QUESTIONS AT ANY TIME TO CABINET PORTFOLIO HOLDERS

Question From:	County Councillor Gareth E Jones
Subject:	Follow up question re School Catchment Areas
Question To:	County Councillor Jackie Charlton Cabinet Member for a Greener Powys

Question:

Areas of the County from which Pupils are Transported to Schools which are not the closest School to their homes.

Thank you for the response to my previous question in respect to the number of pupils being transported to a catchment school which is not the closest School to their home address, and I fully understand that at the start of the School year, officers are required to ensure that all entitled pupils are transported to their respective schools in a efficient manner.

I note from your response that the authority takes into account both “the culture of the area” and “the geographical topography of the area” when deciding which Schools catchment area the child’s / young persons home is within.

Can you please provide me with a list of the geographical areas of the County where either or both these factors are taken into consideration.
