QUESTIONS AT ANY TIME TO CABINET PORTFOLIO HOLDERS

Response by the Portfolio Holder:

The process for changing speed limits associated with the scheme to make restricted roads 20mph can only include those limits directly associated with the scheme. Thus any consideration for a limit at the sheephouse bends could not be included.

Any other request for a speed limit needs to be considered on its own merits and in accordance with the guidance from Welsh Government. As referenced within the presentation, the Welsh Government are in the process of updating their guidance on setting local speed limits therefore it is prudent to wait until that document is available and also the changes necessary for the 20mph scheme is completed prior to considering any other changes.

Once the exception maps, and other maps requiring modifications to the speed limits, are produced we will then undertake the required consultations to make any necessary traffic orders.
