<p>A prosperous Wales: An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.</p>	<p>As part of the Council’s Strategy for Transforming Education in Powys, this proposal represents an innovative effort to ‘reconfigure and rationalise primary provision’ for the pupils of Llangedwyn. Implementation of this proposal would positively contribute to a Powys that uses resources efficiently, and which produces a skilled and well-educated population.</p>	<p>Good</p>		<p>Choose an item.</p>
<p>A resilient Wales: A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).</p>	<p>Implementation of the proposal would require additional travel for pupils currently attending Llangedwyn C. in W. Primary School for whom this is their closest school. This would have a negative environmental impact as more home to school transport would need to be provided to transport pupils to their nearest alternative school. However, Llangedwyn is not currently the closest school for the majority of pupils attending the school, so the number of pupils impacted by this would be minimal – it is possible that there would be a reduction in travel for some pupils.</p> <p>In addition, running a single school site is more environmentally friendly than running two, due to a reduction in the use of heating and electricity amongst other factors.</p>	<p>Neutral</p>		<p>Choose an item.</p>

<p>A healthier Wales: A society in which people’s physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood.</p> <p>Public Health (Wales) Act, 2017: Part 6 of the Act requires for public bodies to undertake a health impact assessment to assess the likely effect of a proposed action or decision on the physical or mental health of the people of Wales.</p>	<p>Implementation of the proposal would result in closure of Llangedwyn C. in W. School, with pupils transferring to Llanfechain C. in W. School. It is acknowledged that this could have a negative impact on the mental well-being of pupils, staff, and other stakeholders associated with the school during the transition period, however the long-term aim is to provide improved learning opportunities for all learners.</p>	<p>Poor</p>	<p>Support will be provided to pupils during the transition period to enable them to transfer effectively to their new schools.</p> <p>Pupils would be transferring to Llanfechain, which is currently federated with Llangedwyn, and are already familiar with this school, its staff and pupils through taking part in joint activities. This would help with transition arrangements.</p> <p>The process is to be concluded as quickly as possible to minimise the period of uncertainty for pupils, staff and other stakeholders.</p>	<p>Neutral</p>

<p>A Wales of cohesive communities: Attractive, viable, safe and well-connected Communities.</p>	<p>There would be a significant impact on the community of Llangedwyn, as there would no longer be provision in the village, and therefore there could be a potential loss of community facilities associated with the school.</p> <p>Additional travel would be required for pupils currently attending Llangedwyn C. in W. Primary School. Whilst free home to school transport would be provided to eligible pupils in accordance with the Council’s Home to School Transport Policy, there would also be an additional travel requirement for parents in order to access school activities / events. However, Llangedwyn is not currently the closest school for the majority of pupils attending the school, so the number of pupils impacted by this would be minimal – it is possible that there would be a reduction in travel for some pupils.</p> <p>A separate draft community impact assessment will be carried out which includes input from the school. This will be updated as required throughout the process.</p>	<p>Very Poor</p>	<p>The Llangedwyn School building is not owned by the Council. Should the school close, the building would be transferred to its owners, who would need to determine its future use, and therefore whether facilities would remain available in Llangedwyn.</p>	<p>Very Poor</p>

<i>People are encouraged to do sport, art and recreation.</i>	Implementation of the proposal would lead to the closure of Llangedwyn C. in W. <p><i>Socio-economic duty</i></p>	<p>The aim of the proposal is to provide improved educational opportunities for all pupils currently attending Llangedwyn C. in W. Primary School, including any eligible for Free School Meals. Teacher Centre data from August 2023 shows that 18% of pupils at Llangedwyn C. in W. School were eligible for Free School Meals, and these pupils would continue to receive free school meals at any alternative school that they would transfer to.</p> <p>Should the proposal be implemented, there would be no school in Llangedwyn. This would mean that pupils currently attending Llangedwyn C. in W. Primary School would need to travel to Llanfechain C. in W. School. Whilst home to school transport would be provided to eligible pupils, it is possible that this would impact on pupils' ability to access extra-curricular / after school activities, and that this impact would be greater in respect of pupils from lower income households. There would also be an impact on the parents of these pupils in terms of accessing school activities. However, Llangedwyn is not currently the closest school for the majority of pupils attending the school, so the number of pupils impacted by this would be minimal – it is possible that there would be a reduction in travel for some pupils.</p>	<p>Neutral</p>		<p>Choose an item.</p>

10. Overall Summary and Judgement of this Impact Assessment?

Outline Assessment (to be inserted in cabinet report)	Cabinet Report Reference:
The aim of the proposal is to improve the educational provision for learners. However, whilst this impact assessment has identified some positive aspects, in particular relating to learning and skills and ensuring the best strategic management of the Powys schools estate, the assessment has also identified some negative aspects. These primarily relate to the impact on the community of Llangedwyn due to loss of educational provision from the village.	

11. Is there additional evidence to support the Impact Assessment (IA)?

What additional evidence and data has informed the development of your proposal?
Full consultation would be required to implement this proposal, and this would enable the impact assessment to be further developed.

12. On-going monitoring arrangements?

What arrangements will be put in place to monitor the impact over time?
The Transforming Education Programme Board will continue to monitor impact over time.
Please state when this Impact Assessment will be reviewed.
The impact assessment will be reviewed at all stages of the development.
