

CYNGOR SIR POWYS COUNTY COUNCIL
PORTFOLIO HOLDER DELEGATED DECISION
by
COUNTY COUNCILLOR JACKIE CHARLTON
CABINET MEMBER FOR A GREENER POWYS
May 2023

REPORT AUTHOR: Traffic and Travel Manager

REPORT TITLE: Exceptions to 20mph Restricted Roads and Other
Associated Speed Limit Orders

REPORT FOR: Decision

1. Purpose

- 1.1 This report seeks to secure portfolio holder authorisation for local highway authority traffic officers to commence the traffic regulation order consultation and making process in accordance with The Local Authorities' Traffic Orders (Procedure)(England and Wales) Regulations 1996 to:-
- Exempt sections of restricted roads from becoming 20mph on the 17th September 2023 and make them subject to a 30mph limit.
 - Revoke any existing 20mph (lit) zones which will no longer be permitted in Wales. To note the restricted road status of these roads will be returned and thus will automatically become limited to 20mph.
 - Revoke any existing 20mph speed limits that would become wholly or partially within a restricted road area. Existing 20mph roads (whether zones or limits) made by Order will retain their existing speed limit.
 - Restrict sections of unlit road to allow them to become 20mph on the 17th September 2023 to ensure consistent application of the 20mph limit in that locality.
 - Remove the restricted road designation on a unique section of road where the National Speed Limits should apply.

2. Background

- 2.1 The Welsh Government have made a significant legislative change making an Order entitled 'The Restricted Roads (20 mph Speed Limit) (Wales) Order 2022]' which will make all restricted roads (generally those subject to an existing 30mph restricted status) in Wales subject to a limit of 20mph from the 17th September 2023. The Order was made following a Ministerial commitment to make residential streets 20mph. Full background to this is available at [20mph speed limits | Sub-topic | GOV.WALES](#)
- 2.2 A restricted road is predominantly one with a system of streetlights unless there are existing traffic orders altering the status of the road and/or imposing another speed limit [eg 40mph]. It is important to note that some 30mph restrictions are imposed by traffic order and are not therefore defined as 'restricted roads' and will not be affected by the Welsh Government order, and are out of scope of this paper.

- 2.3 It was recognised by Welsh Government that not all current restricted roads should become 20mph and each Highway Authority has been tasked to consider if and where exceptions are appropriate and for these traffic orders to be made on the 17th Sept 2023 in conjunction with the default 20mph order. Welsh Government have published the following guidance '[Setting exceptions to the 20mph default speed limit for restricted roads](#)'. This guidance sets out the decision-making process and the criteria where exceptions are appropriate, such as where there is either a lack of sufficient frontage development and/or no other receptors such as school, hospitals or retail outlets located adjacent to roads which will mean there will be minimal pedestrian/cyclist activity and the form of the road is not consistent to the lower speed of 20mph.
- 2.4 This is a national programme and is currently being funded by Welsh Government. This funding specifically relates to the introduction of the 20mph default speed, and providing exceptions from the default so that the speed remains at 30mph, on restricted roads in Wales.
- 2.5 A list of all the locations and the required changes to the speed limits are enclosed in Appendix A. Plans showing these for identification purposes are enclosed in Appendix B.

3. Advice

- 3.1 A review of where exceptions may be appropriate has been undertaken applying the published guidance from Welsh Government to ensure that there is a consistent approach across Powys and Wales to the restricted roads that will become 20mph on the 17th September 2023. The proposals for exceptions are considered the most appropriate to ensure consistency.
- 3.2 Consultation with stakeholders and the public forms part of Traffic Regulation Order legal process.
- 3.3 Not undertaking this process will mean we have inconsistently applied speed limits to other areas of Wales and have some roads subject to 20mph limits when that would be unnecessary/inappropriate when compared to the national guidance. This will lead to complaints and requests for change speed limits at a later date, which would not be funded by Welsh Government.

4. Resource Implications

- 4.1 All costs associated with the consultation process, the implementation of the Traffic Regulation Orders and the manufacture/erection of the associated signage and carriageway markings will be funded by the Welsh Government. A grant of £1.6m has been awarded for this financial year and this is sufficient to cover all the necessary signing and also some additional measures that can be introduced as desirable measures within any remaining funding after the necessary works are completed by 17th September 2023.
- 4.2 The Head of Financial Services (Section 151 Officer) notes the above and supports the recommendation.

5. Legal implications

- 5.1. The Property Lawyer North has reviewed the proposals and they appear appropriate as long as we are acting in accordance with the Guidance and follow the correct procedures.
- 5.2. The Professional Lead for Legal Services and Deputy Monitoring Officer has commented as follows: "This report seeks to consult on the change in legislation regarding 'restricted' roads in Wales, to a default 20mph speed limit. It is imperative that the Council adhere to the relevant WG Guidance when consulting and implementing the proposals contained within the Restricted Roads (20mph Speed Limit) (Wales) Order 2022.

6. Data Protection

- 6.1 Personal data will be collected from responses to the public consultation and is essential to undertake this statutory requirement for making a Traffic Regulation Order. This data will be collected and managed in accordance with the privacy notice that is published on the Traffic Order Consultation page on our website.
- 6.2 The Data Protection Officer notes the requirement for public consultation and that the personal data collected during this process will be managed in accordance with the published privacy notice.

7. Comment from local member(s)

- 7.1 This is a county wide proposal, comment from individual Members has not been sought this stage however all Members where changes are proposed will receive direct request to engage within the consultation for the traffic orders.

8. Impact Assessment

- 8.1 An impact assessment is not required as this is a national scheme following Welsh Government published guidance.

9. Recommendation

Recommendation:	Reason for Recommendation:
To authorise the local highway authority to commence the legal public consultation procedure for the proposed traffic regulation orders relating to speed limits and exemptions to The Restricted Roads (20 mph Speed Limit) (Wales) Order 2022 as listed in Appendix A to this report, and if no substantive objections are received implement the traffic	To ensure speed limits are set appropriately in areas that should be exempted from The Restricted Roads (20 mph Speed Limit) (Wales) Order 2022 as well as complying with changes in regulations removing 20mph Zones in Wales and ensuring, where applicable, the 20mph limits commence in the most appropriate location.

Lengths of Road Currently a Restricted Road [30mph] to become National Speed Limit

Reason[s] to ensure the restricted road commences at the appropriate location where there is a change in the nature of the road. This will aim to increase compliance with the limit as drivers will better relate that limit with the change in surroundings.
