Covid Community Recovery Fund Process

- On line applications received through public website (Covid Recovery Page). This included application form and criteria.
- Regeneration Officers carried out initial assessment against criteria of applications received using a traffic light system. Green met criteria, amber more information required, red did not meet criteria.
- The assessment report was taken to the Economic Development Delivery Group meeting, for consideration and discussion
- The final assessment was presented to the Thriving and Sustainable Economy Board for final approvals/refusal agreement.
- Applicants were informed of outcome.
