours.	Good
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	Potential loss of collaborative opportunities; damage to established partnership arrangements; reduction in capacity and availability of resources of arts and cultural organisations to innovate and invest in collaborative scoping.	Unknown	Prioritise collaboration and partnership working in developing arts projects, delivery of arts services and business planning.	Unknown
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them including</i>	The arts are by their very nature inclusive and welcoming to all, often providing a forum in which to mix diverse population groups in shared activities. Hard to reach groups and those with whom it is difficult to engage are often attracted to creative and non-competitive pastimes. Any loss of such engagement opportunities risks less involvement from communities.	Poor	Maintain communication and fully accessible engagement with Powys residents, communities, and stakeholders in respect of current and future arts provision.	Neutral
Unpaid Carers: <i>Ensuring that unpaid carers views are sought and taken into account</i>		Unknown		Unknown

Impact Assessment (IA)

The integrated approach to support effective decision making

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Prevention: Understanding the root causes of issues to prevent them from occurring.	It is widely understood that participation and involvement in arts & cultural activities increases mental and physical health & well-being; reduces social isolation and loneliness; improves community integration. Loss of access to arts & cultural activities, facilities, events, and community venues would impact negatively on this benefit and potentially increase demand on other services.	Poor	Apply focus on promoting the benefits of the arts on people's mental health and wellbeing – develop a strategic action plan towards embedding creative therapeutic practice with Health and Social Care services.	Good
Safeguarding: Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can't protect themselves.		Unknown		Unknown
Integration: Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.	Negative contributing factor to overall achievement of well-being goals, particularly mental health; social isolation / loneliness and community engagement.	Poor	At a service level – develop close collaborative working between Council's Arts Service and the Powys Teaching Health Board.	Good
Powys County Council Workforce: What Impact will this change have on the Workforce?		Neutral		Neutral
Payroll: How will this impact salary, any overtime/enhanced payments etc? Does this affect any particular group of employees? E.g., Male/Female dominated workforce. Does this proposal comply with the Councils Single Status Terms and Conditions?		Neutral		Neutral
Welsh Language impact on staff		Neutral		Neutral

What is the impact of this proposal on our communities?

Communities	How does the proposal impact on residents and community?	IMPACT See impact definitions in guidance document	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION See impact definitions in guidance document	Source of Outline Evidence to support judgement
Reduced funding for supported Arts organisations. Potential change to arts and culture provision for Powys communities.	Potential reduction, change in or loss of community arts provision.	Minor	<p>Provide organisational development, business planning/funding advice, support and information to Powys arts and cultural sector organisations, practitioners, creative enterprises, and businesses.</p> <p>Maximise opportunities for securing additional external funding in support of arts service delivery in partnership with arts sector partners.</p> <p>Optimise the leverage potential of arts commissioning budget in successfully accessing external</p>	Minor	

			<p>funding for strategic arts initiatives delivered in partnership with key arts organisations – aiding their financial and operational viability.</p> <p>Consult with Arts Council of Wales and engage in Arts Portfolio Wales Investment Review.</p>	
--	--	--	--	--

9. How likely are you to successfully implement the proposed change?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Public opposition to reduction of funding to theatre, gallery & arts organisations resulting in possible closures / loss of facilities; damage to PCC reputation.	Medium / Low	Support for and engagement with Arts organisations	Low
Loss of external match & partnership funding brought into county.	Low	As above	Low
Loss of cultural services to communities in Powys.	Low	As above	Low
Loss of skills, creative industry business and inward migration.	Low	As above	Low
Due to COVID – arts sector cannot sustain further financial losses.	Medium / Low	As above	Low
Arts Council of Wales investment may be re-considered in the light of reductions in local authority match funding support.	Low	Regular engagement with Arts Council of Wales officers	Low

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
<p>Reductions in funding support for performing arts venues and professional arts organisations in Powys may put under threat their ability to continue valued community arts and cultural provision, diminishing the breadth, quality, and benefits of cultural services available to the communities of Powys.</p>	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
Data development required.

Proposal	Budget Savings Proposal for Cleaning Service for 2021 -2023				
Outline Summary / Description of Proposal					
Proposal to deliver revenue savings from the Cleaning service for 2020-2023 by implementing the proposals below:					
<ul style="list-style-type: none"> Increasing income by expanding business opportunities: providing a handyman service for minor repairs and maintenance, communal garden clearance/maintenance for general public/housing service. Supporting schools with additional Covid cleaning staff and fogging (deep cleaning). This will either be work outside of the HOWPS contract or work subcontracted from HOWPS. Several internal services have requested reviews of current cleaning schedules to make efficiencies. Property services have asked to review cleaning in several corporate buildings to reduce their cleaning costs. Requests will be reviewed along with staffing. Introduce a service brand and use social media to expand communication to the residents and public we serve, with potential networking opportunities with greater income potential.

5. How does your proposal impact on Vision 2025?

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
The Economy We will develop a vibrant economy	There is the potential for reduction in cleaning hours and possible redundancies within corporate buildings, this could affect cleaning staff and potentially building users. A minimum cleaning standard must be maintained.	Poor	Affected staff will be offered redeployment into available positions within the Council, where available.	Neutral
Health and Care We will lead the way in providing effective, integrated health and care in a rural environment	Supporting schools, who manage their own cleaning throughout this year, with additional cleaning staff, advice and guidance and deep cleaning (fogging).	Good		Good
Learning and skills We will strengthen learning and skills	The proposal to introduce a brand and use social media will enhance and contribute to effective communication with the public and customers. Internal staff will develop to use social media to the service's best effect.	Good	Careful and controlled monitoring of social media posts in line with the corporate social media policy, with the support from our communication team.	Good
Residents and Communities We will support our residents and communities	Expanding on the services provided by our cleaning service, working with the Housing service and HOWPS to provide handyman services/garden work to support local PCC housing tenants.	Good	Better communication with local tenants through our partners to promote the services available.	Good

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.	No Impact	Neutral		Neutral
Collaboration: Working with others in a collaborative way to find shared sustainable solutions.	Developing our cleaning services and collaborating with partners and key stakeholders is essential for sustainability in providing services to local residents.	Good	Using social media and continued collaboration with partners will ensure our service capabilities and identify long term need.	Good
Involvement (including Communication and Engagement): Involving a diversity of the population in the decisions that affect them including: Unpaid Carers: Ensuring that unpaid carers views are sought and taken into account	Clear communication with our partners to promote our service and the range of work streams it is capable of.	Good	As Above	Good
Prevention: Understanding the root causes of issues to prevent them from occurring including: Safeguarding: Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can't protect themselves.	Our service has regular monthly meetings and a good attitude to "lessons learned" identifying where we may improve on projects and processes.	Good		Good
Integration: Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.	Continue working with partners to further develop services to improve well-being for local communities.	Good		Good

Page 424

Principle	How does the proposal impact on this principle?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
Powys County Council Workforce: What Impact will this change have on the Workforce?	Potential for some redundancies or reduction to staff hours from the cleaning staff within our corporate buildings. Any reduced cleaning in corporate buildings may impact on building users, however, minimum cleaning standards must be maintained.	Poor	Affected staff will be offered redeployment into available positions within the Council where appropriate.	Neutral
Payroll: How will this impact salary, any overtime/enhanced payments etc? Does this affect any particular group of employees? E.g. Male/Female dominated workforce. Does this proposal comply with the Councils Single Status Terms and Conditions?	Any proposals where staff would be affected will be conducted under the council's management of change policy and appropriate consultation will take place.	Neutral		Neutral
Welsh Language impact on staff	No Impact	Neutral		Neutral
Apprenticeships: Has consideration been given to whether this change impacts negatively, or positively on Apprenticeships within the service?	No Impact, we would encourage taking on apprentices in either our cleaning sites or at our offices with administration duties.	Neutral		Neutral

8. What is the impact of this proposal on our communities?

Communities	How does the proposal impact on residents and community?	<u>IMPACT</u> See impact definitions in guidance document	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> See impact definitions in guidance document	Source of Outline Evidence to support judgement
	Expanding on the services provided by our cleaning service, working with the Housing service and HOWPS to provide handyman services/garden work to support local PCC housing tenants/public.	Insignificant		Choose an item.	

Page 426

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Loss of jobs and employment opportunities	Medium	Redeployment will be offered	Low
Reduction of cleaning by other services, may reduce cleaning frequencies	Medium	Corporate Property Services need to be clear on the standards required/acceptable	Low

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:	
---	---------------------------	--

Throughout 2020 the Mobile Services Support teams have been extremely busy supporting housing and schools during the Covid-19 pandemic, this work continues in 2021. There has been significant additional work during the year providing additional income.

Proposal to deliver revenue savings from the Cleaning service for 2021-2023 by implementing the proposals below:

- Increasing income by expanding business opportunities: providing a handyman service for minor repairs and maintenance, communal garden clearance/maintenance for general public/housing service. Supporting schools with additional Covid cleaning staff and fogging (deep cleaning). This will either be work outside of the HOWPS contract or work subcontracted from HOWPS.
- Several internal services have requested reviews of current cleaning schedules to make efficiencies. Property services have asked to review cleaning in several corporate buildings to reduce their cleaning costs. Requests will be reviewed along with staffing.
- Introduce a service brand and use social media to expand communication to the residents and public we serve, with potential networking opportunities with greater income potential.

Page 427

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Monthly management meetings to discuss progress and regular meetings with finance business partners to ensure targets are on track.
 1 to 1 meetings with HoS.
 Quarterly performance reviews with Portfolio Holder.

Please state when this Impact Assessment will be reviewed.

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Library Service	Head of Service	Nina Davies	Portfolio Holder	ClIr Rachel Powell
Proposal					
Outline Summary / Description of Proposal					
Development of community hubs with outreach housebound delivery model; service redesign and restructure to develop good quality information, literacy, and digital support across county.					
All changes are carefully planned to have minimal detrimental impact on service users and the general public, and to offer potential for improved outcomes through partnership working, collaboration and co-production. Proposals also take into account the statutory requirements of the Public Libraries and Museums Act 1964, administered in Wales through the Welsh Public Library Standards frameworks.					

Page 429
1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
V1	Kay Thomas	Principal Librarian	18/12/2020

2. Profile of savings delivery (if applicable)

2020-21	2021-22	2022-23	2023-24	2024-2025	TOTAL
£	£150,000	£	£	£	£

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
No consultation required (please provide justification)	Initially we are still working on proposals which came out of the major public and staff consultation exercise Feb – April 2019. However, further public and/or staff consultation will be carried out for individual elements of the overall proposals as required.

5. How does your proposal impact on Vision 2025?

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>The Economy We will develop a vibrant economy</p>	<p>Branch libraries draw people into town centres, which benefit the local shops and businesses. In addition, libraries support job seekers and self-employed/small businesses through the IT and information provision which offers supported access to jobseekers online and other government gateways such as Universal Credit. Libraries support development of work-related skills through access to learning materials and volunteering opportunities, plus partnership working with organisations such as Workways+ and Adult Learners' Wales. No impact on these beneficial outcomes is expected through the proposals.</p>	<p>Neutral</p>	<p>Potential for future development and enhancement through partnership working; proposal to use community hubs for micro business desks</p>	<p>Unknown</p>

Page 431

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>Health and Care We will lead the way in providing effective, integrated health and care in a rural environment</p>	<p>The library service is Dementia Friendly and offers literature in support of this to those living with Dementia and their carers- Libraries are part of the Book Prescription Wales schemes for adults and children, so residents would be unable to collect titles prescribed by health colleagues locally. The library service works closely with Powys Health Promotion unit to widely disseminate campaign information to libraries across the county (e.g., measles vaccinations, or stop smoking campaigns).</p> <p>Public libraries have enabled people to access online cognitive behaviour courses prescribed for them.</p> <p>Activities in branch libraries have a positive impact on health and wellbeing, e.g., rhythm and rhyme sessions for parents and babies encourages bonding as well as a social network for peer support. Dementia reading aloud sessions have proven benefit, and groups such as book groups, knit and natter and poetry groups offer mental stimulus and social interaction to boost overall wellbeing.</p> <p>These proposals are designed to improve access to health information, and protect the beneficial outcomes described above. Development of outreach and housebound service should enhance reach.</p>	<p>Good</p>	<p>Potential for further future development with partners, particularly adult services, and 3rd sector</p>	<p>Unknown</p>

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>Learning and skills We will strengthen learning and skills</p>	<p>The library service supports learners of all ages and abilities through provision of quality resources and help with accessing and using those resources, including independent study space, and providing a location for 1-1 tuition and courses. 76% of respondents in the adult library user survey said that the library has helped them to learn something new, and 48% said it helps them with education.</p> <p>“Access to Research” is an online service available through public library computers only, providing access to a huge UK collection of academic articles and papers (the terms of the agreement means that it is not available remotely via the library web pages). This is heavily used by researchers in Powys – usage statistics show that Powys was 5th in May and 3rd in June 2016, for usage, across the whole of the UK. Ancestry.com and FindmyPast local and family history online resources are similarly only freely available from library computers.</p> <p>Volunteer opportunities allow people to learn, practice and share skills locally in their community.</p> <p>Staff and volunteers provide sessions such as 1-1 computer support, coding, family learning through storytimes, lego clubs, homework support etc. Literacy is developed for all ages e.g., through rhythm and rhyme and storytimes to book clubs and poetry groups and reading aloud for adults sessions.</p> <p>No impact on these beneficial outcomes is expected through the proposals</p>	<p>Neutral</p>	<p>Potential for future development and enhancement through partnership working</p>	<p>Unknown</p>

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Residents and Communities We will support our residents and communities	<p>Library services support residents to live fulfilled lives and to feel part of their community. 90% of respondents in the most recent adult library user survey said that their local library makes them feel part of their community, 99% find their library an enjoyable, safe, and friendly environment, 91% said it makes them feel better, and 97% said that their library makes a difference to their lives.</p> <p>Public consultation 2019 clearly demonstrated the value of libraries in the communities; these proposals are designed to safeguard the benefits found. Development of outreach housebound model supports communities and residents who are unable to access library buildings.</p>	Neutral	Potential for future development and enhancement through partnership working	Unknown

6. How does your proposal impact on the Welsh Government's well-being goals?

Page 435

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>A prosperous Wales: An innovative, productive, and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>Branch libraries already provide an efficient use of resources through the same materials and facilities being shared and used over and over by a multitude of users.</p> <p>Contributions to the local economy and learning as outlined above, plus work experience and volunteer opportunities in libraries develop skills for employability.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>	Neutral	Potential for future development and enhancement through partnership working	Unknown
<p>A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic, and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>The library network enables residents to directly interact with the council services in their local community and seek advice or information from a member of staff face-to-face or using supported digital means.</p> <p>Libraries enable residents to access the information and develop the skills needed to develop personal and community resilience. Outreach will extend reach of service and associated benefits.</p> <p>Resources, skills and knowledge are shared and reused in a circular economy model.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>	Neutral	Potential for future development and enhancement through partnership working; digital device loan scheme to start 2021/22 to enhance connectivity and digital engagement from home, working with partners.	Unknown
<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p>	<ul style="list-style-type: none"> • Visits to the library improve the health and wellbeing of residents, and reading boosts mental health, along with social interaction. 	Neutral	Potential for future development and enhancement through partnership working	Unknown

<p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<ul style="list-style-type: none"> • Reading for pleasure for 6 minutes per day lowers stress by 68% (Univ of Sussex research) – loss of physical book loans • Social interaction which boosts wellbeing • Wide range of activities supporting wellbeing e.g., dementia singing, poetry, tai chi • Ready access to book prescription schemes and health information. • Development of housebound outreach service based on Order & Collect/Deliver model will extend reach of health resources • 69% of respondents to the adult library user survey Oct 18 reported that the library had helped them with information about health matters, and 91% said that going to the library makes them feel better. <p>Careful transformation of the mobile libraries into an outreach housebound model is intended to improve reach and engagement.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>			
<p>A Wales of cohesive communities: Attractive, viable, safe, and well-connected Communities.</p>	<p>90% of respondents in the most recent adult library user survey said that their local library makes them feel part of their community, 99% find their library an enjoyable, safe, and friendly environment, 91% said it makes them feel better, and 97% said that their library makes a difference to their lives.</p> <p>This was endorsed by the findings of the public consultation 2019 – the public view libraries as community hubs, and a vital bridge between them and the County Council.</p> <p>Volunteer opportunities enhance community involvement.</p>	<p>Neutral</p>	<p>Potential for future development and enhancement through partnership working</p>	<p>Unknown</p>

	No impact on these beneficial outcomes is expected through the proposals.			
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental, and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival, and development; and the right to be heard.</p>	<p>Libraries act as a Hub of information and communication with the wider world, enabling access to knowledge and understanding, and interaction with the wider world for children and adults alike.</p> <p>The Bookstart scheme contributes to a flying start for young children, boosting early communication and pre-literacy skills.</p> <p>Sharing of resources, skills and knowledge over and over on a circular economy model reduces consumption and waste.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>	Neutral	Potential for future development and enhancement through partnership working	Unknown
<p>A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage, and the Welsh language, and which encourages people to participate in the arts, and sports and recreation. Incorporating requirements under the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards</p>				
<p><i>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</i></p>	<p>Opportunities are provided through range of stock and resources, including Welsh speaking staff – these benefits were highlighted through the public consultation process. Partners also deliver in libraries as community venues e.g., Welsh classes, Welsh medium children’s activities, Welsh language book clubs.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>	Neutral	Potential for future development and enhancement through partnership working	Unknown
<p><i>Opportunities to promote the Welsh language</i></p>	<p>Staff and partners deliver Welsh language activities in libraries as community venues e.g., Welsh classes, Welsh medium children’s activities, Welsh language book clubs.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>	Neutral	Potential for future development and enhancement through partnership working	Unknown
<p><i>People are encouraged to do sport, art, and recreation.</i></p>	<p>Libraries offer a wide range of opportunities for cultural, educational, and recreational activities. The range of activities and events offered, which meet a wide variety of strategic outcomes such as digital</p>	Neutral	Potential for future development and enhancement through partnership working	Unknown

	<p>inclusion, literacy, health and wellbeing and support for the Welsh language, has been impressive in the context of reduced opening hours, and has been supported by partner organisations and volunteers. Provision has also moved online during the Covid pandemic. Such activities are also required as core entitlements under the Welsh Public Library Standards and provide the cultural offer under the UK wide Universal Offers provided by library services.</p> <p>No impact on these beneficial outcomes is expected through the proposals.</p>																																	
<p>A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio-economic background and circumstances). Incorporating requirements under the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011 and the Social Economic duty (2020).</p>																																		
<p style="writing-mode: vertical-rl; transform: rotate(180deg);">Page 438</p> <p>Age</p>	<p>The age breakdown of 68,596 registered library members shows the following in Nov 2019:</p> <table border="0"> <tr><td>0-4 years</td><td>1524</td></tr> <tr><td>5 – 10 years</td><td>5510</td></tr> <tr><td>11-13 years</td><td>4209</td></tr> <tr><td>14-17 years</td><td>4466</td></tr> <tr><td>18-59 years</td><td>31218</td></tr> <tr><td>60+ years</td><td>21029</td></tr> <tr><td>Not given</td><td>640</td></tr> </table> <p>This equates to:</p> <table border="0"> <tr><td>Under 18</td><td>22%</td></tr> <tr><td>18 – 59</td><td>46%</td></tr> <tr><td>60 +</td><td>31%</td></tr> <tr><td>Not given</td><td>1%</td></tr> </table> <p>Responses to service surveys generally show that the most frequent users are the very young, elderly, and unemployed people, frequently the most vulnerable in our societies. Page 442

Principle	How does the proposal impact on this principle?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	These proposals are designed to provide a sustainable long-term future for the library service and for service users, to protect beneficial outcomes for residents as described above, and highlighted through public consultation 2019.	Good	Potential for future development and enhancement through partnership working and development of community hubs – to be explored	Unknown
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	The library service already works with a wide range of partners, both internally and externally, and this helps to sustain beneficial outcomes. The library service operates in a co-production way. This will be developed further as part of the proposals. Volunteers and 3 rd sector agencies will be partners in development of the housebound outreach service.	Good	Potential for future development and enhancement through partnership working	Unknown
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them including:</i> Unpaid Carers: <i>Ensuring that unpaid carers views are sought and taken into account</i>	Widespread public community consultation took place 2019 and is being followed up by further meetings with communities to drive forward their proposals, supported by the Portfolio Holder. There is constant engagement with partners, Friends groups, volunteers and other agencies, and a stronger communications plan will be developed as part of proposals and change initiatives. The proposals allow for enhanced involvement.	Good	Potential for future development and enhancement through partnership working and co-production.	Unknown
Prevention: <i>Understanding the root causes of issues to prevent them from occurring including:</i> Safeguarding: <i>Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can't protect themselves.</i>	The public consistently highlight that public libraries already offer preventative medicine and save the authority and the health service money in that way. The service works with partners and on a “what matters” principle for service users. Library staff have extensive knowledge of their communities and service users and know how to pass on concerns re safeguarding following library service protocols. Proposals should not change this way of working.	Neutral	Potential for improvement through training for staff and volunteers, and development of community hub model.	Unknown

Principle	How does the proposal impact on this principle?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
Integration: <i>Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.</i>	Libraries impact positively for residents under the wellbeing objectives and Vision 2025 priorities, and already work closely and collaboratively with partner organisations. Proposals should not change this way of working.	Neutral	Potential for improvement through training for staff and volunteers, and development of community hub model.	Unknown
Powys County Council Workforce: What Impact will this change have on the Workforce?	Staff changes will be negotiated through the Management of Change process where necessary – there are minimal changes in this proposal. There will training opportunities to improve digital and information skills. Any staff reductions will seek to make use of natural wastage and voluntary severance schemes. Proposals could also impact cleaning staff in some places.	Unknown	Providing further training opportunities and investigate apprenticeship and Kickstart schemes.	Unknown
Payroll: How will this impact salary, any overtime/enhanced payments etc? Does this affect any particular group of employees? E.g., Male/Female dominated workforce. Does this proposal comply with the Councils Single Status Terms and Conditions?	Any staff changes would take place through the Management of Change process, with appropriate consultation.	Unknown		Unknown
Welsh Language impact on staff	Welsh speaking levels of staff as at 12 Nov 2018, not all staff have given this information): Level 0 – 19 staff Level 1 – 25 Level 2 – 14 Level 3 – 7 Level 4 – 5 Level 5 – 7 Potential impact as above.	Unknown		Choose an item.

Page 443

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Apprenticeships: Has consideration been given to whether this change impacts negatively, or positively on Apprenticeships within the service?	No specific impact other than that outlined above – the service will consider apprenticeships wherever appropriate, and already supports 3 staff with apprenticeship courses.	Neutral		Choose an item.

Impact Assessment (IA)

The integrated approach to support effective decision making

	<p>Community hub strategy could provide means to maintain local service delivery in small communities across Powys but is strongly dependent on willingness and priorities of both internal and external services to achieve this, and to offset current costs of library service.</p> <p>Partnership working and volunteer opportunities provide potential for greater community involvement and collaboration.</p>	<p>Minor</p>	<p>Further collaborative work with partners on both a locality and broader basis, using an agile approach to achieving good outcomes for residents.</p>	<p>Insignificant</p>	<p>Public consultation results 2019 Achievements of partnership and collaborative working to date Experience of volunteering take-up to date</p>
--	--	--------------	---	----------------------	--

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Unwillingness of partners to work and contribute towards a community hub model	12	Continue wide discussions and consultation to identify existing and potential partners, all with view to improving outcomes for residents	6

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
<p>All changes have been carefully planned to have minimal detrimental impact on service users and the general public, and to offer good potential for improved outcomes through partnership working, training, collaboration, and co-production. Proposals take into account the statutory requirements of the Public Libraries and Museums Act 1964, administered in Wales through the Welsh Public Library Standards frameworks.</p>	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Progress will be monitored through the Cultural Services Project Board.

Please state when this Impact Assessment will be reviewed.

FORM ENDS

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Powys Archives and Information Management	Head of Service	Nina Davies	Strategic Director	Nigel Brinn	Portfolio Holder	CLlr Rachel Powell
Proposal	Income to be generated from leasing storage space for records to external organisations						
Outline Summary / Description of Proposal							
Archives and Information Management							
<ul style="list-style-type: none"> The Council has a corporate responsibility to maintain its records and record-keeping systems in compliance with the legislation and regulatory environment in which it operates. In 2017 the Council completed an accommodation project for Powys Archives and Information Management and officially opened the new public facilities in October 2017. Powys Archives collects and preserves records relating to Powys’ cultural and historical past in accordance with legislation, and in turn provides access to them through a public search room. The service currently holds around 3000 linear metres of material dating from the fourteenth century to the present day. The Information Management Service provides help and advice to all areas of the Council on information management issues including records management practices and procedures. The Service manages and stores around 250,000 files of semi-current and non-current records, which are retained for a certain period of time for legal, financial, administrative or operational reasons. 							
Proposals 2021/22							
<ul style="list-style-type: none"> Powys Archives and Information Management has been tasked with identifying efficiencies of £18,000 in 2021/22. It is proposed that increased income offsets this target. Income to be generated from leasing storage space for records to external organisations. 							
Proposals 2022/23							
<ul style="list-style-type: none"> Powys Archives and Information Management has been tasked with identifying efficiencies of £15,000 in 2022/23. It is proposed that increased income offsets this target. Income to be generated from leasing storage space for records to external organisations 							

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
V01	Catherine Richards	Principal Lead Museums, Archives and Information Management	August 2019
V02	Catherine Richards	Principal Lead Museums, Archives and Information Management	November 2019
V03	Catherine Richards	Professional Lead – Arts and Culture	Dec 2020

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
£			£18,000	£15,000	£

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
No consultation required (please provide justification)	No consultation is required as there will be no impact on internal or external customers

4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety and Corporate Parenting?)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

Adult Services	<input type="checkbox"/>	Education	<input type="checkbox"/>	Legal and Democratic Services	X
Children's Services	<input type="checkbox"/>	Finance	<input type="checkbox"/>	Property, Planning and Public Protection	<input type="checkbox"/>
Commissioning	<input type="checkbox"/>	Highways, Transportation and Recycling	<input type="checkbox"/>	Transformation and Communications	<input type="checkbox"/>
Digital Services	<input type="checkbox"/>	Housing and Community Development	<input type="checkbox"/>	Workforce and OD	<input type="checkbox"/>

Data Protection Impact Assessment

Will the proposal involve processing the personal details of individuals? Yes X No

Is Powys County Council the data controller? Yes No X

If you have answered yes to either of the above you will be required to complete, as a minimum, the screening questions on the data protection impact assessment.
 For further advice please contact the Data Compliance Team.

5. How does your proposal impact on Vision2025?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy Page 449	<p>Powys Archives' visitors boost the local economy as they use local shops, eateries and accommodation.</p> <p>Visitor surveys show that 90% of Archive users come into the locality of Llandrindod Wells for the specific purpose of using the archives i.e. the Archives Service is their driver for visiting and 50% of users came from over 61km away.</p> <p>33% took overnight accommodation and 58% ate out locally, generating 376 hotel bed occupancies and 664 restaurant visits. These figures are all higher than for the total combined Welsh services.</p> <p>The Archive Service can also provide information resources to support business operations. Powys Archives has been used for all sorts of operations such as restoration and regeneration projects, planning new developments and identifying boundaries.</p>	Neutral		Neutral
Health and Care We will lead the way in effective, integrated rural health and care	<p>Visits to Powys Archives improve the health and wellbeing of residents and research for recreational purposes boosts mental health, along with social interaction.</p> <p>Volunteering contributes to community wellbeing and improves the Archive Service in addition to enabling personal development and involvement with heritage.</p> <p>Access to arts and cultural services overall enhances wellbeing.</p>	Neutral		Neutral

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p style="writing-mode: vertical-rl; transform: rotate(180deg);"> People Learning and skills We will strengthen learning and skills </p>	<p>Archive Services have proved to be ‘safe’ places in which people can learn and develop. This learning experience can come about either as a user or a volunteer. Researching archives requires individuals to develop a whole range of skills from specialist areas such as palaeography (the study of old handwriting) through to the ability to analyse large amounts of information, set goals and organise workloads. Allied to this is access to a unique information resource. The Archives hold records that for the most part cannot be found elsewhere such as Council records, maps and plans, personal papers and business records. 98% of visitors to Powys Archives agree that archives provide opportunities for learning.</p> <p>For volunteers the payback can be significant in terms of skills and employability. In a report by the National Council on Archives into volunteering in archives 32% of those questioned felt archive volunteering had helped with their sense of being part of a workplace, 28% felt it had helped them learn or improve their IT or other work-related skills, and 16% felt it had improved their confidence to look for work.</p> <p>Archives have always been a vital resource of educational attainment. Archives are well known as the source material for high qualifications such as PhDs and MAs. But they have been widely used to bring a wide range of school subjects to life such as history, geography, English and maths, and provide the stimulus for projects as such as art and drama productions. For example, the National Curriculum for history includes local history research using archives.</p>	<p>Neutral</p>		<p>Neutral</p>

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Residents and Communities We will support our residents and communities Page 4	<p>Powys Archives holds, cares for and continues to develop collections for the county which represent our rich and diverse culture. These in turn enrich the lives of people in our communities and help them live fulfilled lives.</p> <p>Powys Archives provides a place where one can be welcomed and feel part of the community. They are safe environments where people come together through mutual interest. In the report by the National Council on Archives into volunteering in archives its research found 48% of those questioned felt working as an archive volunteers had enabled them to meet new people or socialise and 31% felt it had helped with their sense of being part of a community. There is strong anecdotal evidence that regular users have a similar response.</p> <p>A good archive service contributes to the strength of the local community.</p>	Neutral		Neutral

6. How does your proposal impact on the Welsh Government’s well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>Powys Archives provides an efficient use of resources through records and facilities being shared and used over and over by a multitude of users. Work experience and volunteer opportunities in both develop skills for employability.</p>	<p>Neutral</p>		<p>Neutral</p>
<p>A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>N/A</p>	<p>Choose an item.</p>		<p>Choose an item.</p>
<p>A healthier Wales: A society in which people’s physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood. Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>Visits to cultural/heritage services such as Archives improves the overall health and wellbeing of residents, and research boosts mental health, along with social interaction. Volunteer opportunities also boost health related outcomes.</p>	<p>Neutral</p>		<p>Neutral</p>

Well-being Goal	How does proposal contribute to this goal?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>Visitor surveys show that:</p> <ul style="list-style-type: none"> • 61% are using Powys Archives for family history research, 35% for local history research. • 100% agreed that “I improved my knowledge in an area of interest”. • 91% agreed that “I developed new skills or improved existing skills (in research, use of ICT, etc.)” • 100% agreed that “I have a greater understanding of my community, its history and people”. • 97% agreed that “I enjoyed myself”. • 100% agreed that “I am inspired to find out more” 	<p>Neutral</p>		<p>Neutral</p>
<p>A Globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival and development; and the right to be heard.</p>	<p>Powys Archives promotes the cultural life of our county, it encourages active participation in culture, protects our heritage, helps expand our international profile and contributes to our tourism industry.</p>	<p>Neutral</p>		<p>Neutral</p>
<p>A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.</p>				

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<i>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</i>	Providing access to archives for everyone must include developing services that reflect the importance of the Welsh language. Our language is an important part of our heritage, and many tourists who come to Powys are drawn by our heritage and culture.	Neutral		Neutral
<i>Opportunities to promote the Welsh language</i>	As above	Neutral		Neutral
<i>Welsh Language impact on staff</i>	There are no Welsh language speaking staff within the Archives and Information Management Service at this current time.	Neutral	Seek to recruit Welsh speaking members of staff and volunteers wherever possible.	Unknown
<i>People are encouraged to do sport, art and recreation.</i>	Powys Archives enable people to explore collections for inspiration, learning and enjoyment	Neutral		Neutral
More equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).				
454 <i>Age</i>	Powys Archives welcomes increased use of the service by existing and new audiences regardless of their background or circumstances. It is important that the demographic of our communities is understood and this is used to inform forward planning. Understanding and dismantling barriers, real or perceived, that deter those who do not currently use our collections, or do not participate in our activities is crucial if Powys Archives are to be fully inclusive. 9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Risk that income from leasing arrangements do not meet the required savings target.	Medium	Market the service effectively	Low
Risk of the Council not being able to meet its Statutory requirements in relation to Archives and records management, facing significant risk of direct action from the Information Commissioners Office, The National Archives, Welsh Government.	Low		Low
Risk of the National Archives removing the Council's Public Record status through lack of staffing. In 2011 the Council responded to this threat by developing new facilities for both Powys Archives and Information Management at Unit 29 Ddole Road.	Low		Low

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
It is proposed that increased income offsets budget savings. Income to be generated from leasing storage space for records to external organisations. Impact to be monitored.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Income to be generated from leasing storage space for records to external organisations. Monitor to see if this income target is achievable.

Please state when this Impact Assessment will be reviewed.

5. How does your proposal impact on Vision 2025?

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	The service supports the economy by enabling and encouraging participation, events, and opportunities for involvement with healthy physical activities linked to wider Powys initiatives and agendas. There is the potential for less events, competitions, and activities (local, regional & national) that bring people into Powys to participate, visit, travel around and stay if there is less budget available.	Poor	Collaborative working and communication with other organisations, partners and services is key to ensure a whole county approach. Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.	Good
Health and Care We will lead the way in providing effective, integrated health and care in a rural environment	The service will support the health & care agenda through joint initiatives and schemes to encourage people to be more physically active, working towards mutual objectives and outcomes. The proposal could have an impact through reduced officer capacity or less resources.	Poor	Collaborative working and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key. Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.	Good
Learning and skills We will strengthen learning and skills	The service will help to enhance learning and skills through schemes and opportunities to develop. However, the numbers of people developing their learning and skills, gaining qualifications, and undertaking training may decrease as a result of the savings required. Further impact could be a reduction in sports coaches, instructors, and professional persons to support healthy physical activity in Powys as a result of reduced funds.	Poor	Collaborative working and communication with other organisations, partners and services will enable understanding and identification of gaps and need. Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.	Good

Page 461

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Residents and Communities We will support our residents and communities	The service will support, (in collaboration with other partners and organisations), residents and communities to increase their participation levels so that healthy physical activity becomes part of a regular routine, which in turn will have positive benefits and impacts on many other areas of their lives. However, as a result in a reduction of budget, the numbers of people participating in healthy physical activity may decrease. Residents and communities may not have the range of opportunities that are currently available.	Poor	Collaborative working and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key. Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.	Good

6. How does your proposal impact on the Welsh Government's well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>The service will support the economy by enabling and encouraging participation, events, and opportunities for involvement with healthy physical activities linked to wider Powys initiatives – encouraging people to acknowledge and understand the impact of carbon footprints and to think and act more responsibly. The proposal doesn't directly <i>contribute</i> to the goal but will enable more focus where necessary.</p>	<p>Good</p>	<p>Collaborative working and communication with other organisations, partners and services is key to ensure a whole county approach.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>The service will support the goal for a more resilient Wales where/if applicable. The proposal doesn't directly <i>contribute</i> to the goal but will enable more focus where necessary.</p>	<p>Good</p>	<p>Collaborative working and communication with other organisations, partners and services is key to ensure a whole county approach.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p> <p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>Through our commitment to the Visions of Powys County Council and Sports Wales and support to other strategies & plans, we will fully support and contribute to this goal. The proposal doesn't <i>contribute</i> to the goal but will enable more focus where necessary.</p>	<p>Very Good</p>	<p>Collaborative working and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Very Good</p>

Page 463

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>Our contribution to the other goals will support and enable cohesive communities. The proposal doesn't directly <i>contribute</i> to the goal but will enable more focus where necessary.</p>	<p>Good</p>	<p>Collaborative working and communication with other organisations, partners and services is key to ensure a whole county approach.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival and development; and the right to be heard.</p>	<p>The service will support the goal for a globally responsible Wales as required in conjunction with the Visions for Sport Wales and Powys County Council. The proposal will still enable children and young people to access resources and opportunities throughout Powys.</p>	<p>Good</p>	<p>Collaborative working and communication with other organisations, partners and services is key to ensure a whole county approach.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation. <i>Incorporating requirements under the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards</i></p>				
<p>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</p>	<p>The service already has Welsh speaking officers and provides activities and information bilingually as required. The proposal should not have a significant impact.</p>	<p>Unknown</p>	<p>Collaborative working and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Neutral</p>

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>Long Term: Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</p>	<p>The proposal will continue to positively impact on this principle, even with a reduced budget. It will support future generations to meet their own needs by engaging in more regular physical activity, understanding the numerous benefits it will have on other elements of their lives and improving their overall health and wellbeing.</p>	<p>Good</p>	<p>Collaborative working and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>Collaboration: Working with others in a collaborative way to find shared sustainable solutions.</p>	<p>The proposal encourages this principle, (although the service has been working collaboratively for a number of years) and will have a positive impact (even with a reduced budget) as working with others to achieve shared sustainable solutions will enable joint objectives and outcomes to be realised .</p>	<p>Good</p>	<p>Further collaborative working, positive engagement and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key to agree and achieve joint objectives and outcomes.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>Involvement (including Communication and Engagement): Involving a diversity of the population in the decisions that affect them including: Unpaid Carers: Ensuring that unpaid carers views are sought and taken into account</p>	<p>The proposal does not impact on this principle as the service will continue to work more specifically in some areas to ensure engagement and involvement of as many of our residents and members of our communities as possible.</p>	<p>Good</p>	<p>Further collaborative working, positive engagement and communication with other organisations, partners and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention is key to agree and achieve joint objectives and outcomes.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>

Principle	How does the proposal impact on this principle?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
<p>Prevention: <i>Understanding the root causes of issues to prevent them from occurring including:</i></p> <p>Safeguarding: <i>Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can't protect themselves.</i></p>	<p>The proposal will not impact on this principle as the service will continue to work more specifically in some areas to understand issues and developing initiatives to address them – especially early intervention and prevention agendas.</p>	<p>Good</p>	<p>Further collaborative working, positive engagement and communication with residents, communities, other organisations, partners, and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention or involvement is key.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Good</p>
<p>Integration: <i>Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.</i></p>	<p>The proposal will not impact on this principle and the service will continue to work collaboratively to agree joint objectives and outcomes to be planned, delivered, and realised.</p>	<p>Good</p>	<p>Further collaborative working, positive engagement and communication with residents, communities, other organisations, partners, and services will enable a whole county approach. Understanding areas of need, gaps, individuals, and groups that may need specific intervention or involvement is key.</p> <p>Alternative methods of delivery such as virtual and online are being explored, developed, and delivered. This will continue and be enhanced over time.</p>	<p>Very Good</p>
<p>Powys County Council Workforce: What Impact will this change have on the Workforce?</p>	<p>This proposal should not have an impact on the workforce but as a service we continuously review and monitor the workforce, programmes, and outcomes to ensure that the budgets and funding available are maximised and put to best use. Reconfiguration of the resources available, including staff will be undertaken from time to time.</p>	<p>Neutral</p>	<p>The service will continue to monitor and review the workforce, providing training and development opportunities where possible, or reconfiguring to maximise budgets and funding available.</p>	<p>Good</p>

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Potential reduced delivery of healthy physical activity	Low	Other services / organisations commissioned to deliver healthy physical activity	Low
Potential reduced development of clubs, communities, individuals	Low	Other services / organisations commissioned to deliver healthy physical activity – additional budget requirements	Low
Increase of people accessing health services due to reduced physical activity levels	Low	Other services / organisations commissioned to deliver healthy physical activity – additional budget requirements	Low

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:	
--	----------------------------------	--

Cyngor Sir Powys County Council
Impact Assessment (IA)

The integrated approach to support effective decision making

Although there may be a reduced core budget to the service over the next two years from Powys County Council, between the three funding streams (PCC, Sport Wales & Disability Sport Wales) there are sufficient budgets and funding available to provide and deliver an effective service. Due to the recent changes within the Council and Sport Wales, objectives and outcomes have been reconfigured which has enabled a different approach to be explored and proposed. Officers time and agreed programmes will need to be more streamlined based on identified needs and gaps which may mean that not all services and activities previously provided will be available. There is also the addition of increased and developing virtual / online offer which should engage a range of participants.

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
N/A

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
Regular meetings with the officers, Head of Service, National Governing Bodies, other service, and service users
Please state when this Impact Assessment will be reviewed.
February 2021

FORM ENDS

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Housing	Head of Service	Nina Davies	Director	Nigel Brinn	Portfolio Holder	Cllr Iain McIntosh
Proposal	Housing General Fund budget proposals for 2021 – to deliver £25,000 savings whilst maintaining the provision of statutory strategic housing services, housing advice, homeless service, and housing standards.						

Outline Summary / Description of Proposal

Summary
 The Housing General Fund (HGF) controllable budget for 2020-2021 was £633,066.

Statutory Services provided by the HGF
 HGF funds the following main statutory duties:

-  **Assessing Housing Need¹** – undertake and update a Local Housing Market Assessment and a Gypsy Traveller Accommodation Assessment, maintain a register of housing need in Powys (without which the Council cannot allocate social housing) and assess housing need and demand to allocate resources and housing grants for new homes in Powys.
-  **Housing Advice and Homelessness²** – a duty to prevent homelessness and assist those who are homeless, to provide advice and assistance in relation to housing and accommodation needs, to produce and implement a homeless strategy and to provide temporary and emergency accommodation.
-  **Housing Standards³** – a duty to make sure the Housing Health and Safety Rating System is applied in Powys, to license certain premises, to offer Disabled Facilities Grant (DFG) and adaptations for people with disabilities. Housing standards includes energy efficiency advice and funding⁴, to reduce fuel poverty.

The proposal is for a reduction in budget of £25,000 for the 2021/22 financial year.

- £25,000 from the removal of the temporary Gypsy & Traveller site for the annual Royal Welsh Agricultural Show (RWAS)

Page 472

³ Social Services and Wellbeing (Wales) Act 2014; Housing Grant, Construction and Regeneration Act 1996; Regulatory Reform (Housing Assistance) (England and Wales) Order 2002; Housing Act 2004; Housing Health and Safety Rating System (England) Regulations 2005

⁴ Environment (Wales) Act 2016

2. Profile of savings delivery (if applicable) (excludes Budget Pressure Provision)

Starting Budget	2020-21 savings	2021-22	2022-23	2023-2024	TOTAL
£633,066	£25,000	£25,000	£	£0	£

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
No consultation required (please provide justification)	The provision of the temporary Gypsy & Traveller site for the annual Royal Welsh Show is not a statutory requirement. The provision of the site was managed by a multidisciplinary/agency working group and therefore consultation already undertaken with Police, Royal Welsh Agricultural Society and Gypsy & Traveller Liaison. The non-provision of the site will be publicised on social media and communicated to the Gypsy and Traveller community. The site provision was cancelled due to the Covid-19 event in 2020. The impact of the pandemic on the 2021 RWAS is currently unknown.

4. Impact on Other Service Areas

**Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY**

Adult Social Care, Childrens Services, Corporate Parenting, Income and Awards, Health and Safety

Adult Services	✓	Education	<input type="checkbox"/>	Legal and Democratic Services	<input type="checkbox"/>
Children’s Services	✓	Finance	<input type="checkbox"/>	Property, Planning and Public Protection	✓

5. How does your proposal impact on the council's strategic vision?

Council Priority	How does the proposal impact on this priority?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
The Economy We will develop a vibrant economy	Removal of the temporary Gypsy & Traveller site at the annual RWAS may deter attendance at the show by members of the Gypsy and Traveller community. There could be disruption to the show if there were to be unauthorised encampments, and services/agencies may have to undertake activities to mitigate incursions. The numbers of Gypsy and Travellers attending the temporary stopping place has been reducing over recent years.	Poor	The Gypsy and Traveller community who normally attend the temporary site will be advised that there will no longer be a site provided and that any unauthorised sites will be dealt with in accordance with the Welsh Government unauthorised site guidance. They should therefore make arrangements prior to arriving in the area.	Unknown
Health and Care We will lead the way in effective, integrated rural health and care	As there will not be the provision of a temporary Gypsy and Traveller site, any encampments will be dealt with in accordance with the unauthorised site guidance issued by Welsh Government. This includes undertaking a Welfare Assessment which identifies any needs.	Neutral	The Welfare Assessment will identify any Health and Care needs and services will be advised.	Neutral
Learning and skills We will strengthen learning and skills		Choose an item.	N/A	Choose an item.
Residents and Communities We will support our residents and communities	Removal of the temporary Gypsy & Traveller site at the annual RWAS may lead to the use of non-official sites, which may impact on local residents and communities. Unauthorised encampments may impact as services/agencies undertake assessments and consider alternatives.	Poor	The Gypsy and Traveller community who normally attend the temporary site will be advised that there will no longer be a site provided and that any unauthorised sites will be dealt with in accordance with the Welsh Government unauthorised site guidance. They should therefore make arrangements prior to arriving in the area.	Unknown

		longer be a site provided and that any unauthorised sites will be dealt with in accordance with the Welsh Government unauthorised site guidance. They should therefore make arrangements prior to arriving in the area. In the event of unofficial sites, the Council will undertake an Initial Encampment Assessment.	

Page 484

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:	
Removal of the temporary Ysgiog site for the Royal Welsh Show would impact Gypsy & Travellers, and may impact on local residents and communities. However, the impact has been rated as low. The provision and management of the site for the last few years has reduced the number of households attending.		

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
Gypsy and Traveller Accommodation Assessment and the Ysgiog Gypsy and Traveller Temporary Stopping Place Project Group.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
Annual monitoring at the time of the RWAS. The Council will manage unauthorised encampments in accordance with Welsh Government Guidance and report any unauthorised sites in accordance with the revised "Caravan Count" provisions.
Please state when this Impact Assessment will be reviewed.

Proposal	Review of Fleet Maintenance Service				
-----------------	-------------------------------------	--	--	--	--

Outline Summary / Description of Proposal

In recognition of projected reducing fleet numbers (subject to other savings proposals) and the managed fleet renewal process, further efficiency can be gained from reduced maintenance and repairs.

This review will need to compare in-house service options (1 or 2 workshops), combined in-house and external provision (1 workshop with external support for certain locations) and fully external provision (single or multiple supplier). In-house provision will require capital investment.

In addition to and preceding the full review, efficiencies can be gained following the introduction of a changed working pattern in 2019/20, along with the benefits of reduced repairs associated with the successful progression of the fleet replacement programme. This will enable a reduction of labour resource required, starting from 2020/21 with an anticipated reduction of 2 fte posts.

Commissioning - Soft market testing will be needed to gauge level of interest from external suppliers. This will help the service evaluate the various options available.

At this point we cannot determine possible savings that may be available through this process, but it is considered that procurement/transfer or any capital investment in-house could be achieved for 2022/23.

Proposal	Review & Efficiencies within School & Public Transport Provision				
Outline Summary / Description of Proposal					
<p>The existing budgets for both Public and School Transport are significant, circa £10.2m and £2.6m controllable budget respectively.</p> <p>Provision of school transport is a statutory requirement, whereas local authorities have a duty under the 1985 Transport Act to ‘<i>secure the provision of such public transport services as they consider appropriate to meet any public transport requirements which would not otherwise be met</i>’. In a sparse, rural county such as Powys the viability for commercial routes are few and therefore is a need for a subsidised services to meet the need and satisfy our duty.</p> <p>Public and School transport are interdependent with an integrated approach being applied to operate them efficiently. This interdependency therefore presents complications when considering statutory and non-statutory provisions. The other dependency for school transport is the School network and any present and future re-modelling of schools. Transport is a critical element that needs to be considered in determining the most appropriate school provision (numbers/locations). It is therefore imperative that when looking at the remodelling of the school network, that proper consideration is given to the £55k per day it currently costs to transport learners to school.</p> <p>The other interdependency that needs careful consideration, is the impact of any reduction in capacity or routes now, against taking forward proposals in the 21st Century Schools programme. For example, the likely additional costs to transporting more learners to potentially less schools.</p> <p>An indicative percentage saving has been applied crudely to both budgets based on improved efficiencies, set against existing and future budget pressures. As a result of a new funding regime via Welsh Government, this has allowed the Transport department to reprofile its budgets and meet the savings outlined below.</p>					
Proposed saving	2020/21	2021/22	2022/23	Total Saving	
3% reduction in schools transport spend		-£276,804		-£276,804	
10% reduction in net public transport budget		-£272,117		-£272,117

The integrated approach to support effective decision making

5. How does your proposal impact on Vision 2025?

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	Project will have to be progressed to consider impact of proposals	Neutral		Neutral
Health and Care We will lead the way in providing effective, integrated health and care in a rural environment	N/A	Unknown		Unknown
Learning and skills We will strengthen learning and skills	<p>There may be an impact on a small number of pupils in some schools due to the changes in the bus network and some may end up having a longer journey or changing buses. However, in line with the amended school transport policy they would be provided with transport to their nearest school</p> <p>If parental choice is for a pupil to attend an English-medium school that wasn't their nearest school, then the parent/carer would need to make their own arrangements for transport.</p>	Neutral	Will still be required to carry 5500 learners to school safely every day	Neutral
Residents and Communities We will support our residents and communities	Home to school transport will be provided for learners who ordinarily reside in Powys to attend their nearest suitable school or catchment school, therefore supporting residents to access schools within their communities. This enables community cohesion and a social infrastructure to develop within these communities	Neutral	Home to school transport is a statutory service.	Neutral

Page 500

Source of Outline Evidence to support judgements

We spend around £55k per school day with local suppliers. To make a £500k reduction will require the daily spend to reduce by £2,700 per day which is around a 5% reduction. Care will be taken to spread the cost reduction equally across the supplier base.

6. How does your proposal impact on the Welsh Government’s well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	Project will have to be progressed to consider impact of proposals It is not anticipated that implementation of the revised policy would have a significant impact on the level of home to school transport provided, therefore there would be no impact on this well-being goal.	Neutral		Choose an item.
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	N/A	Choose an item.		Choose an item.

9. What are the risks to service delivery or the council following implementation of this proposal?

Page 507

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
If 'hit' too hard some bus operators may go out of business		Where possible, spread the reduction in provision across the supplier base	

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
The outline assessment suggests that the negative impact of reducing capacity in the current provision is low, and that, overall, the impact is positive as we will still transport the same number of learners to school.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
N/A

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
If the reduction in capacity is achieved, the impact will be monitored annually, and if the provision needs changing due to changes in other policies or the law, then the policy and provision will need to be revised to take account of these changes.
Please state when this Impact Assessment will be reviewed.
Quarterly

FORM ENDS

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	HTR	Head of Service	Matt Perry	Portfolio Holder	Clr Heulwen Hulme
Proposal	Four Weekly Residual Collections				
Outline Summary / Description of Proposal					
To move to a four weekly refuse collection service whilst sustaining a weekly recycling service. By reducing the quantity of waste for disposal and increasing the amount recycled from the kerbside, the change will make a modest contribution to savings, but should make a significant contribution to the council meeting strict WG recycling targets and thus avoiding fines.					

Page 509
 1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
1.0	Ashley Collins	Senior Manager – Compliance and Waste Strategy	18 th June 2018
1.1	Ashley Collins	Senior Manager – Waste and Recycling Strategy and Operations	23 rd September 2019
1.2	Ashley Collins	Senior Manager – Waste and Recycling	31 st December 2020

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
£	£	£	£105	£105	£210

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
Public consultation required	Following cabinet decision, the consultation will ask for residents’ views on how it should be implemented. This will need to be completed prior to rollout of the new collection service.

5. How does your proposal impact on Vision 2025?

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	By increasing the amount recycled, waste is being used as a resource which will contribute to the circular economy	Good	N/A	Neutral
Health and Care We will lead the way in providing effective, integrated health and care in a rural environment	Some residents with health issues may struggle with the reduction in residual capacity	Poor	Residents who produce additional waste as a result of health issues will be able to apply for additional capacity	Neutral
Learning and skills We will strengthen learning and skills	There will be no impact	Neutral	N/A	Neutral
Residents and Communities We will support our residents and communities	Some residents may see this as a reduction in service which will encourage flytipping and other antisocial behaviour	Poor	Effective communication and awareness raising	Neutral

Page 511

Source of Outline Evidence to support judgements
Experience gained from the three weekly collection and other authorities trialling four weekly collections.

6. How does your proposal impact on the Welsh Government's well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	As there is still a considerable amount of recyclable material being disposed of via the residual waste stream, increasing the recycle collected will mean that resources are used more efficiently. The collection of more recycle will also stimulate the market for reprocessing and thus create wealth and jobs	Good	Good communications to boost awareness and understanding of service and requirement for good quality recycle.	Very Good
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	As above moving to a four weekly service will encourage residents who may only recycle sporadically to do so more regularly and increase our recycling rates to conserve natural resources, reduce landfill and meet the WG targets.	Good	As above, good communications to boost awareness and understanding of service and requirement for good quality recycle.	Very Good

Page 512

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p> <p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>There is likely to be a concern about the health impacts of moving to a four weekly service, particularly as regards the potential attraction of vermin. There are also concerns regarding keeping non-infectious clinical waste (nappies, incontinence pads, colostomy bags) for an extended period.</p>	<p>Poor</p>	<p>If residents use the service correctly, maximising recycling and securely bagging any potentially problematic waste, this issue will be minimised. Where residents genuinely require additional capacity, such as a medical issue or larger families with children in nappies, this is already taken into account. Awareness Advisors are available to assist residents with any problems that they may have. There is also an assisted collection scheme for residents who struggle with the existing arrangements.</p>	<p>Neutral</p>
<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>Maximising recycling from the kerbside collection will benefit all members of the community through the positive impact on climate change and the reduction on the cost of the service allowing Council funds to be spent more effectively.</p>	<p>Good</p>	<p>All residents within the communities will need to be targeted effectively through communication, awareness and enforcement.</p>	<p>Very Good</p>
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival and development; and the right to be heard.</p>	<p>One of the key drivers of this change is the positive impact on climate change through the increase in recycling and reduction in landfill. It will also impact positively on social and economic well-being as funds can be diverted to be spent more effectively on services for the public.</p>	<p>Good</p>	<p>All residents within the communities will need to be targeted effectively through communication, awareness and enforcement.</p>	<p>Very Good</p>
<p>A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation. <i>Incorporating requirements under the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards</i></p>				

Page 513

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
<i>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</i>	All residents within the communities will need to be targeted effectively through communication, awareness and enforcement. All promotional material is produced in both languages.	Good	Welsh speakers are available if required for awareness events.	Good
<i>Opportunities to promote the Welsh language</i>	All promotional material is produced in both languages.	Good	Welsh speakers are available if required for awareness events.	Good
<i>People are encouraged to do sport, art and recreation.</i>	Not applicable for this policy/service change.	Neutral	N/A	Neutral
A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances). <i>Incorporating requirements under the Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011 and the Social Economic duty (2020).</i>				
<i>Age</i>	Powys households consist of a mix of ages and we are aware that certain household types may need additional help and support if the four weekly service comes into effect. Families with children in nappies and older people who generate non-infectious clinical waste will be most affected by this change.	Poor	Where residents genuinely require additional capacity, such as a medical issue or larger families with children in nappies, this can be considered. Awareness Advisors are available to assist residents with any problems that they may have. There is also an assisted collection scheme for residents who struggle with the existing arrangements.	Neutral
<i>Disability</i>	Disabled residents or those with a medical condition which requires them to dispose of large quantities of incontinence waste may need additional support.	Poor	Residents with disabilities who have no other family support may be eligible for an assisted collection and those with large quantities of incontinence waste due to a medical condition would be offered an additional bin or bags to help them manage.	Neutral
<i>Gender reassignment</i>	No impact - every household in Powys receives a kerbside collection of recycling and residual waste.	Neutral	N/A	Neutral
<i>Marriage or civil partnership</i>	No impact - every household in Powys receives a kerbside collection of recycling and residual waste.	Neutral	N/A	Neutral
<i>Race</i>	No impact - every household in Powys receives a kerbside collection of recycling and residual waste.	Neutral	Potential to communicate with key groups if there appears to be limited recycling by a household, including providing promotional material in alternative languages.	Good
<i>Religion or belief</i>	No impact - every household in Powys receives a kerbside collection of recycling and residual waste.	Neutral	N/A	Neutral

Page 514

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
<i>Long Term: Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	There is an immediate pressure to make savings, however in the longer term there is a need to increase recycling to achieve WG targets and minimise risk of fines. Reducing the frequency of residual waste collections will contribute to this aim.	Good	If residents use the service correctly, maximising recycling and securely bagging any potentially problematic waste, reducing the frequency of residual collections will not pose any serious problems. Where residents genuinely require additional capacity, such as a medical issue or larger families with children in nappies, this can be considered. Awareness Advisors are available to assist residents with any problems that they may have. There is also an assisted collection scheme for residents who struggle with the existing arrangements.	Good
<i>Collaboration: Working with others in a collaborative way to find shared sustainable solutions.</i>	The move to four weekly collections is one of several methods of achieving the WG statutory targets. We will be working with our third party suppliers to maximise the effectiveness of Household Waste Recycling Centres and income from recycle.	Good	Maintaining proactive dialogue with third party providers on any changes to service to ensure consistent delivery.	Good

Page 516

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

All communities will be affected	Reducing collection frequency may be seen as an excuse for flytipping which causes a blight on the community	Minor	Awareness and Enforcement within communities to minimise the negative impact	Choose an item.	Insignificant
----------------------------------	--	-------	--	-----------------	---------------

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Residents not having enough capacity for residual waste	Medium	Effective communication and awareness raising – provision of additional capacity as applicable	Low
Perceived issue of storing non-infectious clinical waste – AHPs and colostomy bags	Medium	Effective communication and awareness raising – provision of additional capacity as applicable	Low
High requirement for additional recycling containers and residual capacity	Medium	Ensure enough stock is available	Low

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
With effective communication, awareness and enforcement, the impact on communities will be minimal and there will be no adverse affects on any particular residents. In the longer term, the impact is positive in terms of contributing to the circular economy to benefit future generations.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
The effect on materials collected will be monitored through the data that is routinely collected and reported on. Any adverse impacts such as increases in antisocial behaviours such as flytipping will also be recorded and monitored.
Please state when this Impact Assessment will be reviewed.
Six months after implementation.

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	HTR	Head of Service	Matt Perry	Portfolio Holder	Clr Heulwen Hulme
Proposal	Reduction in Highways Maintenance				
Outline Summary / Description of Proposal					
To reduce highways maintenance to the lowermost level, bringing a reduction in staffing and rationalising the number of highway depots to 7no.; to reduce budgets whilst minimising risk, budgets will need to be re-prioritised.					
<i>*NB - Savings from depot closure (& temporary costs of relocation) have not been included in the savings calculations</i>					
The proposed reduction in highway maintenance will be in areas considered a lower risk such as rural and urban sweeping, traffic signs and storm & flood. The verge maintenance budget has been frozen, to account for forecast pressures such as Ash Die Back (which will require significant funding over medium term). Budgets have been re-prioritised to focus funding on the most fundamental service. There will be even more reliance on capital funding to deliver a reasonable level of essential works to fulfil statutory duty.					
Total operational staff working on County Highway maintenance will reduce to 47 staff .

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	HTR	Head of Service	Matt Perry	Portfolio Holder	Clr Heulwen Hulme
Proposal	Transfer of Public Conveniences				
Outline Summary / Description of Proposal					
To transfer the operation of the two remaining public conveniences (Brecon & Ystradgynlais Bus stations) to Town or Community Councils or local interest groups or where no transfer can be completed to close the facilities. The aim is to ensure a sustainable future for the provision of public conveniences across Powys which takes into account the efficiencies identified for the service in the Medium Term Financial Plan. Transfer of the two public conveniences will save £43k.					
Previous transfers of public conveniences were accompanied with a transition payment over several years to ease the initial financial burden for the new operator while they seek alternative support and to make the transfer a more attractive proposal. There is a budget amount identified to enable for this transition period and meet the £43k saving. An additional saving (£24K) can be realised by not providing for transition payments; however this does increase the risk of assets not being transferred and increases the likelihood of closure.					
Failure to transfer the assets will result in closure and they will be declared surplus to requirements for disposal. Failure to dispose of the asset will require budget to make safe / demolish asset.

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Countryside Access & Recreation	Head of Service	Matt Perry	Director	Nigel Brinn	Portfolio Holder	Cllr Heulwen Hulme
---------------------	---------------------------------	------------------------	------------	-----------------	-------------	-------------------------	--------------------

Proposal	Countryside access savings, 2021-24
-----------------	-------------------------------------

Outline Summary / Description of Proposal

Countryside access has a required savings target of 30% over the period from 2020-2024. The service delivers the following activities, which are statutory with some associated discretionary powers:

- Maintenance and enforcement on public rights of way;
- Maintenance, enforcement, national co-ordination and promotion of two National Trails (Offa's Dyke and Glyndwr's Way National Trails)
- Access provision and enforcement on open access land;
- Maintaining and updating the legal records of public rights of way (Definitive Map), common land and town or village greens (Commons Register) and processing of legal applications associated with these records;
- Provision of advice to the public, including property searches;
- Biodiversity duties.

The majority of the saving of £210,000 was made from core Countryside access budgets in 2020-21, through a restructure of the team; four posts were lost. The remaining £20,000 will need to be achieved in 2021-22. It is not anticipated that any further posts will be lost; the saving will be achieved from core budgets for materials and contractors and reductions in travel costs.

Page 552

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
V01	Sian Barnes	Professional Lead, Countryside Access and Recreation	17 th December 2020

2. Profile of savings delivery (if applicable)

2020-21	2021-22	2022-23	2023-24	2024-2025	TOTAL
£190,000	£20,000	£0	£0	£0	£210,000

3. Consultation requirements

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Consultation Requirement	Consultation deadline/or justification for no consultation
Public and Staff consultation required	January to March 2021 — i.e. development of Rights of Way Improvement Plan work plan for 2021-22

4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?)

PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY

Corporate Health and Safety and Insurance teams – Increased risk of the team being unable to meet health and safety responsibilities in a timely way e.g. collapsing footbridges, leading to increased risk of injury and associated claims;

Legal Services – Increased public dissatisfaction due to reduced capacity to resolve issues on public rights of way, leading to a greater number of informal and formal legal challenges and complaints. At the current time, less than 40% of the public rights of way network is assessed as being ‘open and easy to use’ and this is expected to fall with reduced resources.

Social Services and Powys Teaching Health Board - The service will be less able to assist in meeting the priorities of other Council services and Powys Teaching Health Board services. Access to public rights of way and open space, and involvement in volunteer activities to maintain them make an important contribution to preventive healthcare, by improving mental and physical wellbeing and physical activity levels. If a greater proportion of public paths are not open and easy to use, the potential to contribute to this will be significantly reduced.

Regeneration / Tourism - The tourism potential associated with public rights of way in Powys will be reduced, if less budget is available to ensure that paths are open and easy to use.

Finance - The team’s capacity to generate income on a cost-recovery basis e.g. through processing public path Orders will be reduced, with less staff capacity.

Data protection – Increased risk of errors and information breaches occurring, due to individual staff being required to address higher volumes of casework and being under pressure to complete tasks too quickly.

Page 553

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

5. How does your proposal impact on the council's strategic vision?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	The tourism potential associated with public rights of way in Powys will be reduced, if capital and grant funding is not available to support work to ensure that paths are open and easy to use. Tourism associated with outdoor recreational activities forms a significant contribution to the economy of Powys and particularly so following COVID 19. Without grant or capital funding, the service will be unable to employ local contractors to carry out work on public rights of way.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
Health and Care We will lead the way in effective, integrated rural health and care	Without grant or capital funding, less public paths will be 'open and easy to use' which will impact on access to greenspace and outdoor recreation. This will have a particularly significant effect during COVID 19 restrictions when there are limited options for exercise for mental and physical wellbeing.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
Learning and skills We will strengthen learning and skills	Outdoor recreation and access to open space contributes to lifelong learning through play for children and adults. Volunteering can assist in skills development to support those seeking work. There will be reduced budget and staff capacity to support these activities and maintain paths in an open and easy to use condition, which will have an adverse effect these opportunities.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
Residents and Communities We will support our residents and communities	Reliance on volunteer support and engagement will increase, as budget to support use of contractors decreases. This will increase community involvement, but core funding is likely to be insufficient to allow for community aspirations to be met.	Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding.	Neutral

Page 554

Source of Outline Evidence to support judgements

- Increased public reports of problems in 2020 during COVID 19, when no volunteer seasonal vegetation clearance could be carried out on public rights of way
- Significant increase in demand for countryside access in 2020 during COVID 19 outbreak for residents and visitors
- 5% condition survey carried out as part of review of Rights of Way Improvement Plan
- Feedback from public and stakeholders during review of Rights of Way Improvement Plan
- Powys Wellbeing Information Bank
- Towards 2040 – The Powys Wellbeing Plan
- Experience gained from Arwain and Natural Resources Wales funded projects to develop community volunteer groups and improve local path networks

6. How does your proposal impact on the Welsh Government’s well-being goals?

Page 555

Well-being Goal	How does proposal contribute to this goal?	<u>IMPACT</u> Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	The proposal will have a negative impact on this goal. Tourism forms a major contribution to the economy of Powys and the natural environment is one of the county’s biggest assets. Reduced budgets to maintain public paths in a condition that is open and easy to use will impact adversely on achieving the potential of the rights of way network and access land for tourism. Without capital and grant funding, the service will be unable to employ local contractors to carry out work on public rights of way.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	The proposal will have a negative impact on this goal. One of the team’s statutory duties is in respect of biodiversity; without grant funding, the team will have very little staff capacity to contribute to meeting biodiversity duties.	Poor	A part time staff member will be employed on a fixed term contract for from January 2021 to March 2022, using Welsh Government ENRaW grant funding through the all Wales Biodiversity project. The impact after that is unknown.	Neutral

Impact Assessment (IA)

The integrated approach to support effective decision making

Page 556

<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p> <p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>There will be an adverse impact on this goal. Outdoor recreation makes a significant contribution to mental and physical wellbeing and physical activity levels. The need for this is high given the impacts of COVID 19. Reduced core funding will adversely impact on the number of public paths that are open and easy to use, which will adversely impact on the opportunities for outdoor recreation and access to greenspace.</p>	<p>Very Poor</p>	<p>Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.</p>	<p>Poor</p>
<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>Without capital funds, the service will be less able to respond to health and safety hazards on public paths e.g. collapsing bridges or unsafe surfaces. Path condition is likely to deteriorate with reduced budgets, which will have an adverse impact on the attractiveness of paths for communities and the potential for tourism, reducing community viability</p>	<p>Very Poor</p>	<p>Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.</p>	<p>Poor</p>
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival and development; and the right to be heard.</p>	<p>There will be an adverse impact on this goal. Public rights of way and open space form an important part of low carbon travel and tourism; many paths in or close to settlements already are, or could form valuable parts of the Active Travel network. Without capital or grant funding, that potential will be adversely impacted.</p>	<p>Poor</p>	<p>Work with the Council's Travel officer and other organisations including the Brecon Beacons National Park Authority to seek Active Travel and related travel / transport funding to carry out improvement work on routes with potential for active travel.</p>	<p>Neutral</p>

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Page 557

A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.				
<i>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</i>	The impact on this goal will be neutral. The team is already required to ensure that an equal level of service is available in Welsh and English. Formal publications, consultations and statutory notices are produced bilingually and correspondence is referred to the Translation Unit as required.	Neutral		Choose an item.
<i>Opportunities to promote the Welsh language</i>	There will be an adverse impact on this goal. With reduced core funding, the team will be less able to produce interpretation signage and leaflets that would help to promote aspects of Welsh Language and culture in relation to promoted and community trails.	Poor	Work with Tourism and Regeneration teams to access grant funding for promotional / interpretation materials.	Neutral
<i>Welsh Language impact on staff</i>		Unknown		Choose an item.
<i>People are encouraged to do sport, art and recreation.</i>	There will be an adverse impact on this goal. Without capital or grant funding, the condition of public paths will deteriorate. That will reduce the ease with which people can be involved in outdoor recreation and will discourage them from doing so.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).				
<i>Age</i>	There will be an adverse impact on this goal, as reduced core funding will impact on the type and quality of path furniture and surfacing on paths. This will make it less easy for older people to remain active.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
<i>Disability</i>	Reduced core funding will impact on the type and quality of path furniture and surfacing on paths. This will make it less easy for those with a disability to use public rights of way.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
<i>Gender reassignment</i>		Unknown		Choose an item.
<i>Marriage or civil partnership</i>		Unknown		Choose an item.

<i>Race</i>		Unknown		Choose an item.
<i>Religion or belief</i>		Unknown		Choose an item.
<i>Sex</i>		Unknown		Choose an item.
<i>Sexual Orientation</i>		Unknown		Choose an item.
<i>Pregnancy and Maternity</i>	The proposals would have an adverse impact on the service's ability to provide accessible path surfaces and structures e.g. gates that can reasonably be used by those with small children and / or pushchairs. This would make it more difficult for parents and guardians of young children to take their family for a walk.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor

Page 558

Source of Outline Evidence to support judgements

- Increased public reports of problems in 2020 during COVID 19, when no volunteer seasonal vegetation clearance could be carried out on public rights of way
- Significant increase in demand for countryside access in 2020 during COVID 19 outbreak for residents and visitors
- 5% condition survey carried out as part of review of Rights of Way Improvement Plan
- Feedback from public and stakeholders during review of Rights of Way Improvement Plan
- Powys Wellbeing Information Bank
- Towards 2040 – The Powys Wellbeing Plan
- Experience gained from Arwain and Natural Resources Wales funded projects to develop community volunteer groups and improve local path networks

Impact Assessment (IA)

The integrated approach to support effective decision making

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	The proposals would have an adverse impact on this goal. Failure to maintain a viable and safe public rights of way network will impact on the economic viability and attractiveness of Powys as a place to live. This will have an adverse impact on the number of working age people in the county.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Choose an item.
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	The proposals would have an adverse impact on the service's staff capacity to engage in collaboration. However, the need and requirement for collaboration would be greater, so the overall impact is neutral.	Neutral		Choose an item.
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them.</i>	The proposals would have an adverse impact on the service's staff capacity to engage with communities. However, the need for engagement and volunteer involvement would be greater, so the overall impact is neutral.	Neutral		Choose an item.
Prevention: <i>Understanding the root causes of issues to prevent them from occurring.</i>	The proposals would have an adverse impact on prevention of mental and physical health problems, as public paths would be less easy to use. There would also be an adverse impact on prevention of poverty; deterioration of the public rights of way network would impact on tourism and job opportunities in the county so increasing the risk of poverty.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor
Integration: <i>Taking an integrated approach so that public bodies look at all the well-being goals in deciding on their well-being objectives.</i>	The proposals would adversely impact on taking an integrated approach. Reduced quality and availability of public rights of way would impact adversely on access to the countryside as an opportunity for wellbeing.	Very Poor	Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.	Poor

Page 559

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Page 560

<p>Preventing Poverty: Prevention, including helping people into work and mitigating the impact of poverty.</p>	<p>The proposals would have an adverse impact on the tourism potential of the public rights of way for tourism in the county. Tourism is a major part of the local economy; with reduced tourism, there will be less work opportunities available in the county.</p>	<p>Very Poor</p>	<p>Seek grants and other external funding to carry out improvement projects on public rights of way and access land, but dependent on availability of grants and staff capacity to seek and manage the funding. Work with volunteers and communities to carry out practical maintenance work on public paths.</p>	<p>Poor</p>
<p>Unpaid Carers: Ensuring that unpaid carers views are sought and taken into account</p>		<p>Unknown</p>		<p>Choose an item.</p>
<p>Safeguarding: Preventing and responding to abuse and neglect of children, young people and adults with health and social care needs who can't protect themselves.</p>		<p>Unknown</p>		<p>Choose an item.</p>
<p>Impact on Powys County Council Workforce</p>	<p>There will be an adverse impact on the service workforce, as the proposals will result in a reduced number of staff. Individual workloads will be higher and staff are more likely to encounter dissatisfaction from the public, with impacts on their wellbeing.</p>	<p>Very Poor</p>	<p>Set realistic priorities for work, using the framework set out in the Rights of Way Improvement Plan. Managers in the Service will need to be robust in ensuring that staff are able to adhere to plans and not be required to attend to other, lower priority work.</p>	<p>Poor</p>

Source of Outline Evidence to support judgements

- Increased public reports of problems in 2020 during COVID 19, when no volunteer seasonal vegetation clearance could be carried out on public rights of way

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

8. What is the impact of this proposal on our communities?

Severity of Impact on Communities	Scale of impact	Overall Impact
Medium	High	Medium
Mitigation		
Working with communities and volunteer groups to agree community aspirations and priorities for the public rights of way network, then seeking grants or external funding to work with them to achieve those priorities. Involvement of community volunteer groups to carry out light maintenance of paths once reopened e.g. seasonal vegetation clearance to ensure long term sustainability.		

9. How likely are you to successfully implement the proposed change?

Impact on Service / Council	Risk to delivery of the proposal	Inherent Risk	
Medium	High	Medium	
Mitigation			
Good communication with stakeholders and staff is essential to achieving the savings. Staff need to be fully informed and able to contribute constructively to the process. Stakeholders need to be able to make constructive suggestions as to how they can be involved e.g. in collaborative grant funded projects to avoid frustration leading to legal challenges.			
Risk Identified	Inherent Risk Rating	Mitigation	Residual Risk Rating
Deterioration in condition of public rights of way network will result in legal challenges from members of the public, with cost outweighing savings achieved	Very High	Seek grants and external funding to mitigate against impact, although can only be used for non-statutory improvements. Good communication and regular liaison with stakeholders.	High
Lack of availability of community volunteers to support work, leading to paths not being maintained in long term. This may lead to dissatisfaction and legal challenges	High	Setting realistic goals with volunteer groups that allow for fluctuations in volunteering over time. Review and monitor as time progresses to assess whether risk has increased.	Medium
Inability to address high health and safety risks due to reduced staff and budget, leading to serious accidents and injury claims that may outweigh savings achieved.	High	Allocate highest priority for staff time to addressing these risks. Apply for capital funds if appropriate or remove hazard.	Medium
Reduced staff capacity to seek external grant funding, to mitigate against the impacts of reduced core budget.	High	Work with Council's regeneration team and allocate staff time as a priority to seeking funding, although will impact on other work.	Medium
The team's capacity to generate income on a cost-recovery basis will be reduced, with less staff capacity. This will reduce ability to mitigate against core budget reductions.	High	Seek alternative ways of working to reduce staff input to chargeable activities, to release their time for core statutory work.	Medium

Page 561

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

<p>The Brecon Beacons National Park Authority may choose to terminate the service level agreement if reductions are made. All legal responsibility for maintenance of public rights of way in the National Park within Powys would revert to Powys County Council. The team would be unable to meet high level of expectation that has become established in the National Park, being a tourism asset to the county, so the risk of challenge and reputational damage is high and may outweigh the savings delivered.</p>	<p>High</p>	<p>Work with the National Park Authority on collaborative projects to seek alternative funding sources.</p>	<p>Medium</p>
<p>Overall judgement (to be included in project risk register)</p>			
<p>Very High Risk</p>	<p>High Risk</p>	<p>Medium Risk</p>	<p>Low Risk</p>
		<p>X</p>	

Page 562

10. Overall Summary and Judgement of this Impact Assessment?

<p>Outline Assessment (to be inserted in cabinet report)</p>	<p>Cabinet Report Reference:</p>
<p>The proposals will have a high adverse impact, both for staff and for the public. Unless grant or capital funds can be secured, the proposals will result in significant deterioration of the public rights of way network, presenting an increased risk of injury claims and legal challenges. The proposals will significantly reduce the potential for physical activity and outdoor tourism in the county, with impacts on the economy and on physical and mental wellbeing. Mitigation is entirely dependent on the availability and goodwill of community volunteers and availability of grants or external funding, so it must be recognised that mitigation may not be successful and that other risks will be realised as a result.</p>	

11. Is there additional evidence to support the Impact Assessment (IA)?

<p>What additional evidence and data has informed the development of your proposal?</p>
<p>Recent successful legal challenges against the Council in relation to lack of maintenance on byways; the legal action itself was very expensive and has resulted in maintenance costs from capital budgets that outweigh the savings proposed. Positive impact of 2020-21 Welsh Government grant funding, but it has been difficult to maximise the opportunities that this presents due to increased staff workloads following restructure.</p>

12. On-going monitoring arrangements?

<p>What arrangements will be put in place to monitor the impact over time?</p>
<p>Quarterly reporting against the Service Improvement Plan will indicate the length of the public rights of way network that has received maintenance or improvement work. Risks will be highlighted as they arise, through weekly team meetings and also via quarterly reporting against the Corporate Improvement Plan.</p>
<p>Please state when this Impact Assessment will be reviewed.</p>
<p>Ongoing</p>

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Countryside Access and Recreation	Head of Service	Matt Perry	Director	Nigel Brinn	Portfolio Holder	Cllr Rachel Powell
Proposal	Outdoor Recreation savings, 2021-2024						
Outline Summary / Description of Proposal							
Outdoor Recreation has a required savings target of £76,000 over the period from 2021-24. The service delivers the following activities, which are statutory due to the health and safety implications:							
<ul style="list-style-type: none"> - Provision, inspection and maintenance of play equipment, on Council owned land and inspection of equipment on land owned by others; - Tree management on Council owned land; - Management and maintenance of Outdoor Recreation buildings and land including sports pitches and pavilions and associated grass cutting. 							
The proposal is that a saving of £76,000 be made over the next 2 years, as follows; £40,000 in 2021-22 and £36,000 in 2022-23. In 2021-22 these savings can be achieved through reductions in third party spend; in 2022-23, the remaining savings will need to be achieved through reductions in staffing and third party spend. These savings take into account a budget pressure that has been put forward in relation to ash dieback.							

Page 564

1. Version Control (services should consider the impact assessment early in the development process and continually evaluate)

2. Profile of savings delivery (if applicable)

2020-21	2021-22	2022-23	2023-24	2024-2025	TOTAL
£N/A	£40,000	£36,000	£0	£0	£76,000

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
Public and Staff consultation required	To be confirmed – autumn 2021

4. Impact on Other Service Areas

Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety, Corporate Parenting and Data Protection?) PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY	
Page 565	<p>Corporate Health and Safety and Insurance teams – Increased risk of the team being unable to meet health and safety responsibilities in a timely way in relation to hazardous trees, buildings and play equipment, leading to increased risk of injury and associated claims;</p> <p>Legal Services – Increased public dissatisfaction due to reduced quality and availability of play provision, reduced grass cutting, removal of trees or loss of access to areas of open space due to hazards and reduction in attractiveness of area, leading to a greater number of informal and formal legal challenges and complaints.</p> <p>Social Services and Powys Teaching Health Board - The service will be less able to assist in meeting the priorities of other Council services and Powys Teaching Health Board services. Access to parks and open spaces, and involvement in volunteer activities to maintain them make an important contribution to preventive healthcare, by improving mental and physical wellbeing and physical activity levels. If there is a reduced availability and quality of greenspace in the county, the potential to contribute to this will be significantly reduced.</p> <p>Regeneration / Tourism - The tourism potential associated with high quality parks and open spaces in Powys will be reduced, if less budget is available to maintain them.</p> <p>Education and Sports Development – Play forms an important part of lifelong learning and encouraging physical activity, for children and adults. Sports pitches provide important opportunities for physical activity. Reduced access or levels of maintenance on sports pitches, play areas and greenspace will have an adverse impact on learning opportunities and physical activity levels.</p> <p>Finance - The team’s capacity to generate income on a cost-recovery basis e.g. through drone surveys will be reduced, with less staff capacity.</p>

5. How does your proposal impact on the council's strategic vision?

Council Priority	How does the proposal impact on this priority?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	The proposals will have an adverse effect on the local economy, as the service employs local contractors to carry out work on trees and play equipment. Reductions in core funding will result in the service being able to employ local contractors less often.	Very Poor	Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability.	Poor
Health and Care We will lead the way in effective, integrated rural health and care	Access to parks, open spaces, play areas and sports facilities is important in increasing physical activity levels and in promoting physical and mental wellbeing. This has been particularly notable during COVID 19. The proposals would adversely impact on these opportunities for preventive healthcare.	Very Poor	Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor
Learning and skills We will strengthen learning and skills	Play forms an important part of lifelong learning, for children and adults. The proposals would adversely impact on these opportunities and therefore on learning.	Very Poor	Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor
Residents and Communities We will support our residents and communities	Parks, open spaces and play areas are a focus of community activity for play, social and sporting events. The proposals would adversely impact on this.	Very Poor	Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor

6. How does your proposal impact on the Welsh Government's well-being goals?

Well-being Goal	How does proposal contribute to this goal?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	The proposals would have an adverse impact on the local economy, as the service would be able to employ local contractors to carry out work on trees and play equipment to a much lesser extent with reduced budgets.	Very Poor	Seek section 106 or grant funding where available for greenspace biodiversity enhancements. Transfer remaining assets to communities where possible to ensure ongoing sustainability.	Poor
A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	The proposals would have an adverse impact on the biodiversity, as reduced core budgets may mean that hazardous trees need to be removed altogether and not replaced. There will be insufficient core budget to implement environmental enhancements in parks and open spaces. This is particularly the case with ash dieback.	Very Poor	Seek section 106 or grant funding where available for greenspace biodiversity enhancements. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor

Page 567

Impact Assessment (IA)

The integrated approach to support effective decision making

Page 568

<p>A healthier Wales: A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p> <p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>The proposals would have an adverse impact on opportunities for physical and mental wellbeing. Deterioration of play equipment (leading to removal) and in the quality of greenspace and sports pitches will discourage use of these areas for play and sport, reducing opportunities for physical activity.</p>	<p>Very Poor</p>	<p>Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.</p>	<p>Poor</p>
<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>Greenspace, parks, sports pitches and open space make an important contribution to the attractiveness and viability of communities. Those with children are less likely to move to or remain in an area with poor quality play and sports provision, which will adversely impact on the viability of communities. Play areas and sports pitches are often the focus of community activities and events, so reductions in availability and quality of these areas would adversely impact on community cohesion.</p>	<p>Very Poor</p>	<p>Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.</p>	<p>Poor</p>
<p>A globally responsible Wales: A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.</p> <p>Human Rights - is about being proactive (see guidance)</p> <p>UN Convention on the Rights of the Child: The Convention gives rights to everyone under the age of 18, which include the right to be treated fairly and to be protected from discrimination; that organisations act for the best interest of the child; the right to life, survival and development; and the right to be heard.</p>	<p>The proposals would have an adverse impact on this priority. The reductions in core budget would adversely impact on opportunities for sports and play, impacting on quality of life for children. If parks and open spaces are not maintained to a sufficient degree, people will be discouraged from using them, which will have an adverse impact locally and therefore globally on wellbeing.</p>	<p>Very Poor</p>	<p>Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.</p>	<p>Poor</p>
<p>A Wales of vibrant culture and thriving Welsh language: A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.</p>				
<p><i>Opportunities for persons to use the Welsh language, and treating the Welsh language no less favourable than the English language</i></p>		<p>Neutral</p>		<p>Choose an item.</p>

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

<i>Opportunities to promote the Welsh language</i>	Sharing and learning of Welsh language is likely to occur when children who are first language Welsh speakers play alongside children who are not Welsh speakers. By reducing these opportunities, the proposals will have an adverse impact on opportunities to promote the Welsh language.	Very Poor	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Choose an item.
<i>Welsh Language impact on staff</i>		Neutral		Choose an item.
<i>People are encouraged to do sport, art and recreation.</i>	The proposals will adversely impact on this priority. If play areas, parks and open spaces are not maintained adequately and become difficult to use or completely unavailable, this will discourage people from taking part in outdoor recreation including sport.	Very Poor	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor
A more equal Wales: A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).				
<i>Age</i>	Opportunities for young people to play and take part in sport will be adversely impacted by these proposals.	Very Poor	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor
<i>Disability</i>	Reduced core budget will adversely impact on the service's ability to maintain high quality play areas and sports pitches with equipment and surfacing that is accessible to all.	Very Poor	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Choose an item.
<i>Gender reassignment</i>		Unknown		Choose an item.

Impact Assessment (IA)

The integrated approach to support effective decision making

7. How does your proposal impact on the council's other key guiding principles?

Principle	How does the proposal impact on this principle?	IMPACT Please select from drop down box below	What will be done to better contribute to positive or mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
Sustainable Development Principle (5 ways of working)				
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	The proposals would have an adverse impact on the wellbeing of the community in the longer term, as they would reduce the availability of high quality greenspace, play and sports provision in, or close to settlements. People may need to travel further to access these opportunities.	Very Poor	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	The service is already working closely with community councils to seek sustainable solutions and will continue to do so.	Neutral		Choose an item.
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them.</i>	The service is already working closely with community councils and community volunteers to seek long term solutions and to achieve sustainable maintenance of greenspaces and will continue to do so.	Neutral		Choose an item.
Prevention: <i>Understanding the root causes of issues to prevent them from occurring.</i>	The proposals would have an adverse impact on the opportunities for prevention of poor physical and mental health. Opportunities for physical activity and access to greenspace near settlements would be reduced.	Very Poor	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing. Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.	Poor

Page 571

8. What is the impact of this proposal on our communities?

Severity of Impact on Communities	Scale of impact	Overall Impact
High	Medium	Medium

Mitigation

Work with Council's Housing service to maintain high quality play areas in areas owned by Housing.
 Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.

Page 573

How likely are you to successfully implement the proposed change?

Impact on Service / Council	Risk to delivery of the proposal	Inherent Risk
High	High	High

Mitigation

Work with Council's Housing service to maintain high quality play areas in areas owned by Housing.
 Seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability and work with volunteers where appropriate for maintenance of greenspace.

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Page 574

Risk Identified	Inherent Risk Rating	Mitigation	Residual Risk Rating
There will be insufficient budget available to effectively manage trees on Council owned land; this may result in trees becoming hazardous to members of the public. The Council may then be liable for serious injuries, if pro-active surveys and work are not carried out. The cost of injury claims may outweigh the savings delivered.	Very High	Seek section 106 or grant funding where available for managing greenspace. Transfer remaining assets to communities where possible to ensure ongoing sustainability. If no other option, remove hazardous trees altogether and do not replace them.	High
A legal challenge is possible, if play provision is not adequate or deemed to be unequal across the county. The cost of a challenge may outweigh the savings delivered.	High	Work with Council's Housing service to maintain high quality play areas in areas owned by Housing.	Medium
Injury claims due to hazards on Council grounds or outdoor recreation buildings are more likely if the budget to carry out pro-active inspections and work is reduced.	Very High	Seek section 106, grant or capital funding where available for managing sports pitches and maintenance of buildings. Transfer remaining assets to communities where possible to ensure ongoing sustainability. If no other option, close facility.	High
Staffing reductions will result in significantly reduced capacity to generate income through inspections of trees and play areas for other organisations e.g. community councils and through Drone surveys. This will reduce the ability to mitigate against reduced core budgets.	High	Work with Property, Regeneration, Planning and Sports Development teams to seek section 106, grant or capital funding where available for managing greenspace, play equipment and maintenance of buildings.	Medium
Overall judgement (to be included in project risk register)			
Very High Risk	High Risk	Medium Risk	Low Risk
	X		

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
<p>The proposals will have an adverse impact on the opportunities for sports, play and outdoor recreation in the county. This will reduce the attractiveness and viability of communities and adversely impact on opportunities for residents to take part in low cost physical activity, to improve physical and mental wellbeing. Reductions in budgets for maintaining trees, buildings and sports pitches are associated with a high health and safety risk; buildings, play areas and trees, in particular, require pro-active survey and management by a specialist, so opportunities to deliver this in another way are extremely limited. The cost of a single injury claim could outweigh the savings delivered; for sites that are not owned by Housing Services, mitigation is entirely dependent on the availability of external funding and willingness of the community to take on these liabilities, so mitigation may not be achieved. For sites owned by Housing Services, mitigation is dependent on the ongoing availability of budget and external grant funding; there is some risk that this mitigation may not continue to be achieved.</p>	

Cyngor Sir Powys County Council
Impact Assessment (IA)

The integrated approach to support effective decision making

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

- Tree surveys to assess the extent of ash dieback indicating that significant numbers of trees in the county are affected
- Knowledge and experience of staff involved in day-to-day running of the service for information about costs required e.g. for tree work and inherent risks.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

Monitoring of play provision will be achieved through future play sufficiency assessments. Risks will be highlighted as they arise, through weekly team meetings and also via quarterly reporting against the Corporate Improvement Plan.

Please state when this Impact Assessment will be reviewed.

Communities	How does the proposal impact on residents and community?	<u>IMPACT</u> See impact definitions in guidance document	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	<u>IMPACT AFTER MITIGATION</u> See impact definitions in guidance document	Source of Outline Evidence to support judgement
Powys communities	Negligible impact.	Insignificant	No mitigation proposed.	Insignificant	Officer assessment.

9. What are the risks to service delivery or the council following implementation of this proposal?

Page 594

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Failure to achieve income target.	4	Appropriate reporting of financial information.	4

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
The savings proposal has negligible impacts with the exception of the risk to the council's finances of any failure to achieve the identified income targets. The overall risk is judged to be low.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
None.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

- Quarterly finance reviews.

Please state when this Impact Assessment will be reviewed.

Between 12 and 24 months of implementation.

FORM ENDS

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	PPPP	Head of Service	Gwilym Davies	Portfolio Holder	Clr Breeze
---------------------	------	------------------------	---------------	-------------------------	------------

Proposal

Outline Summary / Description of Proposal

Reduction in Trading Standards workforce via voluntary redundancy and reduced hours. The reduction will take the form of:

- Voluntary Redundancy: 2 Enforcement Officers.
- Reduced hours from 5 days to 4 days: 2 Trading Standards Officers and 2 Administrators.

Page 596

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
Version 1	Gwilym Davies	Head of Service PPPP	05/01/2021

2. Profile of savings delivery (if applicable)

2018-19	2019-20	2020-21	2021-22	2022-23	TOTAL
£	£	£	£98K	£	£98K

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
No consultation required (please provide justification)	As a result of the Councils financial situation all PPPP staff were offered the opportunity to put themselves forward for voluntary redundancy or reduced hours. No further consultation is therefore considered necessary.

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

4. Impact on Other Service Areas

**Does the proposal have potential to impact on another service area? (Have you considered the implications on Health & Safety and Corporate Parenting?)
PLEASE ENSURE YOU INFORM / ENGAGE ANY AFFECTED SERVICE AREAS AT THE EARLIEST OPPORTUNITY**

Adult Services <input type="checkbox"/>	Education <input type="checkbox"/>	Legal and Democratic Services <input type="checkbox"/>
Children's Services <input type="checkbox"/>	Finance <input type="checkbox"/>	Property, Planning and Public Protection <input type="checkbox"/>
Commissioning <input type="checkbox"/>	Highways, Transportation and Recycling <input type="checkbox"/>	Transformation and Communications <input type="checkbox"/>
Digital Services <input type="checkbox"/>	Housing and Community Development <input type="checkbox"/>	Workforce and OD <input type="checkbox"/>

The proposal will reduce the capacity of the Trading Standards service area. This may result in non-statutory work referred to the Trading Standards team by other service areas being undertaken in an alternative manner, i.e., the service area being referred to other relevant bodies or sources of information.

Data Protection Impact Assessment

Will the proposal involve processing the personal details of individuals? NA
Is Powys County Council the data controller? NA

If you have answered yes to either of the above you will be required to complete, as a minimum, the screening questions on the data protection impact assessment.
For further advice please contact the Data Compliance Team.

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Environmental Protection	Head of Service	Gwilym Davies	Portfolio Holder	CLlr Graham Breeze
---------------------	--------------------------	------------------------	---------------	-------------------------	--------------------

Proposal	Reduce closed landfill budget by £42k
-----------------	---------------------------------------

Outline Summary / Description of Proposal

Environmental Protection is responsible for managing the Council's closed landfills. This involves ensuring that the sites are operating correctly, complying with relevant legislation and do not cause pollution to the environment.

Since taking over responsibility for the sites from Waste Management in 2013, the service area has implemented a range of efficiencies which include reducing maintenance visits by HGSS and undertaking gas and leachate monitoring in house.

The proposal is to stop paying £40K into a specific Closed Landfill reserve so that the service has fund to call upon in an emergency and to instead rely on the general reserve if emergency funding was ever required. The remaining £2K will be secure from the Closed Landfill revenue account, which is now available because of efficiencies previously implemented.

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Environmental Protection	Head of Service	Gwilym Davies	Portfolio Holder	CLlr Graham Breeze
---------------------	--------------------------	------------------------	---------------	-------------------------	--------------------

Proposal	Reduce contaminated land budget
-----------------	---------------------------------

Outline Summary / Description of Proposal

The Environmental Protection service is responsible for contaminated land which involves the regulation of potentially contaminated sites and new developments.

It is proposed to reduce the workforce capacity of this team to secure a saving of £9K. There is currently £9K worth of staff resource vacant within the service area so existing staff will not be impacted by the proposal.

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Transformation and Communications	Head of Service	Emma Palmer	Portfolio Holder	Cllr Graham Breeze
Proposal	To consolidate and strengthen the roles within the Strategic Planning, Policy and Performance Team and deliver a new operating model with Communications and Translation providing a cost reduction to overall bottom line.				
Outline Summary / Description of Proposal					

The Transformation and Communications Team shares the financial challenges faces by Powys County Council and the proposal aims to manage this in a measured way. There are two areas identified for making savings: 1) Strategic Planning, Policy and Performance and 2) Communications and Welsh Translation.

Reasons identified below:

1)

During 2019-20, the council has adopted a new quarterly performance reporting system, which uses sharepoint to record data and power BI to generate automated reports. This has reduced the need for manual production of key performance statistics and analysis. Automation of the council's Integrated Business Planning also started during summer 2020, which will allow services to take greater ownership of inputting and updating their own objectives, measures and targets, which will automatically update the quarterly reporting information

The continued evolution of the team creates opportunities for strengthening and aligning roles to ensure that the team are fully equipped to provide a more holistic support service. It is being proposed, that rather than having separate Strategic Planning and Risk officers, and Performance Improvement Officers, that this role should be combined to provide a more end to end support for services, and to provide a more streamlined process.

Strategic Planning and Performance Management go hand in hand, and therefore it makes sense that the roles are combined and that the team structures itself in such a way, so as to have enough capacity to support the strategic planning and corporate performance reporting of the Council's 5 Outcomes/Well-being Objectives. The proposed restructure will ensure that the council is able to operate effectively and remain compliant with the policy demands of Welsh and UK Governments.

The Potential Benefits

On developing this proposal, the council has attempted to preserve and strengthen the knowledge and capacity within the unit. The following summarises the benefits of the proposed approach. The list is by no means exhaustive:

- Transformation and Communication shares the financial challenge faced by Powys County Council in a measured way
- The cost reductions are proportionate and reflect the changing demands of the business
- The knowledge base across the team is strengthened
- Elements of the service retain the potential for commercialisation.

2)

The aim of the revised structure is to better align the council's communication resources with the council's priorities as identified in Vision 2025 and generate potential savings.

We will ensure the reputation of the council is protected and enhanced by proactively providing positive professional communication, engagement and Welsh Language information in support of the council's Vision 2025 and transformational projects.

It is envisaged that the savings will be found through a combination of continued use of service specific and external grant funding, increased income and staff reduction (vacant posts).

The new structure (in relation to Communications and Engagement roles) aims to achieve clear alignment and support to corporate priorities, a greater focus on outcome-based budgets while generating overall budget savings through key changes:

- Introduction of a new operating model, clearly defining areas of responsibility for the Communications Team and services funded from the council's base budget
- Establish a flexible set of core communications skills that all Communications Team staff will be expected to perform in their roles
- Retain service specific and external grant support with the introduction of agreed service level agreements
- Increase external funding through introduction of service level agreements.

The Possible Dis-Benefits of both proposals

Several dis-benefits can be identified because of this proposed re-structure. Again, the list is not exhaustive:

- There will be fewer people working within the team because of the restructure
- The capacity for strategic planning, policy and performance and Welsh Translation is reduced
- The capacity to work with services on how they use performance data would be limited and may become an issue for the council
- The turn around time for Welsh Translation may be greater than experienced currently.

	Potential delay in translation of Communications	Minor	Resource will be focussed on priority campaigns with an external focus.	Insignificant	

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Staff do not accept the proposed changes	Likelihood = Possible Impact = Moderate Score = 9	Clear and effective consultation and engagement with all staff affected.	Likelihood = Unlikely Impact = Minor Score = 4

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
<ul style="list-style-type: none"> The proposed changes aim to consolidate and strengthen the roles within the SPPP Team and C&WT Team, ensuring the service is fit for purpose to support and drive the council in pursuit of Vision 2025. Overall the assessment indicates that the proposal would have no significant negative impact on the community/public, but would strengthen and enhance the way the team are able to work and develop. On the whole, the proposal will continue to give good support for the council's priorities as detailed in Vision 2025 although the impact on the 7 national well-being goals is by and large neutral The proposal demonstrates reasonable consideration of the 5 working principles of the Well-being of Future generations (Wales) Act 2015 	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
Evidence from the following documents has informed the development of the proposal; Management of change proposal, Transformation and Communications Integrated Business Plan 2020-2024, Digital Strategy (Information Excellence Workstream).

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
The impact of the proposed changes will be continually monitored by the Head of Transformation and Communications together with Senior Leadership Team colleagues and Cabinet.
Please state when this Impact Assessment will be reviewed.

FORM ENDS

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as "Draft" and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Workforce and Organisation Development	Head of Service	Paul Bradshaw	Director	Alison Bulman	Portfolio Holder	Cllr Graham Breeze
Proposal	WD02 - Savings from Leadership Development budget (£10,000), WD03 - Increase the uptake of leadership apprenticeships within the council to recoup the majority of the apprenticeship levy						
Outline Summary / Description of Proposal							
This document considers the impacts of the savings generated by Organisation Design and Development team (Workforce and OD Service) in the financial year 2021/22. Moving forwards we will be able to deliver a large part of our leadership and management development through apprenticeship programmes funded from the apprenticeship levy we pay to Welsh Government. This will significantly reduce the cost to delivering our leadership training programme.							

Page 6/71

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

Version	Author	Job Title	Date
Draft	Myfanwy Davies	Manager Organisational Design and Development	21/12/2020

2. Profile of savings delivery (if applicable)

2021-22	2022-23	TOTAL
£10,000	£	£

3. Consultation requirements

Consultation Requirement	Consultation deadline/or justification for no consultation
No consultation required (please provide justification)	EMT have received a paper on the apprenticeship approach and agreed the approach. Reducing the Leadership Development budget due to accessing the training through the apprenticeship levy leads to the money no longer being used to pay for the qualifications as previously required.

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Children’s Services	Head of Service	Jan Coles	Portfolio Holder	Councillor Rachel Powell
Proposal	Saving of £240,000 from Golwg y Bannau / Golwg y Camlas				
Outline Summary / Description of Proposal					
An Options Appraisal is currently being drafted on the future use of Golwg y Bannau/Camlas. There are five options and Children’s Leadership Team will be considering Options Appraisal and completing scoring matrix by end of January, 2021, in order to agree preferred option and inform Cabinet Report.					
The implications of the options vary widely and these are being considered as part of the options appraisal.					
An efficiency saving of £240,000 has been aligned to Golwg y Bannau/Camlas. The impact of the savings will be fully considered and this draft impact assessment updated and completed following agreement of preferred option.

9. What are the risks to service delivery or the council following implementation of this proposal?

Description of risks			
Risk Identified	Inherent Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)	Mitigation	Residual Risk Rating Impact X Likelihood (See Risk Matrix in guidance document)
Risks will be dependent on preferred option.			

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
A budget reduction of £240,000 will impact on children/young people and their families currently accessing services or forecast to require a 52 week long-term residential placement or short breaks provision at Golwg y Bannau/Camlas. The level of impact is not yet known and is dependent on the outcome of the Options Appraisal.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
A multi-Agency Project Team was established on the future use of Golwg y Bannau and Camlas. Commissioning activity included previous and current activity at Golwg y Bannau and Camlas, needs and cost analysis of Integrated Disability Services including forecast residential placement and short-break provision requirements, exploration of five potential options and options comparison, including pros, cons, costing and risks. A scoring matrix will be completed by Children's Leadership team and preferred recommendation agreed.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
The initial impact of the savings will be monitored via Bannau/Camlas Multi-Agency Project as part of project delivery. Following completion of the project, the impact on children/young people and their families will be monitored via Bannau/Camlas Management Team, IDS Team and CLT.
Please state when this Impact Assessment will be reviewed.
This impact assessment will be reviewed, revised and completed following agreement of preferred option for future use of Golwg y Bannau and Camlas when impact of savings and decision is known.

CYNGOR SIR POWYS COUNTY COUNCIL.

CABINET EXECUTIVE

26th January 2021

REPORT AUTHOR: County Councillor Rosemarie Harris
Leader

REPORT TITLE: Ysgol Dyffryn Trannon – Proposal Paper

REPORT FOR: Decision

1. Purpose

- 1.1. This report requests Cabinet approval to commence the statutory process on the following proposal, in order to move Ysgol Dyffryn Trannon along the language continuum:
- To make a regulated alteration to alter the medium of instruction at Ysgol Dyffryn Trannon from bilingual (dual-stream) to Welsh-medium
 - This would be introduced on a phased basis, year-by-year, starting with Reception in September 2022.
- 1.2. The report is supported by the following appendices:
- Appendix A – Options Appraisal
Appendix B – Impact Assessment

2. Background

Strategy for Transforming Education in Powys

- 2.1. On the 14th April 2020, a new Strategy for Transforming Education in Powys was approved by the Leader via a delegated decision.
- 2.2. The Strategy was developed following extensive engagement with a range of stakeholders during two separate periods between October 2019 and March 2020.
- 2.3. The Strategy sets out a new vision for education in Powys, which is as follows:

‘All children and young people in Powys will experience a high quality, inspiring education to help develop the knowledge, skills and attributes that will enable them to become healthy, personally fulfilled, economically productive, socially responsible and globally engaged citizens of 21st century Wales.’

2.3 The Strategy also sets out a number of guiding principles which will underpin the transformation of education in Powys. These are as follows:

- *A world class rural education system that has learner entitlement at its core*
- *Schools that are fully inclusive, with a culture of deep collaboration in order to improve learner outcomes and experience*
- *A broad choice and high quality of provision for 14 – 19 year old learners, that includes both academic and vocational provision, meeting the needs of all learners, communities and the Powys economy*
- *Welsh-medium provision that is accessible and provides a full curriculum in Welsh from Meithrin to age 19 and beyond Provision for learners with Special Educational Needs (SEN)/Additional Learning Needs (ALN) that is accessible as near to home as is practicably possible, with the appropriate specialist teaching, support and facilities that enables every learner to meet their potential*
- *A digitally-rich schools sector that enables all learners and staff to enhance their teaching and learning experience*
- *Community-focused schools that are the central point for multi-agency services to support children, young people, families and the community*
- *Early years provision that is designed to meet the needs of all children, mindful of their particular circumstances, language requirements or any special or additional learning needs*
- *Financially and environmentally sustainable schools*
- *The highest priority is given to staff wellbeing and professional development*

2.4 The new Strategy sets out a number of Strategic Aims and Objectives, to shape the Council's work to transform the Powys education system over the coming years. One of these Aims is to 'improve access to Welsh-medium provision across all key stages', and a commitment 'to move schools along the language continuum.'

3. The Case for Change

WHY CHANGE IS NEEDED IN YSGOL DYFFRYN TRANNON

The number of English-medium pupils at Ysgol Dyffryn Trannon has decreased over recent years. Current pupil numbers at the school are as follows:

	R	1	2	3	4	5	6	Total
Welsh-medium	11	15	13	16	12	21	9	97

English-medium	0	0	1	1	4	2	4	12
Total	11	15	14	17	16	23	13	109

The very low number of English-medium pupils at the school causes a challenge to the school in providing appropriate provision for these learners. Pupils are taught in small classes, with a high number of year groups in each class.

The Council's Strategy for Transforming Education in Powys includes an aim to 'improve access to Welsh-medium provision across all key stages', as well as an objective to 'move schools along the language continuum'.

In order to meet these aims and objectives, the Council is keen to explore options to change Ysgol Dyffryn Trannon's language category in order to address the small number of pupils accessing English-medium provision at the school. This would ensure that all pupils attending the school have the opportunity to become fluent in Welsh and English, therefore contributing to the Welsh Government's aspiration to achieve a million Welsh speakers by 2050.

4. Information about Ysgol Dyffryn Trannon

The following is a summary of key data relating to the school:

	School Type	Language Category	Admission Number
Ysgol Dyffryn Trannon	Community Primary School School building owned by Powys County Council	Dual Stream	20

Powys average (Primary)	N/A	£4,264	N/A	N/A

5. Statutory Process for School Organisation Proposals

5.1 The process for school organisation proposals is set out by the Welsh Government in the School Organisation Code (2018). The process is summarised below:

i) Consultation

Consultation would be carried out with stakeholders as required by the Code. This includes consultation with the pupils at both schools, to ensure that their views are taken into account, in accordance with the United Nations Convention on the Rights of the Child.

Feedback from the consultation would be collated and summarised, and a report would be presented to the Cabinet. Cabinet will consider the report and the feedback received during the consultation period, and will decide whether to proceed with the proposal, to make changes to the proposal or to not proceed with the proposal.

If Cabinet decides not to proceed, that will be the end of this proposal.

ii) Statutory Notice

If Cabinet decides to proceed, a Statutory Notice would be published, which would give a period of 28 days for people to submit written objections.

⁷ Section 52 Budget Statement 2020/2021

If there were objections, the authority would publish an objection report providing a summary of the objections and the authority's response to them. A further report would be presented to the Cabinet, which they would consider alongside the objection report, in order to decide whether or not to approve the proposal.

iii) Implementation

If Cabinet approves the proposal, it would be implemented in accordance with the date given in the Statutory Notice or any subsequently modified date.

6. Advice

6.1 Officers have carried out an options appraisal on the language category of Ysgol Dyffryn Trannon. This is attached to this report as Appendix A.

6.2 The options appraisal includes the following:

- Consideration of key data relating to the school
- Identification of options
- SWOT analysis of each option
- Assessment of each option against a number of critical success factors
- Identification of an emerging preferred option
- Further consideration of the emerging preferred option against factors listed in the School Organisation Code (2018) as factors to be taken into account when developing school organisation proposals.

6.3 Based on the options appraisal carried out and further consideration against the factors outlined in the School Organisation Code, the preferred option is as follows:

Change Ysgol Dyffryn Trannon's language category to Welsh-medium

6.4 The reasons for this are:

- Would enable the school to operate more efficiently as a single stream school
- All pupils at the school would study through the medium of Welsh and would develop bilingual skills
- Potential to increase the number of pupils studying through the medium of Welsh
- More opportunities could be offered through the medium of Welsh

- Improvement in pupils' Welsh language skills through improved Welsh ethos
- Would ensure that all pupils would be taught in appropriately sized year groups
- Potential financial saving to the authority
- Meets all of the Critical Success Factors

6.5 It is therefore advised that Cabinet approves a recommendation to commence the statutory process on the following proposal:

- To make a regulated alteration to alter the medium of instruction at Ysgol Dyffryn Trannon from bilingual (dual-stream) to Welsh-medium
- This would be introduced on a phased basis, year-by-year, starting with Reception in September 2022.

6.6 Should the recommendation to commence the statutory process be approved, it is anticipated that consultation would commence in February 2021.

6.7 It must also be noted that implementation of this proposal does not preclude that school from being a part of future reorganisation proposals.

7. Resource Implications

7.1 The amount of funding provided to schools is driven by the funding formula. Any change to the formula funding provided will impact on the Council's revenue budget. Based on the current formula, the formula funding requirement will reduce as a result of these proposals and it is estimated that changing the school's language category would eventually result in annual revenue savings to the Council of £122k per annum, once the school is fully single-stream. There would be no saving in the first year, and although there would be opportunities for savings as the phasing takes place, this would be dependent on pupil numbers.

7.2 The Council will continue to work with the school to ensure that the school budget complies with the scheme for financing schools and is within the funding envelope available.

7.3 The Head of Finance (Section 151 Officer) notes the content of the report and can support the recommendation.

8. Legal implications

8.1 Legal: The recommendation can be supported from a legal point of view.

8.2 The Head of Legal and Democratic Services (Monitoring Officer) has commented as follows: “I note the legal comment and have nothing to add to the report”.

9. Comment from local member(s)

9.1 No comments received.

10. Integrated Impact Assessment

10.1 An initial impact assessment in respect of the recommendation is attached. The impact assessment considers the proposal’s impact on the Welsh Government’s well-being goals, as outlined in the Well-being of Future Generations Act.

10.2 The summary of the impact assessment is as follows:

The draft impact assessment indicates that the impact of the proposal is positive overall. The proposal would eventually provide a more sustainable model for delivering education in Ysgol Dyffryn Trannon, ensuring that all pupils are fully bilingual in Welsh and English when they leave the school. The proposal is to change the school’s language category over time, which would minimise the impact on pupils currently attending Ysgol Dyffryn Trannon, but would also ensure that, eventually, all pupils would be taught through the medium of Welsh, and would become fully bilingual in Welsh and English. This would lead to enhanced opportunities to promote the Welsh language within the school and within the community and would provide those pupils with bilingual skills to take into the workplace.

10.3 Should Cabinet approve the commencement of the statutory process in respect of the recommendation, the impact assessment would be updated throughout the process, to take account of feedback received.

11. Recommendation

11.1 It is recommended that Cabinet approves commencing the statutory process on the following proposal in order to move Ysgol Dyffryn Trannon along the language continuum:

- To make a regulated alteration to alter the medium of instruction at Ysgol Dyffryn Trannon from bilingual (dual-stream) to Welsh-medium
- This would be introduced on a phased basis, year-by-year, starting with Reception in September 2022.

1. INTRODUCTION

The purpose of this paper is to consider options for the future language category of Ysgol Dyffryn Trannon. Ysgol Dyffryn Trannon is located in Trefeglwys, North Powys.

The current language category of Ysgol Dyffryn Trannon is Dual Stream Primary School¹.

Current pupil numbers² at Ysgol Dyffryn Trannon are as follows:

	R	1	2	3	4	5	6	Total
Welsh-medium	11	15	13	16	12	21	9	97
English-medium	0	0	1	1	4	2	4	12
Total	11	15	14	17	16	23	13	109

The Council's Strategy for Transforming Education in Powys sets out a number of aims and objectives to transform the Powys education system over the next few years, in order to provide the best possible opportunities to Powys learners now and in the future.

One of the objectives included in the strategy is to 'improve access to Welsh-medium provision across all key stages'. Within this objective, the Strategy includes an aim to 'Move schools along the language continuum'.

The purpose of this paper is to consider options in respect of Ysgol Dyffryn Trannon's language category, in accordance with the aims outlined in the Council's Transforming Education Strategy.

PART A – THE CASE FOR CHANGE

2. STRATEGIC CONTEXT

2.1 POLICY CONTEXT

Following the inspection of Powys Education Services carried out by Estyn in the summer of 2019, the Council carried out a strategic review of schools during 2019-20, which led to the development of a new Strategy for Transforming Education in Powys. The strategy, which was developed following engagement with a wide range of stakeholders, was approved in April 2020.

The strategy sets out a Vision Statement and Guiding Principles which will underpin the Council's work to transform the Powys education system over the coming years. The Vision Statement is as follows:

All children and young people in Powys will experience a high-quality, inspiring education to help develop the knowledge, skills and attributes that will enable them to become healthy, personally fulfilled, economically productive, socially responsible and globally engaged citizens of 21st century Wales.

In addition, the strategy outlines a number of aims and objectives to shape the Council's work to transform the Powys education system over the coming years. One of the Strategic Aims is to 'improve access to Welsh-medium provision across all key stages'. Within this aim, the Strategy sets out a Strategic Objective to 'Move schools along the language continuum.'

2.2 WHY CHANGE IS NEEDED IN POWYS

Powys is a large, rural authority. Covering a quarter of the landmass of Wales, it contains only 4.2% of the population, making it the most sparsely populated county in Wales. Delivering services across such a large, sparsely populated area is challenging and expensive.

Whilst there has been some reorganisation activity in Powys over recent years, the county's schools' infrastructure largely remains similar to that which was in place 20 years ago.

The Council's new Strategy for Transforming Education in Powys outlines a number of challenges facing education in Powys, which were identified following engagement with key stakeholders during the autumn term 2019 and spring term 2020.

The following is a summary of the main challenges facing the Council:

i) High proportion of small schools

Based on PLASC 2019 figures, there were 33 small primary schools in Powys – this is approximately 40% of the primary provision in the county. 21 schools had fewer than 50 pupils, and for those schools the budget share per pupil is generally higher than the Powys average for primary schools.

ii) Decreasing pupil numbers

Pupil numbers have decreased over the past decade, and are expected to decrease further over the next five years. Pupil numbers in the primary sector in Powys are expected to decrease by approximately 4% by 2025.

iii) High number of surplus places

Based on PLASC 2019 figures, there was 18% surplus capacity in Powys primary schools. With pupil numbers across Powys projected to decrease overall over the coming years, the proportion of surplus places across the county will continue to increase.

iv) Building condition

Whilst the Council has invested in its school's estate through the 21st Century Schools Programme and the Asset Management Plan, building condition remains an issue across Powys, with associated maintenance costs.

v) Financial pressures

The Council is currently facing significant financial pressures in general. This is affecting all service areas, including the schools' sector. There are significant variations in the budget share per pupil across Powys schools, ranging from £3,127 to £7,877 in the primary sector.

vi) Inequality in access to Welsh-medium education

In contrast to other areas of Wales, there has been no growth in Welsh-medium pupil numbers in Powys over recent years. Significant changes are needed to the Welsh-medium offer in Powys to reverse the trend of the last few years and ensure that all Powys learners can access comprehensive Welsh-medium provision throughout their educational careers.

vii) Limited post-14 and post-16 offer

In September 2019, the Council's Cabinet considered a report on post-16 provision, which outlined a number of challenges facing the sector, including decreasing learner numbers, financial challenges and sustainability of the curriculum offer, including Welsh-medium provision.

viii) Inequality in access to SEN provision

Within Powys, pupils with special education needs (SEN) attend a range of settings, including special schools, specialist centres, the pupil referral unit (PRU) as well as mainstream schools.

Currently, not all pupils are educated in the setting that meets their needs best, and depending on where pupils live, they have access to a different quality and type of provision.

ix) Historical lack of political decision making

Although there have been some developments in terms of the schools' infrastructure over recent years, the Council's failure to implement a number of high-profile proposals in the last few years has left a legacy in Powys, and there has been a reluctance to embark on large scale reorganisation of education provision since then.

3. WHY CHANGE IS NEEDED AT YSGOL DYFFRYN TRANNON

3.1 THE CURRENT SITUATION

Ysgol Dyffryn Trannon is a dual stream primary school located in the village of Trefeglwys in North Powys. As well as serving the village of Trefeglwys and the surrounding villages, the school is the only Welsh-medium primary provider in the Llanidloes catchment area, therefore a significant number of pupils from the town of Llanidloes attend the school.

The following is a summary of key data relating to Ysgol Dyffryn Trannon:

	School Type	Language Category	Admission Number	Rural School? ³
Ysgol Dyffryn Trannon	Community Primary School School building owned by Powys County Council	Dual Stream	20	Yes

Pupil Numbers

i) Current pupil numbers⁴

Current pupil numbers at Ysgol Dyffryn Trannon are as follows:

	R	1	2	3	4	5	6	Total
Welsh-medium	11	15	13	16	12	21	9	97
English-medium	0	0	1	1	4	2	4	12
Total	11	15	14	17	16	23	13	109

ii) Historical pupil numbers⁵

³ Annex F of the Welsh Government's School Organisation Code (2018) (<https://gov.wales/sites/default/files/publications/2018-10/school-organisation-code-second-edition.pdf>) includes a list of 'rural schools', to which the 'Presumption against the closure of rural schools' applies.

⁹ PLASC 2020

¹⁰ PLASC 2020

¹¹ PLASC 2020

3.2 WHY CHANGE IS NEEDED IN YSGOL DYFFRYN TRANNON

The number of English-medium pupils at Ysgol Dyffryn Trannon has decreased over recent years. Current pupil numbers at the school are as follows:

	R	1	2	3	4	5	6	Total
Welsh-medium	11	15	13	16	12	21	9	97
English-medium	0	0	1	1	4	2	4	12
Total	11	15	14	17	16	23	13	116

The very low number of English-medium pupils at the school causes a challenge to the school in providing appropriate provision for these learners. Pupils are taught in small classes, with a high number of year groups in each class.

The Council's Strategy for Transforming Education in Powys includes an aim to 'improve access to Welsh-medium provision across all key stages', as well as an objective to 'move schools along the language continuum'.

In order to meet these aims and objectives, the Council is keen to explore options to change Ysgol Dyffryn Trannon's language category in order to address the small number of pupils accessing English-medium provision at the school. This would ensure that all pupils attending the school have the opportunity to become fluent in Welsh and English, therefore contributing to the Welsh Government's aspiration to achieve a million Welsh speakers by 2050.

PART B – OPTIONS FOR YSGOL DYFFRYN TRANNON

4. AVAILABLE OPTIONS

The following options have been identified to address the challenges caused by the school's current dual stream structure:

Option	Description
1	Status quo – Ysgol Dyffryn Trannon continues to operate as a dual stream school
2	Change Ysgol Dyffryn Trannon's language category to Welsh-medium
3	Change Ysgol Dyffryn Trannon's language category to English-medium

5. SWOT ANALYSIS OF EACH OPTION

Option 1: Status quo – Ysgol Dyffryn Trannon continues to operate as a dual stream school

Strengths	Weaknesses
<ul style="list-style-type: none"> - No impact on pupils, parents or staff - No additional travel for pupils - No impact on pupil numbers at Ysgol Dyffryn Trannon - No impact on staff at Ysgol Dyffryn Trannon - No need for a statutory process 	<ul style="list-style-type: none"> - Does not enable Ysgol Dyffryn Trannon to operate more efficiently - Some pupils do not become fully bilingual - Small numbers likely to continue in the English-medium stream - Does not provide access to designated Welsh-medium primary provision in the Llanidloes catchment - Does not meet the aims and objectives of the Council's Strategy for Transforming Education in Powys
Opportunities	Threats
	<ul style="list-style-type: none"> - Continued small numbers in the English-medium stream

Option 2: Change Ysgol Dyffryn Trannon's language category to Welsh-medium

Strengths	Weaknesses
<ul style="list-style-type: none"> - Would enable the school to operate more efficiently as a single stream school - All pupils at the school would study through the medium of Welsh and would develop bilingual skills - Potential to increase the number of pupils studying through the medium of Welsh - More opportunities could be offered through the medium of Welsh - Improvement in pupils' Welsh language skills through improved Welsh ethos - Would ensure that all pupils would be taught in appropriately sized year groups - Small potential financial saving to the authority 	<ul style="list-style-type: none"> - Pupils may choose to attend other schools in order to access English-medium provision - May be unpopular with some members of the local community - Impact on non-Welsh speaking staff
Opportunities	Threats
<ul style="list-style-type: none"> - Opportunity to further promote the Welsh-medium provision available to attract more pupils to Welsh-medium provision 	<ul style="list-style-type: none"> - Possible impact on pupil numbers should pupils choose to attend other schools in order to access English-medium provision

Option 3: Change Ysgol Dyffryn Trannon's language category to English-medium

Strengths	Weaknesses
<ul style="list-style-type: none"> - Would enable the school to operate more efficiently as a single stream school - Small potential financial saving to the authority 	<ul style="list-style-type: none"> - There would be no Welsh-medium primary provision in the catchment - Would not attract pupils from Llanidloes who travel to Trefeglwys to access Welsh-medium provision - Does not reflect parental choices / current pupil trends - The number of English-medium pupils at the school is currently very low - Likely to be unpopular with some members of the local community - Would not provide access to designated Welsh-medium primary

	provision in the Llanidloes catchment - Does not meet the aims and objectives of the Council's Strategy for Transforming Education in Powys - Does not meet the Welsh Government's aspiration to increase the number of Welsh speakers
Opportunities	Threats
- Opportunity to increase the number of pupils studying through the medium of English	- Significant reduction in pupil numbers as pupils from Llanidloes would no longer be eligible for home to school transport to the school

6. CRITICAL SUCCESS FACTORS

The options have also been assessed against the following Critical Success Factors:

Critical Success Factor	Description
1 – Strategic fit and business needs	<ul style="list-style-type: none"> • The option must align with the Council's Strategy for Transforming Education in Powys 2020-2030, to include the following: <ul style="list-style-type: none"> - Address the challenges facing education in Powys, as outlined in the Council's Strategy for Transforming Education in Powys 2020-2030 - Align with the Vision and Guiding Principles outlined in the Council's Strategy for Transforming Education in Powys 2020-2030 - Align with the Strategic Aims and Objectives outlined in the Council's Strategy for Transforming Education in Powys 2020-2030 • The option must optimise the benefits of the Council's Transforming Education Programme
2 – Value for money	<ul style="list-style-type: none"> • The option must optimise the resources available for the delivery of learning • The option must provide value for money in the delivery of learning
3 – Potential achievability	<ul style="list-style-type: none"> • The option must be achievable within current legislation • The option must be operationally achievable

	<ul style="list-style-type: none"> The option must be physically achievable
4 – Potential affordability	<ul style="list-style-type: none"> The extent to which the option is affordable within the Council's forecasted revenue The extent to which the option is affordable within the forecasted capital funding available to the Council

Each option has been assessed against the Critical Success Factors based on the following criteria:

✓ – Meets ? – Could meet x – Does not meet

The assessment for each option is as follows:

	Option 1	Option 2	Option 3
1 – Strategic fit and business needs	x	✓	x
2 – Value for money	x	✓	?
3 – Potential achievability	✓	✓	x
5 – Potential affordability	✓	✓	?
Total ✓	2	4	0
Total x	0	0	2
Outcome	Discount	Preferred	Discount

7. EMERGING PREFERRED OPTION

Based on the work carried out, the emerging preferred option for Ysgol Dyffryn Trannon is:

Option 2: Change Ysgol Dyffryn Trannon's language category to Welsh-medium

The reasons for this are:

- Would enable the school to operate more efficiently as a single stream school
- All pupils at the school would study through the medium of Welsh and would develop bilingual skills
- Potential to increase the number of pupils studying through the medium of Welsh

- More opportunities could be offered through the medium of Welsh
- Improvement in pupils' Welsh language skills through improved Welsh ethos
- Would ensure that all pupils would be taught in appropriately sized year groups
- Potential financial saving to the authority
- Meets all of the Critical Success Factors

In order to minimise the impact on current pupils, it is recommended that the emerging preferred option would be implemented on a phased basis, with pupils currently accessing English-medium provision at the school being able to continue to do so until the end of year 6.

Further consideration of this option will now be carried out, to include consideration of the factors outlined in the School Organisation Code.

PART C – FURTHER CONSIDERATION OF PREFERRED OPTION

The Welsh Government's School Organisation Code (2018) outlines factors to be considered when developing school organisation proposals. Consideration is given below to the impact of the preferred option, to change Ysgol Dyffryn Trannon's language category to Welsh-medium by phasing out the English-medium stream.

8. QUALITY AND STANDARDS IN EDUCATION

8.1 Likely impact on standards and progress overall, of specific groups and in skills

The Council would expect changing Ysgol Dyffryn Trannon's language category to have a positive impact on provision, standards and pupil progress overall. As the change is phased in, the Council would expect that implementation would lead to more effective and efficient use of resources as the school would no longer need to duplicate provision, which, in turn, would ensure improved opportunities for learners across all ages.

It is anticipated that changing the school's language category would have a positive impact on provision, standards and progress overall for all pupils, including pupils belonging to specific groups such as English as an Additional Language, eligible for Free School Meals, Looked After Children, Additional Learning Needs.

It is also anticipated that changing the school's language category would have a positive impact on the skills of all pupils, in particular Welsh language skills, as it would enable all pupils to become fully bilingual in Welsh and English. Operating as a single stream school would enable the school to target support across all phases of education more effectively.

8.2 Wellbeing and attitudes to learning

Changing the language category of Ysgol Dyffryn Trannon would mean that eventually, all pupils would receive a fully Welsh medium education. This would mean that all pupils would be taught together, ensuring improved cohesion across the school and impacting positively on pupil well-being.

8.3 Teaching and learning experiences

8.3.1 Quality of teaching

The Council would expect that changing the language category of Ysgol Dyffryn Trannon would lead to improvements in the quality of teaching at the school, due to the improved Welsh medium professional development and

collaboration opportunities that could be offered to staff, for example collaborating with other Welsh-medium schools within Powys and in other local authorities and educational regions to share best practice in pedagogy.

It could also enhance teachers' ability to build systematically on pupils' existing knowledge, understanding and skills and provide pupils with a suitably wide range of experiences to develop their interest and literacy skills across a range of subjects and areas of learning.

8.3.2 The breadth, balance and appropriateness of the curriculum

It is anticipated that changing the school's language category would have a positive impact on the breadth, balance and appropriateness of the curriculum at the school. Should this be implemented, the school would be able to focus on delivering in one language medium, which should have a positive impact on the curriculum that could be provided, ensuring that the curriculum meets the requirements of the new curriculum for Wales, as outlined in 'Our National Mission'.

8.3.3 The provision of skills

It is anticipated that changing the school's language category would have a positive impact on the literacy skills of all pupils, through improved opportunities to share staff expertise and resources across all age ranges, and through the ability to target across all phases of education.

In particular, the change would have a positive impact on Welsh language skills, as all pupils would be taught through the medium of Welsh, enabling all pupils to become bilingual in Welsh and English. The change would also enable the school to enhance Welsh language skills in formal teaching activities and in informal situations.

8.4 Care, support and guidance

8.4.1 Tracking, monitoring and the provision of learning support, personal development and safeguarding

Operating as a single stream school would enable the school to improve its tracking and monitoring of pupils.

The Council would expect that changing the school's language category would enable the school to further enhance its provision to prepare pupils, including those with special educational needs, to become active citizens, for example by making decisions about the life and work of the school.

It would also support how well the school's provision helps pupils to develop their understanding of the Welsh language and culture, the local community and the wider world.

8.5 Leadership and Management

8.5.1 Quality and effectiveness of leaders and managers, self evaluation processes and improvement planning

It is anticipated that changing the school's language category would lead to improvements in terms of leadership and management at the school. The proposed change would help the school to establish a clear, strategic rationale for the curriculum in terms of its benefits for pupils in preparing them to learn throughout their lives and to play a full part in society. It would also support the extent to which leaders and managers are purposeful and successful in meeting the national priority of providing purposeful opportunities for pupils to develop their Welsh language skills in formal and informal situations.

Operating as a single stream school would enable the school to operate more efficiently, and leaders and managers would have more time to focus on developing effective provision across the school.

8.5.2 Professional learning

Supporting the school to move along the language continuum could provide improved professional learning opportunities for staff through greater opportunities for collaboration with other Welsh-medium schools within Powys and across Wales.

8.5.3 Use of Resources

Should the change be implemented, the school would eventually become a single stream Welsh-medium school and would be funded as such. As a Welsh-medium school, the school would be able to operate more efficiently, as there would be no need to duplicate provision, or to teach the small groups of pupils that currently exist in the school's English-medium stream.

8.6 Impact on vulnerable groups, including children with Special Educational Needs (SEN)

Should the school move along the language continuum, there could be a negative impact on pupils with ALN who are from families where very little or no Welsh is spoken. This would require the school to provide an enhanced level of support to these pupils in order to meet their needs.

8.7 Ability of the school/schools which are the subject of the proposals to deliver the full curriculum at the foundation phase and each key stage of education, including the quality of curriculum delivery and the extent to which the structure or size of the school is impacting on this

It is anticipated that changing the school's language category would have a positive impact on the ability to deliver the full curriculum in the foundation phase and each key stage of education, as there would no longer be a requirement to duplicate provision in two streams.

It is possible that there could be some challenges during the transition period as the school would need to accommodate decreasing numbers of English-medium pupils, however should the change to the school's language category be implemented, the Council would continue to support the school throughout the transition period to ensure that an appropriate curriculum is provided to all pupils.

9 NEED FOR PLACES AND IMPACT ON ACCESSIBILITY OF SCHOOLS

9.1 Will the alternative provision have sufficient capacity and provide accommodation of at least equivalent quality for existing and projected pupil numbers?

It is not anticipated that the preferred option would impact on the school's capacity, projected pupil numbers, or the quality of accommodation.

It is possible that changing the school's language category could have some impact on pupil numbers, should pupils from the local area choose to attend alternative English-medium providers. However, it is also possible that changing the school's language category could lead to an increase in pupil numbers, as more pupils could choose to attend the school to access Welsh-medium provision.

9.2 Is the alternative provision sufficient to meet existing and projected demand for schools of the same language category and (if relevant) designated religious character?

There is sufficient provision to meet existing and projected demand for Welsh-medium provision. For pupils wishing to access English-medium provision, there is alternative English-medium provision available in the catchment area at Llanidloes C.P. School, Caersws C.P. School and Llandinam C.P. School.

The school does not have a religious character – this would continue to be the case following any change to the language category.

9.3 What will be the nature of journeys to alternative provision and resulting journey times for pupils including SEN pupils?

The plan to introduce the proposed change to the school's language category on a phased basis would mean that all current pupils at the school would continue to be able to access the school, therefore there would be no impact on journeys to school or journey times.

Should pupils choose to attend English-medium provision in other locations, there would be an increase in journeys / journey times, however the distance from Ysgol Dyffryn Trannon to the nearest alternative English-medium primary provision would not be excessive.

10. RESOURCING OF EDUCATION AND OTHER FINANCIAL IMPLICATIONS

10.1 What effect will the proposals have on surplus places in the area?

The intention is to introduce the change on a phased basis starting with the Reception year group and moving through the school each year as pupils move through the school. The intention is that all current pupils would continue to attend the school, therefore there would be no impact on surplus places.

It is possible that changing the school's language category could have some impact on pupil numbers, should pupils from the local area choose to attend alternative English-medium providers. However, it is also possible that changing the school's language category could lead to an increase in pupil numbers, as more pupils could choose to attend the school to access Welsh-medium provision.

10.2 Do the proposals form part of the local authority's 21st Century Schools Investment Programme and contribute to the delivery of sustainable schools for the 21st Century and to the better strategic management of the school estate?

The preferred option for Ysgol Dyffryn Trannon does not form part of the local authority's 21st Century Schools Investment Programme.

10.3 What are the recurrent costs of proposals over a period of at least 3 years and is the necessary recurrent funding available?

There are no recurrent costs associated with changing the school's language category.

10.4 Will additional transport costs be incurred as a result of the proposal?

The intention is to introduce the change to the school's language category on a phased basis as pupils move through the school. It is not anticipated that additional transport costs would be incurred as a result of the change.

10.5 What are the capital costs of the proposal and is the necessary capital funding is available?

There are no capital costs associated with changing the language category of Ysgol Dyffryn Trannon.

10.6 What is the scale of any projected net savings (taking into account school revenue, transport and capital costs)

It is estimated that changing the school's language category would eventually result in annual revenue savings to the Council of £122k per annum, once the school is fully single-stream. There would be no saving in the first year, and although there would be opportunities for savings as the phasing takes place, this would be dependent on pupil numbers.

It is not anticipated that there would be an impact on transport costs, catering savings, and there would be no capital costs.

10.7 Without the proposals, would the schools affected face budget deficits?

Ysgol Dyffryn Trannon is currently projecting to be in a deficit budget position by 2022/23.

10.8 Will any savings in recurrent costs be retained in the local authority's local schools budget?

Any savings would be reinvested in the Council's corporate budget and any reinvestment in the schools' system would be agreed as part of the annual budget planning cycle.

10.9 Will the proceeds of sales (capital receipts) of redundant sites be made available to meet the costs of the proposal or contribute to the costs of future proposals which will promote effective management of school places?

Changing Ysgol Dyffryn Trannon's language category would not result in any capital receipts.

11. OTHER GENERAL FACTORS

11.1 What impact will the proposals have on educational attainment among children from economically deprived backgrounds?

There would be a positive impact on educational attainment among children from economically deprived backgrounds, as they would be able to participate in a fully bilingual curriculum from the beginning of their education.

In the future, any pupils for whom Ysgol Dyffryn Trannon who wish to attend English-medium provision would need to attend alternative provision, which would have an impact on travel. However, the Council would hope that all pupils living in the catchment area of Ysgol Dyffryn Trannon would attend Welsh-medium provision at the school.

11.2 Any equality issues, including those identified through equality impact assessments

Supporting the school to move along the language continuum would have an impact on pupils belonging to the protected characteristic groups, however in the majority of cases, it is not anticipated that this would be a negative impact.

It is acknowledged that there may be concern about the impact of changing the school's language category on pupils with additional learning needs, however, the school would need to provide intensive and specialist support to these pupils to ensure that they weren't disadvantaged.

Should the Council proceed with the statutory process in respect of the preferred option, equality impact assessments will be carried out and regularly reviewed throughout the process to ensure that any issues are identified and fully considered.

11.3 Whether the school / schools involved are subject to any trust or charitable interests which might be affected by the proposals, for example in relation to the use or disposal of land.

Ysgol Dyffryn Trannon is not subject to any trust or charitable interests which might be affected by the plans to change the school's language category.

12. SPECIFIC FACTORS IN THE CONSIDERATION OF PROPOSALS FOR THE CHANGE OF LANGUAGE MEDIUM

12.1 The extent to which existing provision by the local authority of education in the medium of English and/or Welsh exceeds or falls short

of demand or projected demand from parents for that type of provision, and the contribution the proposal would make to remedying that situation

There is currently no dedicated Welsh-medium primary provision in the Llanidloes catchment. Implementing the proposed change to the language category of Ysgol Dyffryn Trannon would ensure that this type of provision was available.

Implementing the proposed change would mean that education through the medium of English would no longer be available in the village of Trefeglwys. However the trend has been an increase in demand for Welsh-medium provision at Ysgol Dyffryn Trannon and a decrease in demand for English-medium provision, therefore the proposed change reflects this. The proposed change would also ensure that all pupils attending Ysgol Dyffryn Trannon would be fully bilingual, therefore contributing to the Welsh Government's aim to achieve a million Welsh speakers by 2050.

Should pupils not want to access Welsh-medium provision at Ysgol Dyffryn Trannon, there are other English-medium providers available in the Llanidloes catchment.

12.2 The extent to which the proposal would support the targets in the local authority's Welsh in Education Strategic Plan (WESP)

Changing the language category of Ysgol Dyffryn Trannon would support the local authority to meet the targets in its Welsh in Education Strategic Plan, as well as the Council's objective to 'Move schools along the language continuum' as outlined in the Strategy for Transforming Education in Powys.

13. CONCLUSION AND NEXT STEPS

Based on the options appraisal carried out and further consideration of the emerging preferred option against the factors outlined in the School Organisation Code, the preferred option is as follows:

Option 2: Change Ysgol Dyffryn Trannon's language category to Welsh-medium

The reasons for this are:

- Would enable the school to operate more efficiently as a single stream school
- All pupils at the school would study through the medium of Welsh and would develop bilingual skills
- Potential to increase the number of pupils studying through the medium of Welsh
- More opportunities could be offered through the medium of Welsh

- Improvement in pupils' Welsh language skills through improved Welsh ethos
- Would ensure that all pupils would be taught in appropriately sized year groups
- Potential financial saving to the authority
- Meets all of the Critical Success Factors

It is recommended that a paper is considered by the Council's Cabinet, requesting approval to commence consultation on a proposal to change Ysgol Dyffryn Trannon's language category to Welsh-medium.

Impact Assessment (IA)

The integrated approach to support effective decision making

Please read the accompanying guidance before completing the form.

This **Impact Assessment (IA)** toolkit, incorporates a range of legislative requirements that support effective decision making and ensure compliance with all relevant legislation. **Draft versions of the assessment should be watermarked as “Draft” and retained for completeness. However, only the final version will be made publicly available. Draft versions may be provided to regulators if appropriate. In line with Council policy IAs should be retained for 7 years.**

Service Area	Schools Service	Head of Service	Lynette Lovell	Portfolio Holder	Cllr Phyl Davies
Proposal	Dyffryn Trannon C.P. School				
Outline Summary / Description of Proposal					
In April 2020, the Leader approved a new Strategy for Transforming Education in Powys, which sets a number of aims and objectives to transform the Powys education system over the next few years. One of the objectives is to ‘Reconfigure and rationalise primary provision’.					
A review of Ysgol Dyffryn Trannon has been carried out, and Cabinet approval is now requested to commence the statutory process on the following proposal in respect of the school:					
<ul style="list-style-type: none"> To make a regulated alteration to alter the medium of instruction at Ysgol Dyffryn Trannon from bilingual (dual-stream) to Welsh-medium This would be introduced on a phased basis, year-by-year, starting with Reception in September 2022. 					

Page 739

Version Control (services should consider the impact assessment early in the development process and continually evaluate)

5. How does your proposal impact on Vision 2025?

Cyngor Sir Powys County Council
Impact Assessment (IA)

The integrated approach to support effective decision making

Council's Well-being Objective	How does the proposal impact on this Well-being Objective?	IMPACT Please select from drop down box below	What will be done to better contribute to a more positive impact or to mitigate any negative impacts?	IMPACT AFTER MITIGATION Please select from drop down box below
The Economy We will develop a vibrant economy	Should the proposal be implemented, eventually all pupils attending Ysgol Dyffryn Trannon would be fully bilingual in Welsh and English and would be able to utilise these skills in the workplace, where there is a growing demand for fluency in both languages in Wales.	Good		Poor
Health and Care We will lead the way in providing effective, integrated health and care in a rural environment	No impact	Neutral		Choose an item.
Learning and skills We will strengthen learning and skills	The proposal would eventually provide a more sustainable model for delivering education in Ysgol Dyffryn Trannon, ensuring that all pupils are fully bilingual in Welsh or English when they leave the school. As the change is being phased on a year-by-year basis, it is expected that implementation would lead to more effective and efficient use of resources as the school would no longer need to duplicate provision, which would enable improved opportunities for all learners.	Good		Choose an item.

Cyngor Sir Powys County Council

Impact Assessment (IA)

The integrated approach to support effective decision making

The draft impact assessment indicates that the impact of the proposal is positive overall. The proposal would eventually provide a more sustainable model for delivering education in Ysgol Dyffryn Trannon, ensuring that all pupils are fully bilingual in Welsh and English when they leave the school. The proposal is to change the school's language category over time, which would minimise the impact on pupils currently attending Ysgol Dyffryn Trannon, but would also ensure that, eventually, all pupils would be taught through the medium of Welsh, and would become fully bilingual in Welsh and English. This would lead to enhanced opportunities to promote the Welsh language within the school and within the community and would provide those pupils with bilingual skills to take into the workplace.

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?

PLASC

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?

The Transforming Education Programme Board will continue to monitor impact over time.

Please state when this Impact Assessment will be reviewed.

The impact assessment will be reviewed at all stages of the process.

CYNGOR SIR POWYS COUNTY COUNCIL.

CABINET EXECUTIVE

26th January 2021

REPORT AUTHOR: County Councillor Graham Breeze
Portfolio Holder for Corporate Governance, Engagement
and Regulatory Services

REPORT TITLE: PCC Consultation Response to Draft Statutory Guidance
on Part 6, Chapter 1 of the Local Government and
Elections (Wales) Bill (Performance and Governance of
Principal Councils)

REPORT FOR: Decision

1. Purpose

1.1 The purpose of this report is to provide Cabinet with an overview of the new performance and governance duties that will be introduced under Part 6, Chapter 1 of the Local Government and Elections (Wales) Bill.

1.2 The report also sets out details of the consultation in relation to the **Draft Statutory Guidance** on Part 6 of the Bill, and seeks Cabinet approval for a corporate response that has been drafted on behalf of the council (see Appendix A).

2 Background

2.1 The Local Government and Elections (Wales) Bill (The Bill) is a substantial piece of legislation covering electoral reform, public participation, governance and performance and regional working. This report focuses specifically on the Performance and Governance duty.

2.2 The Bill was introduced in 2019 and passed by the Senedd on 18th November 2020. It is anticipated the Bill will receive Royal Assent early in 2021.

2.3 The Bill will replace the current improvement duty for principal councils set out in the Local Government (Wales) Measure 2009. The new approach as set out in the Bill is designed to be a more streamlined, flexible and provide a sector-led approach to performance, good governance and improvement. The intention is for councils to be proactive in considering how internal processes and procedures should change to enable more effective planning, delivery and decision-making to drive better outcomes.

2.4 In order for Cabinet to understand the impact of the core duties under the new Bill, Appendix B sets out a comparison between the current duties under existing 'improvement' legislation, and the new duties that will be introduced as part of the Bill. Appendix B also sets out the processes and procedures the council has in place to meet current legislative duties with regards performance and governance. Overall, the comparison reveals that the new duties are similar to those the council has been subject to under the 2009 Measure and Well-being of Future Generations (Wales) Act, therefore we do not anticipate significant changes to the council's existing Strategic Planning and Performance Management Cycle.

3. Overview of the Draft Statutory Guidance (Performance and governance of principal councils)

Purpose:

3.1 The performance and governance provisions contained in Part 6 of the Bill will require councils to review the extent to which they are meeting their performance requirements. The purpose of the performance and governance provisions in the Bill is to support a culture in which councils actively seek and embrace challenge, whether presented from within the council, for example through scrutiny procedures, or externally. The provisions are designed to provide a framework which supports councils, through an ongoing process of review, to think about their performance and effectiveness now and for the future; to encourage more inquisitive organisations willing to challenge themselves to do more, to be more innovative and more ambitious in what they do.

3.2 The provisions in the Bill are framed within the wider sustainable development duties of the Well-being of Future Generations (Wales) Act 2015, which sets out a legally binding common purpose for the public bodies subject to that Act to improve the social, economic, environmental and cultural well-being of Wales. It sets out seven well-being goals which these public bodies must work towards collectively and five ways of working to guide how public bodies should deliver.

The main duties:

3.3 The draft guidance specifically addresses the following duties to be placed on principal councils:

3.4 Duty to keep performance under review

The Bill requires a council to keep under review the extent to which it is fulfilling the 'performance requirements':

- exercising its functions effectively;
- using its resources economically, efficiently and effectively; and
- has effective governance in place for securing the above.

3.5 Duty to consult on performance

A council must consult a range of people at least once in each financial year about the extent to which the council is meeting the performance requirements. The statutory consultees are:

- local people;
- other persons carrying on a business in the council's area;
- the staff of the council; and
- every trade union which is recognised (within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992 (c. 92)) by the council.

3.6 Duty to report on performance

A council must produce a self-assessment report in respect of each financial year. The report must set out its conclusions on the extent to which it met the performance requirements during that year, and any actions it intends to take, or has already taken, to increase the extent to which it is meeting the performance requirements.

3.7 Duty to arrange a panel assessment of performance

A council must arrange for a panel to undertake an assessment, at least once during the period between two consecutive ordinary elections of councillors to the council, of the extent to which the council is meeting its performance requirements.

3.8 Duty to respond to a panel performance assessment report

A council must prepare a response to each panel performance assessment report, setting out the extent to which it accepts the conclusions in the report, the extent to which it intends to follow any recommendation in the report, and any actions the council intends to take to increase the extent to which it is meeting the performance requirements.

3.9 Other Provisions

There are other provisions within Part 6 of the Bill such as powers for the Auditor General for Wales to carry out special inspections of a council; powers for the Welsh Ministers to provide support and assistance to a council with a view to improving its performance; and powers for the Welsh Ministers to intervene in a council which is not, or may not be, meeting the performance requirements.

Timelines for implementation of the duties:

- The new guidance will apply from April 2021, with exception of Panel Performance Assessment which will come into force after the next elections in May 2022.
- The first Self-Assessment Report will need to be prepared on the 2021-22 financial year and published early in the 2022-23 financial year.
- Council's will continue to report under the Local Government Measure 2009 for the 2020-21 financial year and the Annual Performance Report will need to be published no later than October 2021.

4. Advice

4.1 As mentioned above, Appendix B demonstrates that the council's current Strategic Planning and Performance management cycle already ensures that the council has procedures in place to meet the majority of the duties in the new Bill, with the exception of the Panel Performance Assessment. It is therefore proposed that the Council strengthens its current procedures, such as the Integrated Business Planning process, rather than introducing any new processes.

4.2 Currently it is proposed that the Council undertakes its First Panel Performance Assessment mid-way through the next electoral cycle, however detailed plans will be drawn up early in the 2021-22 Financial year.

4.3 The cabinet will also be aware of the introduction of the Socio-Economic Duty on 31st March 2021, and it is advised that this duty is also strengthened through the council's Integrated Business Planning and decision making processes. This duty will require principal councils, when taking strategic decisions such as 'deciding priorities and setting objectives', to consider how their decisions might help to reduce the inequalities associated with socioeconomic disadvantage - driving better outcomes on people's lives and experiences through better decision making and further contributing towards our shared goal of becoming "a more equal Wales".

4.4 Welsh Government launched Consultation on the Draft Guidance (Performance and Governance of local authorities) on 11th November 2020, and the deadline for responses is 3rd January. It is advised that the Council takes the opportunity to provide a corporate response to the consultation, in order to provide views on the proposed duties in the guidance. A draft response is attached at Appendix A for cabinet consideration. Members of scrutiny have also been given the opportunity to comment and feed into the corporate response.

5. Resource Implications

5.1 There is a cost to a Local Authority for holding statutory peer assessments. The council is responsible for identifying panel assessors, commissioning the panel to undertake the assessment, and meeting any associated costs. At this time the actual costs are unknown. It is anticipated that a peer assessment will require significant officer resource in order to facilitate the process.

6. Legal implications

6.1 Legal:

6.2 The Head of Legal and Democratic Services (Monitoring Officer) has commented as follows:

7. Comment from local member(s)

7.1 N/A

8. Integrated Impact Assessment

8.1

9. Recommendation

9.1 It is recommended that Cabinet note the new Performance and Governance duties being introduced by Part 6, Chapter 1 of the Bill and approve the advice around strengthening current arrangements to implement the duties, rather than introducing new processes.

9.2 It is also recommended that Cabinet consider and approve the draft consultation response at Appendix A, for submission to WG by the deadline of 3rd February.

9.3 The recommendations above will ensure the council understand its duties and is fully prepared for implementation of Part 6 of the Local Government and Elections (Wales) Bill, when it comes into force from April 2021 onwards.

Consultation Response Form

Your name:

Organisation (if applicable):

E-mail / telephone number:

Your address:

Q1: Does the draft guidance make it clear what is expected of principal councils as set out in the provisions of Part 6 of the Local Government and Elections (Wales) Bill in a way that can be understood by principal councils?

If not, why not?

Overall, the council agrees that the draft guidance is easy to understand and provides a balance of prescription and flexibility, in which principal councils can use to implement the provisions of Part 6 of the Bill in a way that compliments their existing planning, performance and governance frameworks. The guidance is well structured around the five main duties of the Bill.

Chapter 1 provides the policy context and purpose of the new regime, specifically making reference to the Well-being of Future Generations (Wales) Act; however, we feel that there would be value in clearly explaining the difference between the two pieces of legislation and how WG feels that the new regime will 'add value' to existing legislation requirements which principal councils are subject to. For example, since the introduction of the Well-being Act, it was made clear to principal councils that this Act essentially took over the requirements of the Local Government Measure 2009, but now a new regime is being introduced which potentially duplicates the Well-being Act and replicates the 2009 measure. If this is not the case, then the draft guidance should state specifically that it does not cause duplication and the reasons why.

Q2: Does Chapter 2 of the guidance set out the performance requirements and the duty to keep performance under review sufficiently clearly?

If not, what would you add or change?

Overall, the council believes that Chapter 2 of the draft guidance provides a clear step by step approach, of what is expected of principal councils when keeping their performance under review. However, we believe that there would be value in providing a definition under section 2.4. for exactly what is meant by the term 'Functions'. The reason for needing this definition is to provide more clarity on the expectations of principal councils when developing their Self-Assessment Reports. For example, under the Local Government Wales Measure 2009, councils had to set 'Improvement Objectives' annually, and their self-assessment report was based on progress towards these. However, the draft guidance for the new Bill is not clear around the level of reporting – are councils expected to report on **all of**

their 'functions' or is there flexibility in terms of what they choose to report on? If the latter is the case, then this opens up the Reporting to significant gaps in terms of transparency.

Chapter 2.8 does state that the report is a corporate, organisational assessment, rather than an assessment of individual services, however in order to reach a corporate judgment, some lower level assessment of individual services will be required.

The guidance also needs clarity on how this will align to Part 8 of the Social Services and Well-Being Act, the Director's Report, which is a strategic self-assessment of the previous year with legislated headings. There needs to be clear consideration of how these self-assessments will align to minimise duplication, and if going to a Service area level, how other Services follow the same methodology in self-assessment.

Q3: Does Chapter 2 of the guidance explain how a council could meet the requirement to undertake self-assessment in order to fulfil its duties?

If not, what would you add or change?

It is useful that the draft guidance lists the potential sources of evidence that principal councils could use to inform its Self-Assessment Report, however the list just emphasises the fact that councils are already subject to publishing a number of annual reports/ assessments and that this additional requirement (under the new Bill) potentially adds another corporate layer, which challenges principal councils to bring together all the reporting requirements placed upon us, by the raft of individual legislative duties.

Most councils already have a quarterly performance reporting framework in place by means of best practice – wouldn't there be more value in supporting councils to improve this self-assessment/reporting cycle, rather than adding to the **annual** reporting requirements?

The draft guidance currently isn't clear on who the audience of the Self-Assessment Report would be. Does the WG have an understanding of public appetite for these reports and would they consider it to be value for money? Similarly, does the WG have an understanding of public awareness of the current reports that are produced, and do they believe that the public would welcome being involved in public engagement around principal councils performance? We welcome the suggestion for framing self-assessment around the seven corporate areas for change in the Well-being Act, but are also aware that this is not something new and many councils already do this as part of their current annual reporting, together with an assessment of CIPFA core principles in their Annual Governance Statement.

Q4: Does Chapter 3 of the guidance make the minimum requirements for principal councils to arrange and respond to a panel performance assessment clear, as well as provide sufficient flexibility for each council to determine its own approach?

If not, what would you add or change?

Overall, the council believes that Chapter 3 of the draft guidance provides clear expectation on principal councils in relation Panel Performance Assessments. However, given the financial burden currently placed on councils, it is questionable whether this is a meaningful use of resources and whether there is a need for such statutory intervention.

Similarly, what added value would a Panel Performance Assessment bring, that Auditors aren't currently doing?

In terms of panel membership and regularity, how will this align to section 8 of the SSWBA act and RISCA regulations, which support the creation of boards with external appointees to drive improvement such as the previous function of the Improvement and Assurance Board in Powys, and panels now being utilised in other local authorities such as Wrexham and Methyr Tydfil, which would potentially have an overlapping function and membership in terms of requiring regular self-evaluation, performance monitoring and external challenge to drive improvement.

As stated in question 3 above, we believe that there would be more value in supporting councils to improve their quarterly self-assessment approach rather than bringing in another layer of external, independent assessment.

Currently the statutory requirement to arrange and respond to a Panel Assessment puts all the administrative duties on a local authority.

In our view, for Panel Assessments to be truly effective they would need to happen twice in every electoral cycle (i.e. an initial assessment and a follow up visit/assessment). This is the approach the council took recently where it took the initiative to commission its own independent assessment. Which in itself is evidence that councils are taking this approach without making it a statutory duty.

Q5: Chapter 4 outlines the Auditor General for Wales' powers to carry out a special inspection, and the duties of principal councils and Welsh Ministers to respond to any recommendations.

Chapter 5 describes the powers and duties for both Welsh Ministers and councils in relation to supporting and assisting with improving performance; and powers for intervention by Welsh Ministers.

Do Chapters 4 and 5 sufficiently describe and explain these powers?

If not, what would you add or change?

Overall, the council would agree that Chapters 4 and 5, provide sufficient clarity on the different powers and expectations on principal councils.

Q6: We would like to know your views on the effects that the guidance would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English.

What effects do you think there would be? How could positive effects be increased, or negative effects be mitigated?

Organisations would be expected to undertake this work in accordance with the requirements of the Welsh language Standards, and therefore provide opportunities to use Welsh, and not treat the Welsh language less favourably than English.

However, there is no reference in the document to providing opportunities to use Welsh during engagement, or to offering opportunities to engage in people's language of choice. Providing this reference, and ensuring those opportunities are given to stakeholders would help in ensuring greater balance to the feedback.

Q7: Please also explain how you believe the guidance could be formulated or changed so as to have positive effects or increased positive effects on opportunities for people to use the Welsh language, and on treating the Welsh language no less favourably than the English language, and ensure there are no adverse effects on opportunities for people to use the Welsh language.

The guidance could have a greater reference to the Welsh language and the requirements of the Welsh Language (Wales) Measure 2011, as well as the well-being goal of achieving a Wales of vibrant culture and thriving Welsh language. Recommending that panels reflect the linguistic profile of communities, and conducting sessions in Welsh could ensure greater participation, broader views, and greater balance to the feedback received.

Q8: We have asked a number of specific questions on the draft guidance. If you have any related issues which we have not specifically addressed, please enter here.

Comparison of local authority’s current corporate governance, planning and reporting duties, against the duties set out in the upcoming Local Government and Elections Wales Bill.

(Based on Draft statutory guidance: Performance and governance of principal councils December 2020)

CORE DUTIES	CURRENT LEGISLATION		NEW LEGISLATION	How is the council meeting its current planning and reporting duties?
	Local Government (Wales) Measure 2009 <i>TO BE REPEALED BY THE Local Government and Elections (Wales) Bill</i>	Wellbeing of Future Generations (Wales) Act 2015	Local Government and Elections (Wales) Bill – Part 6, Performance and Governance of principal Councils’	
Overview A Welsh improvement authority must make arrangements to secure continuous improvement in the exercise of its functions. An authority must have regard in particular to the need to improve the exercise of its functions in terms of— <ul style="list-style-type: none"> • (a)strategic effectiveness; • (b)service quality; • (c)service availability; • (d)fairness; • (e)sustainability; • (f)efficiency; and • (g)innovation. 	Local Authority: The Act places a duty on each public body to carry out sustainable development. Sustainable Development is defined as a process of improving the economic, social, environmental and cultural well-being of Wales. This needs to be done by taking action in accordance with the sustainable development principle so that the well-being goals are achieved. You must (in carrying out sustainable development) <ul style="list-style-type: none"> • Set and publish well-being objectives (s.3(2)(a)) • Take all reasonable steps to meet those objectives (s.3(2)(b)) • Publish a statement about well-being objectives (s.7(1)) • Publish an annual report of progress (s.13(1) and Sch.1) • Publish your response to a recommendation made by the Future Generations Commissioner for Wales (s.22(4)) Public Services Boards: The Act establishes a statutory board, known as a public services board, in each local authority area in Wales. PSB’s must <ul style="list-style-type: none"> a) assess the state of economic, social, environmental and cultural well-being in their areas; b) set local objectives that are designed to maximise their contribution within their areas to achieving the goals; c) the taking of all reasonable steps by statutory members of boards (in exercising their functions) to meet those objectives. 	<ul style="list-style-type: none"> • Duty of principal council to keep its performance under review <ul style="list-style-type: none"> • A principal council must keep under review the extent to which: <ul style="list-style-type: none"> • it is exercising its functions effectively, • it is using its resources economically, efficiently and effectively, and • its governance is effective for securing the above • Duty to consult local people etc. on performance • Duty of principal council to report on its performance • Duty of principal council to arrange panel performance assessment • Duty of principal council to respond to report of panel performance assessment • Duty of principal council to respond to Auditor General’s recommendations 	See specific sections below.	
Setting Objectives	✓ Improvement Objectives to be set annually.	✓ Well-being objectives to be set and reviewed annually. PSB sets well-being objectives and steps to meet them, following an in depth Well-being Assessment..	✗ No specific duty to set objectives, but as part of the duty to report on performance, there is a requirement for the council to set out any actions it intends to take to increase the extent to which is it meeting the performance requirements.	Well-being / Improvement Objectives: The council’s current Well-being objectives are published in Vision 2025: Our Corporate Improvement Plan. Its well-being objectives are also its Improvement Objectives.
Publish Corporate	✓	✓	✓	Vision 2025-Our CIP: The council updates and publishes its Corporate

Plans/ Strategies/ Statements	<p>Improvement Plan – ‘Towards the beginning of each financial year each local authority is obliged to publish its forward looking improvement plan outlining how it proposes to discharge its general duty and to meet its improvement objectives for the next 12 months or longer.’</p>	<p>Public bodies must publish a Well-being Statement about their well-being objectives at the same time that they publish their well-being objectives. To avoid duplication, both requirements should be contained in the Corporate Plan (or similar document). The statement must contain a number of elements set out in the guidance.</p> <p>Each Public Services Board must prepare and publish a local Well-being plan setting out its local objectives and the steps it proposes to take to meet them. Must be published no later than 12 months after each subsequent ordinary election.</p>	<p>Through an annual self-assessment the council will identify areas for action to increase the extent to which it is meeting the performance requirements, and put in place a plan to ensure this is undertaken. The self-assessment should be considered the start of the process, not an end in itself. The conclusions may, for example, inform the corporate, well-being objectives or delivery plans or scrutiny work plans as appropriate</p> <p>Ensuring sustainability of services for the long term should be at the heart of the actions. This may involve looking to the long-term on future trends, risks and opportunities, considering alternative ways of delivering services such as use of digital technologies, or collaborating with other public and third sector bodies.</p>	<p>Improvement Plan Annually, which includes the well-being objectives statement and steps it will take to meet them.</p> <p>Integrated Business Plans: Each service develops an Integrated Business Plan annually to show how the objectives in the CIP will be delivered. The IBP’s also set out other objectives that services are delivering to re-design or improve their service.</p> <p>Towards 2040 – Well-being Plan: The council’s own objectives are aligned to relevant Steps in the PSB Well-being Plan called Towards 2040. The council currently leads on Steps 1, 4, 6, 9, 10.</p> <p>Medium Term Financial Strategy: As part of its Strategic Planning, the council also publishes a Medium Term Financial Strategy.</p>
Consultation/ Engagement	✓	<p>✓</p> <p>Duty to consult on Well-being Assessment and setting of Well-being objectives.</p>	<p>✓</p> <p>Duty to Consult on Performance: A council must consult a range of people at least once in each financial year about the extent to which the council is meeting the performance requirements. The statutory consultees are:-</p> <ul style="list-style-type: none"> • local people • other persons carrying on a business in the council’s area • the staff of the council • every trade union which is recognised (within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992 (c. 92)) by the council. 	<p>Each year, the council undertakes a number of engagement and consultation exercises to inform key strategic decisions aligned to the well-being objectives in Vision 2025.</p> <p>The council plays a key role in the consultation on the Well-being Assessment and PSB Well-being Objectives/ Steps.</p>
Annual Reports/ Self Assessments	✓	<p>✓</p> <p>Each public body is required to report on the progress it has made in meeting its well-being objectives for the preceding financial year. Annual Reports must be published as soon as possible, but no later than 31 March. The Act does not state the structure and content for annual report, but in preparing the report public bodies must review their well-being objectives.</p> <p>PSB is required to publish an Annual Report on progress against its Wellbeing objectives.</p> <p><i>Amendment of the Well-being of Future Generations (Wales) Act 2015 In paragraph 1 of Schedule 1 to the Well-being of Future Generations (Wales) Act 2015 (anaw 2), after sub-paragraph (2) insert— “(2A) In</i></p>	<p>✓</p> <p>Duty to report on performance - A council must produce a self-assessment report in respect of each financial year. The report must set out its conclusions on the extent to which it met the performance requirements during that year, and any actions it intends to take, or has already taken, to increase the extent to which it is meeting the performance requirements.</p> <p>Although the council is required to make and publish a self-assessment report once in respect of every financial year, it is for the council to determine when exactly to do this to best align with its own corporate arrangements. However, the report must be made as soon as reasonably practicable after the financial year to which it relates.</p>	<p>Quarterly Performance Reports: The reports present a summary of the Council’s performance on a quarterly basis within the financial year, providing Cabinet with an opportunity to review performance, consider any emerging issues, and direct any remedial actions considered necessary.</p> <p>Council Annual Performance Report: Information collated through the quarterly reports is used to develop the Annual Performance Report which is published no later than 31st October each year.</p> <p>PSB Annual Well-being Report: The Council leads on developing the PSB statutory annual report.</p> <p>Integrated Business Plans: All services carry out an annual self-assessment of</p>

		<p><i>respect of any financial year, a local authority may publish its report under this paragraph and its report under section 91(1) of the Local Government and Elections (Wales) Act 2021 (self-assessment of performance) in the same document.”</i></p>		<p>performance, workforce and finance as part of reviewing their plans.</p> <p>The Council also publishes: Director or Social Services Annual Report, Welsh Language Standards Annual Report and Strategic Equality Plan Annual Report. From 2020 onwards the report on Strategic Equality Objectives will be integrated into the Annual Performance Report for our CIP (Well-being objectives).</p> <p>An Annual Governance Statement is also published annually to set out effectiveness of the council’s governance arrangements.</p>
<p>Scrutiny</p>	<p style="text-align: center;">✓</p> <p>There is a clear role for an authority’s scrutiny function in its improvement processes: as part of its role in holding local decision makers and policy makers to account, and in its policy development role. This should extend to:</p> <ul style="list-style-type: none"> • scrutiny of the processes that an authority has gone through in the discharge of the general duty to improve; • scrutiny of the fitness of the organisation to discharge the general duty to improve; • scrutiny of the processes that the authority has gone through in the selection of its improvement objectives, including a review of the level of engagement with stakeholders; • scrutiny of the monitoring of the progress of the delivery of the authority’s improvement objectives; • promoting innovation by challenging the status quo and encourage different ways of thinking and options for delivery. 	<p style="text-align: center;">✓</p> <p>Overview and Scrutiny committee is a statutory consultee for PSBs</p> <p>Role to review both council’s and PSB’s wellbeing objectives (S35 – a specific power to do the latter).</p>	<p style="text-align: center;">✓</p> <p>Scrutiny is a key part of offering constructive challenge to how a council is performing and how it organises itself in the delivery of sustainable services. The council should determine how best to involve their scrutiny committee in the self-assessment of the extent to which the council is meeting the performance requirements.</p> <p>The council must make a draft of its self-assessment report available to its governance and audit committee. The committee must review the draft report and may make recommendations for changes to the conclusions or action the council intends to take. If the council does not make a change recommended by the governance and audit committee, it must set out in the final self-assessment report the recommendation and the reasons why the council did not make the change.</p> <p>The council must make a draft of its response to the panel performance assessment available to its governance and audit committee, which must then review the draft response and may make recommendations for changes to the response to the panel assessment.</p>	<p>Scrutiny are involved in the development of all the following plans/ reports:</p> <ul style="list-style-type: none"> • Vision 2025: Our CIP • Quarterly Performance Reports • Annual Performance Reports
<p>Audit/ Inspection</p>	<p style="text-align: center;">✓</p> <p>a) Annual audit by WAO with regards discharge of duties and following of guidance b) Annual assessment of improvement plan and performance report (Annual Improvement Report published by WAO)</p>	<p style="text-align: center;">✓</p> <p>Reviews by SD Commissioner: <u>Power</u> to conduct a review into how public bodies are applying the well-being duty including:</p> <ul style="list-style-type: none"> • steps taken or proposed to meet well-being objectives; 	<p style="text-align: center;">✓</p> <p>If the Auditor General for Wales considers that a council is not, or may not be meeting, the performance requirements, the Auditor General may carry out a special inspection. This inspection is to assess the extent</p>	<p>Quarterly Performance Reporting: The Council tracks audit and inspection recommendations through its quarterly monitoring cycle. CYNGOR SIR POWYS COUNTY COUNCIL.

CABINET EXECUTIVE

26 January 2021

REPORT AUTHOR: County Councillor Myfanwy Alexander
Portfolio Holder for Adult Social Care

County Councillor Iain McIntosh
Portfolio Holder for Housing, Planning and Economic
Regeneration

REPORT TITLE: Transfer of Neuadd Maldwyn

REPORT FOR: Decision

1. Purpose

- 1.1. This report recommends that Neuadd Maldwyn is transferred by way of the Council's capital contribution to the development of extra care housing in Welshpool by the Council's preferred development partner, Clwyd Alyn Housing Group (Clwyd Alyn).

2. Background

- 2.1. On the 21st May 2019 Powys County Council Cabinet considered and authorised the recommendations in a report, entitled Extra Care Housing Development in Powys. This report set out the Council's intention to work with housing providers to develop extra care schemes across Powys. One of these schemes was to develop extra care at Neuadd Maldwyn, Welshpool.

- 2.2. A further report on the 9th July 2019, entitled Extra Care & Neuadd Maldwyn, Welshpool, was considered and its proposals supported by the Cabinet. The recommendations were:

- 2.2.1. *That Cabinet agree in principle to transfer Neuadd Maldwyn at nil cost to ClwydAlyn, to enable the development of an extra care housing scheme at the site*
- 2.2.2. *That the capital receipt foregone in disposing of Neuadd Maldwyn at nil cost, is regarded as the council's capital contribution to the development of the extra care scheme*
- 2.2.3. *The transfer to be made following a final decision by the Cabinet for Powys County Council when assurance is received of the development's viability and practicality, with*

commitments from ClwydAlyn on the development commencement via a further report.

2.2.4. *An effective communication strategy should be developed to provide clarity on all sections of the community and responsibilities of partners within the project.*

2.3. Therefore, in reference to 2.2.3, the Council is now able to confirm that the development plans have been through the planning process and, pending the decision as to whether the application should be referred to the Welsh Ministers for their determination, that the development is considered viable and practical. The Cabinet and the Executive Management Team have met with the Chief Executive Officer of ClwydAlyn, who has confirmed the organisation's commitment.

3. Advice

3.1. As confirmed in previous reports, the demand for extra care in Welshpool and the surrounding area is one of the highest in Powys. Population projections indicate a 157% increase in the numbers of people aged over 85 by 2036 (from 950 to 2,445), with a corresponding increase in individuals who have dementia of 83% (from 497 to 910). With no extra care available, only 115 sheltered accommodation units available and only 8 residential care beds for dementia per 1,000 population, there is a clear demand for extra care.

3.2. Extra care housing is the ideal provision to address these current gaps in service and to meet the current and projected demand. Appendix I of the report of 7th July 2019, demonstrated an anticipated revenue saving associated with provision of extra care in lieu of residential care.

3.3. As set out in the Cabinet report of the 21st May 2019, it is proposed that extra care is to be provided in Welshpool in association with the Clwyd Alyn Group. Clwyd Alyn have over 200 properties in Welshpool as well as having an office in the town. The Group have experience of developing extra care housing in listed buildings and have developed an extra care scheme in a listed building in Wrexham.

3.4. Clwyd Alyn is a registered social landlord and is a part of the Clwyd Alyn Charitable Registered Society. They are an investment rated organisation (currently the only Housing Association of its kind in Wales). The Group has £34m immediately available for construction projects with a further £90m in retained bonds for future development growth.

3.5. The proposal is for an extra care housing scheme to be developed in Neuadd Maldwyn, which has been declared as surplus to requirements of the Council, following the North Area accommodation review. The unique location of the building which allows level access to Welshpool town centre is ideal.

- 3.6. The use of the building as extra care housing and having Clwyd Alyn as the landlord will ensure that the character of the grade II listed building will be maintained and that the building will have a new lease of life. Overview drawings of the planned scheme can be found at <https://pa.powys.gov.uk/online-applications/applicationDetails.do?activeTab=documents&keyVal=Q9GF BXMPH0T00>. The development's target completion date with residents able to move into the property is winter 2022/23.
- 3.7. The site incorporates a building in the car park, currently used as storage by the caretaker, which has an asbestos roof and would be included in the development. The approximate number of rooms within the development would be 60. The Council's Social Services will have nomination rights for existing service users, and this would ensure that local people in need are housed at the extra care schemes.
- 3.8. Further information on the feasibility of the scheme was set out in the Cabinet report of 9th July 2019.

4. Resource Implications

- 4.1. The estimated cost of converting Neuadd Maldwyn for extra care is £11.59 million, which will provide a significant investment in the town centre.
- 4.2. The costs are split as follows:
 - 4.2.1. ClwydAlyn Investment: £4,866,779
 - 4.2.2. Social Housing Grant: £4,158,040
 - 4.2.3. Integrated Care Fund: £2,562,750
- 4.3. As set out in the report of 7th July 2019, Neuadd Maldwyn's value for accounting purposes is shown as £550k for existing use value on the asset register. An independent valuation report by the District Valuation Service (DVS) dated 15 March 2020 has deemed the market value of the whole site (including Chalfont) to be £660,000.
- 4.4. A technical adjustment in the fixed asset register for the disposal would be "A transfer for nil value and would produce a loss of £523k in the councils accounts funded through unusable reserves"
- 4.5. The Welsh Government will only allow a housing association to draw down grant funding (such as Social Housing Grant) to fund an agreed strategic purpose. The agreed strategic purpose in this instance is to provide extra care facilities in Welshpool. Therefore, DVS were also asked to value the site as an extra care facility, and they deemed that there would be a negative value due to the development costs involved of converting this listed building. Therefore, as the property is to be transferred for extra care housing it has a nil value.

5. Legal implications

- 5.1. Legal: The recommendations can be supported from a legal point of view.
- 5.2. The Head of Legal and Democratic Services (Monitoring Officer) has commented as follows: "I note the legal comment and have nothing to add to the report".

6. Data Protection

- 6.1. The proposal does not involve the processing of any personal data.

7. Comment from local member(s)

- 7.1. This matter has been discussed with the local councillors in Welshpool area.

8. Integrated Impact Assessment

- 8.1. Please see impact assessment in Appendix 2 which remains unchanged since the previous report to Cabinet

9. Recommendation

- 9.1. For Property Services and Legal Services to work with ClwydAlyn to transfer the property from the ownership of Powys County Council to ClwydAlyn Housing Association as soon as possible following Planning Permission is given. A draft version of the final agreement (Her Majesty's Land Registry's Transfer of Part of Registered Titles) can be found in Appendix 1.
