4.	AMENDMENTS TO THE SCHOOLS FUNDING FORMULA & SCHEME FOR FINANCING SCHOOLS
-----------	---

Cabinet considered amendments to the Schools' Funding Formula (SFF), the Post 16 formula and the Scheme for Financing of Schools, following consultation with all schools. The amendments to the Schools' Funding Formula being proposed were

- The creation of a Teacher Learning Responsibility (TLR) allowance for secondary schools.
- Recognition of pupil movement during the year for secondary and primary and schools.
- Post 16 Grant Funding allocations.

The Chair of the Learning and Skills Scrutiny Committee advised that the Committee broadly welcomed the proposals but had been disappointed that the impact assessments had not been available for their meeting. Scrutiny felt that if Welsh Government funding to support the proposals was not forthcoming there were not sufficient steps in place to mitigate the risks to the proposal and there was a danger that this would be at the expense of other schools that had balanced their budgets.

Cabinet was advised that these considerations would be taken into account as part of the budget setting process.

RESOLVED	Reason for Decision

Cabinet considered the Customer First Improvement Plan that had been produced by the Housing service to address concerns identified in the STAR tenants satisfaction survey.
