<p>A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>The preferred way forward would result in a new primary school building in Sennybridge to replace the current poor quality, inefficient building. The intention is that the new building will be BREEAM Excellent and Carbon Zero in operation, ensuring the building is as efficient as possible.</p> <p>Community benefits to include opportunities for traineeships / apprenticeships are a key requirement of 21st Century Schools projects, therefore it is anticipated that these opportunities would be available as part of implementing the preferred way forward.</p>	Very Good		Choose an item.
<p>A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>The intention is that the new building would be Net Zero Carbon in operation, which would be significantly more energy efficient than the current buildings. The design incorporates environmentally friendly outdoor spaces, retaining existing trees football pitch area and forest school. Further biodiversity methods would be incorporated into the scheme where practical.</p>	Good		Choose an item.

Sustainable Development Principle (5 ways of working)				
Long Term: <i>Looking to the long term so that we do not compromise the ability of future generations to meet their own needs.</i>	The proposal will provide a new building to replace the current poor quality, inefficient building currently occupied by Sennybridge Primary School. The new building will be more efficient and will ensure that money and time can be better spent on improving the quality of provision rather than on building.	Good		Choose an item.
Collaboration: <i>Working with others in a collaborative way to find shared sustainable solutions.</i>	Discussions with stakeholders associated with Sennybridge C.P. School have taken place when developing plans for the new school building. Engagement meetings have been held with the following: ALN Team representatives, school staff, Children Services, Heart of Wales Property Services and Schools Service. Other Council departments will be involved in project meetings to inform and discuss options.	Good		Choose an item.
Involvement (including Communication and Engagement): <i>Involving a diversity of the population in the decisions that affect them including:</i> Unpaid Carers: <i>Ensuring that unpaid carers views are sought and taken into account</i>	Discussions with stakeholders associated with Sennybridge C.P. School have taken place when developing plans for the new school building. These will continue as the project moves forward, as well as additional opportunities for other stakeholders associated with the school to be involved in the project.	Good		Choose an item.

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
This impact assessment suggests that the impact would be positive. The development of a new building to replace the current Sennybridge Primary School building would address many issues related to the poor condition of the current building, ensuring that future pupils would be taught in facilities that are fit-for-purpose, improving their learner entitlement and experience. The new facilities would be fully DDA compliant, supporting learners with disabilities. Further opportunities for integration between the school and other services, to have a positive impact on the health and well-being of pupils attending the school and their families.
