

Impact Assessment

Schools Delegated Budget – Inflationary Pressures

Impact Assessments (IA) are a process of assessing how our proposals and decisions might impact upon different types of people and communities and developing proposals in line with relevant legislation.

This is a legal requirement, and ensures the Council considers key legislation, including Equalities, Welsh language, Future Generations, Socio-economic Duty and Risk when developing proposals.

It will also help the Council make the best possible decisions for the people of Powys.

1. Proposal Information

Author Name	Sarah Quibell
Head of Service	Georgie Bevan
Portfolio Holder	Cllr Pete, Cabinet Member for a Learning Powys
Proposal title	Schools Delegated Budget – Inflationary Pressures
Description of proposal	The Schools Delegated Budget will receive a 4.2% increase but this may not meet the pressures that are anticipated, which are largely as a result of pay awards and higher utility costs.

2. Savings and Consultation

Profile of savings delivery

2023-24	2024-25	2025-26	2026-27	2027-28	2028+	Total Savings
0	0	0	0	0	0	0

Further information

Despite a 4.2% increase in the schools delegated budget, there is an anticipated gap of **£2.5 million** as a result of pay and non-pay pressures, including utilities.

N/A	

4. Impact on well-being goals including Welsh language and equalities

1d. A prosperous Wales

Impact	The anticipated funding gap, including the ongoing increased cost of utilities, could result in schools redirecting funding for curriculum delivery, learner provision and staffing in order to meet the costs and / or an increase in the number of schools with deficit budgets.
Impact Rating	Poor

Mitigation

In order to support schools to deliver education with the existing funding envelope, the following mitigation is in place:

Delegated Funding Formula Review

As part of the ongoing review of the school funding formula, proposals have been consulted on which, if approved, include a redistribution of £3.7 million notional Additional Learning Needs (ALN) delegated funding to schools, a factor for deprivation and amendments to the premises element of the formula so that a utility specific rate per square metre is introduced.

The ALN proposals will result in the removal of time consuming referral processes for schools, releasing staff time and enabling schools to more effectively plan support for learners.

The aim of the proposed changes are to support transparent and equitable funding arrangements for Primary, Secondary and All age schools, which will:

- Create a more equitable provision for all learners across Powys
- Support the aspirations of the transformation programme
- Support all learners including helping offset the effects of disadvantage
- Support a collaborative schools' community which offers effective professional learning to facilitate the self-improving system.
- Support inclusion and bilingualism and promote access to excellence for all learners.

Transforming Education Programme

Continued delivery of the Transforming Education Programme, which has four strategic aims:

- Strategic Aim 1: We will improve learner entitlement and experience
- Strategic Aim 2: We will improve learners and experience for post-16 learners
- Strategic Aim 3: We will improve access to Welsh-medium provision across all key stages
- Strategic Aim 4: We will improve the provision for learners with SEN / ALN

Energy Improvements

The delivery of the Energy Improvements programme for schools will positively improve building efficiency and, therefore, benefit school expenditure.

The programme commenced in 2022-23 and continues during 2023-24, undertaking works including:

- Upgraded and new electrical, gas, water, and foul/waste infrastructure.
- Energy improvements, light emitting diode (LED) & emergency lighting, building management system (BMS) boiler controls, photovoltaic (PV) panels and battery storage.
- Roof and insulation upgrade improvements.

Further grant funding will be sought in future financial years to continue this work.

In addition, the Welsh Government have commissioned low carbon zero fabric and plant surveys for all school buildings in Wales in order to develop a strategic plan for decarbonising buildings. The surveys are taking place between January and June 2024.

Utilities awareness continues to be promoted with schools, and was, for example, included in the 2023-24 finance resource model (FRM) and budget process.

Support to Schools

Schools will continue to be supported with:

- Finance surgeries
- Finance and curriculum deep dives to identify potential efficiencies and savings
- Encourage cluster / joint working including procurement to realise best value
- Encourage increased use of corporate contracts to realise best value
- The Schools Finance Benchmarking Tool and Finance Toolkit to enable schools to realise best value and share best practice in similar schools
- Schools finance training for headteachers, business managers and governors
- Service Level Agreements (SLAs) for corporate services
- Support to enable them to maximise grant funding

- Strategic Aim 3: We will improve access to Welsh-medium provision across all key stages
- Strategic Aim 4: We will improve the provision for learners with SEN / ALN

Energy Improvements

The delivery of the Energy Improvements programme for schools will positively improve building efficiency and, therefore, benefit school expenditure.

The programme commenced in 2022-23 and continues during 2023-24, undertaking works including:

- Upgraded and new electrical, gas, water, and foul/waste infrastructure
- Energy improvements, light emitting diode (LED) & emergency lighting, building management system (BMS) boiler controls, photovoltaic (PV) panels and battery storage.
- Roof and insulation upgrade improvements.

Further grant funding will be sought in future financial years to continue this work.

In addition, the Welsh Government have commissioned low carbon zero fabric and plant surveys for all school buildings in Wales in order to develop a strategic plan for decarbonising buildings. The surveys are taking place between January and June 2024.

Utilities awareness continues to be promoted with schools, and was, for example, included in the 2023-24 finance resource model (FRM) and budget process.

Support to Schools

Schools will continue to be supported with:

- Finance surgeries
- Finance and curriculum deep dives to identify potential efficiencies and savings
- Encourage cluster / joint working including procurement to realise best value
- Encourage increased use of corporate contracts to realise best value
- The Schools Finance Benchmarking Tool and Finance Toolkit to enable schools to realise best value and share best practice in similar schools
- Schools finance training for headteachers, business managers and governors
- Service Level Agreements (SLAs) for corporate services
- Support to enable them to maximise grant funding

Mitigated Rating

Neutral

Involvement (including Communication & Engagement)

Impact	<p>Meaningful stakeholder engagement will continue to be undertaken as part of ongoing communication and collaboration with schools and key stakeholders.</p> <p>For example, the School Funding Formula proposals were in response to feedback from schools, who identified the need for ALN and deprivation funding to follow the learner. There will be schools, and therefore learners, who will significantly benefit from the changes. A reduction in administration for ALN processes should also positively impact schools.</p> <p>Schools who have cooking kitchens that export meals to other schools also raised that they were not reimbursed for their utilities expenditure.</p> <p>The proposed amendments seek to address the issues.</p> <p>The proposals underwent full consultation, ensuring that all schools and governing bodies had the opportunity to review and feedback on the proposals.</p> <p>It is proposed that the changes are phased in over 2 years, allowing schools greater time to plan for and implement the required changes..</p>
Impact Rating	Good
Mitigation	
Mitigated Rating	Choose an item.

Prevention

Impact	<p>The anticipated funding gap, including the ongoing increased cost of utilities, could result in schools redirecting funding for curriculum delivery, learner provision and staffing. This could impact on individual school's ability to ensure effective and sustainable provision.</p>
Impact Rating	Poor

Mitigation

In order to support schools to deliver education and learner provision with the existing funding envelope, the following mitigation is in place:

Delegated Funding Formula Review

As part of the ongoing review of the school funding formula, proposals have been consulted on which, if approved, include a redistribution of £3.7 million notional Additional Learning Needs (ALN) delegated funding to schools, a factor for deprivation and amendments to the premises element of the formula so that a utility specific rate per square metre is introduced.

The ALN proposals will result in the removal of time consuming referral processes for schools, releasing staff time and enabling schools to more effectively plan support for learners.

The aim of the proposed changes are to support transparent and equitable funding arrangements for Primary, Secondary and All age schools, which will:

- Create a more equitable provision for all learners across Powys
- Support the aspirations of the transformation programme
- Support all learners including helping offset the effects of disadvantage
- Support a collaborative schools' community which offers effective professional learning to facilitate the self-improving system.
- Support inclusion and bilingualism and promote access to excellence for all learners.

The Delegated Funding Formula undergoes continued review

Transforming Education Programme

Continued delivery of the Transforming Education Programme, which has four strategic aims:

- Strategic Aim 1: We will improve learner entitlement and experience
- Strategic Aim 2: We will improve learners and experience for post-16 learners
- Strategic Aim 3: We will improve access to Welsh-medium provision across all key stages
- Strategic Aim 4: We will improve the provision for learners with SEN / ALN

Energy Improvements

The delivery of the Energy Improvements programme for schools will positively improve building efficiency and, therefore, benefit school expenditure.

The programme commenced in 2022-23 and continues during 2023-24, undertaking works including:

- Upgraded and new electrical, gas, water, and foul/waste infrastructure
- Energy improvements, light emitting diode (LED) & emergency lighting, building management system (BMS) boiler controls, photovoltaic (PV) panels and battery storage.
- Roof and insulation upgrade improvements.

Further grant funding will be sought in future financial years to continue this work.

In addition, the Welsh Government have commissioned low carbon zero fabric and plant surveys for all school buildings in Wales in order to develop a strategic plan for decarbonising buildings. The surveys are taking place between January and June 2024.

Utilities awareness continues to be promoted with schools, and was, for example, included in the 2023-24 finance resource model (FRM) and budget process.

Support to Schools

7. Overall summary and judgement

Outline assessment

Whilst the Schools Delegated Budget will receive a 4.2% increase, this may not meet the pressures that are anticipated, and despite the increase, there is an anticipated gap of £2.44 million. The possible impact of the potential funding gap on schools is variable due to their differing financial positions and their ability to operate within their annual allocated funding.

As mitigation, there is a comprehensive and ongoing package of support that is available to schools, which has already resulted in schools already being able to submit appropriate budget recovery plans to the Local Authority.

The recent proposed formula and scheme changes will lead to a stable, transparent and fair funding arrangement for Powys learners and schools. These will create more equitable funding provision for all primary and secondary mainstream schools across Powys, supporting inclusion and all learners regardless of their additional learning needs or disadvantage. Risks to schools with a reduced level of funding will be mitigated by phasing in of the proposals, providing support for schools to reduce their costs and access to the wider “Team around the School” to support them with the transition.

Furthermore, the realisation of the Transforming Education agenda at pace, will positively impact on school budgets, effective per learner spend and the fulfilment of the Powys learner entitlement. It will also help mitigate the financial pressures linked to surplus school places that currently impact on school budgets.
