<b>Proposal</b>	Restructure administration support in PPPP						
<b>Outline Summary / Description of Proposal</b>							
<p><i>This proposal relates to reducing headcount within the Administration support services within PPPP. The administration staff were transferred into the service several years ago from BSU. At that time the structure of Administration Supervisors (1.5FTE) and Administrative Officers was retained, the supervisors maintaining line management and work allocation of the Admin Officers. There is an opportunity to align the Administration Officers with the various services and for the Professional Leads to put line management arrangements in place for the staff. This would lead to a better `team` approach for all the officers within the service units, enabling efficiencies and exploiting capacity opportunities.</i></p> <p><i>The savings would therefore be the 1.5 Supervisor posts at the commencement of this arrangement and could lead to further admin staff reductions when the replacement ICT system comes into operation in 2019.</i></p> <p><i>The proposal above would secure savings of:</i></p> <p><i>Admin Supervisor x 1.5 (FtE) – c.£49k</i></p> <p><i>The proposal would be to attract expressions of interest for voluntary redundancy from the whole bank of admin staff and whilst the supervisor`s posts would be made redundant, the 2 members of staff in post would have the opportunity to apply for admin officer posts within the structure.</i></p> <p><i>The above is a further cut in capacity for the administration team (Planning Services are cutting 2 fixed term posts from their structures) and the impact could mean Officers being tasked with more administration duties in the future.</i></p>
