2.3 The new strategy also sets out a number of guiding principles which will underpin the transformation of education in Powys. These are as follows:

- *A digitally-rich schools sector that enables all learners and staff to enhance their teaching and learning experience*
- *Community-focused schools that are the central point for multi-agency services to support children, young people, families and the community*
- *Early years provision that is designed to meet the needs of all children, mindful of their particular circumstances, language requirements or any special or additional learning needs*
- *Financially and environmentally sustainable schools*
- *The highest priority is given to staff wellbeing and professional development*

2.4 The new strategy sets out a number of Strategic Aims and Objectives, to shape the Council's work to transform the Powys education system over the coming years. One of the Strategic Aims of the Strategy is to *'improve learner entitlement and experience'*. Within this aim, the Strategy sets out a Strategic Objectives to *'Develop a network of all-age schools based around the 13 current secondary school locations'*.

- 2.5 The strategy also includes a Strategic Aim to *'improve access to Welsh-medium provision across all key stages'*. Within this aim, the Strategy sets out Strategic Objectives to *'Move schools along the language continuum'* and to *'Develop new primary and secondary provision'*.

### **3 Advice**

- 3.1 Based on the findings of the consultation, the advice of officers is that the Council should proceed with the proposal to amalgamate Llanfair Caereinion C.P. School and Caereinion High School to establish a new all-age school by publishing a Statutory Notice.
- 3.2 It is anticipated that Statutory Notices will be published before the end of January 2021, and that a further report, summarising any objections received, will be considered by the Council's Cabinet before the end of March 2021.
- 3.3 It is also acknowledged that a significant number of comments were received to the consultation in respect of the language category of the proposed new all-age school. These included comments which expressed a view that the current proposal was not ambitious enough in respect of the language category of the proposed new school, as well as comments which supported the proposal to retain the current dual stream provision in Llanfair Caereinion.

- 3.4 Whilst not a formal part of the proposal, a number of respondents took the opportunity to comment on the Council's approach to developing Welsh-medium provision at Caereinion and it must be noted that there was a strong response in favour of establishing designated Welsh-medium provision to serve the Llanfair Caereinion/Severn Valley area as well as criticism of the Council for lack of progress over the years.
- 3.5 In order to address this issue, the Council will accelerate the dialogue with representatives of the two schools and the community to explore ways to develop and enhance the Welsh-medium provision in Llanfair Caereinion and will also include all feeder schools in this dialogue.
- 3.5 The target would be for the new school to open in September 2022.
- 3.6 It must be noted that the establishment of a new school does not preclude that school from being a part of future reorganisation proposals.

#### **4. Resource Implications**

- 4.1 As indicated in the Consultation Document published in respect of this proposal, based on estimated pupil numbers for both schools in September 2022, it is estimated that implementation of the proposal would result in annual revenue savings to the Council of £11,994. This is calculated as follows:

Estimated funding for the two separate schools 21/22	£3,286,364
Estimated funding for one all-age school 21/22	£3,274,370
<b>Estimated saving / (Cost)</b>	<b>£11,994</b>

The estimated savings figure will be reviewed going forward as estimated pupil numbers change.

- 4.2 In line with the Council's Scheme for Financing Schools, should either school be in a deficit budget position on closure of the school, the deficit is written off.
- 4.3 In addition, in order to ensure effective stewardship of the resources available to schools, particularly those that are subject to closure, Powys' Scheme for Financing Schools makes provision for this under Section 3.7.2, where it states that:

'The Authority may impose additional restrictions, including but not limited to:

- restriction of expenditure to agreed plans

- removal of powers of virement'

4.4 It is therefore proposed that should a final decision be made to proceed with implementation of the proposal, the following actions would be taken:-

- spend at the schools would be restricted to that included in their approved budget plan and no virement of funds between budget headings to be permitted unless approved by the Authority;
- any staffing changes to be subject to approval by the Authority;
- any contracts awarded for the supply of goods or services to be subject to approval by the Authority.

This would ensure that expenditure was limited to that which was absolutely necessary to protect council resources.

4.4 Implementation of the proposal would require involvement from a number of service areas, including staff from the Schools Service, HR and Finance.

4.5 The Head of Finance (Section 151 Officer) notes the content of the report and can support the recommendations.

## **5. Legal implications**

5.1 Legal: The recommendation can be supported from a legal point of view

5.2 The Head of Legal and Democratic Services ( Monitoring Officer ) has commented as follows: " I note the legal comment and have nothing to add to the report".

## **6. Comment from local member(s)**

6.2

## **7. Integrated Impact Assessment**

7.1 An initial impact assessment was considered by Cabinet on the 29<sup>th</sup> September 2020.

A range of draft impact assessments were produced as part of the consultation documentation. These included an Integrated Impact Assessment, an Equalities Impact Assessment, a Community Impact Assessment and a Welsh Language Impact Assessment.

These draft impact assessments have been updated to reflect issues raised during the consultation period, and are attached in Appendix D.
