

Neuadd y Sir / County Hall, Llandrindod, Powys, LD1 5LG

QUESTIONS AT ANY TIME TO CABINET PORTFOLIO HOLDERS

Question From:	County Councillor Gareth E Jones
Subject:	Second follow up question in respect to areas of the County from which Pupils are Transported to Schools which are not the closest School to their homes
Question To:	County Councillor Jackie Charlton Cabinet Member for a Greener Powys

Question:

Thank you for the very brief response to my question of the 8th September in respect to the areas of the county where children / parents are given an option of transport to a school other than their closet school on grounds of “the culture of the area” or “the geographical topography of the area”.

In your response you provided examples of two geographical areas from which children and their parents have a choice of two school, the closest and a second school based on one or both above factors.

I had expected that in your response you would have provided the full list of the geographical areas across the County where children and their parents have a choice of transport to other than their closest School and was very disappointed that you felt that the response given provided a full answer to the question I asked.

Can I now ask that you now provide me with the full list of all the geographical areas of the County where either or both these factors are taken into consideration?

If you are unable to provide the full information or there are other reasons why this information is not readily available just let me know.
