Field SO 1849 - 6672. - part of Church
House Farm, Bryngwyn farmed by the Edwards
Family.

My late father and then my brothers
and myself have farmed as neighbours and
fellow commoners to Church House since 1955.

The above area has always been regarded
as part of Church House farm and it has
not been used as part of the common. It
is surrounded by a hedge to keep it separate.

As far as I am aware other commoners
and local people would agree with the above.

(Currently acting as commoners
of Newchurch & Bryngwyn Common)
