

Standards Committee
General Dispensations – County Councillors

1. During the lifetime of the previous Councils (2008-2012 and 2012-2017) the Standards Committee decided to grant general dispensations in respect of some high profile contentious issues that were being dealt with at various times by the County Council, its Cabinet and Committees.

These general dispensations related to the following areas:

- School Modernisation and School Transport Reviews;
- Windfarms/Renewable Energy.

Both School Modernisation and Windfarms/Renewable Energy remain very much on the Authority's agenda.

2. In addition the Standards Committee has granted general dispensations in respect of other matters where it was considered that a large number of Members would be affected by the Members' Code of Conduct which in effect could mean that they would not be able to take part in discussions / debates (including voting) at committees, Council etc.

These general dispensations related to the following areas:

- School Governors;
- Membership of Voluntary Organisations;
- Lobbying.

These issues continue to be relevant for the new Council.

3. Other specific "one-off" general delegations were approved as well which are included here for completeness. However it is not known whether these issues will be an issue which will require consideration during this term of the Council. Those issues are:

- Spare Room Subsidy ("Bedroom Tax");
- Single Farm Payments.

4. **General Dispensations.**

The information regarding each specific general dispensation is set out below together with the Committee's previous decision. The Committee is asked to consider renewing the general dispensation in each case for the period current Council term ending in May 2022.

- 4.1 **School Modernisation and School Transport Reviews.**

- 4.1.1 The Council is continuing a School Modernisation Programme which has raised a number of complex issues in relation to the Members' Code of Conduct.

- 4.1.2 The previous Standards Committee's discussion centred around the need to allow members of the public to have a voice through their elected representative on an issue of such importance to the whole community and to ensure that the democratic process was not restricted. Whilst it was confirmed that there was no problem with school governors taking part in the process it was uncommon for a Member to be solely a school governor and most members had multiple and complex interests.

- 4.1.3 The previous Committee considered that the main area of difficulty for Members arose when pecuniary interests arose which were defined as those Members who
- were employed in a school,
 - who had a close personal association with someone employed in a school (spouse, parent, child)
 - had a contract for school transport
 - Members who have children in schools who are likely to be affected by the decision or have a close personal association with a person who has children in a school likely to be affected by the decision
- 4.1.4 Since this was last discussed by the Standards Committee the following additional interest have been identified:
- Members who have a pecuniary interest because of out of school transport costs
- 4.1.5 The previous Committee emphasised that a pecuniary interest did not go so far as to relate to a change of school for a child where the Member may choose to send their child to a school other than their designated school and thus incur travel expense.
- 4.1.6 Members reported that there was evidence that the blanket dispensation granted for matters relating to the School Modernisation process was being used by Members in relation to any matters relating to schools. The previous Committee confirmed that the blanket dispensation related only to the School Modernisation process.
- 4.1.7 The previous Committee agreed broadly with the view taken by the Committee in 2010 of the need to allow members of the public to have a voice through their elected representatives on an issue of such importance to the whole community and to ensure that the democratic process was not unduly restricted subject to a limitation in respect of prejudicial interests which were pecuniary arising from employment at a school, but since then we have identified additional interests identified in 4.1.4 above.
- 4.1.8 The previous Committee agreed that a blanket dispensation should be granted to all councillors in this connection and that it should extend to issues involving school transport which were also the subject of a current review and were intrinsically linked to the school modernisation programme. It was further decided that in relation to school transport review matters the dispensation should not apply in respect of a pecuniary prejudicial interest arising from an involvement with the provision of such transport.
- 4.1.9 The previous Committee also reaffirmed that the dispensation should apply only to matters arising directly under and linked to the actual school modernisation programme/ school transport review. In other words, the dispensation should not apply in circumstances where the issue involved an individual school, pupil or transport issue unrelated to such programme/review.

PROPOSED RESOLUTION	REASON FOR DECISION
That a blanket dispensation (the dispensation) in relation to school modernisation and any school transport issue be granted to all county councillors in accordance with and, subject to, the following provisions of this resolution:-	To enable members to represent their

<p>(a) the dispensation shall relate to all prejudicial interests under the Members Code of Conduct PROVIDED ALWAYS that the dispensation shall not apply where the councillor (irrespective of whether or not he/she is a member of the Cabinet or Scrutiny Committee) has a pecuniary prejudicial interest other than one that relates to out of school transport costs;</p> <p>(b) “school modernisation” means any modernisation proposal being undertaken by or for the Cabinet in relation to both primary, secondary and special schools but does not include non-modernisation issues (e.g. the budget, inspection, employment matters, ICT, catering, cleaning, refurbishment, repair or property items);</p> <p>(c) “school transport issue” means any issue relating to the planning, commissioning and procurement of transport for pupils attending primary, secondary and special schools both in and outside of Powys where the Council has a duty to provide such transport but does not include interests which are specific to a particular school, route or pupil unrelated to such review;</p> <p>(d) “pecuniary prejudicial interest” means a prejudicial interest under the Members Code of Conduct which results in financial gain, or financial loss, either immediately, or in the foreseeable future, arising (in the case of school modernisation) from employment as a teacher or otherwise at a school or, (in the case of the school transport) from the Council’s provision of school transport, to:-</p> <p style="padding-left: 40px;">(i) the councillor in question; or</p> <p style="padding-left: 40px;">(ii) someone with whom the councillor lives or has a close personal association e.g. close friends, close relatives, colleagues with whom the councillor has particularly strong connections, business associates and someone with whom the councillor has been in dispute with (NB1 Councillors should note however that “close personal association” does not include casual acquaintances, distant relatives or people you simply come into contact with through your role as member or your work in the local community) (NB2 Pecuniary Prejudicial Interest does not include the additional out of school transport costs incurred by a parent, grandparent, guardian, carer or person having parental responsibility);</p> <p>(e) the dispensation extends to:-</p>	<p>constituents in matters of great significance for Powys where they do not have a conflict of interest which is pecuniary; the committee being of the view that the grant of this blanket dispensation will not damage public confidence in the conduct of the Council’s business.</p>

<p>(i) attending any meeting formal or informal (as defined in the Members Code of Conduct) including meetings of the full County Council, Cabinet, Scrutiny or other Committee or Project Board;</p> <p>(ii) speaking and voting at such meetings; and</p> <p>(iii) making oral or written representations and generally playing a full role in representing constituents;</p> <p>(f) the dispensation is subject to compliance with:-</p> <p>(i) any legislative requirement;</p> <p>(ii) any common law rule including bias/predetermination;</p> <p>(iii) the council's constitution;</p> <p>(g) the dispensation shall continue in force until the first meeting of the Standards Committee after the next ordinary council elections in 2022 unless before those elections the Standards Committee revokes, amends or alters the dispensation;</p> <p>(h) for the avoidance of all doubt:-</p> <p>(i) the dispensation applies to all members including those who are Decision Makers;</p> <p>(ii) other than where a specific pecuniary prejudicial interest exists, as detailed above, the dispensation applies to all other types of prejudicial interests such as those arising from being a school governor or being the parent, grandparent, guardian, carer or person having parental responsibility for a child at a school;</p> <p>(iii) the dispensation does not apply where directly or through someone with whom the member lives or has a close personal association a pecuniary prejudicial interest exists as defined above;</p> <p>(iv) it is always a matter for the individual member to decide whether the interest is prejudicial;</p> <p>(v) a member who takes advantage of the dispensation must continue to comply with the Members Code of Conduct including the</p>

4.2 Renewable Energy.

4.2.1 This issue commenced with a proposal in Montgomeryshire relating to proposed large windfarms as well as an electricity sub-station and electricity pylons.

4.2.2 Given the extent to which these proposals affected a large part of Montgomeryshire and Northern Radnorshire, and the position in which very many County Councillors for the area found themselves, the previous Committee was asked to consider the desirability of granting Councillors (in their various roles) a blanket dispensation or dispensations to speak or speak and vote at meetings (including both formal meetings and meetings under the Members Code involving another Member and/or officer); to make representations in writing and orally and generally to play a full role (subject to compliance with the general law and the Council's Constitution – e.g. Planning Protocol) in representing their constituents in relation to this matter.

4.2.3 It was suggested that the County Councillors affected by a renewable energy development could be considered to fall into three categories in relation to this matter:

- (i) those that are on the Planning Committee or / Cabinet and could be classed as "Decision Makers" (Planning Committee members in relation to the Hub; and Cabinet members in relation to the Pylon Consultation);
- (ii) those who are "Local Members" and
- (iii) the relevant Portfolio Holder.

It was further noted that some County Councillors were also Town or Community Councillors.

4.2.4 In their deliberations the previous Committee took note of the following:

- It had generated a considerable amount of local interest much of which opposed the development;

- It was perceived that constituents would wish their local County Councillor to be free to put forward the views of the local communities in relation to this development and to clearly articulate and make public their own view irrespective of any personal and prejudicial interest a member may have under the Members Code of Conduct;
- The likelihood was, given the wide spread impact of this development, that many Members would be directly and indirectly affected whether adversely or possibly beneficially resulting in them having personal and prejudicial interests under the Members' Code of Conduct;
- Those Members in areas affected who wish to act as Decision Makers on either the Cabinet or Planning Committee would find difficulty in playing any significant "constituency role" in their elected division due to the difficulties caused by the likely perception that as a consequence of their role locally they had formed a "closed mind" and were "predetermined"; and
- The different types of personal and prejudicial interests that could arise appeared to be diverse and it would be difficult, if not impossible, to categorise all such interests in terms of those which ought to be the subject of dispensations and those which should not.
- The uncertainty around the timescale relating to the submission of the formal planning applications might result in there being changes to the current membership of the Cabinet and Planning Committee by the time the applications are actually considered.

4.2.5 The previous Standards Committee was firmly of the view that a member of the Planning Committee who had a personal and prejudicial interest in this development within the terms of the Members' Code of Conduct should not be given a dispensation to take part in the Planning Committee process regarding the Hub as "Decision Makers". Whilst it was considered neither appropriate or justified to consider granting dispensations to members of the Planning Committee in respect of their decision making role the previous Standards Committee were of the view that if a Planning Committee Member elected to step aside from their decision making role to undertake a "Local Member" role in relation to this development such a Member should be granted a dispensation to attend meetings, speak, make representations etc. in order to effectively represent their constituents notwithstanding the existence of any personal and prejudicial interest. Additionally and irrespective of any dispensation such a Member would also remain free under the Council's Planning Protocol to play the role of Local Member in addressing the Planning Committee under the public speaking provisions of that protocol.

4.2.6 Similarly where a Cabinet Member had a personal and prejudicial interest in respect of this development the previous Standards Committee were of the view that (as with Planning Committee Members) such a Member should not be granted a dispensation of any sort so as to enable him/her to undertake a decision making role. If a Cabinet Member elected to step aside from their decision making role to undertake a "Local Member" role such a Member should be granted a dispensation to attend meetings, speak, make representations etc. in order to effectively represent their constituents. Additionally and irrespective of any dispensation such a Member would, also remain free under the Council's Planning Protocol to play the role of Local Member in addressing the Planning Committee under the public speaking provisions of that protocol.

4.2.7 In relation to Councillors who had a personal and prejudicial interest in a renewable energy development but were neither a Cabinet Member or a Planning Committee Member the previous Standards Committee were of the view that to avoid all doubt they should be granted dispensations in line with those referred to above for Members of the Cabinet and Planning Committee who opted to stand aside from their decision making role and play the role of "Local Member". That is to say they should be granted dispensations in respect of all and any personal and prejudicial interests under the Members' Code of Conduct arising directly

or indirectly as a result of the proposed development to enable them to speak and vote at meetings, make oral and written representations and generally to play a full role (subject to compliance with the general law and the Council's Constitution – e.g. Planning Protocol) in representing their constituents in relation to this matter. Members need to be aware however that whilst they may not currently be members of the Cabinet or Planning Committee if they were subsequently to become members their position on the Cabinet or Planning Committee in so far as a decision making role in relation to this development was concerned might be compromised by their previous Local Member role activities.

4.2.8 By way of completeness and to summarise it was emphasised that in so far as a Planning Committee Member was concerned if he/she concluded (at any point in time) that he/she had a personal and prejudicial interest in the matter then the Standards Committee's stance was they should not sit as a decision maker and should not be granted a dispensation to do so. That Councillor could however step aside as a decision maker and declare himself/herself as acting as "Local Member" in respect of the development. This would allow him/her (on the basis of a blanket dispensation granted by the Standards Committee) to play a full role in their local electoral division and, with the permission of the person presiding, to address the Cabinet when it discussed any consultation representations to be made on behalf of the Council. Having addressed the Cabinet he/she would then leave the room and take no part in the debate. Furthermore under the public speaking protocol the Councillor could make representations to the Planning Committee on the matter and then leave the meeting room.

4.2.9 In the case of a Cabinet Member concluding (at any point in time) that he/she had a personal and prejudicial interest the previous Standards Committee's view was that such a Member should not sit as a decision maker in relation to any consultation and should not be granted a dispensation to do so. Such a Member could however step aside as a Decision Maker and declare himself/herself as acting as "Local Member" in respect of the development. This would allow him/her (on the basis of a blanket dispensation granted by the previous Standards Committee) to play a full role in their local electoral division and, with the permission of the person presiding, to address the Cabinet when it discussed any consultation representations to be made on behalf of the Council. Having addressed the Cabinet he/she would then leave the room and take no part in the debate or vote. Additionally under the public speaking protocol he/she could make representations to the Planning Committee on the matter and then leave the meeting room.

4.2.10 The previous Standards Committee concluded that given all of the circumstances outlined above it was appropriate and would not damage public confidence in the conduct of the Council's business to grant a blanket dispensation to Councillors with personal and prejudicial interests under the Members' Code of Conduct arising out of such a development to enable them to play a non-decision making role. Such a dispensation would apply to all Councillors who are not Members or the Cabinet or Planning Committee or, if they were, had decided to step aside as decision makers as solely play the role of Local Member in relation to this matter.

4.2.12 Other Interests.

The types of interests highlighted by Members included:

- Financial/land interests
- family interests
- being a Governor of a school on the potential path of pylons
- being a member of a trust dispensing community benefits
- business under contract with a wind farm developer
- conflict between the members electoral division role and their role on behalf of the Council

- being a trustee of a charity which could be affected.

4.2.13 The previous Standards Committee decided that a blanket dispensation should be granted to all councillors including decision makers on the Cabinet and the Planning Committee provided that no dispensation would apply where, in relation to a specific planning application or a site specific matter, a member (irrespective of whether or not he/she is a member of the Cabinet or Regulatory Committee) had a prejudicial interest which was pecuniary.

PROPOSED RESOLUTION	REASON FOR DECISION
<p>That a blanket dispensation (the dispensation) in relation to renewable energy issues be granted to all county councillors in accordance with and, subject to, the following provisions of this resolution:-</p> <p>(a) the dispensation shall relate to all prejudicial interests under the Members Code of Conduct PROVIDED ALWAYS that the dispensation shall not apply in respect of a specific planning application or site specific matter where the councillor (irrespective of whether or not he/she is a member of the Cabinet or Regulatory Committee) has a pecuniary prejudicial interest;</p> <p>(b) “renewable energy issues” means any question, motion, report, notification, communication, discussion, consultation, proposal, application, appeal, process or proceedings, development or works, involving, related to, concerning, or connected with, a renewable energy development including any associated :-</p> <p>(i) Turbines, solar panels, hydro schemes, substations, pylons, overhead or underground cables or wires or any other infrastructure;</p> <p>(ii) Infrastructure transport, highway, tourism and regeneration issues;</p> <p>(iii) community benefits; and</p> <p>(iv) national or local policy, plan or guidance, white or green paper;</p> <p>(c) “pecuniary prejudicial interest” means a prejudicial interest under the Members Code of Conduct which results in financial gain or financial loss either immediately or in the foreseeable future to:-</p> <p>(i) the councillor in question; or</p> <p>(ii) someone with whom the councillor lives or has a close personal association e.g. close friends, close relatives, colleagues with whom the councillor has particularly strong connections, business associates and someone with whom</p>	<p>To enable members to represent their constituents in matters of great significance for Powys where they do not have a conflict of interest which is pecuniary; the committee being of the view that the grant of this blanket dispensation will not damage public confidence in the conduct of the Council’s business.</p>

the councillor has been in dispute with (NB Councillors should note however that “close personal association” does not include casual acquaintances, distant relatives or people you simply come into contact with through your role as member or your work in the local community);

(d) the dispensation extends to:-

- (i) attending any meeting, formal or informal (as defined in the Members Code of Conduct), including meetings of the full County Council, Cabinet, Scrutiny, Regulatory or other Committee;**
- (ii) speaking and voting at such meetings; and**
- (iii) making oral or written representations and generally playing a full role in representing constituents;**

(e) the dispensation is subject to compliance with:-

- (i) any legislative requirement;**
- (ii) any common law rule including bias / predetermination;**
- (iii) the council’s constitution including the Planning Protocol which, inter alia, provides that a “Local Member” must never seek to lobby or improperly influence a “Decision Maker”;**

(f) the dispensation shall continue in force until the first meeting of the Standards Committee after the next ordinary council elections in 2022 unless before those elections the Standards Committee revokes, amends or alters the dispensation;

(g) for the avoidance of all doubt:-

- (i) the dispensation applies to all members including those who are Decision Makers such as those members who sit on the Cabinet or the Regulatory Committee;**
- (ii) the dispensation does NOT apply where directly, or, through someone with whom the member lives or has a close personal association, a pecuniary prejudicial interest exists;**
- (iii) other than where a specific PECUNIARY prejudicial interest exists, as detailed above, the dispensation applies in the case of all other types of prejudicial interests ;**
- (iv) it is always a matter for the individual member to decide whether the interest is prejudicial;**
- (v) the dispensation does not affect a member’s ability to exercise the right not to be a Decision Maker but, instead, play the role of Local Member;**
- (vi) a member who takes advantage of the dispensation must continue to comply with the Members Code of Conduct**

<p>including the requirements in relation to:-</p> <p>(1) the disclosure of his/her personal and prejudicial interest at meetings and in discussions indicating the nature of such interest and confirming that he/she is participating with the benefit of the dispensation; and</p> <p>(2) the giving of the requisite written notification in connection with these disclosure requirements;</p> <p>(vii) the dispensation, whilst it does not apply to any member (irrespective of whether or not he/she is a member of the Cabinet or the Regulatory Committee) with a pecuniary prejudicial interest, does not affect the right (under the Members Code of Conduct) of a member who has a pecuniary prejudicial interest to speak and then withdraw from a meeting where the public are accorded the right to speak at such meeting (as is the case currently with the Regulatory Committee).</p>

4.3 School Governors.

- 4.3.1 The Members' Code of Conduct provides that councillors either elected by their Council or appointed by other means as school governors have a personal interest when matters relating to education or the school where they are a governor are considered.
- 4.3.2 The Code in addition grants an exemption to Councillors who have been appointed by their Council as school governors to take a full part in discussions excluding regulatory type matters e.g. planning. It is also arguable that another exemption applies i.e. the one relating to "another public authority or body exercising functions of a public nature in which you hold a position of general control or management" as it would be difficult to argue that governing bodies are not public bodies.
- 4.3.3 This exemption, however, does not apply for those Councillors not appointed by their Council. In effect this means that they are not allowed to speak on matters relating to the school where they are a governor in the same way as those Councillors appointed by their Council. They are therefore restricted to speaking about general school policy matters only, and when that general policy matter is applied specifically to the school where they are a governor, the Code says that this is a prejudicial interest, and the Councillor must withdraw from the meeting.
- 4.3.4 A complaint was received from the Chair of a Community Council in Powys in 2012 that democracy in his opinion was being hindered by the current wording of the Code in relation to voluntary organisations and the ability of Councillors to support / raise issues relating to those organisations in the Council due to the restrictive wording in the Code. A specific example is given relating to a school governor not appointed by the Council.
- 4.3.4 As officers advising on the Code of Conduct it is difficult to argue the case for governors appointed or not appointed by their Council being treated differently by the Code of Conduct as they are currently, and it was suggested that they should all be treated equally, irrespective of how they are appointed.
- 4.3.5 The previous Committee in 2012 was considering issues in relation to charities at its meeting on 5th December, 2012. As school governing bodies are clearly public bodies, it seemed appropriate that this "type" of organisation should, in addition to charities, be

considered for a blanket dispensation by the previous Standards Committee to remove the current restriction. It was further suggested that because of the type of organisation i.e. a public body, the same argument as for charities applies i.e. that granting a blanket dispensation would not damage public confidence if Councillors were fully involved in matters relating to schools. The only exception that should be considered is that used for previous blanket dispensations i.e. where the councillor has a pecuniary prejudicial interest.

4.3.6 The previous Committee was therefore requested to consider the following:

- (i) granting a blanket dispensation to all councillors who are school governors appointed by their Council to take part in regulatory type matters (i.e. speak and vote);
- (ii) granting a blanket dispensation to all councillors who are school governors not appointed by their Council to take part in all matters relating to their school (including regulatory matters) (i.e. speak and vote)
- (iii) that the blanket dispensation does not apply where the Councillor has a pecuniary prejudicial interest. **(NB Pecuniary Prejudicial Interest does not include the additional out of school transport costs incurred by a parent, grandparent, guardian, carer or person having parental responsibility)**

4.3.7 The previous Committee considered that it would assist council business and not damage public confidence to grant a blanket dispensation to put all councillors who were school governors (irrespective of how they were appointed) on the same footing in respect of prejudicial interests relating to their role as school governors. Accordingly the previous Committee decided that councillors who were school governors otherwise than by way of appointment or nomination by their council should be granted a blanket dispensation to participate, speak and vote in respect of council business relating particularly to the schools where they are governors.

PROPOSED RESOLUTION	REASON FOR DECISION
<p>(i) That a blanket dispensation be granted to councillors who are school governors appointed otherwise than by the Council to participate, speak and vote in connection with council business relating particularly to the schools where they are governors (unless that business relates to the determination of any approval, consent, licence, permission or registration).</p> <p>(ii) That this blanket dispensation only relates to a prejudicial interest arising from the councillors role as a school governor and does not confer a dispensation in respect of any other type of prejudicial interest. (A Pecuniary Prejudicial Interest does not include the additional out of school transport costs incurred by a parent, grandparent,</p>	<p>(i) To place all councillors who are school governors on an equal footing with regard to prejudicial interests so as to facilitate the democratic process and assist council business; the Committee being of the view that to do so will not damage public confidence in the conduct of the council's business.</p> <p>ii), iii) and iv) To define the dispensation and its duration.</p>

<p>guardian, carer or person having parental responsibility)</p> <p>(iii) That this dispensation is subject to the existing blanket dispensation granted by the Committee in respect of school modernisation and school transport</p> <p>(iv) the dispensation shall continue in force until the first meeting of the Standards Committee after the next ordinary council elections in 2022 unless before those elections the Standards Committee revokes, amends or alters the dispensation</p>

4.4 Membership of Voluntary Organisations.

4.4.1 In December 2012 the previous Standards Sub-Committee decided to grant a blanket dispensation to town and community councillors who had membership (often not through appointment by their councils) of ‘voluntary Organisations’ such as non-profit making clubs, associations, societies, groups and organisations such as football, cricket, tennis clubs, allotment associations, history or drama groups, local festivals etc in respect of prejudicial interests which arose from their role as a trustee or member of voluntary organisation where they had not been elected, appointed or nominated to that position of trustee by their Council.

4.4.2 The previous Standards Committee considered that this blanket dispensation should be extended to County Councillors who are Members of such Voluntary Organisations where they had been appointed other than by the County Council.

PROPOSED RESOLUTION	REASON FOR DECISION
<p>1. That a blanket dispensation be granted to all County Councillors who are elected, appointed or nominated otherwise than by the County Council as :</p> <p>(a) trustees of registered charities (including where they are directors of limited companies running the charities); and</p> <p>(b) members (at whatever level) of Voluntary Organisations to participate, speak and vote in connection with council business relating to the charity of which the councillor is a trustee or the</p>	<p>1 To place all councillors who are trustees of registered charities or members (of whatever level) of Voluntary Organisations (howsoever elected, appointed or nominated) on an equal footing with regard to prejudicial interests so as to facilitate the democratic process and assist council business; the Standards Committee being of the view that to do so will not damage public confidence in the conduct of the council’s business and therefore the Standards Committee is satisfied that the grounds in Paragraph (d) of Regulation 2 of the Standards Committee (Grant of Dispensations)</p>

Voluntary Organisation of which the councillor is a member (at whatever level) including

- (i) regulatory matters concerning the registered charity of which the councillor is a trustee or the Voluntary Organisation of which the councillor is a member; and**
- (ii) the grant, loan or other form of financial assistance of more than £500 to the registered charity of which the councillor is a trustee or the Voluntary Organisation of which the councillor is a member**

but subject to the following:-

- (1) that the registered charity or Voluntary Organisation must be non-profit making and the Councillor (or a close personal associate) must not be in receipt of any financial reward or remuneration from the registered charity or Voluntary Organisation**
- (2) that this blanket dispensation only relates to a prejudicial interest arising from the Councillor's role as a trustee of the registered charity or member or as a member of the Voluntary Organisation and does not confer a dispensation in respect of any other type of prejudicial interest such as a pecuniary prejudicial interest.**
- (3) the dispensation shall continue in force until the first meeting of the Standards Committee after the next ordinary council elections in 2022 unless before those elections the Standards Committee revokes, amends or alters the dispensation**

(Wales) Regulations 2001 are met.

4.5 Lobbying.

4.5.1 Principles regarding applications for dispensation relating to lobbying

The previous Standards Committee received two requests from Council to consider granting applications for dispensation for Members to discuss matters where there had been a proposal for the authority to play a lobbying role. A number of Members of the previous Standards Committee had indicated that they had interests in either one or both of the issues. It was therefore decided to discuss principles which could then be applied to the specific applications.

The types of applications coming before the previous Standards Committee were those which could either be high profile or would affect a significant proportion of residents of the county. Inevitably this would mean that a significant number of councillors would also be affected, and therefore would not be able to represent the views of their electorate. The previous Committee's view previously has been to try to ensure that as many councillors as possible could take part in such debates.

PROPOSED RESOLUTION:

The Committee agree that a dispensation to speak and vote should be granted if the following general principles were met:-

- (1) That the motion / decision involves lobbying for a revocation or variation or the influencing of a decision or proposed decision that has been made or is to be made by a body other than Powys County Council; and**
- (2) Where the matter affects a significant proportion of the Council / Cabinet / Committee so as either (a) no fewer than half of the members of the Council / Cabinet / Committee which is to consider the business has a personal and prejudicial interest in that business or (b) the inability of member(s) to participate would upset the political balance of the Authority or committee or Cabinet such that the outcome would be likely to be affected; and**
- (3) The issue is not one in which the Council is being consulted upon by an outside body (as those matters will be dealt with by officers and / or portfolio holders and influence / lobbying occurs as part of the consultation process).**
- (4) the dispensation shall continue in force until the first meeting of the Standards Committee after the next ordinary council elections in 2022 unless before those elections the Standards Committee revokes, amends or alters the dispensation**

4.6 Spare Room Subsidy ("Bedroom Tax")

- 4.6.1** In October 2013, a Notice of Motion to the County Council meeting on 24th October in relation to the "Bedroom Tax" was deferred as over 50% of Members present had disclosable interests which were both personal and prejudicial and therefore Members could not take part in the debate (i.e. the Member was either a private landlord, a tenant, or a member of their family or friend was a private landlord or a tenant). The Council referred the issue to the previous Standards Committee for consideration of a dispensation to enable a greater number of Members to take part in the debate.

4.6.2 The Notice of Motion to the County Council on 24th October 2013 stated:

Council resolves to:

- *Work with tenants, housing associations and advice services to mitigate the impacts of the Bedroom Tax;*
- *To share best practice with unitary authorities across Wales;*
- *To pledge that this Council will not evict a tenant who fails to pay the Bedroom Tax and instead, develop affordable repayment plans with tenants;*
- *Make representations to the UK Government and Powys MPs, calling for the abolition of the Bedroom Tax.*

4.6.3 It was not clear from the Notice of Motion if a pecuniary interest for private landlords would occur, however, the Notice of Motion suggested that this may be the case.

PROPOSED RESOLUTION:	REASON FOR RESOLUTION

4.7 Single Farm Payments.

- 4.7.1 In 2013 a County Councillor requested a dispensation arising from a question which had been raised by a Member for discussion by the Cabinet or County Council relating to changes to single farm payments. A request was sent to Members of the Council to determine how many Members of the Council or families / business associates were in receipt of the payment which might lead to a personal and prejudicial interest in accordance with the Members' Code of Conduct.
- 4.7.2 It was suggested to the previous Standards Committee that it was likely that at least half of the Council might have an interest in this matter and therefore it was suggested that the previous Standards Committee should consider granting a general dispensation so that as many Members as possible could take part in the debate.
- 4.7.3 The general trend by the previous Committee for similar requests has been to grant a dispensation except where there was a pecuniary interest, so for example the committee could be minded to grant a dispensation to those members where it was their families or business associates who received the single farm payment. However, those Members who received the payment themselves might be excluded from the dispensation.
- 4.7.4 The previous Committee considered that the Notice of Motion to Council/Cabinet on this matter would affect a significant number of Councillors in such a rural area as Powys.
