CT highlighted that not all elected members representing Powys County Council on the Board were Cabinet Members as noted on page 1 of the minutes.

<b>4.</b>	<b>PARTNERIAETH SGILIAU RHANBARTHOL CANOLBARTH CYMRU / MID WALES REGIONAL SKILLS PARTNERSHIP</b>
-----------	--

ACH provided members with a progress update on the Mid Wales Regional Skills Partnership. It was noted that the RSP had received a copy of the Grant Award Letter and Schedule 2 Targets documents. Reference was given to the Forward Work Programme, including the key deliverables for the next 12 months as listed in paragraph 4.5 of the report.

The deadline for a second RSP Project Officer has been extended to 09.10.22. Due to the period of mourning, the RSP Annual Meeting, due to be held on 12.09.22 has been re-arranged for 17.10.22 at 2pm. ACH along with both Leaders of the Council recently held interviews for an RSP Board Chair which would be announced at the Annual Meeting. Adrian Watkins would remain as Chair until 17.10.22. Reference was given to the Growing Mid Wales newsletter released on 22.08.22 and to the background of the proposed RSP Board Logo.

The Chair explained that both he and the Leader of CCC were pleased to be able to appoint a high-quality Chair before the Annual Meeting.

ACH clarified they had received 68 responses to the business survey which was relatively low, yet comparable to previous surveys. The survey had been shared in all possible ways. Engagement with businesses was ongoing and another survey to seek their views would be shared in due course. To date, other RSPs had also received low response rates. In terms of the delivery of apprenticeship

provision, ACH explained that the report had not yet been shared with the RSP Board therefore she was unable to go into detail. Generally, many employers chose to pay for apprenticeships across the border due to barriers such as the availability, quality and the appropriateness of courses. Further conversations needed to take place with partners. Members were urged to come forward if they had any suggestions.

KH highlighted there would be a cause for concern if businesses chose apprenticeships across the border due to linguistic reasons and specialist framework. Consideration may need to be given to a more flexible approach to ensure that skills required in the region were developed within the region.

ACH explained that there had not been much response related to the Welsh language despite working with Coleg Cymraeg Cenedlaethol and the Welsh Language Commissioner. Workshops to engage with employers to develop access to the Welsh language would be held once the Employment and Skills Plans had been launched. WG was working with RSPs to raise and address concerns around the lack of provision of the Welsh language in post-16 education.

In terms of expertise, England had apprenticeship standards, which met the needs of employers and businesses by considering improved methods and technology. The framework used in Wales was deemed much more rigid and there was no flexibility for input from employers. Employers were choosing to pay for the Standard in England, given that it offered a baseline skills level.

CT highlighted that key points and valuable feedback had been shared by the private sector and employers in the region.

ACH clarified that the concerns mentioned had been raised with Huw Morris and later with Chris Hare and at every other opportunity, however WG were content with the framework. Further education providers and sixth forms report that the framework in Wales worked however businesses did not share the same view. A greater number of responses to the survey would have been preferred therefore more work would be done with business to gather evidence. Once this had taken place, ACH noted that they would accept the support of both Chief Executives to raise the concerns with WG.

#### **RESOLVED**

- For GMW Joint Committee members to approve the proposed RSP logo
- To note progress to date.
